STRIKE OF STUDENTS OF JUNIOR COLLEGES

*1868 Q:- Dr. T. V. S. Chalapathi Rao (put by Sri P. Kotaiah, Chirala) :- Will the hon Minister for Education be pleased to state:
(a) whether it is not a fact that the students of many Junior Colleges in Andhra region, particularly from Bhimavaram and Narsapur in West Godavari District resorted to strike in the month of December 1970 and January 1971 as a protest against the heavy curriculum prescribed for their studies;

(b) whether the Government have received any representations on the subject (i) from the teachers and (ii) from the students: and

(c) if so, what are the steps taken by the Government to solve that problem?

The Minister for Education (Sri P. V. Narasimha Rao) :- a) Yes Sir.

b) Representations have been received from the students and not from the teachers.

c) The grievances of the striking students were examined and in respect of two of their main demands regarding heavy syllabus and postponement of examinations instructions were issued deleting some portions from the syllabus and also postponing the examinations to the end of April 1971.

Sri P. V. Narasimha Rao :- Heavy syllabus in all subjects, late publication and late commencement of lessons for want of text books, medium of instruction difficulty, model papers far above the standards, proposed withdrawal of an examination by the Andhra University, compulsory study of heavy syllabus in Mathematics by B. P. students and heavy syllabus for M. P. students, heavy burden, lack of job opportunities to all students in Telugu medium, postponement of examinations......

They fall into two categories: one is about the syllabus and another about inadequacy of time for preparation for examinations.

Sarvasri C. Janga Reddy (put by Sri P. Subbaiah) :- a) Yes Sir.

b) Representations have been received from the students and not from the teachers.

c) The grievances of the striking students were examined and in respect of two of their main demands regarding heavy syllabus and postponement of examinations instructions were issued deleting some portions from the syllabus and also postponing the examinations to the end of April 1971.

**Revision of Pay-scales of the Teaching Staff in Technical Education**

*1575(1672-F) Q:-* Sarvasri C. Janga Reddy (put by Sri P. Subbaiah)
and D. Venkatesam:— Will the hon. Minister for Education be pleased to state:

(a) whether it is a fact that scales of the Teaching Staff of Technical Education Department were not revised since Feb., 1960, even though the scales of the teaching Staff in Arts & Science Colleges have been revised twice within ten years;

(b) if so, why their scales are not revised when the cost of living has risen up in these 10 years;

(c) whether it is a fact that the Director of Technical Education has recommended the revision of pay scales for the teaching staff in the Technical Education Department on par with the D.A merged scales ordered in G.O. Ms. No. 173 of 69-70 somewhere in the month of June 1969; and

(d) if so, what action has the Government taken or propose to take on the proposal of D. T. E.?

Sri P. V. Narasimha Rao:— a) Yes, Sir.

b) The teaching staff of Technical Education Department have been given the All India Council for Technical Education Scales of pay with effect from 23-2-1960 which are higher than the corresponding state scales of pay even today. However, the matter is under examination.

(c) Yes, Sir.

(d) The matter is under consideration.

RECOGNITION OF THE POLYTECHNIC TEACHERS' ASSOCIATION

369—

*1576 (1672-G) Q:— Sarvasri C. Janga Reddy and D. Venkatesam (put by Sri Poola Subbaiah):— Will the hon. Minister for Education be pleased to state:

(a) whether it is a fact that the Adhoc Committee of the Government Polytechnics Teachers' Association has represented to the Government for the recognition of their association;

(b) if so, when was it made and what action was taken on that;

(c) whether the teaching staff of the Government Polytechnics are not entitled to form an association themselves; and

(d) if so, under what rules or provisions of law?

Sri P. V. Narasimha Rao:— a) No, sir.

b) Does not arise.

c) & d) They can form into an Association; but, if they want recognition to the Association, they have to satisfy certain conditions as laid down in G. O. Ms. No. 1144, General Administration (Ser-C) Department, Dated: 8-8-1962.
138  11th August, 1971  Oral Answer to Questions

Sri A. Madhava Rao:— Will the hon. Minister for Education be pleased to State:

(a) whether it is a fact that in Samarlakota Municipality, Chirala Municipality and other Municipalities, Salaries of teachers are not paid since four months;

(b) whether the Government propose to immediately pay the salaries of teachers; and

(c) if not, the reasons therefor?

Sri P. V. Narasimha Rao:— (a) Yes, Sir. There has been some delay in the payment of salaries to teachers under the municipalities.

(b) & (c) The main reason for delay in payment of salaries is shortage of funds in the Municipalities. Additional funds have been released to the Municipalities of Chirala and Samalkot by the concerned District Educational Officers lately.
Mr. C. Narasimham is going into the matter including the pattern of educational grants in Municipalities. After we receive his report only, the Municipal administration will be able to take action.

**Non-Payment of Salaries to the Aided School Teachers of Sulurpet**

371—

*1628 (2395-U.) Q.- Sri K. Muniswamy :- Will the hon. Minister for Education be pleased to state -

(a) whether the Government are aware of the fact that the teachers working in aided schools at Sullurpet, Nellore District are not getting their salaries since 4 months from November, 1970 till today;

(b) if so, the reasons therefor; and

(c) will the Government take steps to pay their salaries at once?

Sri P. V. Narasimha Rao :- (a) & (b) Salaries in respect of teachers in V. M. C. Aided Elementary School, Nagarajapuram, Sulurpet, were released upto the month of June, 1971 including salaries for the strike period.
In respect of teachers in S. A. L. C. Elementary School Sulurpet, Salaries have not been paid from the month of April, 1971 because there was no certificate of non-participation of teachers in the strike from the management.

(c) Action will be taken for payment of salaries for the strike period also.

S. N. Q. No 2481-K. Sri R. Mahananda :- Will hon. the Deputy Chief Minister be pleased to state:

(a) whether it is a fact that tenders are called recently for the Multi storied building for Collectorate at Ongole;

(b) if so, what is the estimated cost of the same;

(c) whether it is fact the above tenders are stayed; and

(d) if so, the reasons therefor?

Sri J. V. Narasima Rao :-

a) Yes, Sir,

d) Rs. 41 00 lakhs

c) & d) The tenders called for twice were considered to be too high and tenders are recalled for the third time fixing the last date for receipt of tenders as 17-3-1971, after rejecting the high premium tenders.

Sri R. Mahananda :- Once the Chief Secretary including some of the State Officers have gone there; they have selected a site; they have called for tenders for two, estimated cost Rs. 48.76 lakhs, after rejecting the high premium tenders.

What is the site selected for the construction of these buildings?

Sri R. Mahananda :- Once the Chief Secretary including some of the State Officers have gone there; they have selected a site; they have called for tenders for two, estimated cost Rs. 48.76 lakhs, after rejecting the high premium tenders.

We are not interested in contractors.
Sri J.V. Narasimha Rao: Three-storeyed accommodation building for administrative office at Oncole.

We have to acquire; we have to invest further 5 to 6 lakhs. Therefore, it is very necessary to change the site.

We have to acquire; we have to invest further 5 to 6 lakhs. The cost of the building also will be increased to nearly 10 to 15 lakhs. The cost of the building also will be increased to nearly 10 to 15 lakhs. Therefore, it is very necessary to change the site.
Sri J. V. Narasinga Rao :- We are prepared to do that.

Mr Speaker :- The present programme is to construct a building within the site opposite to the Collector's office. That is what he is saying. We are not closing the doors. If there is any Government land, we are not going to waste money for acquiring private land. That assurance I can give.

5. Sri T. Venkatappaiah,
6. Sri G. V. Sudhakara Rao,
7. Sri Y. V. Krishna Rao,
8. Sri P. Rajagopala Naidu,

Yours faithfully,
P Ranga Reddi."

BUSINESS OF THE HOUSE

Mr. Speaker :- I have not yet gone through the record. I do not consider it so urgent or important. I will go through the records. Where is the hurry?

Mr. Speaker :- It has not yet come to me. I will find out what it is and let you know.

Sri N. Ramachandra Reddi :- Sir. regarding the procedure to be adopted for acknowledgement of letters by the Minister for Marketing.

Mr. Speaker :- I requested you to give notice and you were not good enough to give notice. If you give notice I will pass it on to the concerned Minister and ask him to make a statement.

Sri N. Rama Chandra Reddi :- Where is the need for giving notice?

Mr. Speaker :- Whatever it is, kindly give notice and I will call upon the concerned Minister to come prepared and make a statement on the floor of the House.
Calling attention to matters of Urgent Public Importance.

re: Fee concessions in S. K. V. P. College, Markapur.

CALLING ATTENTION TO MATTERS OF URGENT PUBLIC IMPORTANCE

Re: Collection of full and half fee concessions from students in S. K. V. P. College, Markapur.

Sri K. Ramanatham in the Chair.
Calling attention to matters of Urgent Public Importance, re: minor Irrigation Schemes in Podili Taluk

Sri. P. V. Narasimha Rao :— Sir, from the private aided managements, several representations were received with a request to release free compensation grant towards loss of fee income foregone by the managements in granting educational concessions to the students of Intermediate classes. The request could not be considered during 1969-70 and 1970-71 due to financial stringency. They are now being considered for the current year.

Sri V. Purushothama Reddy :— Sir, the four works, reservoir across Makaleru near Collapalli village, reservoir across Peddavasu near Thuvapadu, reservoir across Vedulavagu near Thummalachuru village and reservoir across Potharavagu near Ambapuram village are at different stages of execution. For the year 71-72, the following provisions have been made for these works:
Calling attention to matters of 
Urgent Public Importance, 
re: non-clearance of silt from 
Sekharapalli Channel.

Reservoir across Makaleru near 
Gollapalli village

The scheme is expected to be 
completed by March 1972 by suitable 
reappropriation of funds.

Reservoir across Peddavagu near Thevapadu village
Rs. 50,000

Reservoir across Vedulavagu, 
near Thummalacheruvu
Rs. 30,000

Reservoir across Potharajuuvagu near Ambapalam
Rs. 10,000

The slow progress on the works is due to paucity of funds. Efforts will be made to have them completed as early as possible.

As regards the remaining 4 schemes, extension of bund of Narapanaidu Cheruvu in Vemavaram village, formation of reservoir across Localavagu near Narasapuram village, formation of tank across Taduvaripalli and formation of tank across Dasaravagu near Siddavaram—estimates have been sanctioned. Items 1, 2 and 4 are proposed to be taken up this year under the hard-core programme. Item 3 will also be taken up this year under the normal minor irrigation programme.

Re: Non-clearance of silt from Sekharapalli Canal 
in Palakonda Taluk, Srikakulam District.

May I request the whole Ministry to think very seriously about this problem and solve the revenue problems which are more important? I have represented about five or six cases which are pending for the last several years in the Revenue Department. Though the Government passed orders, the lower categories people are not implementing. I shall show one such case.

Regarding trouble between Harijans and political sufferers, I am asking directly the Government, is there any single case in the State today where a single dispute has been solved on the spot in the presence of M.L.A. or Samithi president. I am putting a straight question to those who have passed the orders. The order was communicated on 8th November, 1970 and so far no Collector or Tahsildar or R. D. O. has taken care to see proper action has been taken.

Shri K. Brahmendra Reddy: I want to tell the House regarding backward districts of the State. It has been finally decided by the Government of India on the recommendations of the State Government, for industrial development and concessional finance from Banks etc., all the four districts of Rayalaseema, 7 districts of Telangana except Adilabad and H.d.-rabad; and, Srikakulam, Nellore and Ongole, all these 14 districts have been agreed to by the Central Government, treating them as backward districts in the State.

(Shouts)
bad and Hyderabad i. e., Nizamabad, Kareemnagar, Khammam, Nagonda, Medak, Mahaboobnagar and Warangal have been included.

A zone equal to the size of a district and such are two in number for the State. There are two such zones of the size of a district both in Telangana area and Rayalaseema area.

Sri K. Rami Reddy: I want a clarification.

The zone equal to the size of a district will get 10% subsidy also for industrial units that are started there.

जमानत में अंतिम हो जाए तो यह बात खतम हो जाएगी और उन को लोन लेने में भी सहजता होगी।

एक बार बात यह कि कार्यकार इतनी मेहनत करके फसल उगा कर गल्ला बाजार में लेजाता है तो वह चूर लाभ लाता है। उस के पतवारी से और पच्चिस में सर्टिफिकेट लाना पड़ता है। फिर 3 फीसद व्यापारी का काम लेता है। अगर आजादी के 25 साल बाद भी हम इस का इतना न कर सकें और कार्यकार को चूंकि तक्करहै हो तो अफसोस का बात है। मैं सरकार के साथ हूँ और सरकार मेरे साथ लेकिन युगे यह कहना पड़ता है कि जब तक हम कार्यकार के सुख हुँ तो न देखें उन की युक्तियाँ को दूर न रखें हम अपना फर्ज़ पूरा नहीं कर सकेंगे। युगे विश्वास हैं कि हमारे सुख्य मंत्री जो बहुत अच्छे और अनुभवी हैं उन के जमाने में हम बातों का जहर हल निकाला जाएगा।

रेखेनु, समाज में गीत की हड़त की तलहोटा है। जिस तरह मानवी रीढ़ को हड़ता है। के बरेट खड़ा नहीं रह सकता उसी तरह रेखेनु या भी हाल है। मैं अभिधि समय न लेते हुए हमारे राज्य में दुश्मन है उस पर अपने बिखाल जाहर कर रहा जा गया है। मैं परेशान ही हरने परियों को दोहराव के लिए गया था। लेकिन वहाँ की हालत देख कर मेरे कदम वहाँ से नहीं हट तक। गाँवों में गर्हिया, मजबूर, काश्यकार भूखे हैं। हम को आधा पेट पाड़ पेट भी खाना नहीं मिल रहा है। यह बदनसीबी है या समाज का कोप है, एक तफ की वाली ज्यादा हीरक गांव तबाह हो रहे हैं और दूसरी तफ्फ़ा बांस न होने से तबाह हो रहे हैं। यह इस सब की परीक्षा का समय है। यह सरकार की परीक्षा है, नेताओं की परीक्षा है। हम सब को इस परीक्षा से गुजरना बाहरी है। मैं यह गया तो ५०० कुंटल अनाज जमा वर्कर विल सोलु गुडलू नेचन। लोगों की खिलाने पिलाने, पूंजी गाँव के लिए ५० ही चूँक़े पर तैयार करके लोगों में तक्तीम २ रनों का इतना ही। क्या हूँ चना जवाब जो भी मिल सका उस से शुरू किये हैं। लेकिन इस से कुछ नहीं होता। इसके लिए भी प्राप्त करने का हमारा इन्स्ट्रूक्शन है कि रचकर इस पर अनुभवी तरह विचार करें। जिस आदमी के शरीर कच्चे भूखे हो उस के इलाज का हाल उसी से पूर्व लिया। आप भी पवित्रिके के आदमी हैं। आप भी हैदराबाद में घर घर जाते हैं। युगे सूची है कि हमारे
रुपये मंत्री यहाँ बैठे हुए हैं। उन दो से यह मसला हल हो सकता है।

फाइनल संग्रहभागी वह नहीं बड़े, मोटे, ऊँचे आदर्शी हैं। मे समझता है कि उन का दिल भी उतना ही खुला होगा। मे आशा करता हूँ कि वह इस नाजुक समय पर फाइनल की चर्चा की महत्ता के लिए खोल देगे।

इस के बाद लोन की समस्या है। हर तालुकदेव में डेट दो सौ ग्राम होते हैं। हर एम. एल. प. के रूप में भी फाइनल भए उन्हे ही गाँव होते हैं। अगर एक नए भागके लिए एक एक लाख रूपये लोन दे तो हर गाँव के लिए 5, 6 सौ से ज्यादा तकसीम नहीं कर सकेगे।

इस से क्या ही सकता है। हमें कार्यकारी और मजदूरों की मजदूरी देने का निर्देश की चीन दिया देने का। तत्कालीन वक्त आया है उन्होंने भी कहा कि में घर में गाँव गाँव पिठाफ और लोगों को ज्यादा से ज्यादा मिली कम दिलाने की कोशिश करना।

हमारी चुनावी है कि हम को हमें चीफ मिनिस्टर मिले हैं। में यह भी कहूँगा कि जानते ही मजदूर और कार्यकारी की सहायता करने है वह भी बाजार में नहीं है। हमारे प्रयत्न हो जाता है कि भूखे गहने वाले लोगों और जानते की मदद करें उसके बाचें। तब की हम मानवता के भक्त, गाँवीजी के शामिल हो पंडित्यों के वंशज सातित हो सकते हैं। मुझे प्रयत्न हो वाले जो ज्यादा कर सकता है कि वह ज्यादा से ज्यादा लोन की चर्चा करें में यह नहीं थी कि यह मारी जिम्मेदार केवल स्वर्गीय हो। हम लोग भी लोगों से बन्द या आनंद हनिला करके मे बातने की चर्चा कर सकते हैं। यह सयम धर में चैटने का नहीं है हमें वहाँ में जा कर काम करना चाहते हैं जिस के लिए हम जंग में बिगाड़े देते हैं। हमारे आकाशवान भी और नान्हाफ़ीश्याम भी काम करके हम दुःखित और तकसील की खुराक में काम करना चाहिए। इस से लोग भी महसूस करेंगे कि हमारे दुःख दर्द को समझने वाला भी कोई है। में ज्यादा नहीं लेता, में अपना राखालाकी पुराना चढ़ा करते हुए व्यापार से सहजता होता है। जय हिंद।

STATEMENT BY THE CHIEF MINISTER

re: Appointment of a Committee for collecting of factual data of incomes derived from different categories of agricultural land in the State.

Sri K. Brahmananda Reddy :- Sir, At the time of discussion on the Governor's Address, I said Government would constitute a Committee to gather factual data with regard to the incomes derived from various categories of lands in the State so that it might be useful for any consideration thereafter either with regard to ceilings or otherwise.

Sri C. V. K. Rao :- I raise a point of order. Now, this is the hour fixed for discussion on backward classes etc. and the Chief Minister is unwarrantedly stealing the time of the House. Therefore it should be compensated.

Sri K. Brahmananda Reddy :- Certainly......

Mr. Deputy Speaker :- You will have your opportunity........

Sri K. Brahmananda Reddy :- I made an announcement in this House a few days ago that the Government are proposing to set up a Committee to gather factual data in respect of incomes derived from different categories of agricultural lands in the State. This announcement was welcomed by all political parties in the Assembly. I am glad to inform the Members that Government have now decided to set up a Committee for the above purpose consisting of the following:

1. Sri P. Venkatasubbaiah, M.P. ... Chairman
2. " M. Ramagopala Reddy, M.P. ... Member
3. " S. R. A. S. Appala Naidu, M.P. ... 
4. " Y. V. Krishna Rao, M.L.C. ... 
5. " N. Raghava Reddy, M.L.A. ... 
6. " K. Lakshminarasimharao, M.L.A. ... 
7. " Bathina Subbarao, M.L.A. ... 

A suitable Officer will be appointed as Secretary of the Committee.

The terms of reference of the Committee will be as follows:

(a) categorisation of agricultural lands in various regions of the State with special reference to the fertility of the soils, appropriate classification and assuredness of the irrigation facilities provided; and

for 1971 - 72.
Voting of Demands for Grants.

(b) to determine in respect of each category the average annual gross or nett income computed with reference to a 5-year period taking into account:—

(1) the variety of crop or crops and the customary crop rotation practices adopted;
(2) the average gross yields derived in respect of various crops;
(3) average prices fetched for the produce of the crops, and
(4) the average cultivation in respect of various crops and the taxes and fees payable in respect of the lands.

The Committee will be asked to submit its report within four months.

Sri Konda Lakshman Bapuji :- May I ask that the scheduled castes, scheduled tribes and backward classes are represented in the Committee because these are the sections primarily affected and only big landlords are there?

Sri K Brahmananda Reddy :- There is a member belonging to the Backward Classes, there is a Harijan, and there is a Communist (Right) Member. Sri Bathina Subbarao belongs to Scheduled Caste; Sri S. R. A. S. Appala naidu belongs to a backward class etc; Sri K. Lakshminarasimharao will come forward to represent scheduled tribes, the Communist Party (Right) and the communist Party (Left) are there and the Telangana Praja Samithi is represented.

Sri Ch. Rajeswara Rao :- It is a political decision.

Sri K. Brahmananda Reddy :- No. Sir.
The idea is as I mentioned, to gather factual data. After the data is gathered, how much land should be there and how much should be left, it is a political decision to be taken by the Assembly.

I want to tell the brutal truth. Here is a Government which has been talking all these days about socialism and weaker sections. What have they done to 50 to 60 lakhs of Backward Class; it is caste ridden and class- ridden and they want to deny the right that is put in black and white.

1. The proposals are very anxious to help the backward classes. As such, they are very anxious to help the backward classes.
Social and educational backwardness must be comparable to scheduled castes and tribes. A list of backward classes and castes should be issued. A study of the social, economic, and educational backwardness must be conducted. The list must be maintained and updated regularly. The backward classes and castes should be identified and distinguished from the scheduled castes and tribes. The backward classes and castes should be provided with special assistance and support to overcome their social and educational backwardness.

held that this G.O. Ms. No. 1793, Education dated 23-9-1970 as invalid stating that it violated Article 14 and Article 15 of the Constitution. The entire classification of backward classes was held to be wrong. The Government filed an appeal in the Supreme Court against the High Court Judgement. The Supreme Court did not grant stay of the judgement of the High Court. The case is now pending in the Supreme Court. So long as the Appeal is pending in the Supreme Court, the Government cannot issue a fresh list of backward classes as this may be construed as acceptance of the decision of the High Court that the present classification was wrong and the Government case in the Supreme Court may adversely affect.

Sri Konda Lakshman Bapuji :- It cannot be for all the purposes. As Sri Ch. Rajeswara Rao pointed out, there are so many issues where the rights of some Classes would not be affected or challenged.

I would also like to draw your attention to certain difficulties in the extension of employment and educational opportunities for Backward Classes other than Scheduled Castes and Scheduled Tribes. Though constitution permits preferences in the case of Backward Classes, our experience is that the conditions are not easy to implement. We have set up a Backward Class Commission which listed the Backward groups in the State and we have issued orders providing for reservation in services and educational institutions for the groups in the State. This order has been struck down by the High Court and though we are taking up the matter in appeal, it seems to me that there may be need for appropriate legislative action to set out acceptable criteria for defining what constitutes the Backward class in order to ensure that those provisions for their benefit are not subject to attack on constitutional grounds.

APPENDIX

STATEMENT ON REVENUE DEMANDS FOR 1971-72

ADVERSE SEASONAL CONDITIONS

The early rains of April and May, 1971 had generated hopes of favourable seasonal conditions this year. However, the below normal rain fall received in June, 1971 and the unprecedented dry spell in July, 1971 have completely altered the situation. Reports received from the District Collectors disclose that irrigation tanks in many areas are without water and that irrigated cultivation could not commence. Sowings of dry crops has also been affected and where crops had earlier been sown, they are reported to be withering away. In many parts, agricultural labour is without employment and reports of scarcity of drinking water and fodder in some areas have been coming in. Prices of food grains are also showing a raising trend. There was also a full fledged debate on seasonal conditions in the Legislative Assembly on 3rd August, 1971 following which, action has been taken on the lines indicated below:

Mr. Speaker.- The House now stands adjourned to meet again at 8-30 a.m., tomorrow.

(The House then adjourned till half past Eight of the clock on Thursday, the 12th August, 1971.)
(a) An amount of Rs. 2 crores has been sanctioned by the Government and placed at the disposal of the Board of Revenue for allocation among the various districts according to needs for various drought relief measures.

(b) Telegraphic instructions have been issued to all Collectors not to resort to coercive processes in collection of land revenue and loans and where coercive processes have already been initiated to withdraw the proceedings.

(c) 10,000 tonnes of food-grains will be released immediately by the State Government for distribution through Super Bazar, Co-operative Societies, etc. Fair price shops will be opened wherever necessary.

The seasonal conditions are being closely watched and the Collectors have been instructed to send wireless reports once in every 5 days this month.

The Government of India have been addressed to send a study team to assess the drought situation and the nature and magnitude of the relief operations required and recommend appropriate Central assistance.

**Floods—September, 1970—Twin Cities**:

As the House is aware, the unprecedented rains on 21st September, 1970 in the twin Cities of Hyderabad and Secunderabad caused immense havoc inundating the lowlying areas in Hyderabad, damaging houses, the surface and underground drainage system and causing untold havoc and misery to a number of people. Relief measures to provide immediate succour to the affected public were undertaken. Long term measures to prevent the recurrence of similar calamities and to rehabilitate persons living in lowlying areas have also been taken on hand. The Government have sanctioned a sum of Rs. 1 crore for acquisition of lands, construction of tenements and grant of loans for repair and reconstruction of houses while over Rs. 2 crores have been sanctioned for repairs to surface and underground drainage systems roads and buildings. More funds will be released for the twin cities. The districts of Adilabad, Nizamabad, Medak, Khammam, Kurnool, West Godavari and East Godavari were also affected due to unprecedented rains in August, 1970 A sum of Rs. 2.52 crores was released for all the above districts towards relief loans and works.

(2) **LAND REFORMS**

A Bill for the extension of the scheme for the preparation and maintenance of a statutory Record of Rights now in force in the Telengana area of the State to the Andhra area was introduced during the current session and has been referred to a Joint Select Committee which has been requested to report back by 31st August, 1971.
A Bill further to amend the Andhra Pradesh Ceiling on Agricultural Holdings Act, 1961, with a view to render null and void alienations or transfers which have taken place on or after 5th June, 1971 and to provide for revisions to the District Collectors and other matters has been passed by the Assembly and is now going to the Council.

Section 38-E of the Andhra Pradesh (Telangana Area) Tenancy and Agricultural Lands Act, 1950 which provided for compulsory transfer of agricultural lands in the Telangana region of the State from land holders to tenants subject to certain conditions was struck down by the High Court of Andhra Pradesh. An amending Act (Act No 15 of 1971) has since been passed revalidating the Section after rectifying the defects pointed out in the High Court's judgment. Steps are being taken to see that the provisions of the amended section are implemented throughout Telangana expeditiously.

Legislation has already been undertaken to amend the Andhra Tenancy Act, 1956 which is in force in the Andhra area of the State with a view to provide for substantial reduction in rates of rents payable by tenants to landlords, security of tenure, right of first preference to the tenant in purchase of land proposed to be sold by the land-holder and ceiling on tenancy. A Bill for this purpose which has been passed by both Houses of Legislature is awaiting the assent of the President of India.

(3) ABOLITION OF INTERMEDIARIES

Estates in Andhra area:

In pursuance of the legislation already enacted for the abolition of estates, out of the total estimated number of 11,206 estates situated in the Andhra area of the State 11,131 estates of various categories have been taken over by the Government under the Estate Abolition Act leaving a balance of 75 estates. The issue of notification in respect of the remaining estates has had to be held up pending final determination of their tenure by the appropriate authorities.

Jagirs in Telangana area:

Under the Andhra Pradesh (Telangana Area) Abolition of Jagirs Regulation, 1358 Fasli, in all 975. Jagirs were taken over. Provisional Commutation Awards have been issued in all the 975 jagirs. Final Commutation Awards have also been issued in respect of 892 jagirs, while 64 cases have been closed for want of records.

(4) WAIVER OF INTEREST ON LAND REVENUE DUES

According to Section 7 of the Revenue Recovery Act, 1864 arrears of land revenue shall bear interest at the rate of 6% per annum. It was brought to notice of the Government that the calcu
lation of interest due on arrears of land revenue had not been attended to properly for some years. In view of the difficulties in preparation of accounts, and as it would cause hard-ship to the ryots if the interest amount of past faslis is collected at this stage after such a long time, Government have ordered that the levy and collection of interest on arrears of land revenue up to 1st July, 1970 in the State (to the extent that it has not already been levied and collected) in the State be waived.

Pattadar’s Pass Book:

Government have recently issued instructions for preparation and maintenance of non-statutory enjoyment registers to indicate the actual state of enjoyment on ground individually. The registers will indicate the actual extent of enjoyment on ground by different individuals irrespective of whether the land is held on a single or joint patta and whether the survey number has been sub-divided or not. The instructions also provide for issue of Pass Books to the ryots in the form of an extract of the enjoyment register. This measure has been designed as an immediate facility to the ryots pending preparation of a formal Record of Rights, in the Andhra area of the State and pending up-to-dating of the Record of Rights in the Telangana area of the State.

Village Accounts:

The question of revision and integration of village accounts, with a view to bring uniformity in both the regions of the State, is engaging the attention of the Government, and a decision will be taken before the end of this year.

Credit Pass Books and Pilot Programme:

The question whether the system of revenue registry could be rendered more sophisticated so as to serve as a credit card in respect of each individual ryot has been engaging the attention of the Government. It has been suggested that should such a system be evolved it would facilitate drawal of loans by ryots from different financial institutions. It has been recognised that development of such a system may involve the enactment of appropriate legislation which may have to provide for the preparation and maintenance of a credit record, the presentation and the endorsement of such a credit record at the time of grant of loans and other related matters. Pending further study of this question, Government decided in July, 1970 to implement a pilot project in 6 taluks of the State for bringing the Revenue Registry/Record of Rights up-to-date and for preparing a record of existing encumbrances. For this purpose, Peddapuram taluk of East Godavari district, Voyalapadu taluk of Chittor district, Kurnool taluk of Kurnool district in Andhra and Yellareddy taluk of
Appendix:

Statement on Revenue Demands for 1971-72.

Nizamabad district, Husurnagar taluk of Nalgonda district and Vikarabad taluk of Hyderabad district were selected and special staff was also appointed for undertaking the work.

Jamabandi:

In the Andhra area of the State the practice has been to conduct Jamabandi at the Taluk Headquarters while in Telangana the instructions provide for holding the Jamabandi in 3 or 4 Centres in a Taluk. The Government have examined the question as to how the system of Jamabandi can be made more useful and effective and instructions are being issued that hereafter Jamabandi shall be held at each Firda Headquarters. It is expected that this will provide for effective checking of the accounts and field inspections, avoiding disturbance to the Village Officials and make it easier for the ryots to have their grievances redressed.

Siva: Jamabandi occupation of Kharij Khata lands in Telangana:

Representations have been received by Government that penalties are being imposed on persons who have occupied Kharij Khata lands in the Telangana area of the State. Government have since made it clear that there should be no levy of penalties in cases where the occupants are landless poor persons who are eligible for the assignment of land under their occupation. The District Collectors have been instructed to keep this in view while dealing with or reviewing such cases.

Waiver of water rate penalties:

A number of representations were received by the Government about the levy of penalties for irregular irrigation of lands from Government sources of irrigation. It was represented that in some cases the irregularity was only of a technical nature and that such irrigation had not caused any diminution of supply of water to the regular ayacut. It was also represented that in some cases penalties were levied for irrigation of certain lands which had been excluded from the regular ayacut but the irrigation of which was inevitable having regard to the situation of the adjoining lands. It was also represented that the high rates of penalties and the recovery of land revenue postponed due to drought and cyclone had resulted in a cumulative demand which was unduly burdensome. The Government examined the matter and issued orders instructing the Collectors to review the cases in which penalties were levied or proposed to be levied during faslis 1376 to 1379, with a view to waiving collection of penalties in all cases where there had been no tampering with any irrigation source or where the irregular irrigation had not resulted in a diminution of supply of water to the regular ayacut. In all other cases, the District Collectors were authorised to determine the quantum of penalty not exceeding twice the normal charge for water, having regard to the circumstances of each case.
A Bill to repeal the Andhra Pradesh Sugarcane Crop Land Revenue Assessment Act, 1965, has been passed by the Assembly and is now before the Council.

(5) ASSIGNMENT OF LANDS

With a view to expediting assignment of Government waste lands to landless poor, the State Government launched with effect from 1st November, 1969 a Special Crash Programme. During the period from November, 1969 up to the end of March, 1971, 9.86 lakh acres of banjar lands have been assigned to the landless poor people. Under the Crash Programme, action is also being taken to evict the ineligible sivaijamadars in unauthorised occupation of Government waste lands. An extent of 98,257 acres was cleared from the possession of such persons and made available for assignment to landless poor people during the period from November, 1969 to March, 1971. Besides Government have also issued special instructions to all the District Collectors in April, 1971 directing them to complete the eviction of the ineligible sivaijamadars from unauthorised occupation of Government waste lands expeditiously so that more land could be made available for assignment to landless poor people. As much progress could not be achieved in this regard due to the recent strike of N.G Os etc., the need to evict the ineligible sivaijamadars was again stressed in the recent Collectors' Conference. The total extent of land yet to be assigned is reported to be 4.71 lakh acres. Of this figure, 1.50 lakh acres is under the occupation of eligible sivaijamadars; 1.18 lakh acres is under the occupation of ineligible sivaijamadars; and the remaining 2.03 lakh acres is unoccupied land. It is expected that the work under crash programme will be completed by the end of March, 1972.

In view of the land hunger prevalent, Government ordered that such of those areas which do not contain forest growth or where the forest growth is not economical be inspected jointly by the officers of both Revenue and Forest Departments and de-reservation proposals sent to Government through the Chief Conservator of Forests. Accordingly joint inspections have been carried out and the joint team recommended de-reservation of 1,23,886 acres in various districts of the State. The Government accepted their recommendation and issued orders in G. O. Ms. No 7204, Food and Agriculture Department, dated 27th November, 1970 that these lands be disreserved and handed over to the District Collectors after getting the tree growth thereon cleared for their assignment to the landless poor.

House sites:

The policy regarding assignment of Government lands for house sites in Municipalities and other towns is contained in the B. S. O. 21. It has now been decided to extend the provisions of this B. S.O. to the Telangana area also.
Statement on Revenue Demands for 1971-72.

Lease of Lanka Lands -

According to the practice being followed in the past, in villages where the total extent of Lanka lands is 100 acres or more, every year 1/3rd of the total extent of lankas available in the village used to be reserved for sale by public auction and the remaining 2/3rd only disposed of in accordance with the orders then in force in favour of Co-operative Societies consisting of eligible persons. On receipt of representations from various sources, Government modified the policy and directed that the system of auctioning of 1/3rd of the Lanka lands in villages having 100 acres or more be dispensed with and that in future all Lanka lands should be leased out to Co-operative Societies of landless poor only without any reservation for disposal by public auction. This order came into effect from 12th June, 1970.

(6) SURVEY

Reorganisation of the Department:

The Government have had under consideration, for some time past, the question of Reorganisation of the Survey and Land Records Branch of the Directorate of Settlements, Survey and Land Records in this State with a view to achieving greater efficiency and utility in the present scope of operations of the Branch. The more important objectives sought to be achieved as a result of the Reorganisation are:

(a) Improvement in the maintenance of Land Records in all the districts of the State by strengthening the district based survey maintenance establishment;

(b) Expediting the survey of the unsurveyed agency areas in the Andhra area of the State; and

(c) Rendering the existing staff strength in the different areas of the State flexible enough to undertake additional items of work such as land acquisition, assignment, splitting up of Joint Pattas, etc., without the need for piecemeal sanction of additional staff and consequent recruitment of fresh persons and their retrenchment from time to time.

Accordingly, orders have been issued in G.O.Ms. No. 473, Revenue, dated 29th May, 1971 for strengthening the district maintenance establishment, etc., as a result of the above orders in each of the districts of the State there shall be a Deputy Surveyor for each firka, a Surveyor for each taluk and Deputy Inspector for each division with one Inspector at the district headquarters to attend to maintenance work. There will also be a Task-force of 20 Surveyors attached to each district headed by an Inspector and assisted by a Deputy Inspector. The maintenance establishment will be provided with 20/25 Draftsmen headed by a Senior Draftsman.
Agency Survey:

For the purpose of survey of the unsurveyed Scheduled areas of the State and thereby ensuring the maintenance of a proper record of holdings and thus facilitate creation of a sense of security in the minds of the tribals in regard to the lands occupied by them, the Andhra Pradesh Scheduled Areas Ryotwari Settlement Regulation 1970 has been made and brought into force from 1st July, 1971. Four agency survey units have been set up in the year 1969 with headquarters at Parvatipuram, Anakapalli, Rajahmundry and Bhadrachalam. In G.O. Ms. No. 473, Revenue, dated 29th May, 1971, Government decided among others that the work relating to the survey of Agency Areas should be expedited and towards this end, a fifth Survey Party at Peddapuram in East Godavari district was constituted with effect from 20th July, 1971. Out of an area approximately of 3,645 sq. K. Ms. for survey an area of 1,466 Sq. K.Ms. was completed under measurement. For an area of 548 Sq. K. Ms; records have been supplied to revenue authorities for the issue of provisional pattas.

Twin Cities:

The entire area of approximately 170 Sq. K. Ms. coming up for survey has been surveyed. An officer of a rank of Deputy Collector has been appointed as Final Check Officer, with effect from 1st August, 1967 for conducting final check operations. Records have been sent to Final Check Officer covering an area of 164.27 Sq. K.Ms. and for area of 87.65 Sq. K.Ms. records have been received back from the Final Check Officer. Maps have been prepared for an area of 27.06 Sq K.Ms.

Splitting up of Joint Pattas:

The Scheme for Splitting up of Joint Pattas is in progress. By the end of March, 1971 out of the total number of 30,05,567 Joint Pattas in all the districts of Andhra Region, the Special Deputy Tahsildars have completed enquiries in respect of 9,58,157 Joint Pattas.

Re-survey of Telangana:

In the Re-survey of the Telangana Region under the diagonal and offset system as against an approximate area of 91.340.71 Sq. K.Ms. coming up for survey in the entire Telangana Region (excluding forest area) measurement operations have been completed in an area of 31,897 Sq. K.Ms. Maps were also prepared for an area of 17,263 Sq. K.Ms., out of which maps for an extent of 265 Sq. K.Ms. have been printed in the Central Survey Office, Hyderabad. The Government have however ordered that the further extension of operations relating to the re-survey of the villages in Telangana area under D & O System be suspended and that expeditious action be taken to complete the re-assessment and mapping operations in respect of villages in the Telangana area in which measurement operations under the Re-survey Scheme have already, been completed.
Final Check Officers in the cadre of a Deputy Tahsildar were posted for 10 Taluks at the rate of one each from August, 1970 to finalise the registry of holdings. The work is in progress.

(7) REGISTRATION AND STAMPS

The question of toning up Administration of the Registration and Stamps Department has been engaging the attention of the Government for sometime. With a view to ensuring closer supervision of the Registration Offices and also to save touring time, the Government have reorganised the set up of the Registration and Stamps Department by dividing the existing 15 Registration Districts under 5 regions each region being manned by one Deputy Inspector-General (Registration and Stamps).

In order to check under-valuation of properties and consequent evasion in stamp duty it has been proposed that the Indian Stamp Act may be amended suitably providing for the levy of stamp duty on the true market value of the property in cases where it is felt that the consideration or value set forth in the instrument does not represent the true market value. A Bill has been introduced in this connection in the present sitting. As the Honourable Members are aware, the said Bill has been referred to the Select Committee.

Under the practice followed hitherto the appointments, etc., of private Stamp Vendors are dealt with by the Revenue Department. Since the officers of the Registration and Stamps Department are likely to have a better appreciation of the difficulties of the public in obtaining stamps and the performance of private stamp vendors, Government have considered the matter and issued orders entrusting the appointments, etc., of private stamp vendors to the Registration Department.

With a view to facilitating the better functioning of stamp vendors, Government also purpose to issue orders removing the ceiling on commission allowed to private stamp vendors, thereby removing a disincentive to increased sales. Government have also decided in principle to undertake direct sales of stamps to the public from Registration Offices in one district on a pilot basis and the scheme is likely to be sanctioned shortly.

STATEMENT ON EXCISE DEMAND FOR 1971-72

Introduction:

Prohibition was withdrawn in the Andhra area of the State with effect from the 1st of November, 1969 from which date the Andhra Pradesh Excise Act, 1968 became applicable to the entire State of Andhra Pradesh. The excise year 1970-71 thus represents the second year after the withdrawal of the prohibition. During this year further efforts were made towards the streamlining of excise administration in the State.

Sale of toddy and arrack shops:

In Telangana auctions were held as usual for sendhi and arrack shops for the abkari year commencing from 1st October, 1970. In all 5,440 sendhi and 2,956 arrack shops were sanctioned for auction. Out of these, 5,438 toddy and 2,929 arrack shops were auctioned. The combined total rental for toddy and arrack shops for the year 1970-71 was Rs. 1,190 lakhs against the corresponding figure of Rs. 1,107 lakhs for the previous year.

In the Andhra area for the excise year 1970-71, 5,274 toddy shops and 6,002 arrack shops were sanctioned for auction. Out of these 5,059 toddy and 5,063 arrack shops were auctioned. The combined rental of toddy and arrack shops was Rs. 955 lakhs against the rental of Rs. 611 lakhs for the previous period ending 30th September, 1970.

Leases to Co-operatives:

As a measure of assistance to the toddy tappers, a number of sendhi shops in the Telangana area of the State are being leased to toddy co-operative societies without being put up for auction. The Government have also decided that during the year 1971-72 all the
lesses in favour of co-operatives during the previous year will be renewed in their favour except where they have committed mal-practices or otherwise come to adverse notice. The procedure for renewal has also been simplified. Government have also decided that the annual increment in the rental should be limited to 5 per cent as against 6½ per cent during the year 1970-71. Further as a special concession, Government have decided that societies in whose favour shops had been leased during the year 1969-70 but in whose favour leases could not be renewed on technical grounds during the year 1970-71 should also be considered for leases during the year 1971-72, subject to the condition that they had not come to adverse notice.

**Manufacture and supply of arrack:**

In the Telangana area arrack is manufactured in the Government distilleries at Narayanaguda and Kamarreddy for supply to the arrack shops. The Government have issued orders for the departmentalisation of the operations relating to the transport of molasses and rectified spirit to these distilleries and have sanctioned the required vehicles for this purpose. In the Andhra area, arrack is being manufactured by private distilleries under agreement with the Department and supplied to the arrack shops in that region.

The Government have decided in principle to set up a new Government distillery in the Andhra Area of the State. The distillery is likely to be located in a suitable place in the coastal districts and is estimated to cost Rs. 50 lakhs.

A Co-operative Sugar Factory in Rayalasem has been given a letter of intent for manufacture of alcohol.

**Establishment of arrack supply depots:**

In pursuance of Government's policy to departmentalise the entire operation relating to the transport and supply of arrack, Government have sanctioned the establishment of 107 arrack depots in the Andhra area of the State and 71 arrack depots in Telangana and have also authorised the purchase of the necessary equipment for this purpose. In the Telangana area of the State 60 departmental depots have now been established; the 11 remaining depots are being run by the Government Power Alcohol Factory and will be taken over shortly. In the Andhra area of the State so far 78 depots have been established and the remaining 29 will also be opened shortly.

Transport of arrack from the distilleries to the arrack supply depots has now been undertaken in tanker lorries owned or hired by the Excise Department.

**Manufacture and sale of Indian-made Foreign Liquor and Beer:**

At present 9 (nine) units manufacturing Indian made foreign liquor and one brewery are functioning in Andhra Pradesh.
Appendix:  

Statement on Excise Demands  
for 1971 - 72.

The Government have been following a liberal policy in granting permission for the setting up of new units for the manufacture of Indian made foreign liquor and beer. From 1st January, 1970, 34 letters of intent have been issued for the manufacture of Indian made foreign liquor and beer. During the same period 3 licences were given for such manufacture.

Sale of Indian made foreign liquor and beer throughout the State of Andhra Pradesh is now regulated under the fixed fee licensing system with effect from 1st of October, 1970. The Government have been following a liberal policy in the licensing of shops for sale of Indian made foreign liquor and beer. There are at present over 800 licensees throughout the State.

Excise Revenue:

During financial year 1970-71, total excise revenue, after excluding refunds, amounted to Rs. 35.23 crores against a corresponding figure of Rs. 25.33 crores for the previous year. Excise revenues are expected to register a further rise during the year 1971-72.

Excise Administration and Eradication of Illicit Distillation:

The success of excise administration and the proper realisation of excise revenue depends largely on the eradication of illicit distillation. In the Andhra area of the State particularly where illicit distillation had taken root during the prohibition period special steps were found necessary to control and put down this evil. Government have sanctioned the commissioning of a special flying squad equipped with a van to be attached to each Excise Superintendent in the Andhra area of the State to function as an effective mobile striking force. These are in addition to the flying squads attached to the Deputy Commissioners. In December, 1970 the Government also sanctioned a substantial increase in the field staff in the Andhra area of the State for effective enforcement of the Excise Act.

The Government have also issued instructions to the Excise Officers to take the assistance of the police force in undertaking raids to check illicit distillation. Further, with a view to facilitating the prompt investigation of offences, Government have sanctioned the establishment of two new laboratories for chemical analysis of samples at Guntur and Kurnool.

STATEMENT ON SALES TAX DEMANDS
FOR 1971-72.

The Commercial Taxes Department is administering the following Acts:

2) Andhra Pradesh Entertainments Tax Act, 1939.
4) Hyderabad Horse Racing and Betting Tax Regulation, 1358 F.

The above Acts are administered by the Commissioner of Commercial Taxes, who is assisted by Deputy Commissioners and Commercial Tax Officers, Deputy Commercial Tax Officers and Assistant Commercial Tax Officers in the administration of the Acts. The entire State is divided into 7 divisions, each headed by a Dy. Commissioner. Each division is divided into circles. The Commercial Tax Officers are in charge of circles comprising of a Revenue District or comprising of three or four Revenue Taluks, depending on the revenue potential of the area, and are assessing authorities in respect of Sales Tax for dealers whose total turnover is Rs. 3 lakhs and above per year. They are also the First Appellate authorities for dealers whose total turnovers are less than Rs. 50,000/- per year. Deputy Commercial Tax Officers are assessing authorities for dealers with a total turnover of less than Rs. 3 lakhs. Assistant Commercial Tax Officers exercise the powers of assessment in respect of dealers having a turnover of Rs. 40,000/- and below and whose assessments are transferred to them by the Deputy Commercial Tax Officers concerned. There are 5 posts of Assistant Commissioners for disposal of appeals against assessments from dealers with a total turnover of more than Rs. 50,000/- per year.

Another post of Assistant Commissioner was created and attached to Board to test check the assessments made by the Subordinate Officers and for making case studies.

Under section 3 of the Andhra Pradesh General Sales Tax Act, 1957 the State Government appointed an Appellate Tribunal consisting of a Chairman who is a judicial officer not below the rank of a District Judge, one Department Member not below the rank of a Deputy Commissioner of Commercial Taxes and one Accountant Member.

In the year 1962, a study of Sales Tax structure was undertaken by Dr. P. S. Lokanathan the then Director-General of the National Council of Applied Economic Research, New Delhi. Certain amendments were made to the Andhra Pradesh General Sales Tax Act.

Sales Tax Act, 1957 based on the recommendations of the Council. As many years have elapsed since the last general review of the State sales tax law had been undertaken, on the recommendation made by the Sales Tax Advisory Committee, the Government requested the Director-General of the National Council (Sri Bhoothalingam) to undertake a study of the sales tax structure in the Andhra Pradesh State. The National Council has submitted its report and it is under examination of the Government.

The revenue derived during the last three years under the various Acts was as under:

DEMAND No. LV—CAPITAL OUTLAY ON SCHEMES OF GOVERNMENT TRADING—DAIRY WING:

I rise to move the Demand for Rs. 9,25,17,900 in respect of Dairying Non-Plan Schemes.

Agriculture is the mainstay for the livelihood of millions of farmers in Andhra Pradesh as this State is predominantly an agricultural State. With more and more acreage being brought under assured irrigation under the multipurpose projects like Pochampad and Nagarjunasagar and mechanised cultivation being employed extensively in these areas there is vast need for utilising this potential and also for combining ancillary activities like Dairy farming for improving the economy of the farmers further. A, Dairying contri-
butes significantly in improving the economic conditions of the rural farmers, there is every need to foster this vital industry with the dual object of providing a profitable subsidiary occupation to the farmer and also improving the National Diet with Protein rich milk foods. The State has so far been renowned for its contribution of surplus food grains to the Country's food requirements. With the ushering of the white revolution, it is also possible for Andhra Pradesh to wipe out the deficit of Dairy products in the country.

As the State has also very great potential and promise for Dairy Development activities, adequate importance has been assigned for exploiting this potential by the State Government and towards creating necessary infra-structural marketing facilities, for successfully implementing the Dairy Schemes in the State. Consequently a very thoughtful scheme, viz, the gigantic Integrated Milk Project has been undertaken under the public sector as a Plan Scheme involving an outlay of Rs. 4.35 crores. This project envisages the tapping of vast surplus milk potential available in the Krishna, Guntur and West Godavari districts and connecting the same to the demand for quality milk in the cities of Hyderabad and Secunderabad. Of late the area around Hyderabad also improved considerably in milk production.

Realising the immense economic value of the Dairy Schemes in improving their economy, the farmers have taken to this subsidiary occupation in an encouraging manner as a potential source of ready income. The integrated Milk Project has acquired great popularity and the pressure of public representation for starting many dairy units including Cooling and Chilling Centres is growing day by day. The greatest beneficiaries under this scheme are the Weaker Sections, Small Farmers and Landless Agricultural Labour. About 100 Special Milk Co-operatives have been organised for releasing loans to such producers who do not have any agricultural holding or with a holding which is less than two acres. Under each such society, 37 members will be from the agricultural labour who have no landholding and 13 members will be from farmers who have two acres or less of holding. Loans will be advanced to these people to enable them to purchase the milch animals and supply milk. The loan will be initially limited to Rs. 750 per head. In this connection, the Government have also given the guarantee to the State Apex Bank to the extent Rs. 50.00 lakhs to facilitate the flow of credit to these Societies. In Telangana area Rs. 20.00 lakhs by the Government and Rs. 20.00 lakhs by the Commercial Banks were given as loans till now for purchase of milch animals.

The Milk Schemes have also proved very useful from the consumers' point of view because the consumers in about 20 cities and

towns are able to draw assured quantity of milk in hygienic manner. The cost of milk is also very reasonable compared to the cost charged by the private trade. In addition, welfare programmes like subsidised milk distribution to the low income groups in the slum areas, supply of milk to the school going children under the ‘CARE, programme and the crash programme for 0 to 3 age-group children are being implemented in the twin cities to provide better nutrition to the low-income group population and children. In all 1,60,000 liters of milk is sold daily from various dairies in the state.

The demand provides for required finances for milk and operational costs for 1971-72. A sum of Rs. 9.25 crores has been provided under this budget head for Integrated Milk Project as indicated below:

If there is milk potential in certain areas more number of Cooling or Chilling Centres are being established to give a wider coverage to the producers and consuming public. In this programme it is also ensured that regional parity among Telangana, Rayalaseema, and Coastal Andhra is maintained. No doubt more emphasis has been given for Dairy Schemes in Telangana area with the specific object of making the Central Dairy, Hyderabad self-sufficient and reduce its dependence of supplies from Vijayawada.

Beneficial as the Scheme is to the farmer on the one hand and to the consuming public on the other. Government have endeavoured to cover all the districts in the State with one or more dairy units. Progressively, more and more units will be established in the districts.

To give greater flexibility and to add to the operational efficiency of all the Milk Schemes, the Government have decided to form a Dairy Corporation to take care of all the future working of the several dairies in the State. With this and also with the prospect of launching the Operation Flood Schemes in the State it is hoped that Dairying would make substantial contribution towards the
