Sri N. Ramachandra Reddy:—After exhausting all the avenues, people are going to appeals and getting the stay orders from the Supreme Court.

Sri K. Brahmananda Reddy:—Everybody including the Government has got right to make an appeal to Supreme Court, if it falls necessary. My point is any order of a High Court which is absolute, certainly that will be implemented by the Government.
Sri Ch. Rajeswara Rao:—Any order of the High Court, if it is absolute... will be implemented as expeditiously as possible.

The question of distribution of dividends and rebate for the year 1966-67 is proposed to be discussed by the general body of the stores in September or October, 1969. After taking the approval of the general body, the Stores will distribute the dividends and rebate. The Tirumala Tirupathi Devasthanam is likely to receive a dividend of Rs. 468.75 and a rebate of Rs. 52,122.23 for 1965-67. The audit report for 1967-68 has been received by the Stores recently. It will therefore take some time for the Stores to distribute the dividends and rebate for the year 1967-68.
Oral Answers to Questions.

(d) The stores is a primary co-operative stores. Its area of operation is confined to Tirupathi, Tirumala and Tiruchanur. As such, it cannot open its branches in each taluk centre of the district where it has no jurisdiction. It has a branch at Tirumala. The store has opened 16 depots at the following places in Tirupathi and Tiruchanour.

1. Head office main (T.T.D. Huzur Office Compound). Main godown, retail section, medical section, cloth section, temple section and fair price shop.
8. New Choultry No. II. Fuel Depot.
15. Padmavathi Ammavari temple, Tiruchanur. Coconuts etc.
16. Tirumala Tirupathi. Coconuts etc.

(e) The stores has a proposal to construct a building opposite to Mahant Mutt in Gandhi Road, Tirupathi. It was originally proposed to spend Rs. 1,00,000 for the construction of the building. There is a proposal to revise the original estimates, in view of the enormous increase in the latest requirements.
Mr. Speaker:—If I remember correct, on 6th, the Chief Minis-
ter made a representation to me saying that due to pressure of work
he may not be able to do full justice to some subjects and so he has
requested the Minister for Panchayati Raj to answer the question in
regard to Co-operation and Sri Vijaya Bhaskara Reddy, the Excise
and study these things thoroughly. I have complied with the request
of the Chief Minister. Even on yesterday also, he made a similar
request to allow them to move the demands on his behalf.

Sri C. V. K. Rao:—Now the Chief Minister has taken the
Co-operation Department into his hands. He holds that Portfolio.
But actually he is holding the portfolio of non-co-operation depart-
ment. Would you permit such thing Mr. Speaker?

Mr. Speaker:—What is that non-co-operation? Certainly not.

Dr. T. V. S. Chalapathi Rao:—Who is holding the Cooperation
Portfolio, Sir?

Mr. Speaker:—You have also said who is holding the portfolio of non-co-operation.

Mr. Speaker:—Mr. V. K. Rao:—Now the Chief Minister has taken the
Co-operation Department into his hands. He holds that Portfolio.
But actually he is holding the portfolio of non-co-operation depart-
ment. Would you permit such thing Mr. Speaker?

Mr. Speaker:—What is that non-co-operation? Certainly not.
Oral Answers to Questions. 27th February, 1970.

Sri Ch. Hajeswara Rao:—I am bestowing all attention. In fact, files fly from me.

Sri K. Brahmananda Reddy:—I do not sit on the files. All the same, actually every arrangement will have to be made.

Sri Ch. Rajeswara Rao:—Evidently, he is sleeping over the files.

Sri G. Sivaiah:—Point of order, Sir. Under the Constitution the Governor has to allot portfolios to a particular individual. Under the same provision, the Chief Minister has been allotted with the Cooperation. Now, can he entrust the work of the same portfolio to the other Minister? On that, I want a clarification.

Sri K. Brahmananda Reddy:—I have not entrusted the department.

Sri G. Sivaiah:—It amounts the same.

Sri K. Brahmananda Reddy:—In view of other pressing duties to enable some other colleague of mine to reply the questions, on my behalf, I have requested the Speaker.

Sri G. Sivaiah:—The same kind of hitch was there in West Bengal. Similar thing had happened in West Bengal, Sir. The Home Minister entrusted the Home Portfolio to some other Minister as additional charge. Here also, our Chief Minister entrusted the Cooperation portfolio to some other Minister. Without the Governor's permission, can he do that? Your ruling must be given on a matter like this.

Dr. T. V. S. Chalapathi Rao:—Before you proceed to give a ruling, there is one point for clarification. How can he do justice? Is it fair to the Minister who is asked to simply answer the questions without having any opportunity to go through the files? So, let a decision be made and then on that basis, you may kindly give your ruling.
Mr. Speaker:—Will you please clear my doubts? I too have got some doubts. I don’t know through whom I can get my doubts cleared.

Sri G. Sivaiah:—You are above the doubts.

Mr. Speaker:—No. No. So far as the Cabinet is concerned, there is several and joint responsibility.

Sri G. Sivaiah:—As far as decisions are concerned.

Mr. Speaker:—So far as conventions are concerned, there are certain cases according to the convenience the Speaker as myself, even my predecessors also, in certain circumstances, has been permitting ministers other than the minister who is holding the portfolio, not only to answer questions on his behalf in the House but also to move several demands or Bills, whatever it may be. This practice has been in vogue not only our legislature but in other Legislatures also. Now the question here is whether any Minister can answer on behalf of any other Minister or move the bill? Whatever it may be?
he must be in a position to do full justice to the House. As Mr. Chalapathi Rao has pointed out, the Governor allocates the portfolios on the advice of the Chief Minister and they are published in the Gazette. So far as the work is concerned, the Minister will be carrying on. Another point is raised. When the Minister concerned has access to the file, whether he can do justice even in the matter of answering of questions. So far as the particular matter is concerned, the entire file will be sent to him naturally and the concerned Minister is expected to study the whole file on the entire subject matter and furnish full information to the House. That is exactly why, the Chief Minister has requested the other Ministers. Possibly because of the pressure of work or other engagements, whatever it may be, he made a request to me. I have agreed. If the House thinks that what I have done is not correct, then it is for me to revise.

Mr. Speaker:—It is not done with any other object. It is done with the object of doing full justice to the House. This is the letter which I received on the 7th from the Chief Minister.

"Dear Sri Subbareddi Garu,

I request you to permit some of my colleagues to answer the questions relating to subjects under my control. You were kind enough to agree ".

(Orally he represented to me about it and I agreed). "I have issued necessary instructions to the department concerned. For the information of the house, the following Ministers will answers the questions and Call attention notices and other matters on the subjects noted against their names.

2. Sri J. Vengala Rao, Minister for Home. Law and Order.
5. Sri P. V. Narasimha Rao, Minister for Education. Law Courts, Prisons and Legislature.

All matters relating to General Administration, Services, Major Industries will be answered by me.

With regards,

Yours sincerely,

(K. BRAHMANANDA REDDI)"

192—3
Mr. Speaker:—The Chief Minister stated files are flying from him, none to remain. He meant no file is allowed to remain for more than a day. That means on the same day when the files come he sits and disposes of all. It does not mean with closed eyes that he passes an order. Take the spirit in which he meant.

Sri K Brahmananda Reddy:—You are absolutely correct.

Mr. Speaker:—It is not a new practice at all. It is the practice in vogue everywhere.

Mr. Speaker:—That can be easily avoided. When the other minister gets up, the Chief Minister should go out?

Mr. Speaker:—Let us take the spirit behind it.
Mr. Speaker:—That is not possible under the rules. Temporary allocation of portfolios to other Ministers is not possible unless it is notified in the Gazette and the Governor.

Sri K. Govinda Rao:—It can be done.

Mr. Speaker:—That can be done.

Mr. Speaker:—I have heard completely. At the very outset I stated the circumstances under which I granted permission to the Chief Minister explaining the whole thing in detail. I don't think there is any further necessity to explain all these things.

**WATANDARS’ STRIKE IN TELANGANA DISTRICTS**

229—

*87(1727-Y) Q.—Sarvasri B. Ratnasabhapathi (Rajampeta), T. C. Rajan (Palamaner), D. Venkatesan (Kuppam), Y. Venkata Rao and P. Narasimha Rao:—Will the hon. Minister for Revenue be pleased to state:

(a) is the Government aware of the news item published in ‘Deccan Chronicle’ dated 13-8-1969 under the heading “Watandars’ strike” which states that the “Watandars” Association has called off the strike, while in the same news item it has been contradicted stating that “the Watandars’ Federation” would continue its strike in Telangana Districts;
(b) if so, in how many districts and taluks the Watandars’ Association has the following with it and in how many districts and taluks does the ‘Watandars’ Sethsendhies and Neeradies’ Federation have the following:

(c) are both the organisations of the watandars namely:

(i) the Telangana Gram Watandars’ Association, and

(ii) Telangana Watandars Sethsendhies and Neeradies Federation are duly registered and recognised bodies;

(d) if not, what is the criterion for recognition of such institutions by the Government; and

(e) is it also a fact that the Government has issued a Memorandum No. 1569-H/69-6, dated 23-6-1969 declaring that no cognizance need be taken of the representations received from the Telangana Watandars’ Sethsendhies and Neeradies Federation as it has not been accorded recognition by the Government?

Sri P. Thimma Reddy:—(a) Yes, Sir.

(b) The particulars are not available with Government.

(c) The Telangana Gram Watandars Association has been recognised. The Federation has not been recognised.

(d) The criterion is that multiplication of Associations is not desirable for sound Administration. Two associations are not necessary to serve the same interest.

(e) Yes, Sir.

Mr. Speaker:—Will the Minister kindly say whether the Government had at any time called both the Associations and tried to resolve the conflict and also the difficulties?

Mr. Speaker:—That is more important; the matter has got to be settled.

Sri V. B. Raju:—I would seek the protection of the Speaker. Sir, I have been bearing it very patiently and I had also expressed my resentment yesterday also; this sort of personal accusation, directly or indirectly, should stop. In the interests of the public outside, it will be advisable that the questions are answered objectively. It is not for me or for the hon. Minister to settle accounts here.

Mr. Speaker:—It is not necessary for the Minister to refer to the fact that the Member asking the question was a Minister at one time and thereby a sort of insinuation that he himself is responsible. This is certainly not proper. Please avoid it, in the interests of proper conduct of proceedings of the House. After all, now he is one of the Members and he is asking the question as a Member.

Sri P. Thimma Reddy:—It is not my intention to put the hon. Member to any inconvenience.

Sri V. B. Raju:—I am very glad to know that the Minister was not aware of the facts that I have pointed out to him. It is not my intention to put the hon. Member to any inconvenience.
Oral Answer to Questions. 27th February, 1970.

Sri V. B. Raju:—Will the Government be pleased to again call for them and whether actually a settlement could be arrived at?

Sri P. Thimma Reddy:—It is not the desire of the Government to keep these matters pending. We have tried our best and we have no difficulty in trying further. We are taking such steps as would be necessary to see that these associations function.

The Minister has said that the Government is anxious to settle it as early as possible.

Sri P. Thimma Reddy:—It has been answered Sir.

Distributon of lands to landless poor.

Sri L. Venkatappa:—As per the statement made by Mr. Konda Laksman Bapuji, Congressmen and Communists are conspiring or something like that. It is not that way. Thousands of poor masses had come to the capital to present a memorandum in respect of their ordinary day to day problems. When they have come from far off places with a petition, it is the duty of the Chief Minister to go and receive and hear them. It may not be proper on the part of any member to doubt their bona fides. It pains me much. After all, if we go through their demands, we will realize they are purely economic in nature rather than political. Therefore, in a matter like this, I feel that all the Opposition members should stand to support their demands. Let there not be and controversy like this in future.

re: Distribution of lands to landless poor.

Sri C. V. K. Rao:—I raise a point of order, Sir. My ruling is this: Every one of us owe our existence here to those people there. Now, when those people come in thousands; naturally any Chief Minister has to receive a memorandum. Even previously, five or six years back, the then Chief Minister did the same thing; not only here, everywhere, it happens like that.

Mr. Speaker:—My ruling is this: Every one of us owe our existence here to those people there. Now, when those people come in thousands; naturally any Chief Minister has to receive a memorandum. Even previously, five or six years back, the then Chief Minister did the same thing; not only here, everywhere, it happens like that.

Sri Konda Lakshman Bapuji:—Even the Separate its—they wanted to present a memorandum. Government should adopt the same attitude towards the public.

Sri C. V. K. Rao:—When once a ruling is given, could a Member challenge it, Sir?

Mr. Speaker:—Let them belong to any party; it is the duty of the Chief Minister to receive the memorandum and hear them. It is his duty to receive the memorandum.

Sri Konda Lakshman Bapuji:—That is only what we wanted.

Mr. Speaker:—That is exactly what I have said.

Mr. Speaker:—It is not Brahmananda Reddy. It is the Chief Minister.

MESSAGE FROM THE GOVERNOR

re:— Motion on Address by the Governor.

Mr. Speaker:— I have to announce to the House that I have received the following message from the Governor of Andhra Pradesh. It reads like this:

"Dear Sir Speaker,

I write to acknowledge with thanks the receipt of your D. O. letter of the 13th February, 1970 with which you have been good enough to send me a copy of the resolution adopted by the Andhra Pradesh Legislative Assembly, thanking me for my address to the Joint Session of both the Houses of the Legislature on the 7th February 1970.

I am extremely grateful to the House for the resolution.

re: Adjournment Motion Strike by Nillace Officers

Mr. Speaker:— Sarvasri N. Ramachandra Reddy, Raja Ram, Narasing Rao, V. B. Raju and Konda Lakshman Bapuji had given notice on 19-2-1970 under Rule 63 of the Andhra Pradesh Legislative Assembly Rules seeking adjournment of the business of the House to discuss, what in their opinion a definite matter of urgent public importance, the indefinite strike of the village officers in Telangana Region for the last about one year. This matter was heard on 25-2-1970 regarding admissibility. Several members, viz. Sarvasri V. B. Raju, G. Rajaram and P. Narasing Rao who participated during the course of the discussion which ensued, expressed their views regarding the immediate necessity of settling this question and the Hon. Minister for Revenue replied to the several points raised by them.

Since however the matter has been there for about nearly one year and not one of emergency which has suddenly arisen to conclude that it is one of recent occurrence and as the hon. Members will again have an opportunity of referring to this issue during discussion on Revenue Demand which is likely to be moved in a few days, I consider that it is not a fit case for admitting under Rule 63 of the Assembly Rules. Hence, it is disallowed.
CALLING ATTENTION TO A MATTER OF URGENT PUBLIC IMPORTANCE

Upon calling attention to a matter of urgent public importance.

Mr. Speaker:- Now there is a motion under Rule 74 given notice of by Sri Poola Subbaiah and others, to draw the attention of the Minister for Education to the non-admission of Diploma-holders working in Public Undertakings to the part-time Degree Course in Nagarjuna Engineering College. Sri Poola Subbayya is not here in the House. I request one member from your party may speak, and I request the members to be brief.

The courses are open to domiciles of Andhra Pradesh in the ratio of 1:2 for Telangana and non-Telangana areas. Admission is ordinarily restricted to candidates who are domiciled in the Telangana area of the State.
Calling attention to a matter of urgent public importance:

re: Non-admission of diploma-holders working in public undertakings to the part time degree course in Nagarjuna Engineering college.

(Sri K. Ranaatham in the Chair.)
Calling attention to a matter of urgent Public Importance.

re: Non-admission of diploma-holders working in public undertakings to the part-time degree course in Nagarjuna Engineering college.

Sri C. V. K. Rao:—These are employees in public undertakings and they hold a diploma and now they want to study. Whatever may be the concessions, whatever may be the special considerations for any group or section, there need be no bar as far as the Government is concerned on any principle on any student whatever not to permit them to pursue part-time degree courses in the Nagarjuna Engineering College. That is my plea. My plea is that the Government should protect the rights of its own people, of its own employees. Let the Government allow them to study.

Sri P. V. Narasimha Rao:—Admission to part-time degree course in Engineering in Nagarjuna Engineering College, the intake of which has been fixed at 60, is generally restricted to the candidates who are domiciles of Telangana for the reason that this institution is covered by the Regional Committee Order according to which the Regional Committee makes rules for admissions to the Educational Institutions in the Telangana Area. That, the hon. Members already know. Further, there is a similar course already being conducted at the Andhra University Engineering College, Waltair. It is not as though Nagarjuna College is the only place where this course is being conducted in the whole State and that there is no other place or institution that is conducting a similar course. There are a number of employees of Bharat Heavy Electricals and other Public Undertakings working in the twin cities and domiciles of Telangana Region who possess diplomas seeking admission in the part-time Engineering Course in the Nagarjuna College. But there are some non-domiciles and there has been representation on their behalf that we should do something about them also. I submit, Sir, that the Government have taken up the matter with the Andhra Pradesh Regional Committee and in consultation with them we are considering to explore the possibility of increasing the intake by about 20. The present intake may have to be increased.

Sri C. V. K. Rao:—Is it Andhra Pradesh Regional Committee?

Sri P. V. Narasimha Rao:—It is Andhra Pradesh Regional Committee for the Telangana Region. I am technically correct.
Calling attention to a matter of urgent 27th February, 1970

Public Importance:

re: Non-domicile holders working in public undertakings to the part-time degree course in Nagarjuna Engineering College.

We are always in touch with them. So, we have to take that decision.

Sri Pragada Kotaiah:—On what considerations are you bound to the decisions of the Regional Committee?

Sri P. V. Narasimha Rao:—By a Presidential Order.

Sri Pragada Kotaiah:—You are dealing with people. You cannot go on according to mere rules.

Sri P. V. Narasimha Rao:—So far as this matter is concerned we are entirely bound by the Rules made by the Regional Committee not only in regard to Medical Colleges and Engineering Colleges, but in respect of all institutions. There is nothing new about it. I am trying to submit to the House that although there is hardship here we are trying to solve it in consultation with the Regional Committee. There is absolutely nothing to be excited about because
excitement is uncalled for. I have submitted that we are in consultation with the Regional Committee. We are trying to convince them that there is a hardship likely to be caused. So, without causing inconvenience or any hardship to the Telangana people, we are going to increase the intake. There is no need to go into extraneous matters.

There are no taxation proposals in the Budget. But this should not make us feel complacent. No doubt additional revenues are expected to be realised due to the scrapping of prohibition in Andhra area. But our needs are ever growing and unless we prefer to remain static, we have to explore fresh avenues of taxation to fulfill the commitments to the people. The Fifth Finance Commission recommended the reexamination of the scheme of levy of additional excise on Textiles, Sugar and Tobacco.”
