Sri R. Mahananda — Will the Chief Minister be pleased to state
(a) whether the Government of India at Hyderabad has applied for a licence to manufacture television sets; and
(b) if so, whether our Government has recommended for the same?

The Minister:—(a) Yes, Sir.

Sri N. Shadnour Raja (Kamalapatapu) — Sir, I want to know how the television receiving licence has been given. Particularly our State Government has set up a plan for establishing a huge electronic complex in our State and if that plan is complete, we should get the licence to establish a radio industry. I would therefore request our Chief Minister not only to try for getting the licence under the approach given for receiving sets but also establish a radio industry. I would therefore request our Chief Minister not only to try for getting the licence under the approach given for establishing a radio industry but also to establish a radio industry in our State. We can effectively use the radio industry for boosting our auxiliary and feeder units.

Sri R. Mahananda Reddy — We will try, Sir.

Sri B. Krishna Reddy — We will try, Sir.

MISAPPROPRIATION OF LAND REVENUE BY A PATTADAR IN KHAMMAM Tq.

267—

A copy of the report of the enquiry made by the R.D.O., pursuing the case of misappropriation of land revenue, illegal, not illegally from the hands of Multiplait, Chinthagupthi village of Khammam Tq., and District by Sri Eluru Raghupathi Rao, Parrival, last year.

The Minister for Revenue (by P. V. Krishna Reddy) — A copy of the report of the enquiry made by the R.D.O., pursuing the case of misappropriation of land revenue, illegal, not illegally from the hands of Multiplait, Chinthagupthi village of Khammam Tq., and District by Sri Eluru Raghupathi Rao, Parrival, last year.

Oval Answers to Questions.

Sub. — Village Officiers—Saharanpur Tahsil—Mahipalpur—
Chandapuri Village — complaint against the
patwari—E, Raghupathi Ram, patwari—illegal
collection of revenue.

On 32-12-1968 the patwari of Mahipalpur—Chandapuri village
had submitted a petition alleging that:

(I) the patwari in E, Raghupathi Ram had collected land
revenue for he year 1966-67 from the ryots, but he did not
return the amounts so collected to the Treasury;

(II) the patwari had collected land revenue from three
ryots in the year 1965-66, who were granted exemption of land
revenue;

(III) the patwari had collected land revenue from the
occupants under Sec. 7 of the A. P. Land Revenue (Enhancement)
Act, 1967;

(IV) the patwari had collected from the occupants of
the Kyati land on the assumption that parties would be
granted in their names;

(V) the patwari did not satisfy the bona applications of
some ryots who did not pay the unauthorised amount demanded
by him;

(VI) the patwari indulges in petty politics and thereby
causes trouble to the ryots.

The said application was originally referred to the Tahsil
Officer, Saharanpur for enquiry in the first instance. Since his report
was not forthcoming, and the nature of allegations brought against
the patwari was grave, I myself took up the enquiry.

During my enquiry it was revealed that the patwari had
collected land revenue from the ryots, in whose name the land
revenue was ordered to be paid. Ingress initially by the
Nazir-e-Mahalibad in the year 1955-56 and subsequently remission
was granted by the Government. The patwari had also collected
land revenue from the occupant under Sec. 7 of the Andhra
Pradesh Land Revenue (Enhancement) Act, 1967. The complaints
were not addressed any evidence in support of other allegations,
except at Bl. Nos. (2) and (5) above.

The collection amounts furnished by the patwari during the
enquiry were sent to the Tahsil for verification and after verifica-
tion the following charges were framed against the patwari:

1. When the Land Revenue was kept under suspense initially during the year 1965-66 by the Nazir-e-Mahalibad and
   remission subsequently by the Government its collection by the
   patwari was irregular.

2. Collection of land revenue by the patwari from the
   occupant under Sec. 7 of the A. P. L. R. (Enhancement) Act, 1967
   was irregular.
Oral Answers to Questions
16th December, 1970

3. Remittance of land revenue in more than one person's name (as evident from the balances) was irregular.

4. Out of the total arrears made by the respondents, it did not amount to an amount of Rs. 1,489 and Rs. 930.

The annual verification of the village records with Takata records was not done from 1962 to 1968. The Tahildar, Khammam, was therefore specifically asked to compile the 'Adavu-Mukhakshi' for the said period specifically. After compilation 'Adavu-Mukhakshi' the Patwari had furnished a statement of balances for a total amount of Rs. 15,444. Since there were complaints of misappropriation against the Patwari, the Revenue Inspector, Khammam was specifically directed to verify and report about the correctness of the Assistant list. The Revenue Inspector and the Tahildar, Khammam have furnished the details of the balances as follows:

(i) 1330 to 1338 Pendas Rs. 1,489—17
(ii) 1950 to 1961
   
   10,048—56
   11,450—34
   3,994—10
   Total — 15,444—46
   Shri E. Ragupathi, present Patwari.

The Revenue Inspector and the Tahildar, Khammam have further reported that some of the defaulters are not residing in the village, while some are not having Pendas books etc. However, the Assistant list furnished by the Patwari has been verified by the Revenue Inspector in most of the cases and it has been established that receipts for a total amount of Rs. 2,303—11 are found while it is shown as outstanding against the village. The details of the land revenue receipts paid by various villages are as follows:

1. Shri P. V. Nursimha Rao (Ex-Patwari) Rs. 419—71
2. Shri Sudha Ramakrishna Rao (Ex-Mullupudi) 1,489—17
3. Shri E. Ragupathi (Working Patwari) 274—03
4. Shri A. Lakshmana Rao 185—30
Total — 2,303—11

Thus, the Assistant list furnished by the Patwari is found to be partially correct. It has also been reported that an amount of Rs. 672—03 has been collected in excess by the patwari's father-in-law but has not been paid in the Treasury. The Tahildar, Khammam is being asked to probe into the matter and

collect all the receipts passed by the said village officers in order to take action under the Revenue Malversation Regulation. I shall take necessary action against the delinquent village officers after obtaining necessary particulars from the Tahsildar, Khammam.

In P. Thimmappa Reddy — The Answer given by the Under Secretary (Revenue) is as follows: The Government has received a report that an amount Rs. 7,500 has been collected in excess by the previous authorities but it has not been remitted to the Treasury. The Tahsildar, Khammam is being asked to probe into the matter and collect all the receipts passed by the said village officers in order to take action under the Revenue Officers Malversation Regulation. I shall take necessary action against the delinquent village officers after obtaining necessary particulars from the Tahsildar, Khammam. This report is dated 21-11-1979, just a month back. Necessary action will be taken. After all, the charges do not seem to be very serious.

Sri. P. Thimma Reddy—Sir, not only this there are other Tadka also where certain of these adjustments are to be there and other diametral also where such problem arise.
Oral Answers to Questions 14th December, 1970

Q. 269. Mr. P. Mahendran: Will the Hon. Minister for Municipal Administration be pleased to state:

(a) whether there is any proposal before the Government to create a State Municipal Finance Corporation to advance loans and grants to Municipalities;

(b) if not, the reasons thereof?

The Hon. Minister for Municipal Administration (Shri N. Cherukuri Naidu) replied:

(a) A High Power Committee has been appointed by the Government to go into the working of the Municipalities and to make recommendations for the improvement of the Municipalities in the State and Municipal Corporation of Hyderabad. The Committee has been asked to submit its report within a period of six months. After the report is received the Government would consider the ways and means of further assistance and increase in the resources of the Municipalities.

(b) Nothing.

OUI! Answers to Questions.

627 (H.66) Q.—Dr. P. O. Saktiparamanya Raya (Put by Mr. P. Venkatesa) Will the Minister for Municipal Administration be pleased to state:

(a) whether the Metropolitan Improvement Committee reported by the Centre with World Bank Officials visited Hyderabad to hear representation to improve the capital city?

(b) if so, whether any representations were given by or on behalf of Government, and

c) whether a copy of it would be laid on the Table of the House?

Shri N. Chandrasarma, Malsor:—(a) No such team visited Hyderabad to hear representations to improve the capital city?

(b) and (c) does not arise.

Construction of 100 Bedded Hospital at Gokarna

958 (2309-N.) Q.—Dr. Y. V. S. Charyacharya Raya:—Will the hon. Minister for Health and Medical be pleased to state:

(a) whether it is not a fact that the Government have acquired 50 acres of land in Ontario near Vijayawada Town, for the construction of 100 bedded Hospital and Medical College?

(b) if so, when the Government is going to start construction of buildings?

(c) whether it is a fact that an area of 5 acres of this 50 acres plot was given to Andhra Pradesh State Electricity Board?

(d) if so, for what reason?

The Minister for Health and Medical (Sri Mohd. Ibrahim Amjun):—(a) Yes Sir.

(b) The proposals will be examined when the sectional allocations under 7th Five Year Plan are finalised and the allocations have been made known.

(c) Yes. A piece of land measuring 5.41 acres was given to Andhra Pradesh Electricity Board as per orders in G. O. Ms. No. 1350, Health dated 26-5-76.
(b) the Andhra Pradesh State Electricity Board requested the Medical Department to transfer 9.51 acres to them on the assurance that the Andhra Pradesh State Electricity Board will pay the current market rate, stating that the area at their disposal at Guntakal was not sufficient for the sub-station of 220 K. V.

Dr. T. V. S. Chalapati Rao—The answer given to (c) before the answer given to (b), because the Manager was pleased to say is reply to (b) that during the IV Five-Year Plan, it is being provided. If so, if you go on selling 5 acres, 10 acres in different parties, how will they achieve the object of raising a Medical College and General Hospital? Another supplementary is, what is the amount realized? If, for any reason, they cannot find necessary funds, why not they sell the remaining 90 acres also? They will get 10 lakhs. There is also 3 lakhs or 5 lakhs. Is it 70 lakhs of rupees. Will the Government be pleased to start construction on the existing site the Guntakal Hospital?

Shri Mohd. Bashir Ali Anant—We will certainly consider that.

Dr. T. V. S. Chalapati Rao—Answer (d) before the answer given to (b). He has not answered that, for

Shri Mohd. Bashir Ali Anant—the area of the land is nearly 90 acres. Out of 90 acres, only As. 8—15 acres have been given to them.

Dr. T. V. S. Chalapati Rao—Already 28 acres have gone outside. There will be hardly 90 minus 28, i.e., 62 acres will be available. So, let the disposal of 62 acres and start there as to let them sell the other thing and start here

T. B. Clinical and Medical Facilities for Guntur District

279—* 192 (2878) Q.—Shri V. V. R. Chariyala Kartikeya—Will the Hon. Minister for Health and Medical be pleased to state:

(a) whether it is a fact that Guntur District, is excluded for T. B. Clinical and Medical help in other hospitals except in the T. B. Sanatorium Mangalagiri?

(b) whether the Government will consider to provide the same in all Hospitals?

Shri Mohd. Bashir Ali Anant—(a) Yes Sir.

(b) No Sir.

Shri G. Devappa—In view of this T. B. Hospital at Mangalagiri, have facilities in other hospitals in Guntur been denied? He said 'No' for (a). Does it mean that T. B. facilities in other hospitals in Guntur have not been provided? For the simple reason that there is a T. B. Hospital at Mangalagiri?

Shri Mohd. Bashir Ali Anant—(b) Not Sir. Now, we have nearly 2,000 beds which have been equally distributed among all the districts.
Dear Sir,

G. Sivarajan —首批病人从该地区直接转到Mangalagiri医院，还是它只用于Guntur及其周边地区？

Sri Mohd. Sabikhi Ali Ansari —在Mangalagiri，我们有100张床位，正在服药的患者有4个地区。

G. Sivarajan —关于其他地区，Mangalagiri地区有一个综合医院。在Guntur有医院吗？

Sri Mohd. Sabikhi Ali Ansari —在Rayalaseema，一些地区正在实施Nalini Fund。甚至在Madrasi State Government也在进行这项工作。有些地区已经准备好。

T. Nagendra Rao (Mangalagiri) —为了满足T. B.患者的需要，Guntur市政府已经成立了医院，T. B. Inoculation Beds的地点在哪里？该医院正在建设中。因此，Superintendent booths有资金到位，资金的分配和使用情况？

Sri Mohd. Sabikhi Ali Ansari —这正在考虑中。

P. Entiah (Chirala) —是否有任何提案来增加Mangalagiri T. B. Sanatorium的床位数？

Sri Mohd. Sabikhi Ali Ansari —目前我们没有这样的提案。

B. Makamsa —在自愿的基础上，他们正在收集额外的床位。政府将考虑所有的提案，由Superintendent of the District Head Quarters Hospital来执行吗？

Sri Mohd. Sabikhi Ali Ansari —他们必须被接受。

Dr. T. V. S. Chalapathi Rao —关于Mangalagiri T. B. Sanatorium的治疗水平，是否有足够的资金来支持相应的设备？

Sri Mohd. Sabikhi Ali Ansari —他们在做手术。

Dr. T. V. S. Chalapathi Rao —在手术后，没有新的手术被安排。

Mr. Speaker —这是他的口述，他在说谎。他没有更多的信息。

K. Maniavany —在Nellore和Rayalaseema，有Mobile Vaya。它们是否只用于T. B.？这些提案是否与政府有关？它们是否只用于村庄？

Sri Mohd. Sabikhi Ali Ansari —这是否与我们没有这样的提案？

Q. 132 (3207) Q.—Shri S. Venayya (Put by Shri R. Mahendra) :—Will the Hon. Minister for Labour be pleased to state:

(a) whether there are any proposals with the Government now to introduce a system of awards and rewards to prevent accidents in the factories; and

(b) if so, the details of the scheme?

Shri G. Sajjanar Reddy :- (a) a scheme for the State Safety awards and rewards was approved by the Government in February, 1967:

(b) a statement is laid on the Table of the House.

Statement laid on the Table of the House vide L. A. Q. No. 2607 [* 277] by Shri S. Venayya, M. L. A.

Scheme for Safety Awards

1. Object:—

With the growing range of industrialisation and consequent increase in the number of industrial accidents, the time has come for evolving a suitable scheme whereby outstanding achievements in accident prevention or the part of industrial undertakings can be given due recognition at the highest level. It is, therefore, proposed to科学院 a system of State Safety Awards for recognising outstanding safety records in industrial undertakings with a view to stimulating and maintaining the interest of both management and workers in accident prevention work.

2. Basis for Awards:—

State Safety Awards will be granted to industrial undertakings covered by the Factories Act, 1948, which work at least 5,00,000 man-hours per year and achieve the largest percentage reduction in their own accident frequency rate during a calendar year in comparison with the previous year. For this purpose the frequency rate shall be calculated in accordance with the formula:

Lost—Lost accidents x 1,00,000
Number of man-hours worked

i.e., lost time accidents per

A lost time accident is an accident which causes death or

disability to any person for more than 48 hours. The man-hour

...working outside the factory by all the "Workers" as defined in the Factories Act 1948.

3. Constitution of Awards Committee:

The State Government may constitute every year an Awards Committee to adjudge the applications received for the grant of State Safety Awards. The Committee may consist of five members including the Chief Inspector of Factories, Hyderabad, and Inspector Industrial Safety and Production, Hyderabad, who will function as Chairman and Secretary respectively of the Committee. The other three members may be selected largely on the basis of their technical ability and experience.

4. Functions of the Awards Committee:

The Awards Committee will have the following functions:

1. To scrutinise and adjudge applications received for Awards.
2. To require further particulars or to defer consideration for further investigation.
3. To depute any member of the Committee to inspect the records relating to accidents andMean hours worked in any industrial undertaking for the purpose of considering applications received for the Awards.

5. Awards of Trophies:

There will be five named trophies for the winners of the first place, one for each of the following industries:

1. Textile (Silk, Cotton etc.)
2. Sugar (Refining, Kjurdastri)
3. Cotton
4. Engineering
5. Jute

Winners of the second and third places in each of the above industries will be awarded certificates.

6. Decision of the Awards Committee:

The decision of the Awards Committee in respect of classification of industry into groups and the award of the trophies and certificates will be final and no appeal will lie against it.

7. Entry Fee:

Every entry shall be accompanied by a crossed Postal Order for the value of Rs. 2/- and endorsed to the Secretary, State Safety Awards Committee, Office of the Chief Inspector of Factories, Hyderabad.
8. Application for State Safety Awards:

Application should be made by the management of industrial establishments in the prescribed form on order and should reach the Secretary, State Safety Awards Committee, Office of the Chief Inspector of Factories, Hyderabad before the end of February each year.

1. Name and address of the factory
3. Average number of workers during the period.
4. Total man-hours worked. (This should be the actual number of man-hours worked by the workers inside the 'Factories' as defined in the Factories Act).
5. Total number of accidents (excluding deaths) causing loss of time beyond 48 hours.
6. Frequency rate: (4) X 1,00,000
7. Percentage decrease in the frequency rate as compared to the previous year.

Scheme for Rewards on Safety Suggestions.

1. Object:

The object of the scheme is to stimulate the interest of industrial workers in accident prevention and to secure practical suggestions and ideas on safety and on how work can be carried on with least risk of accidents.

2. Reward for Schemes:

The Scheme will cover workers as defined under the Factories Act, 1948 and such factories as have a suggestion scheme in operation will be included. In many of the progressive industrial undertakings both in the public and private sectors, suggestion schemes have been in operation. The 'Suggestion Scheme' operates on a plan that the basis of earnings are offered by the management for suggestions and ideas on accident prevention received from the workers and accepted in accordance with the procedure laid down.

With the growing tempo of industrialisation and consequent increase in the number of industrial accidents, the time has come for considering a suitable scheme whereby, demanding suggestions in accident prevention on the part of the workers can be given recognition at the highest level. It is, therefore, proposed to introduce a system of rewards for safety suggestions.
3. Suggestion scheme qualifying for the Reward:

Suggestion in respect of any of the following matters will qualify for the grant of reward. Only such suggestions can be entertained as have been or potential application in the field of industrial safety.

1. Guarding of machinery,
2. Safe Operation, maintenance and use of machinery and equipment
3. Safety of work places.
4. Safe methods of work.
5. Safe handling of material.
6. Safety posters
7. Good housekeeping,
8. Fire provision and extinguisher

4. Constitution of Rewards Committee:

The Chief Inspector of Factories, Hyderabad may constitute every year a Rewards Committee to adjudicate the applications received for the grant of awards. The Committee may consist of 5 members including the Chief Inspector of Factories and the Director of Industrial Safety and Productivity Centre, Hyderabad, who will function as Chairman and Secretary respectively of the Committee. The other three members will be selected largely on the basis of their technical ability and experience.

5. Functions of the Rewards Committee:

The Rewards Committee will have the following functions:

1. To scrutinise and adjudicate the applications received for the reward.
2. To require further particulars or to defer consideration for further investigation.
3. To double the number of rewards to be granted in any year, as provided in clause 7.

6. Entry Fees:

Every entry shall be accompanied by a Crossed Postal Order for the value of Rs. 10/- (Eleven rupees only) and endorsed to the Secretary, Safety Suggestions Awards, Office of the Chief Inspector of Factories, Hyderabad, unless the application is made to the Safety or Works Committee at the Plant level when no fee shall be charged.

T. V. STATION AT HYDERABAD
278—

Q. 594. (236-E) Q.—Sri A. Madhava Rao—Will the
Minister for Information and Public Relations be pleased to state:
(a) whether the Government have represented to the Centre the need to set up a T. V. Station at Hyderabad; and
(b) if so, with what result?

Minister for Information and Public Relations (Sri A. Varan-
dent Reddy)—(a) Yes Sir.

(b) The Government of India have indicated that it will be possible to install a station in the next phase of the T. V. Development programme, which may be during the Fifth Plan.

Sri M. Srinivasa Rao—Speaker Sir, we learn that the
Government of India has taken in principle to start telecasting from Kurnool (in Princely States not only in Madras), Bombay, Madras and Calcutta but in similar towns like Kurnool, Ahmedabad and Nagpur. May I know what steps the Hon'ble Minister has taken to notify the issue of licenses to our State in not establishing extending centres at Hyderabad?

Sri J. Srinivasa Rao—Mr. Speaker, with reference to paragraph 4, the same steps are being taken. As and when the
Call Station's list is made, there will be representation from this State. We have had a representation from Hon'ble Minister for the establishment of stations in this area, and it is our intention to have one in the near future. In the meantime a representation is being made to the Minister.

(a) DEVELOPMENT OF SALIHUNDAM VALLEY IN SRIKAKULAM DISTRICT

(b) What is the status of the development of the Salihundam Valley in Srikakulam District?

Sir K. Krishna Murthy.—(a) Sri A. Madhava Rao will be pleased to answer this question.

(b) The development of the Salihundam Valley in Srikakulam District is under final stages.
Oral Answers to Questions. 14th December, 1970.

(a) whether there is any proposal with the Government to develop Sinhagad Valley, Pune, near Ousa and Nalasopara in Thane district as a place for summer resort in Sirkahali district.

(b) if so, when it will be started?

The Minister for Women Welfare (Shri. Roda Misty)—

(a) No, Sir.

(b) Does not appear.

Shri. Roda Misty—Sir, it is no doubt true that this place is very beautiful and has archeological value. We have written to the Central Government to let us know what are their intentions. We have not heard from them so far. But, I again reiterate my stand that every place that is beautiful cannot be developed for a summer resort due to other handicaps of approachability etc.

Shri. Kulpeshwar Rau—Sinhagad being an under-developed area, why don’t you give preference to such areas?

Shri. Roda Misty—Sir, our giving preference will not bring tourism. We must have facilities at all-ports, easily approachability by road, by railway. It is not possible for us to take up all the places and thousands of such beautiful places all over the country.

Shri. G. Bhanash—Sir, is there any proposal before the Government to develop Tirmakala Hills (now in Tilakpada) as a summer resort? There is a large section with stakes, etc., in addition to the pilgrim centre apart from the seven hills.

Shri. Roda Misty—Sir, the places in and around Tirmakala are already developed and we are doing our best.
there are any proposals which are made of availability of funds are on us, we will take up all the development schemes that are proposed because it is already heavily visited by pilgrim tourists and other tourists also.

Annual Session of the Nov. 21, 1970.
Short-notice questions and answers.

Mr. Speaker—No question of allowing discussion. When this was asked as a short-notice question, it has not been pointed out to me that this question was answered in the previous session.

Shri B. Ramaiah—Last session this was answered and there was lot of discussion on this.

Mr. Speaker—Whenever a question, either short notice or otherwise, comes, the office brings it to the notice of the Speaker that this question was answered previously, and there is no necessity to admit this question. Such a thing was not brought to my notice. I do not know under what circumstances and in what nature the question was admitted and answered.

Shri B. Ramaiah—The same question.

Mr. Speaker—I do not know. It has to be verified.

Shri B. Ramaiah—All right. I have no objection. Then it will become a precedent, I may tell you. BT.

Mr. Speaker—It is not a question of precedent. I must find out what question was entered in the last session. It was not brought to my notice at all. If the same question was answered previously and if it has admitted then it becomes a precedent. I will not be making a precedent. It has not been brought to my notice, Mr. Ramaiah.

Major Ports relate to the Government of India and hence the State Government has nothing to do to provide funds in the State Budget.
14th December, 1970.

Written Answers to Questions.

(1) Three merchant suction dredgers were acquired to carry out dredging inside the canals and rivers of the Ports of Kakinada, Machilipatnam and Krishnapatnam Ports. However, these were transferred to P.W. Department recently to cope up with the flood control and drainage schemes and deepening of Buchikallem Canal.

Kakinada Port:

Three wards were provided at this Port for providing alongside facilities to cargo boats. One transit shed of 6000 tons capacity was provided to store transit cargoes like fertilizers imported at this Port. The Stone Groyne on north side of the commercial canal were extended to a length of 1200 feet at low water level to prevent the canal navigation.

Machilipatnam Port:

Approach road to a length of about 1200 yards is provided to extend the Port facilities close to the sea as possible, to avoid tedious and time consuming process of boat navigation in the long creeks. A transit shed of 3200 tons for storing goods and 4 timber wharves for providing alongside facilities for cargo boats and a metal platform to handle cargoes were provided.

Krishnapatnam Port:

At Krishnapatnam Port, a bridge across the Buckingham canal to provide direct access to the Port and back protection works to protect the northern bank of the river on which the port is situated were provided as Port facilities.

Hydrographic survey was conducted at the Port of Vadaderv to assess depth for navigation for future development.

Statement placed on the Table of the House with reference to L. A. Q. No. 223 (Un-starred) by 
Sir Radh Vishal Puri:

(a) ... 

1. The Applied Nutrition Programme is basically an educational programme carried out in rural communities for the purpose of checking the level of production and improving consumption of protective foods, taking care of all those in the diet with special emphasis on the needs of the vulnerable groups viz., children up to six years and pregnant and lactating mothers.

2. The following are the main features of the programme:

(i) Training;

(ii) Production of protective foods;

(iii) Educational feeding.

(i) Training: 

Officers such as Block Development Extension Officers, Officers, Grama Panchayats, Village Level Workers are trained at the
Written Answer to Questions - 14th December, 1970.

Orientation and Study Centre and the Gramswaayak Training Centres, about nutrition and how to implement Applied Nutritional Programmes.

(i) Production:

The production of the protective foods is sought to be achieved by demonstration in each Panchayat Samiti through:

(a) establishment of Panchayat Samiti gardens on 3-5 acres of land whereas it is available;

(b) establishment of school gardens in 10 selected villages in a phased manner on 1 acre of land and above in each village;

(c) development of coastal fisheries;

(d) establishment of 2 intensive pisciculture blocks at Gannavaram and Armor;

(e) development of inland fisheries in A.N.P. blocks which have perennial water resource;

(f) setting up of a poultry unit in the first instance at the block head-quarters which would be followed by the setting up of at least 4 village poultry units.

(ii) Educational Feeding:

The following feeding programmes are taken up:

(a) vegetables grown in school gardens are cooked with the balance and served as food to the students for the Care Midday Meals Programme. Fruit like papai grown in the school gardens are fed to the school children in the school meal;

(b) District Health Centres select 20 pre-school children and 17 pregnant women in each block. Nutrition Programme villager. They are fed with the eggs produced in the block poultry unit and village poultry units. In Applied Nutrition Programme blocks wherever the island habitats development is taken up, the beneficiaries are fed with fish also;

(c) CARE has agreed to supply bullocks and salted oil toesting Rs. 21.40/- for feeding 100 pre-school children and working and pregnant women in each Applied Nutrition Programme village.

During 1970-71, the Government announced the feeding of 150 pre-school children, working and pregnant women in each Applied Nutrition Programme village.

(b) The distribution/expenditure observed during 1969-70 on Applied Nutrition Programme is as follows:

(a) and (b) ... ...

1. Purchase of Power from Mysore:
An agreement has been reached with the Government of Mysore and the Mysore State Electricity Board in regard to purchase of Power by the Andhra Pradesh State Electricity Board from the Mysore State Electricity Board at Hampi point for about 250 M. U. in 1970-71, 260 M. U. in 1971-72 and 100 M. U. in 1972-73 and Power is drawn with effect from 1-4-1970.

Purchasing Power from Tamilnadu:
The arrangements to purchase Power from the Tamilnadu State Electricity Board are under negotiation by the Andhra Pradesh State Electricity Board with the Tamilnadu State Electricity Board.

(c) ... ...

Power will be purchased from Mysore State Electricity Board at the rate of 5.5 paisa per unit delivered at Hampi point for the first 100 M. U. and at 5 paisa per unit for the whole drawn above 100 M. U. during the year. The above arrangement will be in force till 31-3-1975.

The rates at which Power is likely to be supplied by the Tamilnadu State Electricity Board have not yet been finalised.

**BUSINESS OF THE HOUSE**

Mr. Speaker — Mr. N. Ramachandra Reddy has given an adjournment motion to discuss the severe situation arising due to failure of rain crops in Warangal District due to drought conditions. We are having a discussion i.e., two hours discussion on 16th. So, in view of that —

Sri N. Ramachandra Reddy (Dovasa) — Sir, even the Kharif crop had failed due to scarcity rains. Now, the Rabi crop has also failed. What I say is dry crop remission should be given. According to rules, dry crop remission can be given. The position is not only in Warangal District, in all the other Districts also —

Mr. Speaker — I will ask the Revenue Minister to get the details. You can speak this on 16th.

Shri T. Thimma Reddy:—We are already on the line. We will provide as many...
Business of the House.

14th December, 1973.

Mr. Speaker—Members would like to know whether you have got any special information —

Sri K. Brahmananda Reddy—The Prime Minister did not ask me about any Mid-Term Election or anything.

Dr. T. V. S. Chalapati Rao—Are we to presume that the Chief Minister is not being consulted on such matters like this?

Sri K. Brahmananda Reddy—At any rate whether there is any obligation on me, so far the Prime Minister did not consult me as Chief Minister.

Dr. T. V. S. Chalapati Rao—Is it not part of the ruling of the High Command?

Mr. Speaker—As it necessarily follows, I need not tell the House.

Sri K. Brahmananda Reddy—Now if any expansion or contraction of the Ministry is there during the sitting of the Assembly, the Assembly has a right to be informed.

Dr. O. Rajasekhar Rao—Mr. Speaker, I feel that we have to decide right now whether we can be abolished.

Sri K. Brahmananda Reddy—There is no question of elimination of this Assembly.

Mr. Speaker—Mr. Speaker, Sir. You were also kind enough to suggest the Government to consider permitting the erection of Memorial to the Old Park during the last session. I understood that they said that they would consider sympathetically. So far nothing has been done and no communication is made by the Government. The people are more diluted.
14th December, 1930.

Points of Information.

Mr. Speaker: Now the member has brought it to your notice. You can make a statement to-morrow or day after.

POINTS OF INFORMATION

II: COLLECTION OF LAND REVENUES

Mr. Speaker.—The Member has got to be very careful in making statements on the floor of the House. Many members expressed to see what such a thing is stopped. Anything it will amount to. He is charged for breach of privilege. It is coming up tomorrow. He will be on his best, but he should be very careful in making statements.

Mr. Speaker.—You are all saying about the Minister's partiality for the cycle. Unfortunately for reasons not known, he is not able to do the same thing. He cannot be expected to try anything new. Now let us hear the Minister.

Mr. Speaker.—Why are you getting excited? He is saying that those who are so a position to pay...
Points of Information : 14th December, 1920

Sir, I am sorry to inform you that the State has exceeded its boundaries. The revenue arrears in the State are in excess of 2,000 rupees. Therefore, I am compelled to inform you that the Government will not approve any increase in the arrears. I hereby appeal to you to immediately take steps to rectify the position.

Yours ever,

Mr. Speaker:—I am not saying that it is not an important point. You can raise all these important points day-after-tomorrow, when we will have another sitting. It is only for giving an opportunity to Members, it has been decided.

(Many Members rose to speak.)

I am not allowing any further discussion.

Mr. Speaker:—All these things, you can raise day-after-tomorrow when discussion takes place.

Mr. K. Brahmananda Reddy:—Hon. Members will have a right to discuss the issue of Budget, Sir.

Mr. Speaker:—You are taking the Government to task for not prevailing land revenue collections during the past, and with cumulative rudeness they are now pressing.

Mr. Speaker:—You are taking the Government to task for having been inactive in the past.

Dr. T. V. S. Chalapathi Rao:—Certainly, Sir. The stand taken by the Chief Minister forces me to come to that conclusion.

Mr. Speaker:—I must inform my Hon. Colleagues that the Chief Minister has no intention of giving way before any opposition party. He is prepared to stand his ground, and he is convinced that the people of the State are with him.

Point of Information

14th December, 1970.

Dr. V. S. Chalapathi Rao—Will it take place after 1972 elections?

Sri K. Brahmamaddi Reddy—Yesterday they have formed a Preliminary Committee with P. B. S. M. Venkatagiri and several others. That committee may be enlarged or absorbed. I have suggested a grant of Rs. 10,000 for making the pre-evations so as to enable them to hold some time in the year 1972 because they have to take a lot of time and perhaps I shall be able to do it. I have very good reason to think that the initial point of Rs. 10,000 and they will have to make collections again on the basis of this, on the basis of the Government's support and on the basis of the Government's support. They will have to make wide collections. Let us see how that committee functions.

Dr. V. S. Chalapathi Rao—Will it take place after 1972 elections?

Sri K. Brahmamaddi Reddy—Of course, it cannot be earlier even if you want to do it.

Sri M. L. Agniswamy—Sir, I congratulate the Government on the decision announcement by the Chief Minister.

BUSINESS OF THE HOUSE

Mr. Speaker — Ever Dr. T. V. S. Chalapathi Rao himself does not seem to have taken any objection.

Dr. T. V. S. Chalapathi Rao — It has become the property of the House. It is open to any member to raise it. I think the House should raise it. If so, I would like to do it.

Mr. Speaker — After all, we need not take these things seriously. They are said in good spirit. Take it in a good spirit. That is all.

PRIVILEGE MOTION AGAINST THE MINISTER FOR TRANSPORT

1: Delay in laying the Annual Accounts of the Andhra Pradesh Road Transport Corporation

Mr. Speaker — Sri Radhakrishna Pratap has raised a privilege matter against the Minister for Transport for the delay in laying the Annual Accounts of the Andhra Pradesh Road Transport Corporation.

Are you ready, Dr. Lakshmi Narasimha?

Dr. M. N. Lakshminarayana — Yes.
Calling attention to matters of urgent public importance.

16th December, 1930.

Mr. Speaker — There is another matter similar to the Agricultural University Report. That is also coming up. Why not we take up all these things together so that the matter may not take much time. Tomorrow they are laying it on the Table of the House, along with the explanation which they have to give about the delay in the matter of laying papers on the Table of the House or the Annual Accounts of that particular Corporation or University. The point is the same thing. Some body on behalf of the Government might reply and after that I will give any ruling. What I consider generally, if there is more than one year's delay, I consider it as delay. One year or less than one year, I do not consider as delay.

Mr. Speaker — Khapoon! is as vague as it should be. It says 'As early as possible or as soon as possible'. They do not fix the period — the period during which it should be placed on the Table. At any rate, if the period is fixed before which it should be laid on the Table of the House, then we will have to examine.

Mr. Speaker — I never gave ruling. All these things can be gone into tomorrow. This will be called to-morrow.

Calling attention to matters of urgent public importance:

Re: Injunctive order by Andhra in the matter of recruitment to posts of Officers in Bharat Heavy Electricals and Venkites Firms, Visakhapatnam.

It appears that the High Court of Andhra has passed an injunctive order in the matter of recruitment to posts of Officers in Bharat Heavy Electricals and Venkites Firms, Visakhapatnam.

The order has been sought by the High Court to prevent the firms from proceeding with the recruitment process.

It is recommended that the firms comply with the order and refrain from recruiting Officers until the matter is resolved.

The order is a significant development in the matter and will have implications for the recruitment process.

It is important to note that any violation of the order will have serious consequences and may result in legal action.

The firms are advised to seek legal advice and provide the necessary information to their concerned authorities.

It is further recommended that the firms engage in a dialogue with the concerned authorities to resolve the matter amicably and avoid any further complications.

Stated 21.3.1989 regarding posting of Deputy Tahsildars

I am directed to acknowledge the receipt of your letter addressed to the Chief Secretary to Government regarding posting of Deputy Tahsildars in Nellore District, which was addressed to me. I have decided to re-notify the Deputy Tahsildars in Nellore District, which were transferred to other districts. The Deputy Tahsildars have been informed of their new posting.

(Mr. Deputy Speaker in the Chair).

Sri P. Thimma Reddy — Sir, the following petitioners belonging to Nellore District, Revenue establishments, have filed suit and each petition in the High Court of Andhra Pradesh against their transfer from the temporal post of Deputy Tahsildars:

1. Sri Murugathoorthy
2. Sri Bhaskaran
3. Sri Ranganathachary
4. Sri Subbaiah, and
5. Sri Obulapathi.

The High Court in its order dated 21.3.1989 had noted the suit petitions and passed the order of temporarily holding the posts of Deputy Tahsildars for the Will Period only of their inclusion in the list of Deputy Tahsildars. The appropriate portion of the order of the High Court reads as follows: "We are pleased to consider the Government's order in this matter. We have directed the inclusion of the names of the petitioners in the list of Deputy Tahsildars for the temporary period only, keeping in view the observations made in the subject matter." re: Non-implementation of the judgment of the High Court dated 21-3-69 regarding posting of Deputy Tahsiladars.

Implemented to the extent as much as all the Writ Petitioners have been accommodated in the posts of Deputy Tahsiladars and the periods of their waiting vary during the months of July and August are fixed as second and temporary orders have been issued by the Collectors for drawing their salaries. Further, Mr. Subbaiah, relating to the posting of Tahsiladars in the list of Deputy Tahsiladars, it has to be noted that the High Court mainly held the view that the Governor's powers were under Rule 47 of the State and Subordinate Services Rules to deal with cases of Public Servants serving in a civil capacity in such manner as may appear to him to be just and equitable. But it does not expressly authorize him to relax any rule expressly framed as applicable to a particular category of service and only where the rule is silent on the question of dealing with a particular public servant or claims of public servants on principles which are equitable and just, the High Court has observed that once the rules are framed they are as much binding on the State as are on the public servants and the special rule application to this category do not leave any discretion with the authority concerned to relax the age limit in the case of any candidate. The High Court further observed that the power vested in the Governor under the rules cannot be exercised in favour of the person in a manner prejudicial to another person or class of persons in the same category and particularly where there are persons who fulfil the qualifications prescribed by special and general rules and are eligible to be included in the list and also for appointments in particular posts. In the result of the order of the High Court, the government has taken a decision to make a Special Order for filling up the vacancies made in the list of Deputy Tahsiladars of Nellore District for the years 1968-69, 69 by relaxation age limit, and for filling up the vacant posts. Once this decision is taken, the Government G. O. were issued and implemented which shows an urgent relaxation of the order by the Governor under Rule 47. Since the orders dealt with in the judgment are important and have far-reaching implications if implemented, the question of going to an appeal has been examined by the Government in consultation with the Board of Revenue, the Government Printer, General Administration Department (Service) and Law Department. The Government have accordingly issued a Writ Appeal along with a petition for condonation of delay in August, 1970. The Government Printer has also been requested to move the High Court for stay orders pending disposal of the Writ. The matter therefore is sub judice.

Drought conditions in Krishna District.

On 4th December, 1970, the Collector Krishna has reported that normal monsoon conditions are prevailing in the delta plains of Saddar, Vizianagaram, etc., and in upland taluks of 

Vijayavada. The conditions of some rice crops in the upland taluks of 

Nandigama, Jaggayyapeta and Nuzvid has been reported to be not

suitable for the growth of rice. In the month of October, 1970, in 

Nandigama taluk, Jawer, crop of about 150,000 acres during about 1.25% acres, and about 30,000 acres and guvmint about 5,000 acres have been affected. In Jaggayyapeta taluk, paddy about 1,100 acres and Jawer about 33,500 acres have been affected. In Nuzvid taluk, Jawer crop of about 0.21

acres, and paddy about 400 acres have been affected. In the 

dry spell months, the upland areas of Vizianagaram and 

Guntur mgnt may also be affected. The particulars of the 

upland affected will be known only in January next year. The 

situation is being closely watched and relief measures if necessary 

will be considered at the appropriate time.

Moreover, I have asked the District Revenue Officer of 

Krishna to come here. He is likely to come over here on 17th and 

so and when he does, I am going to have a meeting with the

But before actual eviction was carried out, the Collector had inspected the land on 21–10–1970 and ordered that the land be alone should be evicted. Accordingly, the above three landed estates were evicted on 22–10–1970. Thus no landless poor was evicted from the land in question.

The Sampanch of the village a Wir Petition No. 5267/70 in the High Court seeking a Writ of Mandamus from the High Court to restrain the Government from issuing a notification in G77 of 1970 relating to the Panchayat matter. Re : Floods due to heavy rains in Hyderabad in particular and in the State in General.

I have received your circular dated 21-22-75 regarding the floods caused by heavy rains in the State of Andhra Pradesh. The Government has already released Rs. 5 lakhs as assistance to the affected areas. The Government has also taken several measures to mitigate the sufferings of the people. I have also directed the concerned officials to take all necessary steps to provide relief to the affected people.

I hope that this information will be helpful to you. Please feel free to contact me if you require any further assistance.

Re: Floods due to heavy rains in Hyderabad in particular and in the State in General

Sir,

We, the residents of Hyderabad, have been deeply affected by the heavy rains and floods that have recently hit our city. The situation has been particularly severe in the areas of Eluru, Langar Deenabandu, and the adjoining areas. The rains have caused widespread destruction, leading to loss of life, property, and infrastructure.

We, therefore, appeal to the Government to take immediate action to provide relief to the affected people. Measures such as temporary shelters, distribution of food and essential items, and assistance for repairs and reconstruction are sorely needed.

Thank you for your attention to this matter.

Yours sincerely,

Tobacco leaves on sugarcane harvest in Nizamabad District.

As noted previously, tobacco leaves are detrimental to sugarcane crops. The leaves may impair the sugar content and quality of the cane. This has been evident in several instances where tobacco leaves have been found on the sugarcane fields. The leaves, if not removed, can lead to a significant reduction in the yield and quality of the sugar crop. Therefore, immediate action is required to prevent this issue from escalating. To address this, a comprehensive strategy needs to be formulated and implemented. This includes regular monitoring, crop rotation, and the use of appropriate pesticides to control tobacco leaves. The concerned authorities should take necessary steps to ensure the health of the sugarcane crop.

cases in Ramnagar
District.

In view of the current situation, I would like to draw your attention to urgent matters of public importance. The recent developments in Ramnagar District have raised concerns that require immediate attention. It is imperative that we act swiftly to address these issues.

1. The situation in Ramnagar District is becoming increasingly critical. The recent floods have caused significant damage to infrastructure and agriculture. The affected communities are in desperate need of assistance. We must act immediately to provide relief and support.

2. The ongoing conflict in the region has escalated, leading to further instability. It is crucial that we work towards resolving these disputes and ensuring peace and security for all.

3. There are reports of a significant increase in crime rates in the area. This is alarming and requires our immediate attention. Measures must be taken to ensure the safety and security of the residents.

I urge all concerned parties to take action without delay. It is in the best interest of the people of Ramnagar District that we address these issues promptly. Thank you for your attention.

Penalties levied on sugar-cane growers in Nizamabad district.

Penalties were levied under the Nizamagunta Project during the second crop season for unauthorized irrigation of not only sugar cane crop but also other crops like groundnut and paddy with vast areas not included in Talbands. Prevention of unauthorized irrigation of lands outside Talbands is quite necessary in the interest of proper regulation of water supply in the lands authorized for the Nizamagunta Project. On a representation made by Shri V. V. Reddy, I.A.S., Medak, the Government accorded the collection of penalties made under the Nizamagunta Project as a whole and made a decision for penalty in cases lodging examination of the issue. After the receipt of the report of the Collector, Nizamabad, a meeting was arranged on 6-11-1970 with some of the members of legislatures of Nizamabad District and the officials of Revenue and Public Works Department. It was contended by the members that because of the late announcement of Talbands, the crops raised during the crop season in the hope that the lands would also be included in Talbands. They, therefore, suggested that such of these lands coated with the sugar-cane crop prior to the date of announcement of Talbands might be exempted from levy of penalties. Pursuant to this suggestion, the Collector was asked to submit a further report indicating the cost involved and the amount of penalties levied on such lands. The Collector's report is awaited. On receipt of the report, the Government will examine the matter and issue necessary instructions.

Regarding Talbandi, the Collector, Noormahal, was also advised to ensure that the Talbandi is announced well in advance of the sugarcane planting season so that the people may know in time whether their lands have been included in Talbandi or not and make necessary arrangements for taking the plantings well in time.

Dr. S. B. Rattanpuri:—Sir, I am one of the signatories to the Call Attention Motion and might be permitted to say a few words on the occasion.

Sir, 33 people have been retrained by the Government. When the Government has retrained these people, how can the Municipality be asked to absorb them? It is on the spine of it ridiculous. Now that these people have got in nearly 10 years of service, it is a counsel of the Government to have retrained them. I hope the Government will take necessary steps to absorb them back into the same services as they were first appointed.

Guntur Municipality. The Guntur Municipality was implementing Anti-Larval and Anti-Mosquito measures on an anti-larval basis with 47 Magistrate and 5 Local Ambassadors and 3 Master in 2000 who are to be absorbed by the Guntur Municipality. The Municipal Health Officer, Guntur, besides the above staff, 15 sanitary inspectors and 15 sanitary field workers were put on the Parthenium treatment of wells which was a part of anti-larval measures for Fumigations Control and these are paid annually from the N. M. E. P. fund and later to be recovered from the municipality. As the Government of India allotted a reduced quantum of central assistance consequent upon N. M. E. P. being declared a centrally-sponsored scheme, in view of the inadequate budget provision, the 23 medical and 15 sanitary field workers were asked to be paid from the municipal funds and this was discussed with the Municipal Treasurer, Guntur, and he was requested to submit a revised anti-larval scheme, absorbing the staff to be operated on one-third grant basis so that the work may not suffer and the staff may not go out of employment. In the Action Committee meeting held on 3-11-1970, in the chamber of the Municipal Chairman, Guntur, it agreed to the above and the resolution of the Municipal Council to this effect is awaited.

By S. Rama Rau, President (Caretaker) — Chairman and President of the Action Committee

The Hon. General Secretary is requested to make proper arrangements to draw and pay the funds to the above-mentioned staff.

By S. Rama Rau, President (Caretaker) — Chairman and President of the Action Committee

Mr. B. Radhakrishnan:— The Chairman has agreed to take them back. But our information is that he has not yet implemented the agreement which he has entered into. In such a situation, Government should see that the Municipality enforces the agreement.

Mr. Mohd. Nasir Ali:— This morning I had a talk with the Municipal Chairman and he was kind enough to say that he would try to pay them as early as possible.

Re: Arrest of a candidate contesting for Panchayat election in Bagaha.

The Hon'ble Member: Mr. Radhakrishna, in his statement regarding the arrest of a candidate contesting for the Panchayat election in Bagaha, has mentioned certain allegations against the candidate. It is pertinent to note that these allegations were made without any substantiation or evidence. The candidate was arrested based on these allegations, which are not supported by any legal or factual basis.

The matter has been investigated thoroughly, and it has been established that the allegations were baseless. The candidate was innocent and did not have any connection with the activities mentioned in the allegations. The investigation report clearly states that the candidate was wrongly arrested and subjected to harassment.

The government has taken cognizance of the matter and has ordered an inquiry to be conducted by an independent agency. The inquiry will be conducted in a fair and unbiased manner to determine the correctness of the allegations and the conduct of the police during the arrest. The candidate has been granted bail, and the case is under investigation.

It is the duty of the government to ensure that the rights of the citizens are protected and that the accused are treated fairly. The government will ensure that the perpetrator of such actions is brought to justice and that the candidate is restored to his rightful position.

The government has also announced compensation for the candidate and his family for the harassment and loss they have suffered. The government will take all necessary steps to ensure that the candidate is not subjected to any further harassment and that justice is served in this matter.

The government will continue to monitor the situation closely and take appropriate action to ensure that the rights of the citizens are protected. The government will ensure that the candidate is not subjected to any further harassment and that justice is served in this matter.

The government expresses its deepest condolences to the candidate and his family for the harassment and loss they have suffered. The government will continue to monitor the situation closely and take appropriate action to ensure that the rights of the citizens are protected. The government will ensure that the candidate is not subjected to any further harassment and that justice is served in this matter.

Re: Attention of the Landlords in Hassertana, Khammam District.

In view of the current situation, it is imperative that the landlords in the Hassertana area take immediate action. A number of problems have been reported, including instances of neglect and abuse of tenants. It is imperative that these issues are addressed promptly.

In this regard, the landlords are requested to:

1. Ensure that all properties are well-maintained and habitable.
2. Regularly inspect properties and address any maintenance issues.
3. Respect the rights of tenants and ensure that they are treated fairly.

Failure to comply with these recommendations may result in legal action. It is in the best interest of all parties to address these matters promptly and effectively.

which 7 cases were registered against persons belonging to communists and 3 are against Congress groups. Out of them one was murder case of Babka Chalna Nandnani, sentenced on 24-8-1970. This case was registered in Crime No. 3/70 under Sections 302, 303 I. P. C. of Nellore police station. It ended in conviction.

On the evening of 30-11-1970, two Congressmen were assulted by communists at the outskirts of the village. On receipt of information, the police rushed to the spot, brought the injured persons to out-patients. The assailants ran away. About 15 Congress men on seeing the news of assault of their party men came to the police outpost and saw the injured persons and to seek police aid protection as they were attacked by the other group. In the mean time about 500 communists armed with deadly weapons like sticks, stones and axes and fully armed gathered near the police station and rushed at the police party. As the provocations and threats given by the police had no effect, the police opened fire of four rounds in the air. As the weapon was a blank, no effect. 5 persons were injured due to police firing. 2 injured persons were admitted in the hospital and the rest treated as out-patients.

A Magisterial inquiry has been ordered into the incident of police firing. The police have registered 5 cases under Crime No. 30/70 under Sections 149, 307, 307 I. P. C and Crime No. 31/70 under Sections 149, 307, 325 I. P. C. The accused in these cases are absconding.

The allegation that the land-heroes of Baraputra are indulging in atrocities is not correct. The Magisterial Inquiry is in progress.

Mr. Venkitachalam:—What is the proposition before the House?

Mr. Deputy Speaker:—The discussion on matters of urgent public importance under Rule 70—that unemployment may be taken into consideration.

Mr. Gopalkrishna:—The problem of unemployment has been a serious one. The Government has been trying to find solutions. There are various measures being taken to control prices. The spiralling prices are a serious concern.

Mr. Venkitachalam:—The House may now discuss this matter.

Mr. Deputy Speaker:—It may become non-official notice.

Mr. Gopalkrishna:—I would like to make a non-official notice. The measures taken by the Government may be taken into consideration.

Mr. Venkitachalam:—There was no statement made. We cannot take it that the statement made by the Minister may be taken into consideration.

Mr. Deputy Speaker:—The notice is given under Rule 95 and is allowed under Rule 10.

Mr. Gopalkrishna:—The proposal is, “To consider the problem of unemployment and the spiralling prices.”

The House may now discuss this matter.

Mr. Venkitachalam:—That is a notice under Rule 95 given by the Secretary.

Mr. Deputy Speaker:—That is a notice under Rule 10.
The inference is that they have nothing to say on unemployment and spiralling prices. Are we correct in assuming that?

Mr. Deputy Speaker:—Members will give their observations and reply will come.

Dr. T. V. S. Chelangudi Rao:—There should be some material before the House. The Government should come forward with all the facts and place them before us. They should say what steps they have taken and the steps they propose to take.

This is the burning problem of the day as the national level and given joint efforts are made both by the State and Central Governments.

It could be observed that unemployment is in fact, gripping large scale of the fact that turnover of industries have come up of the State both in public and private sectors besides various schemes taken up by the Government for getting employment potential.

Short Discussion under Rule 10 of the Assembly Rules:

Res. Unemployment position and spiralling prices.

Mr. Ramaiah said: Sir, the unemployment problem has been a serious one for the last few years. The Government has been trying to find solutions to this problem. However, the situation has not improved much.

I have been told that the unemployment rate in our country is about 5%. This is a very high percentage. People are losing their jobs, and many are struggling to find work.

The Government should take some effective measures to control this situation. I urge the Government to implement policies that will help in creating more jobs.

Mr. Ramaiah concluded by saying that the unemployment problem is a serious issue that needs immediate attention from the Government.

Mr. Sivaramakrishnan said: Sir, I agree with Mr. Ramaiah. The unemployment problem is a pressing issue. The Government needs to take strong and immediate action to tackle this problem.

He suggested that the Government should focus on skill development programs to equip people with the necessary skills for the job market. This will help reduce unemployment and increase employability.

Mr. Sivaramakrishnan concluded by stating that the Government must take bold steps to address the unemployment problem and create a better future for the people of our country.

14th December, 1970.

The number of candidates on the list of candidates on the Employment Exchanges in the State has increased appreciably in the past two years. At the end of March 1970, compared to March 1969, it has increased from 3,329 to 11,317. The cumulative number of candidates remaining on the list represents employment exchange from 14,769 to 16,858. The increase is primarily due to the expansion of employment exchange services in the State.

In conclusion, the expansion of employment exchange services has led to an increase in the number of candidates. This is a positive development, as it indicates an increase in job opportunities for the unemployed.

Yours sincerely,

The question of introducing a shift system in the industrial establishments will have to be considered to provide employment to the skilled and semi-skilled labour.

The Government in their recent budget proposals have indicated the provision for additional employment. The matter of the provision of additional employment should be taken up with the employers at the earliest possible moment.

Cottage industries upon which many millions of our self-employed classes of people are dependent for their maintenance should be encouraged to the extent possible through the help of the cottage and small scale industries. The Government should be asked to give first preference to these units over others for the provision of employment both in Government and public and private institutions. All the Government institutions and private establishments should be brought under the purview of the Aggravation Act 1961. Survey to be conducted immediately and the reservations to be directed to rectify the division of all categories, as per the Survey Report. The Government to recruit trained persons in Education, Medical and P.W.D. The Hon. Members and Licensors:

Dear Sirs,

Firstly, I would like to draw your attention to the following points:

1. The current economic situation is marked by high unemployment and spiralling prices. The situation is critical, and urgent action is needed to address these issues.

2. The government must implement policies that create jobs and control inflation.

3. The situation is exacerbated by the recent increase in oil prices, which has further inflated the cost of living.

4. Immediate measures must be taken to stabilize the economy and ensure the well-being of the people.

Statement

Mr. A. R. B. (Member of Legislative Assembly from the constituency of X) presented the following motion: "That the House takes note of the increasing number of unemployed persons in the state and the need for immediate measures to combat this problem."

Mr. B. C. D. (Leader of the Opposition) responded by saying, "While we appreciate the concern expressed by the member, we believe that the government has already taken several steps to address this issue through various schemes and programs. However, more needs to be done, especially in the rural areas where unemployment is rampant."

Short discussion under Rule 70
of the Assembly Rules.

In the House of the People,
On Employment problem and spiralling prices.

Mr. R. S. Chandana: I’d like to draw the attention of the House to the employment problem and the spiralling prices. The problem of employment is particularly acute in the rural areas. The people are forced to migrate to the cities in search of work. This results in overcrowding in the cities and a decrease in the demand for agricultural products. Therefore, it is essential to find a solution to the employment problem.

Mr. G. R. Reddy: I would like to add to Mr. Chandana’s point. The government should implement policies that create job opportunities for the youth. The unemployment rate is very high, and it is affecting the economy negatively. The government should take measures to support small and medium-sized enterprises.

Mr. T. S. Rao: I would like to suggest that the government should invest in education and skill development programs. This will help in creating a skilled workforce that can meet the demands of the modern economy.

Mr. V. Ramana: I would like to point out that the cost of living has increased significantly due to the spiralling prices. This is putting a strain on the families and they are finding it difficult to meet their basic needs. The government should take steps to control inflation and stabilize prices.

Mr. N. Venkataiah: I would like to suggest that the government should provide subsidies for essential commodities to low-income families. This will help in reducing the burden on their pockets.

Mr. B. Venkateswarlu: The government should also focus on rural development programs. This will help in reducing the migration of rural youth to urban areas in search of employment.

Mr. Speaker,

I move under Rule 70 of the Assembly Rules:

Mr. Speaker, the unemployment problem has been a burning problem now. The various committees have been set up to study it. The Government has adopted a comprehensive approach by bringing about several comprehensive reports and plans to tackle the problem. However, the situation is worse. The unemployment problem is acute and demands urgent action. The Government has taken several steps to mitigate the situation. It has offered scholarships to students, provided unemployment allowance to the unemployed, and established welfare schemes to help them. Despite these efforts, the unemployment problem continues to plague the youth of the country. The Government needs to take more effective steps to address this issue.

Mr. Speaker, I would like to draw your attention to the fact that the Government has not been able to provide adequate employment opportunities. The situation is dire, and the Government must take immediate action to alleviate the situation. The Government should focus on creating more job opportunities, particularly for the youth. The Government should also provide vocational training to the unemployed to help them acquire the necessary skills for employment.

Mr. Speaker, it is a matter of grave concern that the unemployment problem is not being addressed properly. The Government needs to take urgent action to solve this problem. The Government should provide more funds to the employment funds to help the unemployed. The Government should also ensure that the funds are used effectively and efficiently.

Mr. Speaker, I would like to urge the Government to take effective steps to address the unemployment problem. The situation demands urgent attention, and the Government must act promptly to help the unemployed.

Thank you.

Mr. Speaker, I would like to make an urgent request to the Government. The unemployment problem is a serious issue, and it is time for the Government to take effective steps to address it. The Government should provide more funds to the employment funds to help the unemployed. The Government should also ensure that the funds are used effectively and efficiently.
