ORAL ANSWERS TO QUESTIONS

BRIDGE ON KUPPAM-CHITTOOR ROAD

*306 (1831) Q.—Sri D. Venkatesam (Kuppam):—Will hon. the Deputy Chief Minister be pleased to state:

(a) whether there is any proposal before the Government to raise the level of the bridge (road) at the 10th Mile on Kuppam-Chittoor road;

(b) if so, whether estimates were prepared and what is the estimated cost of the above work; and

(c) if not, the reasons for the same?

Hon. the Deputy Chief Minister (Sri J. V. Narsinha Rao):—

(a) No, Sir.

(b) Does not arise.

(c) In view of limited Plan Ceiling in IV Plan, it could not be included in IV Plan.

Sri. Venkatesam:— At what stage were the designs prepared or decided upon for raising the bridge? How long ago, Sir, had this been done? Why did it not come?

Hon. the Deputy Chief Minister:— The designs had reached a stage where the bridge could be prepared. Since the designs had reached this stage, the work could not be included in IV Plan.

Sri. Venkatesam:— How far have you completed the design work, which stage have you reached? What stage is it now?

Hon. the Deputy Chief Minister:— The design work has reached the stage where the bridge can be prepared. Since the designs have reached this stage, the work could not be included in IV Plan.
209 5th December, 1970 Oral Answers to Questions

Sir, the Minister (Mr. Krishna):—Has the Government any proposal to create a revolving fund for capital works with about Rs. 50 or 60 crores?

Sir, the Minister:—Yes. The Government is planning to create a revolving fund for capital works with about Rs. 50 or 60 crores.

Sir, the Member:—180 crores have already been allocated for capital works. Why is there a need for a revolving fund?

Sir, the Minister:—The existing allocation of Rs. 180 crores is not sufficient to meet the requirements of capital works. A revolving fund is necessary to meet the unforeseen expenses that may arise during the execution of capital works.

Sir, the Member:—Can the amount of Rs. 50 or 60 crores be made available immediately?

Sir, the Minister:—The amount will be made available as soon as possible. The Government is in the process of finalizing the details of the revolving fund.

Sir, the Member:—Is there any provision for the repayment of the amount borrowed from the revolving fund?

Sir, the Minister:—Yes. The amount borrowed from the revolving fund will be repaid through the receipts generated from the development projects undertaken under the fund.

Sir, the Member:—Can the amount be increased if necessary?

Sir, the Minister:—Yes. The Government will review the need for increasing the amount of the revolving fund from time to time.

Sir, the Member:—Is there any plan to use the revolving fund for social development projects?

Sir, the Minister:—Yes. The revolving fund will be used for social development projects as well. The Government is committed to ensuring that the funds are used effectively for the benefit of the people.
BRIDGES ON PALAKONDA-SITHAMPET ROAD

(a) Yes Sir.
(b) These works are proposed to be included in the IV Five Year Plan of the State.

THALLAPALEM BRIDGE

143—

886 (1449 U) Q.—Sri Ch. Buchi Krishnam Raju (Cheyyeru):—
(Put by Sri K. Prabhakara Rao) :— Will hon. the Deputy Chief
Minister be pleased to state:

(a) when the construction of Thallapalem bridge 18/5 at
Narsipatnam will be completed;

(b) whether the contract has been taken up by Bharat Sevak
Samaj and was later given up;

(c) if so, the reasons therefor and whether it has been put in
abeyance after the tenders have been called; and

(d) whether steps will be taken to complete the work of the
said bridge expeditiously?

Sri J. V. Narsinga Rao :—

(a) (b) (c) & (d) M/s. Bharat Sevak Samaj was entrusted
with the construction of Thallapalem bridge. But, it could not
proceed further after executing a part of the work and abandoned it,
as a result of which, the contract was terminated and re-tenders
were called for. Meanwhile, some portion of the work has been
carried out departmentally. The work is expected to be completed
by the end of June, 1971.

Sri D. Venkatesam:— What is the estimated cost for the
construction of the bridge? When was the work entrusted to the
Bharat Sevak Samaj? Is it possible for such social organisations to
take up contracts for such works? Does the Government expect
them to fulfil their obligations in such contract works?

Sri J. V. Narasing Rao :— The work was estimated to cost
Rs. 2.23 lakhs. In April 1965 it was entrusted to them; they have
abandoned the work in 1967; now we are reconstructing it. The
Revised Estimate has gone up to Rs. 4.60 lakhs instead of Rs. 2.23
lakhs.

Sri M. Manick Rao (Tandur) :— Is it the practice of Govern-
ment to give advances to such social organisations? Or is it because
some of the Central Ministers are interested in the Bharat Sevak
Samaj the Government has given advance? Is it the practice of the
Government to give advances to similar organisations?

Sri J. V. Narasing Rao :— It is only for the Bharat Sevak
Samaj. The Government of India also have taken a decision and
our Government also have accepted to give advances to them at 6 per
cent interest; one-third of the estimated cost is to be given as
advance which will be recovered subsequently.

Sri. V. Manick Rao :—

Sri. V. Manick Rao:—
SCHEDULE OF RATES IN ELURU AND CUDDAPAH CIRCLES

144—

920 (1454 D.) Q.— R. Mahnanda :— Will the hon. Minister for Panchayat Raj be pleased to state:

(a) whether it is a fact that the schedule of rates are different in Eluru and Cuddapah circles;

(b) If so, what are the reasons;

(c) Are there reports from Nellore District that the contractors are not coming forward to take up works at the present rates, which are far below the rates in the neighbouring villages of Vinukonda Taluk, Guntur District; and

(d) If so, the action taken thereon?

The Minister for Panchayat Raj (Sri T. Ramaswamy) :—

(a) Yes Sir.

(b) The schedule of rates varies from one circle to another depending upon the local enquiries, availability of materials and availability of labour, etc.

(c) No, Sir.

(d) Does not arise.

Sir: The present rates are too low. The contractors can quote higher rates, but over and above 5% of the estimated rates, again it has to go to the Government for approval, and by the time the approval of the Government is received, the time would have lapsed.

But the departments themselves should have recommended.

When are they to call for the tenders and spend this money? Otherwise the whole amount will lapse.

Oral Answers to Questions

"They are spending lakhs and crores of rupees. The standard of work is going worse. If the local material is available in that area, the rate has to be cheap. That is the main thing."

219 5th December, 1970 Oral Answers to Questions

Sri G. Siviah (Puttur):— We are at the fag end of 1970 and we have got hardly two months more to complete all the works. Contractors are refusing to come forward, for their own reasons, which are known to everyone of us. Will the Government take the responsibility to spend the entire amount on the works by the end of the financial year in Rayalaseema area, Sir?

Mr. Speaker:— He wants an assurance.

Sri G. Siviah:— Some funds are granted to develop the underdeveloped areas or backward areas. We got them with great difficulty. Will the Government spend that amount at least by the end of the year or will he persist in not spending the amount and making it lapse or some how save Government funds?

Sri T. Ramaswamy:— We will do our best to spend the amount.

Sri S. K. Rao (Vijayawada):— We have got this year a very difficult task of bringing down the levels of these rivers. It is a difficult task. Will the Minister for Works do his best to bring down these levels?

Sri S. K. Rao:— Will the Minister take a decision so that the level of these rivers is brought down at least in the year 1970?

Sri S. K. Rao:— It is 1970, so why not complete the works?

152—

*42 (1825) Q.— Sarvasri D. Venkatesam and T. C. Rajan :—
Will the hon. Minister for Endowments be pleased to state :
(a) whether it is a fact that the Tirumal Thirupati
Devasthanams Board has passed a resolution for the construction of
an Air Conditioned residential quarter to the Executive Officer ;
(b) if so, what is the estimated cost ;
(c) what is the amount spent so far ; and
(d) whether there is any proposal before the Board to
construct some air conditioned rooms for the accommodation of the
pilgrims ?

Sri A. Bhagavantha Rao :—
(a) No Sir. The resolution of the T. T. Devasthanams was
to construct a quarter for the Executive Officer.
(b) and (c) The cost of the building is Rs. 2,24,957/-.
(d) No, Sir.

Sri M. Manik Rao :— I want to ask a point of information
regarding this question. The concerned Minister is not here. I want
to know whether he is in the headquarters or not.

Mr. Speaker :— My information is that the concerned Minister
is not in the headquarters.

Sri M. Manik Rao :— I want to know whether he has taken
permission from the Chair.

Mr. Speaker :— My information is he has obtained the
permission of the hon. Deputy Speaker previously for getting his
questions answered by the hon. Minister for Handlooms, Sri A.
Bhagavantha Rao.

PASSAGE FOR PERUBHOTLAPALEM ON N. S. CANAL

153—

*880 (1448-Y) Q.— Sri R. Mahananda:— Will the hon. Minister for Irrigation be pleased to state:

(a) whether it is a fact that excavation of Nagarjunasagar Canal work at Mile 121 and 124 has been commenced;

(b) if so, whether any passage or bridge is arranged for the use of Perubatlapalem, Katamvaripalli villagers; and

(c) whether any provision of temporary passage is arranged for the Perubhotlapalem villagers for crossing the Canal at this place?
The Minister for Medium Irrigation (Sri R. NaraReddy) —

(a) Excavation has been taken up in the reach M. 121/7 + 530 to M. 124/0 + 190.

(b) and (c) No, Sir. The cart track leading from Erubhotlapatnam to Katamvaripalem crosses the canal at M. 124/3 + 380 where excavation work has not been taken up so far.

Non-Supply of Water to Boyagudem and Rajaram Villages

(a) Yes, Sir. There was shortage of supply of water during the Kharif season of 1969 only for about 670 acres of localised aycut and not for 1500 acres.

(b) The tail-end lands of those villages are not receiving water from the Rajawaram Major due to unauthorised cultivation and illegal tapping of water in the upper reaches.
(c) Yes, Sir.

(d) No, Sir. However water is being supplied for second crop in the area where irrigation potential had been created, since the localised ayacut has not been fully developed and water is available at present.

REDUCTION OF RETURN FOR SCHEMES FOR RURAL ELECTRIFICATION IN RAYALASEEMA

155—

301 (1799—A) Sarvasri T.C. Rajan, D. Venkatesham and M.Ch. Nagaiah Prathipadu) :— Will the hon. Minister for power be pleased to state:

(a) whether it is a fact that a resolution was unanimously passed by Rayalaseema Planning and Development Board requesting the Electricity Board to reduce the return from 12-5 to 8-00; and

(b) if so, the reasons for the same?

The Minister for Power (Sri V. Krishnamurthy Naidu) :—

(a) & (b) Yes, Sir. The Executive Committee of the Planning and Development Board for Rayalaseema held on 17th and 18th of December, 1969 passed a resolution among other things, to request the Government to reconsider the question of reducing the minimum rate of remuneration from 12.5% to 8% in respect of Rural electrification in Rayalaseema area in view of the backward economic condition and continuous drought conditions in the area during the last several years.
Sri V. Krishnamurthi Naidu:— Due to paucity of funds it is not possible.

Q. 63. Mr. S. B. R.:— Due to paucity of funds it is not possible.

Q. 64. Mr. N. S.:— Due to paucity of funds it is not possible.

Oral Answers to Questions

Sri V. Krishnamurthi Naidu:— I want notice, Sir.

Mr. Speaker:— Please raise it in the Business Advisory Committee meeting.
SUPPLY OF BULLDOZERS IN VISAKHAPATNAM TALUK

156—

*661 (1886) Q.— Sri P. Sanyasi Rao (Visakhapatnam—2) :— Will the hon. Minister for Marketing be pleased to state:

(a) the number of ryots in Visakhapatnam taluk who had applied for Bulldozers in 1969; and

(b) the reason why the Government have failed to supply the Bulldozers to ryots in spite of the fact that the said ryots have applied for them and are awaiting for years together?

The Minister for Marketing (Sri Ramachandra Rao Kalyani)

(a) Only one ryot applied for a bulldozer in Visakhapatnam Taluk during 1969.

(b) Does not arise, as the applicant was supplied a bulldozer.

Mr. Speaker:— I will ask him to get the information.

Sri B. Ratnasabhapathi:— Let the Hon. Minister get the information in one or two days.

No information will come because that one person is a Minister.
Mr. Speaker:— The information may be placed on the Table of the House during the Session; otherwise, what is the use?

**SUPPLY OF TRACTORS**

157—

*866 (1445-M) Q.— Sri R. Satyanarayana Raju:— Will the hon. Minister for Marketing be pleased to state:

(a) The District-wise number of deposits made upto 31-1-1970 in the Andhra Pradesh State Agro-Industries Corporation, Hyderabad for registering their names for the supply of various types of foreign tractors:

(b) the number of applicants to whom tractors have been supplied during 1969 and when the same is likely to be supplied to the rest of them and in what manner;

(c) the number of the said applicants to whom State Bank and Land Mortgage Banks are willing to advance loans; whether such persons will be supplied tractors as a special case or whether the said loans will be sanctioned and kept in abeyance till the tractors are supplied; and

(d) whether the rules, if any pertaining to this will be furnished?

Sri Ramachandra Rao Kalyani:—

Clauses (a), (b) and (c) Answer is placed on the Table of the House.

Clause (d) Government have not issued any rules in the matter.

**STATEMENT PLACED ON THE TABLE OF THE HOUSE**

(vide answer to L. A. Q. (Starred) No. 1145-M *157)

The higher horse power tractor, i.e., 50 H. P. (Rumania) was offered and delivered to agriculturists whoever came forward without observing any priority, as the tractor was new to the country and nobody came forward to purchase the same. Similarly, RS-C9 (20 H. P.) G. D. R. tractor was offered to all registrants and allotted to those who gave willingness, as the tractor is new to our country.

2. As against 4,635 registrants on 31-1-1970, 561 tractors were supplied upto 31-12-1969. The Government of India have been impressed on the need for the allotment of more tractors to this State in view of the development activities in Nagarjunasagar Project and Pochampad Project areas. The possibility of supplying tractors to the remaining registrants, therefore, depends on the allotment to be made to this State, by the Government of India.

3. The supply of tractors in the State is according to the district-wise priority maintained in the Andhra Pradesh State Agro Industries Corporation on the first-come-first served basis. As per the present procedure followed by the Corporation, the number of tractors allotted by the Government of India is divided by the number...
of the districts in the State equally. Keeping in view the huge demand for tractors in the Nagarjunasagar Project area, the Corporation has further divided Guntur and Nalgonda districts each into two districts for purpose of allotment of tractors.

4. Clause (c): Under the Bank's scheme of Agricultural Finance, it is possible for the State Bank of India to entertain loan applications from agriculturists for purchase of tractors from the Andhra Pradesh State Agro Industries Corporation and to disburse the loans sanctioned as soon as the tractors are delivered by the Corporation to the concerned borrowers. Up to the end of 31-1-1970, the State Bank of India sanctioned loans and disbursed to 26 applicants. Loans have been sanctioned to 6 but not disbursed as on that date, pending delivery of tractors by the Corporation. The Corporation, however, does not show any special preference to the persons who obtain loans from Commercial Banks.
Sri Ramachandra Rao Kalyani:— The R. S. 09 are the tractors which are under repair.

Sri B. Ratnasabhapathi:— Have they taken back the tractors which are out of order which are useless for the ryots now?

Sri K. Brahmananda Reddy:— Sir, it is still under correspondence with the Government of India. You know the tractors which were purchased from East Germany and supplied to the ryots have not been functioning well. Lots of repairs are required. Therefore, the Government of India also seem to have discussed this matter with those East German concerns, whoever they may be and they seem to have said that they are sending their Engineers, and other equipments etc., to repair those tractors and see that they are in order. Efforts are going on. We are also making representations to the Government of India that as these things are supplied to the farmers and they are not functioning properly. Naturally all the farmers are questioning us and asking for replacement or their money back, something like that. It is still under correspondence.

Almost all the Tractors are out of order and no one is functioning. That is the information as far as my knowledge goes. I stand for correction, Sir. So I request you to allow a detailed discussion on this. Let the Members have......
Mr. Speaker :— We will see, if time permits.

Sri B. Ratnasabhapathi :— If you want, I will give a notice under Rule 74.

Mr. Speaker :— I will consider.

d 1. Jeev. Ramaswamy (Dharmapuri):— Where is the total of Rs. 100 cr. for Rs. 1100 in the estimate? At what stage is the Musi Project? Is there any law in this connection? If so, which is the responsible authority?

2. S. Ramalingam :— If Rs. 1000 cr. is recused, can Rs. 1100 cr. be recused?

3. D. Narayana Reddy:— Will the Hon. Minister for Medium Irrigation and Flood Control be pleased to State:

(a) What is the proposed ayacut of land under Musi Project in Suryapet, Miryalaguda and Huzurnagar taluks; and

(b) Whether the Government is aware that water is not available in several canals in the above said taluks?

The Minister for Medium Irrigation (Sri R. Narapa Reddy) :—

(a) Suryapet Taluk ... 21,647 Acres.

Miryalaguda Taluk ... 10,421 Acres.

Huzurnagar Taluk ... Nu

(b) Yes Sir. Due to interception of catchment area, and also drought conditions, the contemplated yield is not available as a result of which the tail end areas could not have adequate supply of water.
Strengthening of canals, construction of pipe culverts and regulating arrangements are in progress. 108 canals and 39 pipe culverts have been completed so far. 4,000 additional sluice gates have been provided in existing canals. A total of 30 canals have been extended to 102 km, at a cost of Rs. 35,400 each.

EXCAVATION OF CANALS FOR AKERU RIVER

159—

896 (1450–U) Q.— Sri C. Janga Reddy :— Will the hon. Minister for Irrigation be pleased to state:
(a) whether it is a fact that canals have not been excavated after constructing Anicut over Akeru river, near Kommulavancha in Manukota taluk, Warangal District:
(b) if so, the reasons therefor;
(c) When the said anicut has been constructed; and
(d) the amount of expenditure incurred towards the construction of the said anicut?

The Minister for Minor Irrigation (Sri V. Purushotham Reddy) :
(a) Yes, Sir.
(b) The amount provided for the excavation of canals in the original estimate has gone up from Rs. 68,600/- to Rs. 4,23,300/-. The revised estimate has been prepared and it is pending with the Superintending Engineer P.W.D, Warangal Circle.
(c) The work on the anicut was completed in June, 1969, except for small concrete work to be attended to.
(d) Rs. 7,13,013–51 N.P.

Oral Answers to Questions

(a) the income derived by the Government during 1966-67, 1967-68, 1968-69 by Mahsoll auction of the Fish in Chembedu Peddachervu in Srikalahasti Taluk, Chittoor Dist.

(b) the objection for collecting the fish produce in the said tank through the department and derive more revenue thereby; and

(c) the number of fishseed supplied by the department to the said tank during the above three years and the amount of expenditure incurred therefor?

Minister for Fisheries (Sri S.R.A.S. Appalanaidu):

(a) Rs. 705/- for the three years at Rs. 235/- per year.

(b) If departmental fishing is conducted, the expenditure will be very heavy when compared to the receipts realised. As such, it is not economical to conduct departmental fishing in the tank.

(c) 5000 fish seed were supplied by the Department to the said tank and its cost, including transport charges, works out to Rs. 90-75 P.

re: alleged atrocities of Landlords of Benapuram.

Mr. Speaker:— There is an adjournment motion given notice of by Sri Ch. Rajeswararao and others which reads as follows:

"The serious situation arising from the atrocities of the landlords in Benapuram village in Khammam District resulting in murders and finally firing on 30-11-1970 at Benapuram village by the police.

Sri K. Brahmananda Reddy:— I would only submit that the Home Minister is not here. He is in the conference of the senior police officers. So, this may be taken up on Monday."
Mr. Speaker:— It is not admissible under Rule 63. I am admitting it under Rule 74.

BUSINESS OF THE HOUSE

Mr. Speaker:— I will consult about it.
Mr. Speaker:— I will examine.
Sri C. V. K. Rao:— Can I draw your attention to the fact that particularly in Chittoor Sub Jail the under trial prisoners were shot.

Mr. Speaker:—Sri Sivaiah has already given a notice. Sarvasri B. Narasimha Reddy, N. Raghava Reddy, R. Satyanarayana Raju, K. Eswara Reddy, Md. Rajab Ali, G. Sivaiah and Poola Subbaiah gave notice for an adjournment motion under rule 63 of the Andhra Pradesh Legislative Assembly Rules for the purpose of discussing a definite matter of urgent public importance, namely:

“Nominations date for filing nominations to Regatta village panchayat fixed was on 13-11-1970. Polling was on 24-11-1970. Candidates belonging to Communist Party of India (Marxist) and Communist Party of India filed their nominations on the day fixed for nominations. Immediately nominations were filed, a big contingent reserve police under the leadership of Circle Inspector, Nalgonda and three Sub-Inspectors rushed to the village Regatta and arrested the candidates, proposers and seconders belonging to CPI (M) and CPI and shifted them to District Jail, Nalgonda and they were released after the polling was over on 25-11-70. This was done with a view to defeat the said candidates in the Panchayat election and done at the instance of Chairman, Zilla Parishad, Nalgonda.

This is a grave matter threatening the vitals of democracy, causing serious doubts and apprehensions at the role oft he police.

Hence it is a matter of urgent public importance.”
Mr. Speaker:— Mr. Rajeswara Rao has given under Rule 74. I am admitting this also under Rule 74.

Mr. Speaker:— If I remember correct you gave the notice just now. I will go through the whole thing. We will consider on Monday.

Sri G. Sivaiah:— It has been reported in the press. They are not properly fed eversince they are arrested. They are not given decent food i.e., food permitted by the Jail authorities.

One was shot dead. Three are in dangerous condition. When Government shoot us, should we keep quiet?

Mr. Speaker:— It is one of the persons belonging to your constituency. That is why I will certainly consider it day after tomorrow.

Smt. J. Iswari Bai:— From the very beginning he is not here.

Dr. T. S. Murthy:— The working of the Directorate of Medical and Health Services is not quite satisfactory. There are also many complaints. But some how privilege motion is to be given. In what form should I give, Sir?

Mr. Speaker:— Please give notice and we will consider about it.

Sri K. Brahmananda Reddy:— There is ample opportunity during Budget Session.

Chief Minister may answer.
Dr. T. S. Murthi — Sir, the working of the Directorate of Health and Medical Services is absolutely deplorable. There are so many things which I want to bring to the notice of the House and there are issues of privilege also involved. Somehow I am reluctant to bring notices of privilege and I really do not know in what form to bring it.

Mr. Speaker: — Please give notice and I will consider.

Sri K. Brahmananda Reddy: — There will be ample opportunity during the budget session. (Cries of 'no', 'no')

Mr. Speaker: — I have asked Dr. Murthi to give notice.

Mr. Speaker: — The Business Advisory Committee is meeting on 7-12-1970.

Mr. Speaker: — I will see that it is called in 2 or 3 days.

Mr. Speaker :— The Revenue Minister is not in the House. You can raise it day after tomorrow when he is in the House.

Sri C.V.K. Rao :— I have given notice of privilege motion on the question of contempt being committed to the Estimates Committee, by the General Administration Department as well as by the Officer in charge of the Andhra Pradesh Guest House.

Mr. Speaker :— I have called for the explanation of the persons concerned. After getting the explanation of the persons concerned, let us see what is to be done in this matter.

Sri C.V.K. Rao :— Can we have it on Monday ?

Mr. Speaker :— The persons responsible are in Delhi and it may take 4 or 5 days or even a week. After getting the explanation of those persons, let us consider it.

Sri C.V.K. Rao :— Sir, according to Rule 177 of the Business Rules, the matter that is raised as a matter of privilege should be announced in the House and then the relevant information called from the Government.

Mr. Speaker :— The matter is not disposed of; it will come before the House; before it is taken in the House I want to get explanation of the persons concerned.

Sri C.V.K. Rao :— The session may close and then they may delay it.

Mr. Speaker :— I will see that it is disposed of quickly.

Sri V. Krishnamurthi Naidu :— Sir, I have got the statement to be placed on the table of the House. If you permit me, I will place it.

Mr. Speaker :— Yes.

(As reported by the Joint Select Committee)
This benefit cannot be extended to his successor in interest. This would show that the benefit is
given only to the person who is tenant at the time of the commencement of this Act. This benefit cannot be extended to his successor in interest. In this connection we have to take into consideration in Section 8 of the Inams Abolition Act. Section deals with...

A study of these cases shows that the Courts refuse to go into the merits of the issue brought before them on the ground that the lease deeds did not conform to the provisions of Section 10, even though it could be established there was a tenant-landlord relationship. The situation presents quite a contrast to that we notice in respect of cases filed by landlords. In all those cases, the courts invariably decided on the merits of the issue brought before them. The petitions filed by landlords were not in conformity with the provisions of Section 10. In view of this double standard of judgment applied, one cannot help inferring that the administrative machinery has been harsh towards the tenant. In fact, it is ironical that Section 10 which stipulates the period of lease and which was intended to benefit the tenant by conferring security of tenure on him should be quoted to dismiss the petitions filed by tenants. If there were any violations of Section 10, they should have been by the landlords and not by tenants, since a tenant in the normal course, if possible, would prefer to have a longer period of lease to a shorter one.

Smt. B. Jayaprada (Vinukonda) :— Mr. Speaker Sir, The Leader of the House while introducing this Bill said that the main intention was to give minimum security to the tenants. This minimum period of preemption was already guaranteed under 1956 Act. Except the resumption of land by landlord, except slight change under the Old Act immediately after the lease was completed after six years, the landlord was to exercise his option and resume the land without even a notice. But this access, except subject to Section 12 (a) has to be renewed and subject Section 12 (a) it can be resumed. Section 12 (a) only says about the mode of sale and all that. There is a particular anomaly when the landlord wants to sell his land, he should give chance to the tenant. But no whisper about the market rate was there. If the landlord says that he wants to sell it and says a particular rate, if the tenant is not going to purchase it, he can sell it. But I think, a reference could be made to the market price which would have been more just.

I would like to submit Mr. Speaker Sir that Section 6 of the Act is superfluous. The maximum rents are fixed. When such is the case, the special provision has been made for the fixation of fair rent. I think Section 6 is really superfluous and unnecessary.

Except Section 12 (a) there is nothing new in this Act to provide security of tenure or to protect the small ryots. But fundamentally I would like to bring to your notice that there is an anomaly in this Act. The old Act said that the tenancy could be expressed or implied. But as per the Indian Registration Act, all leases are to be reduced to writing and registered. This has given scope for further litigation. I just appeal to the Government through you Sir, that they would examine this aspect of the Act. Of course, 12 (a) would give equal protection to small ryots also and that is a laudable feature of course. Once again I would appeal to the Government through you Mr. Speaker Sir that the Government would examine fundamental anomaly which is created—I am afraid it would create new litigation. Thank you, Sir.

I therefore say that this will be only for the benefit of encouraging litigation, advocates and touts, and also for earning court fee. If the Government really want to get rid of some elements of society, the only way by which you can do is to take into consideration all aspects of the problem by taking a bird’s eye view of things and the possible impact on the public instead of degeneration.

The following is a summary of the provisions of the bill:

1. The bill aims to amend the existing tenancy laws to provide better protection for tenants.
2. It introduces provisions for the extension of tenancy rights, including security of tenure.
3. The bill also seeks to provide for the rehabilitation of tenants displaced due to development projects.
4. It includes provisions for the establishment of tenancy councils to resolve disputes.

The bill was introduced in the assembly and is expected to be passed soon.

Sri T. V. Raghavulu (Gopalapuram);—Sir, While I rise to support the Bill before us, I would like to make certain observations. At the outset, I would like to submit that this is a step in the right direction. Not only that, it is a forward step also. This can be seen from the very fact that the tenant under this Bill, if it is passed into law, is going to get, instead of 50 per cent, 70%. That is an improvement, certainly a very big improvement in the direction of improving the lot of the tenant. I do not think there are any two opinions a
The A. P. (Andhra Area) Tenancy (Amendment) Bill, 1970 (As reported by the Joint Select Committee)

regards the improving the lot of the tenant. No doubt, the tenant is the man behind the plough and whatever be the party to which we belong either on this side of the House or on that side of the House, everybody is agreed upon one thing, namely, that the actual tiller of the land, the man behind the plough, should not be allowed to be exploited by middlemen, and it is only to achieve that objective that we have been thinking of and also making certain legislation ever since we won our Independence. This is, as a matter of fact, an amendment to the Principal Act of 1956. This is only to better the status of the tenant and it has enhanced his share by another 20 per cent. That is an improvement.

It is true some of the members, Mr. Rajeswara Rao especially, have indulged in a very very extravagant language. He has tried to heckle the so-called socialist mottos of the ruling Congress here. But I would like to submit one thing and I would like to make an appeal to Mr. Rajeshwara Rao to think of the realistic situation now obtaining in the country. We cannot get away from certain facts regarding the relationship between the tenant and the land-owner. I am told that 163 million people living in rural India are depending on land of 163 million acres. That is, it works out to one acre per capita. That is a fact we cannot get away from. When we admit this, we can automatically say that there is so much pressure on land. When we say there is so much land hunger, how are we to improve the condition or the fate of the tiller. That is the question. It is no good providing for all kinds of amenities for the tenant. Simply because you provide for them, it does not appear that he is going to benefit by them. We must be in a position to implement them. The actual tenant must be in a position to take advantage of the provision we make here. Unfortunately, we know the fate of several things. It is very easy for us to place on the Statute Book any law. We have prescribed that when one lends money he should not charge more than 0.84 per month per hundred rupees. Are we going to get money at that rate? No. Several pronotes are there, and when we borrow actually we are obliged to put as capital something more than we actually borrow only to cover the difference in the rate of interest. So also when we are in a hurry; when we are anxious to help the tenant, unfortunately, he is too big to be helped. He must help himself. Supposing I have 5 acres of land and I want to place it at the disposal of somebody to till it. When ten people compete amongst themselves, when there is so much competition among the tenants themselves, when there is very little land to be spared and when there is no surplus land, how are we going to help the tenant? Whatever be the legislation that we make here, he will not be able to assert himself and take advantage of that position in law. That is the thing. That is the actual thing. That is the realistic situation obtaining in our villages. Unfortunately we cannot afford to be blind to that. It is no good saying that we should go forward and things like that. It is true, we will have to go
forward; but at the same time we should go cautiously; we should be
careful enough when we go forward.

I am glad some friends have also taken objection to the
exemption of temple lands from the operation of this Bill. But
I would like to oppose it also. As a matter of fact, temple is a
social institution. Whether people have regard for God, whether
they have faith in God, that is a different thing. But we cannot
dispute that this is a social institution, and when lands are attached
to temples and are meant for tenants running the temples, how are
we not justified in exempting them from the operation of this kind of
legislation? I am always in favour of exemption to lands of temples.
There may be corrupt practices here and there, but that is on reason
why we should simply place these lands under the fetters of this
legislation. So, I am always for and am always favourably inclined
to give exemptions to temple lands.

Another thing is, in the case of minors, in the case of widows
and in the case of handicapped people certain exemptions are
pleaded for. It is a very good thing, and it is worthwhile giving such
exemptions, but even there some friends have gone to the extent of
saying "supposing there is a poor widow and she has 4 or 5 acres of
lands; why should this apply to that land also; why should she not
be given a favourable relationship with the tenant?" That is the kind
of plea urged on behalf of a poor widow. It is true it can easily be
provided for. But how are we going to make that distinction? How
are we going to enforce it and implement? So, when we think of
social legislation, especially legislation of this kind, we will have to
be very cautious.

I am glad that this is a very balanced legislation. It is not
fair to take an extreme attitude either in favour of the landlord or in
favour of the tenant. This is a balanced way of looking at things.
We have to see that the relationship between the landlord and the
tenant should not be strained. We should also see that this land
legislation is not allowed to have any kind of adverse effect on food
production. That is the second aspect. And the third, more impor-
tant than anything else is, we have to see that social justice is also
kept in view. I am very happy to say that this is a step in the right
direction and we are going, though at a slow pace, in a steady manner.
