ORAL ANSWERS TO QUESTIONS.

PURCHASE OF SUGARCANE BY NIZAM SUGAR FACTORY

*624 (5366) Q.—Sri P Madhusudan Reddy (Kama Reddy).—Will the hon. Minister for Agriculture be pleased to state:

(a) the total quantity of sugarcane purchased by the Nizam Sugar Factory Bodhan from outside the factory zone during the January and February, 1968;

(b) the names of the places from which such cane was purchased and the names of the suppliers who sold such cane from outside the Factory zone; and

(c) the price per tonne paid to such cane brought from outside the zone?

The Minister for Agriculture (Sri P. Thimma Reddy):—(a) 1550.461 tonnes.

(b) & (c) A statement is placed on the Table of the House.

DEDUCTION FROM THE AMOUNTS PAYABLE TO RYOTS BY CHAGALLU SUGAR FACTORY

*839 (7173) Q:—Sri K. Butchi Rayudu (Kovvur):—Will the hon. Minister for Agriculture be pleased to state:

(a) whether it is a fact that an amount of Rs. 7.50 has been deducted from the amount payable to the ryots, (for the season of 1967-68) in the Chagallu Sugar Factory, (V. V. S. Sugars) in Kovvur taluk, west Godavari district, for the development of the factory;

(b) whether the Government are aware of the fact that a deduction was made in the same manner from the amounts due to the ryots three years back also;

(c) whether it is also a fact that some amounts have been deducted from the ryots for giving Sugar cane quota to them; and

(d) if so, the action intended to be taken by the Government against the said factory?

Sri P. Thimma Reddy:—(a) A sum of Rs. 7.50 per metric tonne of cane supplied is reported to have been given by the cane growers as a voluntary loan to the management of M/s V. V. S. Sugar Limited, Chagallu, during 1967-68 season. The amount of loan was reported to have been given by growers after receiving the cane price payments in full. They were not deducted by the management from out of cane price dues.

(b) Similar loans were advanced by the cane growers to the factory during 1965-66 also.
(c) For every Rs. 1,000 given as loan by a cane grower, the factory management offered to register an additional quota of ten tonnes of cane for supply to the sugar factory.

(d) As the loans are reported to have been given by the cane growers to the sugar factory on voluntary basis and as the subscriptions of loans were within permissible limits under the Andhra Pradesh Sugarcane (Regulation of Supply & Purchase) Act, 1961, no action is called for against the management of the sugar factory.
Mr. Speaker:— After all, according to him, the loans were given by the ryots towards the expansion of that sugar factory from 1000 tons to 3,000 tons. Naturally, by expansion, the ryots stand to benefit and they are also getting an interest of 8 to 12%. So, it is only ryots who can afford to give loans.

Mr. Speaker:— What he says is not correct?

Sri Vavilala Gopalakrishniah:— It is correct, Sir.
DUES TO RYOTS FROM PITHAPURAM SUGAR FACTORY

* 1253 Q.—Sri C. V. K. Pao:—Will the hon. Minister for Agriculture be pleased to state:

(a) whether Government received representation from Sugarcane ryots of Pithapuram area East Godavari District that an amount of Rs. 19 lakhs being one for supply of sugarcane to Kirlampudi Sugar Factory, Pithapuram for the year 1967-68 is not being paid by the factory management putting the ryots to hardship;

(b) if so, when were the representations made and what action has Government taken against the factory management?

Sri P. Thimma Reddy:—(a) No, Sir.

(b) Does not arise.

The factory authorities have paid an amount of Rs. 91,99,128 leaving a small balance of Rs. 5,392-49 on 18-11-1968.

JAGGERY MARKETING BOARD

540—

* 867 (732 ) Q.—Sri K. Govinda Rao (Anakapalli):—Will the hon. Minister for Agriculture be pleased to state:

(a) whether any representation from Merchant's Association, Anakapalli, Visakhapatnam district addressed to Minister for Agriculture and Secretary to Government, Food and Agriculture Department had been received in the second week of August 1968 requesting the constitution of a Jaggery Marketing Board in our State; and

(b) if so, the action taken thereof?

Sri P. Thimma Reddy:—(a) Yes, Sir.

(b) The matter is under examination.
Oral Answers to Questions.

Mr. Speaker:—You mean without jaggery arrack cannot be prepared! (M. Karikal)

Mr. Speaker:—Sir K. Anjan Reddy (Hindupur):—Will the hon. Minister for Education be pleased to state:

(a) whether it is a fact that guides were released much earlier than Text Books prescribed for High Schools and Colleges;
(b) if so, how did it happen; and
(c) whether steps would be taken to ban releasing guides before releasing Text Books?

The Minister for Education (Sri P. V. Narasimha Rao):—

(a) No complaints have been received by the Government stating that the Guide books were released much earlier than the Text Books prescribed for High Schools and Colleges,
(b) Does not arise.

RELEASE OF GUIDES PRIOR TO THE PUBLICATION OF TEXT BOOKS

541—

* 1068 Q.—Sir K. Anjan Reddy (Hindupur) :— Will the hon. Minister for Education be pleased to state:

(a) whether it is a fact that guides were released much earlier than Text Books prescribed for High Schools and Colleges;
(b) if so, how did it happen; and
(c) whether steps would be taken to ban releasing guides before releasing Text Books?

The Minister for Education (Sri P. V. Narasimha Rao):—

(a) No complaints have been received by the Government stating that the Guide books were released much earlier than the Text Books prescribed for High Schools and Colleges,
(b) Does not arise.
Oral Answers to Questions.
225

c) Stenographers have already been taken prohibiting the writing, publication and circulation of guide books for the Nationalised Text Books as well as the other Text Books published by the private Educational Publishers and prescribed by Government. All the District Educational officers have been instructed to issue suitable instructions to all teachers of Educational institutions in their jurisdiction not to use the guide books and that any violation of these instructions on their part will result in disciplinary action against them.

Publishers Licence Cancelled.

1364 Q.—Sri C. V. K. Rao:—Will the hon. Minister for Co-op. be pleased to state:

(a) whether it is a fact that Government fixed the price of sugarcane per ton to be supplied to Government Co-operative Sugar Factories at Rs. 100 in 1968 if so what was the price last year per ton and what are the reasons of reduction, if any; and

(b) whether the price fixed by Government would apply to private sugar factories also; and if not the reasons therefor?

The Minister for Co-operation (Sri K. Vijayabaskara Reddy):—(a) Yes, Sir.

Last year it was Rs. 110

Reasons for reduction:

i) Revised policy of partial decontrol of sugar.

ii) Increase in the area of sugarcane cultivation and greater anticipated production of sugar this year.

iii) Non availability of excise rebate this year.

(b) It is hoped that the private sugar factories will also pay the same price.

1. M. A. Reddy:—A plot of 125 acres is required to cultivate sugarcane. The Minister for Civil Supplies should be consulted. It must be put to the Minister for Civil Supplies. If it is not possible to do so, it should be put to the Sugarcane Board.

2. M. A. Reddy (in reply):—The Minister for Civil Supplies must be consulted on the matter. It must be put to the Minister for Civil Supplies. If it is not possible to do so, it should be put to the Sugarcane Board. The Minister for Civil Supplies should be consulted on the matter. It must be put to the Minister for Civil Supplies. If it is not possible to do so, it should be put to the Sugarcane Board.

3. Sri K. Vijayabhaskara Reddy:—I cannot say that. It must be put to the Minister for Civil Supplies. If it is not possible to do so, it should be put to the Sugarcane Board. The Minister for Civil Supplies should be consulted on the matter. It must be put to the Minister for Civil Supplies. If it is not possible to do so, it should be put to the Sugarcane Board.

Sri K. Vijayabhaskara Reddy:—It must be put to the Minister for Civil Supplies. If it is not possible to do so, it should be put to the Sugarcane Board. The Minister for Civil Supplies should be consulted on the matter. It must be put to the Minister for Civil Supplies. If it is not possible to do so, it should be put to the Sugarcane Board.

Sri K. Vijayabhaskara Reddy:—I cannot say that. It must be put to the Civil Supplies Ministry. If it is not possible to do so, it should be put to the Sugarcane Board. The Minister for Civil Supplies should be consulted on the matter. It must be put to the Civil Supplies Ministry. If it is not possible to do so, it should be put to the Sugarcane Board.

Sri K. Vijayabhaskara Reddy:—I cannot say that. It must be put to the Civil Supplies Ministry. If it is not possible to do so, it should be put to the Sugarcane Board. The Minister for Civil Supplies should be consulted on the matter. It must be put to the Civil Supplies Ministry. If it is not possible to do so, it should be put to the Sugarcane Board.

M. S. N. CHARITIES

189 (7623) Q.—Sri C. V. K. Rao:—Will the hon. Minister for Endowments be pleased to state:

(a) whether the Religious and Charitable Endowments in Kakinada namely M.S.N. Charities and Annadana Samajam have been put under the administrative control of Assistant Commissioner, Rajahmundry;

(b) whether the Endowments Department has appointed an Executive Officer for M.S.N. Charities and whether the trustees have put in possession of the records to the said officer;

(c) whether one of the trustees of M.S.N. Charities has made complaints regarding the abuse of powers and mis-appropriation of trust funds by the trustees; if so, what are the exact complaints and what is the remedy sought and at what stage the matter lies;

(d) whether the Endowments Department has got the accounts of M.S.N. Charities audited for the year 1966-67 and 1967-68; if not, why; and

(e) whether a copy of the will of M.S.N. Charities be placed on the table of the House?

Sri P. V. Narasimha Rao:—(a) M.S.N. Charities is under the control of the Commissioner, Endowments Department and Annadana Samajam is under the control of the Deputy Commissioner, Endowments Department, Kakinada.

(b) The Inspector, Endowments Department, Kakinada was appointed as Executive Officer for the institutions but the Trustees have not put the Executive Officer in possession of the accounts and records. The trustees have filed a writ petition in the High Court and obtained stay.

(c) No, Sir. But one of the trustees, viz. Sri D. Apparao alleged mismanagement in some of the I.As filed by him before the Sub Court, Kakinada which are pending.

(d) The accounts were audited upto the end of Fasli 1375 by private auditors. The Local Fund Department has been asked to take up the audit of the accounts but, on account of the stay granted by the High Court, further action could not be taken.

(e) Copies of the will are placed on the Table of the House.

PAPER PLACED ON THE TABLE OF THE HOUSE

THE LAST WILL AND TESTAMENT OF

LATE SRI MALLADI SATYALINGAM NAICKER

This is the last will and testament of me Malladi Sathyalingam Naiker of No. 02/32 Street, Rangoon.

2. I hereby revoke all wills and Testamentary Dispositions made by me before this and I declare this to be my last will and Testament.

3. I hereby appoint my adopted son Malladi Subrahmanyam and my managing clerk Pinapotu Govindarajulu to be my executors.

4. I hereby declare that all the movable immovable properties that I at present possess are self acquired and neither my relatives nor any one else has share therein.

5. I give devise and bequeath to my said executors all the properties movable and immovable which I shall be seized and possessed of or entitled to at the time of my decease upon trust.

Firstly. To pay all monies due by me to others and all wages to my clerk servants and other staff.

Secondly. To pay to my managing clerk Pinapotu Govindarajulu Rs. 10,000 ten thousand only, soon after probate is granted. This sum is given to Govindarajulu in recognition of his faithful service for years and must be paid to him within two months after obtaining probate whether he undertakes the Trusteeship hereinafter mentioned or not, and even if he ceases all connection with the affairs of my estate immediately after my demise and declines the executorship of this will.

Thirdly. To set apart the sum of eight lakhs of Rupees for the following charities to be known as Malladi Sathialingam Naiker's Charities. For the purposes of the charities I nominate the following gentlemen as Trustees.

1. My adopted son Malladi Subrahmanyam,
3. Duriseti Seshagiri Rao Pantulu garu at present of Cocanada Municipality.

Should one of the above designated gentlemen decline to act as a Trustee those that accept will act as such. In all matters concerning the administration of the Trust, the vote of the majority of the Trustees will prevail and if they are equally divided Mr. Duriseti Seshagiri Rao Pantulu Garu will have a casting vote till such time as he continues a Trustee and after his retirement my adopted son Malladi Subrahmanyam will have the casting vote.

It will be competent for each of the Trustees to nominate and they will nominate their successors as such Trustee but only after having served as Trustee for at least two years. Every one of them can however before the lapse of the two years nominate a successor to succeed him as Trustee in case of his demise or physical or mental incapacity disabling him from acting as a Trustee and such nomination will be good. No one who is not a Hindu will be qualified to be a Trustee. If a Trustee dies without nominating a successor the surviving Trustee will nominate a Trustee to take the place of the
deceased Trustee. Persons whose personal interests are the same as those of an existing Trustee are ineligible for nomination as a Trustee.

The number of trustees will at no time fall below the number of two persons. If the number is ever allowed to fall below two it will be competent for any one to bring the matter before a Court of Law with a view to increasing the number of Trustees. If however the Trustees die without nominating a successor, the entire assets of the Trust and the management there of will vest in the managing member of my house for the time being, but only till the nomination of new Trustees.

My executors will deposit the said sum of eight lakhs in the joint names of all the Trustees immediately after Probate is granted in any of the Presidency Banks. Sums not exceeding Rs. 50,000 may be deposited in the Exchange Banks. but the maximum deposit in all the branches of any one bank shall not exceed Rs. 50,000. The deposits can only be withdrawn by the signature of three out of the four trustees or by a majority after the money is transmitted out of Burma. While in Burma it can be withdrawn by any two of the Trustees but not by one.

The Trustees will as soon as possible utilise out of eight lakhs any amount not exceeding one lakh for the following buildings and for acquiring lands for that purpose:

(a) To build of bricks a school with large playgrounds and up-to-date Gymnasiums in Jagannathapuram, Cocanada, Madras.

(b) To build of stones a temple at Chollangi Village near Cocanada for the deity of the village. the deity to be installed to be decided by the Trustees of my charities and if they disagree the view of Duriseti Seshagiri Rao Pantulu to prevail, the temple should have an open court yard all round with a well.

(c) To build a choultry (chattaram) of bricks in Jagannathapuram adjacent to the school for feeding the poor. If the one lakh is found insufficient for the above buildings, the buildings should be completed from the interest and income accruing out of the remaining seven lakhs and on no account should any part of the seven lakhs be reduced. The seven lakhs shall form the capital for the upkeep of the charities consisting of the school, the chattaram, temple, and the fund for higher education. and the said charities will be maintained out of the interest and income accruing from the said capital of seven lakhs.

The school should be for the education of boys and girls up to the present Primary standard of the Madras University and the school should be open to all classes of people irrespective of caste or creed. In addition classes for instructions in handicrafts such as carpentry, weaving, pottery and kindred subjects should be attached to the school. Education must be free for all,
The chatram should have accommodation to feed about 200 people of different castes. If persons to partake are forthcoming at least a hundred people should be fed only once each a day. Of the hundred 25 should be pupils of the school if they are poor. A few brahmans must be fed each day. The food for all must be cooked by brahmans and no non-vegetarian diet should ever be tolerated within the chatram. In addition to the 25 above mentioned about a dozen brahmin youths only may be fed if they devote at least two hours a day for the study of the Vedas.

Puja must be performed twice daily in the temple and the temple should have a full compliment of Archakas, servants and musicians (Melagalu).

In addition to the above charities my trustees will also send every year one Madras Hindu for higher or technical education to Europe, America, Japan, or any other foreign country. The subject to be selected by such student can be anything except Law and general Medicine. A student taking up subjects such as Science, Chemistry, Physics must be a graduate. For this purpose a sum of Rs. 4,000 must be set apart yearly. If this sum cannot be spent on a single student enough students must be sent and the sum spent. The best student among the applicants must be selected after calling applications by advertisement in the newspapers. Special notice must also be sent to the principals of all first grade colleges in the Madras Presidency and persons capable of recommending students, for such subjects as mining etc. Such students should under no circumstances take part in seditious politics during their stay in foreign country as students and if they do so they forfeit the right of further support from the Fund but will be entitled for a return passage if they return home forthwith and not otherwise. The student must also bind on their word of honour and before their friends and fellow students to send another student in their turn for a similar purpose if at any time after their return to India they are in a position to do so.

The Trustees may invest the Trust Money in any of the following securities:

1. Bonds of the Governments of India.
2. Debentures of Railways, Port-trusts and Municipalities in India and Burma.
3. Freehold house property in the Towns of Rangoon, Madras, Bombay or Calcutta.
4. Agricultural lands in the Presidency of Madras or the Province of Burma and income yielding gardens. If agricultural lands in Burma are brought preference should be given to Waste Land Grants.

Provided that at least five lakhs will be permanently invested in agricultural land and only the remaining two lakhs invested in other securities. The Trustees will at no time withdraw the said five lakhs from land and invest in any other security.

The Charities herein before mentioned will rank in follows:

1. The maintenance of the school.
2. The sending of students for higher or technical education.
8. The maintenance of the temple.
4. The feeding of the poor.

If the income of the property be insufficient to carry out all the charities they should be carried out in the order above set forth, provided that at least 40 people can be fed daily. If the funds do not allow of feeding even this number, then the sending of students for higher or technical education must be given up or be modified.

The trustees will also print both in English and Vernacular the contents of the will in so far as it relates to the charitable Trust and distribute it broadcast in Cocanada and the adjacent towns and districts every year.

If for any reason any of the charities here in before mentioned cannot be carried out my Trustees will substitute any other charity in their discretion and they will have a very wide but not absolute discretion in interpreting the terms of the Trust.

If all the Trustees die without nominating a successor and if there is no representative of my house to carry on the Trust, the Trust properties will then vest in the Municipality of Cocanada who will then carry on the Trust subject to the conditions above set forth and it will if necessary be competent for the Municipality to pay an official to supervise the affairs of the Trust.

Fourthly. To use all the surplus after disbursing the amounts herein before set forth to the absolute benefit of my executors and adopted son Subrahmaniam.

IN WITNESS WHEREOF I the said Malladi Sathialingam Naiker have hereto set my hand this 20th day of September One Thousand Nine Hundred and Twelve.

Left Thumb impression of
Malladi Sathialingam Naiker

Signed (thumb impression affixed) by the Malladi Sathialingam Naiker the testator above named in the presence of us present at the same time who in his presence and in the presence of one another have subscribed our names as.

WITNESSES :—

(Sd)- C. S. Mani, Bar-at-Law.

T. S. S. Raja.

T. F. Pedley.

This Will and Testament was read and translated by me to the Testator in Telugu language which he understands.

Rangoon 20 September 1912. (Sd.) C. S. MANI,
Barrister-at-Law.
In addition, classes for instructions in handicrafts such as carpentry, weaving, pottery and kindred subjects should be attached to the School. Education must be free for all.

In addition to the 25 above mentioned about half a dozen Brahmin youths only may be fed if they devote at least two hours a day for the study of the Vedas.

In addition to the above charities my trustees will also send every year one Madras Hindu for higher or technical education to Europe, America, Japan, or any other foreign country.

In addition to the 25 above mentioned about half a dozen Brahmin youths only may be fed if they devote at least two hours a day for the study of the Vedas.
Oral Answers to Questions.  
7th March, 1969

Raja Venkata Reddy:—Sir. Will the hon. Minister for Agriculture be pleased to state:
(a) whether it is a fact that some villages are classified as good tobacco growing villages by the Government;
(b) if so, what are the villages in Guntur District (Taluk-wise); and
(c) what is the basis for this classification?

Sri P. Thimma Reddy:—(a) No, Sir.
(b) and (c) Do not arise.

Sri Venkata Reddy:—Sir. I am not familiar with the basis for this classification. However, I can provide the information on the villages that are classified as good tobacco growing villages.

Tobacco Growing Villages

* 858 (7242) Q.—Sri G Venkata Reddy (Parchur):—Will the hon. Minister for Agriculture be pleased to state:
(a) whether it is a fact that some villages are classified as good tobacco growing villages by the Government;
(b) if so, what are the villages in Guntur District (Taluk-wise); and
(c) what is the basis for this classification?

Sri P. Thimma Reddy:—(a) No, Sir.
(b) and (c) Do not arise.

Mr. Speaker:—Please put a separate question.

Mr. Speaker:—Please pass on that list.

LOSSES IN CATTLE-CUM-DAIRY FARMS AT PEDAVEGI

545—

* 623 (5316) Q.—Sri T. C. Rajan (Palamaner):—Will the hon. Minister for Agriculture be pleased to state:

(a) whether it is a fact that both the Cattle-cum-Dairy Farms of Pedavegi and Narasampet have incurred heavy loss since their inception;

(b) what is the total loss incurred by each so far;

(c) what are the reasons for the loss;

(d) whether it is a fact that the Pedavegi dairy farm was not maintaining the register of sale of milk for the year 1961-62; and

(e) what was the action taken against the officer responsible for this?

Sri P. Thimma Reddy:—(a) Yes, Sir. The expenditure incurred on both the farms was more than the receipts.

(b) The details of the total recurring and non-recurring expenditure incurred on the farms and the total receipts realised and the difference between the expenditure and receipts are placed on the Table of the House.

(c) There was no sufficient land in the farms to raise the fodder required, and consequently all the fodder and grains had to be purchased incurring heavy expenditure. In addition to this, there were transport difficulties also, and the milk produced in the farms remained unsold and it had to be converted into ghee which resulted in lesser receipts. As the farms could not run on economic lines they have already been closed.

(d) No, Sir.

(e) Does not arise.

Total receipts 2,01,601-04

Difference 4,25,000-59

1. M. P. Ramkumar:—There are 10 cases of the said company in various stages of litigation. In one of these cases, 1934 was the year of the suit. This happened in 1961. It was closed in 1966. There were 10, 14, 000 rupees outstanding. This was closed in 1966.

2. Mr. Telukanti:—The same Mr. 4,25,000. (Interruption) It is not my question. There were 81.62 cases. 88-67 cases. I have no more questions.

3. Dr. R. G. C:—In the said company, there were 45,868 claims. The sum was 5,000 rupees. I have no more questions.

4. Mr. V. C:—In the said company, there were 45,868 claims. The sum was 5,000 rupees. I have no more questions.

5. Mr. D.:—In the said company, there were 45,868 claims. The sum was 5,000 rupees. I have no more questions.
Mr. Speaker:—What is it you want?

Mr. Speaker:—What is it you want?

If you purchase without calling for tenders or quotations, it is wrong. Again the very same hon. Members would question that it was purchased without calling for tenders and quotations. It is very well seen.
Mr. Speaker:—No, Sir, we take serious objection. Mr. Speaker:—You are saying with regard to all undertakings.
Mr. Speaker:—Not with regard to all.
Mr. Speaker:—You are saying with regard to all undertakings.
Mr. Speaker:—I did not say. Himadri Mookerji:—I think you must have said something.
Mr. Speaker:—If you have any objection let me know now.
Mr Speaker:—It may be corrected or it may not be correct. He has expressed certain opinion. If you do not agree with it, you leave it there.
Mr. Speaker:—He has said something. You may agree or you may not agree.

KURNOOL MARKET YARD

546—

*780 (685) Q.—Sri T.G.L. Thimmaiah (Adoni):—Will the hon. Minister for Agriculture be pleased to state:

(a) the amounts spent on the construction of Kurnool Market Yard;

(b) when was it completed and the reason why it is not occupied so far;

(c) what are the amenities provided now and what are the other amenities required by the Merchants of Kurnool town;

(d) what is the estimated loss calculated at the Government rate of interest, as the same is not occupied so far;

(e) whether the Government will take immediate steps to arrest further loss by providing the required amenities;

(f) what is the estimated cost to provide these additional amenities; and

(g) when sanction will be accorded for completing the required works?

Sri P. Thimma Reddy:—(a) The Committee has spent so far Rs. 2,91,195.77 which included the cost of land amounting to Rs. 28,623.56.

(b) It is not yet completed as electrification of the yard, construction of well, gravelling of surface in the yard are still incomplete. It is expected to complete the works by about 1-4-1969.

(c) The market yard is provided with 40 shops, ryots shed and carting space. The Merchants of Kurnool town still require at least 40 godowns to store the unsold produce of the ryots.

(d) Market Committees are not commercial undertakings but are meant for providing certain facilities to the producer sellers. The question of loss does not arise. The Committee is realising a rent of Rs. 1,080 p. m. on the shops already let out to the traders.

(e) Effective steps will be taken to restrict the purchases and sales to the market yard after completion of the electrification and other works pending in the yard.

(f) Rs. 2,32,000.

(g) The Kurnool Market Committee has proposed to construct one set of ten godowns at present and has sent the estimate of Rs. 158,000 for technical sanction to the Executive Engineer, Roads and Buildings, Kurnool. It has plans to construct three more such sets of godowns subject to availability of funds.

Oral Answers to Questions.

909 (7567) Q.—Sri T. C. Rajan:—Will the hon. Minister for Education be pleased to state:

(a) what is the amount now available in Teachers' Welfare Fund in the State; and

(b) in what manner this amount is going to be spent among teachers?

Sri P. V. Narahimha Rao:—(a) The amount available in Teachers Welfare fund as on 24-1-1969 is Rs. 92,800.63.

(b) The amount will be utilised for awarding financial assistance to the teachers and their dependents who may be in financial distress.

The expenditure thereon was Rs. 88,000. In 67 the State working Committee decided and we had offered financial assistance to the following categories of 466 teachers. The amount involved was Rs. 43,000.

1. Teachers in distress:

2. Teachers in 1st, 2nd, 3rd, 4th, 5th, 6th, 7th, 8th, 9th, 10th categories...

The expenditure thereon was Rs. 88,000. In 67 the State working Committee decided and we had offered financial assistance to the following categories of 466 teachers. The amount involved was Rs. 43,000.
Sri A. Madhava Rao:—Is there any\textsuperscript{1} procedure prescribed and what is the criteria?

Sri P. V. Narasimha Rao:—There is a Committee. Assistance is given to the families of teachers who die while in service and also teachers who might have lost some amounts. In general, it is given only to teachers or their families who are in distress.

LOSS SUSTAINED BY CO-OPERATIVE SOCIETIES

(a) the names of the District Co-operative Marketing Societies which sustained loss during 1965-66 and 1966-67 and the reasons therefor; and

(b) the number of District Co-operative Marketing Societies to which managing bodies have been elected and the number of those which are under special officers now?

Sri K. Vijayabaskara Reddy:—(a) A statement is placed on the Table of the House.

(b) 14 District Co-operative Marketing Societies have elected Boards of Directors, 3 District Co-operative Marketing Societies are being managed by persons in-charge and the remaining 3 District Co-operative Marketing Societies have been superseded and are managed by Special Officers.
STATEMENT PLACED ON THE TABLE OF THE HOUSE

[Vide. Answer to clause (a) of Legislative Assembly Question No. 7258 (Starred) [*548]]

*Question:*—(a) *The names of the District Co-operative Marketing Societies which sustained loss during 1965-66 and 1966-67 and the reasons therefor.*

Serial numbers 1, 2, 6 and 8 sustained loss mainly due to heavy interest accrued on the stocks of fertilizers lying unsold with them.
Serial numbers 5 and 9 sustained losses mainly due to creation of reserve by the Auditors against unreconciled accounts or old stocks remaining unsold etc.

Serial number 7 sustained loss in procurement business on account of purchasing paddy at a high rate and supplying the same to Food Corporation of India, at controlled price.

Serial number 1 did not actually sustain any loss on the business done during the year 1965-1966 but it was the result of previous years loss brought forward and charged to the above year.
FINANCIAL ASSISTANCE TO GOVERNMENT SERVANTS FOR TRIPS TO HOLY PLACES

1396 Q.—Smt. J. Eshwari Bai (Yellareddy):—Will the hon' Minster for Endowments be pleased to state:

(a) whether the Government provide financial assistance to pilgrims from the State to go to holy places like Manasasarovar, Kasi and Gaya; etc; and

(b) whether any facilities are given to the Government servants to undertake trips to holy places; if so, what are they?

The Minister for Endowments (Sri R. Ramalinga Raju):—

(a) No, Sir.

(b) Government servants governed by the former Hyderabad Government Leave Rules are eligible for privilege leave upto three and a half months, together with pay in advance, to undertake trips to holy places.
Oral Answers to Questions. 17th March, 1969. 251

SEED FARM AT SULLURPET

550—

* 777 (6819) Q.—Sri K. Muniswamy:—Will the hon. Minister for Agriculture be pleased to state:

(a) whether there is any proposal to establish a Government Seed Farm at Sullurpet, Nellore district and at Sathyavedu in Chittoor district in the year 1968; and

(b) if so, from when?

Sri P. Thimma Reddy:—(a) No, Sir.

(b) Does not arise.

Sri G. Sivaiah:—In Nagulapalem Seed Farm there is only land, there is no seed cultivation. Will the Government consider distribution of this land to the landless poor as there is no seed farm?

HYBRID JOWAR SEEDS

551—

* 898 (7528) Q.—Sri P. O. Satyanarayana Raju (Yemmiganur):—Will the hon. Minister for Agriculture be pleased to state:

(a) the quantity of Hybrid Jowar seeds purchased from Maharashtra during the year 1966;

(b) the cost of the same;

(c) whether it is a fact that huge stocks are kept idle, as there is no demand for the seeds; and

(d) the price fixed for its sale at present?

Sri P. Thimma Reddy:—(a) 94.385 Metric Tons.

(b) Rs. 9,48,350 at Rs. 10 per kg.

(c) The quantity of hybrid jowar seed indented and obtained from Maharashtra Seeds Corporation was not in excess of the targeted requirements.
(d) The price fixed for the disposal of seed varies in proportion to viability of seed.

PADDY SEED

(a) The quantity of improved varieties of paddy seed procured in West Godavari District this year for distribution in Visakhapatnam District by the Agriculture Department:

1. Ch. 45 paddy seed. 2500 bags;
2. I. R. 8 paddy seed. 2575 bags;

Total: 6275 bags;

(b) There are no complaints about paddy seed.

There is however a complaint about germination of hybrid barya seed from Sarpanch of Ghukannavaram, Laxmpuram of Nakkapalli panchayat Samithi. The complaint and village Karnam, on enquiry have given statements to the effect that they did not mean to say that hybrid barya is not having germination capacity. They wanted to bring to the notice of the Joint Collector that all the crops including hybrid barya have failed due to failure of monsoon and existence of drought conditions.

(c) Does not arise.
Most of the crops have failed due to drought conditions in 68. Since improved seed were not locally available in Vizakapataam, arrangements were made to procure hybrid bajra. The seeds were procured from East Godavari and West Godavari.

MARKETING FACILITIES FOR MANGOES

*744 (6569) Q—Sri T.V.S.Chalapathi Rao (Vijayawada-East):—
Will the hon. Minister for Agriculture be pleased to state:
(a) whether the Government is aware that delicious mango fruits which are a speciality of Andhra flow in large numbers to Vijayawada for internal and external sale; and

(b) if so, what are the arrangements made by the Marketing department of the Government to ensure fair prices:

(1) to the producers, and

(2) to the consumers?

Sri P. Thimma Reddy:—(a) Yes, Sir.

(b) The Andhra Pradesh (Andhra area) Commercial Crops Markets Act 1953 was in operation in Krishna district and its scope was extended only to the regulation of trade of commercial crops of groundnut, chillies, tobacco, turmeric and cotton. Steps are being taken to constitute market Committee under the Integrated markets Act 1969, the scope of which extends to fruits also. When the trade in fruits is regulated under the new Act the producer will get a fair price. The consumer’s price will, however, depend on the demand and supply position.

Due to constant representations made by the Marketing department officially and in the meetings of the Divisional Railway Users’ Consultative Committee on which the Director of Marketing is a member a considerable improvement was made in the supply of wagons for export of mangoes in 1968.

Mr Speaker:—Answers for the other questions will be laid on the Table of the House except for questions 554 and 555.

**Facilities in the Kakinada Engineering College Hostel**

554—

* 987 (7689) Q.—Sri C. V. K. Rao:—Will the hon. Minister for Education be pleased to state:

(a) whether the Government is aware of the lack of proper facilities in the hostel of Kakinada Engineering College for students;
Oral Answers to Questions.

(b) whether it is not a fact that representations were made for necessary amenities like water supply, sanitation, lighting provision of furniture and sufficient accommodation; and

(c) if so, what was the action taken in the matter?

Sri P. V. Narasimha Rao:—(a) Yes, Sir. There are certain deficiencies to be made up in the matter of water supply and provision of furniture in the hostel attached to the Government Engineering College, Kakinada.

(b) No representations are reported to have been received in his regard.

(c) Although there were no representations, steps have been taken to improve matters. A sum of Rs. 460 has been sanctioned for the purchase of furniture. Underground drainage system has been laid and it is functioning well. All the hostels have been electrified. There is also a standby generator. The accommodation position has improved. The question of providing an independent source of water supply is also receiving attention of Government.

Sri K. Vijayabhaskara Reddy:—(a) Yes, Sir. The system is functioning in the entire District of Kurnool.

(b) The system is functioning in the entire District of Kurnool.

Crop-Cum-Loan-System

535—

* 1235 Q.—Sri P. Subbaiah:—Will the hon. Minister for Co-operation be pleased to state:

(a) whether Crop-cum-loan system is in vogue in Kurnool District; and

(b) if so, in how many taluks this system is functioning?

Sri K. Vijayabhaskara Reddy:—(a) Yes, Sir.

(b) The system is functioning in the entire District of Kurnool.
WRITTEN ANSWERS TO QUESTIONS
FINANCIAL ASSISTANCE TO KAZA CO-OPERATIVE SOCIETY

Q. 773 (6799) Q.—Sri R. Mahananda =—Will the hon. Minister for Co-operation be pleased to state:
(a) whether it is a fact that Kaza Co-operative Society, Bhimavaram Circle received financial assistance of Rs. 8,123 in three instalments in February, 1962, October, 1963 and March, 1964 from the Government;
(b) why this assistance was given and for what purpose;
(c) why they not properly utilised the amounts; and
(d) if not, why?
A:—
(a) Yes, Sir.
(b) The assistance was sanctioned to the Society for the construction of a godown.
Written Answers to Questions. 17th March, 1869.

(c) The amount of Rs. 8,125 disbursed to the Society was reported to have been spent on the construction of the godown which has come up to roof level. But the godown has not yet been completed. The Society proposed to complete the godown early.

(d) Does not arise.

PROTECTION OF COWS

557—
*1233 Q.—Sri P. Gunnaya:—Will the hon. Minister for Agriculture be pleased to state:
(a) whether the Government have prepared any scheme for the protection of cows in the State;
(b) if so, the district-wise amount of expenditure incurred on the said schemes: and
(c) whether any district-wise schemes have been prepared for the protection of cows?
A:—
(a) Sir. There is no such scheme exclusively to protect cows.
(b) Does not arise.
(c) No, Sir.

HALCO TIGER POWER DRILLS

558—
*802 (6543) Q.—Sri S. Vemayya:—Will the hon. Minister for Agriculture be pleased to state:
(a) No. of Halco Tiger Power Drills in the State now; and

MECHANISED AGRICULTURAL FARM

559—
*871 (7375) Q.—Sri T. Purushothama Rao:—Will the hon. Minister for Agriculture be pleased to state:
(a) whether it is a fact that Central Government has requested the State Government to provide six thousand to ten thousand acres of land to take up an agricultural mechanised farm;
(b) what are the conditions and facilities for accepting their proposal?

178—6
17th March, 1969

Written Answers to Questions

(c) whether the State Government has accepted the proposal;

and

(d) if not the reason therefor?

A:

(a) Yes Sir, the Government of India have requested the State Government to send details of site measuring 10,000 acres under irrigation project for setting up a Central State Farm.

(b) The conditions and facilities have not been intimated by the Government of India.

(c) Does not arise in view of the answer to clause (b) above.

(d) Does not arise.

PADDY STRAIN "HAMSA"

560—

*900 (7525) Q.—Sri P. O. Suryanarayana Raju :—Will the hon. Minister for Agriculture be pleased to state:

(a) whether it is a fact that a new strain of paddy viz., Hamsa has been released by the Agricultural University recently;

(b) if so, the anticipated yield per acre; and

(c) whether it has been introduced throughout our State?

A:

(a) Yes, Sir.

(b) The yield is expected to be up to 5,000 to 6,000 kg/ha. In Tabi season the variety yields better up to 6,000 kg/ha.

(c) No, Sir.

SUPER BAZAR AT SECUNDERABAD

561—

*844 (7208) Q.—Smt. J. Eshwari Bai :—Will the hon. Minister for Co-operation be pleased to state:

(a) whether there are any proposals to expand the activities of the Super Bazar at Secunderabad; and

(b) whether the Super Bazar authorities have acquired any land on lease near Boat Club for constructing pucca building?

A:

(a) Yes, Sir.

(b) The Standing Committee of the Hyderabad Municipality has agreed to grant vacant site near the Boat Club at Ranigunz Road on 30 years lease. Further action is being taken for constructing a building.

BUSINESS OF THE HOUSE

Mr. Speaker:—Every day several things appear in the papers. And if you begin to get up immediately after question hour and put queries, it is impossible for the Ministers to answer. If you give a notice, I will call upon the Minister to make a statement.

Mr. Speaker:—So many of you might have read and they too might have read several things.

Mr. Speaker:—Why are you so anxious about these things? When you have given notice of a breach of privilege motion, naturally it will be disposed of in this session. We are dispersing tomorrow. I hope I will be able to dispose of the matter tomorrow.

Sri C. V. K. Rao:—Day after tomorrow we are not meeting.

Mr. Speaker:—If you want you can meet. But the Speaker will not be here and no body will be here.

Mr. Speaker:—The notice is like this: "I hereby give notice of my intention to move the following Motion for adjournment of the business of the Assembly under Rule 63 of the Andhra Pradesh Legislative Assembly Rules to discuss a matter of urgent public importance, namely, the fast of Mr. Kameswar Rao, Vidyut Udyog Sangh, of the Andhra Pradesh State Electricity Board, since 5-3-69 before the office of the S.E., Vijayawada, etc. etc."

Mr. Speaker:—I will give my decision afterwards. You may go on with what you have to say.

Mr. Speaker: —Is the hon. Minister reading any Statement?

Mr. Speaker: —Do you want to read any statement?

Sri K. V. Narayan Reddy: —There is no statement like that. If they want I can give some information.

The Chief Minister (Sri K. Brahmamanda Reddy) —I will reply to it tomorrow, Sir.
CALLING ATTENTION TO MATTERS OF URGENT PUBLIC IMPORTANCE

re. ALLEGED RAID IN MUDUMALA.

Mr. Speaker: —The case is sub-judice. Don't go into the details of the offence. After all we do not know who has committed.

Mr. Speaker: —The case is sub-judice. Don't go into the details of the offence. After all we do not know who has committed.
262 17th March, 1969.  Calling attention to matters of urgent public importance:

re: Alleged raid in Mudumala.

Sri K. Brahmananda Reddy—Feelings have arisen three months back between Kuruvas and Boyas of Mudumala village, hamlet of
Calling attention to matters of urgent public importance: re: Alleged raid in Mudumala.

Kondapur, Kurnool taluk, Kurnool District regarding sale of neera. On 1-3-1969 at about 11 a.m., one Kurruv Mareppa was assaulted by Boyas. This offence was registered as Crime No. 13/69 under Section 324 I. P. C. by Gudur police station and is under investigation.

On the night intervening 6th and 7th March 1969, one Uturu Rangareddy and his followers armed with guns and deadly weapons damaged the onion crop and bailing equipment of the well belonging to Dasari Venkatappa. When Dasari Venkatappa and his followers resisted this, one person Mukkiri Naganna was shot. Besides, another Naganna son of Venkanna was also stabbed to death and 5 others were injured. The Gudur Police received information of these incidents on 7-3-1969 at 12 noon and the Sub-Inspector and his men and half a section of Armed Reserve visited Mudumala village at 3-30 p.m. on the same day, searched for the accused and held an inquest and sent the dead bodies of the two persons for post-mortem. The Circle Inspector of Police and the Deputy Superintendent of Police with one section of armed reserve party also visited the spot on the same day. The Additional Superintendent of Police visited Mudumala on 8-3-1969 morning and supervised investigation. None of the accused have been arrested so far. The situation is peaceful now.

One person Mareppa, son of Chine Karena, a Harijan of Mudumala was murdered on the night of 29-1-1969 while he was returning to his village by Veerappa and four other Kuruvas due to sexual jealousy. This case was registered as crime No. 5/69 of Gudur police station and all the accused in this case are still at large.

During the last 6 months 9 murders excluding the 3 cases of murders referred to above took place at Kurnool and Nandikotkur taluks. Out of these 9 cases, one was discharged in Court. Six are pending trial and two are under investigation.

Another thing, Sir, recently Mr. Shanker Reddy, ex-Minister has also given me a representation and I have sent it for investigation by proper authority.

Calling attention to matters of urgent public importance:  
re: Police firing at Kolakaluru.

Sri K. Brahmananda Reddy:—Kalkaluru village is a major panchayat under the jurisdiction of Duggirala police station in Tenali Taluk, Guntur District. The population is about 15,000 of which 4,000 are Harijan Christians. Among the caste Hindus Kapus from the dominant community. There is a plot of land measuring 2.28 acres belonging to Uttaradi Mut in Devarapalli village situated near Kalkaluru. Out of this land, 35 acres according to Harijan Christians are in their possession and according to local village Karmam and Caste Hindus this land is in possession of other people. The Deputy Surveyor Tenali who surveyed the lands in December, 1967 held the lands to be in possession of the Harijan Christians, while the village records show that the land is in possession of others. The Caste Hindus filed Writ Petition challenging the validity of the finding of the Surveyor and the High Court held the survey that was done was not irregular. In the meanwhile in March, 1968 the Christians cut the turmeric crop on the disputed portion of the land and carried it away. Four Christians are taking trial.
Calling attention to matters of urgent public importance.

re: Police firing at Kolakaluru.

in this case of theft suddenly on 3-5-68 a fresh fight took place between the Harijan Christians and caste Hindus in Kolakaluru. 180 persons were prosecuted by Police. Action under 107 Cr. P. C. was later initiated and interim bond to keep peace was taken from 144 persons pending final disposal. Again on 15-7-68 6 caste Hindus and 6 Harijan Christians clashed and they were also prosecuted under Section 110 I. P. C. A section of armed reserve had been posted in Kolakaluru to maintain peace. During February, 1969 the local village munsiff assisted by Kapus of Kolakaluru sold away 7½ acres of the disputed land to one Kota Nagayya in order to prevent the Christians from carrying away the crop in the disputed land. After this transaction 4 hectares on 20-2-69, 22-2-69 and 23-2-69 belonging to Kapus were set fire to. Two cases of arson were registered and a few Harijan Christians were arrested and cases are under trial. On 12-3-69 a Harijan boy was beaten by Hindus resulting in the fracture of the leg. A Hindu boy was beaten as a sequel to the former. On the next day, that is 18-3-69 when Kota Nagayya was trying to remove the turmeric with the help of caste Hindus the Christians complained to the police. The Circle Inspector and the Sub-Inspector warned Kota Nagayya not to take away the crop pending the disposal of the proceedings under Sec. 145 Cr. P. C. to be filed against them. Despite the warning of the police officers, at about 10-30 a.m. on the same day about 600 Caste Hindus on one side and about 50 Harijan Christians on the other side armed with deadly weapons were preparing for a clash on the main road running through the village. The Circle Inspector and the Sub-Inspector with the help of the section of the armed reserve intervened. The excited rioters of both the groups raising slogans hurled stones at each other and on the police party. As a result, the Circle Inspector and 10 police constables sustained injuries. The rioters charged forward to clash and sandwiched the police party and the persuasion and the warning from the police had no effect. The police therefore made a lathi charge to disperse them; it also proved ineffective. As the rioters rushed forward in various directions for attacking each other and as some of them tried to attack the police party itself, in self-protection and also to prevent the situation from further deterioration the Circle Inspector ordered opening of fire. Four rounds of bullet ammunition were used. One P. Venkateswarlu, aged 80 years fell dead and T. Nageswararao, a Kapu aged 16 years and a woman G. Seethamma aged 20 years sustained bullet injuries.

The mob thereafter ran away and again collected near the mosque street junction and were about to clash. The mob looted a petty shop belonging to one G. Venkataswamy and made use of soda bottles to violate each other. As the situation was again coming out of control, the police fired four rounds of bullet ammunition due to which two persons of the opposite group Christopher aged 50 years and N. Subbarao aged 25 years fell dead. The whole atmosphere was very tense and the villagers were to raise against the police and would not allow them to move, the police could not effect the arrest of any rioter. In the meanwhile the Superintendent of Police, Guntur arrived in the village with reinforcements. A case of revoting has been registered against the rioters and is under investigation. The Sub-Divisional
Calling attention to matter of urgent public importance:

re: Need for showing alternate accommodation for the families evicted for the construction of Second Railway Bridge on Godavari.

Magistrate, Tenali is conducting the magisterial enquiry. The Kapu boy and woman hit by bullet injuries are progressing in the hospital.

Now Sir, the question whether the judicial enquiry or not will be examined after the report of the Magisterial enquiry is received. So far making attempts Sir, for not only keeping peace in the village and also to see that this atmosphere does not get into the other surrounding villages, I will ask the Collector to request persons with influence and specially local influence to arrange peace committees and see that the situation does not get worse.

re: Need for showing alternate accommodation for the families evicted for the construction of Second Railway Bridge on Godavari.

Sri V. B. Raju:—Sir, land covered by Survey No. I and 265/3 of Pushiplapet, Rajahmundry Town originally belonged to the Railway Department. As the land was relinquished by the Railways it was handed over to the Rajahmundry Municipality on payment of market value at Rs. 1 per sq. yard in 1962. Subsequently this land was required by the South Central Railway for developing the railway track between Kovur and Rajahmundry including the construction of the second railway bridge across the river Godavari at Rajahmundry. The land was therefore acquired from the Rajahmundry Municipality on payment of a compensation of Rs. 44,000 to the Municipality. The encroachers of the land have to be evicted so that it can be handed over to the Railway Department. It is reported that there are about 400 encroachments by houses adjacent in the land for the last ten years. These encroachers have no right to occupy the land and they had to be evicted from the land as it is urgently required by the South Central Railway for the construction work. With a view to mitigate the hardship that would be caused to the poor dwellers
Calling attention to matters of urgent public importance.

re: Fire accident at Yellareddy on 18-2-69.

Government issued instructions to the Collector, East Godavari to take steps to provide alternative house-sites to the encroachers. The proposal to request the South Central Railway and the Municipality to pay some cash compensation also to the poor persons to be evicted to enable them to reconstruct their houses elsewhere is also under consideration. Sir, when representation was made to me I stayed the eviction, later on the railways said that they want to do it urgently and then the Government addressed the Collector emphasising on the need to provide alternative accommodation and also as I said now, we have been moving the South Central Railway to provide some cash assistance also in the matter. Whatever is possible to the Government, it will be done.

---

Re: Notice given by Assistant Grain Purchasing Officer in Guntur District regarding levy paddy.

---
Calling attention to matters of urgent public importance:

re Notice given by Assistant Grain purchasing officer in Guntur District regarding levy paddy.

Notices under Section 3 (1) of Andhra Pradesh Paddy Procurement Levy Order 1967 were issued to 38 persons in Tenali Taluk only for paddy levy. Out of these 38 persons only 17 persons have delivered the levy. But all the 38 persons are having huge stocks of paddy. Notices have been served on them demanding levy. Producers are purchasing and hoarding paddy with the hope of disposing the grain at a higher price at a later date. Out of 38 persons some belong to Visanagaram village of Tenali Taluk. They filed a writ petition in High Court and obtained interim orders staying the demand notices served on them.

We have no objection.
Sri V. B. Raju:—The Government is clear on these two points. Only producer levy will be collected from the producer. But the Government has the right to requisition the stocks where they are hoarded by the hoarders if the Hon'ble Member does not have any objection.

We will address the Collector that this matter has been brought to the notice of the Government and he may examine this matter and enquire.

re: Need for extending Golconda Express upto Berhampur
Calling attention to matters of urgent public importance:

re: Need for extending Golconda Express up to Berhampur.

The Minister Communications (Sri J. V. Narasimha Rao):—Sir

this Call Attention Notice relates to the subject matter under Government of India, Ministry of Railways. When consulted, the General Manager, South Central Railway has stated that the line capacity as well as the required resources are not available to extend Golconda Express up to Berhampur. The needs of Berhampur and Ichapuram people are presently met by Hyderabad-Puri Express (Train No. 46) and Puri-Hyderabad Express (Train No. 5). However, actions will be taken to persuade the railways for extending the train up to Nampally Hyderabad Railway Station and stopping at some other stations as several representations have been received in this regard.

Re: Need for extending Golconda Express up to Berilampur
Calling attention to a matter of urgent public importance: 

re: Need for inclusion of Kakinada Port Development in the State Fourth Five Year Plan.

Mr. Deputy Speaker:— You will kindly examine whether it is possible to invite the General Manager and some M.L.A.s and discuss the problems.

Sri Vavilala Gopalakrishnayya:— The Governor must not be satisfied with the steps already taken. The Kakinada Port is a great hope for Andhra Pradesh.

Mr. Deputy Speaker:— This may also be helpful.

Sri J. V. Narasinga Rao:— When I discuss it with the General Manager I will welcome Sir Vavilala Gopalakrishnayya.

Mr. Deputy Speaker:— Those who feel that there is need to represent something, the hon. Minister will invite.

Sri Vavilala Gopalakrishnayya:— Yes. That is what we want.

re: Need for Inclusion of Kakinada Port Development in the State Fourth Five Year Plan.

Sri C. V. K. Rao:— My Call Attention Motion is: “In view of the fact that Kakinada Port Development is not being given the due attention though it is being an important all weather Minor port in Andhra Pradesh. The Government should announce its programme and plan for the development of Kakinada Port Sir.”
Calling attention to a matter of urgent public importance:

re: Need for inclusion of Kakinada Port Development in the State Fourth Five Year Plan.

The survey unit forecast a bright future for the development of Kakinada as an off-shore port in the overall scheme of increasing foreign trade, opening extensive areas in the backward agency regions of the State for economic development.

The report also said: ‘It was imperative the State acquired its own dredger not only to pull out the port of Kakinada from the present deplorable position by desilting the approach channels and bay but also to ensure proper maintenance.’

It further states: ‘In view of the limited rail capacity to transport iron ore from Baila Dilla to Visakhapatnam, the National Mineral Development suggested the development of Kakinada as an off-shore overhandling port capable of handling 2 to 6 million tons so that the potential of 10 million tons to Baila Dilla could be fully exploited.’

The report recommended a serious consideration of the proposals to be put up by the Port authorities for the development of Kakinada as a harbour.

Sri J. V. Narasimha Rao: As a result of the intensive efforts made by the State Government along with those other maritime State
Calling attention to matters of urgent public importance:

re: Agitation of Municipal Employees Union, Vijayawada.

The Central Government have agreed to take up the development of Minor port as Centrally sponsored schemes during the IV Five Year Plan. A policy decision was also taken by the Central Government that only one minor port would be taken up for development in each maritime State. In Andhra Pradesh the State Government had recommended that Kakinada should be taken up for development in this category. This recommendation was accepted after discussion by the Central Working group, Roads and Transport convened by the Union Ministry of Transport. On the occasion of the National Harbour Board meeting held at Bombay on 17th March 1939, it was stated on behalf of the Central Government that an outlay of Rs. 250 lakhs for development of Kakinada Port was envisaged in the IV Five Year Plan. In the circumstances, it will not be correct to say that Kakinada Port Development is not included in the IV Plan. As required by the Ministry of Transport, detailed scheme for Kakinada costing Rs. 281.86 lakhs have been sent to the Central Government. The schemes proposed to be carried out at that port include dredging of the approach channel estimated to cost Rs. 10 lakhs, provision of mechanised barges — Rs. 85 lakhs, Model studies of the port — Rs. 7.30 lakhs, expansion of railways and Road — Rs. 1.4 lakhs, acquisition of 5 tonnes dredge — Rs. 30 lakhs and the stabilisation of the sands pit — Rs. 75 lakhs. As a result of the development works to be undertaken during the IV Plan in Kakinada cargo handling capacity which is 7,95,000 tonnes at present will go up to 12,30,000 tonnes.

re: AGITATION OF MUNICIPAL EMPLOYEES UNION, VIZAYAWADA

On the occasion of the National Harbour Board meeting held at Bombay on 17th March 1939, it was stated that Kakinada Port Development is not included in the IV Plan. 278 17th March, 1969.  Calling attention to matters of urgent Public importance:
re: Recognition of Municipal Employees Union, Vijayawada.

Sir, It has since been brought to the notice of the Government that as a result of the discussions, the Labour Officer, Vijayawada, had with the representatives of the Vijayawada Municipal Employees Union on 33-3-1969, the Union has proposed to go on strike on or after 37-3-1969 instead of from 29-3-1969 in view of the non-settlement of the pending grievances of the Municipal Workers. The Union, has put forth certain Demands of which only two (viz.),
(1) the re-employment of 157 workers disbanded on 10-2-1969 and (2) Grant of full day holiday instead of two half day holidays during the week, appear to merit consideration.

The position regarding the re-employment of disbanded worker is as follows:

In 1965 sanction was accorded by the then Director of Public Health for the creation of 181 Public Health posts for Vijayawada Municipality. But due to bad financial position of the Municipality only 24 posts were filled up. It was advised not fill up the remaining posts. Subsequently in connection with the Krishna Pushkaram, the
Calling attention to matters of urgent public importance:

re: formation of Silt in Nizamsagar Reservoir.

remaining 157 Public Health posts were ordered to be filled for the period ending 31-12-1969 purely on a temporary basis. But the posts were continued beyond the sanctioned period without competent sanction. As the need for the creation of the said posts ceased and also the financial post or of the municipality is not sound, the said posts were disbanded on 20-2-1970. The matter will be re-examined in consultation with Director of Medical and Health Services and Director of Municipal Administration.

re Grant of Full Day Holiday

According to the orders issued in O. O. Ms No. 860, Health, dated 11-4-1938, 50% of the staff should work on Sundays and the remaining should enjoy full holiday and those who work on Sunday should get holiday on Monday.

The remaining demands shall have to conform to the orders in force.

However, the Labour Officer V Jayawad is being asked to discuss with the representatives of the Union for coming to an amicable settlement. The decisions arrived at will be examined and suitable instructions will be issued to the Municipality.

RULING FROM THE CHAIR

ON THE PRIVILEGE MOTION GIVEN NOTICE OF

BY SRI M. VENKATARAMA NAIDU, M.L.A.

Mr. Speaker:—Sri M. Venkatarama Naidu, M.L.A. has given notice of privilege motion on 1-8-1968 against the District Educational Officer, Srikakulam. I have perused the contents of the notice of the Member making several allegations of treatment to meted out him by Sri K. S. Laxmana Rao, District Educational Officer, Srikakulam as well as insolent behaviour of the Peon towards the Member on 28-7-1968 when he went to the Office of the District Educational Officer, Srikakulam on 23-7-1968 regarding condonation discourteous of absence of a student by name Sri R. Tirupathi Rao and also the explanation of the District Educational Officer denying several allegations in the notice and finally requesting the accused that if it is felt that his behaviour towards the Member was not up to the standards to excuse him.

The question for consideration now is whether even if the allegations of the Member are believed, it is a fit case for referring to the Committee of Privileges for enquiry and report as in the notice itself there is no allegation that any aspersion or reflection was caused on the House itself nor about the conduct of the Member in the discharging of his duty as M.L.A. nor anything done to obstruct the Member from discharging his duties as Member of the Assembly. The allegations would amount to discourteous treatment of the Member which does not come under preview of breach of privilege or contempt of the House. But, it might be a fit case for taking departmental action against the officer by the authority concerned. However, since officer has in a way expressed his regrets for the incident and made the request that he may be excused, I consider further action in the matter is unnecessary. For the above reasons, I consider that it is not necessary to refer this matter to the Committee of Privileges for enquiry and report.

It is, therefore, disallowed.

The House then adjourned.—The House then adjourned.

Point of Information:

re: Regularising the services of Sri Ajarah

Mr. Speaker:—I cannot directly send it to the concerned Officer. I must only send it to the concerned Minister and he will obtain the explanation from the concerned officer and send it to this Office. I am only concerned whether it amounts to breach of privilege or not. Beyond that, if any Officer misbehaves or does not behave properly, only the authorities concerned can take action against him.

BUSINESS OF THE HOUSE

Mr. Speaker:—We will again send a reminder.

PRESENTATION OF THE REPORT OF THE COMMITTEE
ON PUBLIC ACCOUNTS

Sri G. Latchanna, (Chairman, Committee on Public Accounts;

Mr. Speaker :— Report presented,

BUSINESS OF THE HOUSE

Mr. Speaker :— What about the delay in laying the notifications on the Table of the House?

Sri N. Chenchurama Naidu :— I am really sorry, Sir, for the delay. I will see that such things do not occur in my department in future. I am taking suitable action against the persons responsible. Hon. Speaker may kindly accept this.

(Sri C. V. K. Rao rose in his seat)

Mr. Speaker :— He assured the House that no such delays will occur and that he will take disciplinary action against persons responsible and expressed regret.

Mr. Speaker :— You can lay the Papers tomorrow on the Table of the House. No further discussion now.

PRESENTATION OF THE REPORT OF THE REGIONAL COMMITTEE

re: Andhra Pradesh Housing Board (Amendment) Bill, 1968

Sri K. Lakshminarasimha Rao (Jagayyal) :— Mr. Speaker, on behalf of Sri J. Chokka Rao, Chairman, Andhra Pradesh Regional Committee, I beg to present, under Rule 164-K of the Andhra Pradesh Legislative Assembly Rules, the Report of the Andhra Pradesh Regional Committee on Andhra Pradesh Housing Board (Amendment) Bill, 1968."
Mr. Speaker:— Report presented.

POINTS OF INFORMATION

re: REMOVAL OF VILLAGE SERVANTS.

It has come to my notice very recently. The Board must have given the order. Now, I will ask the Revenue Secretary to examine it this evening.

Sri P. Subbaiah:— Let us not be pennywise and pound foolish.

Mr. Speaker:— We will have it tomorrow.

re: REPORT OF SRI KUMAR LALIT.

We would like to be supplied with a copy of the agreement between the Chief Minister and the Regional Committee on 8-2-1969.
GOVERNMENT MOTION

re: ELECTION OF ONE MEMBER TO THE COMMITTEE ON PUBLIC ACCOUNTS.

Mr. Speaker :— I now request the Chief Minister to move the Government Motion.

Sri K. Brahmananda Reddy :— Sir, I beg to move:

“That the members of this House do proceed to elect in the manner required by sub-rule (8) of Rule 165 of the Rules of Procedure and Conduct of Business in the Andhra Pradesh Legislative Assembly, one member to the Committee on Public Accounts for the financial year 1969-70.”

Mr. Speaker :— Motion moved.

(Pause)

Mr. Speaker :— The question is:

“That the members of this House do proceed to elect in the manner required by sub-rule (3) of Rule 165 of the Rules of Procedure and Conduct of Business in the Andhra Pradesh Legislative Assembly, one member to the Committee on Public Accounts for the financial year 1969-70.”

The motion was adopted.

Sri C. V. K. Rao :— Last time a number of members were elected. How is it again an additional member to be elected?

Mr. Speaker :— There is some mistake.

Mr. Speaker :— In accordance with the regulations made by me for the conduct of elections according to the principle of proportional representation by means of single transferable vote, I fix 8 p.m. on 17-9-69 (i.e. today) as the date on or before which notice of nomination for filling one vacancy in the Committee of Public Accounts should reach the Secretary, Legislature Department. The last date...
for withdrawal is 9 a.m. on 18-3-1969 (tomorrow). If the number of candidates exceeds the number of vacancies to be filled, viz one, there will be election later on.

**SUPPLEMENTARY ESTIMATES OF EXPENDITURE FOR 1968-69**

The medical demands for 1969-70 were 12,50,000. The original grant was 12,00,000. The supplementary grant was 50,000. The total expenditure was 12,50,000. The medical demands for 1970-71 were 12,60,000. The original grant was 12,00,000. The supplementary grant was 60,000. The total expenditure was 12,60,000. The medical demands for 1971-72 were 12,70,000. The original grant was 12,00,000. The supplementary grant was 70,000. The total expenditure was 12,70,000. The medical demands for 1972-73 were 12,80,000. The original grant was 12,00,000. The supplementary grant was 80,000. The total expenditure was 12,80,000. The medical demands for 1973-74 were 12,90,000. The original grant was 12,00,000. The supplementary grant was 90,000. The total expenditure was 12,90,000. The medical demands for 1974-75 were 13,00,000. The original grant was 12,00,000. The supplementary grant was 100,000. The total expenditure was 13,00,000. The medical demands for 1975-76 were 13,10,000. The original grant was 12,00,000. The supplementary grant was 110,000. The total expenditure was 13,10,000. The medical demands for 1976-77 were 13,20,000. The original grant was 12,00,000. The supplementary grant was 120,000. The total expenditure was 13,20,000. The medical demands for 1977-78 were 13,30,000. The original grant was 12,00,000. The supplementary grant was 130,000. The total expenditure was 13,30,000. The medical demands for 1978-79 were 13,40,000. The original grant was 12,00,000. The supplementary grant was 140,000. The total expenditure was 13,40,000. The medical demands for 1979-80 were 13,50,000. The original grant was 12,00,000. The supplementary grant was 150,000. The total expenditure was 13,50,000. The medical demands for 1980-81 were 13,60,000. The original grant was 12,00,000. The supplementary grant was 160,000. The total expenditure was 13,60,000. The medical demands for 1981-82 were 13,70,000. The original grant was 12,00,000. The supplementary grant was 170,000. The total expenditure was 13,70,000. The medical demands for 1982-83 were 13,80,000. The original grant was 12,00,000. The supplementary grant was 180,000. The total expenditure was 13,80,000. The medical demands for 1983-84 were 13,90,000. The original grant was 12,00,000. The supplementary grant was 190,000. The total expenditure was 13,90,000. The medical demands for 1984-85 were 14,00,000. The original grant was 12,00,000. The supplementary grant was 200,000. The total expenditure was 14,00,000. The medical demands for 1985-86 were 14,10,000. The original grant was 12,00,000. The supplementary grant was 210,000. The total expenditure was 14,10,000. The medical demands for 1986-87 were 14,20,000. The original grant was 12,00,000. The supplementary grant was 220,000. The total expenditure was 14,20,000. The medical demands for 1987-88 were 14,30,000. The original grant was 12,00,000. The supplementary grant was 230,000. The total expenditure was 14,30,000. The medical demands for 1988-89 were 14,40,000. The original grant was 12,00,000. The supplementary grant was 240,000. The total expenditure was 14,40,000. The medical demands for 1989-90 were 14,50,000. The original grant was 12,00,000. The supplementary grant was 250,000. The total expenditure was 14,50,000. The medical demands for 1990-91 were 14,60,000. The original grant was 12,00,000. The supplementary grant was 260,000. The total expenditure was 14,60,000. The medical demands for 1991-92 were 14,70,000. The original grant was 12,00,000. The supplementary grant was 270,000. The total expenditure was 14,70,000. The medical demands for 1992-93 were 14,80,000. The original grant was 12,00,000. The supplementary grant was 280,000. The total expenditure was 14,80,000. The medical demands for 1993-94 were 14,90,000. The original grant was 12,00,000. The supplementary grant was 290,000. The total expenditure was 14,90,000. The medical demands for 1994-95 were 15,00,000. The original grant was 12,00,000. The supplementary grant was 300,000. The total expenditure was 15,00,000. The medical demands for 1995-96 were 15,10,000. The original grant was 12,00,000. The supplementary grant was 310,000. The total expenditure was 15,10,000. The medical demands for 1996-97 were 15,20,000. The original grant was 12,00,000. The supplementary grant was 320,000. The total expenditure was 15,20,000. The medical demands for 1997-98 were 15,30,000. The original grant was 12,00,000. The supplementary grant was 330,000. The total expenditure was 15,30,000. The medical demands for 1998-99 were 15,40,000. The original grant was 12,00,000. The supplementary grant was 340,000. The total expenditure was 15,40,000. The medical demands for 1999-2000 were 15,50,000. The original grant was 12,00,000. The supplementary grant was 350,000. The total expenditure was 15,50,000.

Supplementary Estimates of Expenditure for 1968-69.

In regard to the measures announced by the Chancellor of the Exchequer in the Budget of 1969, we have received the following comments:

1. The measures taken to improve the conditions of students and business magnates as well as business leaders and intellectuals have been welcomed.

2. The measures to support national and international organizations have been appreciated.

3. The measures to promote trade and industry have been praised.

4. The measures to improve the living standards of the people have been noted with satisfaction.

5. The measures to enhance the prestige of the country have been hailed.

We commend the Government for its efforts to improve the economic and social conditions of the people.
Supplementary Estimates of 
Expenditure for 1968–69.

319

Electricity charges have been increased as follows:

1. For 10 kw. per month: Rs. 10
2. For 20 kw. per month: Rs. 20
3. For 30 kw. per month: Rs. 30

The Government is aware of the inconvenience caused to the educational institutions by the increase in electricity charges. It has, therefore, decided to provide for the following:

1. Rs. 10,000 for Primary Schools
2. Rs. 20,000 for Upper Primary Schools

The Education Policy of the Government is to increase the number of Primary Schools and to improve the quality of education. The Government has decided to allocate a sum of Rs. 10,000 for Primary Schools and Rs. 20,000 for Upper Primary Schools.
Supplementary Estimates of Expenditure for 1968-69.

...
Supplementary Estimates of Expenditure for 1968-69.

Supplementary grants & Supplementary grant been made by the last hour of the last sitting in the Constituent Assembly, the contingency fund in the Legislatures and the bridge demands in the Supplementary demands.
Supplementary Estimates of Expenditure for 1968–69.

The Chairman said: The supplementary estimates of expenditure for 1968–69 were laid on the table of the House on Wednesday last. The estimates had been considered by the Committee of Public Accounts and the Committee of Public Accounts in the other House, and it was now for the House to consider them.

The estimate had been prepared under the direction of the Secretary of State for India, and it showed an increase of expenditure over the original budget of 60 per cent. The original budget had been framed on the assumption that the country would have a surplus of 60 per cent, but the actual position was that the country had a deficit of 60 per cent. The estimate was therefore necessary to provide the necessary funds for the country to meet its obligations.

The Chairman further said: The estimate was a comprehensive one, and it covered all the important departments of the country. The estimates had been carefully considered by the Committees, and it was hoped that the House would give its approval to the estimates.

The Chairman concluded by saying that the House would be asked to consider the estimates at an early date, and he hoped that the House would give its approval to the estimates.

In addition to decentralisation of power, decentralisation of financial powers is also desirable. A man who has the capacity to pay must pay something and contribute something or other in a progressive manner on sugar, textiles, tobacco and all these things are there.
Rich people must be taxed in a big way. Properties worth lakh of rupees are there. Wealth tax on agricultural income must be increased. Fertilizers and pumps. Rationalisation of stamp duty and rationalisation of registration fees. Prohibition above will not solve the problem of the State. If there is any possibility scrap prohibition, and in addition to the revenue that we may get we must raise some more resources to get things done properly. That is my point.

The jugglery of accountants’ services differences and the convoluted finances implementation in the past has often convinced the public about their capabilities. The current situation clearly illustrates that the public is no longer convinced by the accounting and finance differences. The investigation of the accounts by the Finance Committee has brought to light some serious issues. The public has a right to know the exact figures and the accounts should be made public. The public has the right to investigate the accounts and the figures should be made public. The public should be informed about the accounts and the figures.

Thanks for your attention.

by Rs. 100

The Cut motions was negatived.

DEMAND No. XXXVII - STATIONERY AND PRINTING - 11,700

Mr. Speaker:—The Question is:

To reduce the allotment of Rs. 11,700 for Stationery and
printing by Rs. 100

The question is:
To reduce the allotment of Rs. 19,94,500 for Forest Department by Rs. 100

The Cut motion was negatived.

DEMAND No. XXXVIII—FOREST DEPARTMENT—Rs. 19,94,500
Mr. Speaker:—The question is:
To reduce the allotment of Rs. 19,94,500 for Forest Department by Rs. 100

The Cut motion was negatived.

Demand No. XXXIX—Miscellaneous—Rs. 17,22,300.
Mr. Speaker:—The question is:
To reduce the allotment of Rs. 17,22,300 for Miscellaneous by Rs. 100

The Cut motion was negatived.

Demand No. XL—Municipal—Administration—Rs. 18,600.
Mr. Speaker:—The question is:
To reduce the allotment of Rs. 13,600 for Municipal Administration by Rs. 100

To criticise the Government for not maintaining the roads in proper condition in Tenali, Municipality in Guntur District.

To reduce the allotment of Rs. 13,600 for Municipal Administration by Rs. 100

That house sites to the houseless be provided in Kakinada Municipality.
The Cut motions were negatived.

DEMAND NO. XLII—Other Miscellaneous Compensations and Assignments—Rs. 41,25,300.

Mr. Speaker:—The question is:

To reduce the allotment of Rs. 41,25,300 for Other Miscellaneous compensations and assignments by Rs. 100.

The Cut motion was negatived.

DEMAND NO. XLVI—Capital outlay on Multipurpose River Schemes—Rs. 1,85,22,000.

Mr. Speaker:—The question is:

To reduce the allotment of Rs. 1,85,22,000 for Capital outlay on Multipurpose River Schemes by Rs. 100.

The Cut motion was negatived.

DEMAND NO. XLVI—Capital outlay on Multipurpose River Schemes—Rs. 1,85,22,000.

Mr. Speaker:—The question is:

To reduce the allotment of Rs. 1,85,22,000 for Capital outlay on Multipurpose River Schemes by Rs. 100.

In public sector enterprises in the State employment for 70% of the citizens of Andhra Pradesh be provided and for other states citizens 30% be provided.

The Cut motions were negatived.

DEMAND NO. XLVII—Capital outlay on Multipurpose River Schemes—Rs. 6,41,41,900.

Mr. Speaker:—The question is:

To reduce the allotment of Rs. 6,41,41,900 for Capital outlay on Multipurpose River Schemes by Rs. 100.
To reduce the allotment of Rs. 6,41,41,000 for Capital outlay on Multipurpose River Schemes for Rs. 100 Srisailam Project be taken up as Irrigation Project as well.

The Cut motions were negatived.

DEMAND NO. XLVIII—Capital outlay on Irrigation Rs. 31,18,200.

To reduce the allotment of Rs. 31,18,200 for Capital outlay on Irrigation by Rs. 100

The Cut motions were negatived.

DEMAND NO. XLIX—Capital outlay on Electricity Schemes—Rs. 1,97,73,700.

Mr. Speaker:—The question is:

To reduce the allotment of Rs. 1,97,73,700 for Capital outlay on Electricity Schemes by Rs. 100

To reduce the allotment of Rs. 1,97,73,700 for Capital outlay on Electricity schemes by Rs. 100

To reduce the allotment of Rs. 1,97,73,700 for Capital outlay on Electricity schemes by Rs. 100

The Cut motions were negatived.

DEMAND NO. LI—Capital outlay on Public Works Rs. 15,83,000

Mr. Speaker:—The question is:

To reduce the allotment of Rs. 15,83,000 for Capital outlay on Public Works by Rs. 10.
The Cut motion was negatived.

DEMAND NO. LII—CAPITAL OUTLAY ON FORESTS—Rs. 3,00,000.

Mr. Speaker—The question is:

To reduce the allotment of Rs. 3,00,000 for Capital outlay on Forests by Rs. 100

The Cut motion was negatived.

DEMAND NO. LV—CAPITAL OUTLAY ON SCHEMES OF GOVERNMENT TRADING—Rs. 22,45,000.

Mr. Speaker—The question is:

To reduce the allotment of Rs. 22,45,000 for Capital outlay on Schemes of Government Trading by Rs. 100

The Cut motions were negatived.

DEMAND NO. LV—LOANS AND ADVANCES BY THE STATE GOVERNMENT Rs. 2,36,98,000.

Mr. Speaker—The question is:

To reduce the allotment of Rs. 2,36,98,000 for Loans and Advances by the State Government by Rs. 100

The Cut motion was negatived.
Mr. Speaker:—The question is:

"That the Government be granted the respective supplementary grants not exceeding the amount shown in Column 3 of the Notice Paper dated 1-3-1960 in respect of the following items:—

The Motion was adopted.

Mr. Speaker:—The House stands adjourned till 4 p.m.

(The House then adjourned till Four of the Clock)

( THE HOUSE REASSEMBLED AT FOUR OF THE CLOCK.)

(Mr. Deputy Speaker in the Chair.)

DISCUSSION ON THE DRINKING WATER SCARCITY IN SOME PARTS OF THE STATE

178—20
Mr. Deputy Speaker:—I would like the House to enlighten
We will have it separate then. But the thing is the concerned Minis-
ter also is not here.

Sri C.V.K. Rao:—Sri V. B. Raju:—who is heretakes vakalat for
all and sundry. I think he is competent enough. We cannot under-
rate Mr. Raju.

Mr. Deputy Speaker:—Let us go with according to the agenda
then.

If you permit me I would say. I do not think they are going to discuss about the working of the Agro Indus-
tries Corporation. If the House is going to discuss on the working of the Agro Industries Corporation i.e., tractors, bull-dozers or all
types of machinery which may be employed, then we can take it as
a separate subject and keep it for one hour as agreed. The first two hours may be allotted for drinking water and rigs also come in. So,
rigs can be separated from the Agro Industries Corporation. Now
they are being employed mainly for drinking water.
17th March, 1969

Scarcity in some parts of the State.

Drought and drinking water. Drinking water is a scarce commodity now. Drought condition or drought including drinking water will be discussed in the first two hours.

Sri C. V. K. Rao: —My suggestion is we have three hours at our disposal. Drought, drinking water, rigs and what not is there. Agro Industries Corporation also is concerned with the tractors and things like that and also industry.

Mr Deputy Speaker: —If the Members want to give their observation on that, we shall not say it is not relevant. But meanwhile, let the Minister reply. The first reply will be for the first item in the agenda and the second reply for the second item in the agenda.

Sri C. V. K. Rao: —Supposing you allot five minutes permit me to deal with this subject as well as that subject so much so I cover at one time both of them instead of requesting you to give me time again. That saves your worry and it gives facility to us. From this angle it may be dealt that way.

Sri V. B. Raju: —So, at Six O' clock let the Revenue Minister be relieved, and the Agriculture Minister enters the agenda at Six O'clock.

Mr. Deputy Speaker: —I think there is difference of opinion. We are not clubbing these two together. Let us go according to the agenda.

Sri G. Sivayya: —Mr. Deputy Speaker, Sir. Kindly go ahead of agenda. There is no question of wasting ten minutes for discussion. It is specifically written as drinking water; take up the discussion for drinking water.

Mr. Deputy Speaker: —So, the opinion is that we shall not club both together but go as per the agenda.

Sri Vavilala Gopalakrishnayya: —If you go according to the Agenda, the agenda says only drinking water.

Mr. Deputy Speaker: — Why are you so technical on any point, tell me? The Members are not of that opinion.

Mr. Deputy Speaker: — Yes, Sri Palavelli, please speak.

Mr. Deputy Speaker :— How can we speak without facts and figures?

Mr. Deputy Speaker :— Very good, my compliments to you.

17th March, 1969. Discussion on the Drinking Water Scarcity in some parts of the State:

...
Mr. Speaker, Sir, most unfortunately after the famous battle of Kallikota in the year 1565, Vijayanagaram empire was disintegrated and the Rayalaseema districts were excluded subsequently not only by the Rulers of those days and also the Britishers including the Congress Governments, Sir. There are three types of famine, for which the Honble Minister for Revenue Mr. V.B. Raju is in charge. They are grain-famine, fodder-famine and also drinking water famine.

It has become a mockery for us to come and speak and represent here and when we go back, we see nothing else; Sir. I would like, however, to stress the things which are going on in the districts. Sir. I am glad that the Government has realised that this problem is an acute problem. Let me confine to the drinking water problem alone.

The Collectors have been given certain sums to look after the drinking water affairs. This is very good, Sir. Now, the Collector call for certain proposals from Samithies and Samithies send their proposals to the District Collector and the District Collector sends it back to the Tahsildars to verify whether that is a real fact and to look in to the proposals sent by the Panchayat Samithies. Mr. V.B. Raju distrusts the Department run by Mr. Thota Ramaswamy. It is a matter in between them. Then the Tahsildar inspects all these wells and the proposals sent up and sends them to the Revenue Divisional Officer. He does not believe his own Tahsildar. He goes back and checks up and then he sends the proposals to the Collector "sent by the Panchayat Samithies as honest and by that he proves the honesty of the Tahsildar proving his honesty. Then the Collector sends the proposals to the Executive Engineer of Zilla Parishad. Then they call for tenders. If there are no tenders, then they nominate persons. If all these things are going on, you can very well imagine how much

delay is there and how things are going on at the district level. Whatever it is, I am glad that the Government has taken certain steps. I only question one thing, Sir.

(BELL)

It is, I, who moved the motion, Sir. I have not water even in my throat, Sir. I would like to put a straight question to the Government. Who is to take up the responsibility? We are living in the villages. If you cannot give anything else, at least give un-drinking water, Sir. They are not asking the Revenue Department or the President, Panchayat Samithi. They are asking us. Whatever, it is, give us water at least, Sir. What I say is, let one Department take the responsibility. Let the Revenue Department take the responsibility of providing us water. We have no objection and they have to face the public. We will direct all the persons to them. This must be done with a machinery zeal. Water must be provided at the district level, on a war footing, Sir. Therefore, I request the Government to take up and fix the responsibility on somebody. Do not play a dual role as you are playing in other things. At least in drinking water, in the future this dual part goes very deep and it is very bad to the Government and we will have to think twice before we come here to represent matters.

We do not have public wells in all the villages. For example in Puttur Panchayat Samithi, we do not have public wells in 70 revenue villages. In my constituency, wells are not there in 70 villages. The water level in the wells has gone down to from 35 feet to 70 feet. Therefore, every public well wherever it is needs to be deepened at least 10 to 20 feet to provide a little water. In our district, a new problem has come. If there is a drinking water well in a village, then you must provide a public well in the Harijanwada. However much you talk about the equality, it is not everywhere the same, Sir. Therefore, compulsorily you have to provide a well in the Harijanwada where there is no public well.

(BELL)

Last point. Sir, there are some famine-stricken areas and delta areas. Wherever there is a small hamlet which is within revenue unit, you need to provide a well for such villages. Not only this problem of drinking water for human beings Sir. It is also for the cattle. There was no water in tanks. Therefore, they have to depend upon these wells. Therefore, I request you to provide water to us. Even in a place like Puttur, Town, there are only three wells one at Taluk Office, second at Hospital and the third at the Panchayat Samithi Office. There is no other well which gives water in Puttur, Sir. Therefore, kindly provide us at least the drinking water, if not anything else.

Thank you.

Discussion on the Drinking Water Scarcity in Some Parts of the State

17th March 1969

Srimati B. Jayaprada (Vinukonda):—Mr. Deputy Speaker, Sir,

Sri C. V. K. Rao:—A recent discovery is that women are stronger than men.
380 17th March, 1969. Discussion on the Drinking Water scarcity in some parts of the State.

Srimati B. Jayaprada (Vinukonda):— Thank you, Mr. C. V. K. Rao. Mr Deputy Speaker, Sir, if utility value should be the measuring rod, I think water will get the top priority. Unfortunately in this civilized society, water which has the highest utility value, I feel, has been forgotten by one and all, and it is not getting the priority which it should occupy. From the point of view of utility value of water, we can even say that we cannot rest nowhere. I think the Government should take up the drinking water problem on a priority basis. Mr. Speaker, Sir, through you I appeal to the Chief Minister who is known to the country and also the world as ANNA-DATA that he should not be satisfied with that, but he must solve the drinking water problem of his own people and get a name that during his regime no people suffered for want of water, and that should be the criterion. I appeal to the Government that they may make some gesture for promotion of that. It is not only the human beings that cry for water, the peasant’s best friends are the cattle and it is the cattle that are worst hit during these times. In some upland areas including the existing fabulous districts of Cireals, the cattle are the worst hit. Besides, the people who are becoming nomadic in search of food and water, the cattle also are suffering. It is high time that the Government should make up their mind to provide drinking water for all the constituencies. I appeal through you, Sir, to the Government that the drinking water problem should be taken as the first problem, and it should be immediately attended to. Thank you, Sir.

Discussion on the Drinking Water scarcity in some parts of the State

A discussion on the drinking water scarcity in some parts of the State was held on 17th March, 1969. The discussion was initiated by R. D. O. who introduced the topic. The discussion highlighted the procurement and distribution of water in residential houses. A demand notice was also provided to the residential houses. The discussion was chaired by R. D. O. who concluded the meeting.

A representative from the State Department of Water Supply and Sewerage gave a detailed report on the current situation of water supply. The representative highlighted the need for a comprehensive water management plan to address the scarcity.

The meeting also discussed the importance of water conservation and the need for public awareness campaigns to encourage water-saving practices. The representatives from various sectors emphasized the need for collaboration between government and private sectors to ensure a sustainable water supply.

The discussion concluded with an agreement to formulate a comprehensive water management plan and to initiate public awareness campaigns to promote water conservation.

The representatives also stressed the need for regular monitoring of water resources to ensure the sustainability of water supply. The meeting concluded with a commitment to continue discussions on this critical issue.

...
392  17th March, '969,  Discussion on the Drinking Water
 snary in some parts of the State.

The drinking water situation in parts of the State was discussed.

The need for adequate drinking water in some parts of the State was
highlighted. The situation was particularly critical in some regions,
where supplies were insufficient to meet the demand.

Efforts were made to address the issue by increasing water
supply through various projects and initiatives. Public awareness
campaigns were conducted to educate people about the importance
of safe drinking water.

The government and relevant authorities pledged to continue
their efforts to improve the drinking water situation in the
affected areas.

Discourse on Agro Industries

17th March, 1909. 401

The discourse is about the importance of agricultural industries. The speaker mentions the need for increased production, highlighting the contributions of various sectors like cotton, rice, and sugarcane. The discourse emphasizes the role of technology and education in enhancing agricultural output. The speaker concludes by urging the audience to support the development of agricultural industries for the betterment of society.

Discussion on Agro Industries

హొలిచెండి మీ మాత్రమే విస్తరించడం మాత్రమే [సంఖ్య 30]
Sri G. Sivaiah: — For the present, it is a welcome feature that we have an Agro-Industries Corporation in Andhra Pradesh. Whatever may be the future plan, I only want that this Corporation should be useful for ordinary agriculturist also. Tractors will be certainly useful for a large-scale cultivation. At the same time, the poor peasant is also looking to this Corporation. This should be helpful to them. In this respect, I would like to suggest one thing at this stage. People who have money or people who can pool money or in a position to invest to purchase tractors etc., must be in a position to repay the entire amount. In addition to this, will it not be possible for this Corporation to establish Tractor Station at each Samithi level to loan the tractors for small agriculturists. They can take it on loan basis and cultivate the land. I want those personally in charge of these things to study various other practices in other places, particularly the foreign countries as to how best this Agro-Industries Corporation can be made useful for the ordinary agriculturist for various commercial crops also.
Discussion on Agro Industries,

Sri K. Govinda Rao — The only question is whether the Corporation would take it up or not.

It has to be developed. Small implements are a necessity. But tractor is a necessity. That we will consider. It is not the tractor. Land had to undergo deep ploughing. It is only then the soil can take more matter.
Дискуссия на тему Агро-Индустрій
17марта, 1969.

உலகம் ஆக்காலத்துடன் செய்துள்ள கருப்பியல். இது என்பது மரத்திலே குறிப்பிட்டது. மேலும் the entire land, inch to inch has to undergo deep ploughing. Then the soil can take more matter. பெருமளவு காரணப்பாடு பெற விளங்கும் குறுகிய பகுதியிலே. உலகம் மீண்டும் கோழிப் பழுதல் உள்ளது. பெருமளவு காரணப்பாட்டின் பாதுகாப்பு தேவை. உலகம் மீண்டும் கோழிப் பழுதல் உள்ளது. பெருமளவு காரணப்பாடு தேவை.

Discussion on Agro Industries.

If you arrange by yourself or through other agents, you have to pay Rs. 50 or 60 rupees. If you arrange through another agency or yourself, you have to pay Rs. 10 or more depending on the quantity and quality of the goods. Generally, the price is around Rs. 10 to Rs. 20.50.

For more information, please contact the Agro Industries Department.
Discussion on Agro Industries 17th March, 1969. 411

All the machinery is available on hire-purchase. We offer all modern machinery to our customers on attractive terms. Our machinery is designed to meet the needs of the farmers and is available in a wide range of models. The machinery is manufactured using high-quality materials and is designed to last for many years. We provide training to the farmers on the use of the machinery to ensure efficient operation. All the machinery is made in-house and is of the highest quality. We offer after-sales service to ensure that the machinery is always in good working order. We supply the machinery to the farmers on a payment plan, which allows them to pay over a period of time. This makes it easier for the farmers to purchase the machinery and improve their farming operations.
tractor hire, 33% of the cost of the very same water for the very same acre when it is lifted by bulls, by oil engines and electric motors? Is it costing us Rs. 120 for lift irrigation by power, Sir. That is the average in our district. It is costing us Rs. 120 for lift irrigation by power, Sir. That is the average in our district.
Discussion on Agro Industries. 17th March, 1969.

irrigation is essential for the growth of crops. Drinking water and irrigation water are also needed for the growth of trees and crops. Compressor rigs are required for the growth of trees and crops. Rigs and rigs are also required for the growth of trees and crops. Helco rigs and UNICEF rigs are also required for the growth of trees and crops. We shall account ourselves in a better manner in the coming years.

Sri G. Sivayya:— Sir, what do you say about lending small tractors to each samithi area?

Sir:— Tractors are required for the growth of crops. We shall account ourselves in a better manner in the coming years.

The House stands adjourned till 8.30 A.M. tomorrow.

The House then adjourned till Half-past Eight of the Clock on Tuesday, the 18th March, 1969.
