A recurring expenditure of Rs. 10,000 and a non-recurring expenditure of Rs. 2,000 was sanctioned. But, I feel that unless that sub-jail is repaired and made completely fit, the other things may not be useful.

Sri K. Brahmananda Reddy:—The point is, the sub-jail there has got to be repaired. Anyway, sir, if it is done already, it is all right; if it is not done, that will be done.

(b) Whether it is a fact that the new Ongole District is partly covered by the scheme and partly not covered. If so, the reasons therefor; and

(c) Whether the Government would expedite the introduction of the scheme of all the remaining Districts, if so, when?

Sri K. Brahmananda Reddy:

(a) The scheme of establishing Munsif Magistrate's Courts for each taluk has not been completed in the entire Andhra region, as there are three districts in which the scheme is yet to be introduced viz., Chittoor, Cuddapah and Guntur Districts.

(b) It is a fact that the New Ongole District is partly covered by the Scheme and partly not covered. It is so because the New District has been formed by carving out parts of Guntur District which is not re-organised and parts of Kurnool and Nellore Districts which have been re-organised in 1966.

(c) As regards the question of extension of the scheme to the remaining three Districts, the Government have asked the High Court to send proposals under Part II Scheme of 1970.
The Special officer was asked to go into the working of the scheme on 30th November. The Special Officer has reported that if the scheme is to work properly, extra funds and more number of posts should be sanctioned.

We have given, as I said, Rs. 25 lakhs of revolving fund which is very much appreciated, I am told, by the tribais. It should be our effort to increase the amount in the coming years.

Rs. 50 lakhs this year is a sufficiently good amount. As it picks up and as things become available, certainly it will be our effort, as I said, more money through our agency and through the agencies like the one I mentioned; and small loans at any rate to these people would go a long way.

The minister, for Municipal Administration (Sri N. Chenchurama Naidu):—

(a) No Sir.

Sri G. Sivayya:— It may not be possible to include Chandragiri in the Tirupathi Municipality because there is the University Campus in between the two. But there is the possibility of including Renigunta in Tirupathi Municipality.

Sri Mohd. Ibrahim Ali Ansari:—There is a proposal before the Government to construct a 20 bed Hospital. The site is being selected. Immediately this is done we shall see what has to be done.

Sri Mohd. Ibrahim Ali Ansari:—That is a separate question.

Q. Sir, the Collector of West Godavari has defined in 1969 broken rice at 49% full rice and 51% broken.

Sri A. Sanjeeva Reddy:— "In a bag or consignment?

Q. Sir, the Collector of West Godavari has defined in 1969 broken rice at 49% full rice and 51% broken.

Sri A. Sanjeeva Reddy:— "In a bag or consignment?"
Sri N. Ramachandra Reddy:—Sir, he has referred to Mr. V.B. Raju's name. It is an objectionable matter; whomsoever the Minister may be he should own the responsibility. He should not have mentioned the previous Minister's name and said that during the period of Mr. V. B. Raju, something has happened.

Mr. Speaker:—He did not make any reflection. What he said was that at the time of Mr. V. B. Raju, it happened.

Sri N. Ramachandra Reddy:—It is not pertinent.

Mr. Speaker:—After all he has not made any reflection or any such thing. He could have said the previous Revenue Minister.

(b) Does not arise.

(c) There is no such proposal to issue camphor permits to Cooperative Institutions in future. Further, as per import policy, the import of camphor was banned during the year 1968-69 and there is no change in the policy even now.
Oral Answers to Questions 7th December, 1970

(a) I want to know whether he would be prepared to get it correctly and place it to-morrow. Obviously it is not the correct information which he has possessed. The latest position is about 20 or 15 days back, we have come to know that the camphor licence has been issued for imported and also for distribution of indigenous camphor.

Sri P. Subbaiah:— Actually who is the distributing authority now?

What is the distributing agency? What is the proper authority now?

(a) There is no distributing authority. Even indigeneous camphor also is not distributed by the department. Neither the department nor the Government.

Who is the competent officer?

Mr. Speaker:— Please try to understand the question put by Mr. Subbaiah. What he said was Camphor Production might be appointing their own people. Try to make it clear.

(a) Mr. Speaker:— Camphor Production might be appointing their own people. Try to make it clear.
Mr. Speaker:— Please try to get further information to provide full information to the member.

Sri G. C. Venkanna:— It is not a separate question, Sir.

Sri N. Ramachandra Reddy:— It is not a separate question. It is an allied question because, previously the Director of Industries was distributing. Unnecessarily the Minister is avoiding the answer.

Mr. Speaker:— Anyhow I have asked him to get the full information to furnish to the House.

BUSINESS OF THE HOUSE

Mr. Speaker:—Sri G. Sivayya and another Member have given notice of an adjournment motion which reads as follows:

"Out of 9 under-trial political prisoners in the sub-jail, Chittoor, one by name Narayana Reddi was shot dead and others were seriously injured out of whom three are in a dangerous condition due to police firing inside the jail 1-12-1970. The situation is serious."

Sri G. Sivayya:—About nine persons who have been alleged to be naxalite communists were arrested about 1½ years back. They have been kept in Chittoor sub-jail. I have visited the jail and had also a talk with the officials. I also met the prisoners at Kachigati court; they have complained that they are not given even ordinary food that such prisoners are allowed under the rules. One peculiarity of the jail is that the District Medical Officer is in charge of the jail whereas in other jails the Magistrate will be in charge. I was told that the D.M.O. is not at all visiting the sub-jail. Therefore, they are ill-treated by not giving good food and various other things. For your information, Sir, I met many of my friends who returned from the jail; they just told me, 'there is a kambali. "Room me, room me, rascal.'' That was the complaint and the jail is in a horrible condition. For the last one year, these prisoners have been asking for better food that should be given according to the rules. They were not given good food and as a result they refused to take food. "You are trying to kill us inside the jail."

Mr. Speaker:—According to you the police firing was unjustified.

Sri G. Siviah:—I am urging two things, Sir, why my adjournment motion should not be admitted.

Slow death. ట్రెనులని తెలిపాయి. On that they refused food. When they refused, the police beat them and they refused to enter the cells; immediately the police fired and one man was shot dead. My submission is, in the composite Hyderabad State or Andhra or Andhra Pradesh, no man was shot dead inside the jail.

Mr. Speaker:—Another notice by some other Members was given under Rule 74, I think by Sri Satyanarayana Raju and others. I have already admitted it under Rule 74. I am clubbing this with the other one and you can have your say again. (To the Home Minister) When can I call this? 10th December will be all right?

Sri J. Vengal Rao:—Yes.

Mr. Speaker:— This is admitted under Rule 74, I will call this on 10th December, 1970.

Sri C. V. K. Rao:—Sir, regarding the point...

Mr. Speaker:—You gave notice exactly at 8.59 a.m. when I was entering the House. According to the rules, you have to give it at least one hour before the hour of the business for the day. Whatever it may be, I will call it tomorrow.

Sri C. V. K. Rao:—I would like to bring to your notice another point.

Mr. Speaker:—Tomorrow you can raise it.

Sri C. V. K. Rao:—I would like to say something regarding questions, Sir. Under Rule 46, 'members shall give notice of their questions starred or unstarred, 28 days before the day or date on which they want the answer.' We have given notice of questions months back and we also received intimation that certain questions are admitted. I am only placing before you that questions admitted, within 5 days of the receipt of notice of questions in the Assembly Office it shall be admitted and shall be forwarded to the Government and the answers obtained from the Government within 21 days thereafter.' On this point, I have brought to your notice last August and you said you will enquire into the matter. From then on, a number of questions have been pending, and the Government is totally indifferent to giving answer. You know, Sir, this morning Mr. Thimma Reddi, Minister for Revenue, has not come with the answer. When answers ought to be given in time, what is the point in giving the answer after the importance of the question is over.

Mr. Speaker:—I will see that all the questions which have been admitted are answered before this Session concludes.

Sri C. V. K. Rao:—Thank you for the assurance. Sir.

Sir, the Education Minister is returning tomorrow or the day after. They can put a short notice question or any question. We will request the Education Minister to answer.

Mr. Chairman:— Let the Education Minister come and he will make a statement.

Several Members rose—

Mr. Chairman:— I will call one by one.

Sri K. Brahmananda Reddy:— There is no need, Sir. Now that you have ordered that the Education Minister after he comes will make a detailed statement, there is no need for any further question.

Mr. Chairman:— Regarding the salaries of teachers in Municipalities, the Education Minister will make a detailed statement. Therefore, there is no need for further discussion or any clarification.
Mr. Chairman:— They will take into consideration all these things and they will make a statement after the return of the Education Minister, Sri P. V. Narasimha Rao.

Sri K. Brahmananda Reddy:— Next week.

Sri C. V. Rao:— I want to raise one important thing, concerning every one of us. Sri Tirumala Rao, M.P. died. Or he comes from the same town as myself and whether I agree with his polticies or not is a different matter. But we all originally fought together against the Britishers. It is therefore fit and proper that the Chief Minister should move a condolence resolution here. In the Parliament, a condolence motion was moved, and it was adjourned also as a mark of respect for the departed leader.

Sri C. V. Rao:— That is not what I said.

Sri K. Brahmananda Reddy:— Please listen.

Sri C. V. Rao:— Please do not make any comparisions.

Sri K. Brahmananda Reddy:— I am not going to answer, if there be such interruption. Let me say what I want to say.

Sri C. V. K. Rao:— On this point, if the Government is not prepared, I consider about myself moving that motion, because he comes from my town. The Deputy Speaker has assured me.

Mr. Chairman:— That is not desirable. Listen to what the Chief Minister says. What is his point of view, let us know. If there is anything you want to say thereafter, you can do it. But going on interrupting the Chief Minister, the Leader of the House, is not desirable.

Sri C. V. K. Rao:— What I am bringing to your notice is that the Deputy Speaker has assured me. My request is that the point may be clarified.

re: Revision of House Taxes by several Municipalities.

Minister for Municipal Administration (Sri N. Chenthurama Naidu):

The revision of taxes has been taken up under the provisions of the Andhra Pradesh Municipalities Act 1965 by adopting capital value method for owner-occupied buildings and the rental value method on the buildings let out on rent. So far, in the following Municipalities, the revision of taxes has been completed and the revised taxes have come into effect from 1-10-1970:

- Markapur
- Jangaon
- Samalkot
- Kagaznagar
- Vijayawada

Valuation work in other municipalities is in progress.

In Vijayawada Municipality after service of special notices, 14 rate-payers have filed a writ in writ petition No. 4994 of 1970 in the High Court of Andhra Pradesh questioning the validity of the issue of direction by Government. Under Section 86 of the Andhra Pradesh Municipalities Act of 1965, Government in this order No. MS. 711 MA dated 31-8-70 have fixed rates for the levy of tax both on capital value and rental value basis for adoption by the Vijayawada Municipality. The Municipal Council having failed to adopt such rates for the levy of tax, the Valuation Officers adopted the said basis. The Andhra Pradesh High Court have ordered that "all further proceedings on the basis of or in pursuance of G. O. Ms. 711 MA dated 31-8-70 including the revision of property tax be and is hereby stayed in so far as the petitioners are concerned pending further orders on this petition." Subsequently, Government ordered to stop the entire revision work at Vijayawada Municipality and issued directions to the Director of Municipal Administration to review the position and submit a detailed report. By the time the order was received, the revision work was already completed and in response to the special notices issued under Rule 10 (1) of Schedule 2 of the Andhra Pradesh Municipalities Act, 1965, the tax payers filed 18,000 revision petitions. The following is a comparative statement of
figures showing the total number of revision petitions received by the special notices:

At present, the owner-occupied buildings are being assessed on capital value basis. For arriving at the capital value of the buildings, rates for each square meter for different types of structures built of different materials have been fixed by Government in G. O. Ms. 677 MA dated 33-8-69. Based on the above rates, the present cost of each structure is being arrived at by Valuation Officer. Taking the age of the building into consideration, depreciation has been allowed on the gross capital value arrived at towards wear and tear and also extensions and repairs to the buildings as prescribed in the above G. O. Then on the net capital cost of the building the tax has been fixed as per the percentage of rates adopted by the Municipality. So far as depreciation is concerned, most of the municipalities have adopted the maximum rates in depreciation.

Owner-occupied buildings hither to have been assessed on the basis of the hypothetical rent born on similar types let out under the provisions of the repealed Andhra Pradesh (Andhra Area) District Municipalities Act 1920 and the Andhra Pradesh (Telangana Area) District Municipalities Act 1956. The taxes on the above buildings have not been reviewed for the last seven years unless there were additions or improvements to them. The demand fixed by the Valuation Officers in the above towns is only a tentative one. The rate-payers who have been effected by the increase can move the valuation officers under Rule 10 (1) of the Rules issued in Schedule 2 of the Andhra Pradesh Municipalities Act 1965 within a period of 30 days from the date of receipt of special notices. They can explain any improprieties while arriving at the capital cost or rental value and get their grievances redressed. The Valuation Officers are required to dispose of revision petitions after giving due opportunity to the petitions. Final demand will be arrived at after the revision petitions are disposed of.

So far no revision petitions have been received from the rate-payers of Kagaznagar and Jangaon Municipal Councils about the hardships experienced by them due to the revision.

Under the Andhra Pradesh Municipalities Act 1965 exemption limit has been increased from Rs. 18 to Rs. 36 in the case of rental values and Rs. 401 in the case of capital value to avoid any hardships to low-class dwellers, i.e., hut dwellers, and the Council is competent to exempt such cases under Section 88 (5) of...

the Andhra Pradesh Municipalities Act 1965. In pursuance of the provisions of Section 88 (5) of the Act, most of the Municipal Councils have already passed resolutions adopting the minimum limit of exemptions. However, the whole matter regarding the shop practices and inequalities pointed out as in the case of Vijayawada Municipality is being examined by the Government in consultation with the Director of Municipal Administration.

Mr. Chairman:— That is not a matter to be raised here. This is more or less a supplementary. I do not allow. Sri Vavilala Gopalakrishnayya.

Mr. Chairman:— The crucial point here is whether the property tax has to be levied on capital value or on rental value?

Mr. Chairman:— Supreme Court also rejected this. In view of this judgment, they will take all these aspects into consideration and come to the conclusion.

Mr. Chairman:— Public representations are there. Supreme Court judgment is there. By taking into consideration of all those things they will come to the conclusion.

Mr. Chairman:— No man in this country or in the world will receive imposition of taxes. That is not a question here. It is irrelevant.

Smt. B. Sarojini Pulla Reddy:— It must be answered. We have absolutely no idea about it. It is a pertinent question Sir.

Mr. Chairman:— You cannot raise all these questions after the Minister made the statement.

Sri G. Sivaiah:— Point of order Sir. Many members are raising many questions for which the Minister is not answering. We expect answers from the Minister. Will the Minister answer? For every question we raise you are giving an answer for us. I want the Minister to give us the answer.

Mr. Chairman:— There is no point of order as such in that. He has read out his statement. He has already stated what he wants to say. Probably you might not have listened to him.

Mr. Chairman:— As per the present Act, they have imposed certain taxes. That is an Act passed by the Legislative Assembly and

Mr. Chairman:—It is a matter for detailed discussion on
detailed representation to the Government. You represent to the

my opinion.

Sri Poola Subbiah:—It is not natural.

Mr. Chairman:—In a matter like this, Mr. Subbiah, I have
given the largest number of opportunities to every one. It is an
important matter relating to the cities. There is no question of putt-
ing questions and supplementaries like this in a Call Attention
Motion.

Smt. Sarojini Pulla Reddy (Malakpet):—Sir, this is a common
man’s problem. This is not the first time this matter has been repre-
sented to the Hon. Minister. This has been represented to him ump-
teen times. He does not really make much sense when he says things,
you know. It is strange that for Rs. 10 they are levying Rs. 100 and
more. We are unable to understand the basis for this. A common
man’s difficulty, if you cannot understand, it will be a sad day
for democracy.
The Retrenchment notice served on 8000 Employees of the Andhra Pradesh State Electricity Board.

Sri V. Krishnamurthi Naidu:— Sir, the N.M.R. workers are engaged locally for certain construction and other works. The total number of NMR workers on the rolls of the Andhra Pradesh Electricity Board is about 17,000 as on August, 1970. The object of engaging them is to utilise these workers for a temporary period during the construction phase and then dispense with their services when the work is completed. This is regular feature in regard to the employment of NMR. However, it was so happened that due to continued expansion activities undertaken from the last two to three years some of them the NMR workers have been continuously employed for two years and above. During the current year the works programme has been reduced commensurate with the budget provision. Therefore, the employees of the Nominal Muster Rolls and a few work-charged workers connected with these works had to be dispensed with. In the whole of Andhra Pradesh NMRs totalling about 4,300 have been retrenched and not 8,000. These NMRs comprise mainly of unskilled

workers and large majority of them only of less then a year service. The Provision of I. D. Act in regard to the notice of Payment of compensation wherever due have been scrupulously followed. The principle of last come and first go, was adhered, while retrenching those employees. On a suggestion from the recognised Union - APU operating in Andhra Area and after discussions with the representatives of the Union instructions have been issued, as a trial measure that in the first instance NMR workers with less than a year of service to their careers may be retrenched and other workers with more than a year of service should be given staggered work-load so that the workers with more than one year of service can be allowed and would be given employment for the number of days the work is available. Instructions have also been issued to the field staff as and when fresh recruitment is resorted to, the retrenched employees should be given the first preference. While the Board regrets any hardship caused to the workers, the retrenchment has become inevitable.

Mr. Chairman:— I will find out.
re : Failure of the Government to provide required funds for Scholarships to Backward Classes.

Mr. Chairman :— The entire matter has been communicated to the Chief Minister.

The Commission has recommended that a separate Directorate of Backward Classes with a
senior officer as the Head of the Department should be created to take care of the problems of Backward Classes. The Government considered that for the present it is enough to appoint an officer of the cadre of Joint Director in the Directorate of Social Welfare to be in charge of the work relating to the backward classes. A special cell will be created in the General Administration Department to deal with the matters relating to the backward classes. Half yearly reports for the backward classes will be sent to the A. P. Regional Committee. Orders in this regard will issue separately from General Administration Department.

138. Reservation of seats in educational institutions alone will not solve the problem of educational backwardness. Many bright students of the backward classes are not able to prosecute higher studies on account of poverty. To enable the poor students of backward classes to study various branches of higher education, it is necessary to give them educational aids in the form of scholarships, freeripships, etc. Schemes of scholarships and stipends for the poorer
sections of the backward classes have been in force in this State for a long time. When the backward classes list was in existence the following types of educational aids were granted by the State Government for the backward classes pupils whose parents, income did not exceed Rs. 3,600 per annum."

"149. The parents' income limit for Rs. 3,600 per annum entitling a backward classes student to get the scholarship, was fixed long back when the caste criteria was in force. In the present living conditions where the cost of all commodities including books, stationery, etc. has gone up it will not be possible for a parent or a guardian getting an annual income of Rs. 3,600 to give higher education to his children or his ward. We, therefore, suggest that candidates whose annual family income is below Rs. 4,800 per annum may be made eligible for award of scholarships at least for graduate and post-graduate courses and also grants to meet the hostel charges and cost of books. In the case of candidates whose annual family income is between Rs. 4,800 and Rs. 6,000 the concessions may be limited to only scholarships for graduate and post-graduate courses as indicated in the table below."
Mr. Chairman:— After the statement of the Chief Minister, we shall consider.

Therefore, the Government till now have not accepted that portion of the recommendation of the Backward Classes Commission. They are examining it.
re: Failure of the Government to provide required funds for Scholarships to Backward Classes.

Sri K. Brahmananda Reddy:— "This department has suggested that the remaining balance of Rs. 21.0 lakhs may be allocated exclusively for sanction of scholarships for the socially and educationally backward classes during the current year."

Sri G. Lachanna:— Pending final orders, will the Chief Minister be good enough to direct the department not to release a pie to other backward classes? Can I take that assurance?

Sri K. Brahmananda Reddy:— I will certainly consider that assurance. So far as this matter is concerned, certainly in the course of one or two days I will consider and issue necessary orders.

Sri K. Brahmananda Reddy:— Courage and bravery is something but fool-hardiness.......

Sri G. Latchanna:— That itself is a documentary evidence.

Sri K. Brahmananda Reddy:— I cannot say just now, Sir, what the provision for this in the next year 1971-72 will be.
Sri K. Narayana :- The Chief Minister can at least give the basis.

Sri K. Brahmananda Reddy :- Certainly, the basis for distribution will be what is accepted so far as the Backward Classes Commission Report is concerned. That is all right. The trouble has arisen because this G. O. has come after the middle of the year. Otherwise this trouble would not have come. I do not know whether the Government will be able to set aside some amount for this and probably find some other amount for Other Backward Classes. That is a different matter and that is Government's discretion. Today, I can tell you, this confusion has arisen because the G. O. has come six months after the year has begun.

So far as the appointment of Joint Director is concerned, it is also Government's intention to appoint one. But we feel that this is not just the time. I do not want to go into the question whether Mr. Sreeramulu is a Backward Classes man or not. But the point is, a post has to be created; whether it is to be manned by somebody, that also we will consider after knowing what the impact is. Whatever be the provision we are able to make, there must be some utility and justification for the post. For that reason, we in fact want to know how much impact it has created and how much money it is going to cost, how it is going and all that. We felt that at this time it is just too early. Probably during the course of the next budget year, we may consider it.

Sri K. Brahmananda Reddy :- I cannot just now say, Sir. But so far as the distribution of Rs. 21 lakhs is concerned, if a portion of it has not been spent, whether it should be reserved only exclusively for the socially educationally backward classes recommended by the Commission, I will certainly consider.
re : Failure of the Government to provide required funds for Scholarships to Backward Classes.

Sri K. Brahmananda Reddy :— A Joint Director will be necessary. ‘When’ is the question. Is it the opportune time or some time later after this begins functioning and we make some assessment is the only question.

Sri C. V. K. Rao :— Mr. Chairman, Sir, it is good that the Government has accepted the Backward Classes Commission Report and the Government deserves congratulations. At the same time, let the Government not adopt step-motherly attitude in its implementation. That is my point.

Now, as regards the sum of Rs. 66 lakhs that has been provided for the current year, Rs. 45 lakhs has been spent. I am not questioning that. But the Government should have had the necessary foresight into the matter in view of the fact that in 1966 itself the Backward Classes Commission had been appointed and the Commission was coming up with a Report and later the Report was also placed before the House and was approved. As such, the Government should have had some foresight to see that enough funds were made available. So, what I am requesting the Chief Minister in this matter is, let him see that enough funds are put at the disposal for scholarships and other things. For this, a separate Director is necessary; a Joint Director is necessary.

Mr. Chairman :— Again, you are repeating what Mr. Lachanna has said.

Sri C. V. K. Rao :— If every Speaker goes on trying to control us this way, where do we stand?

Mr. Chairman :— The matter has come up as a call attention motion.

Sri C. V. K. Rao :— We can't be at the mercy of the Speaker like this.

So, there is no definite rule or rhyme. If there is, I can understand. Therefore, what I am requesting the Chief Minister is, let him place before the House under the provisions of this G. O.
what are the amenities that are created, what are the amenities that are to be created and when they would be created.

Sri N. Ramachandra Reddy:— In addition to the material benefits, the question whether proper implementation is being done or not, will create a psychological confidence also. If a special Joint Director is created for the post as early as possible, without waiting for the financial year, it will not only result in material benefit but create psychological confidence also.

Sri K. S. Narayana:— In the present it is enough to appoint an officer of the cadre of Joint Director in the Directorate of Social Welfare to be in charge of the work relating to backward classes.

They are trying to go back on their own decision. It is not proper.

Sri K. Brahmananda Reddy:— Certainly not. The post is not reserved for any backward classes.

Sri K. S. Narayana:— I do know.

Sri K. Brahmananda Reddy:— The post is reserved as a Joint Director. He may be an IAS man or somebody. I cannot say.

Sri K. S. Narayana:— The post is not reserved as a Joint Director. It is not proper.
Sri K. Mr. Chairman:— Sri P. V. G. Raju will speak. Only ten minutes

Sri K. Brahmananda Reddy:— When should I reply?

Mr. Chairman:— There are yet many more members to speak.

Sri K. Brahmananda Reddy:— 7th is the last day for completing the Bill. It was agreed that on 7th we should complete the Bill,—second and third readings.

Sri B. Ratna Sabhapathi:— A number of members have yet to speak on the Bill. This is the only occasion for member to express their Views. On an important bill like this, we must be given an opportunity to speak.

Sri K. Brahmananda Reddy:— We have got about 67 amendments. Those also must be disposed of.

Sri B. Ratnasabhapathi:—We have lost one day due to election of the Speaker. That you must take into account.

Sri K. Brahmananda Reddy:—At least general discussion must be over and a portion of the clause by clause reading also must be over today. Otherwise, it would be very difficult while discussing clause-wise, you will have opportunity again.

Sri B. Ratnasabhapathi:—At this stage, we cannot have a general discussion.

Sri K. Brahmananda Reddy:—It is on by 11.30 A.M. now. We can go on till about 12-15 or 12.20. Then I can give my reply. I will take about 20 minutes for my reply. Then we can start second reading of the Bill, and tomorrow we can complete it.

Sri B. Ratnasabhapathi:—You can give your reply tomorrow, and today let us continue general discussion only.

Sri G. Sivayya:—The whole of tomorrow must be allotted for general discussion, sir. We have a lot to discuss on this Tenancy Bill. If necessary, we need to extend by another two days more. This Bill may go up till 9th. This is a very important Bill affecting lakhs of people.

Sri K. Brahmananda Reddy:—When did my friend realise that it affects lakhs of people? My submission to you is this: Today my reply also may be finished and let us take up a few amendments also. Tomorrow, the Vice-President is coming and the whole of tomorrow I will be busy. That is why I submit that my reply may be finished today.

Mr. Chairman:—Let the discussion commence. We shall see later on. Tomorrow, as the Leader of the House says, the Vice-President is coming and it may not be possible for him. The Business Advisory Committee is meeting now (at 11.00 A.M.) and it can take a decision on this. Now let us proceed with the general discussion.

Sri P. V. G. Raju:—Now that the time given to me is limited, I shall speak in a short manner. About the Tenancy Bill before us, I think friends in the House know my views. I feel that we should have land holdings throughout the State. I feel that the maximum land holding should be within 5 to 10 acres. To implement this, the Government should take action.

How should Government take action is the question? There are two methods: one is to pass a law and divide the land. This requires payment of compensation to those who own land above 5 to 10 acres. The other is to start a co-operative under Government supervision. This method can be so implemented that the co-operative law should be enforced. All people owning above 10 acres will be given option whether they will have co-operatives or accept compensation. If they join the co-operative they can hold a larger holding than 10 acres. Persons holding 10 or 15 acres may join the co-operative, and as to how many can form a co-operative

...can be fixed, and the nationalised Banks can be asked to give them the necessary assistance. All the views, I have already circulated to the members of the House, and, therefore, I am only repeating what I have already communicated to members of the House about a month back. I feel there is one disadvantage which is coming in the way. As you may know, there are what are called benami transactions. We passed an Act laying down the minimum holding. But people owning land above the minimum holding have entered into benami transactions by writing the names of others who are supposed to own land and thus transgressed the provisions of the Act. By entering into such benami transactions, what they expected was that later on after some years they could approach the Revenue court or other courts and have the transactions reversed. Therefore, I feel that when the Government passes the new Act it should be so done that a clause is inserted in the Act to the effect that any transaction done earlier than this Act will not be valid and that therefore the owner under the Act will be the final owner of the land irrespective of whatever transactions had been entered into earlier than the passing of the present Act. In this way, all the benami transactions could be struck off by the Government. I think this is very important because as far as my information goes, the Government Order with regard to minimum holdings is not implemented because people who own more land than the minimum holding transfer the land to the relatives or friends. I do not think it is invalid or improper for a father to transfer his land to his son, but illegal transfers should be eschewed by the Government.

I have been given only 10 minutes and I would like to say one thing which all of us as Hindus should realise. Gautama Buddha when he gave the sermon in 600 B.C. spoke of what he called collective activity. As a matter of fact, it is through that collective activity that progress can take place and, therefore, Gautama Buddha was of the view that not only the individual should achieve Moksham but collectively we should achieve Moksham. What I feel is India can progress only if there is a collective approach to tenancy legislation and unless we have co-operative farming and collectivity in agriculture I feel there can be no progress for the agricultural community. With these few words I take leave.
Andhra Pradesh (Andhra Area) Tenancy (Amendment) Bill, 1970
(As reported by the Select Committee)

There is no question of complete expiry of the lease as long as the tenant pays the regular rent. The same tenant continues for ever as long as he continues payment of rent.

The State Government is not in a position to give the minimum basic wage. Why should they disturb people owning 1/2 acre, 1 acre or 2 acres who are depending not only on their salaries but also on the produce from the land. For this purpose, we have exempted certain landholders. We have provided safeguards for widows and handicapped people who are not in a position to personally cultivate or resume. It is made good legislation.

Sri C.V.K. Rao :— One point of order Sir. I would like to know which Minister is now following this debate. That may be answered. The Chief Minister piloted this thing. At one stage, Mr. Vijaya Bhaskara Reddy, Minister for Finance piloted and Mr. Bhagavantha Rao is supposed to be the care-taker of this thing. Now who is the Minister whether Mr. Bhagavantha Rao, that is still in-charge of this thing, or some other?

Sri K. Vijaya Bhaskara Reddi :— All the points raised by the members will be recorded and they are going to be looked into.

Mr. Deputy Speaker : He wants to know who is the Minister who is recording these. The other day Mr. Bhagavantha Rao was recording the points. To-day he wants to know who is the particular Minister who is recording all these points.

Sri K. Vijaya Bhaskara Reddi :— Sir, we are all aware and we know that Hon. Members' points should be seriously considered and they are all being noted.

Sri C.V.K. Rao :— Supposing one member takes care of this business on behalf of the absentee Minister. Should he continue all through? or should he again delegate? Delegation of a delegation.

Sri K. Vijaya Bhaskara Reddi :— There is no harm.

Mr. Deputy Speaker :— One Minister has to be in charge of the subject.

Sri C.V.K. Rao :— Why should the Minister be so irresponsible, Sir. There must be some responsibility.

Sri K. Vijaya Bhaskara Reddi: It is enough that the members opinions are recorded. How we do is our responsibility.

Sri C.V.K. Rao:— It is not the challenge of the Minister? Would any minister state in the House what I do is my own responsibility and has nothing to do with the Chair?” You are here to guide the entire thing.

Mr. Deputy Speaker:— He has suggested to you that any one of the Ministers could record the points which are being discussed. That is what he says.

Sri C.V.K. Rao: - “What we do is our business”. That is a challenge to the Chair, Sir. He should withdraw that thing. Of course, now the Minister is a big man. There is no doubt. What is more? Revenue Minister is much bigger. The question is could he challenge like that? That is my point.

Mr. Deputy Speaker:— Not the Revenue Minister, Finance Minister.

Government Bill : Andhra Pradesh (Andhra Area) Tenancy (Amendment Bill, 1970
(As reported by the Select Committee)

Sri T. Satyanarayana :— Speaker Sir, Let me say at the outset that the present Bill under consideration is the outcome of the rights at a right time in the right direction, because it seems to cover the aspirations of a large section of the tenants and the land-owners, if not all. It also seems to improve and better the cordial relations of the tenants and the land-owners. Predominantly our State is agricultural and we required agrarian reforms to better the agricultural production and the lot of the tenants. When viewed in that direction, I think, this Bill is an attempt to make in the progressive direction in favour of the tenant. So many friends say that this Bill does not contemplate any progress. Sir, I differ because there are things which are made to improve the conditions of the tenant and the land-owner. Firstly the rent payable to the land-owner is reduced from 50% to 30%. Whatever it is, if not progressive in that direction, at least it is progressive to that extent. So also the period of lease which was originally fixed under the Act. Now there is a provision for renewal for successive periods. Is it not progress? There is also a provision made for a tenant to have the right of pre-emption in the purchase of land if the owner wants to sell it. There is no such provision in the previous Act. These are the things to be considered when we view the Bill.

Anyhow, Sir, similarly there is also a provision made which will protect the interests of the land-owner also. Previously there is no provision for land owner to get the land for personal cultivation. Now a provision is made to have the land for personal cultivation, if the land-owner so desires. So, Sir, there are provisions made in this proposed Bill to improve both the conditions of the Tenant as well as the Land-owners. Similarly the jurisdiction to adjudicate all the disputes between the land-owner and the tenant is now shifted to the Judicial courts. It is really a good feature both for the tenant and the land-owner. Previously they used to go round the Revenue Courts. Of course, it is a lot of inconvenience to both the tenants as well as the officers. In order to decide and adjudicate matters in a speedy manner, now the provision was made
for all this and thereby there is a change to get speedy disposal and sound judgment in the matters of adjudication.

So, Sir, when we consider all these things, really it is a step made in the right direction, especially to protect the interests of both the tenant as well as the land-owner. There are so many land-owners in the State who are having 5 to 10 acres. Whatever be the interests of the land-owner, if the tenant is given the ownership in the land, it is enough is the feeling of some of my friends. So we have to consider the interests of the land-owner also and the interests of the tenant.

Of course, while initiating the discussions, the Leader of the Opposition stated that it is a Bill contemplated for landlords. It is certainly not. It is both for the tenant as well as the landlord. Our objective is to better the relationship between the land-lord and the tenants and not ignore totally the interests of the land-lord. So, there is the progress, at least an attempt is there. First, let us see the actual working of the Act. So, we cannot totally say there is not progress and no purpose is served. Thank you Sir.

...
God, let them believe. But, let them not exploit these poor tenants in the name of God. What is that God? I do not understand? Is He against these things? My submission is even those lands should be...

Sri G. Siviah:— Sir, I mean...I am not interfering whether they believe in God or not. Left to myself, I do not believe in God.

Sri K. Brahmananda Reddy:— No, no. One of the Members who believes in God is Mr. Siviah. He goes to Tirupathi temple more often than anyone of us can do. (Laughter)

Sri G. Siviah:— Sir, it is not that I believe in God.

Sri G. Siviah:— Sir, anyway, I do not believe in God. There important people go and I just take people to represent to you because it is only the place where the Ministers will have some leisure and I feel when they are before God they will do justice to the people.

Sri K. Brahmananda Reddy:— Did you enter the precincts of the temple or not?

Sri G. Siviah:— I do Sir. I go along with them but I have no faith in God. I just accompany people just to keep company so that when you find leisure, I think I can represent to you at that time. That is my intention. Absolutely I do not believe in God.

Sri G. Siviah:— Therefore, I submit that I do not want that Government should differentiate between the tenant who serves and occupies the lands of the temples and the tenants who occupy other lands. In fact, the Gods must be more sympathetic if they are really trustees, in my opinion they must be more sympathetic towards the tenants than anybody else. Therefore, I urge that the tenants who cultivate the temple lands must also have the same facilities. That is my submission. I tell you, Sir, that if we do not agree to these things, what happens? I am sure no tenant will allow the landlord to exploit himself. He will come forward. Should you not try to go a bit forward and give concessions? If you do not agree to the just demands of the tenants, they know what to do. Let us not go to...
that extent. Let us not encourage disorder in the country by violat-
ing certain fundamental rights of the tenants. When we believe that
land belongs to the tiller, atleast let us show the consideration to
this extent. I submit that all the lands whether they belong to
temples, individuals or institutions must come under this. There
should not be any difference between a tenant under land-lord, and
a tenant under temple or an institution.

Regarding the shares, I just submitted Sir, there is little con-
fusion about the shares. Now in a delta land they may pay Rs. 30
per annum per acre. Let it be six times or five times the land
revenue, the amout that they should pay to the land-holders. Taat
will be better. I request the Government to think in those terms
and I would like to co-operate with them if it is going to be fixed on
the question of money also.

Lastly Sir, regarding the sales. I am afraid if the Bill is going
to be passed and if it comes as it is, I think no tenant will be in a
position to purchase the land which would be offered to him and
pay the land-lord. There must be something. Supposing they offer
for Rs. 10,000 per acre, is it possible for me to purchase it? There-
fore, when we provide there, we must show some consideration. Let
it be 20 – 30 times the land revenue. In that way, it should be fixed.
Lastly however, I would like to warn the Government, a clear-cut
warning, if they do not consider on these aspects, if they do not come
forward to help the tenants, if they do not come forward to help the
tiller of the soil to own the land, I am sure they will do for them-
seves without caring the Government. Therefore, I submit that this
consideration should be looked into. Thank you.
