Sri P. V. Narasimha R.o :—(a) Yes, Sir. While it is not so true of the B. Ed., category; there are considerable members of Secondary Grade Trained Teachers unabsorbed:

(b) There are no specific schemes to absorb all unemployed persons. Depending upon Vacancies, persons are being recruited through District Selection Committees and Employment Exchanges.
Oral Answers to Questions.  28th February, 1970.

I think if the Government considers that, it is educationally a sound principle to give right incentive. If the Government considers that, it is educationally a sound principle to give right incentive.

Sri G. Sivaiah:—There are thousands of teachers who are trained and unemployed. Many institutions are training a number of candidates and sending. Why this unemployment problem is not like any other department or sections in an Industries Department to increase. So in the present circumstances, what are the plans of the Government to employ all the trained teachers?

Sri P. V. Narasimha Rao:—As I submitted, as and when vacancies arise, they will be absorbed.

Sri G. Sivaiah:—It is a general question to say 'as and when'. What are the specific plans?)

Sri P. V. Narasimha Rao:—There are no specific schemes tailored for the requirement of unemployed people. But, in the Plan we have got certain proposals. According to the original expectations, if it goes through, it is possible that we may upgrade some single-teacher schools as double-teacher schools. In that they will be absorbed and there will be certain strengthening of classes in certain institutions. They will again be absorbed like that. Because they are unemployed, we are not going to start schemes for them.

The question pertains to what is to be done in future with these institutions. That is why I submitted that in view of the very large number of unabsorbed and unemployed people, who are qualified, we have to regulate the inflow into these institutions for the purposes of training.

Sri P. V. Narasimha Rao:—As on 1-1-1970 there are 8,140.

Q. 5. What is the position of the Ministry towards the establishment of a separate University for Sanskrit? Is it also known as the Vidyapitha or Vidyapeetha?

Q. 6. What are the arrangements made for the second session of the University?
Mr. Speaker:—You are aware of the problem. 90% of the people are without any means of livelihood. How to absorb these 8,000 people? These are practical cases of which we all of us know. On the grounds, he is not selected by Z. P. Selection Committee, he will be ousted. What happens? Please consider about it. Government has to any how tackle the problem.

Mr. Speaker :—The cases of professional people like the medical people are quite different. The cases of professional people like the medical people are quite different. I cannot see what practical steps can be taken. We have given powers to the Zilla Parishads. If it is suggested that the powers are not properly being utilised that is different. We can go into it. But having given the powers of appointment to Zilla Parishads, what else to be State Government can do?

Mr. Speaker :—That apart the question is how to absorb those unemployed people?

(Many members rose)

Mr. Speaker :—I suggest one thing. The Education Demand is coming up very soon i.e., on 11th. You can discuss. Now I have no time:

Sri P. V. Narasimha Rao :—This is obviously connected with the managements, namely Panchayat Raj. I can only say that there is a backlog of 8,013 and odd S.G.T.Ts. Now the question is as and how are we going to absorb them? It is only under the IV Plan these people can be absorbed. Another thing which we have to do is that in future, there should be no further rate of growth of these people at the alarming rate as we have now. That we will see.
Mr. Speaker:- Please put a Short Notice Question to the Panchayat Raj Minister. You will get the information.

In a very big way, according to the directive principles of the Constitution, we are taking all steps and it is not possible for us to encourage private schools at that level.

Sri J. V. Narasinga Rao:—The Chief Engineer recommended that the cost was more. At the same time, both were equally amenable to any such damage or any such thing. So, after considering the Chief Engineer’s opinion, the Government have taken a decision that they should go ahead with the Hume pipes.
269-B. MODERATION OF MARKS OF X CLASS STUDENTS

1444-E Q.—Sri K. Govinda Rao:— Will the hon. Minister for Education be pleased to state:

(a) whether the High Court has held in the month of October, 1969 that the Principle of moderation of marks applied to students of Xth class in our State is ambiguous and therefore struck it down; and

(b) If so, whether the necessary modification of rules has been made in respect of other courses like H.S.C and Multipurpose School Leaving Certificate?

Sri P. V. Narasimha Rao:—(a) Yes Sir. But on filing a Writ appeal against the said Judgment, a Division Bench of High Court of Judicature has set aside the orders of the learned Judge and dismissed the writ petition along with some other writ petitions connected to it.

(b) In view of the facts stated above in answer to part (a) of the question, Government consider that there is no need for any modification of rules to be made in respect of other courses like H.S.C and Multipurpose School Leaving Certificate etc.
Sri P. V. Narasimha Rao:—The question is whether the High Court has held in the month of October 1969 that the principles of modern of marks applied to students of 10th class in our State is ambiguous and therefore struck it down. The answer is, it is a fact that it was struck down but we preferred an appeal and in the appeal it was upheld.

S.No. 260-C  SHIFING DISPENSARY FROM MELIYAPUTTI TO CHAPRA VILLAGE.

S.N.Q.No. 1445, L—Sri M. B. Parankusam (Vemukur):—Will the hon. Minister for Health & Medical be pleased to state:

(a) the reasons for the issue of orders for the shifting of the dispensary, now functioning at Maliyaputti in Saravakota Samithi area in Srikakulam district to Chapra village, against the unanimously resolution passed by the Samithi causing thereby inconvenience to the public of Meliyaputti area; and

(b) whether the said dispensary will be retained in Maliyaputti to facilitate the local public?

The Minister for Health and Medical (Sri Moulid. Ibrahlim Ali Ansari):—

(a) 1. The dispensary was originally sanctioned for Chapara only.

2. The Medical Officer appointed by the Samithi to manage the dispensary at Maliaputti had resigned and left.

3. The President, Panchayat Samithi had not allotted a separate building for the dispensary but had accommodated it in Panchayat Samithi Office.

4. There were no medicines and the wooden almirahs were kept empty without First aid equipment even. The management of the dispensary at Meliaputti was thus thoroughly disappointing.

5. The leaders of Chapra on the other side were showing enthusiasm to have the dispensary at their village. They have even offered a newly constructed building for housing the dispensary. Chapra is a busy village.

(b) No Sir, in view of 'a' above.

Sri S. Jagannadhun (Narasannapet):—May I know whether the order of shifting was carried out. If not, why.

Mr. Speaker:—The member was not here to put the question at all.

Sri S. Jagannadhun:—I am interested in the question and the answer. The orders of shifting have not been carried out. That is my information.

Mr. Speaker:—You want to bring to the notice of the Minister that what he said is not correct. A short notice question was sent, but when it was called, the hon. Member was not here present to put the question, if the member is not present to put the question the Minister need not read the answer. Nobody else on the behalf can put the question, according to the rules. For the information of the House, I just asked the Minister concerned to read the answer. That is all.
Message from the Council: 

25th February, 1970. 289

Sri G. Latchanna:— The Minister having read out, it is the responsibility of the Minister to answer the supplementary questions.

Mr. Speaker:—Whatever information you want to give to the Minister, please pass it on.

Sri G. Latchanna:— He may be allowed to give the information through you by saying orally.

Sri S. Jagannadham:— I would like to know whether the orders of shifting by the Government have been carried out by the Samithi. It has not been carried out—that is my information.

Sri Mohammad Ibrahim Ali Ansari:— I take the information and I will look into it.

BUSINESS OF THE HOUSE

I want to know...As I am speaking, Mr. Speaker, Sir, I just now overhead the member saying 'shut up.' He is making a mockery of democracy. I would warn that, that is not the way in which he should conduct in the House.

Mr. Speaker:—Mr. Narsing Rao, did you say 'shut up'?

Sri P. Narsing Rao:—I did not say that.

Sri C. V. K. Rao:—Let him express regret.

Mr. Speaker:—When the member says he has not said, there is an end of it.

Are you in position to make a statement, Mr. Vengal Rao?

Sri G. Sivaiah:—I have got one thing to submit, Sir. We have been giving cut motions to the budget for the last three years, to my knowledge. I do not know what happens to those cut motions. Except printing and placing them on the table we do not get any replies. These go to the Departments, and they must give us replies. I am not receiving any replies from any of the Departments, though I am moving hundreds of cut motions. We are spending a lot of time in writing and moving those cut motions. I do not know what type of practice it is that we do not get any replies from the departments concerned.

Mr. Speaker:—What is the kind of reply you want on the cut motions.

Sri G. Sivaiah:—We are moving cut motions on a number of issues relating to the individual departments. I do not know whether they are being sent to the departments concerned, and if they are sent to them, what they are doing. Should they not inform us what has happened to these problems raised through the cut motions.

Mr. Speaker:—Members give their cut-motions in the prescribed time. Generally, there has been no complaint in the past with regard to the receipt of cut motions. There is no practice of acknowledging receipt of the cut motions.
Sri G. Sivayya:—That is not what I am referring to, Sir. Mere sending our cut motions to the concerned Departments will not help us in getting information on the points raised by us by means of those cut motions. Should not the Department take a little interest, inform us at what stage the matters thereby referred stand. We move cut motions on specific issues.

Mr. Speaker:—When you send cut motions, naturally the Minister concerned is expected to speak on the cut motions during the course of the discussion on the demand.

(M) Sri. Somayya:—In our constitution statutory Budget demand is to be discussed and Minister concerned is expected to reply on the cut motions during the course of the discussion on the demand. Should not the Department take a little interest, inform us at what stage the matters thereby referred stand. We move cut motions on specific issues.

Mr. Speaker:—We are going according to the present rules.

Mr. Speaker:—Rules 3 rules 4 cut motions legitimate right.

Mr. Speaker:—That is a different point altogether.
Mr. Speaker: That is with regard to the second thing you pointed out. Kindly go through the relevant rule.

Mr. Speaker:—With the approval of the House, the speaker may waive the rule.

Mr. Speaker:—I am sorry, I cannot do it.

Mr. Speaker:—Only the House can amend the Rules. So far as the first issue is concerned, Sri Ramachandra Reddy and others have raised that issue. I have received their notices and I have passed orders. I am requesting the concerned Minister moving the demand to make available the notes of his Department to the members at least one day in advance, if possible, 2 or 3 days earlier. That order, I have passed.

Mr. Speaker:—For all the demands?

Mr. Speaker:—At least one day. It must be even more days.

Mr. Speaker:—I have passed orders that for all the demands, make the notes available at least one day in advance. So far as the point raised by Sri Latchanna and others is concerned, if there is any important policy matter involved in it, it is the duty of concerned Minister to get it examined by the Department and send reply to the member concerned, not in every case. There might be hundred cut motions. After all, I would expect the Minister concerned to use his discretion in the matter. There are cut motions and it will not be possible to get every point examined, but at least on
important points which involve some policy of the Government, in such a case, I expect the Minister to get it examined by the Department and send a reply to the members.

Mr. Speaker: —Who is to decide the matter?

Mr. Pragada Kotiah: —The concerned Minister will be getting replies on each cut motion. All the cut motions are being communicated to the concerned Department and every Minister will be getting detailed replies on each and every item of cut motion. Whether that information can be passed on to the concerned Members for their information, because the Minister will be having that information—I want to know that?

Mr. Speaker: —What is the objection?

Sri K. Vijayabashavkar Reddy: —It is not possible to give notes to the members. What you suggested is best. All the cut motions will be examined in detail by the Department. Most of the cut motions they will be repeating. That is why it is not possible. Definitely we would like to give all the important material. We would like that our point of view may be taken from that aspect. Definitely, we try to give as much information to the members as possible; but it is not possible to give those notes given to us by the Department, to the members in advance. Just a mere notes may not be enough. Every detail has to be gone through by the Department. We assure the House that we will furnish as much material as possible to the members.

POINT OF INFORMATION.

re:— Urdu Medium Junior Colleges.

Sri K. Brahmananda Reddy:—It has been made clear by the Education Minister yesterday that what has got to be done with regard to Urdu medium Colleges, has already been published in the press widely. I do not see any reason why there should be any kind of agitation about it. Yesterday, the Minister for Education has clearly said. An hon. Member has also brought it to my notice. We have shown how it is printed in the press—what sort of Urdu Medium junior colleges are being started at what places, etc. All that information is given. What is the specific point that you want us to give?

Sri K. Brahmananda Reddy:—If there is any misunderstanding kindly tell me, I shall clear it. Kindly advise friends not to indulge "Bhuk hartal" and spoil their health etc.

Sri K. Brahmananda Reddy:—If there is any misunderstanding kindly tell me. I shall clear it. Kindly advise friends not to indulge "Bhuk hartal" and spoil their health etc.

BUSINESS OF THE HOUSE

Mr. Chaganti Venkatasubbaiah: I shall read out Rule 158 (3) (a) that the amount of the demand be reduced to Re. 1 as representing disapproval of the policy underlying the demand. Such a motion shall be known as 'Disapproval of Policy Cut'. A member giving notice of such a motion shall indicate in precise terms the particulars of policy. How can a member discuss the policy without knowing the policy? How is it open to suggest alternative policy in the absence of publication of policy by the Government? In view of the anomalous position, it is the duty of the House, particularly of the Speaker to devise means by which this can be rectified. Otherwise there is no meaning in giving cut motions. Sri V. B. Raju: Has the Constitutional position been examined whether a cut motion could be moved before the Demand is moved? The Demand itself has not been moved. How can the cut motions be invited?

Sri V. B. Raju:—Has the Constitutional position been examined whether a cut motion could be moved before a Demand is moved? The Demand itself has not been moved. How can the cut motions be invited?
Mr. Speaker:—It is a very interesting point. There is again practical difficulty. After the Demand is moved, you want to give notice of the cut motions, but the Cut motions have to be sent to the Department and the Minister has to get information on the particular matter.

Sri V. B. Raju:—On a particular day the Demands can be formally moved. After the policy statement is given to the Members, a particular day might be given to the Members for giving cut motions.

Mr. Speaker:—There is no rule by which a Minister should prepare a policy statement and circulate it to Members.

Sri V. B. Raju:—If a Demand has to be discussed, the Minister concerned has to make a statement.

Mr. Speaker:—Constitutionally speaking, till a Demand is moved where is the question of making a cut motion? Quite true. If after the Demand is moved, if a Member has to give notice of a cut motion, as the rules are at present, it is impossible.

Sri V. B. Raju:—Some working arrangement should be arrived at by the Business Advisory Committee.

Mr. Speaker:—We shall go by the rules as they are at present.

Sri K. Brahmananda Reddy:—The question is, we are giving notice on behalf of the Government that all these Demands would be moved. What is requested is, you give notice in advance of your cut motions. Actually, the moving of the Demands will come up later.

Sri C. V. K. Rao:—I feel it is a very unfair interpretation. You may say “let the members submit cut motions to the Demands that the Government is asking for”. The Government wants that the money they are asking for should be passed. At the same time they announce their policy. Then we give the cut motions...

Mr. Speaker:—The Government gives notice of the demands which they intend to move on particular days. You also give notice of your cut motions. After the concerned Minister moves the Demand, the Member concerned moves the cut motions. Your cut motions are not moved until then.

Sri K. Brahmananda Reddy:—They are only giving notice so that the Department may prepare.

Sri V. B. Raju:—What is the purpose of giving a cut motion so much in advance of the Demands to be moved?

Sri K. Brahmananda Reddy:—You are only giving a notice which you can make comprehensive.
Mr. Speaker:—We shall try to take all these things into consideration.

Dr. T. V. S. Chalapathi Rao:—Apart from the propriety, it must be in conformity with the existing rules. In precise terms the policy should be indicated in every cut motion.

Mr. Speaker:—I shall consider all these things.
Mr. Speaker:—You can speak in the general discussion on the budget.
Sri M. Manik Rao:—I have got so many things to say.
Mr. Speaker:—You can have sufficient time.
Sri M. Manik Rao:—That is not sufficient.
Mr. Speaker:—What time do you want?
Sri M. Manik Rao:—Five minutes.
Mr. Speaker:—You can have even ten minutes.
Sri M. Manik Rao:—I will reserve that time for good things.
Mr. Speaker:—Then what you want to say now is a bad things?
Sri M. Manik Rao:—It is a bad thing for the Government, Sir.

Mr. Speaker:—Whatever happened, you expect somebody on behalf of Government to reply.

Mr M Manik Rao:—Sir, as an elected representative of the House, I want to bring to the notice of the hon. Members of the House how the Police Department is behaving outside. On the 23rd morning I came from Bombay by plane; the Chief Minister was also in the same plane. I arrived at 0-30 a.m. here; I received a personal invitation from the Mayor to attend the function there (at the Gun Park). At 10-30 a.m. I went there. You know what happened on that day. The Police have behaved brutally, especially towards the ladies. I told the officers "We have come here after making so many arrangements for the function; we have achieved our purpose. Please wait for 5 minutes and you can arrest as many people as you want and take to Control Room." Then immediately one officer started beating a lady. I asked the Police to arrest us. One officer, a responsible Deputy Commissioner Sri Subramanyam came and abused me. I want to move a privilege motion against this officer. Especially, however much Mr. Vengal Rao may defend these officers in the House, saying that they are behaving properly, their behaviour is rude towards the elected representatives of the people.

Mr. Speaker:—I am asking the Home Minister.

Sri M. Manik Rao:—The behaviour of the Police is like this Sir; We said: “It is a matter of 5 minutes only” but they do not have any common sense. I do not care what the Home Minister replies.

Mr. Speaker:—It is really unfortunate that you were not present here during the last four days. What I am saying is these matters were discussed on the floor of the House. These matters were brought to the notice of the Government; not only that; an adjournment motion was admitted and there was discussion on the 24th night. Subsequently also after the question hour, number of members raised this issue. I think with regard to the man-handling of some of the ladies, it was brought to the notice of the Minister. The Minister also made a statement about these things. It is not as though for the first time you are referring to all these things. Subsequently, the Government also seem to have changed their attitude. I do not know what they are going to decide. For a peaceful atmosphere in the House, it is better not to raise this issue again on the floor of the House.

Sri M. Manik Rao:—I do not have any confidence in the Government.
Mr. Speaker:—Not have they any confidence in you. Whatever it may be it is better we develop some kind of mutual confidence and mutual trust. Otherwise mutual distrust only leads to misunderstanding.

Sri N. Ramachandra Reddy:—It is true that this matter has been discussed in this House, but Mr. Manik Rao was not present because he was under arrest. He is not giving the information about his experience there — what he has experienced from the Police. It is really unfortunate that the Police misbehave and acted in that irresponsible manner. You were pleased to observe that the attitude of the Government is changed. What are we to take for granted.

Mr. Speaker:—There is only one thing I want to bring to the notice of this House. Is this House going to sit in judgement and enquire what happened there and what Mr. Manik Rao says regarding what they did or what the Police say about how these people behave. It is not for us to sit in judgement over what happened there actually.

Sri N. Ramachandra Reddy:—You are correct. For the same reason we were demanding a judicial enquiry into what happened outside.

Mr. Speaker:—That is a different matter altogether.

Sri N. Ramachandra Reddy:—If a judicial enquiry is held, all this will be set at rest.

Mr. Speaker:—That is the proper thing. When you question the correctness of the facts as stated by the Home Minister you can ask for a judicial enquiry. But to ask the House so sit in judgement over what has happened there, it won't be proper. I do not know what the Minister concerned has got to say.

Sri N. Ramachandra Reddy:—Only a judicial enquiry will prove what actually happened. That is what you said, Sir.

Dr. T. V. S. Chalapathi Rao:—You were pleased to observe that this House cannot be treated as an enquiring body, but when members of this House are subjected to bleeding wounds should not the matter be raised here?

Mr. Speaker:—I do not know whether you have understood me correctly. We cannot enquire into what has happened there actually and sit in judgement over what has happened. That is not possible for this House nor is it possible for any House. But as suggested by Mr. Ramachandra Reddy any member can ask for a judicial enquiry and it is for the Government to consider about it.

Mr. Speaker:—The member can ask for it. Only the matter is that.
Mr. Speaker:—I said the members can certainly ask for the judicial enquiry. It is for the Government to consider. Whether it is right or wrong, it is not for me to make any observation.

(Smt. Eswari Bai wanted to speak),

Mr. Speaker:—We don't have time for discussion on the budget. This is happening every day; and members complain that the Speaker is not giving time. What can the Presiding Officer do?

Mr. Speaker:—I would once again very earnestly appeal to the House not to raise this issue. Several things are happening. If you want to say your experiences, kindly do not compel me to the necessity of saying my own experiences. Kindly don't create trouble; it is better we don't discuss about these things. I am more interested in the peaceful atmosphere in the city and the State. It is only for that reason I would request the members not to raise this issue again and again before the House. It will only lead to excitement.

Mr. Speaker:—40,000 people—they came day before yesterday. Did a single incident happen?

Sri M. Manik Rao:—That depends upon the trust or distrust of the people towards the Government.

Mr. Speaker:—How is it the other day so many things are happening. God knows.

Mr. Speaker:—Is 40,000 people what you mean? I do not like to enter into a discussion. You can say whatever you want. The only thing is it won't go into record. In the interests of peaceful atmosphere again and again I have been appealing to the members.

Mr. Speaker:—He is giving notice of breach of privilege
Felicitations to Sri G. V. Chowdary, Secretary to the Legislature
28th February, 1970

FELICITATIONS TO SRI G.V. CHOWDARY, SECRETARY TO THE LEGISLATURE

Mr. Speaker:—It is my duty to inform the House that Sri G. V. Chowdary, Secretary of our Legislature is retiring from tomorrow, i.e., 1st March, 1970. It is not necessary for me to tell you any thing about Mr. Chowdary because all of you know him equally well as myself and there are some members who know him from a much longer time than myself. Sri G.V. Chowdary was called to the Bar and he started his profession as Barrister in Guntur in the year 1940. He was Public Prosecutor in Guntur in 1949 when he was appointed as Joint Secretary of the Madras Legislature by Rajaji. In 1953 when the Andhra State was formed he was appointed as the Secretary and from 1953 continuously he has been Secretary till now of the Andhra Pradesh Legislature. I think of all the Secretaries who has put in the longest service as Secretary of a Legislature. From my experience of him for the last 8 years I must say that in the discharge of his duties he acted very consiously and as most of you know, the office of

Mr. Speaker:—That is also possible provided we are able to guide them by proper discussions in this House. The only thing is let us not create heat and excitement.

Sri N. Ramachandra Reddy:—We are not creating any heat.

Mr. Speaker:—That is all what I want.

Sri N. Ramachandra Reddy:—When once judicial enquiry is made everything will come out. Or is it the policy not to have any judicial enquiry at any time, whatever may happen?

Mr. Speaker:—Has the Chief Minister got to say anything?

Sri K. Brahmananda Reddy:—The Home Minister has already said there is absolutely no case for any judicial enquiry, Sir.

Sri N. Ramachandra Reddy:—Only in this matter or in any matter?

Sri K. Brahmananda Reddy:—How can it be said with regard to any matter? This is not a moot court. If any matter comes you may raise; that will be answered then.

Sri N. Ramachandra Reddy:—Because of the attitude of the Government, I am raising this point.
Secretary is not only an administrative one, but also the Secretary has to guide and advise not only the Presiding Officer, but even some of the members of the Legislature. On the administrative side, I am not competent to say anything because I do not exercise my powers on the Administrative side, but so far there is absolutely no kind of complaint from any quarter, and to my knowledge, he has been discharging his duties admirably well, in a very exemplary manner, I should say. The kind of relationship which existed between the staff and the Secretary and the Presiding Officer—the Chairman and the Speaker—both the Chairman and the Speaker has been not only very cordial, but I should say, they are functioning like a family. We have been getting on so admirably well that there is absolutely no complaint and no cause for any kind of friction whatsoever. We will all miss him very much hereafter. Particularly, he has been very helpful to me in critical situations, giving proper advice and guiding me properly, and I would very much miss him hereafter. It may not be proper for me to say that the job of a Speaker has become very difficult, and he has got to be very careful and understand the sentiments of the members and discharge his duties in a very tactful manner. In discharge of his duties as Presiding Officer, the Speaker naturally looks to the Secretary for some kind of help or guidance and Mr. Chowdary, of course, as I once said in February, 1967, in the last session—he is more fit to be a politician than an officer. I do not know after retirement what he is thinking of. It is for him to decide his future course of action. I would only say that so far as I am concerned and so far as this House is concerned, he has been of very great help and service to all of us.

I am very glad to say that so far as the successor is concerned, Sri Shanker Reddy has been working as Additional Secretary. He is also a man with very ideal temperament and a man who has had a brilliant academic career. He comes from Mhaboobnagar District, standing first in Mathematics and subsequently completed his Law Degree from the Osmania University, scoring First Class in both the years. He has had a very brilliant career and he was Joint Secretary, Law Department before he was appointed as Secretary to this Legislature. He practised at the Bar for about 10 years. More than that, he is a good sportsman and I hope that with the sportsman spirit which he must have developed as a sportsman, he will try to infuse that spirit amongst the members of the House by his association with them.

I am sure that we have been able to find a very equally capable substitute in Mr. Shanker Reddy, and that he will be able to guide us properly in conducting the proceedings of this House.

In view of the long and distinguished service which Mr. Chowdary has rendered to this House, I would like to appoint him, if you all agree, as an Honorary Officer of this House. There is, of course, a president for this. As the Hon. Officer of this House, he won't have any duties to discharge. nor will have any rights also. The only right he will have to come straight away, royally to this House, come to my Chamber and at this time offer advice to any Hon. Members or the Speaker, who may seek his advice. In recognition of his services, I would like to appoint him as an Hon. Officer of this House.

I only wish him God-speed, long life and prosperity on behalf of myself and the Hon. Members of this House.
Felicitations to Sri G V. Chowdary, 28th February, 1970.
Secretary to the Legislature.

Felicitations to Sri G. V. Chowdary
Secretary to the Legislature.

Mr. Speaker:—A great sacrifice.

Sri K. Brahmananda Reddy:—A silver living, I should say, in this career. It is intensely patriotic. I extend my good wishes to him, Sir, and also assure him of our cooperation in the discharge of his duties. I, again, wish Mr. Chowdary, a close friend of mine for the past three decades, a successful career in whatever he may choose and also wish him Good Health. Thank you, Sir.

Dr. T. V. S. Chalapathi Rao: Sir, it is with great pleasure I associate myself with what all has been said about Sri G. V. Chowdary who is laying down his office this afternoon. I know Mr. Chowdary not so intimately but being people belonging to Vijayawada and Guntur. I have known him for a long time ever since he has been practising as a lawyer. I do not know nor as I am able to recollect any occasion when he and our hon. Chief Minister appeared in two opposite cases at a time while they were practising in Guntur and Namassaraopet. Whatever it is, when we are bidding farewell to Mr. Chowdary. I am reminded of the farewell that we bade to Sri R. V. Krishna Iyer, Secretary of the composite Madras State Legislature, for a very long time.

All that I would like to suggest on this occasion is Mr. R. V Krishna Iyer produced a book which is useful to novices and humble legislators like myself, who started his career long back. So, Mr. Chowdary also will do well in producing such book and not allow his rich and useful experience go to into air. Even otherwise he is capable of producing the book as a Congressman, as a Jurist, as a Public Prosecutor and now as a Secretary to one of the biggest State Legislatures in the Indian Union i.e., Andhra Pradesh and that too for a very long time. I think he will do it. As you have rightly pointed out he is preeminently fit to be a politician. It is not for me to say Sir because you are observing him at close quarters. His advice was always available to every member of this House. He never used to distinguish between this Member and that Member. So, I join you in paying my tributes to Mr. G. V. Chowdary and I hope, he will, if possible, get into Rajya Sabha or other Body. I hear through whispering that he is standing for the Rajya Sabha.

Mrs. M. Godfrey (Nominated Anglo Indian):—I associate myself with the views expressed by the Chief Minister and the other Members of this House. I would like to add that it will be difficult for us, I think, to find a man like Mr. G. V. Chowdary who gave the open mind to everybody. I can very definitely say that he is a true Indian because he did not care for party spirit or personalities. Everybody who went to him got the good treatment and sympathy with an open mind. With this, we can judge the character of a man. He is really interested in the welfare of India and not in the welfare of any particular party. I hope and pray that Mr. Chowdary will have a long prosperous and healthy life and hope his future will bring more laurels to his credit.

We know Mr. Reddy also is a more openminded, sympathetic man and with very clear understanding. We so find the qualities of a Guide and Leader in Mr. Reddy as we find in Mr. Chowdary. I am also happy that Mr. Chowdary will be seen almost daily in our midst, as our Speaker has said that he would be here in the House as an Officer and I hope we can get some words of understanding as we always used to have from his good heart.

Thank you, Sir.

Dear Sir,

As you are aware, I am due to retire from service on the 1st March 1970 after serving the Legislature in three States for a period o
nearly two decades. I have received uniform consideration and generous appreciation from you Sir as well as your illustrious predecessors. I owe a special debt of gratitude to you for your showing overwhelming courtesy and confidence all these years.

re: Spread of Hispa Disease in Guntur and Krishna Dist.

I thank you, Sir,

Yours faithfully,

G. V. CHOWDARY.

Mr. Speaker:—I will see to it.

Mr. Speaker:—Are you in position to say anything?

Sri K. Vijayabhaskara Reddy:—No Sir.

Mr. Speaker:—Yes Sir.

Sri K. Vijayabhaskara Reddy:—The same case with us also; was there. After our going to the Jails, there was so much of bad treatment. A very bad food was given there. Even animals cannot take that. I have got a packet here with me. I will show to you, Sir. What a third grade food is given to A Class Prisoners, you see, Sir.
Sri N. Ramachandra Reddy: Sir, it is rather unfortunate to raise this point, Sir. It is not a happy situation to bring it to your notice, again, Sir. Will the hon. Minister look into this matter and enquire into it, Sir?

(Sri M. Manik Rao, showed various types of vegetables, dalls and other food stuffs from his packets, to the Speaker, at his Dias)

Evidently, he wants to inform the House about the inferior quality of food stuffs supplied at the Jails.

Mr. Speaker;—It is an unfortunate situation.

Sri M. Manik Rao.—There are specific orders to call for second grade or third grade articles through tenders.

Mr. Speaker;—Will you produce a copy of the G. O. or such thing to that effect?

Sri M. Manik Rao;—Even in Rajahmundry Jail, it is so, Sir.

Again and again we are bringing these facts before you, Sir. It is not you to say about it, Sir. It is for the Government to see.

re: Refusal to admit harijans into a hotel in Janakampet village.

This is the letter dated 6-2-70 from the Harijans of Janakampet village.

“Complaint against the Hotel Manager:

We, the Harijans of Janakampet village bring the following to your kind consideration and sympathetic action. We, the Harijans, namely Mr. Padma Rao and Sri P. Sunder Rao, went to the Pothukuri Ganganna hotel on 4-2-70 at 10.80 a.m. The Hotel Manager refused us to enter into the hotel. He said that the Harijans should not come into this hotel, and he further said that if any Harijan comes to the hotel he will be kicked out. We who are helpless Harijans then went to Gundala Sayanna hotel. He too refused to give food to us. We request you to kindly take necessary action for which we shall ever be thankful to you.”

Refusal to admit harijans into a hotel in Janakampet village.

Sri J. Vengala Rao: Sir, no complaint was lodged to the police of Armoor by Harijans of Janakampet village regarding the alleged non-admission of Harijans into local hotels on 4-2-1970. The Sub Inspector of Police, Armoor, visited the village on 13-2-1970 and recorded a statement of one Harijan by name Edula Prabhudas, son of Chinnayya, aged 20 years who however stated that entry by Harijans was refused in their hotels by Sarwati Patagiri Gangaram and Boyi Sayanna, two hotel keepers, on 4-2-1970; but they did not say that the Harijans would be kicked if the Harijans entered the hotels. A case Cr. No. 1:70 under the Untouchability Offences Act was registered in Armoor police station and investigation is completed.

Both Patagiri Gangaram and Boyi Sayanna were being charged. Patagiri Gangaram is said to have thrown open his hotel for Harijans from 12-2-1970 while the other hotel keeper is away from the village and the hotel is closed since one week. It is reported that there is

no trouble in the village and a close watch is being maintained. The allegation that in spite of the complaint to the police, no action was taken is not correct.
Calling attention to a matter of urgent public importance:  

Sri J. Vengal Rao:—Sir, Sri T. Nagi Reddy was released on 2-12-1969 following the judgement of A. P. High Court on a writ petition filed by him against his detention. Subsequent to the release also Sri Nagi Reddy continued to actively indulge in planning and preparing subversive activities in collusion with other revolutionary leaders and followers. Hence, the State Government had no alternative but to arrest him and others at Madras on 19-12-00 where they had met to chalk out a programme to intensify the campaign of terrorism already initiated. On the basis of information collected and documents, etc. sizes, a criminal case has been registered against them and 57 others under Sections 120-B, 372, 595 and 121-A I.P.C. and is under investigation. Besides Sri Nagi Reddy and other arrested at Madras, 27 more have been arrested so far. As Sri T. Nagi Reddy is involved in criminal case, the Government do not at all consider the advisability to release him.  

Sri C. V. K. Rao:—The matter is in a court of law; look at the injustice done by the Home Minister; కొత్తం ప్రయత్నమే. Can the hon. Minister on the floor of the House make such a commitment?

Let us sit down and try to solve all these problems. I do not mean to say that the matter of Services or development or Surpluses is unimportant. They are very important and we will have to fight and adjust but that does not mean that we shall throw up and say if the State is sub-divided we will be very happy. That is a delusion.

Paucity of funds is retarding the rapid development of the State. The repayment of loans to the Government of India has already assumed a very serious position and with the addition of further loans, it is going to become worse.

It said that enlargement of powers to the Regional Committee to administer better and to develop the Telangana Region. The Government should take immediate steps to redress all the grievances of service of the Telangana personnel. Mr. Bhargava Committee's report is there. We feel that the Report of the Committee is almost final. The Government should develop the Telangana Region economically and give employment. In fact, the opinion poll would not serve for the unity of Andhra Pradesh and therefore we are against to this opinion poll. That is what Mr. Rajeswara Rao meant, Sir. But he could not explain it.

Delay is always dangerous and industries around the city are needed to be expanded. The existing industries in and around the city are 0 and new ones are needed. The present industries need more investment to compete with the new ones. The existing industries are very important for the city and should be expanded throughout the state. Short term returns are needed for industries and long term returns are also needed. Long term returns are needed to support capital. Both new and existing industries should be encouraged.

Annual Financial Statement (Budget) 21st February, 1970
for 1970-71:
(General Discussion):

The facts of the Writ Petition reveal a regrettable, indeed, a deplorable state of affairs. On the basis of an enquiry by the Joint Regional Registrar of Cooperative Societies into certain grave charges against the President, Vice-President and Board of Management of the Society concerning the administration of the Society, the Board of Management of The Hanuman Cooperative Stores Ltd., Kurnool was superseded by an order dated 16-5-1967 and a Special Officer was appointed for a period of one year. Against the order of supersession the President and Vice-President preferred a revision petition to the Government of Andhra Pradesh and on 22-5-1967, obtained telegraphic orders of stay of operation of the order of supersession. A writ Petition was filed by the present petitioners challenging the order of stay on the ground that the Government had no jurisdiction to entertain the revision petition. Sambasiva Rao J., dismissed the
Writ petition on 19-7-1967 and on the representation that the Government was not dealing with the revision though it had stayed the order of supersession, my learned Brother gave the following direction:

"I direct the Government to dispose of the matter in which they have passed the interim order as expeditiously as possible, preferably within a month from today."

The direction was ordered to be communicated to the Government within a week and it was so communicated. As the Government did not dispose of the matter within a month, the petitioners filed W.P. No. 2769/1967 urging the same grounds in W.P. No. 1416/1967. I dismissed the Writ Petition on 31-1-1967 and once more gave a direction to the Government that the revision petition should be disposed of as expeditiously as possible.

Further comment appears to be entirely superfluous. The petitioners, all of whom are members of the Society, thereupon filed the present Writ Petition questioning the order extending the term of office of the Board of Management. In the affidavit filed in support of writ petition allegations of malafides are made against the Minister for Co-operation and against Sri Paladi Ramiah, M.L.C. and it is also stated that the order of extension of term of office is nothing but an abuse of the powers of the Deputy Registrar under S. 31 (2) (b) of the Act.

"The Deputy Registrar in the counter affidavit dated 20-6-1968 mentioned that the appeal before the Government was still pending. Subsequently on 11-9-1968 one K.S. Ramachandra Rao has filed a counter affidavit, on behalf of the eighth respondent, namely the Government of Andhra Pradesh."

Andhra Pradesh's affidavit does not disclose who Sri K.S. Ramachandra Rao is, how he is competent to file an affidavit on behalf of the Government and what his acquaintance is with the facts and circumstances of the case.

"Only two inferences are possible from these circumstances: either the Government deliberately evaded complying with the directions of the High Court of treated the High Court's directions in a higgledy-piggledy manner. In either case, the attitude is blameworthy, if not contumacious."
I have no doubt whatever that the order of the Deputy Registrar extending the term of office of the Board of Management is an abuse of the power under S. 31 (2) (b). It is actuated by an oblique motive. It is malodorous.

...

In our analysis of the financial statement for the year 1970-71, we observed a significant increase in the budget allocation. The overall expenditure has risen by 40-60% compared to the previous year. This could be attributed to a rise in operational costs and a heightened need for infrastructure development. The budgetary allocations for various sectors have been revised accordingly to reflect this growth. The strategic planning committee has also reviewed the budgetary implications of the country's economic policies. The government has emphasized on areas such as agriculture, education, and health, which are crucial for sustainable growth. Overall, the budget presents a balanced approach to economic development, ensuring that essential sectors are adequately funded.
