Sr P. V. Narasimha Rao:—I am speaking of the functions of the Deputy Inspector namely, inspection of schools. He is independent of the management and he is answerable to the D. E. (I). Inspector is answerable to the D. E. O. for implementation. That is the scheme and that is a very healthy scheme.

We can discuss all matters particularly in the new context regarding the duties and functions of the Deputy Inspectors, Inspectors and D. E. C's. Hon. members who are interested in giving constructive suggestions are welcome to address the gathering and participate.

He is only doing the work relating to preparation of bills, etc. We have to take him out of the B. D. O's Office and put him on inspection etc., but there should be some other functionary! So far as Deputy Inspector is concerned, he is doing inspection work and that is the work entrusted to him.

The Directorate of Tobacco Development, Government of India, deals with only the development and marketing of tobacco. The research aspect is being handled by the Indian Council of Agricultural Research. The Indian Council of Agricultural Research has initiated an All India Coordinated Research Project on tobacco with effect from 1-4-1976 in order to attend to all round improvement of Indian tobacco by conducting research in various aspects of the crop. re: Execution of Maneru and Pochampad projects together.
Calling Attention to Matters of urgent public importance:

re: Execution of Maneru and Pochampad projects together.

Shri S. Sidda Reddi:— The erstwhile Government of Hyderabad had contemplated a major project on river Godavari in the upper region and put forward its request for the utilisation of a total quantity of 280 TMC under the same at the time of the 1951 conference of various States convened by the Planning Commission of Government of India. This utilisation included 53 TMC by the Godavari North Canal Project, later known as Kadam Project under execution at that time. In view of the slightly reduced allotment for the future projects of all the States, the utilisation envisaged under Godavari Project was reduced from 227 to 217 by the Erstwhile Hyderabad Government. The Hyderabad Government prepared in 1956 a scheme report envisaging the construction of the Pochampad reservoir and south-canal only providing for the utilisation of only 237 TMC and irrigation of 16.23 lakh acres. In 1958 the proposal was slightly revised by proposing irrigation of an area of 20.55 lakh acres under Pochampad Project and providing for utilisation of 270 TMC. Under the confidential scheme, it was proposed to extend the benefits of the irrigation schemes to the districts of Nizamabad, Karimnagar, Adilabad, Warangal, Nalgonda and Khammam. The total length of the South Canal was envisaged to be 251 miles and the length of North Canal was envisaged as 38 miles upto Kadam Reservoir and 79 miles beyond the Kadam Reservoir, making a total of 117 miles. The Government of India cleared the Pochampad scheme for the utilisation of 66 TMC and irrigation of 5.71 lakh acres. The sanctioned scheme on the basis envisaged irrigation of 5.7 lakh acres in Nizamabad and Karimnagar Districts by adopting the cropping pattern of 1/3rd wet and 2/3rd dry. As Honourable Members are aware the utilisation of the waters of Godavari has been under dispute among the States of Maharashtra, Mysore, Madhya Pradesh, Orissa and Andhra Pradesh before the Godavari Water Dispute Tribunal. A claim has been
put forward by the Andhra Pradesh State for the total quantity of 270 T. M. C. to be in conformity with the allocation of Godavari waters in 1951 Conference, excluding the utilisation on the Kadam Project. Since it is completed and is in the operation a net quantity claimed for the Pochampad Project including the extension to the Kadam Project is 257 T. M. C. When the claim for the full quantity of water in respect of Pochampad Project is pending before the Godavari River Water Dispute Tribunal, it will be premature at this stage to consider the question of extension of benefits of irrigation to various districts. It may be mentioned in this connection, that the project as envisaged to be assisted by the World Bank comprises creation of potential of an ayacut of 2.5 lakh acres and excavation of the canal upto mile 71/7. The utilisation of waters for this area approximately comes to 32 TMC. The construction of the main Canal with the lining and creation of potential for irrigation of 2.5 lakh acres are programmed to be completed by the end of June, 1976. Therefore, to what extent the balance quantity of water beyond the ayacut of 2.5 lakh acres should be utilised will be considered later. In the mean time, it is expected that the final award of Godavari River Water Dispute Tribunal would also be available and the Government could properly take a decision about the utilisation of the Godavari Waters for the districts originally envisaged in the full Pochampad Project at that stage.

Mr. Chairman:— It is a convention that is being followed to give an opportunity. But it is not a matter of right.

Shri G. Rajaram:— It is a right.

Dr. T. V. S. Chalapati Rao:— On what subject he wants to speak and why he got up from his seat? When a member gets up from his seat you enquire and only after hearing him you should say 'I allow nor not allow'. Suppose when the Hon. Speaker gets up from his seat we have to sit down. Similarly when a member gets up you should enquire.

Mr. Chairman:— I did not say like that.

Dr. T. V. S. Chalapati Rao:— Especially when the Leader of Opposition stands up, it is the duty of the Speaker to ascertain why he got up. If the Speaker is not prepared to consider, he can ask him to sit. You too must know you any sitting along with us. You are not sitting there.
Calling Attention to Matters of urgent public importance:

re: Execution of Maneru and Pochampad projects together.

Mr. Chairman:— I am not going to give the opportunity for all the members standing.

Sri C. V. K. Rao:— But you should give an opportunity to the leader of Opposition.

Mr. Chairman:— I shall consider it.

Mr. C Janga Reddi:— you are not in the list. So, you have no opportunity.

Sri C. V. K. Rao:— You should give opportunity to the Leader of the Opposition.

Mr. Chairman:— That I shall consider. (To Sri C. Janga Reddi) I told you that there is no time. If all the Members stand up, what is the clarification?

Mr. Chairman:— I said there is a convention. I shall consider giving opportunities. If it is a matter of convention, we shall consider the importance of the subject.
Calling Attention to Matters of urgent public importance:
re: Execution of Maneru and Pochampad projects together.

Mr. Chairman:— Whatever it may be, I will give opportunity to Sri N. Ramachandra Reddi. I hope the Members will co-operate with me.

Mr. Chairman:— That is all right. Now, Mr. Ramachandra Reddi will speak.
Callling Attention to Matters of urgent public importance:

For every T.M.C. the alignment will change; the design changes, cost changes and everything changes. So, it is highly impossible to start a detailed investigation on presumptions.

Dr. T. V. S. Chalapathi Rao:— Let there be a Round Table Conference.

Sri N. Ramachandra Reddy:— It is a vital matter an affecting so many people.

Mr. Speaker:— The meeting is already over.

Sri N. Ramachandra Reddy:— It is a vital matter.

Mr. Speaker:— That is exactly the reason why I admitted it under Rule 73. If he is going to hold another meeting, it is left to him.

(Interruptions)

No, please I am sorry. Now, Papers to be laid on the Table of the House.

Sri N. Ramachandra Reddy:— Let him assure the House that he will hold another meeting and discuss all these matters.

Voting of Demands for Grants (Discussion Contd.)

Demand No. XX - Agriculture.
" XXI - Fisheries.
" XXII - Animal Husbandry.
" XLVI - Capital Outlay on Schemes of Agricultural Improvement and Research
" XL - Forest Department.
" LIII - Capital Outlay on Forests.

Mr Speaker — Now, Mr. Ratnasabapathi has written a letter to me requesting that the replies of the Ministers for Agriculture, Forest and Marketing might be postponed to some other date. I very much regret it is not possible, to do so. Before this Demand is disposed of, there is no question of going on to the next Demand. So the request of the Member cannot be complied with.

Mr Speaker — I cannot help.

Mr Speaker — That is not possible. He made some allegations. It is for the Minister to make a reply or not.
Mr. Speaker:— The Minister has to reply. How do you come into the picture?

Sri B. Papi Reddy:— As a Member of the Board of Management.

Mr. Speaker:— If I remember, the allegations were made against the Vice-Chancellor of the University.

Mr. Speaker:— If I remember, the allegations were made against the Vice-Chancellor of the University.

Dr. T. V. S., Chalapathi Rao:— Is there any provision in the Rules?

Sri C. V. K. Rao:— This is not the Court to pleaded on behalf of others. This is Assembly.

Mr. Speaker:— There is no provision for Mr. C. V. K. Rao to get up at any time and speak. If I remember correct, the allegations were made against the Vice Chancellor.

Sri Y. Venkata Rao:— The Minister is there to reply.

Mr. Speaker:— After hearing the Minister's reply, if there is still some thing, I will consider.

Mr. Speaker:— I will consider about it. The allegations are both against the Vice-Chancellor as well as the Members of the Board of Management. The Members are here. When you make serious allegations and if you do not give an opportunity, where are they to go and defend?

Sri C. V. K. Rao:— There are other ways.

Mr. Speaker:— What is the other way. You want to go them unchallenged? It is unfair. I will consider about it. You kindly sit down. It is for me to decide.

Mr. Speaker:— Mr. Purushothama Rao, he was present in the House during the question hour. If the Members go away..... How can I help it?
Mr. Speaker:— Having made serious allegations, if the Member absents for his own reasons, I cannot help. I will consider giving an opportunity to the Members......

Sri T. Purushothama Rao:— It is a matter of little understanding.

Mr. Speaker:— Nobody can help it. Now the Agriculture Minister to reply

Sri T. Purushothama Rao:— No Sir., the point is...

Mr. Speaker:- There is no separate Demand under that.
Dr. T. V. S. Chalapathi Rao:- It is included in the Agricultural Demand which has to be voted by the House.
Mr. Speaker:- You have got a right to vote it down.

Dr. T.V.S. Chalapathi Rao:— You know we are in a minority. Let him give the assurance.

Mr. Speaker:— He has given a reply saying that it is an autonomous body. He has nothing to do with that. He is not in a position to say anything about those charges.

Quite true. I also feel that along with you. I agree with you that very serious charges on administration in the University were made. You should have got the explanation of the University concerned and informed this House. If he failed to do that, certainly he is not doing his duty. What is it that you want to say?

Sri T. Purusothama Rao:— The Minister has not replied to them saying that it is an autonomous body.

Mr. Speaker:— Please kindly sit down. There is no point in objecting everything—not only he but some of the Members of this House, have been elected as Members of the Board of Management. The allegations are against the Board of Management. You do not want to give an opportunity to the Member to say anything. Go on.

Sri T. Purusothama Rao: (Interruption)

Mr. Speaker:— I am permitting him to say. They have made serious allegations against the Board of Management. There are two Members. It is only fair that you should give an opportunity. This is unfair in not giving an opportunity. Please sit down. I am not going to hear. Kindly take your seat. Let us hear him.

Dr. T.V.S. Chalapathi Rao:— I respectfully submit that this is an extraordinary procedure because there is no provision under the rules. He may be a Member.

Mr. Speaker:— Kindly hear him. Very serious allegations have been made against the Vice-Chancellor and the Board of Members. Allegations of irregularities have been made.

Sri P. Govardhana Reddy:— Only Management is responsible, but not the Vice-Chancellor.

Dr. T.V.S. Chalapathi Rao:- So it is a fit case for enquiry. Sri Papi Reddy is the Board Member. Let him give the evidence before the enquiry.

Dr. T.V.S. Chalapathi Rao:- This is a piece-meal treatment.

Sri B. Papi Reddy:- So I wanted extraordinary procedure.

Dr. T.V.S. Chalapathi Rao:- We do not want this piece-meal explanation.

Sri B. Papi Reddy:- I will give the reply if Chalapathi Rao wants it. The Board of Management was charged on certain transactions. Unfortunately five of our Members are in the Board.

Mr. Speaker:- I have heard you. Please hear him.

Dr. T.V.S Chalapathi Rao:- I was the T.T.D. Member. Why should you follow a different procedure now?

Mr. Speaker:- Kindly sit down Dr. I have heard you.

That is a separate body.

(Interruptions)

Mr. Speaker:- There is no point in all the members getting up together. I shall call one after the other.

(Interruptions from Opposition Benches)

Sri Govardhana Reddy:- This cannot be tolerated.

Mr. Speaker:- I shall explain the position. Afterwards, if the members want to say anything they may do so. The other day, Sri
Ratnasabhapathi, while winding up the discussion, made a series of allegations, which he read out. Now, these allegations strictly speaking are against the Board of Management on which there are some Members of this House. The allegations were not only against the Vice-Chancellor but also against the Board of Management, some members of which were present in this House. Don't you want to give an opportunity to the Members to explain?

(Interruptions)

I am straightaway asking the question.

Sri G. Rajaram:- Point of order...

Mr. Speaker:- What is the point of order you are raising?

Sri G. Rajaram:- Sri Ratnasabhapathi during the winding-up of the debate brought to the notice of the House certain irregularities which were committed....

Mr. Speaker:- By whom?

Sri G. Rajaram:- By the Vice-Chancellor, by the Board of Management. He has brought to our notice that the Vice-Chancellor, including the Board of Management were the cause of it. If any Member of the Board of Management wanted to refute the charges, he could have taken the opportunity of speaking on the Demand.....

Mr. Speaker:- Please hear me. A member can answer only after the end of the debate. (Interruptions from Treasury Benches.)

Sri G. Rajaram:- Please hear me. The proper course for the Member is to take the opportunity of speaking on the Demand and refute the charges.....

(Interruptions)

Sri Govardhana Reddy:- What is the point of order he wanted to raise?

Sri G. Rajaram:- Sri Ratnasabhapathi has not levelled any specific charges against Sri Papi Reddy. If Sri Ratnasabhapathi has levelled any charges against Sri Papi Reddy and said that the latter was responsible for some irregularities, it would be different.....

(Interruptions from Treasury Benches)

Mr. Speaker:- So, according to you.....

Sri G. Rajaram:- Sri B. Papi Reddy cannot come with a reply on behalf of the Board of Management,

re: Serious famine condition in Anantapur districts resulting in death

Mr. Speaker:- Let me give my ruling. You have raised a point of order and I have to give my ruling. A number of members have spoken on the Demand. Mr. Papi Reddy was one of those who spoke on the Demand. The discussion was wound up by a Member on behalf of the main Opposition Party and before this winding up no member can anticipate what the Member winding-up the debate would be saying.

Sri G. Rajaram:- No, Sir. I would like to bring to your notice one thing. The charges have been given in advance to the Minister...

(Interruption by Sri Govardhana Reddy)

Mr. Speaker:- Let me first give my ruling. Neither Sri Papi Reddy nor any other member could anticipate what would be said while winding up...

Sri G. Rajaram:- The charges were given 24 hours in advance...

Mr. Speaker:- A copy was given to the Minister but it was not circulated to the Member. Do not forget that

(Interruptions from Opposition Benches)

Sri A. Madhava Rao - I was third in the order of speaking. It was I who actually initiated the discussion. Sri Ratnasabhapathi wound up of course.

Mr. Speaker:- So far as the defects pointed out by you are concerned—I do not know whether you were present at the time—Sri Papi Reddy gave an explanation. So far as the charges levelled by Sri Ratnasabhapathi were concerned, a copy of the charges was given to the Minister, but they were not made available to the Members. It is now said that since the charges were not made against any individual they need not be replied to by Sri Papi Reddy...

Sri G. Rajaram:- Moreover, at the time of discussion on the Appropriation Bill, Sri Papi Reddy can come forward with his reply.

Mr. Speaker:- I am giving my ruling. When a series of allegations are made against the Board of Management, naturally justice requires that the person or the Members on the Board of Management against whom these allegations were made, should be given an opportunity or not? That is the point.

Sri G. Rajaram:- They have got an opportunity...

Mr. Speaker:- According to you, it is only the Minister that can refute in the course of his reply and since the Minister has not chosen to reply no opportunity can be given to the Members on the Board of Management to refute these allegations made against the
Board. I feel that in the interests of justice the Members of the Board of Management who are Members of this House should be given an opportunity. If you say you do not want to give such an opportunity you are denying them justice....

Mr. Speaker:- I do not think he was here.

(Interruptions)

Dr. T. V. S. Chalapathi Rao; Sir, I rise on a point of order. The House is now seized of the Agriculture Demand Agriculture University is part of the Agriculture Demand. Very grave allegations were made by Members of this house against the Agriculture University. The Minister while replying to the debate as forgotten— you said he has not discharged his duty, because he has no information to give. Sir, once the Minister has replied the only course open to the Speaker is to take vote on the cut motion and then the main Demand. But there is no provision in the rules to permit any member of his House including a member of the Board of Management of the Agriculture University to but into the debate at this stage. It is not open to a member of the House who is elected to the Board of Management to but in at this stage of the debate and it is not open to the Hon’ble Speaker also to permit him to speak. After the discussion was wound up, you have permitted Mr. Madan to speak; it is also not in order, But I kept quiet. If the Hon’ble Speaker felt that Mr. Papireddy as member of the Board of the Management of the Agriculture University is in a position to throw some light and help the House, the proper time to but in and the proper time at which the Speaker should have allowed him was after Ratnasabapathi’s speech, but when the Minister committed himself he has no information.

Mr. Papireddy could have in these two days briefed the Minister. If he is still to speak by himself, by all means he has got a right but not at this stage. As pointed out by Mr. Rajaram the proper time would be when Supplementary Demand was moved or when the Appropriation Bill was moved. What is now happening is an extraordinary procedure. Therefore I request Chair to rule out the reques

of the members to speak at this stage, Mr. Papi reddy could not step in to the shoes of the Minister.

Mr. Speaker.- Soon after Mr. Ratnasabhathi had made allegations he could have of course got up and given an explanation according to you. But the members was not present; according to him he was not present at the time when Mr. Ratnasabhaqathi made allegation.

Dr. T. V. S. Chalapathi Rao: If he was not there how can he now explain?

Mr. Speaker.- At the time when Mr. Ratnasabhapathi was going to wind up none of the members could have anticipated as to what Mr. Ratnasabhapathi was going to say. Whatever it may be, since he was not present - (To Mr. Papi reddy) Were you present at the time?

Sri Papi Reddy: No Sir.

(Interjections from opposition Behches)

Mr. Speaker: I am prepared to believe the statement of the member that he was not present.

Sri. Papi Reddy:- I was not in the House, Sir.

Mr. Speaker: - Since the member says that he was not present in the House, I have no reason to disbelieve his statement. Whatever that may be I have already given my ruling, that it is only fair and just that members of the Board of Management who are members of this House should be given an opportunity to explain the position. Now you can go on. (To Mr. Papi reddy)

Mr. Rajaram: - You are creating a very bad precedent.

Mr. Speaker: - I do not like this remark.

Mr. Rajaram: - These are bad conventions

Mr. Speaker: - So far as my ruling is concerned, I do not like no enter into a discussion. It is not proper for the Chair to enter into any kind of discussion with any member. How members might form their opinion whether it is correct or not. They have got a right to differ, once a ruling is given it is for you to consider

Sri Rajaram - Bad precedents are being created.

(Interruptions)

Mr. Speaker: - If anybody says that giving an opportunity to a member to explain himself is a bad precedent, it is really unfortunate

these allegations are concerned, I do not know what he is going
to say; whether he is going to refer to these allegations or not, that
is a different matter. Now the question is whether Mr. Papireddy
or any other member can be permitted to speak anything. He wants
to say something. Let us hear.

Sri Rajram:- You are not hearing us.

this rate it is impossible to go on. Now I wonder howreddy himself as to what he proposes to speak.

Mr. Speaker: I do not know what he is going to say. I have only given permission to Mr. Papi Reddy to speak. What he is going to say, I do not know.

That is what I am saying.

Sri G. Rajaram:-(Interruption.)

Mr. Speaker: I am not hearing any further. Kindly sit down. Kindly don't put me to the painful task of taking drastic action. It is unfortunate. Please take your seat. Now Mr. Papi Reddy you go on.

Mr. Speaker: You Kindly take your seat. I have heard you enough. No, I am not prepared to hear you at all. Kindly take your seat.

Sri G. Rajaram: Let me submit Sir.

Sri G. Rajaram - I have something else to submit, Sir.

Sri G. Rajaram - I want to say something else.

Mr. Speaker - No, I am not prepared to hear. Yes, Mr. Papi Reddy.

Sri G. Rajaram - This way cannot close this debate Sir.

Sri G. Rajaram - Please listen to me. Let me make my humble statement.

Mr. Speaker - Let me hear you once again.

Sri G. Rajaram - when we submit to you, Sir matters of urgent public importance by way of Call Attention you were correctly asking that the Demand is coming up, you can raise that issue on that particular occasion. We were accepting that position. Similarly I want this House should not establish a bad convention. Therefore, Mr. Papi Reddy has got so many opportunities to come. The Appropriation Bill is there, wherein he can come to the help of the Management and speak. But allowing at this time on the subject it would be a very bad precedent and a bad convention. Therefore, he has got under of opportunities. You cannot give one ruling here and the other ruling there.

Sri P. V. Narasimha Rao:- Let him not speak on behalf of the Government. He will speak as a Member of this House and whatever information he has he will place it before us. Why should they be so terrified about it?

Mr. Speaker:- Mr. Papi Reddy does not hold a brief on behalf of the Government.

Sri C. V. K. Rao:- But he is doing that. He has no right.

things. Even for that, we are fully equipped. Not in this House...

Sri C. V. K. Rao:- The House has not given any permission to sit beyond 1.30 P.M.

Mr. Speaker.- May I know if the House is prepared to sit till 2 O'clock?

I take it that the House has no objection to sit till 2 O'clock.

Sri C. V. K Rao:- I raise a point of order. At 1,30 you should have taken a decision. Now, it is 1.40.

Mr. Speaker: The House is prepared to sit. Some of those who do not want to sit, they can go. If you do not want to sit, you can go. Now, Sri Papi Reddy, you can go.

Sri M. Manik Rao:- Let us stand for a challenge?

Sri A. Madan Mohau:- Are you prepared for an enquiry?

Mr. Speaker:- Yes. He is prepared for an enquiry. He says 'I am prepared for an enquiry'.

Sri B. Papi Reddy:- Oh, yes, I am prepared to take the challenge. Not on behalf of the Government, on behalf of the University because I have been in the thick of it all these years. (Interruptions) Whatever it is, I leave it to the Speaker.

(Some Members stood shouting "I Challenge" and "we Challenge")

Mr. Speaker:- We are not concerned with your challenges. Whatever the case may be, so many charges, serious allegations have been made against the University and the Board of Management. You can consider about that.

Mr. Speaker:- One at a time please.
It is very unfortunate that damaging statements have been made against a man like Mr. O. PullaReddy. I am very sorry for that.

Thanks to the Speaker for giving me permission to speak, Sir.

Dr. T. V. S. Chalapathi Rao:- I was not in a position to say anything and the House has to presume the absence of such contradiction.

Mr. Speaker:- What the Minister said was that "it is an autonomous body and I am not in a position to say anything.'

Dr. T. V. S. Chalapathi Rao:- I want a ruling on this point Sir. We have to vote for the salaries of Vice Chancellor.......... Shall we vote it down, Sir?

Mr, Speaker:- It is left to you!
ciple, we shall try to vote it down. Is he prepared to conduct an enquiry?

Mr. Speaker:- Whatever reply the Minister gives, it is not for me to make any observations. If the House feels, it is for the House to consider and they can vote it down.

Dr T. V. S. Chalapathi Rao:- We want your ruling, Sir. We have not received a satisfactory reply from the Minister.

Mr. Speaker.- I give a ruling on a point of order, if it relates to a contravention of rules.

Dr T. V. S. Chalapathi Rao:- The point of order arises where the expenditure of an autonomous body is there and when we do not know any thing about that autonomous body under the cover that it is an autonomous body, then the Speaker should give ruling.

Mr. Speaker.- How can it be?

Dr T. V. S. Chalapathi Rao:- Governor's salaries are not voted. But here, it is a vote on demand. Simply because it is an autonomous body it cannot take shelter.

Mr. Speaker.- It is not proper for the Speaker to say whether it has to be voted or not...

Dr T. V. S. Chalapathi Rao:- I am not asking your advice as to how we should vote. The point is that the Agricultural University is claimed to be an autonomous body, The Demand relating to autonomous body—can it be voted here, under the cover that it is an autonomous body without getting any information from the concerned Minister?

Mr. Speaker.- There is no separate Demand under the head 'Agricultural University' There is only one Demand.

Dr T. V. S. Chalapathi Rao.- It is a part of of Demand. He has given a separate note. You have allowed Mr. Papi Reddy to make his observations also.

ernmet to do this or not to do that the problem cannot be solved.

Therefore we deleted that provision. So, today we find ourselves not in a position to adequately give directions or to do what the hon. members are suggesting us to do. Therefore it is no use going into that. It is a question of amending the law, that is a different matter. At the moment, we cannot do anything further than that. This has to be taken as a final decision. I am also add that the autonomy of a university is little different from the autonomy of a Corporation, such as Electricity Board. There may be some provisions of controlling ultimately the policy matters etc. But in the case of universities' the autonomy is made very very absolute and there is no dispute about it. The autonomy of the University in matters of education has been something which is universally accepted all over the globe in all the countries. Therefore it is not possible for us to go beyond that and let the hon. members tell us under what provision of law we should act as to what they are asking us to do. That is a very simple thing. I am not shirking out any of the law made by the House.

(Many Interruptions)

Dr. T. V. S. Chalapathi Rao:- Dr. A. L. Narayana, Vice-Chancellor of the Andhra University asked (interuptions) Justice Gopala Krishna Nair made enquiry.

Mr. Speaker:- Why are you going into the matter which is not proper. Secoinalt It is not relevant.

Shri Manik Rao:- In other States also particularly in Maharashtra in monah of May, between some students and the teachers of the Agricultural College, some severe incident happened it is due to the selection of some students by the Selection Committee in that particular instance two bodys died.

Mr. Speaker:- You are referring to what happened in Maharashtra.

Mr. Manik Rao:- The Government of Maharashtra have appointed a Committee to go through all the incidents of the Agricultural University.

Mr. Speaker:- We don't know the provisions of the Maharashtra Agricultural University.

Sri Manik Rao:- All the Agricultural Universities get grants from the Central Government. All the rules and regulations are framed. If the Government wanted the get the information or the rules that is not impossible, particularly from Maharashtra Agricultural University.
For 1971-72 (Voting Demand for grants)

Generally they are financed by the Government.
Shri A. Madan Mohan:- I have to submit two different points. One thing is about what he has stated, i.e., what Mr. Papi Reddi has stated. He has also said that he was not there in the House when Mr. Ratnasabhapati was winding up the discussion, as far as my knowledge goes.

Sri P. V. Narasimha Rao:- Are we going to dispute about the presence of the members? How is it relevant?

Shri A. Madan Mohan:- I am not disputing. Let the House be heard. I don't like to call for the proceedings of that day to the extent.

Mr Speaker:- The point is the speeches throughout cannot be verified. When the member has stated certain things, you can verify with reference to Sri B Ratnasabhapathi.

Sri A. Madan Mohan:- The second point which I would like to submit is that in the case of Director of Medical and Health Services, some hon. Members have actually levelled some allegations and an enquiry was ordered. And I do not understand why two different standards should be applied, which is most unfair. Thirdly, the Education Minister has said that the rules made by this House vis-a-vis the autonomy of the university, does not contemplate or give scope for enquiry.

Sri P. V. Narasimha Rao:- He is trying to mis-interpret me.

Mr Speaker:- What I said was, so far as the Speaker is concerned, he has no powers to constitute a House Committee for enquiry. That is what I said.

Shri A. Madan Mohan:- I am not speaking about the speaker. I am speaking of the Education Minister.

Sri P. V. Narasimha Rao:- There is no need to misinterpret. The point is very simple. The House has given certain autonomous...
powers to the university and on the other hand it is this House that sanctions the Demand. That means, the universities are giving money and they are asked to function according to a law made by this House. Now, if this House is not satisfied with the functioning of University, this House can refuse to grant the Demand. That is a very simple thing.

Sri A. Madan Mohan: It is shifting the grant.

Di. T. V. S. Chalapati Rao: They are misusing their majority.

Sri P. V. Narasimha Rao: I have not shifted.

Mr. Speaker: The House is adjourned to meet at 3 p.m. on Wednesday, the 25th August, 1971.

The House then abioinred Twll Three of the clock on wednesday the 25th August, 1971.
