INVESTMENT IN NIZAM'S STATE RAILWAYS

61—

* 252 (1694) Q.—Sri T. V. S. Chalapathi Rao (Vijayawada East):—Will Hon. the Deputy Chief Minister be pleased to state:

(a) what is the amount of the original capital invested by the Government of erstwhile Hyderabad State in Nizam's State Railways;
(b) how is the amount disposed of;
(c) whether it is a fact that an amount of six crores of rupees of the Nizam State Railways is lying with the Central Government; and
(d) if so, has the State Government claimed it and with what result?

The Deputy Chief Minister (Sri J. V. Narasinga Rao):—The subject relates to the Government of India, Ministry of Railways (Railway Board). An answer based on the particulars furnished by the Railway Board is laid down on the Table of the House.

Job No.183 245
STATEMENT LAID ON THE TABLE OF THE HOUSE

In answer to the L. A. Q. No. 1394 (Starred) [*61]

(a) According to the report of the Indian States Finances Enquiry Committee 1948-49 on Hyderabad, the Book value of the productive capital assets of Railways recommended to be taken over by the Central Government was Rs. 1,808.49 lakhs less specific debt of Rs. 41.25 lakhs as on 31-3-1949.

(b) Railways being a “Federal” function of the Central Government, the above said assets were taken over by them without financial adjustment as per the principle of federal financial integration.

(c) As a result of federal financial integration of the ex-Nizam State Railway with effect from 1-4-1950, the various funds taken over by the Central Government were as follows:

<table>
<thead>
<tr>
<th>Fund</th>
<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>Depreciation Reserve Fund</td>
<td>Rs. 4,60,73,751</td>
</tr>
<tr>
<td>Development Fund</td>
<td>Rs. 46,83,916</td>
</tr>
<tr>
<td>Reserve Fund</td>
<td>Rs. 51,02,195</td>
</tr>
</tbody>
</table>

Indian States Finances Enquiry Committee 1948-49 had made the following recommendations in their report:

(d) “In this connection, we make the specific recommendations that the allocation of any Reserve or Fund (in whole or in part) to the Centre must be regarded as entailing a special obligation on the centre to ensure that the liquid assets so transferred to it with such Fund or Reserve are expended within the State concerned on those objectives for which the Fund or Reserve was intended”

Accordingly, the Central Government had spent the reserves taken over within the State concerned on those objectives for which the funds or reserve was intended. The actual figures of amounts expended under the above heads upto 1957-58 were as follows:

<table>
<thead>
<tr>
<th>Fund</th>
<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>Depreciation Reserve Fund</td>
<td>Rs. 8,41,37,706</td>
</tr>
<tr>
<td>Development Fund</td>
<td>Rs. 1,18,43,870</td>
</tr>
<tr>
<td>Reserve Fund</td>
<td>Rs. 96,08,791</td>
</tr>
</tbody>
</table>

It will be observed from the above figures that the amount spent even upto 1957-58 far exceeded the reserves or funds taken over from the ex. Nizam State Railways.

In this connection, we make the specific recommendations that the allocation of any Reserve or Fund (in whole or in part) to the Centre must be regarded as entailing a special obligation on the Centre to ensure that the liquid assets so transferred to it with such Fund or Reserve are expended within the State concerned on those objectives for which the Fund or Reserve was intended.

Sri J. V. Narasimha Rao:—The matter is very simple Sir. These amounts were taken under depreciation reserve fund, Development Fund and Reserve Fund; and the Finance Enquiry Committee held that those amounts must be spent in the particular State from which they have been taken. The Railway Board has reported that they have not only spent that amount but they have spent additional amount. As I have already stated, instead of 460 lakhs they have
spent 841 lakhs, under a particular item instead of 46 lakhs, 180 lakhs; and instead of 51 lakhs 96 lakhs. It is clear. In addition to that if members want how much has been spent what developmental works have been done, all those can be raised in the Parliament. If any information is required, I can write to them, gather information, and place it before the House.

Sri C. V. K. Rao (Kakinada): I request the Minister to specifically state and give information on this. The Central Government spent the reserve taken over within the State concerned on those objectives for which the funds are reserved for them. What are those objectives and how much amount has been spent? He must have ready information on this thing. He was saying that additional moneys are also spent. For which purpose those moneys are spent as far as this State is concerned, I want to know.

Sri J. V. Narasimha Rao: It is already there on pages 2 of the report which I placed on the Table of the House.

Sri C. V. K. Rao: What are the objectives? Is it not his duty to get these objectives and enlighten this House. The House should get the information. He does not furnish this information. That is the position.

Sri J. V. Narasimha Rao: The objective is to spend for Development.

Sri C. V. K. Rao (Kakinada): If so, has the State Government claimed it and with what result? Accordingly the Central Government had spent the reserve taken over within the States concerned on those objectives for which the reserves are intended. When the Hon. Minister has placed it on the Table of the House, what prevented him to place a statement mentioning the objectives—these are the objectives, these are the amounts, and they have been spent in such a year; still so much of balance left. Without giving such a detailed answer on such an important question, if an evasive answer is given, how the purpose of this question will be achieved? At least, can the Hon'
Oral Answers to Question.- 12th February, 1970. 249

Minister give us an assurance that before the House adjourns he would furnish all the details that are called for and are adjourns and warranted by this question.

Sri J. V. Narasinga Rao :—No. If he wants to know the yearwise details how they are spent, we can write to them and when they furnish this information, I can place it on the Table of the House.

Dr. T. V. S. Chalapathi Rao :—Why should we write ? This is all the concern of the Minister. How are we expected to write ? What is the hon. Minister expected to do here ?

Sri J. V. Narasinga Rao :—As I brought to the notice of the hon. Member this is not within the purview of this Assembly. Still, we have developed a convention as the speaker has ruled that we may gather information and place before the House. Whatever you want, I gather information and place it before the House. But, I am not competent to make a statement—that I am going to this or that. I am not answerable. This House cannot deal with that subject. It can be dealt with only in the Board.

Sri C. V. K. Rao :—This is very unfair. Very unfair answer. It amounts to contempt of this House Sir.

( No answer )

Dr. T. S. Murthy :—What are the objectives laid down by the State Government within the purview of the State Government for which the Railway Board would oblige the State Government.

Sri J. V. Narasinga Rao :—We are not competent to lay any objectives. As I told, how the Depreciation Reserve Fund is...

Dr. T. V. S. Chalapathi Rao :—It is a peculiar answer. The Minister is contradicting his own answer.

Mr. Speaker :—You say this is purely a central subject and the State Government has nothing to do. You can say that with regard to other Central subjects. So far this particular issue is concerned, this relates to an amount of Rs. 6 crores of Nizams Government lying with the Central Government i.e., before the merger. After the merger, naturally of course, it is taken over by the Central Government. Now the question is whether the compensation or whatever it may be. Due to the State Government is still lying there or it has been disposed of. That is the point. So, this is purely a matter in which the State Government is very much interested particularly the members of this House. You cannot say the same thing as you say with regard to the other central subjects.
12th February, 1970.

Oral Answers to Questions.

Sri J. V. Narasinga Rao:—I respectfully submit the State loses hold. The railways being the federal function of the Central Government, the above assets are taken over by them without financial adjustments.

Mr. Speaker:—Please try to get the full information on this subject.

Sri J. V. Narasinga Rao:—Whatever information they want, I will get it Sir.

Mr. Speaker:—I am asking the Minister to get full information on this subject as early as possible.

Sri J. V. Narasinga Rao:—How has been spent and other details will have to be obtained from the centre.

Mr. Speaker:—After that information is received, I will try to give another opportunity to members to raise this issue.

Sri N. Ramachandra Reddy:—On the modification, Sir we want the comparative figures also of the other Railway.

Mr. Speaker:—Whatever information you want, I ask him to get.

Sri N. Ramachandra Reddy:—In that time, what is the comparative amount that was spent on the other railways. In the comparative figures are given, we will be able to know whether Justice has been done or not.

Dr. T. V. S. Chalapathi Rao:—Apart from that additional information called for, here is my question (c) which is specific and clear.

"Whether it is a fact that an amount of six crores of rupees of the Nizam State Railway is lying with the Central Government."

He should say either ‘yes’ or ‘no’. He has not done that. So, what prevented him to answer a specific question in a specific manner. Now he says about the additional information. When the question itself is not answered, how can we expect that additional information called for will be submitted to this House Sir. Therefore my prayer to the Hon. Speaker is to kindly direct the Minister to come prepared with correct answers. Otherwise, it is a waste of time. I am sorry, your Honour, to make that observation.

Sri J. V. Narasinga Rao:—The answer is also given here Sir. The assets that are brought taken over by them without financial adjustments as per the principle of Federal Financial integration.
The book value of the productive capital assets of railway recommended to be taken over by the Central Government was Rs. 18 crores.

Sri J. V. Narasimha Rao:—This has been taken over on the principles of federal financial integration. This will not be accounted to the State as they have stated. If any further particulars are necessary, then I can also have them.

(Many members rose in their seats)

Mr. Speaker:—This kind of thing cannot go on. Exactly at the stroke of 9:40 I am going to close the Question Hour. It is left to the members to put as many supplementaries as they like.

Everyday I want to cover all the questions. Naturally the members are interested to get their questions answered. If only 20 or 25 minutes are taken for the first question itself what about the other questions. Naturally other members will have a grievance against me. As you all know, I have directed the Minister to get full information and after that information is received, I told the members that I would give opportunity to the members to put questions.

Sri P. Subbaiah (Yerragondipalem):—That Minister wants particulars. What are the particulars that I should give?

Mr. Speaker:—Question Nos. 62, 63, 64 and 65 relate to the same matter i.e., Drinking water supply schemes. The Minister will please read all the answers to those questions. Then I request the members to put their supplementaries one after the other.

(a) whether there is any representation to the Revenue Minister by Sarvasri G. Venata Reddy and K. Prabhakara Rao M.L.A.s regarding the proposals to solve permanently the drinking water problem of the villages in Parchoor Panchayat Samithi area in Guntur district; and

The Minister for Panchayati Raj (Sri T. Ramasway):—

The Collector obtained the pro-forma estimate for Rs. 13,67,703 for providing drinking water for filling up tanks in certain villages in the Panchayat Samithi, Parchur and forwarded the estimate to the Board of Revenue in September, 1969. It is understood that the Board of Revenue forwarded the estimates with its remarks to the Government in the Revenue Department in October, 1969.
ENQUIRY AGAINST THE PRESIDENT, PARCHOOR P. S.

63—

*893 (1729 R) Q: Sri G Venkata Reddy : —Will the Hon. Minister for Panchayati Raj be pleased to state :

(a) whether it is a fact that an enquiry is pending against the President, Panchayat Samithi, Parchoor, Guntur District regarding the misuse of powers and misappropriation of contributions for supply drinking water in the Samithi area in the year 1968 ;

(b) whether it is a fact that the hon. Minister for Panchayati Raj as well as hon. Chief Minister ordered for an enquiry on the petition of some of the members of the Panchayat Samithi of Parchoor regarding the above allegation ; and

(c) if so, the action taken thereon ?

Sri T. Ramaswamy :—(a) Yes, Sir.

(b) Only Minister for Panchayati Raj has ordered the enquiry into the allegations.

(c) The Collector Guntur, has been asked to enquire into the allegations and submit his report in the matter for necessary further action by the Government. The Collector’s final report is still awaited.

MISAPPROPRIATION OF FUNDS IN PARCHOOR PANCHAYATI SAMITHI

64—

*837(1725-C) Q.—Sri G. Venkata Reddy :—Will the hon. Minister for Panchayati Raj be pleased to state :

(a) whether it is a fact that the case of misappropriation of public funds is pending with the police of Chirala, Guntur district against President, Panchayat Samithi, Parchoor ; and

(b) if so, what action the Government has taken ?

Sri T. Ramaswamy :—(a) A case of alleged misappropriation of public funds by the President, Panchayat Samithi, Parchoor, while he was Sarpanch of Gram Panchayat, Veerannapalem has been filed by the Police after due investigation and it is pending in the court of Additional District Munsiff Magistrate, Bapatla.

(b) The matter is subjudice.

WATER SUPPLY SCHEME IN PARCHOOR PANCHAYAT SAMITHI

65—

*804 (6530 M) Q.—Sri K. Prabhakara Rao : —Will the hon. Minister for Panchayati Raj be pleased to state:

(a) whether it is a fact that people from 12 villages in Parchoor Panchayat Samithi submitted a joint scheme for filling up 14 tanks in their villages and donated Rs. 2,000 towards people's contribution;

(b) whether it is a fact that water had to be taken to these tanks through a 16 mile canal dug for that purpose and is it a fact that simultaneously up to thirty-three pump sets had to work to feed the tanks;

(c) whether it is a fact that the Revenue Minister, Sri Vithal Rao, Board Member and the Collector saw the progress of the work in person;

(d) whether it is a fact that while check measuring, the work done by the Assistant Engineer had not taken into account the seepage, evaporation etc. through the journey and the water required to wet the dried up tanks be ore water could be stored and consequently bills for amounts much lower than the amount spent were recommended;

(e) whether it is a fact that all this is due to political pressures;

(f) whether it is true that while the work was completed between March and April 2nd the check-measurement was made on 26-5-1968 in the office of the Assistant Engineer Zilla Parishad at Tenali and not on the work-spot; and

(g) If so, what action does the Government propose to take?

Sri T. Ramaswamy:—(a) As per the enquiry report of the Sub-Collector, Ongole, it is revealed that Sri Kolla Subbarao, Sponsor for the Water Supply Programme for certain villages in Parchur Panchayat Samithi and the Samithi President, Parchur collected a sum of Rs. 18,100 as contribution from the residents of ten villages to take up water supply arrangements in Parchur Panchayat Samithi area on account of severe drought conditions.

(b) It is not a fact that water was taken through a 16 mile long canal dug for that purpose. The maximum length of canals dug was from 2½ miles to 8 miles. The total number of pump sets actually engaged for this purpose is not known as the works were not supervised by the Panchayati Raj Engineering Department when they were executed.

(c) Sri Vithal Rao, Member, Board of Revenue visited certain villages in Parchur Panchayat Samithi which had acute shortage of drinking water facilities during October, 1967 but not during the period of execution of works.

(d) and (e) No, Sir.

(f) The works were executed during January to April 1968. The Supervisor concerned had done check-measurements from 27-5-68 to 25-5-68 and the Assistant Engineer had physically inspected the works and check-measured eight works on 26-5-68 on the spot.

(g) Does not arise.

183—2
Mr. Speaker:—Has the Government any idea of shielding this man?

Sri T. Ramaswamy:—No, Sir.

Mr. Speaker:—Please see that immediate action is taken and a charge sheet is laid or something like that.

Sri G. Venkata Reddy:—When was the investigation completed? When was the charge-sheet filed? How much time has been taken to complete the investigation and after completion, how much time was taken to file charge sheet?

Mr. Speaker:—The matter was before the Court.

Sri T. Ramaswamy:—I have to add that the sponsor filed a suit in the Court of the Subordinate Judge, Bapatla, claiming higher amounts in this case and the matter is sub judice.

Mr. Speaker:—The enquiry is now going on in the Court.

Sri G. Venkata Reddy:—If you conduct an enquiry everything will come out.

NATIONALISED TEXT BOOKS

66—

* 503 (1963) Q.—Sri G. Sivaiah (Puttur):—Will the hon. Minister for Education be pleased to state:

(a) whether the Government will consider to sell and to distribute Government nationalised Text Books through the Heads of each Educational Institutions to facilitate the easy distribution and sale of text books to the students as the Heads of Institutions will be responsible for the money; and

(b) if not the reasons therefor?

The Minister for Education (Sri P. V. Narasimha Rao):—(a)
No, Sir. Institutions which are having co-operative Society/Store of their own one, however being supplied with the Nationalised Text Books for sale whenever indents are received from them on cash and carry basis just like other agents. Any School Co-operative Stores/Societies which come forward to be authorised agents for the sale and distribution of Nationalised Text Books are being allowed to sell and distribute the Nationalised Text Books to the students. The Co-operative Societies are not required to execute agreement like other Agents.

(b) During the year 1958–59, the Headmasters where there were school co-operative Stores/Societies were supplied with Nationalised Text Books for sale on credit basis. The Headmasters were made responsible for the remittance of the sale proceeds when the amounts exceed Rs. 100. This practice of issuing the Nationalised Text Books on credit basis did not proved successful as the Headmasters failed to remit the sale proceeds and huge amounts were kept outstanding with them. The Headmasters have expressed that it is not possible to lift the stock of books on cash and carry basis according to the present policy adopted for sale of Nationalised Text Books.

Sri P. V. Narasimha Rao:—I request that this matter may not be involved in the controversy of public works v private sector. What we want is that the preparation and production of books is to be nationalised. That is done. In the supply of books, we don’t have any agency down the line of public sector. Therefore, we stick to the agency system which is working well and wherever difficulties are trying to remove them. Otherwise, I don’t want to be the doctrinaire in this subject.

Mr. Speaker:—L. A. Qs. Nos. 67 and 68 will be taken up together.

REMUNERATION TO CONTINGENCY STAFF

71 —

Q. — Sarvasri P. Venkata Reddy (Kanigiri) and R. Mahananda:—Will the hon. Minister for Finance be pleased to State:

(a) whether it is a fact that the Government has issued a Memorandum No. 1723/A/095/6, Finance Department, dated 19-7-1969 reducing abnormally the monthly remunerations to the menials paid from the Contingencies to 50% and even less;

(b) whether the Government feels that great injustice is done to these whole-time menials servants cannot live on this meagre amount of Rs. 40 in these hard days; and

(c) if so, whether the Government reconsider the matter to revise the orders;

(d) if not: the reasons therefor; and

(e) whether a copy of the memorandum cited will be placed on the Table of the House?

The Minister for Finance (Sri K. Vijayabhaskara Reddy):—

(a), (b), Yes. There was reduction in the monthly remuneration because the rates fixed were inclusive of Dearness Allowance sanctioned by the Government.

(c) Yes. The matter was reconsidered as soon as the anomaly of including the dearness allowance in the remuneration was brought to the notice of the Government. Orders have since been issued in supersession of the previous instructions that this category of employees will be entitled to the Dearness Allowance sanctioned from time to time in addition to the remuneration paid.

(d) Does not arise.

(e) A copy of the Memorandum cited and a copy of the correction issued are both placed on the Table of the House.

Point of Information

re : Nationalisation of Banks

Mr. Speaker :—Now, there are two matters under Rule 74.

Sri K. Govinda Rao :—Before you proceed to those matters, Mr. Speaker, Sir, I have given notice of an adjournment motion.

Sri N. Ramachandra Reddy :—Sir, the Supreme Court has struck down the Bank Nationalisation Act and it is a very important Act. It is causing concern to every one of us. So I think some time should be allowed to discuss that thing, so that we might draw the attention of the Central Government to expedite matters because it has been said that it is within the legislative competence of the Parliament. So I think it is better, even if it is not in our purview, we express our view and send our recommendation to the Government of India so that they might expedite the matter.
Point of Information.

12th February, 1970. 277

Sri K. Govinda Rao:—The adjournment motion given notice of by me reads as follows: "The situation arising..."

Mr. Speaker:—You have already given me a copy of the adjournment motion. I think a number of members also want to bring this to the notice of the Government. Your notice of adjournment motion is signed by several members. So far as admissibility of the adjournment motion is concerned, what I am now suggesting is...

Sri B. Niranjan Rao:—Mr. Speaker, Sir.

Mr. Speaker:—You want to refer to the same matter.

Sri B. Niranjan Rao:—I want to refer to a different matter.

Mr. Speaker:—A number of other members want to refer to the matter given notice of by Sri Govinda Rao. Now what I am suggesting is this: Though it is wholly a central subject, still it is better, and I agree with you, Mr. Govindarao, that this House should also express its opinion about the Bank Nationalisation. I agree with what Sri Ramachandra Reddy said about it. But the question is, in what shape it should come before the House—whether it should come in the shape of an adjournment motion or under some other Rule. I will decide it in consultation with the Leader of the House and Leaders of the opposition parties.

Sri K. Govinda Rao:—Before you decide about the admissibility, let me explain.

Mr. Speaker:—If it is a question of my deciding about the admissibility of the adjournment motion, then I must ask you to read it out. Otherwise, you need not read it out now. You are one of the leaders of the opposition parties. You are the leader on behalf of the Communist Party. I will send for you and decide in what shape it should come before the House. At this stage reading out the motion is not necessary. What you want to say, you can say just as Sri Ramachandra Reddy has said. You need not read out the motion. You please give a summary of it.
Mr. Speaker:—A time will come when you get an opportunity of expressing your views fully.

What has the Leader of the House to say about this matter?

Sri K. Brahmananda Reddy:—There is absolutely no doubt that this Bank Nationalisation has been one of the revolutionary events in recent times. It really has caused great disappointment to all sections of the people when it was struck down by the Supreme Court. Though it may not be within our legislative competence—legislative competence of this House, still it is a matter such an important matter affecting vitally many sections of the society, this House should take note of it and express its opinion. Therefore, in consultation with the Leaders of the parties, you may fix some time in the evening sometime according to the convenience of the members, as early as possible, so that we can express our opinion and at the same time our disappointment also and at the same time request the Government of India to take urgent steps to remedy the situation.

Sri K. Govinda Rao:—May I request you that some decision is taken today itself?

Mr. Speaker:—At 11 O’Clock today, I will be sending for the Leader of the House and Leaders of Opposition parties and then I will fix a date and time as early as possible.
Mr. Speaker:—I have no objection. You can give your suggestions. I do not stand on strict formalities. You may come and give your suggestions.

Mr. Speaker:—It is for the Leaders of the parties to decide and give a decision.

Mr. Speaker:—It is for the Leaders of the parties to decide and give a decision.

BUSINESS OF THE HOUSE

Mr. Speaker:—I am sorry.

Sri N. Ramachandra Reddy:—This matter has been raised in the Regional Committee also. I think the Minister for Education will be in a position to say something in this matter, because it is an important matter and is causing concern to every medical graduate of Telangana. I request the Hon. Minister for Education to say something.

Mr. Speaker:—Please lie over this issue for about half an hour. At wait 10.30 a.m you can raise this issue and meanwhile I will send for it.

Mr. Speaker:—At 10.30 I will call this matter again. In the meanwhile I will call for the notice which Sri Raja Ram says he has given.
Mr. Speaker:—Mr. Narsing Rao gave notice under R. 60 or so. I have admitted it under R. 74 and it will be called on 16th. It has been clubbed along with the one given notice of by Mr. Narsing Rao. A number of others also have signed the notice.

Mr. Speaker:—I remember, I have posted it to 16th.

Sri Konda Laxman Bapujee:—An earlier date, he wants.

Mr. Speaker:—I said, 14th. He is not agreeable to 14th.

Sri Konda Laxman Bapujee:—Before 14th, i.e., tomorrow.

Mr. Speaker:—The Minister for Municipal Administration is not here. I do not know whether he will be in a position to make a statement or not. Better we have it on 14th, if not on 16th. 15th is a holiday.

Mr. Speaker:—I am helpless. I have nothing to say about it.

(Sri Ahmed Hussain in the Chair)
285  12th February, 1970.  Calling attention to matters of urgent public importance:

**re**: Death of a fisherman at Kakinada on 22-1-70 due to police firing.

**Sri S. Vemayya**: — Sir, the police resorted to firing on 23-1-1970 on innocent and unarmed fishermen of Dummalapeta, Kakinada Municipality. The firing was motivated on the instigation of the landlords of the locality. The dispute arose out of the land under the possession of Sivayajama of fishermen community. While the fishermen were returning from the sea, the police fired on them. One man was severely wounded. The wounded person was dragged like a dead animal for a long distance. It is a barbarous and inhuman act of the police at the instigation of the landlords. This deserves to be enquired into by the judiciary. The people responsible for this firing must be suitably dealt with. Suitable compensation must be paid to the family of the deceased person and to the people injured. This kind of firing on innocent people by the police must be stopped. Instead of protecting the law, the police are breaking the law. In the name of Naxalites, they think they can do as they please. Women were beaten, the drinking water was polluted by cow dung. Persons unconnected with this incident were also arrested somewhere away from the scene of offence or dispute and kept for 4 days without producing them before a Magistrate. It is a very serious case committed by the police at the instigation of landlords. I request that police people must be dealt with severely and compensation should be paid to the members of the family of the deceased and to the injured persons. This deserves to be immediately enquired into.
Calling attention to matters of urgent public importance:

re: Death of a fisherman at Kakinada on 22-1-70 due to police firing.

request that a judicial enquiry should be immediately conducted in the matter and to see that the people responsible for this un-wanted firing should be dealt with.

(Mr. Deputy Speaker in the Chair)

Sri N. Ramachandra Reddy:—Sir, the details have been given by Sir Veniah about the firing that was resorted to by fishermen who were unarmed. After exhausting all these methods, only, if the crowd becomes unruly if they resort to firing they can justify. As I have been given to understand, no procedure has been adopted, no precaution has been taken and without all these things they have resorted to firing. It becomes very difficult for unarmed people to safeguard their protection. In fact, Government is expected to safeguard innocent people. But the Government is resorting to the other way. I request, in these circumstances — not only in this case, but in a number of previous cases where firing was resorted to during the last year, how many firings have been resorted to and how many people were killed, has to be placed before the House. And information whether any enquiry has been ordered also has to be started. Even in cases where magisterial enquiry has been ordered, it is belated.

Calling attention to matters of urgent public importance:

re: Death of a fisherman at Kakinada on 22-1-1970 due to police firing.

The Minister for Home (Sri J. Vengal Rao):—Dummalapeta is a Fishermen Colony, situated on the sea shore about two miles away from Kakinada Town. All the residents of this village are fishermen by profession and they also indulge in smuggling and preparation of illicit arrack.

2. One Sri Yalla Venkata Rao of Kakinada Town owns about 400 acres of land near Dummalapeta village and he has been in lawful possession and peaceful enjoyment of the said land since time immemorial. One Shaik Hussain, a Right Communist and a quack of Kakinada town is the President of the Rickshaw workrs' Union Kakinada and also the leader of the Fishermen of Dummalapeta. At his instigation, the fishermen of Dummalapeta attempted to illegally occupy the lands of Yalla Venkatarao and on a suit filed by him, the Principal Subordinate Judge, Kakinada issued an injunction order restraining the villagers of Dummalapeta and Sk- Hussain from interfering with the peaceful possession of the said lands by Yalla Venkatarao.

3. On 23-1-1970 at about 2.00 p.m. Yalla Venkatarao presented a petition to the Sub-Inspector of Police, II Town Police Station Kakinada stating that on that morning he went with labourers to his

fields referred to above for raising bunds, that the villagers of Dummalepetta who had gathered at the fields were making preparations to beat and kill them and wanted immediate interference by the Police to maintain law and order. On receipt of this complaint, the S.I. of Police made an entry in G.D. collected S.I. of Police law and order 1 Town Kakinada, A.S.I. 1 Town Kakinada, one H.C. and 10 P.C.s. of both I and II Town Stations, Kakinada who were available and rushed to the spot immediately. Immediately on reaching the spot the police party found an unruly crowd of about 2000 persons mostly belonging to Dummalapeta armed with sticks and other deadly weapons and various missiles shouting that they would murder Yalla Venkata Rao and any other that would come to his assistance. Yalla Venkata Rao and his labourers were surrounded and wrongfully confined by the unruly mob. On seeing the police, the unruly mob under the leadership of Sk. Hussain and Malladi Venkata Reddy started shouting at the police and warned them to get away from that place. The Police officials advised Sk. Hussain, Malladi Venkata Reddy and some of the elders in the mob to go away from that place and to bring their records if any, so that the police could examine their claim and decide the matter. Without paying any heed to the advice of the Police, the mob attacked the police party with sticks sickles and stones. As a result, two S.Is., one Asst. S.I. and seven constables sustained bleeding injuries. The crowd suddenly pounced upon P.C. 1500 who was taken unawares, beat him and snatched away his 410 musket. Five cycles belonging to the Police party parked nearby were carried away by the rioters. Six other cycles and some utensils belonging to Yalla Venkatarao and his labourers were also forcibly taken away by some of the rioters. Yalla Venkatarao, younger brother of Yalla Venkata Rao and seven labourers received injuries at the hands of the rioters. To disperse the unlawful assembly, the police first made lathi charge which proved ineffective. As the rioters were very violent and as there was imminent danger to the lives of the police personnel, there was no other alternative except to open fire in self defence. As a result of firing one Osupalli Appa Rao aged about 25 years one of the rioters received a bullet injury and fell down. All the rioters including their leader, Shaik Hussain and Malladi Venkatreddi ran away and could not be apprehended despite the best of efforts made by the Police party. The injured Osupalli Appa Rao died on the way while being carried in the police van to the Government General Hospital, Kakinada.

4. A case in Cr. No. 16/70 u/s 147,1.8,324,342,307 and 379 IPC read with 149 IPC was registered. Vigorous search by the Police Party resulted in the recovery of five cycles belonging to the Police Party. The accused 1. Shaik Hussain, 2. Pande Tatarao, 3. Kilimi Ram Reddy, 4. Osupalli Simhadri 5. Parla Sathiraju, who are the ring leaders were arrested on 24-1-70 and vigorous efforts are being made to arrest the remaining culprits and recover the remaining articles carried away by them. The situation is quiet now.

5. The Sub Divisional Magistrate, Kakinada has been directed to conduct a magisterial enquiry into the incident. His report is awaited.
Calling attention to matters of urgent public importance:

*Death of a fisherman at Kakinada on 22-1-1970 due to police firing.*

...
Is he not competent to order a Judicial probe? Magistrial enquiry is a flop. Only a Judicial enquiry can establish the truth. Is he there to defend the Police? If it is so, it will only make the Police Naxalites. I hope the Minister will order a Judicial probe.

Mr. Narasa Reddy: — Mr. Deputy Speaker: Why don't you raise it when the Chief Minister comes?

Mr. Deputy Speaker: Report Presented.

re: Debarring Medical Graduates of Osmania University from Applying to Certain Services in Certain Government of India Undertakings.

Sri G. Rajaram:—Mr. Dy. Speaker, when the hon. Speaker was in the Chair, he asked me to raise at 10.30 a.m. the point about the question of medical graduates of the Osmania University who have been debarred from applying to certain services of the Govt. of India Undertakings through an advertisement.

Mr. Deputy Speaker:—I think the Minister for Health should be here to answer that. I shall see whether the Minister is in the lobby.

Sri G. Rajaram:—Sir, I have been given a fixed time at 10.30 a.m. to raise the point. The Minister should be here.

Mr. Deputy Speaker:—True the Minister should be here when the time is given. Let us see whether he is in the lobbies.

Sri G. Rajaram:—But how can he be callous? This is a serious problem?

Mr. Deputy Speaker:—We shall take it up a little later.

Sri G. Rajaram:—Where is the guarantee that it will not be postponed further?

Mr. Deputy Speaker:—It is only for a few minutes.

Motion on Address by the Governor. 12th February, 1970.

Instructional methods have to be adopted. This has to be borne in mind rather than crying hoarse and getting disillusioned and saying that except separation there can be no justice. I submit that with regard to integration of services, we may have regional services to certain extent not only for non-gazetted but also for gazetted cadres to some extent in all services so that we may not have any more clamouring and any suspicions about the service conditions. That is one point which I wish to make and this is a matter which needs the attention of the Government.

Another point is about the opinion poll for Separate Telangana. This is a very important point which I wish to submit that some of the elders have been propagating that we may have to insist upon right now. My submission is that the concept of opinion poll was nevertheless introduced by the Central Government in our country so far as Goa was concerned. Goa had its own peculiar and particular circumstances. Goa was a territory where Portuguese was the official language. There was a dispute between Konkani language and also Marathi language and there was also Gujarathi language prevailing there and the culture and the position of the Goan Christians was in doubt with regard to their own social status. They were 10 years behind the constitutional and the developmental activities that were going on in our country. Therefore in such circumstances the Government thought that we might have an opinion poll. If you apply that yard-stick to our State, I submit we are only in a delusion and we are driving the people of this state to further bickerings in order to hamper the normal activities in our State. We are driving at a thing which is not there like the philosopher hunting after a black cat in a dark room which is not there at all. So could we ask the Central Government not only to have an opinion poll in this State but also all over the country wherever there are bickerings. The other day we have seen in papers in Tamilnad that certain villages and revenue circles have been clamouring to join in Mysore. My submission is that then the Central Government will have to take up a programme throughout the country for people's opinion to be in a particular state or whatever state. We had seen the dangerous consequences of Shiv Sena in Maharashtra. Politicians in order to oust Krishna Menon, a man of progressive ideas, thought of this idea of having Shiv Sena for Maharashtra. What is the result now? Every six months we see that there are murders and police firings and all that from Dharwar. They have been driving Tamils—even Telugu people—because they do not belong to Maharashtra. If we want to gibe vent to our own frustrated political ambitions could we drive people to such an extent and create such things, Mr. Speaker, Sir, so that the normal developmental activities in our State should go down? Mr. Speaker, you know the revenue surpluses or incomes we were having and what a stand-still our business activities have come to in our State.

Apart from that industrialists from Bengal and elsewhere were trying to come here because of disturbed conditions in their States and they have gone away to Madras and Mysore. If this is the state of affairs, I do not think, the cherished desire of the people here who are craving to came up economically would be fulfilled and our
learned friends and elders if they had bestowed a fraction of their anxiety shown in here I do not think, all this would have happened.

My humble submission is that so far as our problems are concerned regarding the matters of service, integration of service etc. it is not as though there are certain bottlenecks under which it is not at all possible. My humble submission is that there is no reason at all to say that Khammam would be in Andhra area and other would be in Telengana area. The neighbouring States of Maharashtras etc. will claim that they have got the majority of Maharashtrians in certain villages. Then those villages will go to Maharashtras. Let us be united and try to develop this area, otherwise it is not at all possible to develop the area.

300  12th February, 1970.  Motion on Address by the Governor.

(Mr. Speaker in the Chair)

That is not going to be decided by the Bhargava Committee or any Committee. That is what I am going to tell. I tell you whatever the Chief Minister or the Prime Minister— whoever it is — can do, the Bhargava Committee cannot do. That is what I am going to tell you. Whatever I tell you, whether it is the Chief Minister or the Prime Minister or somebody else, it is what I tell you. I say whatever I say. That is what I am going to tell you. Whatever I tell you, whatever the Chief Minister or the Prime Minister or somebody else, it is what I am going to tell you.
Motion on Address by the Governor. 12th February, 1970.

Let it be one paisa or let it be 20 crores of rupees or 200 crores of rupees, this is a matter of principle. Who has done it? This is the Andhra domination; it is the Andhra people who have done it. Andhra domination.

It is a matter of principle. It is not the Telangana administration which has done it. It is a matter of principle.

This is a democratic State. Let the Central people come. What is there? after all, Why are you feeling shy about that. Let the people say and give their verdict. Why is that verdict? As a via media, we have asked formation of a separate State and somebody has questioned the propriety of it. We have proposed a democratic procedure of this. We said that the people's opinion must be taken on a largest and widest scope possible. Why are you feeling shy for it? This is a democratic State. Let's not be shy about it.

That violence is not a part of the agitation. That is only the course of the agitation. 25 people were killed and this is disgrace for the State of Andhra Pradesh.
294 12th February, 1970. Motion on Address by the Governor.

Today, thousands of people are facing the criminal cases for no fault of theirs. Why are the people being dragged towards the courts because witnesses are not available and that is why thousands of people, poor people are dragging towards the courts and still this is being continued.

(Bell)

Mr. Speaker:— Please conclude.

Sri K. Achuta Reddy:— Please give me five more minutes, Sir. I leave this P. D. Act and speak on that tomorrow.

Now, about rationing, Sir. After all where is the limit for this Government for doing all these things against the will of the people? After all step after step wrong steps are being taken. I am sorry to say, because I know this will also help to agitate for a separate State. Because, one good thing that was done, being withdrawn. Mr. Brahmananda Reddy was helping the separatists or Telanganites in continuing their agitation in several ways. This will also help for the agitation, in a way. Let a Commission be appointed and sit and examine this point whether all the sections have been removed from the Telangana Tenancy Act or not? If these things still continue, it would not be alright. I am very sorry for the state of affairs, Sir.

(Bell)

Thank you very much, Sir,

POINT OF INFORMATION

re: Debarring Medical Graduates of the Osmania University from applying to certain Services in certain Government of India undertakings.

Mr. Speaker:—Sri N. Ramachandra Reddy, Sri T. Purushothama Rao and Sri P. Narasimha Rao have given notice under Rule 74. In that, they said that the Indian Oil Company in a recent advertisement for recruitment to certain vacancies, debarred the Osmania University Medical Graduates from applying. I have admitted that notice under Rule 74 posting it on 14th. Unfortunately, copy of the advertisement is not traceable. If any of you can get a copy of the advertisement, you can please pass it on to me. The Minister for Education has been trying for the past two or three days but he could not secure a copy of it. 

Mr. Speaker:—The Government should try to extend the date.

Mr. Speaker:—The Government are equally anxious as you all to get the advertisement and to write to the Central Government not only to postpone the date but also to inform them about their making the individual distinction between Osmania University Medical Graduates and others. That is what they want to do.

Sri M. Manik Rao:—It is not a problem for the Minister or the Government to get a copy of the advertisement, if they want to have it, Sir.

Sri V. B. Raju:—The Chairman, Regional Committee, has actually informed us that he had discussed with the Government and the Minister on the subject and he promised to take action. This is not the question of correspondence. This is a matter of urgency. The Government is aware of it. If the Government cannot secure a copy of it, how can Mr. Achutha Reddy or anybody get it?

Mr. Speaker:—This notice was only given yesterday.

Mr. Speaker:—I am not finding fault with the office of the Speaker. I am only telling that the Government is aware of the matter even before the matter is being raised on the floor of the House. My point is that the Minister for Education knows this matter much earlier and he has not taken any immediate action. Only thing he is saying is that he is trying to secure a copy since two or three days.

Sri M. Manik Rao:—A Minister is not able to get a copy since two to three days; it is a very surprising matter, Sir. It is only delaying tactics.
304 12th February, 1970.

Point of information re: Debarring medical Graduates of the Osmania University from applying to certain services in certain Government of India undertakings.

Sri K. Brahmananda Reddy:—The Education Minister has said that he has been trying hard to get a copy of the advertisement yesterday and day before yesterday and he has not been able to secure it. Therefore, he is making further efforts. Somebody said it is Indian Oil Company and somebody said it is Tata Company. Therefore, he is trying to get it and he is equally anxious to get it even by today.

Mr. Speaker:—If we know full facts, then we can address the Central Government.
Motion under Rules 95

re: Nationalisation of Banks.

Mr. Speaker: —Anyhow, the Minister is not here and I will ask him to take immediate action. Since you have said that today is the last date, I will ask him to write to Central Government to direct this Company to extend the date.

Sri G. Raja Ram:—Whether the date for submitting the applications will be extended, Sir.

Mr. Speaker:—Yes. What is that you want to say, Mr. Ramachandra Reddy?

MOTION UNDER RULE 95

re: Nationalisation of Banks

Mr. Speaker:—He is moving a motion under Rule 95. Let him give the notice.

Sri B. Ratnasahapathi:—He has already stated that he is moving the motion under Rule 95.
12th February, 1970.

Motion under Rule 95
re: Nationalisation of Banks.

Sri P. Subbaiah:—Let hon. member Sri Ramachandra Reddy speak, Sir.

(Some Members rose)

Sri K. Govinda Rao:—Let him give the notice Sir. Let him complete.

Sri B. Ratnasabhapathi:—He has already said that he is going to move the Motion under Rule 95. I am raising a point of order.

Mr. Speaker:—Why are you in a hurry?

Sri P. Subbaiah:—I raise a point of order over a point of order, Sir.

Mr. Speaker:—You can raise it afterwards, please.

Sri K. Brahmananda Reddy:—Without knowing what the Motion is, how can a point of order arise, Sir?

It is not for the Chief Minister to say anything on this. Please see Rule 23, Sir. It reads like this:

"Rule 23 (3) The discussion on the Address shall be interrupted in the course of a sitting by an adjournment motion under rule 63."

Therefore, under no other rule, the discussion can take place. Therefore, I am raising this point of order. Under Rule 95 no Member has got the right to move a motion and interrupt the discussion on the Governor's Address, unless it is an adjournment motion. That is my point of Order. Is he moving an adjournment motion under Rule 63?

Mr Speaker:—I am very glad that some Members at least Mr. Latchanna and Mr. Ratnasabhapathi want to very strictly adhere to the rules. If it is a question of adhering to the rules, I do not think I have got to be a bit indulgent and Members also have got to be a bit indulgent; I mean, when they raise certain points and they want to go strictly according to the rules, I do not think we will be able to do any business.

Here, the hon. Member is only giving notice of a motion. It is not as though, straightaway I am allowing discussion. It is only a notice of motion.

Sri B. Ratnasabhapathi:—It is not a simple motion. It has got political implications, far-reaching political implications: it is going to be a comment on the Supreme Court judgment. Therefore I am objecting. That rule has got to be strictly adhered to.

(Sri G. Latchanna rose in his seat.)

Mr. Speaker:—Hon. Member Sri B. Ratnasabhapathi has raised a point of order and that is my ruling. His point is that the House is now discussing on the motion on Governor's Address and no motion can be moved except motions under Rule 63 or any
Motion under rule 95  
re: Nationalisation of Banks

other Government business. I have understood the point. What I am saying is, I am not allowing any discussion on any motion and it is certainly out of order to give notice of any motion by any member.

Sri G. Latchaann:—Even notice can be given after the discussion is over. Giving notice in the middle is interruption. That is our point.

Sri B. Ratnasabhapathi:—Kindly read that particular sentence.

Mr. Speaker:—I have read it.

Sri B. Ratnasabhapathi:—My point is whether we are strictly adhering to the rules or not.

Mr. Speaker:.—I said generally. I compliment you because you want to strictly adhere to the rules. At the same time, every House is realizing its own difficulties. Therefore, I have got to be a bit indulgent and you too have got to be indulgent.

Sri B. Ratnasabhapathi:—Discussion on the Governor’s Address can be interrupted only if it is an adjournment motion under Rule 63. I am accepting the compliment and am proud of it. Now, are you going to relax the rule and allow the Member to introduce the motion what is the special urgency for interrupting the discussion on the Governor’s Address and violating this rule?

Sri C. V. K. Rao:—Why are they so much worried?

Mr. Speaker:—Let me explain the position. So far as the adjournment motion under Rule 63 is concerned, if it is admitted it takes precedence even over the discussion on the Governor’s Address and even discussion on the adjournment motion can be allowed.

Sri B. Ratnasabhapathi:—That you should have allowed it in the morning.

Mr. Speaker:—Any Member can give notice of a motion and I am allowing discussion on that; it is not taking precedence over it.

Sri B. Ratnasabhapathi:—What is the special situation? You can allow it under Rule 63.

Mr. Speaker:—I have given my ruling and there is an end of it.
308 12th February, 1959.  

Motion under Rule 95
re: Nationalisation of Banks

--- motion raise Discussion &pcr< Motion raise Discussion also should take place now itself. The B. A. C. has agreed unanimously and there is no difference of opinion.

Sri G. Latchanna:—Rule 63 is the appropriate rule. It is not a question of discussion. Discussion rule 63 is appropriate Rule 63 Adjournment Motion rule 63 allow Discussion discussion is not appropriate Rule 63.

Mr. Speaker:—I have given my ruling. There is an end of it. I call upon Sri N. Ramachandra Reddy to move the motion.

Sri B. Ratnasabhapathi:—This is an unprecedented ruling. I submit that such situations will arise hereafter in quite a good number.

Sri C. V. K. Rao:—According to the rules, when once the Speaker has given his ruling, it cannot be questioned.

Sri G. Latchanna:—What the hon. Member Sri B. Ratnasabhapathi says is this becomes a precedent.

Sri N. Ramachandra Reddy:—Sir, I beg to move:

"This House expresses its deep disappointment on the situation arising out of the striking down of the Bank Nationalisation Act. This House requests the Union Government to take immediate remedial measures to make bank nationalisation effective and thereby ensure the continuance of benefits of bank nationalisation to the general public."

Mr. Speaker:—Motion moved.

Sri Vavilala Gopalakrishnayya:—I second it.

Dr. T. S. Murthi:—On behalf of our party we are supporting it, Sir.

Sri P. Subbaya
Sri R. Satyanarayana Raju
Sri C. V. K. Rao  
Sri K. Govinda Rao
Sri Mohd. Rajab Ali

Sri C. V. K. Rao:—What about Government side?

Sri K. Brahmamanda Reddy:—We support that motion.

You should not play with the feelings of Telangana people; I am warning the Telangana Ministers. What nonsense they are talking? Do they think we are not responsible people? You should not play with the feelings of the Telangana people. Our Party's name is T.U.F. and we are going to fight with the Government in a very tough way. They are loyal only to the Chief Minister and not to the people of Telangana. They have got selfish interests.
They are doing injustice to the State. It is the best source of getting funds from that area. Oh, what a great thing I have done for this Telangana, for the twin cities? I have removed this rationing!

Has he done any justice to our region? He is unfit as Governor of the State, I can tell you. He is completely unfit as a Governor. He is an unpopular Governor of this State. He has proved himself to be the highest politically corrupt man in this country. He has proved, I can challenge anything. I can prove anything, as you see.

316  12th February, 1970,  Motion on Address by the Governor.

Kasu Brahmananda Reddy, and other honorable Member of the House. I am of the 
view that the economic constitution of India and for the matter of that of the world should be such that no one under it should suffer from want of food and clothing. In other words everybody should be able to get sufficient work to enable him to make the two ends meet. And this ideal can be universally realized only if the means of production of the elementary necessities of remain in the control of life the masses. These should be freely available to all as God's air and water are or ought to be; they should not be made a vehicle of traffic for the exploitation of others. Their monopolization by any country, nation or group of persons would be unjust. The neglect of this simple principle is the cause of the destitution that we witness today not only in this unhappy land but in other parts of the World too.

Serious steps should be taken to get rid of the Naxalite problem and law and order problem. These problems are causing serious harassment to the Tribals.

Naxalite problem and law and order problem are causing serious harassment to the Tribals. They are being exploited. They have incurred heavy debts. The dues have to be cancelled. That is all. That is my point, if not moratorium must be declared. If you are so merciful towards the big money lenders, you declare moratorium. But my point is they should be cancelled here and now. That is all.

The Committee shall report to the Union Government by the end of next month.
The Chief Minister will consider what further delegation of powers

Indicated as desired to make in consultation with the political parties

In my last address I had briefly referred to the fundamental threat to the peace and tranquility of the State posed by the Naxalites and Extremists.

This is the case...
The movement on the whole seems to be on the wane and indeed the people in the affected areas are themselves coming forward in increasing numbers to assist the administration in countering it.

The provisions of the Preventive Detention Act have had indispensably to be invoked for protecting the community from these terrorist groups.

Visit Andhra Pradesh Tourist week from January 16th to 22-1-1970.

In after all the facts have been brought to the notice of the Minister concerned. They have chosen to act in a manner throwing to the winds the rules and regulations and selected a person of the type of Respondent No. 6 here is every justification for the 1st petitioner and the other petitioners to complain that his action is malafide and is opposed to regional bias. While there may be justification for alleging the regional bias in the matter of promotion, it is further difficult to hold on the basis of these two instances alone with the Chief Minister or the Minister concerned connected with Regional bias. If however such bias were to be brought to the notice of this Hon'ble Court and established by record this court would have no hesitation in holding that the action of the court in the matter of integration of the services effected by the reorganisation of the States was not only contrary to the direction of the Central Government but also actuated by the regional bias.

On the motion of [Name] for a sum of Rs. 30,000 for the State Bank of India for the development of the State's economy.

The motion was discussed by [Speaker]

[Speaker] said, "This motion is important for the development of our State. We need the funds to improve our infrastructure and boost our economy. We should support this motion.

Opposition spokesperson [Opposition Spokesperson] said, "We agree with the need for development, but we need more details on how the funds will be used."

[Speaker] replied, "The funds will be used for the construction of roads, bridges, and other essential infrastructure. We are committed to transparency in the use of these funds."

The motion was adopted by a majority of votes.
Motion on Address by the Governor. 12th February, 1970.

The Governor’s Address particularly avoids any reference to the most pressing problem facing the State of Andhra Pradesh namely the problem of formation of Telengana State. The Governor’s Address deliberately shuts its eyes and ears to the united demand of 15 million Telengana people for a separate State of their own where they can lead their lives as free citizens without any political and economic bossism and suppression. The Governor’s speech does not even refer to the various sacrifices made by thousands of Telengana people and hundreds of lives lost in the freedom struggle of Telengana or made mention of even raising a suitable memorial to the martyrs who lost their lives in their holy struggle for free and unfettered existence in a separate State of their own.

I am prepared to resign my seat from Yellareddy, Nizamabad District. The Governor gives figures relating to thousands of gazetted and non-gazetted officers of Telengana, saying that their grievances have been solved but I say that...
these figures are a deliberate affront and a fraud on the people of 
Telengana. Day in and day out, everyone of Telengana legislators 
receive complaints of discrimination with regard to Telengana service.

In the present context, I feel that the Governor's address is a deliberate 
affront and a fraud on the people of Telengana. Day in and day out, 
everyone of Telengana legislators receive complaints of discrimination 
with regard to Telengana service.

Motion on Address by the Governor. 12th February, 1970.

Esteemed Sirs,

I have been informed that the Nationalist Congress Party, which has been in power for the last three years, has decided to withdraw the Budget presented last year and has instead introduced a new Budget, which it claims is more progressive and beneficial to the people. However, I believe that the previous Budget was well-balanced and had the best interests of the country at heart.

It is my duty to point out that the new Budget lacks certain important provisions that were present in the previous one. For instance, the provision for social security and health care has been removed. This decision will surely lead to a decrease in the overall well-being of the people.

Furthermore, the increase in taxes will undoubtedly lead to a decrease in the purchasing power of the masses. As a result, the government will lose the trust of the people, who are already skeptical of the party's policies.

In conclusion, I urge the government to reconsider its decision and bring back the provisions that were removed in the new Budget. It is in the best interest of the country to have a balanced and well-thought-out Budget, which takes into account the needs and concerns of the people.

Yours sincerely,

Motion on Address by the Governor 12th February, 1970

The Governor moved that the House take note of the following:

1. The increase in the price of essential commodities is a matter of great concern to the Government. The recent hike in the prices of petroleum products, gas, kerosene, and electricity has led to an increase in the cost of living for the common man.

2. The Government has taken several measures to control inflation, including the introduction of price controls and the imposition of excise duties on certain goods. However, these measures have not been sufficient to bring the prices under control.

3. The Government is committed to reducing the cost of living and increasing the purchasing power of the people. The Budget for the upcoming fiscal year will focus on measures to stimulate economic growth and create employment opportunities.

4. The Government is also committed to providing social security to the citizens, including pension schemes for the elderly and health insurance for the poor.

The motion was seconded and passed unanimously. The House appreciated the efforts of the Government in addressing the issue of inflation and encouraged the Government to continue its efforts in this direction.
