ANDHRA PRADESH LEGISLATIVE ASSEMBLY

Saturday, the 15th March, 1969

The House met at Half-Past-Eight of the Clock.

(Mr. Speaker in the Chair)

ORAL ANSWERS TO QUESTIONS.

SOUTHERN REGIONAL POWER GRID

512—

*524 (7492) Q.—Sri P. O. Satyanarayana Raju (Kosigi):—Will the hon. Chief Minister be pleased to state:

(a) whether all the formalities are over for the formation of Southern Regional Power Grid comprising of the four Southern States; and

(b) if so, when it is likely to start functioning?

The Chief Minister (Sr. K. Brahmananda Reddy):—(a) and (b) The Southern Regional Power Grid comprising the four Southern States will come into service with the completion of the following Inter State lines:

1. Madras—Mysore Inter-State link.
2. Madras—Kerala Inter-State link.
3. Andhra Pradesh—Madras Inter-State link.
4. Andhra Pradesh—Mysore Inter-State link.

(220 KV line from Munirabad to Hampi).

So far, the Madras—Mysore Inter-State link only has come into operation. The work on the remaining links is under progress.
The target date fixed is March, 1969. From the Andhra side the link comprising Cuddapah Chittoor Madras border by 220 KV line will be completed and available for operation at 32 KV by March 1969 at 220 KV by December 1969. As regards the Andhra Pradesh-Mysore inter-State 220 KV line from Munirabad-Hampi, proposals from Andhra side have been sent to the Government of India. As regards the Andhra portion comprising Hampi 22/130 KV the Government of Andhra Pradesh is anxious to complete the sub-section by 12/69, December, 1969. So that it will be possible to avail itself of bulk power supply from Mysore from that date.

Sri K. Brahmananda Reddy:—Power grid 30 2 power supply 30 30. It is a matter to be worked out I think it should be the same.

Nuclear Power Project

513—

*1444 Q.—Sri R. Mahananda (Darsi):—Will hon. the Chief Minister be pleased to state:

(a) whether the Government has requested the Government of India, Ministry of Irrigation and Power to establish a Nuclear Power Project in Andhra; and

(b) if so, when and at what stage the matter stands and what are the amenities offered by the State Government to locate this?

Sri K. Brahmananda Reddy:—(a) Yes, Sir.

(b) In the year, 1962, a Committee constituted by the Government of India, Atomic Energy Commission visited the Andhra Pradesh State and recommended the site at Somasila for locating a nuclear power project. Since then, the matter has been under correspondence with the Government of India, Atomic Energy Commission and also with the Union Ministry of Irrigation and Power. The decision of the Government of India is awaited. As regards the facilities for locating the project, the Government of India desired that this Government should take steps to ensure that further growth of population and public utilities would be restricted; that an area of one mile radius around the reactor would be totally excluded for plant operations and that no other activity would be permitted in the area.

where the nuclear power station is located. The Government informed the Government of India that the above conditions were acceptable to this Government and that steps would be taken as desired by the Government of India.

As regards the second proposed atomic power stations, the State Government informed the Government of India that the above conditions were acceptable to this Government and that steps would be taken as desired by the Government of India.

Where the power stations are located. The State Government informed the Government of India that the above conditions were acceptable to this Government and that steps would be taken as desired by the Government of India.

The progress expected was awaited by the Government. What are the expected dates of completion? The Government informed the Government of India that no information was available.

The Minister for Municipal Administration (Sri N. Chenchu Rama Naidu):—

(a) Yes, Sir

(b) The contents of the representation allege certain irregularities in the administration of the municipality.

(c) A report has been called for from the Director of Municipal Administration on these allegations and on its receipt action will be taken if and wherever necessary. 

The Petition from the Chirala Citizens Against the Administration

518—

* 915 Q. — Sarvasri Pragada Kotaiah (Chirala) and T. C. Rajan (Palmaner) — Will the hon Minister for Municipal Administration be pleased to state:

(a) whether the Government are in receipt of representation from the citizens of Chirala in the month of September, 1968 against the administration of the Chirala Municipality;

(b) if so, what are the contents of the said representation; and

(c) the action taken by the Government to set right the matters?

The Minister for Municipal Administration (Sri N. Chenchu Rama Naidu):—

(a) Yes, Sir

(b) The contents of the representation allege certain irregularities in the administration of the municipality.

(c) A report has been called for from the Director of Municipal Administration on these allegations and on its receipt action will be taken if and wherever necessary.
Oral Answers to Questions

MR. Speaker.—I do not think anonymous petitions are representations. Unless they are signed by responsible persons, there is no point in taking action. We would not call anonymous petitions representations.

Sri Chenchurama Naidu.—It is an anonymous petition without signature.

Sri G. Venkata Reddi.—Responsible persons have made certain allegations regarding administration.

Mr. Speaker.—No responsible man has sent the allegations. In spite of that, the Government has sent this for enquiry and report.

House Sites to Sweepers and Scavengers

Sri N. Chenchurama Naidu:—(a) Rs. 1,00,000.
(b) Ac. 1-34 cents.
(c) As against 7.00 acres of land to be acquired as per the target fixed, the Municipal Council has acquired only Ac. 1-34 cents of land. The Council has still to acquire Ac. 5.66 cents of land with the subsidy. The reason for this is due to improper utilisation of subsidy by the Ex-Secretary and Special Officer, Kurnool Municipality. This is under investigation.

**1528 (N) Q.—Sarvasri C. Janga Reddy and Y. Venkata Rao:**—Will hon. the Chief Minister be pleased to state:
(a) whether there is any proposal to give the Central D. A. which was raised recently, to State Government employees; and
(b) if so, when?

Sri K. Brahmananda Reddy:—Orders have since been issued in G.O. Ms. No. 17, Finance (T A.), dated 20-1-1969 granting revised rates of D. A. with effect from 1-2-1959 on par with the rates of D. A. sanctioned by the Govt. of India to their employees, a copy of which is placed on the Table of the House.

ORDER:

The Government of Andhra Pradesh had sanctioned in G. O. Ms. No. 145, Finance dated 8-6-1968 revised rates of Dearness Allowance with effect from the 1st June, 1968. The State Government have reviewed the position and issue the following orders:

2 (a) The rates of Dearness Allowance of employees of the Government of Andhra Pradesh will be revised with effect from the 1st February, 1969 (i.e. with effect from the pay earned in the month of February, 1969 payable on the 1st March, 1969) as follows:

(b) There will be no change in the existing rates of Dearness Allowance payable to employees in the higher pay ranges.
Oral Answers to Questions. 15th March, 1969

(c) The increased rates of Dearness Allowance mentioned above will be admissible to all employees of Government, Local Bodies, Teaching and Non-teaching staff in all Schools (Aided, Panchayat Samithis and Zilla Parishads), Non-teaching staff in Aided Colleges and to all whole-time employees working in Government Industrial Undertakings, such as, Government Distilleries, Government Press, etc.

(d) The increase now allowed in Column 3 of sub para (a) above will also be applicable to the whole-time employees paid from contingencies, workers on Nominal Muster Rolls who get monthly wages and workcharged establishments, subject to the condition that the total Dearness Allowance admissible after these additions, should not exceed the total Dearness Allowance admissible to Government servants in their respective pay ranges indicated in column 1 of sub para (a) above. The increase will also be applicable to such of the employees who did not opt to take the revised pay scales sanctioned in G. O. Ms. No. 426, Finance (PC), dated 15-11-1961 but who opted to “Dearness Pay” scheme as provided for in para 12 of the above G. O. and to personnel drawing the All India Council for Technical Education scales of pay in the Technical Education Department. These orders will not be applicable in the case of teachers drawing U. G. C. scales of pay in the Education Dept.

(e) The Village Officers and Village servants will be given an ad-hoc additional Dearness Allowance of Rs. 1-50 P. per month with effect from the 1st February, 1969.

(f) 50% of the amount payable on account of the above increase in the rates of Dearness Allowance will be paid in cash with effect from the pay bill for February, 1969 payable on the 1st March, 1969. The amount payable to the Village Officers as mentioned in sub-para (e) above will however be paid in full in cash.

(g) The other 50% of the amount will be credited to the Provident Fund Accounts of the employees with effect from the 1st March, 1969 till further orders. With regard to those employees who under the rules are not now eligible to subscribe to the Provident Fund, orders issued in G. O. Ms. No. 12, Finance (Pen.I), dated 22-1-1968 will equally apply in their case.

3. The Department of the Secretariat and the Heads of Departments are requested to take immediate steps to provide additional funds during the current year to cover the increase in the rates of Dearness Allowance sanctioned above by obtaining additional appropriations and also to include the extra cost with effect from the 1st February, 1969 in the Revised Estimates for 1968-69 and Budget Estimates 1969-70.

Oral Answers to Questions.

Sri K Brahmananda Reddy :—I do not know, Sir. However, I will see.

Sri. K. Brahmananda Reddy That is what Sri A. Madhava Rao has asked. The college teachers stand on a different footing, because they enjoy benefits twice given under the pay revision agreed to by the University Grants Commission. Therefore, this question of giving this kind of Dearness Allowance will have to be examined carefully, not now, Sir, but later after the Finance Commission Report is received.

Sri C. V. K. Rao (Kakinada) :—Can the Chief Minister tell us, after meeting the demands of N. G. Os all the grievances of N. G. Os. have been resolved? If not, what are the other demands that have to be met?

Sri K. Brahmananda Reddy :—So far as Dearness allowance is concerned, the thing has been resolved, they get on par with the Central Government employees.
It is not that the Government is against the so-called intellectualism; that is the plea now. The question is, that point arises only after the Fifth Finance Commission Report is received.

It is not that the Government is against the so-called intellectualism; that is the plea now. The question is, that point arises only after the Fifth Finance Commission Report is received.

Sri K. Brahmananda Reddy:—The demands rise from time to time and continuously, and there is no end. Naturally all demands or grievances put forward by employees are considered continuously and from time to time and within the limits that the Government can afford. The Government has been viewing their case with sympathy and trying to meet their demands to the extent possible.

Sri C.V.K. Rao:—The Chief Minister was good enough last time to consider the demands of House Surgeons sympathetically. If he gives assurance to this House—of course, he said he is going to consider it, it is better if he gives an assurance that this will be resolved soon.

Sri K. Brahmananda Reddy:—I would request the hon. Members not to compel the Government to yield to pressures; it is a dangerous thing. Certainly, this House especially the Government on behalf of this House should consider sympathetically and do the thing at the proper time, in whatever category they may be, in a sympathetic manner. I agree to that, Sir. But the point is to try to take advantage of the situation and try to compel somebody which they cannot afford to do.

Sri C.V.K. Rao:—I object to it. There is no question to compel the Government.

Mr. Speaker:—The Chief Minister is not referring to the Member who put the question.

Sri K. Brahmananda Reddy:—At what time hon. Members should attempt humour is a different thing. Certainly, whether it is teachers, whether it is other employees or somebody else, whoever is under the employ of the Government, it is the duty of the Government to consider at proper times when possibly we can do something.
If a respected class, an intellectual class, is to think of hunger-strikes or things like that, where are we heading to? When the House-Surgeons met me, I pleaded with them and I told them that a time will come in the next four months when we will consider, with a view to help. There is no question of compelling us. All right, if the Assembly wants, let all of us give all the money for services only. What will happen to the State and to millions of others? We must consider all these.

**PURCHASE OF TRANSFORMERS**

*285 (6488) Q.—Sri T.C. Rajan:—Will hon. the Chief Minister be pleased to state:

(a) whether it is a fact that Government has incurred Rs. 3.51 lakhs loss in the year 1964 towards purchasing of transformers just because for not convening the Board meeting with a view to decide the tenders before the validity period expired; and

(b) if so, on whom this responsibility was fixed?

Sri K. Brahmananda Reddy.—The matter relates to the Andhra Pradesh State Electricity Board.

(i) The alleged loss of Rs. 3.51 lakhs refers to the excess expenditure involved in not ordering 465 numbers of 10 kVA transformers on the lowest tenderer as he did not accept the offer on the ground that the validity of this offer expired. A decision could be taken on the date on which the validity expired and orders were placed on the next working day. But the tenderer did not accept the offer.

(b) No one is considered responsible for this.

*Valid date.*

**VIGILANCE ORGANISATION IN THE ELECTRICITY BOARD**

*428 (6887) Q.—Sri Agarala Eswara Reddy:—Will hon. the Chief Minister be pleased to state:
Oral Answers to Questions. 15th March, 1969. 105

The reasons for creating a separate Vigilance Organisation in the Andhra Pradesh State Electricity Board?

Sri K. Brahmananda Reddy:—The matter relates to the Andhra Pradesh State Electricity Board.

Certain instances of unauthorised connections and deliberate under billing, cases of false booking of N. M. Rs., misuse of stores, theft of stores etc., cases of corruption of various types came to the notice of Board. Allegations have also been made against some of the Board's officials frequently. There was therefore need for a proper agency in the Board to make prompt investigation into such cases and track down offenders, and to relieve the technical officers of the Board from such non-technical work to enable them to concentrate on technical aspects of their work. The Board therefore sanctioned the creation of a Vigilance cell with certain staff in October, 1967.

Sri K. Brahmananda Reddy:—Other departments Anti-Corruption Bureau vigilance ceo department 90 department 200. 90 expansion 100.

Sri K. Brahmananda Reddy:—It depends upon the work. For instance, this reply is received a few months ago. The number of complaints entrusted with the Vigilance Cell for enquiry is 200, Oral enquiries 92. No. of suspensions ordered by the Government both Chief Engineer, at the instance of the Vigilance Cell 65.

He is a member of the Legislature. This point can be brought to the notice of Vigilance Cell. It is intended for all types of plugging loopholes and checking corruption as far as possible.

Sri K. Brahmananda Reddy:—I do not know if it is the proper function of the Vigilance Cell to go to villages and invite complaints.

Therefore, the Vigilance Department should visit all...
villages so that they can receive complaints.

Sri K. Brahmananda Reddy:—If that is so, this also will become another cause for complaint saying that these people are coming and inviting complaints and extracting money. There must be an end somewhere.

SALT FACTORY

**Mechanised Brick Plant**

*319 (5791) Q.—Sri A. Madhava Rao.—Will the hon. Minister for Industries be pleased to state:

(a) whether it is a fact that the Government of India, (Union Ministry of Works and Housing) in their report of 1967-68 has advised the States to set up mechanised brick plant units for supply of bricks at reasonable rates and also to undertake projects for manufacturing improved and new building material;

(b) if so, whether the State Government propose to set up such units in our State either with the aid of Central Government or in collaboration with the foreign countries like Yugoslavia which has set up the brick manufacturing plant recently (April 1968) in Madras; and

(c) if not, the reasons therefor?

Sri B. V. Gurumurthy:—(a) No such report from the Government of India has been received by this Government.

(b) & (c) Do not arise.
Oral Answer to Question. 15th March, 1969.

The report stated that the plants so far set up are working unsatisfactorily and various suggestions are made for their improvement.

The proposals are under the correspondance of the Central Research Institute, Rurke.

GOVERNMENT BUILDING FOR THE CHAIRMAN, S.R.T.C.

(a) Will the hon. Minister for Municipal Administration be pleased to state:

(b) what is the rent assessed by the accommodation Controller for this building;

(c) what are the rules for fixing rent on the Government buildings occupied by the officers, basing on the A.P. Public Works Department Code;

(d) if so, what is the difference in this; and

(e) whether it has been recovered from the Chairman?

Sri N. Chenchurama Naidu:—(a) The Government building 'Vicar Manzil' was under the occupation of Chairman, A.P. State Road Transport Corporation during the period from 6-3-1968 to 24-7-1964.

*91 (6886) Q.—Sri R. Mahananda:—Will the hon. Minister for Municipal Administration be pleased to state:

(a) whether it is a fact that a Government building was let out on rent to the Chairman, State Road Transport Corporation from January 1963 to July, 1964;

(b) what is the rent assessed by the accomodation Controller for this building;

(c) what are the rules for fixing rent on the Government buildings occupied by the officers, basing on the A.P. Public Works Department Code;

(d) if so, what is the difference in this; and

(e) whether it has been recovered from the Chairman?
(b) Rs. 225 per month.

(c) For Govt. buildings occupied by Govt. officers for residential purpose either standard rent fixed under F. R. 45-A-III or rent at 7 1/2% or 10% of pay as the case may be whichever is less has to be collected.

For Govt. buildings leased out to private persons, the rent is recoverable as per para 278 of the P. W. D. Code i.e. the reasonable rent in the locality for similar accommodation belonging to private persons.

(d) The difference in rent is Rs. 463 p.m.

(e) On the directions of the Govt. the Controller of Accommodation had fixed rent for the building at Rs. 225 p.m. in 1958 taking into account the previous rent of Rs. 125 for the ground floor when it was let out by the Custodian of the Evacuee property and the rates prevailing in the locality. As the Controller of Accommodation had fixed the rent long before the Chairman, A. P. S. R. T. C. occupied the building, it was decided that it was not desirable at a later date to collect standard rent as fixed by the Executive Engineer P. W. D. The question of recovery of difference of rent from the Chairman, A. P. S. R. T. C. therefore does not arise.

The same rules and principles will apply to persons if it is given to others.

**Beggar House at Lalapet**

527—

*284 (6454) Q.—Sri T. C. Rajan:— Will the hon. Minister for Municipal Administration be pleased to state:

(a) what is the strength of the Beggar Home at Lalapet in Hyderabad being run by the Corporation;

(b) what is the approximate maintenance cost for each beggar;

(c) how are they being engaged and treated; and

(d) what is the progress and change in their minds?
Sri N. Chencharama Naidu:—(a) The present strength of Beggar Home is 46.
(b) Rs. 2.40 per day exclusive of establishment charges.
(c) They are given practical training in tailoring, weaving, carpentry and cooking by the respective technical staff appointed for this purpose.
(d) The committed beggars are trying to learn tailoring, weaving and carpentry.

Oral Answers to Questions

(a) Will the Chief Minister state:
   (i) whether investigation has been completed for supplying electricity to Ravupalli, Kothapalli, Pedduru, Garugubilli and Venkatapuram villages in Parvatipuram taluk, Srikakulam district?
   (ii) when the electricity will be supplied to the said villages; and
   (iii) if not, the reasons therefor?

Sri K. Brahmananda Reddy:—(a) Investigation has been completed and estimates have been prepared in respect of Ravipalli, Kothapalli, Pedduru and Garugubilli villages in 1966-67. The estimates have to be revised now with reference to revised cost date. Investigation of Venkatapuram has not yet been taken up.

**Electricity to Madhavaram Villages**

529—
* 507 (7359) Q.—Sri B. Ratnasabhapathy:—Will hon. the Chief Minister be pleased to state:

(a) whether any representation from the M. L. A. Rajampet has been made to him for extending electricity supply to Madhavaram village in Sidhout taluk, Cuddapah district this year along with Upparapalli which has been included in this year's list as both the villages are close to each other; and

(b) if so, whether orders have been passed to include Madhavaram village in the list of villages to be taken up this year?

Sri K. Brahmananda Reddy:—(a) Yes, Sir. A representation has been received from the Member representing Rajampet Constituency requesting for extension of supply of electricity to Madhavaram village in Sidhout Taluk of Cuddapah district.

(b) The Andhra Pradesh State Electricity Board has considered the representation and issued orders including Madhavaram village in the list of villages programmed for electrification during the current year (1968-69).

**Tower at LOC 56 of Nellore-Ongole 132 KV Line**

530—
* 399 (6739) Q.—Sri R. Mahananda:—Will hon. the Chief Minister be pleased to state:

(a) whether it is a fact that the Tower at LOC 56 of Nellore-Ongole 132 KV line collapsed on 14-2-1967;

(b) who is the contractor for this; whether he had rebuilt it again; and

(c) whether any amount was paid for this damage of work?

Sri K. Brahmananda Reddy:—(a) Yes, Sir.

(b) The line was created by M/s. S. A. E. (India) Limited.; Calcutta. This contractor did not rebuild the collapsed tower.

(c) Yes, Sir. Rs. 8150 towards labour charges.
Sri K. Brahmananda Reddy:—The collapse of the tower was due to the removal of bolts and nuts at stub angle. It is therefore evident that the original company was in no way responsible for the collapse of the tower as it was not due to any fault in the construction of line by them.

Sri K. Brahmananda Reddy:—Tension and angle tower at IOC No. 56, 9 miles from Nellore Thermal station about 12 miles from Nellore was found collapsed on 14-2-1967. This was a clear case of sabotage, during the period of strike by O.S.S. (Operation Subordinate Service) of the Electricity Department as reported by field officers.

Has any prosecution been launched against persons responsible for sabotage.

(a) Yes, Sir. The entire conveyor belt from Tippler Hopper to crushing and screening Tower has been burnt and damaged. The loss is being assessed.

(b) It was an accident either due to spontaneous combustion or electrical short circuiting or fusing.

(c) Steps have been taken to augment the fire extinguishing equipment and to tighten up the security organisation.

(d) Yes, Sir.

(e) For manual unloading of wagons which was for a short period of 18 days, about Rs. 500 on an average per day was incurred till a temporary conveyor belt was installed.
Sri K. Brahmananda Reddy:- According to the C. I. D. Report, there are no grounds to suspect any sabotage. This accident might have taken place either due to spontaneous combustion or electrical short-circuiting or fusing. Several preventive measures have been immediately taken to avoid recurrence of such things.

What is the quantum of Indirect loss both to A. P. S. E. D. and other industries? What action has been taken against the officers who are in charge of operation and maintenance of the station for their slackness?

Sri K. Brahmananda Reddy:- The board decided to carry out rectification work, both mechanical work and electrical work by the department and necessary staff was sanctioned. Work relating to the election of structures was taken up in June 1968 itself and the structures were erected departmentally. Orders were placed for conveyor belts, etc. and as soon as they are received, permanent conveyor system will be commissioned.

Mr. Speaker:— What action has been taken against the officers?

Sri K. Brahmananda Reddy:— As I said earlier, it might have been due to spontaneous combustion or electrical short-circuiting or fusing. The estimated cost of rectification work will be of the order of 9 lakhs. However, the exact amount can be given only after the works are completed.

What is the estimated cost of rectification work and maintenance of the station for their slackness?

CONFEREBCE OF SOUTH INDIA APEX WEAVERS SOCIETIES

332—

*446 (7025) Q.—Sarasiri Vavilala Gopalakrishnayya and N. Raghava Reddy:—Will the hon. Minister for Industries be pleased to state:

(a) what were the suggestions adopted at the South Indian Apex Weavers, Co-operative Societies Conference held at Hyderabad on 9th August, and what was the action taken to dispose the accumulated 10.2 thousand bales of yarn at Mills in Andhra Pradesh; and

(b) what was the action taken to reintroduce the rebate system in Andhra Pradesh?

Sri B.V. Gurumurthy:—(a) and (b) A statement explaining the position is laid on the Table of the House.

STATEMENT LAID ON THE TABLE OF THE HOUSE

[With Reference to Clauses (a) and (b) of the L. A Q. No. 7025 * 532]

The conference of Apex Weavers’ Cooperative Societies, producers and Exporters of Southern States held in Hyderabad on the 7th and 8th of August, 1968, was mainly intended to understand the problems facing the Handloom Industry and to assess the extent of redress, it merits. Therefore, no resolutions as such were adopted. The representatives who attended the conference have listed out some of their problems and the Deputy Minister for Commerce, Government of India, informed them that they would be looked into.

As regards the disposal of accumulated stock of 10.2 thousand lakhs of yarn in the State, it may be stated that the yarn requirements of the decentralised sector, powerlooms and composite mills in the State is estimated at 6 lakhs of bales per annum. But the actual production of yarn in the State is only about 1.4 lakhs. Therefore, the production of yarn in the State is much less than the demand and accumulation of yarn stocks is not a problem. As pointed out by Sri Vavilala Gopalakrishnayya himself, the yarn stocks held by the Spinning Mills in the State is only 1,200 bales. In other words, all the Spinning Mills in the State are only holding stocks equivalent to less than one month’s production. It may, therefore, be seen that accumulation of yarn stocks in Spinning Mills in the State is not such a serious problem as in other States. In fact, the position with regard to co-operative spinning mills is slightly different. The stock of yarn available with the three Co-operative Spinning Mills is as follows—

The quantity of stocks held by these mills exceeded two months production. Realising the problems facing the Co-operative Spinning Mills on account of the accumulation of yarn, the State Government have requested the Government of India to make available funds to the extent of Rs. 63.0 lakhs as loan on an adhoc basis for disbursing it to the two Apex Weavers Co-operative Societies. But the Government of India have sanctioned a sum of Rs. 15.00 lakhs to the State Government and it would be disbursed in due course to the two Apex Weavers Co-operative Societies for lifting the yarn from the Co-operative Spinning Mills. The results of this measure may not be much beneficial as it is felt that this would only help in transferring the yarn stock from the mills to the apex societies. It is only when the primaries and other consumers lift the stocks that the situation would really improve.

In addition to this step, arrangements have also been made for the purchase of yarn by Weavers Co-operative Societies in the state from the Apex Co-operative Societies, or the depots of Co-operative spinning mills only. This has to some extent, helped in liquidating the stocks from the co-operative spinning mills.

The situation now obtaining in the State does not call for any more special measures for liquidating the yarn stocks. It is being watched. In case, there is no improvement the possibility of implementing ‘Yarn retention scheme’ with assistance from State Bank of India, as being done in Madras State, would be considered.
The rebate scheme is not withdrawn in the state but it has been kept in abeyance on account of inadequacy of the plan provision for handlooms. As and when the means and position of the State improves, the question of permitting societies to implement the rebate scheme would be considered. Even now the State Government have been permitting the Weavers' Co-operative Societies to allow rebate on certain special occasions:

During the current year, Government have so far permitted weavers Co-operative Societies to allow rebate during the following periods:

(1) From 27-5-1968 to 1-6-1968.

Sri N. Chanchurama Naidu - No, Sir.
Whether the Ravindra Bhurathi authorities owe any property tax to the Municipal Corporation of Hyderabad and if so the exact demande amount up to date.

Sri N. Chechurama Naidu: — (a) The Ravindra Bharathi is exempt from payment of General Tax to the Municipal Corporation of Hyderabad as per section 202 (1) (d) of the Hyderabad Municipal Corporation of Hyderabad Act, 1955. Under Section 103, the Government have, however, to pay to the Corporation annually in lieu of the General tax a sum ascertained as per provision of that section. As the position of the building in question was not clear, the amount payable by Government to the Corporation in lieu of General tax on this building has not been paid from 1-4-1964. The Corporation has been instructed to prefer a demand as per section 203 of the Hyderabad Municipal Corporation of Hyderabad Act.

S.N.Q. No. 2:122-Z. Sarva-ri J Jogi, P. Sanyasi Rao, K. Govinda Rao and V. Palavelli.—Will the hon. Minister for Industries be pleased to state:

(a) how many candidates from Andhra Pradesh and other States who have been absorbed since the inception of Bharat Heavy Plates and Vessels, Visakhapatnam till today in each category of posts (i.e., Class III, IV employees etc.); and

(b) is it a fact that the Personnel Officer is showing partiality in giving appointments to the candidates of Andhra Pradesh?

Sri B V. Guru Murthy.—(a) Category III  Category IV.
Andhra Pradesh  184  57
Madras  5  2
Kerala  15  3
Other States  8  25

(b) We have no knowledge of it.
Mr. Speaker:—The point is why are the States particular about the Central Projects in their States? The reason is industrialisation. Second thing is with regard to employment. All things being equal, why not preference be shown to the people of this State? You said there is no objection for Andhras being employed in other Central Projects in other States. Can you give an idea to the House as to the number of Andhras who are employed in other States?

Sri B. V. Gurumurthy:—I have no immediate answer to give about the Andhras being employed in Government of India under takings in other States. I am sure some Andhras would have found employment in other States also.

Mr. Speaker:—It is just possible that a few Andhras might have been employed in other Central Government projects. But the point is about the percentage. All things being equal, why not local people be employed?

Sri A. Madhava Rao:—That is not being followed by us, why?

Sri B. V. Gurumurthy:—I have no information about some States insisting on certain percentage being given to the State. I will just look into that matter.

Mr. Speaker:—That is better.

Sri C. V. K. Rao:—What is the point in asking the hon. Minister that Andhras are not being considered by the Central Government? Andhras have no status in their own State. They are called non-citizens. There is no Point in asking the Minister as to how it is that they are not taking interest about the Andhras in Central Government projects.

I mean in top and key posts.
15th March, 1969.  Short Notice Question and Answer

Mr. Speaker:—The complaint is that very few Andhras are employed in Central Government projects here. Nearly 80% of them are brought from outside.

Sri B V. Gurumurthy:—That is not the case.

It is not as bad as it is pictured to be. Sir, so far as central sector projects are concerned, for certain categories of posts, the recruitment is all India basis. I think, Sir, because they are central sector projects and every State man is entitled to some portion thereof, it may be all right. But so far as other categories are concerned, we are insisting that at least 80% of them should come from the local areas. I think you know, Sir, that on several occasions, we have replied that 70 to 75% are being done. In the last reply to the debate also, I have said there is a proposal which is mooted by the Maharashtra that in these projects about 90% should be given to the local persons. We are agreeing with that view, Sir, and sending our view also to the Government of India. In the National integration Council also it was considered as far as possible the local persons should be encouraged, except the top job of a certain category which are open for all-India recruitment.

Sri P. Basi Reddy:— There is a circular of the Government of India that so far as appointments under the Government of India undertakings are concerned, all appointments below Rs. 50 should be made by obtaining panels from the local employment exchanges. Indirectly it means there is a constitutional difficulty. So, the circular directs that all appointments below Rs. 50 must be made from the panels obtained from the local employment exchanges.

Sri K. Brahmananda Reddy:—There is a committee in which one representative is from the State Government. The Secretary himself is on that committee.
Short Notice Question and Answer. 15th March, 1969.

Mr. S. N. Reddy:—Certainly, Sir, there is no restriction and we are also insisting on the Government of India that in the central sector projects, as far as possible when competent persons are available the managing directors should come from those areas also.

Mr. M. K. Reddy:—Separate question.

Mr. Speaker:—Separate question.

Mr. Reddy:—Separate question.

Mr. Speaker:—Separate question.

Mr. Reddy:—I am not prepared to believe it. But, all the same, if it is true, I do not see any reason how the Government can avoid other States.

Written Answer to Question.

Mr Speaker:—If you are not prepared to furnish the information at the movement, please try to collect the information and furnish it.

Sri B. V. Gurumurthi:—I have told about class IV information. It is not that satisfactory and the explanation given to us by them was that it was originally registered in Delhi.

Mr Speaker:—Please collect that information and place it before the House.

(b) The machinery is kept at the project site.

(c) The earth-moving machinery is no longer being used now.

(d) The machinery has to be put into use when the earthen Dam work is taken up. The budget allotment for Lower Sileru Project during 1968-69 is just enough to continue the works of Head Roga Tunnel and Denkerayi Dam and Roads. The earthen Dam work is proposed to be taken up in the next season.

ANNOUNCEMENT

re.—Resignation of Sri T. Nagi Reddy, M.L.A.

Mr Speaker:—I very much regret to announce to the House that Sri T. Nagi Reddy, member of this House, in his letter dated 14-2-69 has tendered his resignation for his seat in the Assembly. I received the letter yesterday evening. Personally I am not concerned with his political views. I do not know whether the move he has taken is a wise one or right one or not. It is only the future which will prove whether his decision is a wise one or not. But personally I feel that he is one of the finest gentlemen I have ever come across. It is really a great quality which most of us have got to emulate from him. As you have rightly remarked he was making his contributions to the discussions in this House and though many of us may not agree with his plan of action or views on some matters, it is no denying the fact that he feels very strongly about certain matters. However, as a man, he is a perfect gentleman. As a party man, he may be equally dangerous but the point is so far as his contributions to the discussions in this House on several public issues are concerned, whether we agree with him or not, we have listened to him with respect and consideration in this House. It is a matter of concern that Mr. Nagi Reddy or his associates or people who think alike with him to have different about the functioning of parliamentary democracy. If Parliamentary democracy functions in the right way in which it is expected to function, I have no doubt Sir, that the members of this House, whatever parties they may belong to, can certainly contribute to the improvement in the conditions of people in this country and in a measure of time, give satisfaction to all concerned. It is my strong and firm conviction that

the human mind is irrepressible. Human mind cannot be confined within the limitations of space. Therefore, greatest freedom should be given to the free exercise of thought and expression and it is only this way that you can build up a strong nation. Any suppression of opinion would lead to very undesirable consequences. Though, Sir, in the functioning of parliamentary democracy, achievement of benefits may be delayed, still we should certainly feel that in the long run, in the long future, that is the only way for guaranteeing contentment and sustained and orderly growth.

On behalf of my party I say that all of us feel sorry for his absence from this House

Mr. Speaker — Let him consider.

**Announcement:**

*re: Resignation of S. T. Nagi Reddy, M.L.A.*

Dr. T.S. Murthy:—His personality is very lovable. Every man has got his own convictions. Every man has got a right to his own convictions. That is democracy. He has got his convictions. Every one of his speeches has been very analytical, very able, full of facts and figures and to us has always been a lesson—to some of the new comers like myself. We are fortunate to have a great parliamentarian. He is a gem of a parliamentarian.

re : Resignation of Sri T Nagi Reddy, M.L.A.

Announcement of the resignation of Sri T Nagi Reddy, M.L.A., is a significant event. His commitment to leftist thinking and outstanding intellect is well known. Analysis of his resignation reveals the leftist thinking outstanding intellect of the M.L.A. Foreign business, Indian economy, and world politics are influenced by his decision. His way of talking, expression, and thought are revolutionary. He is a revolutionary minded man who has chosen to resign. His stance is clear in his decision to resign. Parliamentary Democracy is a remedy to the current situation. Armed revolution should declare itself. Armed revolution should declare itself.

Calling attention to matters of urgent public importance:

re: Enhancement of minimum charge on power consumption for agricultural purposes.

Dr. D. V. Sunkara, MP

Dr. Sunkara’s attention to the important issue of minimum charges on electricity consumption for agricultural purposes has been raised. The enhancement of these charges is intended to ensure a minimum level of remunerative electricity supply. The charges are set at different levels: Rs. 35 for 1 HP, Rs. 50 for 3 HP, Rs. 70 for 5 HP, Rs. 100 for 7 HP, and Rs. 150 for 10 HP. This approach is aimed at discouraging illegal consumption and theft of electricity, thereby ensuring a fair distribution of resources. Further, the charges are intended to promote the use of oil engines, with a minimum charge of Rs. 60 for engines up to 5 HP. This measure is expected to contribute to the overall efficiency of the electricity supply system and support sustainable agricultural practices.
Calling attention to matter of urgent public importance:  

re: Enhancement of minimum charges on power consumption for agricultural purposes.

1. The matter involves:—electricity tariff minimum guarantee to farmers, who are engaged in food production. The representation states that the current rate of the minimum guaranteed electricity is inadequate. The Advocate General of the State has been consulted and a minimum guarantee for residential, non-residential, agricultural, etc., has been recommended. A minimum guarantee of electricity to farmers, who are engaged in food production, is necessary.

2. In this regard (advocacy):—electricity, remuneration for current, sympathy, relaxation of subsidies, etc., are necessary. A 1500 compulsory loan and 120 outright contribution are recommended. The remuneration for food production should be increased. Notice serve to disconnect, but reconnection at charges is necessary. The minimum guarantee should be increased.

re: Enhancement of minimum charges on power consumption for agricultural purposes

Electricity charges on agricultural purposes—

Agricultural tariff 13th March, 1969—

(1) annual minimum guarantee Rs. 5.00; 12 paise.

(2) Over all investment on account of electric pumpsets is more than on diesel sets. The cost of installing the 5 H. P. electric meter is as follows:

(i) Advantage generating capacity at Rs. 2,000 per K. W. is Rs. 1500.

(ii) Transmission and distribution—Rs. 3,000

(iii) cost of pump set and pump house—Rs. 2,500.

(2) Public investment, (3) Farmer investment.

At the current rates of fuel and of electric power, the cost of lifting water is cheaper with electric pumpset than with diesel set. The rate of 12 paise per unit is a subsidised rate. Twelve paise is an economic rate. Rural electrification is a losing proposition, everywhere.

So far as electric pump-sets are concerned, for giving connection to 5 H. P. motor, it is Rs. 4,300.

Generating cost is Rs. 8,000 per annum. Average consumption in 1966-67 was 2,500 units per pump-set per annum, at current rates to a feet of 800 only. The return is Rs. 75 per year.
Calling attention to matters of urgent public importance:

re: Enhancement of minimum charges on power consumption for agricultural purposes.

The Department recommends the enhancement is the load electricity which as far as the consumers are concerned, is as low as 9 to 10%. The load electricity is a measure of actual versus potential utilisation and it was assumed that a reasonable minimum would encourage greater use of energy. The rest of the distance is borne by the farmer in Maharashtra, 1,000 ft is borne by the Board or whatever the agency may be and the rest is paid for by the farmer. The main reason which impelled the Department to recommend the enhancement is the load electricity which as far as the consumers are concerned, is as low as 9 to 10%. The load electricity is a measure of actual versus potential utilisation and it was assumed that a reasonable minimum would encourage greater use of energy. That would discourage this pilferage. This is one of the very strong reasons.

re: Sanction of remission in Visakhapatnam taluk.

Regarding the matter of remission for the Visakhapatnam taluk, I bring to your attention the need for immediate action. The local administration has requested for a remission of 10% for the affected areas. This decision is crucial for the affected population who have been suffering due to various reasons.

The remission is proposed for areas that have been severely affected by natural disasters or other calamities. It is hoped that this measure will provide some relief to the affected families.

Please take necessary steps to sanction the remission as soon as possible. Thank you.

re: Sanction of remission in Visakhapatnam taluk.

In modification of the orders issued in G. O. No 27 dated 10-1-1969 the Government direct that in respect of both dry and wet lands full remission will be granted where the yield is four annas and less and half remission where the yield is four annas but not above six annas.

In full remission where the yield per acre is 150 K. gs and below.

In modification of the orders issued in G. O. No 27 dated 10-1-1969 the Government direct that in respect of both dry and wet lands full remission will be granted where the yield is four annas and less and half remission where the yield is four annas but not above six annas.

re: Agro-based industrial development in East Godavari district.

Sri N. Chenchurama Naidu:—In the previous Session of the Legislature an Act was passed amending certain provisions of the Hyderabad Municipal Corporation Act, 1955 under which the Government have to divide the city into Single Member constituencies based on population as per 1961 census and even the Reserve seats for Scheduled Castes after publication of the proposals in the Andhra Pradesh Gazette and to consider the objections and suggestions received before the specified date. Draft proposals for delimitation of the city into 96 Single member constituencies have been published in the Andhra Pradesh Gazette (Extraordinary) dated 14-2-1969 inviting suggestions and objections before 25-2-1969. This date was later extended upto 7-3-1969. A total number of 148 representations in this regard were received upto 7-3-1969. The Government are considering the various suggestions and objections. Final notification delimiting the constituencies will be issued shortly.

re: Agro-based Industrial Development in East Godavari Dist.

Sri C. V. K. Rao:—Sir, I have given notice of the following Call Attention Motion, It reads as follows:

"That in East Godavari District rich in agricultural, forest and marine products with all weather minor port at Kakinada, there being vast potentialities for industrial development, the Government having invested about Rs. 20 lakhs during 1968-69 and the State Bank of India having financed Rs. 2.10 crores, it is urged that the Government..."
should make a statement about the present state of small industrial enterprises being enlarged in the area as it is an urgent matter of public importance. The Government of India, with the assistance of the Small Industries Development Corporation, made a detailed probe into the available resource and launched a special drive in April, 1968 to locate the prospective entrepreneurs. Based on this study, it has been programmed to set up 85 new industries in the district in the private sector during the year 1968-69.

In promoting new industries, emphasis has been laid over Agro-processing, Agro-chemical and Agro-engineering industries since these industries could catch the imagination of the progressive agriculturists. Demand based industries and consumer products have also been proposed to persuade other classes of entrepreneurs. Efforts are being made to create an healthy climate among the protective entrepreneurs and also the existing industries. During the year 1968-69 44 new industries have been started in the district and 31 new units are under different stages of implementation in the private sector.

As on 1-10-1968 there were 761 registered small scale industrial units in the East Godavari covering the field of Foundry, Graphite crucibles, Steel Rolling, Domestic utensils, Steel furniture, Steel Metal industries, Mangalore tiles, General Engineering Starch and Sago, Aerated waters and Soft drinks, Fountain pens, Beam scales,

Palmyrah fibre paints, Washing soaps, Poultry, Ceramics, R. C. C. Pipes, retreading and Saw Mills etc.

A total capital outlay of Rs. 20 lakhs has gone into small scale industries sector during year 1963-69 so far, and these units have installed capacity worth Rs. 40 to 50 lakhs. The units that have come up are providing additional employment to 500 people.

Adequate financial assistance has been made available to small scale industries by the State Bank of India. 454 Small Scale Industrial Units have been provided credit facilities to a tune of Rs. 219 lakhs in the district by the State Bank of India with the cooperation of Industries Department.

re: Non-supply of water for second crop in East Godavary district.

Sri S. Sidda Reddy:—Sir, in Amalapuram taluk of East Godavary District, transplantation for second crop was started in December, 1968 and water is being supplied continuously. Lands are situated in Godavary Central Delta. The difficult supply position for the tale-end lands are common feature. With the available water, more supply of water is being rushed to these lands. The difficult situation, if any, in some areas when brought to the notice of local officers is being attended to by observing turn system, etc. There is no difficulty for water this year in Godavary river and the overall position of the second crop in Amalapuram is satisfactory.
Mr. Deputy Speaker in the Chair.

Mr. Deputy Speaker:—The question is:

"That as the Post Master General, Andhra Circle, Hyderabad has requested the Government to communicate the name of one representative of the Andhra Pradesh Legislative Assembly for the Regional Posts and Telegraphs Advisory Committee, the Assembly do recommend to the Government to communicate to the Post Master General, Andhra Circle, the name of the Member elected by the Assembly to serve on the above Committee."

The motion was adopted.

Mr. Deputy Speaker:—With reference to the Resolution moved by the Minister for Communications regarding election of one representative to serve on the Regional Posts and Telegraphs Advisory Committee, Hyderabad, (1) I fix 12.00 Noon on Monday, 17th March, 1969 as time within which the nomination papers of the candidate for the said election should reach the Secretary, Legislature Department. If the number of candidates nominated exceed the number of vacancies to be filled, a poll will be taken on the date to be announced in due course. The election will be by ordinary method
and not according to the principle of proportional representation by means of single transferable vote.

BUSINESS OF THE HOUSE

Sri C. V. K. Rao :—Mr. Deputy Speaker, Sir, one clarification. Whether there is any possibility of this Session being extended beyond 18th?

Mr. Deputy Speaker :—There is Business Advisory Committee meeting going on now.

Sri C. V. K. Rao :—Kindly announce the programme so that we can adjust our programmes.

Sri S. Sidda Reddy :—It is for the year 1967-68.

Sri Vavilala Gopalakrishnaiah:—When you give a title, why did you give certain year for appropriation accounts and certain year for financial accounts. Is it the audit report for 1969?

Sri S. Sidda Reddy:—The audit report is not for the year 1969. It is a report submitted in 1969 for the accounts examined in 1967-68.

Sri K. Govinda Rao:—At least, let it be corrected and made clear in future, Sir.

Sri N. S. Sidda Reddy:—Yesterday no Minister was there, Sir.

Sri K. Govinda Rao:—Let it be corrected, Sir.

Mr. Deputy Speaker:—You please continue, Mr. Gopala Krishnayya.

Mr. Speaker:—What is that you say, Mr. Gopalakrishnayya?

Mr. Speaker:—Now, the Chief Minister has come. You can raise your point later. There is one matter here.

There is one matter with regard to laying the papers on the Table of the House where number of cases are there in which they are taking their own time and the explanations which they are offering are not very satisfactory. One such thing relates to the Municipal Administration Department. Personally, I feel that it is violating the statutory provisions of the Law. The Rule says that such and such thing shall be laid on the Table of the House at the earliest opportunity and some thing like that. If the Government or the Department take their own time and after 6 months or one year lay the papers on the Table of the House, I think that it is
March 1, 1909.

Business of the House.

Tactically sliding the House and violating the statutory provisions of the Act itself, which amounts in my opinion contempt of the House. Now, why not I consider it as contempt of the House when there is delay. I would like to know whether the Government has got to say anything about it.

Sri V. B. Raju:—What is that Sir?

Mr. Speaker:—There are some statutory provisions for laying the papers on the Table of the House. If you take your own time and according to your will and pleasure you place the papers on the Table of the House after 6 months or one year, what does that amount to?

Sri V. B. Raju:—We will find out from the Secretariat, Sir.

Mr. Speaker:—I will ask the concerned Minister Mr. N. Chenchurama Naidu. I consider it as contempt of the House and I am thinking to sending all such cases to the Privileges Committee for consideration and report. What have you got to say, Mr. Naidu?

Sri N. Chenchurama Naidu:—It was sent to Government Press for gazette publication.

Sri B. Ratnasabhapathi:—It amounts to a contempt of the House.

Mr. Speaker:—It is what I feel.

Sri B. Ratnasabhapathi:—It is a very grave charge.

Mr. Speaker:—That is what I am thinking; it may amount to a contempt of the House.

Mr. Speaker:—In the course of your speech yesterday, you said, ‘I want to see the end of the rule of this party.’ Did you mean that all of them are contemptuous of the House, perhaps none will be in the House? Is it what you mean?
Annual Financial Statement (Budget) 15th March, 1969

Sri N. Chenchurama Naidu:— I admit that there was delay. It was sent to Government Press. They take six months.

Mr. Speaker:— I am not concerned with the Government Press. The delay is there. I want to know who is responsible for that delay. The persons who are held responsible will be taken to task. Of course, the Head of Department is one thing. As concerned Minister, it is your responsibility so far as this House is concerned. Anyhow, I will take it up again day-after tomorrow. You please be ready.

Sri C.V.K. Rao:— I think what you said is a warning for future guidance.

Mr. Speaker:— We will take it up day-after tomorrow.

Sri K. Govinda Rao:— Is it not being referred to the Committee of Privileges?

Mr. Speaker:— Not now, let us give an opportunity; not before hearing the other side.

Mr. Speaker:— That report was placed on the Table of the House by the Chief Minister. I do not know whether any Member has given any notice of breach of privilege about it. Please get it examined. I will see to it perhaps in the next session.

Mr. Speaker:— Whatever protection is possible, I will see. I am sorry I am not able to give opportunity to all of you to speak. You will be given an opportunity during the General Discussion on supplementary estimates of expenditure and Appropriation Bills.

Now I request the Members to move their cut motions.

The Director, Agriculture, allots fertilizers to the D.C.M.Ss and the private dealers based on their indents. These allotment orders are passed on to the Liaison officer, Fertilisers, Madras. The liaison officer, depending upon the availability of fertilizers releases these fertilizers to the parties. For the D.C.M.Ss they are released consignment cum credit basis to the private dealers they are released only after payment of the cost of fertilizers. All the releases of fertilizers during the year 1968-69 were issued only by the liaison officer except in one instance where the Agricultural Officer Sri Ramachandran attached to the office of the liaison officer released the fertilizers. 3454 tons of ammonium sulphate was released by the Agricultural officer on 7-12-1968 to 39 parties belonging to the Districts of Kurnool, Cuddapah, Guntur, Nellore, Krishna, East Godavari and West Godavari. On the same day 1215 metric tonnes of Una were released to parties in West Godavari District. The details of these releases were given in the annexure. The matter was investigated in detail by the Director of Agriculture.

Mr Speaker: — That is the information which Mr. Ratnasabhapathi wants, releases on 7-12-1968. Is that so?

Sri P. Thimma Reddy: — Yes, Sir. It is noted that Sri Ramachandran released stocks to the private dealers when he was in charge of the office of the liaison officer in Madras when the Liaison Officer Sri Vedavyas was away from Madras at that time; Out of the quantity of 3454 metric tonnes of ammonium sulphate released by him
cost of fertilizers was paid for 1084 metric tonnes and this fertilizer was allowed to move by road. The balance quantity of 1650 metric tonnes of ammonia sulphate was moved by rail. The quantity of 1215 metric tonnes of Urea released by D. A. O. not moved since Sri Vedavyas on his return to the Headquarters cancelled the release orders given by the D. A. Sri B. Ratnasabhapathi:—I take serious objection to this What relevance has it to the points that I have raise? I may be a big man; I may be a small man; that is immaterial to the Assembly. Whether you art a big man or a small man—it is immaterial to the Assembly. You refer to the points I have raised.

Mr. Speaker:—Mr. Ratnasabhapathi, He is saying you are an experienced man.

Sri B. Ratnasabhapathi:—Excuse me, Sir. I am putting this entirely because the whole issue is getting clouded by such observations.

Mr. Speaker:—Don't lose yourself.

Sri B. Ratnasabhapathi:—I am not at all losing. Here the point is, I have raised certain issues. Let him confine to those issues and not make observations which are uncalled for here.

Mr. Speaker:—You have made very damaging allegations—allegations which damage the reputation of the Minister.

Sri B. Ratnasabhapathi:—I am making a submission. I have got confidence in the Chief Minister. I am expressing here my confidence in the Chief Minister. In the past I raised certain issues, and I have now understood that certain decisions have been taken. I am going to say that I am going to place all these records before the Chief Minister, if he deems it fit to enquire into all these things; and let him draw his own inference.

Mr. Speaker:—Please avoid personal observation Mr. Ratnasabhapathi, take it in good spirit.

Sri B. Ratnasabhapathi:—I have got all the documents.
Mr. Speaker:—Please send them on to the Chief Minister.

Mr. Speaker:—Annual Financial Statement (Budget) for 1969-70:

for 1969-70:
(Vote on Account).
Annual Financial Statement (Budget) 15th March, 1909.

1) We are pleased to see the improvements! Are the accounts accurate? Also, let us look at our expenses. Are they within the limits? Do we need to adjust any policies? Let us not jump to conclusions.

2) Let us not jump to conclusions!
At all costs, the law and order must be maintained and the Government fully agree with the view and will do their best to maintain law and order in the State, whatever may be the consequences.

Now, Sir, I am also glad that all sections of the House have unequivocally said that so far as Andhra Pradesh is concerned it must remain as an integrated whole and that nothing untoward should happen to the integration of this State.

Sir, the incidents can be broadly classified as follows:

<table>

Sir, even after the major incidents described above, a few instances of intimidation of Andhra employees in some of the Telangana districts and so many stray incidents like pelting of stones especially in the city have been reported. During the period under review, the Collectors of Telangana Districts and Andhra Districts were instructed to afford full protection to the Andhra and Telangana employees, respectively. 1,292 employees and others and their families migrated to Andhra area from Telangana Districts. The Collectors of Andhra District have, however, reported that during this period 2,510 Andhra families have arrived from Telangana area and some of the families of the employees who came from outside the State have left for their respective places. According to the latest reports received, about 876 Andhra families have returned to the Telangana Districts and have resumed their avocations.

During the same period, a few instances of intimidation of Telangana employees were also reported especially in Krishna District. However, due to the firm measures taken by the Collectors, no serious incident took place except for the migration of 350 Government employees including labourers belonging to Telangana region working on the right bank of Srisailam project to the left bank of the project.

So far, 8 persons have been killed and 94 persons have received injuries due to the opening of fire by the police. Besides, one Rangacharyulu was burnt alive by some miscreants. 128 policemen and officers have also been injured. The damage caused to property is as follows:

| Central Government property | Rs. 41,410 |
| State Government property   | Rs. 2,14,550 |
| Private property            | Rs. 1,13,857 |
| **Total**                   | **Rs. 17,69,487** |

As reported earlier, some loot properties have been recovered. As the agitation took a violent turn in both the regions, arm units were called in to aid the civil authorities on 29th January, 1969 night and the army units took position at Karimnagar (one company), Nalgonda-Kodad-Suryapet (one company), Warangal-Jangaon-Kazipet (one company), Palvancha-Kothagudem-Khammam (one company), Vijayawada and Guntur (One Company), Vizag (One Company), Nagarjunasagar (One Company) and Hyderabad City (two Companies), from 30th January 1969. The army units were deployed at the above places only to assist the Civil authorities in maintaining law and order under the guidance of the Magistrates. No untoward incidents took place in the places where the army units have been deployed. These army units have been progressively

withdrawn between 11th and 23rd February, 1969. In consultation
with the Director of Public Instruction, a list of Schools
and colleges have been drawn up and police protection in the
premises has been arranged in the city. The Headmasters and Principals can indent on the service of the Police parties posted on the
premises and also contact the Control Room in case of need. Cases
of intimidation of students who want to attend educational institutions
are being immediately looked into and necessary steps are being taken
to ensure that those who wish to attend are given the opportunity to
do so. Similar action has been taken in all other Telangana Districts.
In almost every sizable town of Telangana District, there is a platoon
of special armed police or Central Reserve Police in addition to the
normal police and armed strength of the District concerned.

Sir, about 2,300 persons have been arrested so far both under
the preventive detention sections and under specific offences. 541
cases have been registered in connection with the various incidents
under specific offences and charge sheets have been filed in 187 cases.
269 cases are still under investigation. The Government have no
legal obligation to grant any compensation or even financial assistance
for the damages suffered by the victims in the disturbances or to the
families of the deceased or the injured persons in the police firings.
However, the Government have requested the Collectors to examine
each case of loss sustained by the private persons and submit proposals for sanction of relief by way of loans etc. if necessary. Similarly,
Heads of Departments have been requested to examine the cases of
loss sustained by Government employees sympathetically and submit proposals for sanction of relief by way of loans, etc. As regards the
persons killed and injured in the police firings, the Collectors have
also been requested to examine the financial conditions of the bereaved families of the deceased or the injured persons and submit proposals for granting financial assistance, if necessary. The Collector,
Medak, had already granted Rs. 500 each to the parents of the two
dead who were killed in the police firings at Sadasivpet. The parents of one deceased in the police firing at Gajwel has refused
financial assistance but requested for allotment of land. The Collector
has reported that he is examining the request to make the assignment
under normal assignment rules. As already stated, the Collector,
Nalgouda, has sanctioned Rs. 1,000 ex-gratia to the family of the late
Sr. Rangacharyulu, Deputy Surveyor, who was burnt alive at Nalgonda,
on 27th January, 1969. He has also sanctioned an amount of
Rs 250 ex-gratia to Sri Chandraiah, Clerk of the Industries Department, whom some miscreants have attempted to burn alive at
Nalgonda on 3rd February.

There was partial observance of "Telangana Bundh" on 3rd
March, 1969 in the city and some Telangana Districts like Karimnagar
Adilabad, Nizamabad Nalgonda, Medak etc. etc. The Bundh did
not have any impact in the Andhra area. The Telangana Convention
organised by the students to attain Separate Telangana State was
held on 8th and 9th March and they concluded their sessions.

Now, despite the unprecedented law and order problems created
during this period, the Government had taken very firm measures to
restore law and order and to instil confidence. Every incident
which resulted in the commission of an offence has been and is being investigated and the culprits brought to book.

Therefore, Sir, these are some of the major incidents which I thought I should report to the Assembly. As a result of these incidents, action has been taken against the persons responsible for the acts committed, the culprits have been charged and the facts have been brought to light. Therefore, Sir, these are some of the major incidents which I thought I should report to the Assembly.

1.7 lakhs acres have been assigned in these 2 years to the poor people. Splitting of pittas are in progress. By the end of January 1969 8 lakhs have been disposed of; 4,90,070 sub divisions have been created and the work is in quick progress and it is progressing satisfactorily. I should say. Electrification programme is creating figures. As of 18-66, 1200 electric sub stations electrification work is in progress. In this year 1 lakh 18,000 services have been given out of which 21,000 pump sets have been energised. Tenancy legislation is under consideration. I am glad to say that the Nizam sugar factory has made a profit of about Rs.1,70,000 in 1967-68 and I hope that this year all the co-operative Sugar factories in the State may make a very good showing.
