ORAL ANSWERS TO QUESTIONS

Scooter Factory

581 –

*351 (22:10) Q.—Sarvasri R. Mahananda (Darsi), A. Madhava Rao (Nellore), P.O. Satyanarayana Raju (Yemmiganur) and B. Niranjana Rao (Malleswaram):—Will hon. the Chief Minister be pleased to state:

(a) whether there are any proposals to establish a scooter manufacturing factory in our State; and

(b) if so, the stage at which it stands and the proposals of the State Government?

The Chief Minister (Sri K. Brahmananda Reddy):—(a) and (b) The Andhra Pradesh Industrial Development Corporation have submitted an application to the Government of India for grant of a licence under the Industries (Development and Regulation) Act 1951 to set up an industrial undertaking in the State for manufacture of Scooters.

J. No 101 (1)
The Government of India has noted the request of the State Government. They, however, stated their reply dated 11 11 69 that it is much too early to say anything regarding the location of the project.

I think you had better verify, Sir. It is a fact.
Answers to Questions.  25th March, 1970.

1. Mr. [Name]: — I'm interested to know, Sir, that you say it is not a project.

2. Mr. [Name]: — I beg your pardon, Sir. It is not a project.

3. Mr. [Name]: — Sir, I would like to know, in the process of planned development, Sir, from plan to plan, it is not a project.

Sri D. Venkatesham: - What about the location of the factory?

Sri K. Brahmamanda Reddy: - We have stressed the location of the scooter factory to be at Hyderabad in view of the facilities.

Sri A. Madhava Rao: - What are those factors?

Sri K. Brahmamanda Reddy: - For instance with regard to scooter plant and small car plant. I cannot just now say, 'Put it in...
Sri A. Madhava Rao :—What are those facilities that are available at Hyderabad?

Sri K. Brahmananda Reddy: —We wanted them here, because we have got the Republic Forge Co., we are having the H. M. T., a Government of India undertaking; the Praga Tools Corporation is a Government of India undertaking; there is the facility of communication between several States. Land, water and so many other things are available. We say, "in view of the extra facilities that we have in this State, please locate it here." For that also, there is a lot of competition from Bangalore and other places. Suppose you give up these facilities and ask the project to be located at Tirupathi. It cannot even attract their attention. Therefore, we have tochoose as to which is the industry which can be located where as far as possible it is proper to consider all these things. The House must also appreciate that we are not in a position to dictate also the location, because we are anxious to get as many industries as possible to the State of Andhra Pradesh.

Dr. T. V. S. Chalapathi Rao :—If what the hon. Chief Minister enumerated just now is the criteria to locate industries, I do not think it is possible in the near future to locate any industry outside Hyderabad.

Sri K. Brahmananda Reddy: —There are certain industries which can be located outside Hyderabad also. For instance, in Rayalaseema we are trying for a cement factory at Yerraguntla, we are trying for a tractor factory. We are trying for Barium chemical. Whatever is possible in those areas we are trying. Like that we must try. If you make out a weak case it won't help.

Dr. T. V. S. Chalapathi Rao: —Can't we have an asbestos factory in Rayalaseema?

Sri K. Brahmananda Reddy: —Why not, Sir. It can be considered.

Sri K. Brahmananda Reddy: —The highly industrial States in the Country are West Bengal and Maharashtra. I can tell you that 40% of the industries in Maharashtra are located either in Bombay or Poona. If you take Calcutta, practically the entire thing is around Calcutta, Durgapur etc. Therefore, we cannot say that every district will have the same treatment in any Country, as a matter of fact. It should be our effort to select some industry which can be located in other areas and try to press for it.
Dr. T. V. S. Chalapathi Rao: I do not think Hyderabad can be compared to Bombay and Calcutta. In the British days it was so. We know what happened to Calcutta. Now they want a satellite Calcutta. We can divert some of our industries like the H. M. T. or Republic Forge and they can send their tool to other districts in the State.

Sri K. Brahmananda Reddy: We are equally interested in all places. The point is that it is not always we that choose.

GUDA TRIBE IN SRIKAKULAM DISTRICT

582—

*451(2509) Q. - Sarvasri M. Venkatarama Naidu (Parvathipuram) and V. Narayana Appala Naidu (Pedamaniapuram): Will the Chief Minister please to state:

(i) whether the ‘Guda’ Tribe in Srikakulam district is recognised as a Scheduled Tribe;

(ii) if not, the reasons therefore; and

(iii) the reasons for the failure of the Government to provide any facilities to them who are living in poverty with fishing, basket weaving etc., as their means of livelihood?

The Minister for Social Welfare depited the Chief Minister and Answered the questions [Sri D. Pramukh]: - a) No, Sir.

(b) The community does not possess the five-point criteria generally adopted for inclusion of a community in the list of Scheduled Tribes.

(c) They belong only to an economically backward class and have the facilities available to those similarly placed.
Oral Answers to Questions.

3. The Minister :—(a) Will the Government consider providing some scholarship award to students who would otherwise not be able to pursue their studies?

Mr. Speaker :—That is exactly what he said : "Economically backward classes".

4. The Minister :—(b) Will the Government consider providing some scholarship award to students who would otherwise not be able to pursue their studies?

Mr. Speaker :—That is exactly what he said : "Economically backward classes".

5. The Minister :—(c) Will the Government consider providing some scholarship award to students who would otherwise not be able to pursue their studies?

Mr. Speaker :—That is exactly what he said : "Economically backward classes".

It is entirely a wrong statement and the hon. Minister should withdraw it.

(c) The scheme on formation of Forest Labour Co-operative Societies on Bombay pattern was sanctioned by Government in G. O. Ms. No 1732 Edn. (SW) Dated 30-6-64. But during 1965-66 the scheme was deleted from the annual Plan for 1965-66 and no allotment was made by the Government of India. Hence the staff appointed for the purpose of implementing the scheme was disbanded on 31-12-1965. As such no progress was made during 1965-66. The Central working group has again approved an amount of Rs. 1.00 lakh for the scheme during 1967-68 on the basis of performance made during the first four years of 3rd Five Year Plan to enable the State Government to maintain the level of the development already reached. But the scheme was not implemented during 1966-67 also, as the amount of Rs. 10.0 lakhs provided for the scheme was filed diverted to the Andhra Pradesh Scheduled Tribes Co-operative
Finance and Development Corporation Ltd., Visakhapatnam for extension of the activities of the Corporation to Telangana region (Adilabad Dist). There has been no progress in the subsequent years and the scheme remained unimplemented.

Demand for forest renewal amounting to Rs. 1,40,632 for the year 1965-66, 1966-67 and 1967-68 have been received. It has been reported that it was not provided during 1967-68 and 1968-69.

Oral Answers to Questions,

(1) Mr. S. Govinda Rao:—Sir, I raise a question in the House. late 1960s, a March, 1970.  

(2) Mr. S. Govinda Rao (Anakapalli):—Yes, Sir, I raise another question. Sir, I have heard that the Government has already paid Rs. 2,01,600 to the Ryotwari Corporation. The Membership of the Corporation consists of . The paid-up share capital is Rs. 2,01,600.

(3) Mr. S. Govinda Rao:—Yes, Sir, I raise a question. Whether the rates of assessment fixed for Inam lands in the limits of Jaggayayetu Agraharam, Anakapalli taluk, Visakhapatnam district have been found to be in excess of the rate fixed for ryotwari lands in the same village?

Sri D. Perumailu:—A paid-up share of Rs. 2,01,600 was subscribed by Government and Rs. 1,01,600 invested by APCM affiliated to it. The Membership of the Corporation consists of . The paid-up share capital is Rs. 2,01,600.

(4) Mr. S. Govinda Rao:—Yes, Sir, I raise another question. Whether the rates of assessment fixed for Inam lands in the limits of Jaggayayetu Agraharam, Anakapalli taluk, Visakhapatnam district have been found to be in excess of the rate fixed for ryotwari lands in the same village?

Sri K. Govinda Rao (Anakapalli):—Will the Hon. Minister for Revenue be pleased to state:

(a) whether the rates of assessment fixed for Inam lands in the limits of Jaggayayetu Agraharam, Anakapalli taluk, Visakhapatnam district have been found to be in excess of the rate fixed for ryotwari lands in the same village.

LAND REVENUE RATES FOR INAM LANDS

587-

*309 (1902) Q. Sri K. Govinda Rao (Anakapalli):—Will the Hon. Minister for Revenue be pleased to state:

(a) whether the rates of assessment fixed for Inam lands in the limits of Jaggayayetu Agraharam, Anakapalli taluk, Visakhapatnam district have been found to be in excess of the rate fixed for ryotwari lands in the same village.
Oral Answers to Questions.

(b) whether any instructions have been issued by the Government to reduce the Inam rates to the level of the ryotwari rates in Visakhapatnam district; and

c) if so, why such instruction has not been enforced in this particular village?

The Minister for Revenue (Sri P. Thimma Reddy):— clause (a) (b) and (c):

Jaggayyapeta Agraharam is a whole Inam village taken over by Government on 7th January 1954. There are no minor Inam lands in the village. Hence the question of reducing the Inam rates to the level of ryotwari rates or non-implementing of instructions issued by Government does not arise.

The Settlement rates I fixed for the wet and dry lands in Jaggayyapeta village are found to be a bit higher than those of the lands in the adjoining villages. The question of reduction of rates on par with the adjoining ryotwari rates will be considered if a strong case is made out.

misappropriation of land revenue

* 231 Q.—Sri R. Malananda:— Will the Hon. Minister for Revenue be pleased to state:

(a) whether it is a fact that some ryots of Alavalapadu village in Darsi taluk put in a petition to the Tahsildar, Darsi, Nellore district in the month of August, 1969 about the misappropriation of land revenue by the village karnam of Alavalapadu while he was incharge of Triuni office, Bodanempadu, Darsi taluk;

(b) whether the petition has been enquired;

(c) what is the amount misappropriated; and

(d) what is the action taken by the Government in this regard?

Sri P. Thimma Reddy:— (a) No, Sir.

(b), (c) & (d):—Do not arise.

It is a fact, Sir that there are petitions and they
have been enquired by R. D. O. and they are still pending with him for the last one year. Will the hon. Minister reconsider and write to the Collector and get the report?

On enquiry both the receipt holders have deposed that they have not paid to the Karnam the amount covered by the receipts and that the Karnam had passed an advance receipt to them.

**Loops**

589 –

105 Q. Sri Agarala Eswara Reddy (Tirupathi); – Will the hon. Minister for Health and Medical be pleased to state:

(a) whether the Andhra Pradesh Government has given strict instructions that loop insertions should be made only by women medical officers;

(b) whether male medical officers will also be allowed to perform the insertions; and

(c) whether the boy students are being permitted to witness the IUCD insertions?

The Minister for Health and Medical (M. d. Ibrahim Ali Ansari): – (a) No. 1-U.C.D. cases inserted by Male Medical Officers have been reported and no instructions were issued to the effect that loops have to be inserted only by the Women Medical Officers.

(b) There may not be any objection for Male Medical Officers to insert the loop if a woman comes forward for insertion of loop by a Male Medical Officer.

(c) No, Sir.

Dr. T.V.S. Chalapathi Rao; – Sir. I am afraid the answer is contradictory. He said no instructions were issued to the effect that loops have to be inserted only by the Women Medical Officers. At the same time he says that no complaints were received that Male Doctors are inserting the loops. There is a bit of contradiction in the answer. That apart, I wish to know that in view of the several complaints that are being received that IUCD is causing more discomfort to women, is the Government conducting any research and have they made any decision whether it should be continued or not?

Sri Mol d. Ibrahim Ali Ansari: – That is a separate question. Here as it is the question is: "Whether the Andhra Pradesh Government has given strict instructions that loop insertions should be made only by Women Medical Officers?" – No such instructions were given.

Dr. T.V.S. Chalapathi Rao:—So, it is open to both to insert the loops.

Sri Mohd. Ibrahim Ali Ansari:—Yes.

Sri K. Buvarayudda:—Whether it is a fact that the loop system has brought failure?

Sri Mohd. Ibrahim Ali Ansari:—Separate question, Sir.

Sri A. Erswara Reddy:—Sir, the neighbouring State Governments have clearly laid down instructions that insertion of these loops must be done by Female Medical Officers. Why should we also not follow them?

Sri Mohd. Ibrahim Ali Ansari:—It will be difficult to follow strictly, Sir. As far as possible, we will give instructions that wherever it is possible it must be inserted by Lady Medical Officers.

Mr. Mohd. Ibrahim Ali Ansari: Sir, since there was a proposal to annul the stipulation 31-12-60 as the last date for the issue of qualified person certificate, there has been a tremendous rush of applications.

Sir A. Madhava Rao: Hereafter all the applications should be received by the Government specifying under which they want to undergo an apprenticeship and thereafter take note of it so that all these malpractices may not be there.

Mr. Mohd. Ibrahim Ali Ansari: Sir, to start with the certificates were handed over to the respective organizations. When it was brought to my notice that they were misusing it, I have immediately directed the Director to withdraw all the certificates and he has done it. It is being distributed by the Departments now.

Sri Vavilala Gopalakrishnayya: Whether the Government is aware that a serious racket has taken place in the last week of December stating that the Government of India was going to change the rules? They were saying: “Whoever wants to come to us, pay Rs. 200 or Rs. 100 to one Superintendent who will interview in the room. You give Rs. 200 to him, without any word he will accept you and all the certificates will be given.” About Rs. 2 lakhs people have come to Hyderabad and there was no room in the buses or trains. This racket went on for about 15 days. Whether the Government is aware of it and whether Rs. 2 lakhs were collected by the Superintendent of the Organization, and what happened to the amount? Is the Government taking cognizance of it?

Dr. T. V. S. Chalapathi Rao: They were brought here in special buses.

Mr. Mohd. Ibrahim Ali Ansari: Naturally they might have come in special buses. There was hardly a week left. It was to expire by 31-12-60. Naturally there might have been rush. All the same, regarding the allegations made, I will certainly get it enquired.

Sri Vavilala Gopalakrishnayya: In the annals of Andhra history I never saw such a type of racket. What happened to the
Superintendent who has taken the money? How was this allowed to go on? Why did the Director keep silent? It is a serious thing and a blot on the Government.

Sri Mohd. Ibuthim Ali Ansari: Sir, I have already submitted that I will get it enquired.

Later, Inter State Conferences were held in August, 1969 and December, 1969 at Visakhapatnam and Bhubaneswar respectively at which high officials of this Government and the Government of Orissa discussed the activities of the Naxalites/Extremists and the measures to co-ordinate the efforts of the police in the three States and to exchange intelligence etc., were decided upon. At the first conference officials of Madhya Pradesh also participated. Besides, border co-operation meetings were held between the concerned officials of the State Governments of Orissa and Andhra Pradesh at Srikakulam on 13-9-1969 and Gopalpur (Orissa) on 15-11-1969, at

(f) if not, the reasons therefor?

Sri K. Brahmananda Reddy :—(a) Yes, Sir.

(b) Sri T L. Sankar the then Deputy Secretary to Government, Industries Department was the only Government Director on the Board of Directors of the Company from 24-9-62 to 17-9-64. Though he was aware of the production being slightly in excess of the licenced capacity during 1968 it was considered not necessary to bring this to the notice of the State Government as much of the production was for defence requirement following on the Chinese aggression.

(c) In view of the fact that the Sarkar Committee has been appointed by the Government of India to further look into the cases of Birla undertakings mentioned in the Industrial Licensing Policy Enquiry Committee Report Government will consider appropriate action if necessary after the Government of India take a decision on the findings of the Sarkar Committee.

(d) A statement is placed on the Table of the House.

(e) and (f). As the licensing of industrial capacity in the organised sector is done under the provisions of the Industries (Development and Regulation) Act, 1951 by the Central Government that Government alone are competent to order an enquiry of this kind referred to by the Honourable Members.

542— Hyderabad Asbestos company.

*524 (1731-W.)— Sarvasri T. S. Murthy (Warangal) and A. Madhava Rao:— Will the Chief Minister be pleased to state:

(a) Whether it is a fact that Managing Agency of Birlas in Hyderabad Asbestos Company Limited will expire this year;

(b) If so what effective steps are taken by the Company in regard to its future management in view of the fact that the Managing Agency system is going to be abolished from April, 1970;

(c) Whether the Government propose to take up the Management of the Company in view of the mounting criticism on Birlas and their dubious accounting practices both in Parliament and Press and also in view of the adverse comments made by the Industrial Licensing Policy Committee?
Sri K. Brahmananda Reddy:—(a) It expired on 31-12-1969
(b) & (c) With effect from 1-1-1970 the management of the Company rests in its Board of Directors. Government held only 10.8% of the shares in the Company and therefore, the question of taking over the management of the company does not arise.

Without previous permission or sanction, the capacities should not be raised at all. What is the capacity that has been raised and why was it done without permission? What was the Centre doing then? Was it interested in it without making report to the Government.

Sri K. Brahmananda Reddy:—The production was about 61,000 tons. But in the year 1968 it was about 89,613 tons. You must also remember out of these, 40,000 tons for Defence Department.

Without previous permission or sanction, the capacities should not be raised at all. Why did the Centre keep quiet on that aspect of the matter.

Sri K. Brahmananda Reddy:—In the peculiar situation then, though the production is increased by about 12,000 tons, most of it or more than that even, for Defence requirements, it was not considered necessary.

Sri K. Brahmananda Reddy:—The Dutt Committee reported that the houses responsible for resumption the most prominent is the house of Birlas. The Committee also reported that the Birlas held largest number of unimplemented licences, made repeated attempts to obtain a large number of licences for many products, created excess capacities and tried to have them regularised afterwards and produced more than authorised capacities.
Oral Answers to Questions 25th March, 1970

During the year 1963, the Hyderabad Asbestos Products Ltd., manufactured 89,000 tons and odd of asbestos sheets, whereas in the report it was indicated that Mrs The Hyderabad Asbestos Cement Products Ltd., established a capacity of 3 lakh tons in 1963. This is a wrong thing, Sir. It may be somewhere else. But so far as Hyderabad Asbestos is concerned, the capacity up to 1963 was 60,000 tons. In 1964 it was raised to 1,20,000 tons. In the year 1965, the production was 89,000 tons. It was more than the agreed capacity. It was because of Chinese aggression and defence requires 31,500 tons were supplied to the Defence Department in 1963.

Next year it has been almost doubled up. The reasons are there. From 1964 onwards up to now, is there any improvement in the balance sheet? Or, whether the company is still running in loss?

Sri K. Brahmananda Reddy:—I don’t know. I have not seen the balance sheet. One thing, I know. Rs. 7.22 lakhs which the Company owes to the Government, was paid back.

Sri K. Brahmananda Reddy:—Probably by internal arrangement, by working to capacity, by overhauling their system and other things like that.

Sri K. Brahmananda Reddy:—That is about Defence Department. I have no figures here. But if you want I will get them. In 1963 the increased production was 48%. In 1964 it was only 7.5% and 6.9% in 1965.

Oral Answers to Questions.

Why don’t you yourself have the management or purchase equities?

Sri K. Brahmananda Reddi: It is not just I should step in and say — have the management.

Sri A Madhava Rao: Is there any venture to make such representation?

Sri K. Brahmananda Reddy: Kindly tell me if there is any such information either in the house or outside. I have no objection.

Mr. Speaker: What is the percentage of shares held by Birla?
In response to the question asked by Sri Poola Subbaiah from Yerragondipalem, the Chief Minister, Sri K. Brahmanand Reddy, provided the following information:

(a) The income from the State Guest House (Hyderabad House) in New Delhi for the period from 15-4-1968 to 14-4-69 was Rs. 1,25,000, which is the lease amount being paid by the Government of India at present.

(b) There is no proposal to sell the State Guest House.

Oral Answers to Questions

Sri V. B. Raju (Siddipej) :- The Chief Minister has given the figure of income. What is the expenditure incurred in terms of taxes, maintenance, staff and what is the net loss sustained every year?

(2) Has the Government of Andhra Pradesh moved the Foreign Affairs Ministry to increase the rent, bear the establishment expenditure and see that the Govt. of Andhra Pradesh does not lose and get something at least out of that House?

Sri K. Brahmananda Reddy: While it should be our effort to get something out of that House, in fact, the expenditure seems to be a little more than the amount which the Govt. of India are giving.

Sri V. B. Raju:— Not a little but it is much more. Maintenance establishment we are bearing. I think the Chief Minister is aware. They are occupying the house and we are bearing the establishment.

It has been urged by us that the entire staff in possession should be absorbed by the Government of India. The Govt. of India should arrange for the payment of enhanced rent deducting the payments already made and reimbursing the expenditure incurred by the Govt. of Andhra Pradesh on taxes, maintenance of palace, gardens, establishment, additions and alterations etc. Still some questions regarding absorption of staff etc., by the Govt. of India are pending settlement and the formal lease agreement for the period after 14-7-1961 has not been entered into yet.

Sri V. B. Raju (Siddipej):— It has been taking a lot of time. Will the Government of Andhra Pradesh give a notice to the Government of India — whatever settlement will be arrived at — will be retrospective from 1961 so as to see that the Government of Andhra Pradesh does not lose on that house?

Sri K. Brahmananda Reddy:— It is not proper to give notice. But we can write to them.
Sri V. B. Raju:—It is not the Government and the Government. They are tenants and we are landlords.

Sri K. Brahmananda Reddy:—Let us keep that fortunate position.

Sri G. Sivaiah:—May I know, Sir, whether the representatives of village officers from Rayalaseema districts have come and met the hon. Minister and discussed the matters? If so, what are the matters discussed and decisions arrived at?

The court decision is that inheritance is cut down,
I come from a village patel’s family:

Sri P. Thimma Reddy:—There is nothing like district committees being consulted by me. I will call for a meeting and whomsoever chooses will come and discuss with us.

I am not in favour of abolishing these things. I want these things to function properly.
S N. Q. No. 1435-J.—Sri Ch. Rajeshwara Rao: Will the hon. Minister for Social Welfare be pleased to state:

whether the Government will finally acquire the house-sites for Harijans in Bollapalli Village of Bhongir Taluk of Nalgonda District before the end of March, 1970, as it is getting over delayed and the Harijans are experiencing great hardship?

Sri D. Perumallu:—The Additional District Social Welfare Officer, Nalgonda has reported that the land to be acquired for house-sites for Harijans at Bollapalli Village of Bhongir Taluk is already under their possession and that houses have also been constructed by them. He has visited the Village recently and he is taking expeditious action for acquiring the land. As several formalities have to be observed, it may not be possible to finalise the land acquisition proceedings before the end of March, 1970.

re: Nomination to the State Library Committee.

ADJOURNMENT MOTIONS

re: Supply of water from K. C. Canal.

Mr. Speaker:—Sri G. Thimma Reddi has given notice of adjournment motion. It reads as follows:

"Consequent upon the permission given by the Government to irrigate under the K. C. Canal about 50,000 acres in Kurnool district under second crop for paddy, ryots have invested lakhs of rupees on the second crop. But at present due to lack of sufficient supply of water, the crops have dried up and ryots are put to great hardship as all the investment made by them so far is going waste. In order to save the situation and preserve the remaining crop from drying up and going waste, Government must take immediate steps to rush supply of water to the area. Ryots in Alagadda taluk of Kurnool district are very much agitated. Government must issue immediate orders and see that sufficient quantities of water are released from the Tungabhadra reservoir. If no action is taken by the Government and water released in time, it will entail loss of crores of rupees."

Are you (to Sri S. Sidda Reddi) prepared to make a statement today, or tomorrow.

Sri S. Sidda Reddi:—I will make the statement tomorrow.

Mr. Speaker:—Yesterday, the Home Minister promised to make a statement.

Sri G. Rajaram:—There is another adjournment motion.

Mr. Speaker:—Can't you afford to wait for another 2 or 3 minutes?

re: Alleged Police high headedness in Bhainsa.

Sri J. Vengala Rao:—In connection with the Holi festival in Bhainsa town, Adilabad district about 700 people started in procession spraying coloured water, in the morning of 23-3-70. The police have made heavy bandobust arrangements and the police force along with the sub Divisional Magistrate, Deputy Tahsildar, the Deputy Superintendent of Police and the Circle Inspector of Police were moving with the procession. At about 11.30 a.m. the procession reached the Panjeswadi and by that time the crowd swelled to about 2,500. At the time, about 1000 Muslims joined near the Panjesha Mosque in a different route. Some of the persons in the main Holi procession wanted to go by the route near the Mosque and this was objected by the Muslims. About 200 persons in the procession proceeded in the traditional route avoiding the mosque. The S.D.M. and the D.S.P. finding a delicate situation developing, contacted the leaders and elders of both the communities and requested them to advise the people to disperse. Inspite of this appeal, suddenly stones were pelted causing injuries to the S.D.M. and D.S.P., Circle Inspector of Police and few other policemen. A mild lathi charge was made after due warning to control the situation. The processionists who went by the traditional route returned and turned violent.
One shop was set on fire and others were broken open. Attempts of attacks on small lanes were stopped by the administration and some minor instances of violence on the road. As all persuasion to the wise and reasonable failed and as the lathi charge proved ineffectual, the P.M. ordered the Police to open fire after warning. Two rounds and four persons: Hindu and Muslim were injured in the firing. All of them have been taken to the hospital. Two shops were set on fire and two shops belonging to Hindus were attacked. One Muslim was injured due to stone pelting and a Hindu was speared in an isolated clash. Both of them are critical. There were no physical clashes between the two communities, with the main incident took place. In all, eleven shops belonging to Muslims and six shops belonging to Hindus were attacked. All damage caused to the private property has been estimated to be about Rs. 2,000. Prohibitory orders under Section 144 of the Code of Criminal Procedure have been arranged in all the taluks and a joint patroling is being done. All anti-social elements have been rounded up. The Collector and the Superintendent of Police are present at Bhainsa and are in touch with the elders of both communities and taking all possible measures for it to bring communal harmony and keep the situation under control.

D S P, Assistant Superintendent of Police, C I, Sub-Collector.
Mr. Speaker: If this practice is to be continued in future, I do not know whether we will be able to attend to the business of the House at all. You consider at your point is important that this practice not to reveal the religion of the person who died or whose properties have been destroyed. The Government has to adopt that code. The report been given certain figures saying so many limbs died or so many limbs were killed. I think it is actually a code that has been practised with the help of the press and also by the Government.

(Sri M. Manik Rao rose —)

Mr. Speaker:—It will be taken up tomorrow.

POINT OF INFORMATION

re: MUSICAL NIGHT AT HYDERABAD

Sri J. Vengala Rao:—Certain complaints have been made that the organisers of Star Night on 22nd March 1970 at Lal Bahadur Stadium have employed a large number of army personnel for regulating entry of pass and ticket holders into the Stadium and the State Government should enquire into the matter and ascertain the circumstances leading to the employment of army for non-official purposes. Neither the State Government nor the organisers of the Star Night had requested the assistance of Army for the peaceful conduct of the function on 22nd March, 1970. It is also not a fact that the army personnel were deployed at the Stadium to regulate the entry of ticket-holders etc. into the Stadium. About 2,500 complimentary passes had been issued by the Organisers of the Star Night to the Local Sub-Area facilitating Army personnel to witness the Star Night. To help the Army personnel to find their enclosures some of the Army personnel were used as guide by the Army authorities themselves. Such of those employed for this purpose were not in uniform and did not perform any other functions as alleged. Since the Star Night function was organised by a non-official agency and the Army had not extended any assistance officially and the State Government or the organisers did not request for any such assistance, there is no question of the State Government enquiring into the matter.

Sri K. Lakshmana Bapuji:—I am saying with all responsibility that the military was pressed into service and were also in mufti and they were making arrangements. I am prepared to prove. Are you going to enquire into it?

Sri K. Lakshmana Bapuji:—They were posted earlier and I say they were making arrangements. Are you going to enquire into the matter? I am taking the responsibility to prove it.

Sri K. Lakshmana Bapuji:—I am prepared to prove. I am prepared to prove it; otherwise I shall resign from the membership of the Assembly.
Mr. Speaker:—Why do you get excited and baul out?
Sri K. Lakshman Bapuji:—Why do you oppose such remarks?
You are not curbing the Minister when I am prepared to prove—
Mr. Speaker:—You have become more angry.
Sri Konda Lakshman Bapuji:—He is making me. What can I do?
Mr Speaker:—You can say without any excitement.
Sri K. Lakshman Bapuji:—I am a human being. I am saying with all responsibility, that I am prepared to prove with evidence, otherwise I am prepared to resign from the Assembly. Why should not the Government enquire about the misbehaviour towards judges, legislators and Government Officials?
Sri M. Manik Rao:—There is a statement of the Secretary and Organiser Mr. Thakur V. Hari Prasad. He told the press that he invited 5,000 military officers and agreed the military to arrange 162 aid speakers etc.
Mr. Speaker:—You have got a press extract to that effect.
Sri M. Manik Rao:—Yes. My contention is that the Minister’s statement given here is wrong. He is misleading the House.

re: Musical Night in Hyderabad.

Sri K. Lakshman Bapuji:—Yesterday I referred to the resolution passed by the Journalists also regarding the misbehaviour. The resolution of the Journalists appeared in the newspapers. I will pass that newspaper report to Mr. Vengal Rao, where clear mention is made about the misbehaviour of the military towards the civilians. As I said, I am making the statement with all responsibility. Why should not the Government enquire into the matter?

(Sri Konda Laxman Bapujee stood up in his seat)

Mr. Speaker:—I am not allowing any discussion on the military affair. The Minister has agreed that he would institute an enquiry about the behaviour of the police.

(Sri Konda Laxman Bapujee interrupted)

Mr. Speaker:—Whatever you say will not from part of the record. I am not allowing any more members to speak about it.

Sri Konda Laxman Bapujee:—He has agreed for an enquiry into police misbehaviour. What about my allegation about bundobust arrangements.
Mr. Speaker:—He will also enquire about the point raised by you about bundobust.

Sri Konda Laxman Bapujee:—Is he agreeing to that, Sir?

Mr. Speaker:—I have asked him to do it. Whether the military requisition was by those people or by the Government that also will be enquired into.

Mr. Speaker:—The hon. Minister says he would go into the matter.

BUSINESS OF THE HOUSE

Mr. Speaker:—He will also enquire about the point raised by you about bundobust.
Mr. Speaker:—I have already disallowed. Already there are 50 notices admitted and to be answered in the House. I have no time to allow any more. I am requesting all the members to consider twice before giving notices under Rule 74(e). I have no time.

I am really sorry, hereafter I cannot consider admitting any more call-at-ention notices. I am really sorry.

Dr. T. V. S. Chalapathi Rao:—There is a distinction between state-wide matter and local matter. What Mr. Prabhakara Rao has raised is a state-wide matter. A state-wide subject must have precedence over local matters. It may be, you cannot admit each notice. State-wide motions which are important may be considered for being admitted.

Mr. Speaker:—When a member considers, according to him the motion he gives notice of is a matter of urgent public importance, which notice should take priority over which is a matter which I have got to consider. Already I have admitted, which, in my opinion, deserve to be considered by the House—about 5 or 6. Now, he says this is an important matter; another member who has given notice of another motion says that his motion is an equally important matter. Each member whose motion is disallowed says that the one he has given notice of is equally important.

Sri V. B. Raju:—He is requesting for reconsideration.

Mr. Speaker:—I will consider if time permits after a few days.
PRIVILEGE MOTION
AGAINST SRI V. V. SUBRAMANYAM, DEPUTY COMMISSIONER OF POLICE

Mr. Speaker: — Sri Manik Rao has given notice of a privilege motion. The notice is as follows. I will read out the relevant portion. The privilege is against the Deputy Commissioner of Police, Law and Order, Mr. K. V. V. Subramanyam. The letter reads:

"... . . . When I protested and told him that this is not the way to deal with the Mayor, the women, and with an M.L.A., he pushed me with his hand stick and started shouting that 'I know who you are and how to deal with you'. I have dealt with several M.L.As. and do not think that this is the Assembly and before I throw you out, better you clear from here'.

This is the relevant portion. The member will kindly say what he has got to say.

Sri M. Manik Rao. - Shall I read it out, Sir?

Mr. Speaker: — Not necessary. I have read out the relevant extract. The other portion is not necessary. This is the only portion which says what he said, how he came suddenly to you and pushed you, etc.

"... . . . When I protested and told him that this is not the way to deal with the Mayor, the women, and with an M.L.A., he pushed me with his hand stick and started shouting that 'I know who you are and how to deal with you'. Privilege Motion:  25th March 1970.  63
Against Sri K. V. V. Subrahmanya, Deputy Commissioner of Police.

You behave properly. I know how to deal with you. 'You get out and clear from here.' The lean fellow physically pushed me. I told him ‘I am an elected representative. I have got some responsibility. How to deal with the Government, I know. I do not want to deal with the Police Officers.’ He said also ‘If you want anybody, I am prepared. Arrest.’ Then he said, ‘You are under arrest.’ This is the type of behaviour of the Police Officer. I am telling you—I am giving the background is, I am one of the members who are banging the Police Officers including the Minister. They have mishandled me purposely.

Mr. Speaker:—All that is not necessary.

Mr. Speaker:—What does the Home Minister say about it?
Privilege Motion:
Against Sri K. V. V. Subrahmanyam,
Deputy Commissioner of Police.

Mr. Speaker:—I will decide on the 27th.

Sri G. Rajaram:—The privilege motion, notice of which has been given by Sri Manick Rao, is very clear. The Home Minister’s statement is irrelevant, so far as the privilege motion is concerned. In the motion, it has been categorically alleged that certain police officers used those words against an hon. member of this House, not only an hon. Member of this House, but ....

Sri G. Rajaram:—According to the version given in the notice, he has brought the entire House into disrepute.

Mr. Speaker:—I will consider about it.

Sri G. Rajaram:—Therefore, it is not a case of what had happened there. When an hon. Member has given notice of a motion of privilege, those words used have to be taken cognizance. Therefore, it is a fit case to be immediately referred. Evidence will be produced.

(At this stage, Sri Badri Vishal Pitti stood up)

Mr. Speaker:—Mr. Manik Rao stated the circumstances under which the whole thing took place. The Minister has stated what he has to say. I will give my ruling.

It is a very serious thing. Why they have not arrested him and whether a case was registered earlier than the notice of the privilege motion or it was done only after the notice was given.
Against Sri K. V. V. Subramanyan,
Deputy Commissioner of Police.

Sri J. Vengal Rao:—A case was registered on 23rd February.
The Minister’s statement is based on the version given by some police officer against whom charges have been made by the hon Member. That statement should not be taken into consideration.

Sri N. Ramachandra Reddy:—The police officers were present and the version of the police would be to support their officers.

Mr. Speaker:—Whatever it may be, he has stated what he has got to say. I will consider all that.

Sri N. Ramachandra Reddy:—Sri Manik Rao is a hon. member of this House. We have to reply on his version.

Sri T. Purushothama Rao:—I strongly protest. This is a very bad trend.

Sri N. Ramachandra Reddy:—This remark of the Minister is irrelevant. It is not concerned with the subject that I am speaking on behalf of the Member.

(Sri Konda Laxman Bapujee stood up and began saying something)

Sri Konda Laxman Bapujee:—Without your permission, he is rising and interfering while the Leader of the Opposition is speaking. You are not snubbing him, but you snub us, because we are cheap.

Mr. Speaker:—You yourself are interrupting your leader.
Mr. Speaker:—I do not want to differentiate. When the Home Minister was speaking, you were not allowing him to speak, in the same way, as you say, the Home Minister interrupted the Leader of the Opposition while speaking.

Sri Konda Laxman Bapujee:—Because you have allowed the Home Minister to speak, I have stood up to speak, Sir.

Mr. Speaker:—All right.

Mr. Speaker:—The one point for consideration by me is, whether there is a prima facie case.

Mr. Speaker:—The one point for consideration by me is whether there is a prima facie case. From what Mr. Manik Rao said, what happened there he has stated, and the Minister, on the information furnished to him by the officer against whom the breach of privilege motion has been given, has stated what he has got to say. I will consider all that. The point is, whether there is a prima facie case, and whether it constitutes a breach of privilege. He might have said so many things—that he came from Bombay and all that. But that is all irrelevant, nor what all Mr. Vengal Rao said might be relevant. I will consider.

Sri N. Ramachandra Reddy:—You did not catch my point, Sir. Whatever the member says I am repeating it, and whatever the police officer said, the Minister is supporting it. But Sri Manik Rao is a member of this House. He is not only a member of our party, but he is a member of this House and this House has got the responsibility to safeguard the rights, privileges and interests of the members, to whichever party he may belong. What the Minister said is not correct point.

Mr. Speaker:—He is simply saying that the allegations made by Mr. Manik Rao were denied by the officer against whom the privilege motion was brought.

Sri Ramachandra Reddy:—He is saying as I have based my information on the version given by Sri Manick Rao, he (the Minister) has to base his information on the report of the Police officer. With that statement, the entire problem is vitiated.
Privilege Motion: 

Against Sri K. V. V. Subrahmanyam, 
Deputy Commissioner of Police.

Mr. Speaker:—I will send all the records to you and you please verify and see if what I have done is incorrect. If what I have done is incorrect, I will not do it hereafter.

Mr. Speaker:—What is the point in your saying that in the past you have not allowed the Minister concerned to make a statement.

Mr. Speaker:—The officer cannot come here, nor has he any opportunity. After all, the matter is referred to Privileges Committee and he will have a say there. On behalf of the officer concerned, the Minister has got to say what he has got to say.

Sri V. B. Raju:—The hon. Member has only pointed out that there is deviation from the practice that is being observed by you all the while. Yesterday the Chair was informing the House that the officer regretted, etc. It appeared as though the Minister was asked to defend the attitude of an officer. He was just pointing out and bringing to your notice.

Mr. Speaker:—I am not concerned with the attitude which the Minister has taken. Regarding the privilege issue I am only giving an opportunity to the other side to say what he has got to. It is for him to say whatever he has got to say. I will consider what is relevant and what is irrelevant.

Privilege Motion:
Against Sri K. V. V. Subrahmanyam,
Deputy Commissioner of Police.

Mr. Speaker:—You are thoroughly mistaken. I did not write to any officer. I do not think I have ever done so in the past. It is not for the Speaker to write to any officer. I will only direct the concerned Minister to call for the explanation of the concerned officer against whom the notice is given and ask the Minister concerned to say what he has got to say when the issue is raised on the floor of the House. I have never addressed nor is it proper for the Presiding Officer to address the officer directly. I will never do that. I will only ask the Minister what he has got to say about it and obtain the explanation if necessary.

Mr. Speaker:—I have not read out the explanation of the officer.

Sri T. Purushotham Rao:—Why then the Minister is defending?

Sri V. B. Raju:—In the past the Chairman was actually giving out what has been communicated to the Chair by the Government. As far as we remember that was the practice that was going on. Now the Minister was asked to say; it did not arise at that particular point of time. The hon. Member was just pointing out the procedure.

Mr. Speaker:—It is not proper for any Presiding Officer to address directly a particular officer. I am only concerned with the concerned Minister.

Sri V. B. Raju:—It is communicated to the House through you Sir, to the Minister.

Mr. Speaker:—I direct the Minister to obtain the explanation of the concerned officer against whom the notice is given. They obtain the explanation of the officer and send a copy of the explanation to the Presiding Officer.

Sri Konda Lakshman Bapuji:—Can the Presiding Officer read out the explanation?

Mr. Speaker:—If necessary, I can read out because the explanation is here.

Sri Konda Lakshman Bapuji:—In that case the Minister does not.

Mr. Speaker:—It contains 3 pages; should I read out?
Privilege Motion:
Against Sri K. V. V. Subrahmaniam,
Deputy Commissioner of Police.

Sri G. Rajaram (Balkonda):—Whenever a question of privilege is raised by an hon. Member the Chair has to look into whether it constitutes a breach of privilege \textit{r mi facie} and whether it is a fit case for raising a privilege motion or not. The version given by a member cannot be questioned and should be taken as authentic version. Therefore first of all, the question is-if the words alleged to have been used by that particular officer constitute a breach of privilege or contempt of this House. It is sufficient if there is a \textit{prima facie} case, to refer to the Privileges Committee can ask the officer—"There is an allegation like this against you; what have you got to say?" If he denies, then the question of taking the evidence and other things arise. If he regrets, generally the Privileges Committee drops the proceedings. That was the practice, but if you allow the concerned Ministers to defend the officers, it would be a very bad practice and precedent. You have to see only if the words alleged to have been used by the officer constitute a breach of privilege. The words used by that officer are: "I know how to deal with the M.L.As. This is not an Assembly". That is the authentic version of the member.

Mr. Speaker:—You are stating the same thing over and over again. You are repeating the same thing.

Sri G. Rajaram:—My submission is that the Minister should not be asked to defend the officer.

Sri C. V. K. Rao:—What is the mode of asking and raising a question of privilege? Can everybody interpret according to his fancies? There are definite rules. Let the rules be stuck to.

Point of Information 

re: Teachers Strike etc., 

I am only sorry. At this rate, I cannot conduct the business of this House. It is impossible—not only for me, anybody who presides here can never conduct the business unless members are prepared to co-operative with the Presiding Officer. I told more than once and I appeal to the House and the Leaders to cooperate with me. If members do not cooperate with me you will not be keeping up the traditions of the House. You will be only creating disorder in the House.

POINT OF INFORMATION 

re: Teachers' Strike etc.

So far as N. G. O. and others are concerned ---
BUSINESS OF THE HOUSE

Business of the House.

Dr. G. V. R. Reddy: —The 20th Parliament has come to a close.

M. A. R. V. Reddy: —I hope that the new Parliament will

perform its duties efficiently.

Business of the House.

Mr. Speaker: —That is what I am saying. I have not meant anything. If any member has come to this House with a revolver kindly bring it to my notice immediately. It is a very serious allegation that the member is making against another member. If such a thing is permitted in this House, we don't know what will happen.

Sri K. Brahmananda Reddy: —This will give unnecessary publicity and all that. First she has raised some point. Kindly ask the member when he comes whether it is so. I wish this thing is not published.

Sri V. B. Raju: —Why is this heat being generated. A member has raised a particular point whether fire arms can be brought in this House or not.
Mr. Speaker: The point is whether actually a member has carried a fire-arm and come inside the House. What the member says is true or not that has to be verified. Let us verify. The member is not here. She has seen the revolver; it is a very serious allegation she is making.

Sri V. B. Raju:—In this House some respect must be shown for the statements of the members.

Sri C.V.K. Rao:—The hon. Member said she had seen a revolver yesterday with another member. She did not bring it to the notice of the House. Let the hon. Member with whom the revolver is supposed to be speak out, Sir.

Mr. Speaker:—We don’t know whether what the lady member says is correct because she is making an allegation against another member. That member is not inside the House.

Mr. Speaker:—Anyhow, the member is not here; let us verify whether what the member is saying is true or not.

Sri K. Brahmananda Reddy:—I did not say that the member is making an allegation for cheap publicity. Instead of verifying the statements if things are allowed to go into the press, there will be more distorted versions and atmosphere. That is what I said.

Sri V.B. Raju:—Why should worry about publicity. A member has a right to ask. The Chair will verify.

Sri K. Brahmananda Reddy:—That is what I am exactly saying. I am only saying that the Hon’ble Speaker must send for the member who is alleged to have possessed that weapon. Know what it is, what the truth of it is. It is known by every one that you cannot carry even a stick into the Assembly or Parliament, unless he is a disabled person, etc. Therefore the question of possessing a revolver inside the House or some other weapon does not arise.

Sri N. Ramachandra Reddy:—When you send for the member and want to verify, Mr. Niranjanarao also may be kindly called because he collaborates the statement of Smt. Eswari Bai.

Mr. Speaker:—The allegation is against another member. I must also hear what the other member has got to say. Whatever it may be, assuming for a moment that what both the hon. Members say is correct such a thing should not be allowed in this House. No member can enter this House with any kind of weapon, lethal weapon or whatever weapon it is.

Mr. Speaker:—I think it is better. I am accepting your suggestion. After having the member we shall decide what we shall do.

Sri K. Brahmananda Reddy:—Sir, this should not be published in the press until you know what it is.

Dr. T. V. S. Chalapathi Rao:—Why should it be blacked out? What are the reasons?

Mr. Speaker:—The suggestion of Mr. Ramanatham is that after verifying from the concerned member, we may decide.

Sri V. B. Raju:—The important issue here is whether it is desirable to have a controlled press in a free democracy. What the Chief Minister wants to do amounts to that, that we should control the press in giving publicity to it.

Mr. Speaker:—The Chief Minister is only suggesting that certain undesirable things should not come in the press and it is for the House to consider and it is for me to consider in the interests of the fair name of the House; it is for us to consider; that is the suggestion made by Mr. Ramanatham.
Business of the House.

25th March, 9:00

Sri V. B. Raju:—If what Smt. Eswari Bai and what Sri Niranjan have said is correct, they have done a real service to the House and real service to democracy and they have taken the boldness to inform you. Where is the question of handling it as a private affair or arriving at a settlement? There is no dispute between the parties.

Sri C. V. K. Rao:—I agree with what Mr. Ramanatham has said. Here is a member — let me make my position clear — here is an hon. Member who has seen another member having a revolver yesterday and is it not fair on her part to bring it to the notice of the House? Is it not fair on her part to divulge the thing to you. It is not a question of publicity — this and that. I am not attributing any motive. Now it is come; she has a right, another member has a right, I have a right; when that is so, let it be verified by you. An issue of somebody having a revolver in his pocket becoming an issue of discussion in this House, I am not able to understand, Sir. Mr. Ramanatham has said you have got the power; you verify in your room and then you can make a statement whatever instructions you have given. That is better instead of going into debate. If you permit like this everything will go into bay; this is not the way in which we should proceed. What Mr. Ramanatham has said is perfectly pertinent. I think we have to accept that.

(Interruptions)

Mr. Speaker:—I have been requesting the members not to raise any issue without my permission.

Sri C. V. K. Rao:—The press is what it is; you cannot help it or improve it or spoil it.

Sri K. Ramanatham:—I am not for imposing any ban or censorship on the press. What I said was that in the interests of the fair name of this House, it was better that the Speaker might call the concerned members and settle in his Chamber and it aces not come in the press. I am not asking that the press should be restrained; it is for you, Sir, to decide.

re: Hispa and other pests in Krishna, Guntur, Kurnool and Godavari delta areas.

Mr. Speaker:—You are giving a very good explanation for Mr. Ahmed Hussain.

Mr. Speaker:—He gave an assurance that he would place a statement on the Table of the House. It is in pursuance of what he said yesterday.

The Minister for Marketing (Sri Ramachandra Rao Kalyani):—Yes, Sir, it is only information.

Mr Speaker:—You are only placing it on the Table of the House.

Sri Ramachandra Rao Kalyani:—Yes.

re: Alleged atrocities by the Congress workers in certain villages in Khammam taluk.

Sri J. Vengal Rao:—The villages of the Gandhasiri, Pammi Kamalapuram and Banapuram are the important strong holds of Communist Marxists in Khammam taluk. It is not correct to say Communists recently looted the properties in the above villages and created terror. Since January 1969 no incidents were reported in Khanapuram and Kamalapuram.

During July 1969 there was a clash at Gandhasiri village due to rivalry between the Congress & Communists. The Police registered a case in Cr. No. 16/69 u/s. 148, 418, 427 and 824 IPC which is pending trial. There have been no incidents subsequently.

Communist sympathisers attacked Pammi village on 22-9-1969 and pelted stones causing injuries to a few persons. The Police registered a case in Cr. No. 2/69 u/s. 448, 427 and 324, IPC and chargeshetted.

On 11-1-1970 about two hundred men and women belonging to Communist Marxists rampaged Banapuram village, threw stones and attacked 3 houses belonging to ryots of Congress Party and caused damages. The Police registered four cases in all u/s. 148, 452, 324, 382 and 427 IPC, against the communists, and they are pending trial.

At Lakshmipuram, the communists attacked the house of one Narayana on 20-1-1970 and committed theft of food-grains. Police registered a case against eight accused in Cr. No. 8/70 u/s. 3/9 IPC, which is under investigation.

It is not correct to say that there is no safety to the peasantry. Instances of their leaving the villages due to fear of communists have not come to notice. No incident of distribution of properties of the peasantry to the Labourers has been reported. The Police have been taking prompt and necessary legal action against the miscreants and culprits. Security action u/s. 107 Cr.P.C. was instituted against the miscreants in Banapuram and Pammi villages. Police pickets are also posted to maintain law & order in those villages and the officers also are frequenting the villages.

Calling attention to a matter of urgent public importance:

re: Alleged atrocities by the Congress workers in certain villages in Khammam taluk

Sir, it is a fact that about 40 villagers belonging to Communists-Marxists of Vandanam Kollumur, Anantasagar and Kondalappagudem led by Avula Venka a.i, Janaapuri Gajula Venkanna and Chinta Ve katarreddy took out a procession carrying sticks with party flags in Lachagudem village raising party slogans. There was exchange of hot words between the processionists and one Adinarayana of Govndapurani belonging to Congress Party resulting in a clash between the Communists and the Congressmen of the village. In the course of the clash stones were thrown on each side, and the house of Bhogavarapu Narayana (brother-in-law of Audinarayana) and two houses of others belonging to Congress party were attacked, at which 1 Congress people and 14 communists sustained injuries. It is not a fact that the processionists were carrying swords, spears and country-bombs. It is also not a fact that Thamarapu Narayana who was beaten and had received injuries, has become unconscious, except that he suffered simple injury.

On receipt of information the Police rushed to the village with the available force and brought the situation under control. A police picket had been posted in the village, and the Police officers of the district also visited the village. Two cases in Cr. No. 3/70 & 4/70 u/s 148, 452, 427, 324 and 300 IPC were registered and investigation taken up by the Police. The alleged theft of Rs 3,000 and gold chain from the house of Bhogavarapu Narayana has not been established, so far. 46 persons belonging to the Communist Party were arrested and remanded to judicial custody and the cases are to be charge-sheeted after completion of investigation. Police have taken necessary precautions to maintain law and order.

As regards the incidents at Pammi, it is a fact that communists sympathisers attacked the village on 21-9-1969 and pelted stones causing injuries to a few persons. Police have registered a case in Cr. No. 22/69 u/s 148, 448, 427 & 324 IPC and charge-sheeted. Security action u/s 107 Cr. P. C. was instituted against the miscreants and police pickets have been posted to maintain law and order.

With regard to incidents in Banapuram village, it is a fact that communists-Marxists (about 260) rampaged the village on 11-1-1970, threw stones and attacked 33 houses belonging to ryots of congress party and caused damages. Police registered cases, which are pending trial. Security action also was instituted against the miscreants and Police pickets have been posted to maintain law and order.

Sir, while it is a fact that about 600 persons from surrounding villages attended the public meeting arranged by the Communists (Marxists) at Khammam on 18-2-1970 in connection with the visit of Sri E. M. S. Namboodripad, it is not a fact that the Congress workers obstructed the villagers from attending the meeting.

Earlier to the public meeting at Khammam, there was, however, a clash between the Communist processionists and the Congress
workers of Latchagudem village on 12-2-1970, as a result of which 17 congress workers and 14 communists sustained injuries and were treated in the Hospital. The situation was promptly brought under control by the Chintkam police, who registered cases u/s 148, 452, 427, 194 of IPC, which are under investigation. A Police picket had been posted at the village and the situation is well under control.

What is the basis that you have taken to fix the prices of crops? The yields obtained from traditional methods are much more stable than those from modern technology. Thus, increased yield is much more vulnerable than traditional. Some more investment is associated with the new technology when once the farmer started working. Modern technology should be kept in view while fixing the product price. Along with the cost of production, increase in cost of living of farmer should also be considered. The farmer pays so much for the items he pays for domestic consumption. He pays more for increased cost of production requirements in farm production. The parity index should therefore be built while taking into all these factors so that proper parity is maintained between the price paid and price received by the farmer.

The pilot scheme, sanctioned by the State Government in December, 1959 for the procurement of milk to the twin cities of Hyderabad and Secunderabad was converted into an Integrated Milk Project in December, 1963, with the assistance of UNICEF. The project which has three milk chilling centres at Shadnagar, Kadthal and Boopathi and can handle one lakh litres of milk per day, has been designed to permit an ultimate expansion to handle two lakh litres per day.

The project had compiled pro forma accounts for the years 1960-61 to 1963-64, but they were not certified by Audit as they required revision. The revised accounts for these years together with the accounts for the subsequent years are yet to be received (August 1969). In the absence of these accounts, it has not been possible to assess the financial results of the working of the project.
