NAGAYALANKA FIELD LABOUR CO-OPERATIVE SOCIETY

241—

Q. 570 (5813) (Q.—Sarvasri S. Vemayya (Sarvepalli) and K. Ramanatham (Mudinepalli) — Will hon. the Chief Minister be pleased to state:

Whether it is a fact that one Sri K. Amruth Rao, who undertook fast took unto death for the establishment of steel plant at Visakhapatnam has collected Rs. 1 lakh for the formation of Nagayalanka Field Labour Co-operative Society thereby cheating the public?

(The Minister for Finance deputised the Chief Minister and answered the questions) Sri K. Vijayabhaskara Reddy—The person referred to by the hon. Member in the L.A.Q. is Sri T. Amrutha Rao. It has been brought to the notice of the Government that the said Sri T. Amrutha Rao collected more than a lakh of rupees from the public falsely representing that it was proposed to form a Cooperative Collective Farming Society at Nagayalanka and that Government waste lands would be distributed to the members of the said Co-operative Society. A charge sheet has since been laid against him in the District Munsiff Magistrate's Court at Tenali which is pending trial.

Sri K. Vijayabhaskara Reddy—I cannot exactly say. It is a case of misappropriation, cheating etc. It is a criminal case that is filed.

(241)

Sri K. Vijayabhaskara Reddy:—That has no relevance. It is about collection of funds by him saying that he would form a co-operative collective farming society.

Sri B. Niranjana Rao:—It is the same person, T. Amruta Rao, who started satyagraha at Visakhapatnam and caused havoc in Andhra. So it is relevant.

Mr. Speaker:—The amount accounted for is Rs. one lakh.

Sri K. Vijayabhaskara Reddy:—It is not accounted. Not a pie is accounted.

Sri K. Vijayabhaskara Reddy:—A police case has been filed. It is pending in the Court.

Sri K. Vijayabhaskara Reddy:— I have no information. Subject to correction, I think there is no correspondence. I will check up and inform the House.

Sri K. Vijayabhaskara Reddy:— I have no information. What is the actual date on which the charge sheet is filed?

Sri K. Vijayabhaskara Reddy:— A complaint was received by the sub Inspector, Tenali who registered the crime in case No. 113/67 under Sections 406, 420 IPC on 21-9-1967.

It came to the notice of the Government only in 1966.

Sri Vavilala Gopalakrishnayya:— What is the actual date on which the charge sheet is filed?

(b) if so, what action the Government proposed to take in the matter?

Sri K. Vijayabhaskara Reddy:— (a) Yes, Sir.

(b) An enquiry was conducted by the Joint Registrar of Co-operative Societies, Liaison Officer (Projects) Hyderabad into the alleged defects of the Land Mortgage Bank, Bapatla. As the defects noticed, were of a serious nature the committee of the Bank was superseded for one year from 4-7-1968 and special officer assumed management of the Bank on 4-7-1968.

What action has the Government taken against the treasurer who misappropriated this amount?

Sri K. Vijayabhaskara Reddy:— An enquiry under Sec. 57 has been ordered and whatever is revealed in that enquiry, based on that action will be taken.

243—

*798 (6925) Q.—Sri R. Gcvinda Rao:— Will hon. the Chief Minister be pleased to state:

(a) whether a general body meeting of the share holders of the Co-operative Central Bank Limited, Eluru, West Godavari District was held on 2 4-4-68;

GENERAL BODY MEETING OF CO-OPERATIVE CENTRAL BANK, ELURU
29th August, 1959.

Circ. Answers to Questions,

(b) whether in that meeting a resolution was passed on the question of affiliation of the society of the "Financing Bank and any other institution;

(c) if so, whether this resolution was approved by the Registrar of Co-operative Societies, Andhra Pradesh, Hyderabad; and

(d) whether under section 30 (2) (viii) of the Andhra Pradesh Co-operative Societies Act, 1964, it is provided to permit any society to affiliate itself to any institution other than the financing Bank?

Sri K. Vijayabhaskara Reddy:— (a) Yes, Sir.

(b) Yes, Sir.

(c) There is no need for the Co-operative Central Bank to obtain the approval of the Registrar of Co-operative Societies.

(d) Section 50 (2) (viii) of the Andhra Pradesh Co-operative Societies Act, 1964 does not provide for permission to be accorded either by the Registrar of Co-operative Societies or by the Government to any society to affiliate itself to any institution. It only empowers the general body of a Co-operative Society to deal with the question of affiliation of the society to the financing bank or other societies.

We feel that the General body is empowered to pass a resolution which is valid.

Sri K. Vijayabhaskara Reddy:—I cannot answer this question. I want notice.
ACCOUNTANT OF LARGE Sized CO OPERATIVE CREDIT SOCIETY

241—*566 (4645) Q.—Sri R. Satyanarayana Raju (Narsapur).—Will hon. the Chief Minister be pleased to state:

(a) whether it is a fact that One Sri K. V. Gopala Rao, who was working as Accountant in the Large Sized Co-operative Credit Society, Penumantra in Tanuku Taluk, was removed once both by the department and the President of the Society for misappropriation and other similar acts and that despite of it, he was again reinstated by the Deputy Registrar of Co-operative Societies, Bheemavaram in 1967,

(b) whether it is also a fact that Sri K. V. Gopala Rao, not having availed his right to appeal under the staff regulations, could not be reinstated at all, and that the Deputy Registrar has arbitrarily and without any authority ordered for his reinstatement on political considerations; and

(c) whether it is also a fact that the amounts misappropriated by Sri K. V. Gopala Rao, though ordered once to be recovered have not so far been recovered by the department?

Sri K. Vijayabhaskara Reddy:—(a) It is a fact that Sri K. V. Gopala Rao, Accountant, Large Sized Co-operative Society, Penumantra has been removed from service twice, once on the ground that he did not possess the qualifications and later reinstated as the qualifications rules did not apply to him and a second time on the ground that he absented himself from duty without leave from 11-3-1966 to 20-3-1966, 28-3-1966 to 1-4-1966 and 3-1-1966 to 22-4-1966. Thus his removal on both the occasions was not due to misappropriation of funds of the society. He was again reinstated on 1-4-67 by the person-in-charge of the society, on the direction of the Deputy Registrar of Co-operative Societies, Bheemavaram.

Sri K. V. Gopala Rao did not prefer an appeal but submitted a petition to Deputy Registrar after sometime. Considering this petition, the Deputy Registrar instructed the persons-in-charge to reinstate him and pay his arrears of salary. It is not possible to attribute to him any political considerations. His action was none the less considered improper and his explanation was called for by the Registrar for the impropriety.

(c) No case of misappropriation is reported against Sri K. V. Gopala Rao. But a sum of Rs. 745 paid to him towards his salary for the period he stayed at Madras from 1-4-63 to 3-12-63 which was objected to by the auditor during the course of audit was ordered to be recovered from him. But the recovery of the said amount was waived by a resolution of the General Body at its meeting held on 23-12-1964.

The Minister for Education deputised the Minister for Panchayati Raj and answered the questions (Sri P. V. Narasimha Rao):—(a) Two Gram Panchayats during 1966-67 and two Gram Panchayats during 1967-68 were dissolved.

Sri P. V. Narasimha Rao:—It is a long story, Sir. It is likely to take a long time because each case has to be read out; for example.

(i) Work relating to the construction was continued by the Gram Panchayat even after knowing that the said land does not belong to it. The Alur Nagaram Gram Panchayat, in the discharge of its duties, as such, they were guilty of many irregularities.

Mr. Speaker:—Was there any case where it was dissolved due to misappropriation?

Sri P. V. Narasimha Rao:—No, Sir.
26th August, 1969.

Oarl Answers to Questions.

It does not relate to Panchayats as such—Sir. Action taken against the President or somebody is a different question.

We have noted by 'Panchayats' to mean, 'Gram Panchayats'.

(a) whether there was scarcity of drinking water in Vinukonda Panchayat, Guntur district in the months of March to July 1969,

Sri P. V. Narasimha Rao:—(a) Yes, Sir,

(c) The Government have sanctioned P.W.S. Scheme for Vinukonda at an estimated cost of Rs. 2.65 lakhs. The proposed source of Water for the Scheme is Nimmalabhavi.

TRANSFER OF TEACHERS

250—

* 621 (6968) Q.—Sri Agarala Eswara Reddy.—Will the hon. Minister for Panchayati Raj be pleased to state:

(a) whether there is any proposal with the Government to constitute a Committee with the District Collector, some M.L.A.s, the Zilla Parishad Chairman and the District Educational Officer, to effect the transfer of teachers once in a year in pursuance of the recommendations of the Vengal Rao Committee; and

(b) if not, why not this proposal be tried?

Sri P. V. Narasimha Rao:—(a) & (b) Certain proposals including a suggestion made by Vengala Rao Committee for the constitution of a Committee for effecting transfers of teachers at Samithi level are under consideration of the Government.
I may submit to the House in general that we cannot make
definite hard and fast rules for effecting transfers or stopping transfers.
Hon'ble members know this too well for me to reiterate. Whether it is
at the level of Zilla Parishad, Panchayat Samithis or Government,
these things go on. We will have to see that interference is minimised
and we do not make transfers on political considerations.

As Education Minister, I have made a little study. I got figures from the Zilla Parishads and Panchayat Samithis. All the transfers for 3 years, I have got them with me.
29th August, 1969.

Oral Answers to Questions.

I can produce these figures before the House. In the very nature of things, these are administrative matters. It is impossible to make any rigid or inflexible rules. So far as possible, it would be minimised.

Sri B. Sivayya:—Let this be entrusted to Education Department. Remove the power of transfer from Samithis and Panchayats and entrust it to the D. E. Os.

Sri P. V. Narasimha Rao:—I am deputising for the Minister for Panchayatraj Department. I never agree to such a proposal.

What is it you want the Government to do? Assuming for a moment that there are frequent transfers made, what is it you suggest to the Government?

Mr. Speaker:—The Minister has understood the feelings of the hon. Members. Your complaints and feelings are certainly understood and will be considered.

Sri P. V. Narasimha Rao:—It is under examination. The Vengalrao Committee proposals are under examination.

Mr. Speaker:—Members on the other side do not seem to have any such complaints. It is only members on this side. (Laughter). What is it you want the Government to do? Assuming for a moment that there are frequent transfers made, what is it you suggest to the Government?
Sri P. V. Narasimha Rao -- I have already stated that the Vengal Rao Committee proposal in this particular regard are under examination...
Sri V. Palavelli:—What are the suggestions made by the Vengal Rao Committee that are under the active consideration of the Government?

It is at a very late stage, Sir.

1. The Hon. Member:—As I told you, the policy governing the purchase of rice in the State is that all the rice purchased be sold in the open market. It is true that sometimes rice is purchased directly from the farmer, but this is only an exception. The main body of rice is purchased from the co-operative societies. The price paid for the rice at the time of purchase is determined by the market rate, and any increase in the price is passed on to the consumer in the form of higher prices.

2. The Hon. Member:—In regard to the purchase of rice, it is claimed that the State is not following its own policy. This is because, in some cases, rice is purchased directly from the farmer without going through the co-operative society. Is this correct?

3. The Hon. Member:—I have been informed that the State is purchasing rice at a price higher than the market rate, and then selling it at a higher price. Is this true?

4. The Hon. Member:—As I informed you earlier, the purchase of rice is governed by the policy that all rice purchased be sold in the open market. Sri G. Siviah:  — There is a specific proposal on this side. Let the Government keep it for its farm or if it is going to be given to others, let it be given to the society. Why don't you take a definite stand on that?

Sri V. B. Raju: — When the Government takes the land, it is taken for a public purpose. If that land is not going to be used for the same public purpose, can the Government use it for any other purpose for which it has not been acquired? It is said that the land has been acquired from the field labour co-operative society. That is the first thing. The second thing is if the land is being parted with — whether it is the field labour co-operative society or any other cultivator—whether the Government would not consider it proper to give it to those people from whom the land has been taken?

Sri K. Brahmananda Reddy: — Thank you, Sir. But the point is we will take a decision, now that it has been raised.

Sri K. Brahmananda Reddy: — I think it was Government land before. The Government land which is in possession of the field labour co-operative society is taken over by the Government for a particular public purpose. Supposing the purpose is there, it does not harm anybody. Suppose the purpose is not there, what should be done, we will inform the Assembly—

Rice Variety of Jaya:

This has been released by the Central Variety Release Committee on 23rd December, 1968 as sponsored by All India Co-ordinated Rice Improvement Project, Rajendranagar, Hyderabad. During the current season, the National seeds Corporation is multiplying this variety in 100 acres and it is expected that from this area, seed for 20,000 acres would be available by May, 1969. This is recommended in regions where IR 8 is presently cultivated. The height of plant is 80-85 cm. and the maturity ranges as follows:

- 130 to 140 days seed to seed
- 25 to 80 days seedlings to transplanting
- 30 to 85 days flowering to maturity.

Reaction to Major Diseases:

This variety is resistant to blast at Anakapalle and resistant to bacterial leaf blight at Maruteru and moderately resistant at Rajendranagar.

Quality of Produce:

Commercial grade of the grain is long bold and similar to IR 8. Rice is white at average, specifies of 25 x 25 cm grain per
straw ratio is 1:1; protein 8.2% having recovery 77% and milling 71% cooking quality acceptable.

The grain yield data on Regional and interregional trials year-wise are indicated below:

Sri K. Vijayabhaskara Reddy: Sir, on behalf of Sir, the Minister for Municipal Administration I beg to lay on the Table certain amendment Rules relating to the duties of Medical Officers of Health of the H.M.C. framed under sub-section (2) of section 585 of the H.M.C. Act, 1956 (Act II of 1956) as required under sub-section (8) of Section 585 of the aforesaid Act.
RULES ISSUED IN G.O. MS. NO. 578, HOME (ENDS. III DEPT.)
DATE 26-4-69.

Sri P. V. Narsimha Rao:—Sir, On behalf of Sri R. Ramalinga Raju, Minister for Religious and Charitable Endowments, I beg to lay on the Table a copy of the Rules issued in G. O. Ms. No. 578, Home (Endts. III) dated 26-4-69 under section 91 (3) (c) of the Andhra Pradesh Charitable and Hindu Religious Institutions and Endowments Act, 1950 as required by sub-section (2) of section 107 of the said Act.

Mr. Speaker:—Papers laid on the Table.

ANNOUNCEMENT
re:—ENHANCEMENT OF PENSION TO GOVERNMENT PENSIONERS

Sri K. Vijayabaskara Reddy:—Sir, Government have had under consideration for some time, the question of enhancing the pension of low paid retired Government servants to compensate in some slight degree the increased cost of living. Hon'ble Members are aware that in this State persons who retired before 1-11-1962 and who were drawing a pension of Rs. 100 and less were given a temporary increase of Rs. 10 per month, with suitable adjustments for those who retired subsequently and in whose cases, the merger of D.A. with pay had the effect of automatically increasing the pension.

Subsequent to this there has been no enhancement of pension whereas several increases in D.A. were given to serving Government servants.

Government have therefore now decided to enhance the existing temporary increase of pensions by another Rs. 10 p.m. for all Government pensioners drawing a pension of Rs. 200 p.m and below with suitable marginal adjustments. This will be available only to pensioners who retire before 31-3-1970 since for others, the recent increased pay scales and further merger of D.A. with pay, will automatically increase the pension.

Government have also decided to extend to the pensioners some facilities for admission, treatment and supply of medicines etc. from all Government hospitals, dispensaries etc., as are now admissible to serving Government servants, except reimbursement in cash of medicines purchased in the open market.

These concessions will take effect from 1-9-1969.

BUSINESS OF THE HOUSE

Mr. Speaker:—It has not been sent to me. It will be taken up now by the Business Advisory Committee.
Mr. Speaker:—The Business Advisory Committee will decide about it. I have ordered that it will be placed before the Business Advisory Committee for consideration.

Let us see what they will decide.

Mr. Speaker:—I have admitted your Call Attention motion. I think, it will be taken up tomorrow.

ANNUAL FINANCIAL STATEMENT (BUDGET) FOR 1969-70.

GENERAL DISCUSSION.
Annual Financial Statement (Budget) 29th August, 1969. 289

General discussion:

For 1969-70, the financial statement reflects a considerable amount of uncertainty in the budget forecast. The Rayalaseema Development Board, considering the Eradication of Famine, has proposed a considerable amount of Rs. 50 crores to the Rayalaseema Development Board. However, the Finance Commission has recommended an increase in the budget by Rs. 60 crores, which is insufficient to meet the demands of the budget. The Finance Commission has also recommended an increase in the budget by Rs. 64.68 lakh, which will be utilized for various purposes. The budget for 1969-70 is estimated at Rs. 67.89 lakh.

What is the difference between the British Government and the Congress Government? In a colonial system, the British wanted to exploit the Indian people, and the same attitude continues still; the Congress is going in the footsteps of colonialists in exploiting backward areas by the well-developed areas.

Sri M.B.Raja Rao (Madakasira):—Mr. Speaker, Sir, I think it is better to speak in English occasionally. So, if the members excuse me, I shall proceed with my speech in English.

I appreciate the Budget in general, but I felt rather sorry to note that two fundamental factors were not mentioned in the Governor's speech and also in the Budget speech. One of those fundamental factors was mentioned by Mr. Siviah just now, namely, regional imbalances. The other thing is the problem of the Scheduled Castes and Scheduled Tribes. It was not mentioned either in the Budget speech or in the Governor's speech.

Sir, in a democratic Government, three factors should be given importance, i.e., the social, economic and political equality of all people. So long as there is some imbalance or inequality from among these factors, it cannot be said to be a democracy. Sir, in these days, the masses, as they ought to, are getting conscious of their own rights and needs. The masses should be cared to as otherwise being the majority they are bound to rise one day or the other. So, in order not only to prevent it but also to do justice to all people and also to safeguard the interests of democracy, it is better that the Government attend prominently to these twin major factors that are facing our country, namely, the backwardness of the regions and the backwardness of the communities. Backwardness of masses is different from the backwardness of certain classes.

Mr. Siviah has spoken at length about the backwardness of the regions with particular reference to the backwardness of Rayals.
I do not like to go into the same in detail. When we consider the backwardness of Rayalaseema and especially of Anantapur District, I must particularly refer to the conditions prevailing in parts of Penukonda, Hindupur and Madakasira. Sometimes I feel I cannot find adequate words to describe the pathetic conditions prevailing over there in Anantapur District in particular and in Rayalaseema in general. The area has been subjected to perpetual famines from a long time. I remember when I was in my younger days we used to have famine relief programmes. In those days, the main programme was to start road works by taking people on a very low wage and large number of masses used to come and work on the road. Now that programme has been changed and the stress is to spend amounts on what are called productive works but what is happening is these productive works generally relate to irrigation sources which are far away in the interior areas. With the result that many people are not able to go over there and find work. That is why it does not appear to the people that the Government is doing something by way of relief to the masses. In my area, especially, the people are asking “What is the Finance Minister doing? What is the Government doing?” There is large-scale famine there. For over three years consecutively, there is no rain at all. Not even sowings have been done generally and where sowings were made they have dried up and they have no employment for days together. I know cases where for two or three days together poor people do not get at least one meal. Such is the condition prevailing over there. Consequently, in the hope of getting something somewhere, they have been going to places like Mysore and other areas. God only knows what help and what employment they can get over there, but they still run away just to escape from the conditions over here. I do not know whether they are going from the devil to deep sea. Anyway they go there, they do not have housing facilities there and they do not have proper opportunities to live there. Recently in Madakasira taluk, over 30% of the population have migrated to Mysore State. Conditions, to say the least, are very deplorable. In that area, except for one or two rich people, the people are either poor, poorer or poorest and most of them—ever the so-called sarvottam who own lands and all that are now depending on what is called “CSM food” which is given by the CARE. But for that programme, many more people would have left the place and probably there would have even been starvation deaths. I have seen rich people and middle-class people and in their own lands sarvottam are going with small glasses to have the CSM gruel. It is very deplorable. When I go there, the people weep and I too like to weep along with them. In fact, to tell you, Sir, I do not like to face them, because they ask me so many questions. They say “What are you doing and what is the Government doing?” Not that the Government is not doing anything, but according to them, the Government is not doing enough to attend to their needs. That is the condition and that is regional imbalance. This regional imbalance may bring forth in its wake many problems. The Government has already allowed it and we all know its impact in a particular area. In course of time, I believe, this regional imbalance will bring up many problems to the forefront.
Now, the question of the communities—Scheduled Castes and Scheduled Tribes. It is very well known. Of course, the Government is doing something. This year, they have allotted about Rs. 7½ crores. During last year, it was only Rs. 6½ crores. This year, there is an extra provision of Re. 1 crore. But, Sir, this kind of routine and slow increment to these people who comprise nearly 50 lakhs in our State does not catch the imagination of the people. They need so many things. They need food, housing, land and what not. The Government have some policy, no doubt. The policy is all right, but in the working of the policy, so many things are happening. Unless the Harijans themselves are appointed as the Land Acquisition Officers or as Revenue Inspectors, I am afraid, justice may not be done to the Harijans in the matter of assignment of banjar lands. What they need, as I said, is some land, some food, some employment and some housing. As per the housing programme of the Social Welfare Department, very small amounts are allotted for this purpose. There are what are called, Additional District Social Welfare Officers. They are appointed, but for lack of funds, they do not have enough work. While 99% of the Harijans need housing, we are only giving a few houses, here and there. Of course, our Chief Minister was kind enough to raise the house construction grant from Rs. 30 to Rs. 100, but I must say, that is not enough. I am afraid, these small amounts will be eaten away and ultimately there will not be anything like house provision for them. That is the position.

In regard to employment, they are the worst hit, because they have no lands, they have no opportunities for employment and they are uneducated, so much so they are practically remaining poor for all time to come and getting poorer day by day and this condition is much worse in our Rayalaseema. Mr. Sivapah was referring very much to the Rayalaseema problem. Although the Budget speech and the Governor's speech did not say anything, the Chief Minister was kind enough to convene a meeting of Rayalaseema MLAs and others recently and was pleased to announce that there would be a Rayalaseema Board. He may announce the appointment of the Board shortly, but Sir, I may say that the mere appointment of a Development Board itself may not solve the problem because for any problem to be solved there must be sufficient funds. So, I would request the Government to place in the hands of this Board adequate funds to solve the problem. Mr. Sivapah was suggesting Rs. 400 crores. I do not know how far it will be possible for the Government to provide Rs. 400 crores, but some solution must be found by providing adequate funds. Why I am having misgivings about this Board is because some of these boards and committees are not quite good. I have in mind what is called the Leather Board. This Leather Board deals with 50% of the population of Harijans in our State, but the amount for this Board is hardly very little—just Rs. 2 lakhs. Recently, this Leather Board met at Tirupathi and allotted Rs. 3,000 for each District. See the illicacy of a paltry allotment of Rs. 3,000 for each District towards relief of half of the population of Harijans. It is a very disappointing thing. I would suggest that the Leather Board should be provided with adequate funds—at least a crore of rupees, I would even suggest that out of Re. 1 crore allotted for the Gandhi Centenary Year towards the welfare of Scheduled Castes,
Rs. 30 lakhs may be earmarked for this Leather Board which may be asked to spend the amount for the development of this community. That is not mere development. It is vocational development; vocational help.

So, what I would suggest is, let not the Rayalaseema Development Board be one like the Leather Board that we are having now. As and when the Rayalaseema Development Board is constituted, let enough funds be placed at its disposal.

Thank you.
