The Dy. *1477-X Q.—* Sri Ch. Rajeswara Rao:—Will hon. the Chief Minister be pleased to state:

(a) whether it is a fact that the Government have decided in 1967 to apportion the expenditure on common services and establishments at Head-Quarters be allocated in the ratio of 2 : 1 between Andhra and Telangana;

(b) if so whether this is followed in the Housing Board;

(c) if not, the reasons why this was not followed in the Housing Board in view of the fact that the staff was appointed in the ratio of 2 : 1 and the members were nominated in the same ratio and the houses were allotted to all people of the State; and

(d) whether the Government consider to apportion the expenditure in the ratio of 2 : 1 between Andhra and Telangana from the date of constitution of Andhra Pradesh Housing Board?

Sri K. Brahmananda Reddy:—(a) Yes, Sir,

(b) No, Sir.

(c) & (d):—The staff in the Housing Board was not appointed in the ratio of 2 : 1 and the members were not also nominated in that ratio. The entire expenditure incurred by the Housing Board has so far taken up housing schemes in Telangana region only. However, the Regional Committee has also raised a similar contention that the excess amount booked in the Second and Third Plans to the Telangana account for the state-wise schemes of the type executed by the Housing Board should be allotted as Telangana surplus in the Fourth Plan. This question is separately under consideration of Government.

BUSINESS OF THE HOUSE

Mr. Speaker :- Sarvasri Badri Vishal Pitti, Ramanatham, JayananarayanaRaju, Janga Reddy, Gopalakrishnayya and C.V.K. Rao gave notice for two-hour discussion under Rule 70. It reads like this:

"I intend to raise a discussion on the situation pertaining to religious communalism—an issue of urgent public importance which I request may kindly be included for discussion in the House on 10-7-68. A note explaining reasons for raising this discussion is enclosed herewith. No concrete steps have been taken in the country in general and in Andhra Pradesh State in particular to solve the problem of religious communalism. The ugly form of this problem is frequently rearing up in the shape of disaffection, arson and looting and at times even deaths of innocent people. A feeling of insecurity pervades among the citizens of Hyderabad because of the intensity of religious fanaticism still prevailing. This problem should be tackled with sincerity and with a sense of urgency at political, administrative and social levels. It is the bounden duty of this Assembly to discuss this issue in order to make it clear to the public that this House which is the reflection of the people is very alert about this disquieting problem and is determined to solve the same at all levels."

Sri K. Brahmananda Reddy :- If it does not lead to any acrimonious debate—one throwing the blame on the other and trying to further vitiate the atmosphere—purely from the merits of the question, as a national integration issue, as an issue which has to be fought by all of us in every place in India including our place, I have no objection, Sir.
9th July, 1968.

Mr. Speaker:—I will take a decision in consultation with the Leader of the House as well as the Leaders of the Opposition Parties.

Mr. Speaker:—Please ask me separately. I have already made my observations and that was in pursuance of a decision taken in the Business Advisory Committee. I am not allowing him. Inside the Legislature, he can bring it to my notice. Outside, whoever is there, I am not concerned.

Sri C. V. K. Rao:—An urgent matter I want to bring to your notice.

Mr. Speaker:—Send a notice.

Sri C. V. K. Rao:—A special branch officer.

Mr. Speaker:—Kindly sit down and send notice. He will not be heard and I am not going to give him permission.

[Sri C. V. K. Rao rose in his seat]

Mr. Speaker:—Will he kindly resume his seat?

[Sri C. V. K. Rao again rose in his seat.]

Sri G. Latchanna:—It is a serious matter. If the member's allegation is correct, it is a serious matter, Sir, to be dealt with now.

Mr. Speaker:—Sit down first. What is the matter?

Mr. Speaker:—Where?

Mr. Speaker:—I may tell him one thing. Inside the Legislature, he can bring it to my notice. Outside, whoever is there, I am not concerned.

Sri C. V. K. Rao:—It is in the premises of the Assembly.
Mr. Speaker:—If any outsider is here inside the Legislature in the House, I can certainly take action against him.

Sri C. V. K. Rao:—He was sitting in the chair. Sir. He could have as well marched into this.

Sri B. Ratnasahabpathy (Rajampet): I humbly submit for your consideration. A man is sitting here and taking notes.

Mr. Speaker:—I will consider about it and see what action can be taken against him. Let us see whether he has committed any kind of irregularity on offence or whatever it is.

Mr. Speaker:—It is unnecessary for me to explain what 'House' means or what the precincts of the House means particularly to hon. Member like Mr. Madhava Rao.

Therefore, now we are also having privileges here and what is privilege is becoming non-privilege by these things.

Mr. Speaker:—I will consider about it. There are three matters under Rule 74.

[Sri B. Ratnasahabpathy rose in his seat.]

Mr. Speaker:—I will consider about it. I have said straight-away I cannot take any decision. He has brought it to my notice. Let me find out, who that man is and why he has come there and why he has come there and what action we can taken against him.

Sri B. Ratnasahabpathy:—Some of us had to function under threat every minute.

Mr. Speaker:—Known the definition of Assembly premises is.

Sri B. Ratnasahabpathy:—Exactly Sir.

Mr. Speaker:—So, Mr. Venkatanarayana himself is giving.

Mr. Speaker:—Raise the issue. It is all right. We will consider about it. Now there are three matters under Rule 74.
Premises & premises & definition & include rules. Definitions & rules & include definitions.

Mr. Speaker — I will go through that.

Sri P. V. Narasimha Rao: — There are two demarcations of the House for different purposes. You may kindly get through the relevant rulings of the Parliament and give a ruling later on. We cannot discuss it here.

Mr. Speaker: — That issue was entirely different from this issue. That was a case where a Member of the Assembly was arrested within the precincts of the Assembly. Here is a case where no arrest has taken place. Some member of the C. I. D. Department is present in the precincts.

Sri C. V. K. Rao: — He is sitting in the chair at the gates, Sir.

Mr. Speaker: — Whatever it may be.

Sri K. Brahmananda Reddy: — The Secretary to the Honourable Speaker says that he is his translator.

Sri K. Brahmananda Reddy: — Our friend seems to think....

Mr. Speaker :-— If hon. members what to have their own way of doing things, my presence is unnecessary.

Sri C.V.K. Rao :-—You are always threatening us.

Mr. Speaker :— If Members take my permission and speak it is well and good. Other wise my presence will be unnecessary and they can do things as you please.

Mr. Speaker :— I have been telling, I will examine this matter, enquire into it and see what action has to be taken and still members are getting up and going on speaking as they like. I am so sorry. Unless some order and discipline is maintained in this House, I do not think it will be virtually possible for me to get on with the proceedings. I gave an assurance that I will get it examined and enquired into and see what action is taken against the person responsible. Now there are three matters under rule 74. The first one is given notice of by Sri Sultan Salahuddin Owaisi, Sri Khaja Nizamuddin, Sri Ahmed Hussain, Sri Kaja Ramanatham, Sri Vavilata Gopalkrishnayya and Sri Maley Venkatanarayana. This is to call the attention of the Chief Minister regarding misbehaviour of C.P.P. Constable with a woman at Chandrayangutta, Hyderabad.

Sri D. Venkatesham :-— We want the definition of the word 'premises'. That is the information required.

re: Non-supply of yarn to the Co-operative Spinning Mill, Bapatla, Guntur District

Non-Supply of Yarn to Co-operative Spinning Mill, Bapatla Guntur District.

Sir, in the notice, the Co-operative Spinning Mills, Bapatla, Guntur district has been mentioned. Apparently it has reference to the Chirala Co-operative Spinning Mills, Chirala in Guntur District. Also, there is no question of supply of yarn to the spinning mills. The reference presumably is to the lack of cotton and inability to dispose of the yarn produced.

The Chirala Co-operative Spinning Mills was registered on 1-12-57 and went into production in the year 1963. The area of operation of the mills extends to all the 11 districts of Andhra region. The authorised share capital of the mills is Rs. 50 lakhs the paid up capital as on 31-3-68 is Rs. 19.46 lakhs as shown below:

1. Weavers' Co-operative Societies and other. Rs. 9.59 lakhs
2. State Government participation. Rs. 9.87 lakhs

Total Rs. 19.46 lakhs

Due to the imbalance in the capital structure of the mills, the Mill has been advised to raise the present paid up share capital. The present capital structure of the mills also does not provide for adequate working capital. The following loans have been given to the Chirala Mills by the Government,
9th July, 1968

Calling attention to matters of urgent public importance:

Ref: Non-supply of yarn to the Co-operative Spinning Mills, Bapatla, Guntur District

(1) Rs. 2.50 lakhs in 1963 towards expansion scheme to increase the spindleage from 13020 spindles by another 6000 spindles. (The cost of expansion was proposed to be met by a loan of Rs. 51 lakhs from the Andhra Pradesh State Finance Corporation and another Rs. 5 lakhs by way of State participation. The State Government however sanctioned only a sum of Rs. 2.5 lakhs for this purpose. The expansion scheme has not materialised and the amount presumably has been utilised towards its working capital requirements.

(2) A loan of Rs. 5 lakhs in the year 1965 towards its working capital requirements.

(3) Securities of the value of Rs. 5 lakhs to enable the mill to obtain a loan of Rs. 3 lakhs from the Scheduled banks.

None of the above loans have so far been repaid even though they are already overdue.

The value of plant and machinery at the end of March, 1968 is Rs. 40.73 lakhs. The mill is obtaining credit facilities from the Andhra Bank Ltd. The total borrowings of the mills as on 31.3.68 is as follows:

(1) A. P. State Finance Corporation, Hyderabad Rs. 8.28 lakhs.
(2) Government of Andhra Pradesh Rs. 7.50 lakhs.
(3) State Bank of India Rs. 3.00 lakhs.
(4) Andhra Bank Ltd. (a) Key loan Rs. 7.74 lakhs.
   (b) Open loan Rs. 0.99 lakhs.
   (c) Overdraft Rs. 2.57 lakhs.

Due to the acute slump in textile industry and the high cost of production, the mill has sustained a loss of Rs. 11 lakhs as on 3-6-67. As per the tentative balance sheet of mill, the mill has sustained an accumulated loss of about Rs. 15.10 lakhs as on 31.3.68.

The financial position of the mill has deteriorated during the past few years mainly due to the crisis in textile industry. A thousand and three bales of yarn are lying under pledge and 1497 bales are lying in the mills. The value of stocks is Rs. 11 lakhs and Rs. 9.6 lakhs worth of stocks are under pledge with the bank. The immediate pressing liabilities, interest, etc. amount to Rs. 6.29 lakhs. The Andhra Handloom Weavers' Coop. Society Vijayawada (Apex Society) has been unable to lift the yarn on 'Cash and Carry' basis. The mills have no separate marketing machinery of their own except a few small depots and the marketing of yarn has always depended on the ability of the Apex Society to lift and pay for most of the stocks. This year, the Apex Society has been unable to help due to the general slump in textile industry and the locking up of funds in handloom cloth. The President of the Apex Society however agreed to lift 75% of the accumulated stocks and 100% of the current production at the Board meeting of the Chirala Spinning Mills held on 4-8-1968, but the Apex Society has been unable to keep up to its promise. Consequent to this the condition of the mill became very critical and the mill had

no alternative except to close the mill. The workers in the factory were laid off from 9-5-1968 onwards and no production has taken place due to the non-availability of funds to purchase the required raw materials like cotton.

The Mill immediately needs working capital funds to buy cotton and to meet its urgent current liabilities. Without considerable financial assistance, it will be very difficult for the Mills to recover from the effects of the recession and the closure. There is no plan provision to give any assistance to these mills. It was decided at the Conference of the Chief Ministers held recently at Delhi that Government of India would provide the required credit facilities so as to relieve the congestion in the mills by way of accumulated yarn. The State Government have requested Government of India to provide about Rs. 60 lakhs to the two Apex Societies in Andhra Pradesh to enable them to buy yarn accumulated with the Cooperative Spinning Mills.

To consider at the highest level the problems of the Cooperative Spinning Mills and the Steps—immediate as well as long term to be taken, and to help these mills, the Government has appointed a Cabinet Sub-Committee consisting of Minister (J & Sh.), Minister (Industries) and Minister (Planning & Law). The Cabinet Sub Committee has visited the Chirala Mills on 13-5-1968 also and examined the working and the problems of the mills. Its report is awaited by the Government.

Further action will be taken on receipt of this report by the Government.
