Calling attention to matters of urgent public importance:

re: Non-sanction of loan by the Land Mortgage Bank, Sringavarapukota.

Sri K. Vijayabhasker Reddy: —Sir, the villages of Kaniki, Nalluru, Siddeswaram, Appikonda, Nellamukku and Pedaganti-yada are situated in the area of operation of Sringavarapukota Land Mortgage Bank in the Visakhapatnam district. The Andhra Pradesh Central Land Mortgage Bank has stated that the loans have been issued by the Sringavarapukota Land Mortgage Bank for all purposes to the farmers of Kaniki and Pedagontiyada villages but no loans could be sanctioned to Nellamukku village as no loan applications have been received from that village. In Appikonda, Siddeswaram and Nadupuru villages further loans for all purposes except for coconut plantations were sanctioned. The Registrar of Co-operative Societies sanctioned a scheme for plantation of coconuts in the above three villages at a total outlay of Rs 6.92 lakhs. It is only these loans for coconut plantations were not sanctioned as the area covered by these schemes may be required for locating the Fifth Steel Plant. If coconut plantation is raised there on, it would result in capital waste. In the circumstances it is not correct to say that loans were not sanctioned to the ryots of the above villages for the last four years which resulted in loss to the agricultural production.

The Collector, Visakhapatnam wrote a letter to the Hon. Finance Minister. “I request you to examine the possibility of issuing long term loans to the above villages in the absence of any decision being taken by the Government for the location of the Steel Plant. As already informed in the reference second cited due compensation will be paid in case the lands are really required at a future date for the location of the Steel Plant”.

Non-sanction of loan by the Land Mortgage Bank, Sringavarapukota.
re: LOW RATE PAID TO SUGAR-CANE BY SUGAR FACTORIES

20th August, 1969

The situation regarding the payment of low rates to sugar-cane by sugar factories is a matter of concern. The current rate of 68.69 rupees per quintal is significantly lower than the market price. The farmers are suffering financially due to this disparity. As a result, they are discouraged from cultivating sugarcane, which in turn affects the sugar production of the factories. The government should consider increasing the rate to ensure fair compensation for the farmers.

The factories are facing difficulties in meeting the demand for sugarcane due to the low rates. This is leading to losses for both the farmers and the factories. The government should intervene to stabilize the market and ensure a fair price for sugarcane. This will benefit not only the farmers but also the factories in the long run.

It is important to address this issue to maintain the supply of sugarcane and ensure the viability of the sugar industry. The government should take immediate action to resolve this problem and provide adequate compensation to the farmers.
392 30th August, 1969.  Calling attention to matters of urgent public importance:

re: Low rate paid to sugarcane by sugar factories.

On the budget side:—According to the reports of the 1969-70 rates fixed by the sugar factories, the rates fixed for the year 1969-70 are Rs. 78.70 for raw sugar, Rs. 74.80 for white sugar, and Rs. 74.80 for raw sugar. These rates were fixed by the government in the interest of the sugar factories. The sugar factories, in their turn, have fixed the rates for white sugar at Rs. 78.70, Rs. 74.80, and Rs. 74.80 for raw sugar. These rates were fixed by the government in the interest of the sugar factories.

The following rates were fixed for the year 1969-70:

- Raw sugar: Rs. 78.70
- White sugar: Rs. 74.80
- Raw sugar: Rs. 74.80

These rates were fixed by the government in the interest of the sugar factories.

re: Boat tragedies on Godavari and Mcheddra tanka.

Sri J. Vengal Rao:—On 28-7-1969, a launch called "Jhans. Rani" was plying from Rajahmundry, bound for Janampeta in Khammam District, with about 50 persons on board including the crew. The passengers were agricultural labourers proceeding to Janampet for agricultural work. The launch was caught in a whirlpool near Mantoor in East Godavari District and capsized on 29-7-1969 at about 3-10 p.m. Eleven passengers and nine Members of the crew escaped and reached the shore at Mantoor, and they reached Devipatnam in East Godavari District on 30-7-1969, where they were given all assistance and preliminary relief by the Deputy Tahsildar on flood duty there. All the others (other than the 11 passengers and the nine crew, viz., 12 men, 14 women and 4 children) are feared to have perished. The survivors in this accident were sent with some cash to Rajahmundry by the Deputy Tahsildar on flood duty from Devipatnam, as the crewmen belong to Rajahmundry. From there the surviving passengers were sent to their native village Annaudarapeta of Kovvur Taluk, West Godavari District.

As the information reached through the survivors on 30-7-1969 and as Devipatnam was completely cut off by flood waters, rescue operations could not, however, be launched immediately. The Sub-Divisional Magistrate, Rajahmundry, was directed to conduct magisterial enquiry into the circumstances of the accident assisted by the Deputy Superintendent of Police. The enquiry report of the S.D. Magistrate, Rajahmundry is awaited.

The River 'Mahendra Tanaya' passes near by the village Kaguvadapalay which is Pathapatnam Police Station limits formerly of Tekkal Circle and now in Pathapatnam Circle of Srikakulam Sub-Division.

The fields of the villagers of Kaguvada are situated on the other side of the river. The villagers have to cross the river and go to the fields for agricultural operations. About four days prior to 31-7-1969, the date on which this accident occurred, there was heavy rain and the river was in spate with about six feet of water. Yet, as the season was favourable for the agricultural operations, nine women with three female children got into a country boat at about 10-00 a.m. on 31-7-1969 to cross the river. While the boat was in the middle of the river, it got entangled in a whirlpool due to sudden
rush of water and high speed of currents; and the boat capsized. As a result, all the 12 persons and the driver of the boat fell into the river.

On hearing the cries of the ladies, Radha Burado S/O Benno Burado and four others of the village rushed to the spot and saved the lives of five women. The remaining four women and three children could not be saved. The driver of the boat, however, escaped and reached the shore safely. Other rescue operations done by the five villagers near the scene of accident and down the river proved futile.

The capacity of the boat is to carry 15 persons, while there were 13 persons only, including the driver, at the time of the accident. There was no negligence on the part of the driver and hence, further action was dropped. The Tahildar, Pathapatnam, and the Sub-Collector, Tekkali, also visited the spot.

Calling attention to matter of urgent public importance:

re: Alleged murder of two boys in Nimmakur, Krishna district on 15-6-69.

Sri J. Vengal Rao:—On 18-6-1969, an unidentified dead body, in an advanced state of decomposition, was traced in Bandar Canal near Rayavaram Village, Krishna District. The body was packed in a gunny bag with two big stones tied up to the body. This case was registered as Cr. No. 33/69 U/S 304 Cr. P C. in Bandar Taluk Police Station. During inquest, it was identified as that of Sri Busam Veerartagulu, aged 25 years of Polavaram, Bandar Taluk, who had been missing from his village since 15-6-1969. On 20-6-69, another dead body of a youth was traced near Nidumolu lock of Bandar Canal in Pamarru Police Station limits. This was registered as Cr. No. 35/69 as suspicious death and the body was identified as that of Sri Karuparthi Eswaralingam, aged 16 years of Polavaram, Bandar Taluk. As the postmortem in this case disclosed injuries, this one and the above case have been charged as cases of murder, and the Cr. No. 33/69 of Bandar Taluk Police Station was also transferred to Pamarru Police Station where it was registered as Cr. No. 4/69. On receipt of express F. I. Rs., on 20-6-69, the D.S.P., Bandar took up investigation. No evidence was forthcoming in that case in the beginning and after sustained efforts by the Police, it was learnt that the boys were tortured by the villagers of Nimmakur on suspicion that they were thieves.

The Village Nimmakur of Gudivada Taluk is an interior village of Pamarru Police Station limits, and the majority of its inhabitants are rich ‘Kamma’ land lords, living as one unit, without any dissensions. This Village is the native place of Cine Actor Sri N. T Rama Rao who owns his house and other landed property in the Village. His father Sri Nandamuri Krishnaiah lives in the village looking after the properties of his son. About 20 days prior to the above occurrence, about 3 snatching offences are reported to have occurred in the houses of three residents of the village, but they were not reported to the local police. The deceased who are Devanga (Weavers), living by their caste profession, are natives of Polavaram Village in Bundar Taluk. On 15-6-1969, at 1.00 p.m., they are reported to have left Polavaram to go to Nimmakur, which is at a distance of 7 miles, to see Sri N. T. Rama Rao, or at least his house. They reached the village at about 4.00 p.m. and visited the house of the Cine Actor. After seeing the surroundings of the house of the actor, they were walking along the street at about 4.40 p.m., and being simpletons, they were gaping at the big houses in the village. Certain residents of the village who happened to see them, suspected them to be thieves, surrounded them, and tied up their hands with ropes, in spite of their protests. The deceased were taken to a cattle shed and tortured to extort confessions about the offences which occurred in the village, previously. They were later brought to the street, and tied to two reinforced concrete electric poles and mercilessly tortured by 29 persons up to 11.00 p.m. After that they were dragged to Bandar Canal and were lumped up in gunny bags.

and thrown in Bandar Canal, with stone weights. One Bippidi Ganapathiah of Pathanimmakur who was fishing in the Canal speaks to the fact that 10 or 12 persons threw two large bundles into water on 15-6-1969 at about midnight.

The Doctors who conducted autopsy over the dead bodies have deferred giving their opinions as to the cause of death, due to the advanced stage of decomposition of bodies, and desired to send the viscera to the Chemical Examiner for analysis for detection of any poison. The Medical Officer have, however, opined that the two deceased might have died on or about the date of offence.

14 accused have been apprehended and remanded to judicial custody, and the houses of all the accused were searched. Statements of 8 important eye witnesses have been recorded under Section 164 Cr. P. C. by the Inspector of Police, Challapalli. Preliminary charge sheet in these cases was filed on 12-7-1969 in the Court of Additional Judicial First Class Magistrate, Gudivada and all efforts are being made to apprehend the remaining 8 accused, who are absconding.

re: Difficulties experienced by the villagers of Kalingapatnam, due to floods in the Vamsadhara.

It is a fact that there has been considerable erosion in the bank of Vamsadhara river and in the town of Kalingapatnam. As a result of floods, about 13 huts in the Yata street in Kalingapatnam have collapsed and several pieces have fallen into the river. After the recession of floods, the Executive Engineer has noticed that a length of about 1200 ft. river margin near the upstream between 16 to 16.0 needed the following protective works:

i. Revetment to the river margin for a length of nearly 1200 ft.

ii. Construction of groyan projecting into the river 50 meters long with an interval of 120.0 meters.

These measures are estimated to cost Rs. 1.50 lakhs. The Executive Engineer has discussed this matter with the Collector, Srikakulam and asked for a sum of Rs. 25,000 for emergency repairs. The Executive Engineer is however going ahead with the work in anticipation of allotment of funds.
