The Andhra Pradesh Legislative Assembly.

ANDHRA PRADEXP LEGISUTATIVE ASSEMBLY

Saturday, the 13th September, 1969.

The House met at Half past Eight of the Clock.

(Mr. Speaker in the Chair)

(ORAL ANSWERS TO QUESTIONS)

Guarantee to Area Development
Loans

571—

*927 (7004) Q.— Sri Vavilala Gopalakrishnayya (Sattenapalli) — Will hon. the Chief Minister be pleased to state:

whether the Government have guaranteed for the loans sanctioned by Andhra Pradesh Land Mortgage Bank under Area Development Loans during 1967-68, 1968-69; if so, how much?

The Minister for Finance deputised the Chief Minister and answered the question (Sri K. Vijayabhaskara Reddy): — No, Sir.

The Andhra Pradesh Co-operative Central Land Mortgage Bank Limited Hyderabad did not sanction any loans under Area Development Scheme during 1967-68;

During 1968-69, this Bank sanctioned loans to the tune of Rs. 250.13 lakhs under the Area Development Schemes.

The Agricultural Refinance Corporation, which finances 90% of these loans, laid down several conditions for giving this financial assistance. One of these conditions is that where the cultivators cannot give sufficient security to cover the loan amount to be issued, the Government should guarantee the repayment to the Agriculture Refinance Corporation of the difference between the loan amount and the loan eligibility of the loanee, assessed under the present rules of the Andhra Pradesh Co-operative Central Land Mortgage Bank. The question whether the State Government should accept this condition is under examination.

J. No. 59. (1)
Sri K. Vijaya Bhaskara Reddy: —That is the problem and the Government is seized of it. We are trying to evolve some method by which the A.D.O. goes through it.
MISAPPROPRIATION OF FUNDS IN KALIPATNAM

CREDIT SOCIETY

(a) whether it is a fact that an amount of Rs. 84,000 has been misappropriated by the management of Multipurpose Co-operative Credit Society at Kalipatnam, Narasapuram Taluk, West Godavari District recently; and

(b) if so, the action taken thereon?

Sri K. Vijayabhaskara Reddy: —(a) Yes, Sir. The correct name of the society is Kalipatnam Large Sized Co-operative Society and the amount involved in misappropriation in the society is Rs. 59,414.44.

(b) An enquiry under section 5 of the Andhra Pradesh Co-operative Societies Act has been ordered and it is in progress. As soon as the enquiry is completed, further action will be taken in the matter.

Sri S. Vemayya (Sarvepalli): —The enquiry under Section 51 of the Andhra Pradesh Co-operative Societies Act, 1964, an enquiry was ordered on 23-1-1969. It is in progress. We are taking action.

Sri K. Vijayabhaskara Reddy: —All efforts are being made to recover the amount.
4th September, 1960,

Oral Answer to Questions:

But the details of the enquiry may reveal so many other things. We do not want to do anything. We will go through the whole thing and after the enquiry is over we will take action.

In addition to strengthening audit, this idea also will be considered.

1. 5 Year Integrated Course in Engineering.

2 seats have been reserved for the Indian Students migrating from Burma. These seats are being reserved every year in the Andhra University Engineering College.
28 13th September, 1969.

Oral Answers to Questions.

2. M. B. B. S. Course

8 seats have been reserved for the nominees of the Government of India. The Government of India were requested to allot seats to the Indian repatriates from Burma in the above 8 seats reserved for the nominees of the Government of India.

B.Sc (Ag) and B.V.Sc. Courses.

5 seats in the Agricultural College, Bapatla and S. V. Agrl. College, Tirupathi were originally reserved for Indian Students migrating from Burma. This separate reservation was made in 1964-65 and continued during 1965-66. From the year 1966-67 onwards 10% of the seats available in B.Sc (Ag) and B. V. Sc. Courses are being reserved for the nominees of the Government of India and the 5 seats mentioned above have also been included in the 10% seats so reserved.

4. Other Courses in Govt. and University Engineering Colleges.

Government have ordered that bona fide Indian Students migrating or repatriated from Burma, Ceylon, East Africa etc., and also refugee students of Indian origin coming from abroad shall be admitted to the Courses other than Professional (Technical and Medical) into the Government and University Colleges in the entire State. 20 seats in Arts, 5 in Commerce and 5 in Sciences are reserved for such students.

SALE OF LAND BY ONGOLE MUNICIPALITY

387—

* 996 (1527-G) Q.— Sri B. Ratnasabhapathy:— Will the hon. Minister for Municipal Administration be pleased to state:

(a) whether it is a fact that the Municipal Council of Ongole resolved to sell a site measuring about 800 sq. yards belonging to the Municipality for a nominal price of Rs. 2,000?

(b) whether the same site, if auctioned out, would have very easily fetched more than Rs. 30,000; and

(c) if so, whether the Government would direct the Municipality to auction out the said site?
The Minister for Municipal Administration (Sri N. Chenchu-rama Naidu) — (a) Yes, Sir,
(b) & (c) The proposal is under consideration of the Government.

Mr. Speaker — The question is with regard to the transfer of the site from the ex-District Board to the Municipality. The price will be fixed by the Departmental Officer or the Engineer, and there could be no question of auctioning the site.
13th September, 1960.

Mr. Speaker:—If it is a question of giving it to a private person, I can understand. It is a matter of transfer of ex-District Board property to Municipality.

Sri B. Ratnasabhapathi:—Has the Municipality resolved to sell the site, not transfer it? ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते ते

THE ANDHRA PRADESH (ANDHRA AREA) TENANCY AND RYOTS PROTECTION (AMENDMENT) BILL 1969

Mr. Speaker have also received the following message from the hon. Chairman, Legislature Council.

"In accordance with Rule 174 of the Andhra Pradesh Legislative Council Rules, I transmit a copy of the Andhra Pradesh (Andhra Area) Tenancy and Ryots Protection (Amendment) Bill 1969 as passed by the Legislative Council on 11th September 1969 without any amendment and signed by me."

BUSINESS OF THE HOUSE

Mr. Speaker: I have received a motion for breach of Privilege from Shri P. Govardhan Reddy which reads:

"As per Rule 173 the following matter may please be permitted to be raised in the Assembly:

'Myself, Mrs. Eshwari Bai, M.L.A. have had decided to bring the political situation of the Telangana and atrocities of the Government and Police on the people of Telangana in pursuance of unprecedented repressive measures to suppress the popular movement of Separate Telangana State, in the joint session of the Assembly and Council that was to be addressed by Governor on 14th Aug 1969 and in the subsequent sitting during the present session. Our this discussion and intention came to the knowledge of the Government and with the motive to prevent us from attending said joint session and subsequent sittings of the Assembly at the instance of the Chief Minister, Home Secretary, the Commissioner of Police issued orders under Preventive Detention Orders and accordingly we were arrested just few hours earlier to the commencement of the joint session on 14th Aug 1969 without sufficient reason and violation of Constitution of India. Due to the said arrest and detention we were prevented to attend the present Assembly Session till 1st Sept 1969 on which date High Court released us holding our detention as illegal and against Constitution.
Thus the above persons have committed and are liable for breach of Privilege and hence I beg to move that the matter be referred to the Privileges Committee.

Has the Government to say anything?
Sri K. Brahmananda Reddy:—I have not received the motion.
Sri Konda Lakshman Bapuji (Bhongir):—The facts are there. It may be straightaway referred to the Privileges Committee.

Sri K. Brahmananda Reddy:—Let me get a copy of the notice.
Mr. Speaker:—We shall take it up on the 10th September.

Mr. Speaker:—Some proposals have been sent to me about seating arrangements and I have approved them. If you want, you can see them on the Table.

Sri C. Rajanarsimha:—I have not received the full information. I shall place the information before the Houses as soon as possible.

Mr. Speaker:—The moment they take a decision and communicate it to me I shall inform the House. Evidently the talks are going on. I shall communicate to the House as soon as possible.

Mr. Speaker:—We shall take the notice up on the 10th September.

Sri C. Rajanarsimha:—I shall communicate to the House as soon as possible.
Business of the House.  
13th September, 1969.

Sir, in my whole 17 years of parliamentary life I have never seen this type of treatment. Inspite of my repeated questions I saw the order only yesterday. I have been continuously asking from the 1st August.

Mr. Speaker:—So far as the admissibility of the questions is concerned I have not been dealing with this. Practically, I have delegated the powers to the Secretary who has been considering whether a particular question is admissible. Anyway, since you have mentioned this you may send short-notice questions and I shall allow them.

Sri Konda Lakshman Bapuji:—About Preventive Detention, I sent a Short-notice question which you sent to the Minister and since he did not agree you were helpless.

Mr. Speaker:—As long as the concerned Minister does not agree I cannot do anything.
Sri Konda Lakshmana Bapuji:—I request you to consider the matter before the session is over.

Sri G. Sivayya:—We have also several complaints in this regard. We have receiving intimations that the questions are rejected under Rule 38,

Mr. Speaker:—Everyday I am getting under Rule 74 hundreds of motions. The number of questions we are receiving is 3000 or 4000. If all these questions are being admitted we have to hold a separate session for 4 or 5 months out of which 4 or 5 hours will have to be allotted to questions. You must leave the question of admissibility to the discretion of the Presiding Officer. Similarly, Rule 74 relates to urgent matters. Every day I receive so many motions. If I admit all these, do we have time to discuss them? Only 1 or 2 urgent matters can be admitted. If every member says that his questions are rejected, it will be difficult.

Mr. Speaker:—But I have been liberal.

Sri G. Sivayya:—But 74 hundreds or 2 or 3 thousands. If you consider all these questions, it will be difficult.

Mr. Speaker:—But I have been liberal.
Business of the House. 
13th September, 1969.

Mr. Speaker :—It is a very good suggestion. I will accept that suggestion.

Mr. Speaker :—I may tell you one thing. It is easy for me to admit any adjournment motion. I am prepared to do it. I am only thinking that this House will not be able to do justice either to that problem or any problem by adjournment motion. That is exactly the reason why I have been thinking of admitting a motion under rule 95 so that the House may discuss for two or three days in consultation of the leader of the House and the leaders of the opposition parties. If they don't come to any kind of understanding then I will certainly admit the adjournment motion. You can discuss for two or three hours. In the light of that I consider that it is not necessary to admit the other Motions.

Mr. Speaker :—I am always referring about rules. Under what Rules has the hon. Speaker delegated his power to the Secretary, Sir? Under the Rules the hon. Speaker is only the competent authority.

Sri K. Achutha Reddy (Kodangal) :—My question is about the point of order. You are always referring about rules. Under what Rules has the hon. Speaker delegated his power to the Secretary, Sir? Under the Rules the hon. Speaker is only the competent authority.

The second thing is that every day when I come here, I receive a communication from the Speaker's Secretariat that my adjournment motion is disallowed. You have been kind enough to allow us to tab adjournment motions during discussion. Accordingly we have been tabling these adjournment motions. Every day it is the same fate with the adjournment motions. How to proceed? Kindly guide us.
Mr. Speaker:—Just now that is what I told Mr. Pitty......

Sri K. Achuta Reddy:—Pending that decision—whether that is going to come or not,—you can keep it Pending and then at a later stage, you can either allow it or disallow it. Where is the point in immediately disallowing the Motions and waiting for that decision?

Sri Konda Lakshman Bapuji:—I am not hopeful that there will be any outcome out of the consultations that the hon. Leader of the House may have with me or other leaders to find out any solution to arrive at an agreed resolution on the Telangana situation. I am not hopeful. Though the talks may be very cordial, but it depends upon the attitude from the other side. Therefore, the very delay in the matter on behalf of the hon. Leader of the House to find out a solution indicates that, perhaps, there is no anxiety to find out any such agreed solution to come up in the House to be discussed. Whatever it may be, because of that extreme possibility to find out any agreed resolution, not to allow the adjournment motions is not fair, Sir, for us at least because you were kind enough to advise us to come forward with a motion under certain rules and certain provisions. When we come here under certain rules and provisions, inspite of the fact that the situation demands urgent discussion and taking into account that all the ingredients required for the Motion are fulfilled, but still if, for other reasons it is not allowed, we will not be able to utilise the floor of the Assembly in the interests of the people at large. Therefore, irrespective of the negotiations with the leaders of the parties and with me, I request you to admit the adjournment motions if they are perfectly in order so that we may have an opportunity to discuss. Whether it is for two hours or more, we do not mind. Let us have two hours discussion for one subject. We have got quite many subjects in the adjournment motions. Quite many burning problems are there. We have no opportunity to discuss over them. I request you to reconsider the very policy you have adopted about the adjournment motions and irrespective of the outcome of the leaders' attempts, you may kindly admit them.

Mr. Speaker:—With regard to the point raised by hon. Sri K. Achuta Reddy, he was asking me to quote the rule under which I have delegated the power to the Secretary with regard to the admissibility or disallowance of the questions. According to the practice which has been in vogue for a number of years so far as this Assembly is concerned, all the questions have been sent to the Secretary and the Secretary himself has been passing order. For the last 7 1/2 it was so. I think the previous practice also has been the same thing. That practice has been in vogue for 7 or 8 years. It is not as though for the first time, or for six months or for one year I have delegated the power. The Secretary has been doing that for ever so many years.

Sri K. Achuta Reddy:—Any amount of previous practice will not valid to it in the light of the rules.

Mr. Speaker:—Convention has got the force of ....

Sri K. Achuta Reddy:—We do not know. It is for the first time we have been hearing.

Mr. Speaker:—There are so many conventions we have been following.

Sri K. Achuta Reddy:— At least about this convention we do not know anything—the House did not know anything about it.

Mr. Speaker:—You are very perfect in asking me to observe the rules, and I will observe the rules and I will request the hon. Member to observe the rules.

Sri K. Achuta Reddy:— When it is inconvenient for us.

Mr. Speaker:— Whether it is convenient or inconvenient.

Sri K. Achuta Reddy:— Even for adjournment motions you have been always referring to... .

Mr. Speaker:— It is the convention that I am following. It is an age-old practice that I am following. It is not as though I have created a new mode or new method.

Sri K. Achuta Reddy:— It is for you rectify if there is any thing wrong done even though it is a long standing practice.

Mr. Speaker:— Any how it has been working very successfully till now.

Sri K. Achuta Reddy:— It is to the detriment of our own interests that is working.

Sri C. V. C. Rao:— If Congress members alone have got problems about questions, call attention motions, adjournment motions, etc. what is going to become to our fate on this side? Into which shoes are they stepping?

Mr. Speaker:— Mr. Rao, the complaint of the Congress members is that I have been very lenient towards the members of the Opposition. The complaint of the Opposition members is that I have been very lenient towards the members of the Congress. That exactly proves that I am trying to be as impartial as possible.

(Laughter)

Sri C. V. K. Rao:— But there are so many congresses, Sir, here.

Mr. Speaker:— Regarding the other thing, I will try to club all of them and admit and fix a date and inform the hon. members.

Sri Konda Lakshman Bapuji:— Perhaps, it may not justify the clubbing of them all. If they are on like subjects then there is justification.

With your permission I would like to point out another thing. I hope you will not misunderstand.

Mr. Speaker:— I will try to understand you correctly.

Sri Konda Lakshman Bapuji:— It is clear that the Office rejected my questions. I got one impression about the rejection and I will be pleased if that impression is removed in the best interests of the hon. members. Just because I was in jail and with the idea that I will not attend this session all the questions sent by me were rejected.

Mr. Speaker:— Please don't take it like that.
Sri P. V. Narasimha Rao: I have got the answer ready with me. I can explain it if you permit me or in the regular manner it can come.

Mr. Speaker:—Let him complete. You can say after wards.

The Minister for Education (Sri P. V. Narasimha Rao):—Sir, in brief I would like to submit that where we have very big colleges with more than 10,000 students in the degree class alone, a policy decision was taken that we should not allow intermediate classes to be opened because that would make the college too unwieldy. Instead we have been trying to upgrade some of the high schools locally and give them junior colleges. It so happened that at Rajahmundry no institution came forward to get itself upgraded. So in order to cater to the needs of the students who had passed 10th class (that is an exception) we allowed intermediate classes to be opened in Arts College there although it is a big college. In the other colleges of Anantapur, Vijayawada and other big colleges where the number of students in degree classes is more than 1,000 we did not allow. We upgraded other institutions. In Cuddapah also it so happened that in the first instance no institution came forward to get itself upgraded and offering to have junior college. So we did allow the local college on the lines on which we allowed the Rajahmundry college to start intermediate classes. Just at the time when admissions were being made, another private institution came forward offering to start the college and run it without grant for 5 years according to the policy which we have adopted for all other private institutions. When this offer came, we said that these boys can as well go to the other junior

college which is coming up there in the same town. We said we need not have any intermediate classes opened in the Government arts college. It has come to my notice only yesterday, Sir, that there are still some boys left after two sections have been filled in the private junior college and they would like to have admissions. I am looking into it. Depending on the total number of boys seeking admission, depending on the convenience of the local people, I shall take an appropriate decision, Sir, in the next one or two days.

Mr. Speaker:—I leave it to the hon. Chief Minister to consider about it—

re: Holding executive posts in trade unions by the Minister for Labour.

Mr. Speaker:—It is for him to consider.
Sri Ch. Rajeswara Rao:—It is up to you, Sir, to ask him to make it clear as to by what time he will be prepared.

Mr. Speaker:—We will find out.

Sri D. Venkatesham:—In the papers laid on the Table of the House, papers pertaining to the Rural Man-power programme, loan required for completion of irrigation wells, etc., are not permissible in respect of wells in progress under the programme since the Government of India objected for granting it and if any block development officer sanctions the subsidy to the wells it questions he will be personally held responsible for the lapse and such amount will be recovered from him.

Mr. Speaker:—When was that paper laid on the Table?

Sri D. Venkatesham:—To-day, Sir.

Mr. Speaker:—Who placed it on the Table of the House?

Sri D. Venkatesham:—That item pertains to this, Sir. I do not know how it came to the Table.

Mr. Speaker:—It is possible that it might have been laid yesterday or day before.

Sri D. Venkatesham:—Today, Sir.

Mr. Speaker:—How can it be laid today?

Sri D. Venkatesham:—It is purely an assurance.

Mr. Speaker:—The ryots are eligible for the subsidy portion of Rs. 750.

Sri D. Venkatesham:—I request the Government to give the subsidy portion.

Mr. Speaker:—Raise it tomorrow because the information is with the Panchayat Raj Department.

Calling attention to matters of urgent public importance: 13th September, 1969

re: Communication facilities in Pattikonda taluk

The Deputy Chief Minister (Sri J. V. Narasing Rao):—The road from Gutti- to Pattikonda partly lies in Anantapur district and partly in Kurnool district. The portion of the road from Gutti R. S. to M. 4/7 is under the control of the Zilla Parishad, Anantapur. The portion from 4/7 to 7 is under the control of Zilla Parishad, Kurnool and the balance portion beyond M. 7 to Pattikonda is Government major district road under the control of the Roads and Buildings Department. The breaches in M. 4 and dislocations represented by the M. L. A. fall within the portion of the road under the control of Panchayat Samithi, Gutti. The Block Development Officer of Gutti Panchayat Samithi has been instructed by the Executive Engineer, Anantapur to take up the repairs of the breaches on the road up to M. 4 from out of 20 paisa maintenance grant or any other grant available as a special case. Regarding provision of a bridge at Basinpallavagu, the Chief Engineer, Panchayat Raj, has instructed the Executive Engineer, Zilla Parishad, Anantapur to take up the matter immediately. Though no breaches occurred in the portions of Government road from M. 7 to Pattikonda there has been an overflow of water across the road in M. 8/8 at the site of the old collapsed bridge. It is learnt that consequent on the breaches to a number of tanks and the upstream side there was a continuous flow of water at these crossings to a height of 4.5'. On account of this flood, there was traffic interruption from 22-8-69 to 2-9-69. After the flood subsided, the traffic was restored from 6-9-69. The old collapsed stone slab bridge in M. 8/8 at Jonnagiri will be considered for reconstruction during 1970-71 subject to availability of funds. The Executive Engineer Roads and Buildings has been instructed to take action to repair diversion of this spot if there is any inconvenience to the traffic in crossing near Jonnagiri and to keep the road in good condition.

re: Plight of the people of Sompeta Tekkali, Itchapuram and Palakonda taluk and Kuruppam sub-tal k.

(Mr. Deputy Speaker in the Chair)

The Minister for Home (Sri J. Vengal Rao):—Sir, in the areas sanctioned by the Hon'ble Member, Communist Revolutionaries are committing dacoities, murders and assaults on Government officials on large scale and instigating tribals and others in hills and other places in the Agency and in plains to commit acts of violence in revolt against established law and order by looting property of local landlords and others, killing them and committing theft of crops and offering armed resistance to police, preventing the police from suppressing crime in the armed revolution and from arresting and attempting to arrest the instigators and offenders.

A large number of unlicenced arms and explosives, spears, batons, long knives, bows and arrows were recovered in various places in Srikakulam district by police while attempting to apprehend offenders; and it is also noticed that all offences by Communist revolutionaries are committed in an organised and systematic manner in the name of an armed revolution in the State, to which effect they printed published and distributed on large scale pamphlets inciting people to rise in revolt against established law and order by forcibly taking away property of local landlords and others, by killing them and the police officers.

As offences by Communist revolutionaries are taking place in many areas in Srikakulam district and are spreading fast from one taluk to another with threat to uproot all law and order, rendering the life and property of the public very unsafe, the Government after long and careful consideration considered it necessary to invoke better provisions of law for the suppression of prevailing disorder in the areas mentioned by the honourable Member and declared them as 'disturbed area' under the Andhra Pradesh Suppression of Disturbances Act, 1948.

In view of the above, it is not appropriate to say that there is no sufficient justification for declaring the plains areas also in the above five taluks and 'disturbed area', when Naxalites are there only in the Agency areas. Myself and the Chief Minister had more than one occasion to mention about the gruesome offences committed by the Naxalites, the number of policemen injured in their encounters with the armed Naxalites, in detail, both here and on the floor of the Legislative Council also. The Naxalites may be hiding in the forests but their offences are mostly committed in the plains villages only and it is noticed that some persons living in plains who are inspired by the Naxalites are rendering active support to them in the perpetration of crimes.
Calling attention to matters of urgent 13th September, 1969.

Public importance:

The declaration of these areas as 'disturbed area' and stationing of adequate police force, are purely meant for the security and safety of the local people only and to maintain law and order. Therefore, it is not correct to say that the people there are agitated at the stationing of police.

In para 10 of the said G. O., the Departments have been requested to bring to the notice of the Finance Department any glaring anomaly, clarifications and other issues causing serious hardship, that would arise in the course of the implementation of the revised scales of pay. Quite a number of stereotyped representations have been received from the employees of the Fire Service Department, requesting for higher scales of pay, that those already sanctioned by Government. The views of the Director of Fire Services have been obtained and the matter will be placed before the Officers' Committee appointed to examine the one man Pay Commission recommendations in due course.

oting of Demands for Grants.

The P. L. Co-operative Societies still lie as fieldless co-operatives as they do not obtain the encouragement of the Government. The payment of the interest on the capital invested by them is not encouraged. The Government should take steps to encourage the growth of the P. L. Co-operative Societies.

The allocation of the Budget for the year 1969-70 is as follows:

1. **Agricultural Development**
   - 2000
   - 1000
   - 500

2. **Industrial Development**
   - 1500

3. **Educational Development**
   - 1000

4. **Medical Development**
   - 500

5. **Cultural Development**
   - 250

The Government should take steps to increase the allocation of funds to the P. L. Co-operative Societies for the year 1969-70.

The P. L. Co-operative Societies are still in a state of want due to the lack of funds. The Government should take steps to encourage the growth of the P. L. Co-operative Societies by allocating sufficient funds to them for the year 1969-70.

NOTE ON THE DEMANDS FOR GRANTS FOR HEALTH AND MEDICAL SERVICES 1969-70.

The health of its people should be a concern of paramount importance to any progressive State and much so to one wedded to welfare creed. Whereas investments of public funds in productive activities of a State may be desirable from economic point of view, spendings on health schemes have got their own inherent advantages inasmuch as they render the people engaged in various facets of economical and industrial activities, physically fit and mentally prepared to contribute their fullest and best to the overall progress of the State.

In that context, the Government have ever been alive to the justification of the claims of Medical and Health Department on the public exchequer and the present demand which prima facie is substantial but in fact represents the barest minimum, circumvented as it is by the general financial stringencies, is presented to this August Body of Legislature for its due consideration and approval in toto.

Non-Plan:

As against the Revised Estimate of Rs. 12,08,61 crores of the last year, an amount of Rs. 14,6503 crores has been provided for the current year, there by an increase by about 21.4% has been affected. This increase is accounted for the overall enhancement of prices of drugs, food and other requirements as as also the upward revision of Pay and Special Pay sanctioned as a consequence to the Ban on Private Practice.

The main features of the budget pertaining to the Medical Wing of the Department are as shown below:

The above figures include the provisions of Indian Medical Department also, details of which would, however, follow subsequently.
Ban on Private Practice:

During 1968-69, Government issued orders banning on Private Practice by all Government Medical Officers. Consequent on this ban and in order to provide facilities to the people who want to consult and seek specialist services, Pay Clinics (General) and Special Pay Clinics for Central Government Employees have been established in all the Teaching Hospitals, District Headquarters Hospitals and other Taluk Hospitals in the State. The Special Pay Clinics for Central Government Employees were opened also at the places in the non-taluk level. In addition to the Pay Clinics, general evening Out-Patient departments are now functioning in all the teaching and non-teaching hospitals for the convenience of general public. An amount of Rs. 55.07 lakhs was provisionally provided in the Budget, but this figure is likely to go up to Rs. 87.07 lakhs due to revision of the rate of Special Pay from 30/3% to 30% and the ceiling thereon, up to Rs. 800 for Class I Officer. This figure would however go up still further in view of the recent upward Revision of Pay Scales of Medical and Officers.

Primary Health Centres:

Under Community Development Programme, Primary Health Centres were established in Panchayat Samithies normally at the rate of 1 for each pre-existing pattern block to provide medical and health services to the public in the rural areas.

As against the target of 448 P. H. Cs., 409 P. H. Cs. have been opened so far. The remaining P. H. Cs. could not be opened for want of funds, and they will be opened during the Fourth Five-Year Plan. As there were general complaints that doctors with inadequate experience were being posted to Primary Health Centres and medicines were not being made available to those institutions, arrangements have been made to post experienced Doctors as far as possible and a revised procedure has been introduced to ensure adequate supplies of medicines to the extent of Rs. 7.00 per Primary Health Centre, out of which medicines worth Rs. 4,500 would be purchased locally without waiting for supplies from the Medical Stores Depot.

Supply of Medicines to Primary Health Centres:

Medical Stores Depot, Hyderabad could not supply medicines to the entire amount of Rs. 7,000 earmarked for each Primary Health Centre in a package programme, i.e., at the rate of 40 Primary Health Centres, every month, with all the required medicines. So a revised procedure has been adopted. According to which, a sum of Rs. 2,500 is set apart for each P. H. C. for purchasing medicines from the Medical Stores Depot, Hyderabad and a sum of Rs. 4,500 is placed at the disposal of District Medical and Health Officer of the district concerned, for making local purchases on rate contract basis. Even when the Medical Stores Depot, fails to make full supplies to the extent of Rs. 2,500 within a stipulated period of 60 days from the date of placing the order by the D.M. & H.O., the indent automatically stands cancelled to that extent and the District Medical and Health Officers may make further purchases locally to make up the shortfall.

By adopting this procedure, Primary Health Centres, are expected to receive an ensured supply of medicines in time.

Thus an over all increase of 19% has been provided in the matter of Health activities for the current year as against the position obtaining last year.
Appendix

Plan 1969-70:

A provision of Rs. 30 lakhs has been allotted under Annual Plan for 1969-70, for implementation of the Schemes under State Plan (Rev. 28-00 lakhs Cap. 2 lakhs). The provision allocated for both Andhra and Telangana is as follows:

<table>

<td><strong>28.00</strong></td>
<td><strong>2.00</strong></td>
</tr>
</tbody>
</table>

The following schemes are proposed for implementation:

1. **Training of Auxiliary and Health Personnel**—(Provision Rs. 1.50 lakhs):—The Government have sanctioned the training of 12 Officers (8 from Andhra and 4 from Telangana) in D. P. H. Course in the Osmania Medical College, Hyderabad for a period of one year in G. O. Ms. No. 126/4, Health, dated 19th June 1969. A proposal for starting a Sanitary Inspectors' Course with 50 admissions at Gandhi Medical College, Hyderabad is under consideration.

2. **Health Education**—(Provision Rs. 1.48 lakhs):—It is proposed to appoint 2 Health Educators (11 for Andhra districts and 9 for Telangana districts) and to purchase 11 Cine Projectors (10 for Andhra and 1 for Telangana) 11 Walkie Talkies (10 for Andhra and 1 for Telangana) to increase the Health Education Units in the State as there are only 3 Health Education Units in the State which is inadequate to cover the entire State.

3. **State Health Transport Organisation**—(Provision Rs. 4.00 lakhs):—It is proposed to open 2 mobile maintenance units i.e. at Mahaboobnagar and another at Karimnagar besides strengthening the mobile maintenance units already existing by providing them with tools and equipment. It is also proposed to build up the float units for all the Mobile Maintenance units as well as for the Central Workshop besides installing some machinery and equipment.

4. **Maternity and Child Welfare**—(Rs. 2 lakhs):—The following programmes have been proposed:

   a. Continuation of General Nursing Programme of 2 years by candidates, who were sent for training during August 67 and Feb. 1969:

   b. Deputation for another 10 candidates for General sick nursing training (2 years) from 1-8-60

   c. Immunization of children in the age group of 0.5 against Diphtheria pertussis and Tetanus & establishment of social Paediatric Dept. in Hyderabad.

   Total 2.00 lakhs
during 1968-69. The Twin Cities of Hyderabad and Secunderabad have achieved a target of 18,036 sterilisation operations during 1968-69 which works out to 12 per thousand of population as against the norm of 6 per thousand fixed by Government of India.

For the year 1960-70, a target of 1,00,000 of sterilisation operations has been set as against 2,50,060 for 1968-69. Despite many unfavourable facts, which cropped up in various parts of the State, it is expected that still a substantial achievement would be made in the matter of bringing down the present birth rate of 37.3 to that of 25 per thousand of population.

General:

Towards the end of the year 1968-69, advances were obtained from the Contingency Fund of the State to make urgent payment towards special allowance sanctioned, consequent on ban on private practice and the expenditure incurred on 6 upgraded Departments created in the Osmania Medical College, Hyderabad. Hence provision has been made in the current year's budget for the rectification of these advances.

INDIAN MEDICINE DEPARTMENT

Non-Plan:

The Indian Medicine Department deals with four systems of medicine i.e. Ayurveda, Unani, Homeopathy and Naturopathy. Apart from the above, a Research Unit in Yoga system of medicine has also been started in the premises of the Government Ayurvedic Hospital at Charminar, Hyderabad since 1968-69. The policy of the Government is to encourage all the (including Homeo) systems of Indian Medicine, revive them and make them popular among the ailing masses of the people.

A summary of the existing provision in the Budget Estimates 1969-70 under (i) Revenue Receipt, (ii) Revenue expenditure and (iii) Capital for the Department is given below:

During 1968-69, the Government have taken over the following private colleges of Indian Medicine—

(1) Anantha Laxmi Ayurvedic College, Warangal.
(2) Dr. Nori Rama Sastri Ayurvedic College, Vijayawada.
(3) Dr. Guru Raju Homeo Medical College, Gudivada, Krishna district.

The question of taking over of one more Ayurvedic College (viz.) Sri Ranga Chary Ram Mohan Ayurvedic College, Gujarat is under active consideration of the Government. Necessary provision for this purpose has also been made in the Budget Estimate 1969-70.

Two Research sections viz., one for Ayurveda and one for Unani are also accommodated in Ayurvedic and Unani Hospitals at Hyderabad.

After protracted discussions and correspondence it has been possible for Government to persuade the Osmania University to open a faculty for Ayurveda and Unani. The inspection commission appointed by the Osmania University has recommended the affiliation of the Nizamia Tibbi College, Hyderabad and the Government Ayurvedic College, Hyderabad. The affiliation of the Government Ayurvedic College at Warangal is expected shortly after it is inspected by a similar inspecting commission. The estimated expenditure for the upgrading of the existing Colleges and Hospitals consequent on the affiliation of these colleges works out to Rs. 2,48,600. The amount in question has to be sanctioned by way of supplementary grant as soon as the Government sanction the scheme for affiliation.

Annual Plan for 1969-70:

In the annual plan for 1969-70, a sum of only Rs. 1.00 lakh has been provided in the Budget Estimate 1969-70 for the State Plan
Schemes and the following schemes are proposed to be taken up during the second half of the year 1966-70. (Rupees in lakhs)

1. Creation of a 20 bedded Government Ayurvedic Hospital at Vijayawada 0.5
2. Additional staff in Special Officer's Office 0.15
3. Opening of 3 dispensaries 0.30

Total 1.00

In addition to above a provision of Rs 50 lakhs has been made for the following Centrally Sponsored Schemes of Indian Medicine:

(i) Clinical Research in Ayurveda and Unani and Family Planning under Unani system of Medicine.
(ii) Establishment of a Post-Graduate Centre in Ayurveda at Hyderabad; and
(iii) Payment of stipends to the lecturers going for higher studies. The State Government have already sent proposals to Government of India and their final orders in the matter are awaited.

Water Supply and Drainage:

The Public Health Engineering Department is in-charge of the provision of water supply and drainage schemes in 81 Municipalities of this State. This department has also been entrusted for providing protected water supply schemes in 54 former Town Committees of Telangana Region.

The Water Supply and Drainage Schemes are financed with 100 per cent central assistance under plan sector. However, the Third Grade Municipalities are eligible for 15 1/2% grant from State Government to offset certain charges for Water Supply Schemes and similar grant is given to all the Municipalities for their Drainage schemes. The Water Supply and Drainage Schemes outside the plan are executed as per the self financing principles. The cost of the scheme is borne by Life Insurance Corporation loan assistance and Municipal Contribution. The method of financing provided for the protected water supply schemes in former Town Committee of Telangana Region is 87 1/2% grant and 12 1/2 per cent loan from State Government as per G. O. Ms. No. 42, F. R., dated 11th January 1965. The amount required for executing the schemes is being financed initially under plan only and later on is to be adjusted with the funds of Telangana Regional Committee.

During the current financial year i.e., 1966-70 an outlay of Rs 15.00 lakhs only has been made for Urban Water Supply and Drainage Schemes under the control of the Chief Engineer Public Health. This amount is meagre and as such, proposed to be utilized only on spill over Schemes from Third Five-Year Plan. Consequently
Appendix

no new Water Supply Scheme (Urban) could be taken up during this year. The details of the provision made is shown below:

In addition to the above separate provision of Rs. 61.34 lakhs has been made under Special Telangana Development Scheme (vide G. O. Ms. No. 37, Planning and Panchayati Raj Department, dated 19th June 1969) in respect of protected Water Supply Scheme in former Town Committees of Telangana region. An amount of Rs 14.00 lakhs has also been allotted as grant to Municipalities for Water Supply Schemes under Special Telangana Development Schemes. The details of Rs. 14.00 lakhs is shown below:

</table>

The grant of Rs. 14.00 lakhs to Municipalities has been made on the recommendations of Zilla Parishads and Andhra Pradesh Regional Committee. The above provisions are meant to provide some Water Supply facilities in the Municipalities. Though the amounts provided are sufficient to provide full fledged Water Supply Schemes but however, attempts are being made to provide water supply facilities to some extent by putting down bores etc.

So far 45 Municipalities out of 81 in the State (this includes two Municipalities namely Sadashivpet and Bhainsa recently provided with water supply under Regional Committee Works Programme) are having protected Water Supply Schemes in the State and it is programmed to provide Water Supply Schemes to 19th more Municipalities during the Fourth Plan period.

During the year 1969-70 no new Water Supply Schemes to Municipalities which are included in the draft Fourth Plan could be taken up since the provision made is not even sufficient to complete the spill-over schemes. While allotting funds for Water Supply Schemes first priority is given for continuing schemes from Third Plan and if sufficient funds are available, then new Water Supply Schemes are proposed to be taken up. Priority will be given to those Municipalities, which are endemic to cholera, for new water supply schemes.
