(3) All the irrigation sources in Telangana except the recently constructed projects should be treated as precarious sources and 25% reduction in land revenue and enhanced rates should be given to them under section 15 of the Act;

(4) Only ryotwari rates obtaining in the adjoining villages should be taken as basis for enhancing the land revenue as per 1967 Act in all these ex-Jagir, paiga, maktha, Sarfekhas, Zamindari etc., villages where survey settlements were not completed and new ryotwari rates have not come into operation;

(5) Splitting of joint pattas should be expedited and necessary staff should be appointed. Meanwhile separate revenue accounts should be prepared with respect to all Hisadars of Joint pattas if Hisadars file a joint statement before the Tahsildar for the purpose and that the concession in dry assessment for all those who pay Rs. 10 and less should be extended to all share holders of the joint pattas;

All the irrigation sources in Telangana except the recently constructed projects should be treated as precarious sources and 35% reduction in land revenue.

Oral Answers to Questions
Whenever a penalty is levied that is on objectionable encroachments, it is not objectionable, then it is changed from Poramboke to Ain and then given patta.
Mr. Speaker:—The notice served by you contains a number of demands—I think 11 demands. If you ask on each such demand what time will it take? I have already allowed 15 minutes on this question. These questions have been frequently coming up before the House—distribution of banjar lands, joint pattas etc. I did give you opportunity to put supplementary. I also allowed Mr. Raghava Reddy to put supplementary.

Sri P. Subbiah:—One more supplementary, Sir.

Mr. Speaker:—If on behalf of the Government any hon. 20h August, 1965. 317
Sri P. Thimma Reddy:—Whether they are really forest lands or not is still a confusion because as Forest Minister in the past I have gone through this. That was a very good arrangement in Telangana. For this programme, district has been taken as the unit and the number of villages proposed for electrification in each district may be of the order of 50 to 70 per year in the order of priority ensuring that each taluk also gets a fair share of the scheme, keeping in view the work already done.

Sri G. Sivayya:—Sir, you were just telling that there is no plan before the Government to start a small car project due to financial difficulties. Will the hon. Chief Minister use his influence with the Tirupati Devasthanam Trust Board to invest some investment for this Small Car Project to build up an industrial complex in Rayalaseema for the Small Car Project?

Sri K. Brahmanna Reddy:—I do not know how much reserves are there for Devasthanam. But, according to the Act, the surpluses of the Religious Endowment can be used only for certain purposes.

Sri G. Sivayya:—We can amend if necessary. What is there?

Sri K. Brahmanna Reddy:—No, Sir. That is a matter, I do not know. That is a very big policy decision. That means the income of the Religious Endowment will become a part of the State money which I cannot just at present say.

Sri G. Sivayya:—Then the Devasthanam itself can start the industry?

Sri K. Brahmanna Reddy:—This might be so in your opinion. But whether the income arising out of Religious Endowments can be used for Industrial Development is a matter which has to be considered.

368  26th August, 1969  Motion on Address by the Governor.

Let me say that we are prepared to say now that we spent more in Telangana. We are least bothered as it is a backward area. They can spend not only 3½% as they are entitled. We have already spent 40% during the recent Five-year plans.
Motion on Address by the Governor.  20th August, 1969.

Let me tell the sacrifices which have been made. Even we are prepared to say it now. Let the Government spend more in Telangana, we are least bothered, as it is a backward area; let them spend not only 33-1/3 per cent to which the Government has spent in the recent Five-Year Plan.

They are entitled to 33-1/3 per cent, but the Government have spent about 44 per cent. This nobody should forget. Should we feel about it? It is a fact the Government have spent 38 per cent. The Government have spent in the second plan period about 35.1 per cent. Did we object? For as the development of Telangana is concerned, this slogan that Andhras are exploiting Telangana and Andhras are obstructing integration of Telangana and Andhra, is a most dangerous slogan. I want Telangana legislators and others to understand the problem, that Andhras have not exploited Telangana and that Andhras are prepared to sacrifice for their development.

What is this? When the Parliament and the Prime Minister announced the terms of reference of Bhargava Committee and when once it has been agreed upon, now it is strange to say that the terms of reference should be changed; now that Committee have completed the enquiry and they are going to submit their report. Why should they change the terms of reference during the pendency of enquiry? Why did they not raise it earlier?

I am directly putting the question. It is the original agreement. It is the whole of Andhra Pradesh and the Legislature of Andhra Pradesh that are entitled to discuss about these finances. Even in regard to services also, they are not entitled. But they can represent and we are not objecting to it. To say, 'you have no right to speak; you are doing all injustices to Telangana,' that is a very bad logic. If you say that we are not to discuss the Telangana safeguards affecting 3 crores of people, is it justifiable on your part to say like that? I feel that it is not desirable at the present juncture to think in terms of widening the terms of reference of Bhargava Committee.

May I request the Government and the Home Ministry in the Government of India not to alter the terms of reference of Bhargava Committee? Where is the necessity? Why did they not raise it even before the enquiry started? There should be a Code of Conduct for all Ministers and the Members of the Legislature.
30th August, 1969. Motion on Address by the Governor.

We are going through a period of transition stage in democracy. I feel, even at least now, the present ministers have to place their properties, their brothers’ properties, wives’ properties, shares in companies, and shares in transport, etc. I request the Government to take this into consideration and place the details of properties of Ministers including Members on the table of the House; It is desirable. The area my area is my area. I congratulate the Revenue Department in this respect for their zeal and temperment in dealing with the situation.
ad if that order it not communicated, let us ask for it. I am telling
the Chief Minister, relief has not gone to them so far. Excepting the
agricultural loans of Rs. 100 for fertilizer, etc after two months the
relief is not much. If at all any agricultural loans are given for
reclamation purposes, it is only 10 percent. I request the Govern-
ment to exp- dite the matter and see that justice is done to the ryots.

Motion on Address by the Governor  26th August, 1969.  379

...
This Assembly has miserably failed. We all have failed. Let us belong to any political party; we have all failed: and because of our failure they have taken up this cause. Can anybody deny this? We are doing political prostitution here. We are not standing by the wishes of the people.

Sri G. Venkata Reddy:—Prostitution’ is unparliamentary.

Sri K. Rajamallu:—It is parliamentary. That is why, I ask, what right we have. Why are the students taking up this cause?
Motion on Address by the Governor. 20th August, 1969. 381

What face have we to charge that the students are taking up this cause? When we failed, when we have no answer and no guts to face the situation, It is right on their part to lead us, to correct us, at the cost of their education. It is their galleys. We have to lead the way. When they lead, it is their duty to help them. If they lead, we have to follow. That is their duty, that is their responsibility.

Mr. Deputy Speaker:—Prostitution is an unparliamentary word.

Sri B. Ratnasabhapathi:—You should not take it in the literal sense.

Mr. Deputy Speaker:—Objection was raised that it is was 'Unparliamentary'.

Dr. T. V. S. Murthy:—It is the context that matters.

Mr. Deputy Speaker:—Let him continue.
20th August, 1969. Motion on Address by the Governor.

Mr. Deputy Speaker:—Do you want him to speak or do you like to disturb his chain of thought?
We can sit around a Table and discuss whether there is any possibility to solve the problem. We can never depend on politicians. Let them belong to any political party—that is how they are speaking. We blame our Ministers and our own people and I hold them responsible and hold the present Government responsible for the whole trouble; More so, I hold the Ministers from this area responsible—Telangana Ministers. Without making much fuss about it if this opportunity is given to Telangana people, golden opportunity given to our Ministers, and if they fail, they will be held responsible for the future consequences and people will not forget and forgive them.

The Governor addressed the House as follows:

I am pleased to address the House today on the occasion of our Independence Day. The occasion is a momentous one, marking the end of a long struggle for freedom and independence. It is a day of great rejoicing and celebration, and we should all be proud of the sacrifices made by our forefathers to achieve this goal.
