_CONSTANTINE THE GREAT: THE WORLD'S FIRST GREAT CHRISTIAN

Constantine was born in 275 AD in Naissus, modern day Niš, Serbia. His father, Nicene, was a Roman senator and his mother, Helena, was a Christian who had dedicated herself to charity and sought to find the true site of Jesus' crucifixion. Constantine was educated in Rome and later in Trier, Gaul. In 293 AD, he was made a praetorian prefect of Gaul by his father, who was then the proconsul of Africa. After the death of his father in 306 AD, Constantine succeeded him as the proconsul of Gaul. In 306 AD, he was proclaimed Augustus by his army. He was the first Roman emperor to adopt Christianity as the state religion.

In 312 AD, Constantine had a vision of the cross and heard a voice that said, "By this sign shall you conquer." He interpreted this as an instruction to use the cross as a symbol of victory and therefore, the sign of Christianity. He went on to march into Rome, crossed the Rubicon, and defeated Maxentius at the Battle of the Milvian Bridge. He then entered Rome and occupied the city. He was crowned as emperor by the archbishop of Rome, Melchiades, on 28 March 312 AD. He thereafter adopted Christianity as the state religion of Rome.

In 313 AD, he issued the Edict of Milan, which granted religious freedom to all religions. He also granted privileges to the Christian Church. He consecrated the Lateran Basilica, which became the seat of the Roman Catholic Church. He was the first emperor to build a church in Rome, the Basilica of Maxentius, which later became the Lateran Basilica. He was also the first emperor to construct a church in Constantinople, the Church of the Holy Apostles. He died in 337 AD and was succeeded by his son, Constantine II.

MISAPPROPRIATION BY THE MANAGEMENT OF
CO-OP. MARKETING SOCIETY, PATHAGANNAVARAM

148—

82 (1422) Q.—Sri S. Vemayya:—Will the Hon. Minister for Medium Irrigation and Flood Control be pleased to state:

(a) whether it is a fact that an amount of Rs. 1.50 lakhs has been misappropriated by the management of Co-operative Marketing Society, Pathagannavaram, East Godavari district recently; and

(b) if so, the steps that have been taken against the persons responsible for the losses?

A:—

(a) Sir, the President of the society has been retaining heavy cash balance ranging from Rs. 4,000 to Rs. 36,000 between 8-1-1970 to 17-9-1970 without remitting the amounts due to the Konaseema Co-operative Central Bank, Amalapuram and District Co-operative Central Bank, Kakinada. He has since remitted the entire amounts due to both the Central Banks. He is still said to be retaining a cash balance of Rs. 7,071.48 with a view to remit Government loans and audit fees. An enquiry into the working of the society under section 51 of the Andhra Pradesh Cooperative Societies Act was ordered on 2-11-1970 by the Deputy Registrar of Co-operative Societies, Amalapuram. The enquiry report is awaited. After the report is received it will be known whether there was misappropriation of funds by the management of the society.

(b) Does not arise.

(c) Though the Primary Land Mortgage Banks try to disburse loans according to chronological order, it is not always possible to adhere to chronological order because of various factors. For example 'A' is sanctioned a loan in the month of January and 'B' is sanctioned a loan in the month of February. But if 'A' delays execution of mortgage bond and 'B' executed the same earlier than 'A' the latter i.e., 'B' would get the loan earlier. The loan applications are pending in the Nalgonda Primary Land Mortgage Banks for various reasons, such as completion of public enquiry, want of Encumbrance certificate and Tahsil Certificate, execution of mortgage bond, etc.

ANNOUNCEMENT
re: HALF-AN-HOUR DISCUSSION ON THEREPORT OF THE ADVISORY COMMITTEE FOR BACKWARD CLASSES

Mr. Speaker:—I am to announce to the House that the House will take up half-hour discussion from 1.30 p.m. to 2.00 p.m. tomorrow, i.e. Tuesday, the 10th August, 1971, regarding the report of the Advisory Committee for Backward Classes on the Starred Question 1234 (2055). I think the House has no objection to sit from 1.30 P.M. to 2.00 P.M. Assuming that the House will agree, I have fixed the time.

POINT OF INFORMATION
re: VOTERS LIST OF NALGONDA DISTRICT

(с) The arrears pertain to the year 1952-53 and are due for a period of more than 18 years.
(d) Yes Sir,
(e) An amount of Rs. 2,53,798.84 has been realised.
Mr. Speaker:—I have called the explanation of the Assistant Secretary, Mr. Anguraj. I think he is submitting his explanation today. After that I will consider.

Mr. Speaker:—I have not gone through it. Under the Rules, if the Speaker considers it to be necessary for him to hear the Member concerned he will consider it; otherwise, if he deems that there is no prima facie case he can straightaway disallow it. Now, you gave notice yesterday. I have still not gone through it. After going through the explanation of the concerned person against whom you have given notice, I will consider whether I should hear you or not.

Mr. Speaker:—I will certainly consider it after getting his explanation.
Mr. Speaker:—I will certainly consider it after getting his explanation.

Mr. Speaker:— You have finished?...Let me tell you. I feel that it will not be fair for me to pass any order without obtaining the explanation of the person concerned against whom you have given notice. It was only yesterday you gave notice and immediately I called upon him to offer his explanation. He has not yet submitted his explanation. Most probably he will be submitting his explanation.

Sri N. Raghava Reddy:—I have given notice of an adjournment motion regarding lathi-charge in Naiasampet which relates to the Home Minister.

Mr. Speaker:—You did not give it to me. Is the Home Minister in a position to make a statement today?

Sri J. Vengal Ram:—How can I make a statement if I am informed just now?
Mr. Speaker:—I will hear it tomorrow.

Sri N. Raghava Reddy:—Meanwhile, beatings are going on. Let it be stopped.

Mr. Speaker:—We will take it up tomorrow.

Now, Smt. Eswari Bai has given notice of a motion which reads like this: "...the statement of our External Affairs Minister Mr. Swaran Singh that Pakistan should think twice before committing aggression on our soil; otherwise they would be completely destroyed. In view of the dangers of war, what steps for civil defence have been taken by our Government?" I do not know how we are concerned with his. You are raising matters which are very delicate and you want the Chief Minister to make a statement on this. I don't think it is advisable for you to say anything about this matter. That is what I think; it is left to you, because it is a matter concerning the Central Government. On the floor of the Lok Sabha, the External Affairs Minister made a statement and the Prime Minister made a statement. They are taking whatever action is necessary and they are not prepared to disclose. It is not in the interests of the Nation also to disclose certain things.

Sri Ch. Rajeswara Rao:—We are discussing the subject on the 18th.

Mr. Speaker:—It is not desirable for you to raise the issue on the floor of the House.

Smt. J. Eswari Bai (Yellareddy):—If war is inevitable, it is not possible to keep it a secret.

Mr. Speaker:—Why should you think like that?

Smt. J. Eswari Bai:—What is the objection to reveal the steps taken by our Government?

Mr. Speaker:—Let us hope that such a situation will not arise. If unfortunately such a situation were to arise, then, of course, the Central Government and the State Government and the people will consider as to what should be done. So, it is not necessary or proper for you to raise that issue.

Smt. J. Eswari Bai:—I have given another notice today at 7:05 AM.

Mr. Speaker:—It came to me at 9:15. It should be given half an hour before the commencement of the sitting. I have sent it to the concerned Minister. Tomorrow we will take it up.
Smt. J. Eswari Bai:— I have given two more.

Mr. Speaker:— If you had given half an hour before the commencement of the sitting, I could have done something.

Sri Madan Mohan:— I have seen an advertisement in today's Deccan Chronicle calling for applications for the posts of officer trainees in the RTC and in that advertisement it is said—

Mr. Speaker:— Please give notice. I will consider about it.

Sri Madan Mohan (Siddipet):— The hon. Minister for Finance had made a statement yesterday in the House. It appeared in today's Deccan Chronicle. I was not present in the House when he made the statement. He has said some conflicting statements are made by the Praja Samithi members. I would like to make a clarification. As far as the stand of the Praja Samithi is concerned, there is no contradiction whatsoever. His statement as reported would give rise to many misunderstandings and would unnecessarily give a wrong impression to the people. We have made our stand very clear and in the course of discussions and deliberations keeping the national perspective in view we were asked to give a fair and sincere trial to the experiment of keeping the State integrated. We have agreed in a package deal and not in a piecemeal system. That is one thing. The second thing is, the Finance Minister has also charged that some of us say that we want a separate State and some of us say that we abide by the decision of the Prime Minister and that people have come to know about us and so on. I would like to know from the Finance Minister and his Party whether they are also going to abide by the decision of the Prime Minister which is going to be announced on behalf of the Prime Minister. He can't make just allegations.

Mr. Speaker:— The question arose yesterday while the Finance Minister was replying to the debate on the Budget. He said that Mr. Purushothama Rao had made certain allegations against the Prime Minister and it was not fair. Immediately, Mr. Purushothama Rao and Mr. Rajaram got up and said that he had not made any such allegations.

Sri G. Rajaram:— (Salkonda) He said "I did not make any allegation; I did not mean any disrespect."

Mr. Speaker:— When you contradicted the statement of the Finance Minister, I said, I will send for a copy of the proceedings and read it out for the benefit of the House since whatever might have been said would be there on the record.
Sri A. Madan Mohan:— When he had not meant, I don't think.

Mr. Speaker:— He might say and still he might not have meant. What it reads like, I would read out for the benefit of all. There should be no objection.

Sri A. Madan Mohan:— Before you read out, I would seek a clarification from the Finance Minister whether they are going to abide by the decision given by the Prime Minister.

Mr. Speaker:— What he said is as under:

Sri Madan Mohan rose.

Mr. Speaker:— I would ask Mr. Purushothama Rao. It is really unfortunate that he should have made such an allegation against the Prime Minister. It will be more magananimous if he were to withdraw the allegations.

Sri B. Ratnasabhapati:— (Rajampet) This may become a precedent. The member has made certain statements in the Assembly. How does the Chair concern itself about the propriety of the statement, unless it infringes—

Mr. Speaker:— Then, it is all right; it will be there for what it is worth.

Sri B. Ratnasabhapati:— (Rajampet) This may become a precedent. The member has made certain statements in the Assembly. How does the Chair concern itself about the propriety of the statement, unless it infringes—
Sri A. Madana Mohan: I have submitted what I wanted to submit; but I have not received any reply from the hon. Finance Minister or from his party.

Mr. Speaker:—I will explain the position. In reply to certain points raised during the course of discussion, the concerned Minister, namely, the Minister for Finance, tries to reply,—not only to you, but all the points raised. But when certain allegations are made they may be well-founded or they may be ill-founded particularly against the Prime Minister, who is not concerned so far as this State is concerned—in the sense, that discussions in this House are concerned, every member has got a right to make any kind of statement, and of course he will be no doubt within his rights; but the convention has been that before any damaging allegations are made against persons in position, the Chair must be informed of what allegations are going to be made.

Sri C. V. K. Rao:—Where is that rule?

Mr. Speaker:—I am speaking of conventions. Please have patience, Mr. Rao and bear me. At the same time, whenever the Chair feels that certain observations which the members have made are not warranted, it is the right of the Chair to make any observation and ask the member, if necessary, to withdraw. It is, however, for the member to withdraw or not to withdraw. When I said that, I was just throwing out a suggestion. I never questioned the right of the member to speak whatever he wanted to in the House; but at the same time, I was just saying that in the interests of fair discussion it would be better that he should withdraw. Even if the member is not prepared to withdraw, I am not restricting or questioning
The only thing I wish to say is that when you make allegations, please think twice, because the moment you make the allegations, they are flashed and published and the person against whom you are making the allegations—that person is not in the House to defend himself. It is easy to make allegations, but it is difficult for the person to explain.

Mr. Speaker:—I am not singling you out. What actually happened was: when the Minister said certain things, you denied them. Even yesterday, I said I will refer to the proceedings and inform the House what actually you have said and after you have agreed, I read it out. It is not as though I wanted to single you out. What could be my objection to single out one member, I have absolutely no such intention. If you want me to read the whole thing, I will read out the whole thing.

Mr. Speaker:—A Member has got every right. The only thing is I am appealing to the members: very often when you make allegations, it is alright if you make allegations against members or
Ministers who are in the House. They are in a position to defend themselves. But when you make allegations against persons who are not in the House, I request you to think twice before you make allegations, for the reason that they are not in a position to defend themselves. I request the members to consider twice before they make allegations.

Sri G. Raja Ram: It is very unfortunate that in spite of repeatedly telling that the member has not alleged anything or made any allegations against the Prime Minister, the Chair is repeatedly treating it as an allegation. The member has only said about corruption at different levels in the society in the All-India context and said that there were so many scandals etc. He has specifically and repeatedly been telling that he has not made any allegation against the Prime Minister. Yesterday, the Finance Minister, when he was contradicted, said that the matter is over. I am unable to understand why the Chair is bringing those parts of the member's speech into the House now and again repeating in the House that allegations have been made. What is the intention of the Chair?

Mr. Speaker:— The intention of the Chair is this: I only wanted to inform the House what had happened, with reference to yesterday's proceedings, because the member had denied that he had not made any such allegations.

Sri G. Raja Ram:— He said he has not made any allegations.

Sri B. Ratnasabhapathi:— I request the Chair to state, first, in what context he said it, and then, to tell how the Chair is interested to bring those extracts from his speech before the House now. It is unfair.

Mr. Speaker:— What is unfair about it? I said yesterday......

Sri G. Raja Ram:— When the whole matter was over, when the member concerned said 'I never meant any disrespect or made any allegation against the Prime Minister', and that he only said what was happening all over India in the society in the matter of corruption, why is it that the Chair repeatedly says the member has made allegations.

Mr. Speaker:— There is no question of repeatedly telling. Before I read out, I told you what I said and with your permission I read it out.
Sri G. Raja Ram :- We never wanted it should be read out.

Mr. Speaker :- I said for the benefit of the House I am going to read it out. Nobody raised any objection at that time.

Sri K. Achuta Reddy (Kodangal) :- Under what rules is it being read out, Sir?

Mr. Speaker :- I will tell you. Perhaps, you were not present in the House.

Sri C. V. K. Rao :- Is it fair to say that a member was present in the House or was not present in the House. You want to put them in the wrong.

Mr. Speaker :- Mr. Rao, will you allow me to answer the points raised by Sri Raja Ram and Sri Achuta Reddy. I do not remember whether Mr. Achuta Reddy was present in the House or not yesterday. It might be he was present.

Sri K. Achuta Reddy :- My presence was very immaterial. When the House is not seized of the question, the Speaker, on his own initiative, is telling something, and I am asking the Speaker under what rule it is being done.

Mr. Speaker :- Let me explain the position. The Finance Minister while replying to the points raised during discussion said that Mr. Purushottama Rao has said certain thing. Immediately it was contradicted by Mr. Rajaram and by Mr. Purushottama Rao also that he had not said any such thing.

Sri G. Raja Ram :- The fact is, immediately Mr. Purushottama Rao rose and he said 'I never meant any disrespect to the Prime Minister or disregard to the Prime Minister and I never made any allegation'.

Mr. Speaker :- Immediately I said I would send for copies of proceedings and inform the House what actually Mr. Purushottama Rao has said.

Sri G. Raja Ram :- When the Finance Minister has particularly said that the matter is over, where is the need to revive the issue now, Sir?

Mr. Speaker :- I sent for the copies of the proceedings. No objection was taken at that time. I never raised it myself. It was Mr. Madan Mohan who raised it.

Sri A. Madan Mohan :- I have a right to correct the position. I have never raised this issue. I only said that since the Finance Minister had made a statement...

Mr. Speaker :- Then I said I would call for a copy of the proceedings.
Mr. Speaker:— When I was about to read, nobody raised objection (Sri Madan Mohan: I did. Then you said: “Let me read this.”) If you want, I will get again a tape-recorded version of the proceedings. It is only after that I read out. After Mr. Ratnasabhapathi again raised that point, you are now raising it.

Sri Madan Mohan:— I said now that is over. You said “No; let me read out”.

Mr. Speaker:— Now that Mr. Purushothama Rao has said he never meant anything against the Prime Minister, I treat the matter as closed.

Sri B. Ratnasabhapathi:— The whole discussion is leading to a situation where the rights of the members are jeopardised. That is, how I got the impression.

Mr. Speaker:— I told you I have made it very clear. I am not in any way trying to restrict the rights of the members of the House. It is not for me. The Constitution gives them the right unlimited right to freedom of speech, etc. I only said and appealed to the members “When you are making serious allegations against persons who are not members of this House” consider twice before making allegations.

Sri B. Ratnasabhapathi:— That is your suggestion. If that were so, it is all right.

Mr. Speaker:— It is only a suggestion. It is not as though I can give a direction to the members.

Sri K. Achutha Reddy:— My point has not been clarified viz, regarding the rules.

Mr. Speaker:— What actually happened I told you. Where is the question of the rule? Whenever certain statements are contradicted, it is for the Speaker to get it verified and inform the House the correct proceedings.

I am not concerned with individuals. I only said in respect of persons who are not members of this House and who are not in a position to defend themselves. Now I said it is only a suggestion I
threw out to Mr. Purushothama Rao. If I felt that they were un-
warranted and all that, I could have easily got it expunged. I have
got that power. But I never did it. On the other hand, I said, the
member has got a right to speak. Whoever is questioning the right
of the member to speak whatever he wants to. That is not denied
at all. The only thing is when you make allegations you must be
careful.

Sri A. Madan Mohan :- I had asked the Finance Minister a
clarification and that has not yet come out. The loyalties of some
people to the Prime Minister may be contradictory but our loyalties
are sentimental and without consideration. Let me clarify. Our
stand has always been clear. Besides our loyalty to her is senti-
mental and without consideration. All that we have been fighting
and we still continue to fight is as long as our rights are not pro-
tected and as long as our demand is not conceded. But I would
like to know from the member who has made a statement about
South and North and about change of leadership and infiltration etc.
What he meant, we could not understand. Really, it is in bad
taste. It does not get into our wildest imagination as to the think-
ing and outlook of this person. He is here and he can clarify why
he has said it. You have insisted deliberately that Mr. Purushothama
Rao's statement should be read out, but I would also like that the
person who has made such allegations should be called upon to give
a clarification here.

Mr. Speaker :- I never did it deliberately nor did I do it on
my initiative. It was only done at the initiative of other members.

Has the Chief Minister got to say anything about what Mr.
Madan Mohan is saying?

Sri K. Brahmananda Reddy :- I do not answer irrelevant
questions.

Sri A. Madan Mohan :- Mr. Speaker, Sir. You have said that
you will ask them to say whether they will abide by the Prime
Minister's decision. It has not yet come out.

Sri K. Brahmananda Reddy :- I am perfectly willing to hear
very patiently what the Praja Samithi's stand is. I am willing to
hear, and if Mr. Madan Mohan can explain the stand, I will be per-
factly willing to hear. What I do is a different matter. I want to
know what is in my mind. What is the Praja Samithi's stand? What is that sentimental business?

Sri K. Achutha Reddy :- We will certainly speak on that.

Sri G. Venkata Reddy:—What is the reply of the Central Government? re:- SCARCITY OF DRINKING WATER IN CERTAIN PANCHAYATS IN DARSI TALUK.

640 9th August, 1971
Calling attention to matters of urgent Public Importance re: Scarcity of drinking water in certain Panchayats in Darsi Taluk.

Sri Thota Ramaswamy:— As early as January, 1971, the Collector, Ongole, convened a meeting of B. D. Os. and gave instructions for providing drinking water by deepening of wells wherever necessary. Necessary funds were placed at the disposal of the Executive Engineer, for this purpose. Geologist from the Agro-Industries Corporation visited the scarcity areas and gave a report suggesting points where fresh bores could be taken up and existing wells deepened by mechanical means.

The Collector, Ongole visited some of the villages of Darsi Taluk in Ongole district on 28-2-1971. He was accompanied by the Executive Engineer, Zilla Parishad, Deputy Director of Agriculture and Manager, Agro-Industries Corporation, and discussed steps to be taken in the event of serious scarcity conditions.

Again on 6-4-1971 the Executive Engineer, Zilla Parishad, along with the Samithi President and the Block Development Officer visited the villages in the Darsi Taluk.

Again on 8-4-71, the Secretary, Zilla Parishad visited Donakonda, Kunchedu and several other villages in pursuance of the instructions of the collector, Ongole. The Executive Engineer, Zilla Parishad, again visited some of these villages on 4th June, 1971 and inspected the wells that were being deepened by revitalising units.

Calling attention to matters of urgent Public Importance re: Non-Payment of Salaries to Teachers in Nizamabad Zilla Parishad since three months.

On the basis of the report of the Geologist, three new wells have been taken up in Donakonda and it is reported that 2 of these have proved successful. Similarly in Kurichedu two (2) new bores were taken up of which one is reported to be successful and the other is in progress. In addition to this five (5) wells were taken up for revitalisation in Kurichedu of which four (4) are reported to be successful.

The Tahsildar, Darsi, is reported to be arranging supply of water on bullock carts to the affected areas. It has also been reported by the Collector, Ongole that as a result of rainfall of 24 mm on the night of 5th July, 1971 in Kuriche, West Veerayapalem and other villages within a radius of 5 miles from Kurichedu the wells received water ranging from 4 ft. to 6 ft. and the tanks in these villages received about a month's supply of water.

Temporary and permanent measures are being taken by the Collector, Ongole to meet the requirements of drinking water in the Kurichedu, West Veerayapalem and other villages of Darsi Taluk.

RE:-- NON-PAYMENT OF SALARIES TO TEACHERS IN NIZAMABAD ZILLA PARISHAD SINCE THREE MONTHS

Now they are supplying water wherever there is...
Calling attention to matters of urgent Public Importance re: Non-Payment of Salaries to Teachers in Nizamabad Zilla Parishad since three months.

Sri T. Ramaswamy:— Sir, the Secretary, Zilla Parishad, Nizamabad who was contacted over telephone had stated that there was delay in payment of salaries for the months of March to July, 1971 to the teachers in that district as the Assistant Examiner of Local Funds and Panchayatiraj Accounts, Nizamabad wanted to have voucher-wise particulars of the funds already released and the particulars of the unspent balances before release of funds for payment of salaries for the above period. The Secretary, Zilla Parishad, Nizamabad sent a telegram on 8-8-1971, i.e., yesterday stating that the the grant for salaries of teachers under the Zilla Parishad Nizamabad for May, June, July, 1971 has since been released by the Assistant Examiner, Local Fund Accounts and the cheques for the above months were issued.

Then there are others also who would like to participate. Otherwise, the discussion on Panchayatiraj would be limited.

RE: CLOSURE OF COLLEGES UNDER THE AGRICULTURAL UNIVERSITY AT HYDERABAD.

Sir, this is an insult to the autonomy of the university that the Department should come forward and ask for a grant. I object to that, Sir.

Sri Manik Rao:—Sir, I am happy that as Member of this House, I have got a privilege to say what I have seen. I can prove it when time comes. Why this University is not running since two years, I can show this. Even the Rockfello grant which other Universities are getting, this University failed to get that grant. I can give a proof of it.

(Smt. T. Anasuyamma rose to interrupt).

Sri M. Manik Rao:—It is a fact, Sir. I am repeating. I can go into details also. I can give how many Professors, Principals, L. D. Cs and U. D. Cs have grouped. I can put it in the proper way...

The importance of local government community as a vehicle for strengthening democratic process has assumed a significance in recent years. The increasing concentration of power and responsibility at State and national levels and the exceedingly complex nature of the Governmental process had tended to divorce the citizen from the Governmental machinery designed to serve him. Local government thereby emerges as perhaps the final remaining out past of direct citizen participation in Government. The future strengthening of these units is an essential protective measure against the dangers of over-centralised Government inherent in our modern society.
