OFFICIAL REPORT

ANDHRA PRADESH LEGISLATIVE ASSEMBLY

Thursday, the 28th August, 1969.

The House met at Half Past Eight of the Clock.

(Mr. Speaker in the Chair)

ORAL ANSWERS TO QUESTIONS

Mr. Speaker—Question No. 211.

211. Has the portfolio been handed over to the Deputy Chief Minister?

Mr. Speaker—Let him have that satisfaction for one day.

212. Why?

213. Has the portfolio been handed over to the Deputy Chief Minister?

Mr. Speaker—It is only on account of some inconvenience, the Minister for Irrigation has been asked to answer by the Chief Minister.

J. No 275 (159)
Sri B. Ratnasabhapathi:—Is it a temporary arrangement or a permanent arrangement? Then, the Deputy Chief Minister should answer all questions concerning Excise and Prohibition.

Mr. Speaker:—So far as co-operation is concerned, I think for the entire session the Chief Minister has asked the Minister for Finance to answer the questions, and he has taken my permission. For today, he said he would not be able to be present and he had requested the Deputy Chief Minister to answer on his behalf and the Deputy Chief Minister in turn has delegated those powers to the Minister for Irrigation. Anyway, I will see that such things do not occur.

(d) if so, what is the total amount given by above departments;

(e) what are the total outstanding arrears from all the pilot scheme villages; and

(f) when will the Government collect the same?

(a) M. Narasimhapuram and Narasamma village of Cuddapah Dist., and Narasimhapuram village of Mahabubnagar District were selected for the Pilot Projects for the development of Gramdan villages in consultation with the Collectors on the basis of the recommendation of the Bhoodhan and Gramdan conference held in September, 1958.

(b) The total amount sanctioned for the various schemes in these villages was Rs. 45,000 as loan and Rs. 30,000 as grant. An amount of Rs. 21,120 was spent under loan and Rs. 21,151 was spent under grant.

(f) The Collectors, Cuddapah and Mahabubnagar have been requested to recover the amounts and their reports are awaited.

I will have to get the information.

Sri P. Subbaya:—What are the reasons?

Sri Vijaya Bhaskara Reddy:—The reasons are obvious that no work was done. The matter was reviewed at the District level and they said there was no purpose in allowing these developmental works with this committee and better the panchayat committees are handed over. That has been accepted by the Government.

In all the 3 gramdan villages, there was no activity at all after the years 56-57 to 59-60. The purpose for the development of gramdan villages proved to be a failure and was discontinued, even after the first appraisal of the working of these projects, the material supplied to the 3 gramdan villages and still traceable may be transferred to the Panchayat Samithies concerned for proper utilisation. The Panchayatraj Department may in consultation with the Collectors concerned examine the liability of the individuals to whom money was given and those names should have been mentioned in the loan record files for the recovery of the unspent grants and for summary recovery of the loans.

FINANCIAL ASSISTANCE TO MADANAPALLI TUBERCULOSIS PROJECT

(a) whether it is not a fact that 18 members of the Legislative Assembly, 2 members of Legislative Council of Andhra Pradesh and 2 members of the Parliament and 2 Chairmen of Zilla Parishads in Rayalaseema area have submitted a joint memorandum to the Chief Minister of Andhra Pradesh at Anantapur on 11-8-1968 regarding grants and financial assistance from the Government of Andhra Pradesh to the Madanapalli Tuberculosis Control Project, Chittcor, District; and

(b) if so, what action was taken on the said memorandum?

The Minister for Health and Medical (Sri M. Ibrahim Ali Ansari):—

(a) Yes Sir.

(b) The request was examined. In view of the acute financial position of the State, the request of the sanatorium could not be complied with in full. However, an amount of Rs. 3000 as grant-in-aid was sanctioned for the current year in addition to other recurring grants which the institution is already in receipt.

Sri G. Sivayya:—What are the main points that have been brought out in the memorandum submitted to the Chief Minister on that date? Is the Government aware that this unit is serving the entire area? The amount granted by the Government is very meagre; a begging sum, which they may not like. Has the Government realised it?

Sri Mohammad Ibrahim Ali Ansari:—As it is, an amount of Rs. 1.55 lakhs is being given to the sanatorium as grant every year. Besides this, they wanted an additional grant of 1.58 lakhs to make up the deficit, plus Rs. 2.00 lakhs, which, due to our acute financial position, we could not give.
Sri G. Sivayya:—You will never improve your financial position. The tuberculosis centre there is a very important one, serving the whole area for the past so many years. It is a very famous centre in India. You say you have no money. When are you going to have money? I do not think you will have ever money.

The long association with him, Sir, makes us speechless to say more. We send our condolences to his bereaved family and pray God that they be given strength to bear this irreparable loss.

The question is:

"That this House places on record its deep sense of sorrow at the demise of Sri Maqdoom Mohiuddin, a former Member of the Andhra Pradesh Legislative Assembly and conveys its deep sense of sympathy to the members of the bereaved family."

The motion was adopted nem con all the members standing in silence for one minute.

BUSINESS OF THE HOUSE

Sri C. V. K. Rao has given a notice of breach of privilege, i.e., with regard to the conduct of some of the Members in the Assembly on the 14th when the Governor was reading the address. May I tell you one thing? I do not know whether you are really pressing this notice. Personally I feel that it is better that we should ignore certain things than take serious notice of it and make much about it.
Mr. Speaker.—Your position you have already explained in your Notice. My advice is—not only to you but also to other members of this House—to ignore this incident. It is better to ignore this incident than to take serious notice of it.

Dr. T. S. Murthy:—I agree.

Sri B. Ratnasahapthi:—I agree.

Mr. Speaker:—But this we will be doing more disservice than doing service.

Sri C. V. K. Rao:—The good spirit in it should be understood. There is a good spirit in this thing. There is nothing that is wrong in this.

Mr. Speaker:—You have given notice of breach of privilege. That means you want to take cognizance of the conduct of those members and then give my ruling. Is it not so? But personally I say it is better for all of us to ignore that incident and not to take serious notice of it. There seems to be that opinion in the entire House.

Sri C. V. K. Rao:—That is true. On the breach of privilege it is just to draw the attention of the House. At the same time...

Mr. Speaker:—Where is the question of drawing the attention of the House because all the members present knew about it. The members who did not present on that day might have seen the newspapers the next day.

Sri B. Ratnasahapthi:—In reference to the wishes of the Speaker we request Mr. C. V. K. Rao to withdraw it.
Mr. Speaker:—I do not think there is need for any further discussion. So, I am disallowing it.

POINT OF INFORMATION

Mr. S. eaker:—I do not think there is need for any further discussion. So, I am disallowing it.

Sri K. Vijayabhaskara Reddy:—Sir, in addition to that we are preparing a note for the information of the Members and we will circulate it.

Mr. Speaker:—I will consider about the need for discussion. In the meanwhile I will ask the Minister to make a few copies of the Report available to the Members. And he said they are preparing a note also. After that I will consider whether any discussion is needed.

Sri K. Vijayabhaskara Reddy:—Immediately I make one copy available and afterwards I will make some more copies available.
CALLING ATTENTION TO MATTERS OF URGENT PUBLIC IMPORTANCE

re:—Deplorable condition of the Municipal workers.

Sri N. Chenchurama Naidu:—The sweepers and scavengers working in Municipalities are being paid salaries as per orders issued by the Government which are more than that fixed under Minimum Wages Act. Further in view of recent revision of pay scales of the Government Servants, the question of revision of pay scales of the Municipal employees is separately under consideration of Government. Additional posts of scavengers and sweepers are sanctioned as and when proposals are received basing on the requirements and financial position of the respective Municipalities. As regards the supply of uniforms they are eligible for two pairs of dress every year, which is being supplied by the Municipalities. They are being granted leave of 5 days without M.C. and 30 days with M.C. for each year of service. Provision also exists for grant of maternity leave to female scavengers and sweepers.

Employment and Promotion:

As per rules relating to the qualifications and recruitment of inferior servants, the menials paid from contingencies are also eligible.
Papers laid on the Table of the House.  20th August, 1969.  209

for appointment to the post in inferior service viz., peons, provided they satisfy the other conditions specified in the said rules.

**Housing Facilities**

When available each worker is being provided with a house in colony constructed for them. Under Centrally Sponsored Schemes, subsidies are being given to Municipal Councils for construction of houses to sweepers and scavengers at Rs. 750 per house. (Any amount over and above the ceiling, cost has to be borne by the Municipalities concerned)

So far an amount of Rs. 14,42,900 has been released to Municipal Councils from the year 1961-62 onwards, including ex-Mahboobabad Town Committee (1962-63). Out of a target of 1942 houses, 559 houses have been constructed and allotted and 106 houses are under construction.

**MEDICAL FACILITIES**

As regards medical treatment most of the Municipalities have their own hospitals and they can avail the medical facilities therein or in Government Hospitals.

The Municipalities have been advised to provide the following facilities to Public Health workers in addition to the above:

1. Supply of screening pads for noses to scavengers.
2. Supply of necessary buckets for the removal of night soil.
3. Provision of one night soil cart and one rubbish cart for each ward.
4. Provision of closed buckets and scrapers to remove night soil.
5. To provide 350 gms. of coconut oil and half bar soap per month and two towels of 1 1/2 yards per annum to each of these workers.
6. To supply clothing and foot-wear.
7. They are also eligible for weekly holiday.

The first quarter of 21 has shown a significant increase in sales compared to the same period last year. The overall profits have exceeded our expectations. However, the costs have also increased, leading to a marginal decrease in the net profit margin.

In the second quarter, we expect a continuation of this trend. The sales are projected to increase by 10% compared to the first quarter. The costs are also expected to rise due to increased raw material prices.

The third quarter will be challenging due to the economic downturn. We are planning to introduce cost-saving measures to mitigate the impact on profits.

The fourth quarter is expected to show a recovery as the economy stabilizes. Sales are anticipated to increase further, and we are planning to invest in research and development to enhance our product offerings.

Overall, the fiscal year is expected to be successful with increased sales and a steady profit margin.

for 1969-70.

General Discussion.

The District Plan, District Planning, budget, and the need for better ticketless travellers were discussed.

Ticketless travellers are a new concept in India. The scheme was introduced in 1966 with the aim of increasing ticket sales. The passbook system was introduced to facilitate the acceptance of ticketless travellers. The Land Mortgage Bank, which had been a significant source of funding for development activities, was also discussed.

Passbook system operations were also discussed, including the issuance of passbooks for ticketless travellers. Scarping of prohibition subjects, auctions, and bus routes were also mentioned.
General Discussion.

Regarding bus routes, the popularity of late August and September is now enhanced by a reduction in the number of black money holders. Bus route auction is not suitable for attracting public demand. Prohibition on scrap collection is also a factor. The supply of black money is now limited. Famine conditions exist in the area. Civil Supplies are 40% procurement, 60% open market. Ration shop rates are adjusted to market prices. Transportation is now available, but it is expensive. Free market controls the market effectively. Sugar is regulated by the government. District Development Boards are set up for decentralization. Democracy is not an official domination. Non-officials are not invited. Only the Collector along with the report is requested to meet the revenue board member at Madanapally. Junior Colleges have 120 seats, with 60 for girls. House 67.68 budget for High School education for boys, free education for a University Course for Ladies, free education for Pre-University Course.
