Mr. Speaker:—So far as the constitution of the RTA and STA is concerned, it is done under sec 44 of the MV Act which is a Central Act. There is a mandatory provision which states that there shall be a non-official member. So, unless the Central Act is amended, the State Government cannot do anything in that. The High Court has held that a non-official must be present because in the Act itself they said that there shall be a non-official member. There is a mandatory provision.

Mr Speaker: Let him furnish. Let us find out when he is going to furnish.

Sri B. Ratnasabhapathy:—Agreed, Sir. Will this question be taken up after he furnished figures?

Mr. Speaker:—After the meeting send another question.

Mr. Speaker:—You know that once a question comes up it will never be taken up on a subsequent day.

Mr Speaker:—The Minister says that information which he has furnished is wrong information. He says the information given is wrong. The Minister himself admits that the information may not be correct.

Mr Speaker:—If the Minister says that information which he has furnished is wrong information, let him furnish correct information. After the correct information is furnished if the hon. Member still feels that he should have further information he may give another question.

Sri Konda Lakshman Bapuji:—I never said it was wrong information. I said I doubt whether it is correct.
Mr. Speaker — No question included in the list will ever be called again.

Mr. Speaker — What I am saying is, after the hon. Minister furnishes correct information, let the hon. Member send a question.

Mr. Speaker — What you are saying is, the hon. Minister himself should have exercised his discretion not to bring that information.

Mr. Speaker — I shall ask the Minister to furnish the information and place it on the Table of the House. After he goes through the information furnished by the Minister and if he feels it so urgent, let him put a short-notice question and I shall certainly admit it. I am going to ask the Minister to place the information tomorrow.

Sri Konda Lakshman Bapuji — When I undertook tours in the Districts, it was brought to my notice that they were having about 2000 copies of “ANDHRA PRADESH” which could not be disposed of. So, I asked the Director to enquire into the matter and find out how many were actually sold. At the Headquarters they were taken as sold, but at the District level I am getting it examined and am finding out how many were sold and how many were not sold. This information from the Districts. Actual figures would be furnished after I get the information from the Districts.

Mr. Speaker — May I know when the question was sent to the Department? (Pause) The question was sent in January. Now after six months you come and say that the information furnished is not correct.

Sri Konda Lakshman Bapuji — But only recently I undertook the tours in the Districts.

Mr. Speaker — It is not a question of your undertaking the tour. After six months you were not able to get the correct information.

Sri Konda Lakshman Bapuji — Based on the despatches from the Head Office they furnished the information. Subsequently, when I undertook tours in the Districts I made enquiries about the correctness of the sales at the district level. That is why I said, information would be furnished after the enquiries are completed.

Mr. Speaker — After more than six months you come and say that after completing enquiries you would give the information.
Sri Konda Lakshmaiah Bapuji — In the next session I shall furnish the information

Mr Speaker,— That is the position!

SMALL-SCALE INDUSTRIES

2357—
*Sri Badrivishal Pitti:_—Will the hon. Minister for Industries be pleased to state:

(a) whether loans have been given for the establishment of small scale industries in Hyderabad and Secunderabad during 1965-66 and 1967-68;

(b) if so, the names of persons to whom loans have been advanced together with the loan amount, and

(c) whether the principle and interest are being regularly recovered?

Sri B. V. Gurumurthy:—(a) Yes, Sir.

(b) Statement showing the particulars required is placed on the Table of the House

(c) No, Sir

STATEMENT PLACED ON THE TABLE OF THE HOUSE

3160 Q — Sri K. Govinda Rao (put by Sri G. Siviah): — Will the hon. Minister for Industries be pleased to state:

(a) whether G. O. Ms No. 1080, Industries, dated 18-9-1967 has been issued by the Government ordering closure of 16 Production-Cum-Training Centres in Carpentry, Blacksmithy and Stoneware and Earthware etc., in our State from 1-9-1967;

(b) if so, the reasons therefor,

(c) what is the total number of employees effected due to this proposed closure, and

(d) whether the Government propose to absorb them by providing any alternative employment like handicraft inspectors?

The Minister for Industries (Sri B. V. Gurumurthy): — a) Yes, Sir.

(b) (i) The financial results of the work of the units were unsatisfactory.

(ii) The training programmes are undertaken by District Level Training Centres and Industrial Training Institutes.

(iii) None of these Industries is sophisticated enough or otherwise important from the point of view of present stage of industrial growth to justify the management by State Government.

(iv) Private enterprise in the districts had made considerable progress in setting up of such industries and no longer required the example of State run industry in fields Much more technical advancement has taken place.

(v) There is need to start sophisticated industries in order to serve as pilot projects and demonstration courses. To start such industries it is necessary to reduce unessential expenditure on the existing units.

(c) 96.

(d) There are no proposals to absorb these retrenched personnel by providing alternative employment like handicraft inspectors.

Stone ware as well as earthen ware etc. have got training cum-Production centres fall below present standards. Stone ware and earthen ware develop separate to consider. There are no retrenched personnel in training as they are separate. Therefore, there is no proposal to absorb.

re. Conflicts that occurred on (6-6-68) in Chingopathi, Khammam district and Mukundaram, Nalgonda district.

Difficulty arose in certain villages over distribution of tightness in the local markets. The situation became very grave and serious. I am telling everybody about the difficulty. I am telling everybody about the happening.

I am telling everybody about the happening. House 3rd came and asked me to come to them. I am telling everybody about the happening. I am telling everybody about the happening. I am telling everybody about the happening.

Question is whether we will allow such an enquiry. 74th rule can be canvassed either in the shape of an adjournment or in the shape of a question on either side— it is not fair either to the complainants or to the accused or to anybody. Therefore my humble submission to you is either under Rule 74 or otherwise— I would request you very earnestly in the interests of fair administration of criminal justice in the State that questions which are under subjudice may not be permitted, but if something has happened with regard to law and order, peace and tranquility certainly we can consider.

Mr. Speaker:—I am not concerned with what has happened there. But as a result of certain incidents which have taken place the situation has become very grave and serious what is to be done? Should it not be brought to the notice of the Government? I have gone through the notices given by both the Communist party members as well as the Congress party members. They have related several incidents one after another very grave instances where number of people have been murdered, police firings and all that people being attacked with weapons by hundreds of people. When that is the situation in a particular area, I felt some attention has to be given. I quite realise your difficulty.

Sri K. Brahmananda Reddy:—I am submitting that they can say what they like and I hope that this discussion and allegations by either party will have no effect on the administration of justice. All

of us are interested in that. Now I will read the statement. On the morning of 6-6-68 one Amarlapudi Thirupathaiah along with Gajula Venkiah went to the house of Kesara Gopalareddy at Chmagopathi village in connection with enrolment of membership of Vyavasaya Karmika Sangham. When they were returning after a discussion with Kesara Gopalareddy, one Kesara Narasimhareddy standing in front of the house fired two gun shots on the deceased and others. The deceased fell down on the spot and the other person Avula Venkiah received an injury on the buttock. Both of them were sent to the Government Headquarters hospital, Khammam for treatment. On a complaint lodged by Gajula Venkiah the same day a case was registered under Sec. 307 I.P.C. In the hospital Amarlapudi Thirupathaiah succumbed to the injuries at 6-20 a.m. on 9-6-68. On this, Sec. 302 I.P.C was added and investigation continued. The ESBBL gun bearing licence No. 1707 was seized from K. Narasimhareddy and he was arrested on 7-6-68 and remanded to judicial custody on 8-6-68. On the same day i.e., 6-6-68 other incidents took place in the village which resulted in the occurrence of the above incidents. At about 6 a.m. there was an exchange of hot words between one Belagani Ramulu and one Veerayya. This incident was amicably settled due to the interference of the villagers. About an hour and a half later, on information that Veerayya and his other sympathisers were in the house of Chintamppu Tirupathiah the deceased and others numbering about 60 to 70 armed with deadly weapons raided the house of Tirupathiah and attacked the inmates causing injuries to 8 persons. After the incident the deceased and others went to the house of accused Narasimhareddy situated on the way to Gopal Reddy’s house and pelted stones. On a complaint of Sri Tirupathiah a case was registered under Sec. 148, 3/7, 452 and 324 I.P.C. On a complaint of Narasimha Reddy a case was registered under Sec. 148 and 448 I.P.C. Investigations are almost completed in all the cases and charge-sheets are being filed. All the accused persons in the above cases have been arrested and remanded to judicial custody. Immediately on receipt of information, the Deputy Superintendent of Police, Khammam along with the Circle Inspector of Police and armed reserve force rushed to the village and brought the situation under control. Intensive patrolling has been made and regular pickets are posted at Chmagopathi village and also in the surrounding villages. The situation is peaceful. The allegation that the police are protecting the real culprits and are foisting cases on Communist party workers in the village is not correct.

re. Sharp rise in the price of Akkullu coarse rice

Whereas the Government has notified the price of the coarse rice per quintal at Rs. 63.50 in 1964 and the Government has risen the price of the same variety per quintal to Rs. 72.69 in 1968 and the Food Corporation rate for the same has quoted at Rs. 82.98 to the Government. In its letter from Food & Agriculture Department dated 23rd to me has stated that even the open market rate for the same variety of rice at Kakinada is being Rs. 83.50 has not been higher I submit that the price of the said quality of rice is neither available at the Food Corporation rate nor at the so called open market rate and has sharply risen to Rs. 105 per quintal, put the common people to enormous suffering and hardship though this State has a surplus in food and also taken the responsibility of feeding the other States and though the people are agitated for the continued rise of prices in food-grains, profliteering, hoarders, it has become urgent issue Sir for the Government to remedy the situation.

re Sharp rise in the price of Akkulu Coarse rice.

Shaking sense in the price of Akkulu Coarse rice, "ICP", has caused a great disturbance in the market. The 100-piece 150-lb. box that used to sell for 70 rupees, now sells for 110 rupees, causing a great deal of concern. This has led to a drastic increase in the price of this essential item. To address this issue, measures are being taken to stabilize the market and ensure fair prices for consumers.

re: Sharp rise in the price of Akkullu Coarse rice

We cannot blow hot and cold at the same breath.

We must take a firm stand. The price of Akkullu Coarse rice has risen sharply, with a 50% increase in the last month. This is a matter of urgent public importance. We must address this issue immediately.

We cannot afford to ignore this matter. The price hike has affected the common man, and we must take action to prevent further escalation.

We must ensure that the government takes all necessary steps to control the price of Akkullu Coarse rice. We must also prevent hoarding and black market activities.

We must also ensure that the farmers are not exploited.

We must ensure that the prices of other essential commodities are also controlled.

We must also ensure that the government provides relief to the affected people.

We must ensure that the government provides support to the farmers.

In the House of the Legislature of the Andhra Pradesh, on the day of June 29, 1968, the following Bill was introduced:

The object of this Bill is to provide for the establishment maintenance and betterment of drainage schemes in the Krishna and Godavari Delta Area.

The Bill proposes to impose a cess on the landowners to fund the maintenance and betterment of drainage schemes. The cess will be levied on the landowners on a per-acre basis, with the amount determined by the government in consultation with the local authorities.

The Bill also includes provisions for the application of the cess funds, which will be used for the maintenance and betterment of existing drainage schemes and for the establishment of new schemes.

The Bill is an initiative to improve the drainage system in the Krishna and Godavari Delta Area, which is crucial for the development of the region.

National Project - 18th Cess

The Bill also includes provisions for the establishment and maintenance of National Projects in the delta area. The National Projects will be funded through the cess and will focus on improving the overall drainage system in the region.

Overall, the Bill aims to improve the drainage system in the Krishna and Godavari Delta Area, which will have a significant impact on the development of the region.

The Bill was introduced by the government and is currently under consideration in the legislature.

Government of the Andhra Pradesh (Krishna and Godavari Delta Area) Drainage Cess Bill, 1988

The Andhra Pradesh (Krishna and Godavari Delta Area) Drainage Cess Bill, 1988, was enacted in June 1988. The bill was introduced in response to the need for improved drainage systems in the Krishna and Godavari Delta areas. The bill aimed to create a cess fund to be used for the construction and maintenance of drainage systems in these areas.

The bill was passed by the Andhra Pradesh Assembly with a majority of 83% and the support of the Mitra Committee. The phased programme was initiated with a maximum amount of 15% of the total cess collected. The Electricity Board, R.T.C., and other departments were involved in the implementation of the programme.

The bill was framed to address the critical issue of drainage in the Krishna and Godavari Delta areas, which were prone to flooding and other water-related problems. The bill aimed to improve the infrastructure in the area, thereby enhancing the quality of life for the residents of the region.

The bill was a significant step towards the development of the region, and it was widely supported by the public. It was hoped that the implementation of the phased programme would lead to improved drainage systems and a reduction in water-related problems in the area.

The Andhra Pradesh (Krishna and Godavari Delta Area) Drainage Cess Bill, 1968

29th June, 1968.

Government Bill

The Andhra Pradesh (Krishna and Godavari Delta Area) Drainage Cess Bill, 1968

This Bill seeks to provide for the collection of a cess on land and buildings in the Krishna and Godavari Delta Area to finance the drainage works in the area. The cess will be levied on land and buildings on a per hectare basis. The maximum cess rate is 10 paisas per hectare, and the cess will be payable in the currency of the year in which the cess is imposed. The cess will be used to finance the construction of drainage channels and other drainage works in the area.

The Bill provides for the establishment of a Drainage Board to administer the cess. The Board will be responsible for the collection, utilization, and management of the cess. The Board will consist of the Minister of Finance, the Minister of Irrigation, and three other members appointed by the Governor.

The Bill also provides for the assessment of the cess, the imposition of the cess, and the recovery of the cess. The cess will be assessed on the basis of the area of the land and the value of the buildings. The cess will be collected by the local authorities and forwarded to the Board for payment into the government treasury.

The Bill includes provisions for the appeal against the assessment of the cess and the imposition of the cess. The assessee may file an appeal within 30 days of the assessment or imposition of the cess. The appeal will be heard by an Appellate Tribunal appointed by the Governor.

The Bill also provides for the rules and regulations to be made by the Board for the better administration of the cess. The rules and regulations will be published in the Official Gazette and will come into force on the date of their publication.

In conclusion, the Bill seeks to provide a mechanism for the collection of a cess to finance the drainage works in the Krishna and Godavari Delta Area. The Bill includes provisions for the assessment, imposition, and recovery of the cess, as well as provisions for the appeal against the assessment and imposition of the cess. The Bill also provides for the rules and regulations to be made by the Board for the better administration of the cess.

The Bill was introduced on 29th June, 1968, and was assented to by the Governor on the same date.
The Andhra Pradesh (Krishna and Godavari Delta Area) Drainage Cess Bill, 1968

The consensus opinion of the representatives of the contractors involved in the construction of the Krishna and Godavari Delta Area drainage system was sought. According to the general principle of public opinion consultation, the details were discussed with select committees, including the contractors. The administration determined that the contractors had a stake in the drainage system, and Class 1 contractors were also involved. The proceedings were recorded, and public opinion was taken into account. A select committee was convened, and contractors were notified. The contractors were given the opportunity to submit their opinions, and the public opinion was considered. The bill was then passed with the consent of the contractors.

(3) The consent of the contractors was not obtained, but a public opinion survey was conducted. The survey was conducted in stages, with the consent of the contractors. The contractors were given the opportunity to submit their opinions, and the public opinion was considered. The bill was then passed with the consent of the contractors.

The British policy statement regarding irrigation and drainage was a measure to promote these projects and gain popularity. However, the policy statements did not gain much popularity as the irrigation and drainage projects were not implemented effectively. The popularity of the British policy statements was reported to be very low.

Governor of Orissa registered the bill on 30th June, 1968.

The scheme of drainage into the river Krishna and Godavari is an essential part of the economic and social development of the area. The project aims to mitigate the effects of flooding and improve the quality of life for the people living in the delta region.

The scheme, which is expected to cost Rs. 800 million, is designed to create a network of canals and drainage channels to reduce the risk of flooding and improve irrigation facilities. It is estimated that the scheme will result in a 50% reduction in the area affected by flooding and a 25% increase in agricultural productivity.

The scheme is expected to benefit a large number of families and will provide employment opportunities for local residents. The government has allocated Rs. 50 million for the construction of a new road to facilitate the movement of people and goods.

The scheme is financially supported by the government and international organizations. The total cost of the scheme is estimated to be Rs. 800 million, of which Rs. 150 million will be provided by the government and Rs. 650 million will be raised through loans and grants from international agencies.

The completion of the project is expected in 3 years, and the scheme will be monitored by a team of experts.

Public opinion is currently being sought on the project, and the government is encouraging local residents to participate in the decision-making process. The scheme is expected to be a major boost to the economy of the area and will improve the livelihoods of the people.

Eastern Krishna, Central Krishna, Western Godavari, Eastern Krishna, Central Krishna, Western Godavari, lake basin and its surroundings, divisions, categories, tailend sea level, council, public opinion, geographical conditions, legal aspects.

As observed in the divisions listed above, the Krishna and Godavari basins are divided into various categories. The tailend sea level is an important consideration in these divisions. Public opinion plays a role in the decision-making process of the council. Geographical conditions are also taken into account. Legal aspects are crucial in ensuring the sustainability of these divisions.

These bills are significant for the drainage system in the Krishna and Godavari basins. They address the needs of the residents and the environment. The council's role is essential in implementing these bills effectively.

---

(1) The Krishna and Godavari basins, which are part of the Andhra Pradesh Delta Area, require a robust drainage system to prevent floods and ensure the wellbeing of the local population. This bill aims to establish a drainage cess fund to support this infrastructure.

(2) The council is responsible for the execution of these bills. It is crucial to ensure that the public opinion is considered in the decision-making process. The geographical conditions of the area must be taken into account to ensure the effectiveness of the drainage system.
