Sri G. Siviah:—Sir, it is a vital issue in the districts. I have already brought it to the notice of the Hon. Minister. Teachers who have served for eight years have been ousted and people who have just come out from the institutions have been appointed. It is a vital thing and let the Hon. Minister give a policy statement on this issue. Let him commit on this issue, Sir.
With more emphasis I have brought it to the notice of the concerned Minister. It carries more weight from the Chair than a question from the Members.

Sri P. Subbiah:—We agree, Sir. But the Minister is silent. Shall we take reticence to his half-knowledge?

Mr. Speaker:—Are you not serious about this matter?

Sri T. Ramaswamy:—No, Sir. A temporary teacher or clerk cannot be continued beyond six months unless he gets the permission of the Zilla Parishad. How can he be continued for eight years, Sir?

Sri C. V. K. Rao:—Some administrative instructions have to be given to these Zilla Parishads. The Minister has not answered my point, Sir. Beyond six months are they entitled for relief or not? He has got to answer whether they are entitled for relief or not. When a man's services are being taken he has to be paid some remuneration. Is it not?

Sri G. Sivayya:—Mr. Speaker, Sir. We do not want to say much in this matter. Inspite of the fact this is a vital issue, the Hon. Minister is keeping silent. He is evading. In the districts nobody respects the rules of the Government. What is this Government doing?

Mr. Speaker:—If Sri Sivayya does not respect the rules of the House here, how can he expect the rules to be respected outside?

( LAUGHTER )

Sri G. Sivayya:—I have the greatest regard for the rules.
21st August, 1969.

Oral Answers to Questions.

Mr. Speaker:—Not regard for me but regard for the rules of the House.

It is really hardship to see that people who have put in more than one year are being ousted on the ground that they are not being selected. Please see that all such people who have put in more than one year of service are again reinstated. That is all what we want. The Minister has promised to do it. And I expect him to take a decision before this House disperses.

Sri T. Ramaswamy:—No, Sir. We can't take a decision because to amend a rule, I must give one month's notice.

Mr. Speaker:—Whatever it may be, this matter has been hanging fire for the last one year or so. This was raised in this House in the shape of, I think, Short notice question and also I think notice unless Rule 74 was given. For more than one year, it has been pending.

CHILDREN'S IDEAL SCHOOL, KAKINADA

126—

*959 (8530-V) Q.—Sri C. V. K. Rao:—Will the hon. Minister for Education be pleased to state:

(a) whether the privately managed Children's Ideal School, Kakinada is making an exhorbitant collection of rupees fifty onwards from each student for admission and more for first standard onwards and if so, whether this practice of illegal collection be put an end to and the burdened parents be reimbursed of the amount so collected;

(b) whether it is a fact that the educational authorities have withheld the recognition of the said School for malpractices; and if so, whether it is not a penalisation of the parents and students for no fault of theirs;

(c) whether the Government is prepared to take necessary action against the management for violation of the Societies act under which it is registered and whether the required amount for the school is deposited; and

(d) whether the Government is willing to put management under proper check up and control by the educational authorities?

The Minister for Education (Sri P. V. Narasimha Rao):—

(a) From the report of the District Educational Officer, Kakinada it seems to be a fact that Rs. 50 is being collected from pupils at the time of admission, presumably on a voluntary basis.

(b) Temporary recognition only has been granted to the School till the end of the school year 1968-69 by the Director of Public Instruction to avoid hardship to the students who have to appear for the X Class examination this year.

(c) and (d) Violations of the Societies Act by the management referred to by the Hon. Member are not known. However certain conditions have to be fulfilled for recognition of schools including the creation of an endowment of Rs. 35,000. The
Management has created an endowment of Rs. 5,000 only so far.
While granting temporary recognition to the classes till the end of the academic year 1968-69, the Director of Public Instruction informed the management as below:

"The management should immediately rectify the following defects."

1. Adequate and suitable paccy accommodation should be provided.
2. Separate sanitary convenience should be provided for boys, girls and the staff.
3. Adequate furniture, science appliance and other teaching aid should be provided.
4. The Library should be enriched with adequate number of reference books to the staff and students.
5. Five acres of play area should be provided and made fit for use.

The management should create the balance of endowment of Rs. 30,000 immediately in the Joint names of the District Educational Officer and the management. The strength in high school classes is uneconomic and it should be improved.

The correspondent is informed that the Director reserves the right of withdrawal of recognition to the school at any time without notice if any complaint of any further increase in the rates of tuition fees than what are charged during 1968-69 or collection of donations at the time of admissions are received against the Management.

The reply of the management is awaited. In addition to non-creation of the required endowment the Levy of fees at Higher than the prescribed rates and the refusal of the management to comply with the Director of Public Instruction's instructions in this regard called for effective action.

Sri P. V. Narasimha Rao: —We have issued a show cause notice. In the next few days we are expecting a reply. If we don't get a reply, we will take action.

(a) whether there is any proposal with the Government to establish Dairy Farm at Varadayapalem, Chilamathu of Satyavedu Taluk, Chittoor District;

(b) if so, when; and

(c) if not, the reasons therefor?

The Minister for Agriculture Sri K. Venkataram: (a) No, Sir.

(b) Does not arise.

(c) There are no proposals to open new Government Dairy and Livestock Farms in the State as the existing farms serve the requirements of breeding, Extension, research and training. The Livestock Farm at Pulmaner which is under the control of Andhra Pradesh Agricultural University serves the needs of the two villages at Varadayapalem and Chilamathu of Satyavedu taluk in Chittoor district.

Sri S. Vemayya:—Will the hon. Minister for Municipal Administration be pleased to state:

(a) whether an extent of Ac. 52.916 has been acquired for the purpose of installation of a sewage farm under the Nellore Drainage Scheme in pursuance of G.O.R. No. 601, Municipal Administration, dated 14th June, 1965;

(b) if so, the reasons for the delay;

(c) whether it is also a fact that land acquisition proceedings were withdrawn subsequently as per G.O.R. No. 614, M.A. dated 18-6-1965; and

The Minister for Municipal Administration (Sri N. Chenchurama Naidu):—(a) Yes, Sir.

(b) Though the requisition for acquiring the land was originally received in September, 1959, the land was actually handed over to the municipality after its acquisition on 25th April, 1966. The following are the main reasons for the delay:

(i) It had become necessary to inspect the lands by various Officers in connection with the desirability or otherwise of acquiring the land covered by valuable fruit-bearing trees and pucca houses in certain survey numbers of the land.

(b) if so, the extent that is localised; and

The Minister for Irrigation (Sri S. Sidd. Reddy);— (a) (b) and (c) A Statement is placed on the Table of the House.

STATEMENT LAID ON THE TABLE OF THE HOUSE

(With reference to L. A. Q. No. 1834 (Starred) [*132]*)

(a) The June, 1944 Agreement between composite Madras State and erstwhile Hyderabad State related only to the partial utilisation of Tungabhadra waters at Mallapuram equally between them. The details of utilisation of waters on either flank in their respective states did not come under the purview of the Agreement.

Under the Left Bank Low Level Canal the erstwhile Hyderabad State originally considered for inclusion in the ayacut, areas in Alampur and Gadwal taluks of the old Raichur district and now forming part of the Mahaboobnagar district in Andhra Pradesh. Consequent on the States’ Reorganisation, the left half of the dam and the left bank low level canal were transferred to Mysore State. The Mysore Government have restricted the ayacut under the left Bank Low Level Canal to its own territory. The question of getting a proportionate share of Tungabhadra Left Bank Low Level Canal waters to benefit areas of Alampur and Gadwal taluks which have become part of Mahabubnagar district in Andhra Pradesh is under correspondence with Mysore Government and also Government of India.

Oral Answers to Questions. 21st August, 1969.

(c) Yes and also keeping in view the population of the village or villages served by each of the fair price shops.

(d) There were proposals from Collector, Anantapur to increase the allotments particularly of rice but in view of over-all low stock position in the State the Collector was requested to manage with the stocks of rice supplied by supplementing those of milo and wheat.

(e) Fair Price Shops were opened wherever there was real need and food grains supplied according to availability of stocks.

Sri M. B. Raja Rao:—There should have been the supply especially in view of the fact that it is a famine-striken area. At least food grains are not available readily. They cannot survive because there is no labour, no employment and no food. At least the Government should supply the food grains at cheaper rates. There is no reason why the Government refuse Collector’s request, Sir.

Sri A. Sanjiva Reddy:—The question is regarding 1968. But this regarding 1969, Sir.

(Interruptions)

Mr. Speaker:—I am extremely sorry. I am not going to allow any supplementaries.

(a) The Guntur Co-operative House Construction Society Limited, Guntur is working on profit since the last 3 years, i.e., from the year 1965-66 onwards.

(b) It is reported that the audit report of the Society for the year 1966-67 has not been received in the Society so far. The proforma balance sheet of the Society as on 30-6-1967 disclosed a profit of Rs. 8980.18. The profit of the Society as on 30-6-1968 is estimated at Rs. 337.11.
(c) There was no deterioration in the financial position of the Society after the Departmental Secretary withdrawn from 24.1.1962. The Society was superseded with effect from 11.5.1967 not because of the deterioration of the financial position but due to administrative grounds as majority of the Directors have resigned.

(d) The Society is financed by the Government only. The amount due to Government by the Society as on 30.6.1968 stood at Rs. 612,681.14 towards House Construction loans. The amount due by the members as Hire Purchase loans as on 30.6.1968 stood at Rs. 6,37,541.42.

471  21st August, 1969.  Motion on Address by the Governor

It was warranted. You were forced to lay the Kumar Lalit Report. Government has always the power to consider not only this report but any other report and then come to conclusion. But in this case, the situation warranted to place it before the Assembly, and, therefore, you placed and you had to place. But you now say that it need not have been placed and there was no necessity to place it.

Sri K. Brahmananda Reddy:— At that particular time.

Sri P. Subbaya:— It was warranted to be placed before the House.

Sri K. Brahmananda Reddy:— At that particular point of time, whether it was warranted or not, there was no necessity for the Government to bring it here. The Government, after considering the report and after taking a decision, or before taking a decision, could have come to the Assembly.

We have been representing to the Government. But this Government has no courtesy to say a word about Rayalaseema in the Governor's address. You allow us to suffer due to chronic famine.

Mr. Speaker—Mr. Sivayya has raised one point and I am asking the Chief Minster to reply.

Government Bill:

Sri T. Rama Rama — I assure the House that I will place it before the House.

They should not repeat it again.

I will place it before the House.
Government Bill:

21st August, 1969.
Sri G. Sivayya:—There must be reasons and objects to amend or to further amend an Act. When I just go through the objects here, I really wonder how this amendment has been brought before this House. What are the objects here? The Government has already got power to extend the period for six months. They want further six months. What are the reasons? Why do they want that power to be extended? Is it to enjoy power or is there any specific reason to extend that period? You can see, Mr. Deputy Speaker, there is no reason assigned in the Statement of Objects and Reasons. It is merely stated “As ordinary elections to Gram Panchayats due in May, 1969 had been postponed the term of office of the existing members of Gram Panchayats, the Sarpanchas and Upa-sarpanchas had to be extended upto June, 1970”.

Why it has been extended, why it has been postponed nothing has been stated here. Therefore without knowing the Objects and Reasons of the Government, why should I...
think in terms of supporting the Government in respect of this amending Bill. The Government ought to have come forward with the

Now there are two things which I want to stress. I assume that the Government wants power to extend the period till one year perhaps due to the Telangana Agitation or some agitation elsewhere. There may be some agitation, but on account of that they need not be afraid of the people and go an extending time,--because the Samithis or Zilla Parishads have got statutory and executive powers to execute certain things. What is the Government at the State level and what is the Government at the Samithi level. To my mind, the Samithis and Zilla Parishads, as far as we are concerned, are more powerful in the districts than the Government itself. We are not bothered about what is happening in Hyderabad or State capital but we care more for the Samithis and Parishads which have got more power at the local levels. Therefore when such executive and statutory powers are given to the Samithis and Zilla Parishads why should we extend for one year now? I can understand due to the Telangana agitation these elections have been postponed but they may be postponed in this area; where is the necessity to postpone in the other area. There must be some reason for a Bill like this. I don't want that the Government should take a dictatorial power in this manner. Already you have done it. All right, we agree but why do you want further six months. That means, we are unnecessarily interfering with the powers given to Zilla Parishads, etc. We do not know what type of set-up we are going to have. Therefore it is not good to extend from six months to another six months-total one year. Very good, the Parliament may also pass an Act that instead of 5 years they can have 25 years as the term of M.Ps Is it justified? No. If we have power to extend the period from 5 years to 10 years, are we justified? No. Therefore, in that view, it is not good to extend the time for more than six months.

There is one more thing a dangerous thing, Sir. Here it is said "Provided that the Government may, by notification, for sufficient cause which shall be stated therein, direct that the said term of five years be extended up to such date as may be specified in the notification, such date being not later than one year...". That is over, Another point is: "...the Government may, from time to time, by notification alter such date and fix another date instead...". Why, Sir. Now, under this provision the Government can fix a date and by another notification they can change the date. What for? This is nothing except keeping dictatorial power in the hands of the Government for their political ends.

Sri T. Ramaswamy:—All that is within a period of one year.

Sri G. Sivayya:—I agree; within that one year you can fix a date for elections and if it does not suit the Government for obvious reasons they may change the date by notification. That means you can go on changing within that one year period if it does not suit you for various reasons; you can simply change. That is how a Government like this will say. We have been experiencing this,—that when
the Government feels that they cannot push their own party candidate immediately, they can change the date. When the Government assumes power or obtains power from the Assembly, they can do as they please. That is our experience. Once the Government fix the date, they should not have the power to change. Where is the need to change. If any local thing comes, we will see later. Therefore I oppose this Bill. To get rid of these difficulties the best thing would be to refer the Bill to a Select Committee.
Government Bill:

Government Bill:
21st August, 1969.

Due to drought conditions prevailing and disturbances and reorganisation of panchayats. What is the object of this amending Bill. What are the proposals of the Government. For what purpose has the Government postponed the elections. This has not been stated anywhere in the present Bill. The question is whether it is due to the present agitation or one to the reorganisation of panchayats or what is the reason? The object has not been mentioned anywhere in this Bill. Now, on the other hand, Sri Vavilala has expressed—

Are you going to see that the reorganisation of panchayats is taken up, whether you are going to accept Vengal Rao Report. Are you going to see that the disturbance in Telangana subside—any one of these causes may be there. Of course, I would request the Government to consider the following aspects. Due to the agitation and disturbances, please see that a solution is found. Secondly, the reorganisation of panchayats is a long-pending issue. Please make a note of it and see that the reorganisation of panchayats is done immediately. If these issues are discussed in Vengal Rao's report please consider whether there is any possibility of accepting the proposals made by that Committee. So without the objects being placed before the House, I thoroughly oppose this Bill. May I request the Minister to make note of the points made out by me for future guidance while piloting this Bill.
Government Bill:

The Government is justified in postponing the elections. It is advisable to hold them in 1970 for better results. The people of the state have faith in the government's decision.

The Andhra Pradesh (Andhra Area) Tenants and Ryots, Protection (Amendment) Bill.  50.

Sri G. Sivaiah:—I am in support of Sri Vavilala Gopalakrishnayya’s suggestion. It is better to make it like that. Let us take our own time. Nothing is harmful.

Sri C. V. K. Rao:—I would like to know what are the estates that are to be taken under this Legislation and how many of such estates are under litigation and why is it in the statement of objects and reasons it should have been specified so; for two years it is extended. Does it mean, because all of them are under litigation, all the estates have been taken over under this piece of legislation and then some of the estates have gone to Court of law and they have got to be decided. Whereas it is being extended. But this is not the way as to how the Government should act. If in the provision a particular matter has to be stated you do not extend the entire act. You only take time in order to have it according to the provision of the particular Act. If this is so, this piece of legislation has to be enforced for that because the litigations have to come to the High Court. The Government should also expedite. Therefore we want clarification from the Minister as to how many estates are there still to be taken, how many estates are there whose matters are there before the Courts of law.
