ANDHRA PRADESH
Legislative Assembly Debates.
OFFICIAL REPORT.
Fifty-second day of the Sixth Session

CONTENTS.

I. Oral Answer to Questions ... 393

II. Short-Notice Questions and answers ... 423

III. Message from the Council re:
The Motor Vehicles (Andhra Pradesh Amendment) Bill, 1971. ... 438

IV. Announcement re:
Postponement of matters under Rule 341.... 438

V. Matters under Rule 341 of the Assembly Rules re:
(i) Transfer of some Superintendents in the Office of the Chief Engineer (General) belonging to Telangana region to temporary units. ... 441

(ii) Supply of water for second crop in West Godavari District. ... 445

(iii) Extension of time for admission to Medical Colleges. ... 446

(iv) Availability of Ophthalmological Doctor in Gandhi Hospital, Secunderabad. ... 446
(v) Down-grading of the posts of Civil Assistant Surgeons

(vi) Occupation of disreserved forest lands by land-lords.

VI. Calling Attention to Matters of urgent Public Importance re:

(1) Removal of certain villages under the ayacut of Tandava river.

(2) Need for erecting public taps in the city

(3) Bad condition of the Co-operative Sugar Factory at Amudalavalasa.

(4) Need for the Government to safeguard its property as per the will of late Palegar of the Thimmajamma Estate in Chittoor District.

(5) Alleged harassment of employees by the Superintending Engineer, Electricity Board and hunger strike by the employees near Vidyut Soudha.

VII. Business of the House.

IX. Calling Attention to matters of Public Importance re: (Continued.)

(6) Need for starting drought relief works in Darsi Taluk, Ongole District.

(7) Levy of heavy penalties on the ayacut-dars of Nagarjunasagar Canals in Sattenapalli Taluk Guntur District.

(8) Need for rendering help to victims of heavy rains in Warangal.

(9) Agitation by the Supervisory staff of the State Bank.
THE ANDHRA PRADESH LEGISLATIVE ASSEMBLY DEBATES
OFFICIAL REPORT

Fifty-Second day of the Sixth Session of the
Andhra Pradesh Legislative Assembly

THE ANDHRA PRADESH LEGISLATIVE ASSEMBLY

Wednesday, the 1st December, 1971

The House met at Half-past-Eight of the Clock

(Mr. Speaker in the Chair)

ORAL ANSWERS TO QUESTIONS

IV PLAN OF ANDHRA PRADESH

981—

*2308 Q.—Sri Vavilala Gopala Krishnayya (Sattenapalli) [-]:—
Will hon. the Deputy Chief Minister be pleased to state:

at what stage the finalisation of the total size of the 4th Plan
of Andhra Pradesh stands now?

The Deputy Chief Minister (Sri B. V. Subbareddy) [-]:—

The original draft of the Fourth Plan was prepared for an
amount of Rs. 650 crores. The Planning Commission have fixed the
size of the State's Fourth Five Year Plan at Rs. 420.50 crores. On a
realistic assessment of the spillover requirements of the commitments
already undertaken, however, the Plan outlay could not be reduced
below Rs. 530 crores. The State Government are pressing with
Planning Commission that in view of this and of the backwardness
of the State they should be enabled to implement a Plan of at least
this order. A detailed Plan for an outlay of Rs. 530 crores has been
formulated and is under print.

Sir. B. V. Subbareddy:— We gave a plan for Rs. 630 crores.
However, the Planning Commission said it should be of the size of
Rs. 420 crores. Now, we have not yet finalised the plan, in the
sense that, in the first two years, we had spent Rs. 162 crores and
during the current year we are going to spend Rs. 102 crores. As
per the requirements, if the present tempo is to be maintained and if the commitments have got to be fulfilled, we should go up to Rs. 530 crores:

Sri B. V. Subbareddy:—It is true; We must also take into consideration the resources position of the State and also take into consideration the financial assistance which we might be getting from the Central Government. We are still pressing the Planning Commission for more financial assistance. Otherwise, we cannot maintain the present state of tempo.

'Sri B. V. Subbareddy:—I would be very much happy if we are able to get even something more than that. But, how are we to find resources? Dr. Chennareddy might have said from his calculations that we require about Rs. 720 crores. I do not dispute the correctness of the statement you are making. But my point is, where are we to find resources? That is the problem. Now, if we are able to find at least Rs. 530 crores, we will be able to fulfil the present commitments. As it is, the State is not in a position to raise additional resources, in the sense that so far as taxation is concerned, perhaps we have reached the maximum limit. So we are not in a position to find additional resources in the State. Naturally we rely upon the Central Government.'
1st December, 19/1

Oral Answers to Questions

This is a very very serious matter. I do not think even this House would grudge to cooperate with the Government to raise the necessary resources to make the outlay of Rs. 750 crores. Otherwise, we are going down and we are not gaining ground. The future of the State is very bleak, especially the agitation of Telangana is still fresh and the agitation from Rayalaseema is catching up and the agitation form the Circars is going to rise. What is the Government planning to do? Merely saying that we are lacking in resources is not going to save the situation or improve the situation. Beg, Borrow or steal; use your influence, your ingenuity with the Centre or raise the resources through market loans. But you must see that it is brought upto Rs. 750 crores. Otherwise, Andhra Pradesh State's economic backwardness will have to continue for some more time to come. Therefore, I beg of the Chief Minister and the Deputy Chief minister and with all their experience, influence and ingenuity, if he should say that he cannot raise the resources, I would only say it is a misfortune.

Sri B. V. Subbareddy — With all the strength that the House may give to the Government, I do not think we will come up to your expectation. I would like the House to consider one matter. We have not done well in taking some of the major projects. The two major projects are Nagarjunasagar and Pochampad. These two projects, and power also—these items are taking away much of our planned resources. For the benefit of the House, let me read out:

Irrigation: The Planning Commission has suggested for the fourth plan Rs. 86 crores whereas we require Rs. 137 crores.

Power: They fixed a target of Rs. 133 crores whereas we require Rs. 199 crores.

Under other items of work, we have confined to the limits fixed by the Planning Commission For instance,

Agricultural programmes: They have fixed Rs. 58. 65 crores whereas we require about Rs. 62 crores—the difference is only Rs. 3 crores and odd.

Similarly, Co-operation and Community Development: They have fixed Rs. 13 crores whereas we require Rs. 18. 57 crores.

Industries and Mining: They have fixed Rs. 17 crores while we require Rs. 21 crores.
Transport & Communications: They have fixed Rs. 24 crores while we want only Rs. 16 crores.

Social Services: Rs. 87.25 crores while we require only about Rs. 72 crores.

So, it is irrigation and power that is taking away most of the plan funds. I wish the House had an opportunity of discussing the 4th plan, but unfortunately, we did not have time.

Sri B. V. Subbareddy:—So far as the latter part of the question is concerned, you can put a separate question: So far as the former part is concerned, the Fourth Plan relates to 1969-70.
1st December, 1971 Oral Answers to Questions 397

Let it be deemed as if I have put that question and let the information be supplied to me tomorrow for this reason this is a basic question. Every time, we have been raising it in the Assembly. Therefore, the planning becomes superfluous and useless unless we keep in view the growing population. Whether the Central Government has accepted to take this as the basis at the time when they make the allocation of their funds.

Sri B. V. SubBareddy:—Yes.

As a matter of fact, when the fourth plan itself was prepared, Mr. Ratnasabapathi was asking a question as to what factors were taken into consideration at the time of the preparation of the fourth plan. All factors were taken into consideration and after discussion with the Planning Commission the fourth plan was prepared. I wish the House had been taken into confidence before the fourth plan was finalized. Whatever that might be, according to the fourth plan as it has emerged from the present position, we still require about up to a range of Rs. 5-30 crores. That is the latest position. It is now under print and we are going to press the Central Government for additional assistance.
Sri B. V. Subbareddy:—We presented a plan for Rs. 630 crores. You must also take into consideration the resources of the State. Unless we are able to raise our resources the Central Government will not come to our rescue. Whatever assistance we expect from them depends upon the resources the State Government is able to raise. We may prepare a plan for Rs. 630 crores, 750 crores or a thousand crores. But without the resources what is the point in preparing a plan for Rs. 1,000 crores? The plan that we prepare must be consistent with the resources of the State.

Sri B. V. Subbareddy:—I do not know about U. P.

Sri B. V. Subbareddy:—I presented a plan for Rs. 630 crores, but consistent with the resources of the State they fixed at 420 crores. But we have been explaining to the Central Government saying this is not sufficient. It was only last September the previous Chief Minister also wrote to the Planning Commission Chairman Sri C. Subrahmanyam asking for more financial assistance.

(No reply)
Sri B. V. Subbareddy:—The Planning Commission promised to give assistance to the extent of Rs. 180 crores against the State resources to the extent of Rs. 240 crores; but even with regard to that Rs. 240 crores there is a shortfall from the State side to the extent of Rs. 20 crores.

Sri G. Venkata Reddy:—Then how is the gap proposed to be filled up?

Sri B. V. Subbareddy:—We will have to think of additional resources. It becomes necessary if the Central Government does not come to our rescue. That is why we are pressing the Central Government for more financial assistance.

Sri B. V. Subbareddy:—If all the recommendations of the Rayalaseema Board are to be carried out, the remaining districts won’t get anything.

Sri B. V. Subbareddy:—That is not possible. If all the recommendations of the Rayalaseema Board are to be carried out, the remaining districts won’t get anything.

We will certainly take the suggestions of the Opposition in future while raising additional resources and try to throw the blame, not upon themselves but on the Opposition!
Sri B. V. Subbareddy:—First two years 162 crores; this year it will be 105 crores.

Sri B. V. Subbareddy:—I am not aware of it.

what is the proposal before the Government to raise the resources?

Sri B. V Subbareddy:—At present we do not have sufficient funds. We have to improve our resources, I am not in a position to say how.

GROSS NATIONAL PRODUCTION OF THE STATE DURING II & III PLAN

982—

* 2488-(J)Q. —Dr. T. V. S. Chalapathi Rao:—Will hon. the Deputy Chief Minister be pleased to state:

(a) what is the Gross National Production of the State during the II & III plan periods at 1957-58 prices;

(b) what percentage of the Gross National Production was invested for Developmental Schemes during the above two plan periods; and

(c) what is the rate of the economic growth during the above two plan periods?
Sri B. V. Subbareddy: — (a) The estimates of gross domestic product for the State were prepared at current and constant (1960-61) prices for the years 1960-61 to 1968-69, on the revised methodology indicated by the Central Statistical Organisation, Cabinet Secretariat, New Delhi. They were not prepared at 1957-58 prices. The estimated gross domestic product during the third plan period at 1960-61 prices is Rs. 6637.37 crores. The estimates of gross domestic product year-wise have not been prepared for the first 4 years of the Second Plan. The estimated gross domestic product during 1960-61 which is the last year of the Second Five Year Plan is Rs. 1180.80 crores.

(b) 8.4 per cent of the gross domestic product was invested for developmental schemes during the Third Plan period.

(c) The rate of the economic growth during the Second and Third Plan periods is 2.53 per cent and 2.03 per cent per annum respectively.

Dr. T. V. S. Chalapathi Rao: — Sir, my question was regarding "Gross National Product." It was wrongly printed as "Gross National Production." I just want to point out by way of correction that 8.4% of the gross domestic product was invested for developmental schemes during the Third Plan period.

(c) The rate of the economic growth during the Second and Third Plan periods is 2.53 per cent and 2.03 per cent per annum respectively.

What a sorry state of affairs! We are going down the ladder but not catching all-India level. We cannot show rapid development. Is it going to be a dream or a reality? What are the steps the Government vigorously propose to pursue to remedy the sorry state of affairs?

Sri B. V. Subbareddy: — It all depends upon the overall economic development of the State. When that improves naturally the other per capita income etc., will go up for that only all these plans are being implemented.

Dr. T. V. S. Chalapathi Rao: — Will the Deputy Chief Minister convene a conference? In fact a day’s debate is necessary on this. They are promising a debate, but till now nothing has taken place. This is really an important matter which relates to the future of the State. Let us sit and thrash out once for all. Let the Deputy Chief Minister convene a conference of opposition leaders, and thrash out along with the planning Department.

Sri B. V. Subbareddy: — I will try to see if we can have some kind of discussion or conference.
Sri C. V. K. Rao (Kakinada):—Will the Deputy Chief Minister tell us why the economic growth during the two periods has fallen down from 2.53 to 2.03. Will he give us the reason?

Sri B. V. Subbareddy:—If you take the figures into consideration, I don’t think there is a fall of economic growth. On the other hand there is a consistent rise.

Sri C. V. K. Rao:—It was 2.53 in the previous period and in the later period 2.03; that is the figures you have given.

Sri B. V. Subbareddy:—I do not know where from he has got the figures; I will check up.

Sri C. V. K. Rao:—My question is not answered. I was referring to the answer given to (c) wherein 2.53 and 2.03 were the figures given by the Deputy Chief Minister.

Mr. Speaker:—He has given you the information.

Sri C. V. K. Rao:—He read the answer. Now when I asked the question for explanation he said “I don’t know wherefrom you have got the figures.”

Sri B. V. Subbareddy:—During the Second plan period there was an increase in the State income which works out to 12.65% During the plan period the annual rate of growth increased by 2.53% against an annual rate of growth in national income by 4.30%. Similarly during the Third Plan period the growth of State income was Rs. 99.52 crores which works out to an increase by 10.12%. During the plan period there was an annual rate of growth 2.03% against an annual rate of growth of the national income by 2.60.

Sri C. V. K. Rao:—Now the veracity of my figures has been questioned by the Deputy Chief Minister.

Sri B. V. Subbareddy:—I never questioned the veracity, I said I would verify.

Sri C. V. K. Rao:—Now I want the reasons for the decrease from 2.53 to 2.03.
This is a report published by the Government. That is the economic development of the State.

Sri B. V. Subbareddy:—I am not in a position to answer all the points raised by Mr. Mahananda. Generally I am in a position to inform the House that the economy is going up. It is not disputed. The only thing is the rate of growth has gone down. That is due to several reasons like bad seasonal conditions, investment on major projects, etc.

Sri B. V. Subbareddy:—I quite agree with the members that these are very important problems. You cannot do justice to these problems by putting supplementary like this. These are very important problems in which the policy of the Government has got to be explained and the several reasons either for increase or decrease in economic growth, etc.

Sri B. V. Subbareddy:—Take for instance Nagarjunasagar project. We have been investing a lot of money on projects. If that was not there, the economic rate of growth would go up.

PER CAPITA CONSUMPTION OF RICE IN THE STATE

983—

Q. 317. Sri S. Vemayya (Sarvepalli):—Will hon. the Deputy Chief Minister be pleased to state:

the per capita consumption of rice now in the State and per capita production of food crops?

Sri B. V. Subbareddy:—The per capita annual consumption of rice in the State during 1966-67 as per the results of the State sample data of the 21st round of the National Sample Survey, was 107.43 Kgs. The per capita production of food crops in the State during 1970-71, as per the final forecast estimates of the crops for that year, was 158.70 Kgs.
Sri B. V. Subbareddy:—We are not far behind the other States even when compared with other States like Punjab. As I am just now submitting the statistics are: Andhra Pradesh-159; Assam-139; Bihar-144; Haryana-473; Mysore-204; Orissa-235; Punjab-462; Rajasthan-343; Tamilnadu-127; U. P.-171 and West Bengal-167.

Sri B. V. Subbareddy:—For all the years I have got the information. If you want I will place it on the Table of the House.

Sri B. V. Subbareddy:—We will consider about it.

Sri G. Sivaiah (Puttur):—How is it that the per capita rice consumption is less than the Madras State? Is it due to less production or due to the export of rice to other States or any other reason or due to over population?
1st December, 1971

Oral Answers to Questions 405

Sri B. V. Subbaraydy:—The per capita production is lower than in Madras according to you. Tamil Nadu it is 171 whereas in Andhra Pradesh it is 59. It may be due to export of rice in those particular years.

Mr. Speaker:—You are repeating the same question. The reasons he has given.

DRY CULTIVATION IN RAYALASEEMA

984—

2488 Q.—Sri R. Mahananda:—Will hon. the Deputy Chief Minister be pleased to state:

(a) whether the Government are aware that the Rayalaseema Development Board had represented to the Central Planning Minister during his stay at Hyderabad recently, for sanction of 50 crores for the development of dry cultivation in Rayalaseema;

(b) if so, the details of the representation; and

(c) whether the Government recommended this request to the Central Government?

Sri B. V. Subbaraydy:—(a) Yes, Sir.

(b) A copy of the memorandum is placed on the Table of the House.

(c) No, Sir, because the memorandum was directly presented to the Union Minister by the Chairman and a few Members of the Rayalaseema Development Board.

PAPER PLACED ON THE TABLE OF THE HOUSE

ANSWER TO ITEM (b) OF L. A. Q. No. 2488 (Starred) S. No. 984

Copy of memorandum presented to Sri G. Subramainam, Union Minister, Planning by the Chairman and members of the Planning and Development Board for Rayalaseema.

Respected Sir,

Rayalaseema in Andhra Pradesh is recognised as a Pocket which has been subjected to recurrent famines. The characteristics of this area struggling towards economic betterment can be summed up as limited area under irrigation, low and unpredictable rainfall.
Very little industrialisation and the existence of a larger proletariat who find themselves impoverished by successive drought.

To investigate and formulate measures to prevent recurring famines in this area started even from 1938.

The Composite Madras Government appointed a famine code revision commission in 1938 to investigate and formulate measures to prevent recurrence of famines in this area.

The Ceded district economic development board was constituted in 1941. In November, 1947 the Government appointed Sri P. V. Subbarao the then Development Commissioner for formulation of a consolidated plan for economic development of its region. On his recommendation the Rayalaseema Development Board was constituted in 1949.

In 1953 the then Prime Minister of India late Pandit Nehru who visited Rayalaseema had observed the acute famine conditions then and deputed an expert Officer Committee headed by Sri P. C. Bhattacharya to explore the possibilities of finding out permanent and temporary relief measures to prevent the recurrence of famines. They visited the area and made certain recommendations.

Inspite of all these efforts in the past nothing substantial has come to this area and the people of this area naturally could not sustain any longer this neglect. The Rayalaseema legislators at a convention in June, 1969 met and at this convention demanded the constitution of statutory board. The Government of Andhra Pradesh have constituted the Planning and Development Board for Rayalaseema in October, 69. The Board was given the task of preparing a long term plan for eradication of famine in the area. At the instance of this Board a Seminar on Planning for backward region—a case study was held in March, 70 with the guidelines approach and strategies indicated a draft regional plan for this area is under preparation.

(1) Dry farming in this area covering 75 to 80% is the only solution and for this we need roughly Rs. 50 crores. Even all the amounts now made available to this region are pooled we cannot meet this requirement. Therefore we hope that a separate agency be created and a crash programme be taken up to be completed in 5 years. This would not only help eradication of famine on a permanent basis but also incidentally provide employment.

(2) The area being famine stricken consequent upon recent drought needs a drought research station emphasising both irrigated water management and dry farming techniques suitable to this area.

(3) The area with very little surface irrigation facilities has to sustain for agriculture only on well irrigation. At present only
20% of the area is covered by ground water survey. Scientific ground water survey is most essential to tap to the maximum the more ground water. We need immediate ground water survey to be taken by the Central Government if necessary through an international agency.

(4) The exploratory tube well organisation is confining its activities only to non-hard rock areas. Therefore a separate organisation to do similar work should be set up for hard rock areas, and it should first take its work in this problem region.

(5) The Rural Electrification is an essential to this area where lift irrigation is predominant feature. With the present flow of funds for this purpose it would be highly impositive to go in a big way in this direction. Therefore we feel that the Rural Electrification Corporation should come in a big way to our rescue.

(6) Industrialisation in this area has been very poor, not even a single Central project has been located in this area. We urge that the Central Government should establish one of its Central projects in this area.

(7) The proposed tractor plant in cooperative sector may be established in this area.

(8) In regard to railways nothing has been done in the past 40 years. The need of this area is conversion of the Hyderabad Guntakal line into a broadgauge.

(9) Cuddapah has been an airstrip and this has since been abandoned. This may be revived and a regular air service be opened from Hyderabad to Madras via Cuddapah.

(10) According to the estimates available the investments required between 1968-69 and 1983-84 to reach a fair level of economic recovery are likely to be the order of 1800 crores. Incidentally it may be relevant to mention that the per capita income of this area was 60% of the all India average in 1960-61 and by 1968-69 it has come down to 80% with the present rate of investment now obtaining it is feared that the investment during the period may not go beyond 800 and 900 crores. As a result the per capita income of this region may go down to even 50% of the all India average. Hence additional investments to the tune of 1000 crores from Government of India should be programmed during next 10 years.

It is however gratifying to note that both the Central and the State Government have become aware of the situation prevailing in this region. The Central Government have sanctioned the Rural Works Programme in the four districts in this region involving an outlay of 8 crores and the schemes for small farmers in Cuddapah District, a dry farming project in Anantapur district. The State
Government in its turn have no doubt given 4 crores 1st year, 4 crores this year towards special development. In view of the present commitments on continuing schemes in the Plans and the backwardness of the State itself, this area cannot expect a big slice of the plan allocations. So the only hope we have is look up to the Central Government through you as the Minister in charge of Planning to consider the plight of the people of this area and help relieving the present situation a plausible situation which you are sure you would agree with us.

We on behalf of the Planning Development Board for Rayalaseema request you kindly consider these requests in a sympathetic manner and we fervently hope you would help us in solving the present plight of the people of this area.

Sri B. V. Subba Reddy: — I think it was presented to the Union Minister if I remember correct. So far the State Government has got a copy. But we have not offered anything on that Memorandum to the Central Government.

Sri B. V. Subba Reddy: — Since it was directly presented to the Union Minister, naturally they must be considering about it. If they were to call for the remarks of the State Government, we will certainly offer our remarks. There is no point in offering our remarks not asked for by the Central Government.

Sri B. V. Subba Reddy: — So far as the first part of it is concerned, he can put a separate question. So far as the second part is.
concerned, apart from the plan provision, special financial assistance was given by the Central Government, which you are aware of it, to the extent of about Rs 4 crores.

Sri B. V. Subba Reddy:—It is a representation on different points. You are asking of the importance of the dry cultivation.

Sri P. Subbaiah:—The question relates to dry cultivation.

Sri B. V. Subba Reddy:—The Memorandum contains number of things. If you want to elicit information, on different points, you put a separate question.

Sri R. Mahananda:—The Memorandum was submitted by the Rayalaseema Development Board.

Mr. Speaker:—A copy of it also has been supplied to everybody.

Sri B. V. Subba Reddy:—The Memorandum contains number of requirements, so far as Rayalaseema is concerned. If you want to elicit information on every one of these items, it is impossible for me.

TRANSFER OF TEACHERS IN GUDUR SAMITHI,
WARANGAL DISTRICT

985—

*299 Q:—Sri N. Raghava Reddy:—Will the hon. Minister for Panchayat Raj be pleased to state:

(a) whether it is a fact that orders have been issued for the transfer of one teacher from each of the schools of Bhupathipet, Asoknagaram, Budda-raopet and Madapalli villages of Gudur Panchayat Samiti, Narasampet taluk, Warangal District;

(b) whether it is also a fact that the B.D.Q. has issued a memo to the Headmasters for the implementation of the above orders and for relieving them;

(c) whether it is a fact that even after five months of the issue of transfer orders, no one actually shifted from their original places;
(d) what is the intention in sending Sri Soma Narsaiah, a teacher of Madapalli school to Madanapuram, when he actually has to go to Asoknagaram;

(e) the steps taken or proposed to be taken for the non compliance of the Samithi orders by the teachers of the said villages;

(f) will this act not amount to contempt of the Samithi;

(g) whether it is a fact that the T.A. Bill of Dr. Ekanadham working in the Primary Health Centre of Gudur Panchayat Samithi for the months of May, June and July 1969 has not been sanctioned so far; and

(h) if so, the reason for so much delay?

The Minister for Panchayat Raj (Sri T. Ramaswamy) :—

(a) & (b) Yes, Sir,

(c) Sri G. K. Komaraiah, Head Master Panchayat Samithi school, Bhupathipet one of the persons transferred is the President of the State Teachers Union. The Associations represented to cancel his orders of transfer issued in August 1970 in view of the instructions issued by the Govt. in 1965, that the office bearers of the recognised Associations should not be transferred from headquarters within a period of two years. The Block Development Officer, Gudur has reported that in view of the above orders of the Govt. and in view of certain representations received from the villages in regard to other transfers the question of cancelling the orders of transfer were under consideration. Meanwhile Census work was commenced and elections for the Parliament were also commenced. It is reported that in these circumstances the transfer orders issued by the Block Development Officer in August 1970 could not be effected.

(d) On a request made by Sri K. Somanarsaiah, Assistant Upper Primary School, Madepalli with a mutual transfer application to transfer him to Primary school Madnapoor, revised orders were issued posting him at Madnapoor, instead of Asoknagaram.

(e) In view of the reply given to clause (c) above no action is called for.

(f) No, Sir.

(g) & (h) The T.A. for the months of May to July 1969 of Dr. Ekanadham the then Medical Officer Primary Health Centre, Gudur was paid to him through Cheque dated 2-3-1971.
1st December, 1971

*2482—(C) Q.—Sarvasri R. Satyanarayana Raju, N. Raghava Reddy and Md. Rajabali (Khammam) :—Will the hon. Minister for Panchayat Raj be pleased to state : 

(a) whether it is a fact that the amount credited to G.P.F. out of the increased D.A. of the Teachers of Panchayat Samithi Gudur in Warangal District was not returned to them so far; and

(b) if so, the reasons for the same?

Sri T. Ramaswamy :—(a) Yes, Sir.

(b) The Block Development Officer has stated that the Government orders regarding the return of General Provident Fund Accounts to the teachers concerned are not available in his office. Specific instructions have since been issued in this regard to the Block Development Officer, Gudur, and a compliance report is awaited.

Sri T. Ramaswamy :—I will give t'he dates. G. O. Ms. No...., Education, issued regarding refund of D. A dated 11-1-1971. Qualification issued to the G. O. stating that it applies to Class IV employees and temporary teachers—1—3—1971. Report called for 28-7-1971. B. D. O's reports received stating that the D. A. is not received on 7-8-1971. Then Special officer of the D. P. I's office sent a reply directing the D. E. O. to pay on 25-8-1971. Therefore, it is being considered and being paid. They were instructed to pay and they will pay.
NON-PAYMENT OF T.A. TO THE TEACHERS
BY SRIKAKULAM Z.P.

987—

*2485 (1) Q. Sarvasri M. B. Parankusum (Vunukur) and
Thangi Satyanarayana (Srikakulam) :—Will the hon. Minister for
Panchayat Raj be pleased to state:

(a) whether it is fact that Srikakulam Zilla Parishad has not
paid Travelling allowance to the Teachers who were transferred,
since 1968;

(b) if so, the reasons therefor; and the amount to be paid;

(c) whether the Government will arrange to pay the amount
immediately; and whether arrangements will also be made
to get the Travelling allowance paid immediately by the Zilla
Parishad?

Sri T. Ramaswamy:—The Secretary, Zilla Parishad, Srikakulam
has reported that all the T.T.A. bills of the teaching and non-
teaching staff working in the Zilla Parishad Secondary Schools
amounting to Rs. 1.25 lakhs which have been pending since 1968
have been paid along with the pay bills of August 1971 in September
1971.
Mr. Speaker:—This question has nothing to do with the transfer of teachers. This is a question relating to non-payment of T.A. to the Teachers. It is not relevant.

Sri Tangi Satyanarayana:—No, Sir. This T.A. is with respect to the transfer of teachers. Let the Minister say. It is only with respect to the transfer of teachers. I want to know the number of transfers because the amount involved is heavy, more than a lakh of rupees.

Sri T. Ramaswamy:—That information is not with me.

Sri Thangi Satyanarayana:—How many transfers were made and when they were made?

Sri T. Ramaswamy:—The reason for non-payment of T.A. was the matter under correspondence. Since it is settled now we are directing them to pay regularly.
DAMAGE TO MURTHI RAKSHANAAGRAM DUE TO FLOODS IN MAY, 1969

988—

*2487 (F) Q.—Sri Kons Prabhakara Rao (Bapatla):—Will the hon. Minister for Revenue be pleased to state:

(a) whether it is a fact that Murthi Rakshanagaram in Bapatla Municipality was inundated in May 1969 floods;

(b) whether it is also a fact that the Chief Minister and Revenue Minister have visited the place and suggested to the District Collector for shifting the entire colony to a safer place;

(c) whether the District Collector has suggested to the Government for alienation of any site for the purpose, if so, what has happened to the proposal;

(d) is it a fact that the Christian care Association has offered to construct a colony of two hundred and fifty houses; and

(e) at what stage the said proposal stands?

The Minister for finance deputised the Minister for Revenue and answered the questions (Sri A. Bhagwanth Rao):

(a) Yes, Sir.

(b) No, Sir.

(c) Yes, Sir. The Collector Guntur has suggested for the release of an extent of Ac. 15.00 from S.No. 1291/2, of East Bapatla from the control of Forest Department for construction of colony for 200 families of Murthi Rakshanagaram. The matter is under consideration of Government.

(d) The Christian Relief Organisation, Andhra Pradesh has offered to construct a colony of 200 houses.

(e) The matter is still under examination of Government.

989—

*1856 Q.—Sri Agarala Easwara Reddy (Tirupathi):—Will the hon. Minister for Irrigation & Law be pleased to state;

COMPLETION OF CHEYVERU PROJECT IN RAJAMPET TALUK
(a) whether the investigation of the Cheyyeru Project in Rajampet Taluk in Cuddapah District was completed:

(b) The stage at which the execution of the project now stands; and

(c) whether the Rayalaseema funds will be diverted for this Project.

The Minister for Medium Irrigation and Law (Sri P. Basi Reddy):— (a) Preliminary investigation has been done and detailed investigation is in progress.

(b) & (c) Do not arise.

5. Q. 38(11) :— Rajampet Taluk, Cuddapah District. Preliminary investigation has been done and detailed investigation is in progress.

(b) & (c) Do not arise.

5. Q. 38(11) :— Rajampet Taluk, Cuddapah District. 117 acres.

5. Q. 38(11) :— Rajampet Taluk, Cuddapah District. Most of the ayacut covered under Ontimitta Tank.
COLLECTION OF ADVANCE BETTERMENT LEVY FOR SOMASILA PROJECT

990—

*2446 Q.—Sri B. Papi Reddy (Allur) :—Will the hon. Minister for Irrigation be pleased to state:

(a) whether the Government have notified for the collection of advance betterment levy for the construction of Somasila Project in Nellore District;

(b) the names of Taluks so notified; and

(c) when the construction of the dam is proposed to be started?

The Minister for Irrigation (Sri Sidda Reddy) :—

(a) Yes, Sir.

(b) Kovur, Kavali and Nellore taluks.

(c) As soon as the clearance of the Planning Commission to the Somasila Project is received and 3/5ths of the 1st instalment of the Advance Betterment Contribution is collected, the scheme will be taken up for execution.

Sri A. Madhavarao :—Has any survey been done taking into consideration Gudur, and Venkatagiri for the present?

Oral Answers to Questions

991—

*2479 Q.—Sri K. Ramanatham :— Will the hon. Minister for Irrigation be pleased to state:

(a) whether all the retrenched technical personnel in the public works department (Irrigation) have been re-appointed in the department;

(b) is it a fact that inspite of the retrenched people being there, fresh people have been appointed;

(c) if so, what are the steps taken to coordinate all departments and absorb the retrenched people first; and

(d) whether the retrenched people after absorption be given the seniority above the newly appointed people?

Sri S. Sidda Reddy :—(a) All regular Junior Engineers/Supervisors retrenched in the year 1967-68 reabsorbed. Out of 1100 emergency Junior Engineers/Supervisors retrenched in the year 1967-68, 900 persons could not be absorbed so far for want of vacancies.

As regards other retrenched technical persons such as Draftsman or Tracers etc. all the retrenched personnel in Irrigation P.W.D. including, Nagarjuna Sagar canals organisation and Drainage organisation have been reappointed in the Department except in the case of the following personnel who could not be reabsorbed for reasons noted against each.

W&M CIRCLE HYDERABAD

| Draftsman-IIrd Grade | 1 | They could not be absorbed for want of their whereabouts. |
| Tracer | 1 |  |
CHIEF ENGINEER POCHAMPAD ORGANISATION

Draftsman/Overseers ... 6  
Tracers ... 8  | Not turned up for interview,
Blue Print Operators ... 2

M AND M.P.I. CIRCLE GUNTUR

Draftsman Hlrd grade ... 15 | List sent to Employment
Tracers ... 13 | Exchange.

(b) & (c) During 1969-70 the vacancies occurred in P.W.D. (IB) in the category of Junior Engineers/Supervisors were filled by obtaining candidates retrenched as well as fresh from the Employment Exchange. With reference to directions issued by the High Court in certain W.Ps filed by Supervisors, instructions were issued to the Chief Engineer (General) in Govt Memo No. 4273. L2/70-7 Dt. 12-1-1970 that so long as retrenched Supervisors are available no fresh Junior Engineer (Graduate) should be appointed. Since then no fresh candidate has been appointed and only retrenched persons are appointed as and when vacancies arose.

As regards other technical persons such as Draftsman or Tracers it is not a fact that fresh candidates have been appointed inspite of the retrenched people being there.

(d) Recently due to reduction of staff and abolition of certain posts in the various circles/units some of the graduate Supervisors have been retrenched for want of vacancies. These candidates are appointed in R & B and Panchayat Raj Departments. Their appointment in those Departments is being treated as a fresh appointment as such they will not get seniority over the existing persons in those Departments, since they are entirely different Departments and seniority of candidates in those Departments cannot be affected.
1st December, 1971

Oral Answers to Questions 421

(1) விளக்கம்: 700 கோடி எதிர்நோக்கில் செய்யப்பட்டுள்ள செயற்கை நூல்கள் என்றும் வெளிப்படுத்தப்பட்டளே?

(2) விளக்கம்: 200000000 கோடிக்காலில் ஆண்டுவரலாற் நூல்களைக் குறிப்பிட்டுள்ளது. இது அவற்றில் எதிர்நோக்கில் முற்பட்ட செயற்கை நூல்களைக் குறிப்பிட்டுள்ளது. அதேவேண்டி எவ்வளவு செயற்கை நூல்களின் புத்தகங்கள் இவ்வோற்றில் காணப்பட்டுள்ளனா?

(3) விளக்கம்: செயற்கை நூல்களில் குறிப்பிட்டுள்ள எதிர்நோக்கில் செய்யப்பட்ட முறைகளைப் பற்றிக்கூற்றும் இலக்கியங்கள் என்றும் செய்துள்ளளே?

(4) விளக்கம்: புத்தகங்கள் நூல்களில் குறிப்பிட்டுள்ள எதிர்நோக்கில் செய்யப்பட்டவற்றிலே புத்தகங்கள் காணப்படுகின்றன அல்லது இவ்வோற்றில் காணப்படுவதா?

(5) விளக்கம்: செயற்கை நூல்களில் குறிப்பிட்டுள்ள எதிர்நோக்கில் செய்யப்பட்டவற்றிலே புத்தகங்கள் காணப்படுவதா?
If there is a retrenched degree holder as at the hon. Minister said is correct, but when there is no retrenched degree holder the retrenched diploma holder must get the appointment. The degree holder who is appointed now is an outsider. He is a non-retrenched candidate. Even under the rule he is not eligible for appointment. That must be corrected and reversed.

Sri. C. V. K. Rao:— Why should these poor employees be driven to the High Court when the matter is very clear? It is an abuse of the power of the officer. That must be corrected by the Government. How can he expect a retrenched employee to go every time to High court and spend money, Sir.

Sri S. Siddareddy:— Under the rules if one post is announced, if two people come, one is a diploma holder and the other is a degree holder, the degree holder must be preferred under the rule first. According to the rule some people were appointed. Later on when the High Court Judgment came, court specifically said, only retrenched people should be preferred. We are following that rule.

Dr. T. V. S. Chalapathirao:— The degree holder appointed must be retrenched.

AIR POLLUTION IN THE STATE CAPITAL

992—

*2421 Q.—Dr. T. V. S. Chalapathi Rao and Buragadda Niranjana Rao:—Will the hon. Minister for Health and Medical be pleased to state:

(a) what are the steps taken by the Government so far to detect “air pollution” in the State Capital and other cities in the State;

(b) whether the steps taken so far have revealed any evidence of “air pollution”;

(c) if so, to what extent the air is polluted; and
(d) the steps taken by the Government to protect the health of the community from "air pollution"?

The Minister for Health and Medical (Sri Mohd. Ibrahim Ali Ansari) :— (a) The Central Public Health Engineering Research Institute, an organisation under Council of Scientific and Industrial Research has undertaken “Air Pollution” studies in Hyderabad city from January, 1970.

(b) So far, the studies conducted in Hyderabad have revealed “Air Pollution” in certain areas due to automobile exhaust fumes and fumes from Industrial Plants.

(c) The studies on Air Pollution are still under progress and the extent of pollution is under evaluation.

(d) The steps to be taken for preventing the pollution of air can be considered only after the evaluation report is ready.

Dr. T. V. S. Chalapathi Rao:—You said that a particular area is already polluted where automobiles are operating. At least for that area why not the Commission give interim report and the Government take steps to prevent it. Otherwise it will endanger the health of the community.

Sri Md. Ibrahim Ali Ansari:—Immediately after getting the report we will take action.

Dr. T. V. S. Chalapathi Rao :—When are they promising to give it? Have they fixed any date or in the fulness of time. When are they going to give it?

Sri Md. Ibrahim Ali Ansari:—Still it is under investigation, Sir.

Mr. Speaker:—The questions hour is over.

The answers for the other questions will be placed on the table of the House.

SHORT NOTICE QUESTIONS AND ANSWERS

CONSTRUCTION OF HOUSES TO GIRIJANS OF MURIKIPUDI VILLAGE, NADENDLA PACHAYAT SAMITHI.

1000—A—

S. N. Q. No. 3021-0. Sarvasri K. Butchaiah (Chilakaluripety) and Y. Venkata Rao :—Will the Hon. Minister for Panchayti Raj be pleased to state.

(a) Whether a resolution was passed by Nadendla Panchayat Samithi, for constructing houses to the Girijans of Turpuveedhi in Murikipudi village of Nadendla Panchayat Samithi, Guntur District?

(b) Whether that resolution has been implemented; and.
(c) If it was not implemented the reason thereof?
Sri T. Ramaswamy:—(a) (b) and (c).

Twenty five houses were constructed in Murikipudi village departmentally for Girijans (Erukulas) for which the Panchayat Samithi, Nadendla gave contribution at Rs. 250/- per house as per the resolutions of Standing Committees No. V and VII of 72-10-70 and 2-4-71.

In their meetings held on 2-4-1971 the Standing Committee No. V and Standing Committee No. VII passed resolutions to spend at Rs. 250 per house for construction of 34 houses in Murikipudi village for Scheduled Castes and Scheduled Tribes and weaker Sections. The Standing Committees Nos. V and VII in their meetings held on 18-8-1971 cancelled the resolutions passed on 2-4-1971, providing amount at Rs. 250/- per house for 30 houses in Murikipudi village on the ground that sites for construction of the 30 houses has to be acquired. Instead they passed a resolution to provide an amount at Rs. 250/- per house for 85 houses for the Harijans of Murikipudi village on the ground that the District Social Welfare officer handed over possession of the land required for construction of 80 houses after making it to plots. The construction of these houses has not yet been taken up as the beneficiaries have not yet contributed their share of cash contribution of Rs. 200/- each.
SHORT NOTICE QUESTIONS AND ANSWERS

1000—B—

S. N. Q. No. 3021—H :—Sri R. Sathyanarayana Raju :—Will the hon. Chief Minister be pleased to state:

(a) Whether it is a fact that the land belonging to Smt. Bokka Lakshmamma W/o Parasuramayya, was acquired for providing house sites to Harijans in Kummarapuragupalem, Narasapuram Taluk, West Godavari District;

(b) Whether it is also a fact that Smt. Lakshmamma died in the month of May, 1971 and some other persons have forged her name and received the amount of Rs. 11,600/- being the compensation of the said land, in the month of September, 1971;

(c) Whether Sri Allam Subba Rao of Kummarapurugupalem has submitted a petition in this connection, to the District Collector during this month i.e., November, 1971 requesting him to conduct an enquiry into this matter;

(d) If so, the action taken thereon and the facts revealed therefrom?

The Minister for Irrigation deputised the Chief Minister and answered the Question (Sri S. Sidda Reddy) :—(a) Yes, Sir. The land belonging to Smt. Bokka Lakshmamma was also acquired along with that of two others for providing house sites to the Harijans of Kummarapurugupalem.

(b) The Collector, Eluru has reported that the Sarpanch of Kummarapurugupalem came to the office of the District Social Welfare Officer, Eluru, on 9-9-1971 along with two Women claiming as Smt. Bokka Venkamma and Smt. Lakshmamma and after ascertaining from the Sarpanch about their identity, Cheques for Rs. 12,788/- and 11,634-55 were delivered to Smt. Venkamma and Smt. Lakshmamma respectively after obtaining the thumb impressions on the Cheques witnessed by the Sarpanch of Kummarapurugupalem on
9-9-1971. It is also reported that the Sarpanch was the identifying witness at District Treasury Office, Eluru and the amount was passed for payment in favour of the claimants on 9-9-1971. The petition of the daughter of Smt. Bokka Laxmamma alleging that the compensation was paid to a third person is under enquiry.

(c) Yes, Sir. Sri A. Ham Subba Rao, put in a petition of 11-10-71.

(d) The matter is under enquiry.

ASSIGNMENT OF PORAMBOKE LAND IN NAINAPAK, PARKAL TALUK.

S. N. Q. No. 3021-8. Sri C. Janga Reddy. Will the hon'ble Minister for Revenue be pleased to state:

(a) Whether it is a fact that in Nainpak of Parkal Taluk, Warangal district Ac. 2000.00 in S. No. 88/2 was Government (Get) poramboke till 1952;
(b) Whether it is a fact that land was given on Nowlavooni patta a Local Mukthadar by name Sri Meruthalvali who already owns about 3000 aks. on patta;
(c) What are the reasons for granting such patta; and
(d) Whether the Government propose to cancel that patta and assign it to landless poor:

Hon. Minister for Irrigation deputised the Minister for Revenue (Sri S. Sidda Reddy):—(a) According to the records an extent of 2000 acres in S. No. 88/2 of Nainpak Village Parkal taluk was in reserved forest prior to 1956.
(b&c) Yes Sir. 2000 acres of land was granted on navaloni patta in the name of Mir Talib Ali Khan an Ijaradar in 1956 in pursuance of a decision of the then Forest Settlement Officer and) Divisional Forest Officer, Karimnagar.
(d) The issue for cancellation of patta referred to above is under examination by the Collector. The Government also will call for further reports from the Collector and examine the matter if necessary.

How can you grant patta for porambake for 2,000 acres? Is it conceivable?
UNAUTHORISED CULTIVATION UNDR MAMILLACODU CHANNEL KAUTARAM SUB-DIVISION.

1000—D.

S. N. Q. No. 3020—W. Sri Buragadda Niranjana Rao:—Will the Hon'ble Minister for Irrigation be pleased to state:

(a) Whether it is a fact nearly two thousand acres of dry lands are under unauthorised cultivation under Mamillacodu channel in Kautaram sub-division of Krishna Eastern Division in the Krishna District;

(b) What is the total registered ayacut under the channel.

(c) Whether water is also released for the lands in Pamarru and Jujjavaram villages in Gudivada taluk under the same channel;

(d) Whether penalties levied for the unauthorised and irregular irrigation of the lands in Pamarru, Jujjavaram villages in Gudivada taluk; and

(e) What steps have been taken by the Department to supply water the tail end villages?

Sri S. Sidda Reddy:—(a) The unauthorised irrigation is only 210 acres of which 140 acres is paddy and 70 acres is I. D. crop.

(b) 2963 acres.

(c) The lands of these villages are situated at higher level and cannot be irrigated from Mamillacodu channel.

(d) This is a matter to Revenue Department to consider.

(e) Information will be obtained and placed on the Table of the House.

Sri B. Niranjana Rao (Malleswaram):—My question under (a) is: whether it is a fact that nearly two thousand acres of dry lands are unauthorisedly cultivated under Mamillacodu channel. My allegation is 2,000 acres are cultivated. What is your reply?

Sri S. Sidda Reddy:—210 acres was my reply.
Sri B. Niranjana Rao:—Do you stand by it?
Sri S. Sidda Reddy:—If your allegation is proved, we will rectify.

Mr. Speaker:—That is the answer given by the Government.

Mr. Speaker:—I will postpone it for tomorrow.

STOPPING OF REGISTRATION OF TELANGANA MEDICAL PRACTITIONERS

1000—E—

S. N. Q. No. 3020: W. Sri R. Mahananda:—Will the hon Minister for Health and Medical be pleased to state:

(a) Whether it is a fact that the Special Officer, Indin Medicines Department has stopped registration of Telengana Medical Practitioners recently.

(b) What is the practice now prevailing in Andhra Region in this regard.

(c) Whether the orders of the Special Officer are not contrary to Sec. 4 of the Medical Act. No. 1 of Fasli 1312 of the Board of the Indian Medicine and;

(d) The No. of applications still pending in Telengana before the date of banning of Registration viz on 14-9-1971.

Sri Mohd. Ibrahim Ali Ansari:—(a) In pursuance of a Resolution of the Board of Indian Medicine at its meeting held on 7-4-71, the registration of unqualified practitioners with the Board was proposed to be stopped.
But the said Resolution was suspended in G. O, Ms. No. 1145 Health dated: 26-11-1971, until further orders.

(b) The Andhra Boards for Ayurveda and Homoeopathy have become defunct. The Registrar is registering the Medical practitioners under section 27 of the Ayurvedic and Homoeopathic Medical Practitioners, Registration Act. 1956.

(c) The registration of unqualified practitioners with the Board of Indian Medicine is not stopped on the orders of the Director of Indian Medicines and Homoeopathy. Hence Sec- 4 of the Medical Act No. 1, 1312 Fasti is not contravened by this decision.

(d) The No. of applications pending with the Board of Indian Medicine, Hyderabad as on 14-9-71 was 458.

The recipients of a Diploma from Indian Medicine or British University or college or school maintained or recognised by HEH the Government; The recipients of diplomas recognised by the Medical council on account of the qualification and experience.

When it is so clearly stated in the Act, the Board cannot pass a resolution to stop the registrations. The Special Officer even has no such powers because the resolutions are to be communicated to the Government and the orders of the Government are final. The Special Officer should not come in the way. You have restricted that this amount should be debited to the State Bank of Hyderabad but you have not communicated that to the State Bank of Hyderabad. If you go on passing such resolutions against the Act itself - తెలి తెలి తెలిగా 28 తెలి తెలించేందుకు, అంటి ఆదరణం అని తెలి తెలి తెలి ఆదరణం అని?

Sri Mohd. Ibrahim Ali Ansari: — Taking into consideration what all the hon. member has said, we have suspended the resolution.

Sri A Madhavarao: — Sir, I charge this Government with supression of facts before this House. Section 4 reads like this: "or who by reason of his reputation or of learning and experience has been granted a certificate by the Medical Council may have his name registered." Therefore, you conferred this right upon a particular person to have registration. Now, this is the G. O: "The
House physicians of Medicine of Ayurveda are given a hearing on the question of registration of new medical practitioners. After hearing the house physicians, it was resolved that the registration of new medical practitioners should be stopped and the Government may be requested to give a direction to the Board. "You are not competent to stop registration. In spite of the G. O. being passed by the Government, there is a memorandum that has been suppressed by the Minister. The Memo No. 1835-112 is dated 26-11-1971. "The Attention of the Director of Indian Medicine (Homoeopathy) is invited to the orders issued..."

Mr. Speaker:— What is your question?

Sri A. Madhavarao:— One pertinent question I wish to pose before you. This memo has been suppressed by the Minister. "He is requested to arrange to conduct the examination of the candidates who have applied for registration." Under the G. O. you suspended the resolution and on the very same day you issued a memo asking for the conduct of the examination, whereas under the Andhra Board ad hoc committee is there and they are conducting examination, here you are not allowing registration. What happened to this memo, I would like to know.

Sri Mohd. Ibrahim Ali Ansari:— According to the practice of registration done so far, they were conducting examinations. Unless they passed satisfactorily, they were not registered.

Sri A. Madhavarao:— What happened to this memo? Is the G. O. valid or the Memo? please answer my question.

Sri Mohd. Ibrahim Ali Ansari:— The G. O. meant that the Board had stopped registration. We wanted that the practice should be simultaneous both in Andhra and Telengana regions. In Andhra they were registering whereas in Telengana it was stopped. We suspended the resolution on the condition that those who had applied may be examined and registered.

Sri A. Madhavarao:— The Minister has not understood my question.

CONSUMERS COOPERATIVE STORES AT ELURU

1000 - F—

S, N. Q. No. 3022 - B. Sri Maley Venkatnatarayana:— will the hon. Minister for Cooperation be pleased to state:

(a) the amount invested by the Government in the Consumers Cooperative Stores at Eluru, West Godavari District, together with the amount invested by the public;

(b) whether it is a fact that it incurred a loss of about two lakhs of rupees already;
(c) if so, the reasons for such loss; and

(d) whether the Government propose to set up a committee to enquire into the matter?

Sri B. Subbarao:—(a) The amount invested by the Government as share capital in the Eluru Consumers Cooperative Central Stores Limited, Eluru, West Godavari District is Rs. 1.00 lakh. The amount invested by the members as share capital is Rs. 55,440/-.

(b) Yes, Sir The stores sustained a loss of Rs. 2.81 lakhs as on 30-6-1971 as per the proforma balance sheet.

(c) Improper management and high indirect expenses are the main reasons for the loss. Imprudent business policies, heavy establishment charges deficits in stocks, maintenance of uneconomic depots, employment of unqualified staff and lack of coordination in the elected Managing Committee are some of the other factors which contributed to the loss.

(d) An enquiry under section 51 of the Andhra Pradesh Cooperative Societies Act, 1964 into the constitution, working and financial position of the stores has been ordered on 9-8-1971. The Divisional Cooperative Officer, Eluru was appointed as Enquiry Officer. The enquiry is in progress.

No Answer.

Mr. Speaker:—Questions are over.
WRITTEN ANSWERS TO QUESTIONS
REGULARISATION OF SERVICES OF HEALTH VISITORS IN CUDDAPAH DISTRICT

993—

*2573 Q.—Sri R. Rama Subba Reddy (Proddatur) :—Will the hon. Minister for Health and Medical be pleased to refer to the answer given to Q. No. 915 (1731-I) on 4-3-70 and state :
(a) the number of qualified Health Visitors whose services were not regularised so far in Cuddapah District;
(b) the reasons for so much delay in regularising their services even though they are qualified; and
(c) the time by which their services will be regularised ?
A :— (a) 24
(b) The regularisation of the services of the Health Visitors is held up for want of service particulars and service documents from the concerned officers of the Stations where they worked previously.
(c) It will be done as expeditiously as possible.

RESEARCH UNIT FOR PROBING INTO CAUSES OF BLINDNESS

994—

*2388 Q.—Sri S. Vemayya :—Will the hon. Minister for Health & Medical be pleased to state;—
(a) whether the Government are aware of the fact that Sri R. L. Reddy of Nellore promised recently at Kavali eye camp, an amount of rupees one lakh for introducing a mobile unit to go all over the State to treat eye diseases and a reasearch unit for probing into causes of blindness; and
(b) the manner in which the Government are contemplating to utilise the said amount ?
A:—(a) Yes, Sir.
(b) The matter in being negotiated with the donor.

STARTING OF A PRINTING PRESS AT VIJAYAWADA.

995—

* 2613 Q.—Sri M. Venkata Narayana (Eluru) :—Will the hon Minister for Power be pleased to state ;—
1st December, 1971  Written Answers to Questions  435

(a) whether there are any proposals to start another printing press at Vijayawada, under the management of the Government: and
(b) if so, when it will be started?
A:—(a) No, Sir.
(b) Does not arise;

MODERN CO-OPERATIVE RICE MILL AT TADEPALLIGUDEM.

996—

* 628 Q.—Dr. T. V. S. Chalapathi Rao:—Will the hon. Minister for Co-operation be pleased to state:

(a) when was the Modern Co-operative Rice Mill erected at Tadepalligudem:
(b) what is its cost; and
(c) what are the profits earned by that rice mill till 31st March, 1970 every year since inception?
A:—(a) The Modern Rice Mill at Tadepalligudem was erected in June, 1966;
(b) Rs. 33.96 lakhs.
(c) The Mill has not earned profits as yet.

LAND FARMING SOCIETY IN ALLUR VILLAGE

997—

*2454 Q.—Sri B. Papi Reddy:—Will the hon. Minister for Co-operation be pleased to state:

(a) whether it is fact that a land Farming Society was formed for reclaiming and bringing under cultivation the swamp area in Allur village Kovur Taluq, Nellore District;
(b) whether and land has been reclaimed by the Society so far, if so, the area under actual cultivation now; and
(c) whether any loan or assistance was given to the Society if so, the amount and the purpose for which it is given?
A:—(a) Yes, Sir. Two Societies were formed.
(b) 165 acres were reclaimed and crop was raised by the Societies. But owing to water logging and presence of tunga weeds, the crop failed. There is, therefore, no cultivation at present due to water logging in rainy season and non-release of water in summer,
The following financial assistance was sanctioned during the years 1965-66 to the two Societies that were formed:

PURCHASE OF A BUILDING FOR THE LARGE SIZED CO-OP. SOCIETY, CHUCHIKONDA.

998—

*2617 O.—Sri K. Govinda Rao (Anakapalli) :—Will the hon. Minister for Co-operation be pleased to state:

(a) whether there is any proposal to purchase a building for the large sized Co-operative society, Chuchikonda, Anakapalli Taluq, Visakhapatnam District;

(b) if so, who is the owner of the building;

(c) what is the estimated value of the building and at what price it is being purchased; and

(d) whether there are any complaints from the shareholders of the society that the Building is not in a fit condition for the use of the Society?
1st December, 1971

Written Answers to Questions

A:—

(a) Yes, Sir,

(b) Sri K. Ramajogi.

(c) The building including vacant site is estimated at Rs. 23,000/- and the society has offered a price of Rs. 20,000/-. The building has not yet been purchased.

(d) Yes, Sir.

TRANSFER OF CIVIL SUITS TO PRAKASAM DISTRICT

*506 Q.—Sri R. Mahananda:—Will the hon. Minister for Medium Irrigation and Law be pleased to state:

(a)* whether there are any representation from the Bars (Advocates) of Kanigiri, Kandukur, Markapur, Giddalur and Ongole, to the High Court and the Government for the transfer of pending civil suits relating to sub-courts at Kavali, Kurnool and Guntur to Prakasam District?

(b) how many such cases are pending there relating to Prakasam District; and

(c) the action taken by the Government for transfer of these cases to Prakasam District?

A:—(a) No, Sir.

(b) Some cases are still pending.

(c) The High Court is taking necessary action to transfer these cases immediately to Prakasam District.

DISTRICT PRESS ACCREDITATION COMMITTEES.

1000—

*2490 Q.—Sri R. Mahananda:—Will the hon. Minister for Information Public Relations and Minor Irrigation be pleased to state:

(a) whether there are District Press Accreditation Committees in all the Districts of the State;

(b) who are the members of these committees and the function of these committees;

(c) whether any grant is given to each of the committees; and

(d) if so, the details of grant given to these committees in 1969-70 and 1970-71.

A:—(a) There are District Press Accreditation Committees in all the Districts of the State except in the Districts of Hyderabad, Adilabad, Karimnagar and Ongole.
438  Announcement  

1st December, 1971

re: Announcement regarding postponement of matters under Rule 341

(b) The District Press Accreditation Committee consists of the following:

1. The Collector of the District ... Chairman,

2. The Chairman, Zilla Parishad of the District. ... Member

3. One representative of local working Journalists on the recommendation of the local Union of Working Journalists. ... Member.

4. One representative of local Editors on the recommendation of the Collector. ... Member.

5. District Public Relations Officer ... Member.

The list of non-official Members of the Committees at various Districts is placed on the table of the house.

The functions of the Committees are to advise the District authorities on all matters pertaining to accreditation or disaccreditation of Correspondents in District Headquarters and the muffusil.

(c) No, Sir.

(d) Does not arise.

MESSAGE FROM THE COUNCIL

Mr. Speaker:— I have received the following letter from the hon. Chairman, Legislative Council:

"To the Speaker, Andhra Pradesh Legislative Assembly, Hyderabad:

In accordance with Rule 174 of Andhra Pradesh Legislative Council Rules, I transmit a copy of the Motor Vehicles (Andhra Pradesh Amendment) Bill 1971 as passed and agreed to by the Legislative Council on 28th November 1971 without any amendment and signed by me."

ANNOUNCEMENT

re: Postponement of matters under Rule 341 of the Assembly Rules.

Mr. Speaker:— There are certain motions under Rule 341 of the Assembly Rules.
1st December, 1971

Announcement

re: Announcement regarding postponement

matters under Rule 341

re: "The State Government has launched a scheme of constructing houses to the scheduled castes, scheduled tribes and denotified tribes by way of co-operative housing society. Consequent on the advent of this scheme, a share capital of Rs. 10/- and Rs. 50/- is collected into lakhs from several districts and the said amount is deposited into the State Bank as group village-wise but not individually. But now only a few of the shareholders are being allotted houses and not all, e.g. in Khamma District, 16000 members have joined and deposited but only 3,000 are being selected. This is a serious matter and hence the allottees who are not allotted be returned the paid amount forthwith."

Hon. Chief Minister ts not available today. I will take it up tomorrow.

Then, Sri C V. K. Rao has given notice of a matter under Rule 341 relating to Drawing Instructors of Industrial Training Institute. This relates to the Chief Minister. This will be taken up tomorrow.

Sri C. V. K. Rao:—Is he coming tomorrow, Sir?

Mr. Speaker:—Otherwise, somebody will answer on his behalf.

Again, Dr. T. V. S. Chalapathirao has given notice under Rule 341 of the Assembly Rules. Hon. Chief Minister has to make a statement. So we shall have this also tomorrow.

Dr. T. V. S. Chalapathirao:—Permit me, Sir, to invite your kind attention to a very grave situation which is developing at Tenali. On 27th of this month, I received a telegram:

"Student P. Krishnaprasad fasting.. Third day- lost 4 lbs’ weight- save him,

VSR College Students, Tenali"

My appeal to the Speaker and through you to the Deputy Chief Minister is this: this matter, as you have just now said, Sir, will be taken up when the Chief Minister comes tomorrow; in the meantime, the students may be advised to withdraw or give up the fast. By 27th he lost 4 lbs. I do not know the latest position, I appeal to the Deputy Chief Minister to kindly use his good offices and appeal to the Students in general and to this student in particular that there is no necessity to resort to the fasting and the matter will be considered.
Sri B. V. Subbareddy:— Dr. Chalapathirao is telling that a serious situation is developing on account of hunger-strike by a student at Tenali. I may say that Government will consider with sympathy the demands of the students. Now the Chief minister is not here to make a statement on the floor of the House. I would therefore request Dr. Chalapathirao to advise the students to give up hunger-strike, as we are prepared to consider their demands sympathetically, because, he has said that the condition there is serious.

Dr. T. V. S. Chalapathirao:— We certainly follow the advice of the Deputy Chief Minister. But my submission is that an appeal from the Deputy Chief Minister will have a better weight and will certainly help ease the situation and make the students to give up the fast. Instead of his advising me to advise them, it is better the Deputy Chief Minister himself makes an appeal to the students. He loses nothing, and there is no question of prestige involved. I request him to appeal to the students to withdraw the fast.

Sri B. V. Subbareddy:— There is no question of prestige at all. If any representatives of the students are here, I am prepared to meet them and tell them.

Dr. T. V. S. Chalapathirao:— It is for you to say that Government appeals to the students that there is no need to continue the fast. That one sentence from you as Deputy Chief Minister will relieve the situation there.

Sri B. V. Subbareddy:— I will tell the House that when the Chief Minister comes here tomorrow the Government will consider the demands of the students sympathetically. In the meantime I would request Dr. Chalapathirao to advise the students to give up the hunger-strike.

Dr. T. V. S. Chalapathirao:— Instead of advising me to advise the students, I appeal to the Deputy Chief minister to advise the students. I am afraid, I am not the proper agency.

Dr. T. V. S. Chalapathirao:— Let the Collector of Guntur or R. D. O. Tenali meet the students and convey the advice of the Deputy Chief Minister and tell them as to what is taking place here, that may save the situation.
1st December, 1971

Matters under Rule 341 of the Assembly Rules

re: Transfer of some Superintendents in the Office of the Chief Engineer (General) belonging to Telangana region to temporary units.

stopped in Vijayawada and Guntur. You give directions to the Government to make a statement tomorrow regarding the student agitation.

Sri B. V. Subbareddy:—When business is posted, as the House will be dispersing tomorrow the Chief Minister will be here tomorrow and he will make a statement.

Mr. Speaker:—That is a separate issue.

The is a motion given notice of by Smt. J. Eswariba as to how much waste land was assigned to Harijans at Yellareddy and Kamareddy Taluks during 69-70, 70-71 and 71-72, how many persons were benefitted, how many pattas were granted and how many are remaining, what steps are being taken to dispose the unauthorised occupants etc. About this also, the Chief Minister will make the statement.

Mr. Speaker:—Somebody will reply.

MATTERS UNDER RULE 341 OF THE ASSEMBLY RULES

re: (i) Transfer of some Superintendents in the Office of the Chief Engineer (General) belonging to Telangana region to temporary units.

Mr. Speaker:—Mr. Purushottamarao has given notice of a motion about the transfer of some Superintendents in the Office of the Chief Engineer (General) belonging to Telangana Region to temporary units with the intention of filling up their places by Andhra personnel which shows the clear intention of the Government to bypass senior Telangana personnel in preference to Andhra personnel in flagrant violation of G. O. dated 4-11-71. The Minister for Irrigation will make a statement.

The Minister for Irrigation (Sri S. Siddareddy):—The hon. Member presumably refers to the orders issued adopting the unit system in Telangana region also with effect from 1-11-1971 and consequent allocation of personnel to the various Circles or other
Matters under Rule 341 of the Assembly Rules

re: Transfer of some Superintendents in the Office of the Chief Engineer (General) belonging to Telangana region to temporary units.

Offices. It is not correct to say that any allocation done is to favour the personnel in one region in preference to those in another region. While a Circle was a unit in the erstwhile Andhra region, the entire State was treated as one unit in the erstwhile Hyderabad State for the purpose of promotion, etc. in the Ministerial staff of the Engineering Department. So as to have uniform system throughout the State, it was decided to extend the unit system to Telangana region also. Only after obtaining the concurrence of the Government of India the unit system has been introduced with effect from 1-11-1971 in Telangana region. As some persons would have been affected prior to 1-11-1971 by not adopting the State-wide seniority in Telangana region, which was prevalent in the erstwhile Hyderabad State, the review of promotions, etc. made upto 1-11-1971 was made and each candidate has been given the due place, which he would have got, if the procedure prevailing the erstwhile Hyderabad State had been adopted. While following that procedure, it was felt that some individuals did not get prior to 1-11-1971 the promotions which they would have got. In order to rectify this anomaly, supernumerary posts were created in G. O. Ms. No. 1560, P. W. D. dated 4-11-1971 so as to give due places to all such candidates. It will thus be seen that the orders issued were to follow uniform system throughout the State and to rectify defects or anomalies that arose. There is, therefore, no flagrant violation of G. O. Ms. No. 1560 P. W. D. dated 4-11-1971. As a result of these orders, if any persons are transferred from one Chief Engineer's Office to another C. E's Office, it would have been done only in accordance with the principles of allocation agreed to by the Government of India, without affecting the status of any individual.
1st December, 1971

Matters under Rule 341 of the Assembly Rules

re: Transfer of some Superintendents in the Office of the Chief Engineer (General) belonging to Telangana region to temporary units.

1. a. 4.11.71 
2. 3. Transfer of some Superintendents in the Office of the Chief Engineer (General) belonging to Telangana region to temporary units. The supernumerary posts sanctioned in para 3 above should be utilised in the office in which the person is working irrespective of the units to which they were allotted.
3. b. 4.11.71 
4. c. 4.11.71 
5. d. 4.11.71 

(Sri G. Venkata Reddy in the Chair)

Sri T. Purushottama Rao:—With reference to 10-11-71. A person who on 1-11-56 was working in a permanent unit shall be allotted to that permanent unit...
Matters under Rule 341 of the Assembly Rules

re: Transfer of some Superintendents in the Office of the Chief Engineer (General) belonging to Telangana region to temporary units.

Mr. Chairman:—It is not a call-attention motion. It is a motion under Rule 341. "There is no difference between temporary and permanent. Nagarjunasagar has become permanent; you need not worry about it."

Sri Sidda Reddy:—"...Some Telengana superintendents of C. E. (General)'s office were transferred; whether the above mentioned posts were allotted to Telengana personnel the claims of Telengana personnel who were seniors were overlooked; is this not flagrant violation of the G. O. or not..."
ii. Supply of Water for second crop in West Godavari District.

ii. Supply of Water for second crop in West Godavari District.

ii. Supply of Water for second crop in West Godavari District.
Matters under Rule 341 of the Assembly Rules re:
Availability of Ophthalmological Doctor in Gandhi Hospital, Secunderabad.

iii. Extension of time for admission to Medical Colleges.

Mr. Chairman:—The next one is regarding extension of time for admission to medical colleges.

Sri T. C. Rajan (Palamner):—We only request to extend the time.

Sri Mohd. Ibrahim Ali Ansari:—We have already extended the time by a week.

iv. Availability of Ophthalmological Doctor in Gandhi Hospital, Secunderabad.

iii. Extension of time for admission to Medical Colleges.

Mr. Chairman:—The next one is regarding extension of time for admission to medical colleges.

Sri T. C. Rajan (Palamner):—We only request to extend the time.

Sri Mohd. Ibrahim Ali Ansari:—We have already extended the time by a week.

iv. Availability of Ophthalmological Doctor in Gandhi Hospital, Secunderabad.
1st December, 1971

Matters under Rule 341 of the Assembly Rules re:

v. Down-grading of the posts of Civil Assistant Surgeons.

Sri Mohd, Ibrahim Ali Ansari:—Sir, there is already an outpatient wing being run where the senior Opthalmologist has been posted and he is attending to the out-patient wing; daily nearly 400 to 500 out-patients are being attended. Now I will take the suggestion and see if we can manage to put a few beds there.

Smt. J Eswari Bai:—The Minister has accepted 2 beds; I request at least 5.

v. Down-grading of the posts of Civil Assistant Surgeons.

Sri Mohd, Ibrahim Ali Ansari:—Government have issued orders in G. O. dated 7-9-71 down-grading 426 posts of Civil Assistant Surgeons in the new scale of Rs. 400-800 to Civil Assistant Surgeons Grade-II in the scale of Rs. 300-600. With a view to fill up these posts by appointing only candidates with D. M. & S. qualification. It has also been decided to recruit these candidates through the Employment Exchange according to the year of passing of D. M. & S. As there are no rules for appointing these candidates, the D. M. & H. S. has been requested on 16-9-71 to furnish the broad principles based on which these 42 posts have to be filled. The D. M. & H. S. has sent the broad principles on 5-10-71. They are given below.

The candidates should have completed one year House Surgeonship and should have registered with the Medical Council and should not have completed 35 years of age on the date of appointment. The D. M. & H. S. has suggested reservation to the candidates belonging to Backward Classes. The questions of reservation to Backward Classes has been examined in the light of the High Court's decision regarding the validity of the Government order providing reservation to Backward Classes. It has been proposed to fill up the 42 posts temporarily subject to the conditions that these appointments should be reviewed by the Government when the Supreme Court decides the petition filed by the Government in regard to the validity of the reservations to Backward classes. It has also been
vi. Calling attention to Matters of urgent Public Importance;

re: Removal of certain villages under the ayacut of Tandva river.

proposed to fill up the posts in Telangana area by appointing candidates with Mulki qualification. The Director of Employment has been requested on 17-11-71 to send a list of candidates with D. M. & S. qualification. He has sent the list on 29-11-71 containing 48 candidates out of whom 34 candidates are eligible against 42 posts. Out of 42 posts 20 posts are in Andhra region and the remaining are in Telangana. Among the candidates 6 are non-Mulkis and the rest are Mulkis: A decision has to be taken whether the Mulki candidates can be appointed against posts in Andhra region. Action is being taken to finalise the matter immediately.

vi. Occupation of disreserved forest lands by land-lords.

(Mr. Deputy Speaker in the Chair)
1st December, 1971

Calling attention to Matters of urgent Public Importance.

1. Removal of certain villages under the ayacut of Tandva river.
Calling attention to Matters of urgent Public. Importance
1st December, 1971

1. Removal of certain villages under the ayacut of Tandva river.

Sri P. Basi Reddy:—The channels of Bhoomikalva, Muthakalva, and Mangavaram kalva take of from the Tandava River nearly 20 miles below the Thandava Reservoir site. Each channel has an independent ayacut under it as indicated below;

- Bhoomikalva. ... 5,000 acres.
- Muthakalva. ... 5,085 acres.
- Mangavaramkalva ... 1,490 acres.

The lands irrigated under the Muthakalva, Mangavrikalva and Bhoomikalva were never included in the ayacut under Thandava Reservoir. The channels will not be affected for want of water. Since the lower riparian ryots of all streams will be taken in to account while formulating the proposals in the Thandava Reservoir Scheme, it is proposed to lay down below the reservoir 35 Kms. referred to above. Unless the lands were part of Thandava Reservoir ayacut, the question of separating them will not arise.
1st December, 1971

Calling Attention to Matters of urgent Public Importance

(3) Bad condition of the Cooperative Sugar Factory at Amudalavalasa

Sri B. V. Subbareddy:—Sir, The former Deputy Chief minister did not promise that the Water Works Department would erect fresh pipe tubes in every city Municipal Constituency. He was only anxious to erect pipe stands to the extent possible in needy areas. He, therefore, discussed with the Special Officer, Hyderabad Municipal Corporation and the Chief Engineer, Roads and Buildings on 19-3-1971 about the measures to be taken to erect pipe stand posts in needy areas. In the light of the discussions, it was proposed to erect 200 new pipe stand posts in the Municipal Corporation area. The present stage regarding the erection of 200 stand posts is as follows:

1. Requisitions received ... 54 Nos.
2. Estimates sent to M. C. H. for concurrence ... 54 Nos.
3. Concurrence received from M. C. H. ... 46 Nos.
4. Works completed ... 35 Nos.
5. Works in progress ... 11 Nos.

The works relating the 11 stand posts which are in progress are expected to be completed by the end of December 1971. It will thus be seen that necessary steps have promptly been taken for the erection of 200 stand posts in the needy localities.

(3) Bad condition of the Cooperative Sugar Factory at Amudalavalasa

Sri N. Chenchuramanaidu:—Sir, the Amudalavalasa Cooperative Agriculture and Industrial Society Limited, Amudalavalasa is one of the five Cooperative sugar factories established in the State under the Plan in which the state Government have invested Rs. 25 lakhs as state participation in the shape of share capital of the society. The day to day affairs of the society are managed by a General Manager. No Managing Director could be appointed so far as the bye-laws of the society did not provide for such appointment. The other plan factories are managed by Managing Directors. In order that the Amudalavalasa Sugar factory falls in line with other Cooperative Sugar factories and in view of the heavy stake of the Government and in the light of the suggestions of The Government of India and the National Cooperative Development Corporation...

re: Alleged harassment of employees by the Superintending Engineer, Electricity Board and hunger strike by the employees near Vidyut Soudha

Smt. J. Eswari Bai: — Yes, Sir. As you have said, Andhras were 200 and Telangana 200; Andhras were 20 and Telangana 80. Three hundred Andhras are coming here; those two as it is. Additionally, 700 came. The figures were 440 for Andhras and 700 for Telanganas. As you have said, the counterparts are challenging and saying that they are not wearing bangles and they will show what they can do. Mr. Deputy Speaker: — You confine to harassment of employees only. Don't read all those figures.
Calling Attention to Matters of urgent Public Importance

1st December, 1971

re: Alleged harassment of employees by the Superintending Engineer, Electricity Board and hunger strike by the employees near Vidyut Soudha.

Relevant details include:

- Alleged harassment of employees by the Superintending Engineer,
- Electricity Board and hunger strike by the employees near Vidyut Soudha.
BUSINESS OF THE HOUSE

Mr. Deputy Speaker:—He has taken the permission of the Speaker. We have no other alternative except to have the answers read out. Only certain clarifications are asked now and then.

Mr. Deputy Speaker:—When the member is not there the answer is read. Now the member is here, he can speak. For call attentions there is no discussion, only certain clarifications can be made after the answer is read. Let us see whether you will be satisfied with answer.

Mr. Deputy Speaker:—He has gone with the permission of the Speaker.

Mr. Deputy Speaker:—Speaker has in right earnest permitted him to go to the Council, because it is sitting.

Sri Vavilala Gopalakrishnaiah:—It is degrading the Assembly.

Mr. Deputy Speaker:—It is absolutely not degrading. Minister who has been deputed will attend to it. It is not irregular. It was the practice in the Assembly.

With the permission of the Speaker he can do it.
Can it be done like that, in Everything?

Mr. Deputy Speaker:—But it has been so, because there was some other work for him. He has been allowed to go. Let us hear, whether you will have any doubts.

Sri Vavilala Gopalakrishnaiah:—It is quite irregular. I want to know whether there is any rule that a minister who is deputed can depute another minister.

Mr Deputy Speaker:—There is nothing wrong in it.

Hon'ble Minister is a colleague. It is a joint responsibility. It is not delegation. As a colleague he can depute on behalf of another colleague. It is a joint responsibility.
Mr. Deputy Speaker:—Anyway let us go with the procedure. There is nothing irregular.

Mr. Deputy Speaker:—We cannot stop the business of the House. It is your discretion, Mr. Vavilala Gopalakrishnaiah. If you want to walk out I cannot stop. It is not irregular and it is perfectly Constitutional. He has gone with the permission of the Chair. Any Minister can answer on behalf of any minister. It is the discretion of the Speaker, and the Speaker has allowed it.

Mr. Deputy Speaker:—It is perfectly regular. The call attention is to draw the attention of the Minister for the observation you make. You can have your observations, he will have his reply.

Mr. Deputy Speaker:—No discussion, no debate, on this. He will make the statement. That is exactly according to the rule.

Mr. Deputy Speaker:—It is in the merit of the case he could have been here. But it is not irregular.

Mr. Deputy Speaker:—Or you can agree to have it tomorrow.

Sri Ch. Rajeswararao (Siricilla):—What is the difficulty with the Finance Minister?

Mr. Deputy Speaker:—He is in the Council. Shall we take up the Call Attention Motions after the Appropriation Bill?

Sri Ch. Rajeswararao:—Already it is 11-45 a.m.
Sri Vavilala Gopalakrishnayya: As soon as he comes; not after the Appropriation Bill.

Mr. Deputy Speaker:—You cannot dictate. We are trying to adjust.

Mr. Deputy Speaker:—I do not know what difficulty Vavilala Gopalakrishnayya has. His Personal Secretary has gone and he has not come yet. Why not we have these tomorrow?

Sri C. Vengaiah:—You take up the Appropriation Bill.

Mr. Deputy Speaker:—We cannot do that. (interruption from Sri Vavilala Gopalakrishnayya) He has gone with the permission of the Chair. Why are you disputing the permission of the Chair?

Sri Vavilala Gopalakrishnayya:—The Minister is giving importance to the Council and not to the Assembly.

Mr. Deputy Speaker:—Both are equal.

Sri Vavilala Gopalakrishnayya:—It is the reality here. It is unfortunate that the Speaker is allowing it.

Mr. Deputy Speaker:—Anyway, the Speaker has allowed and we cannot dispute it.

Sri Vavilala Gopalakrishnayya:—If the speaker cannot protect the rights of the Assembly against the Council, we must have the right to stand and protect our rights.

Mr. Deputy Speaker:—At best we will take them up tomorrow. He does not agree with anything. Whatever he insists, he insists so vehemently.

Sri Vavilala Gopalakrishnayya:—It is my right.

Mr. Deputy Speaker:—Your right is not abused.

Mr. Deputy Speaker:—We will take these Motions after the Finance Minister comes.

PRESENTATION OF THE EIGHTH REPORT OF THE PUBLIC ACCOUNTS COMMITTEE 1971—72

Sri D. Venkatesam:—Sir, with your permission, on behalf of the Chairman, Public Accounts Committee, I move:

"I beg to present the Eighth Report of the Public Accounts Committee 1971-72 on the Appropriation Accounts 1969-70, Finance
1st December, 1971

Mr. Deputy Speaker:—Report presented.

Sri C. V. K. Rao:—Sir, I rise on a point of Order. According to Rule 271 (2) (c) the Committee shall bring to the notice of the Assembly, every case in which it is not so satisfied and all expenditure which the Finance Department has requested should be brought to the notice of the Assembly.

Mr. Deputy Speaker:—It is only presentation.

Sri C. V. K. Rao:—Where have they presented? They have not presented. They have put 10 copies in the Library. What has the Library to do? The Chairman should present it and place it on the Table of the House.

Mr. Deputy Speaker:—He has placed 10 copies in the Library for your perusal. All copies are not available. Therefore, he has placed 10 copies in the Library.

Sri C. V. K. Rao:—This is irregular. Is the Library an extension of the Assembly? Kindly give your ruling.

Mr. Deputy Speaker:—There is no ruling required. You wanted my ruling and I say it is perfectly in order. There is nothing wrong. One copy is placed on the Table and ten copies are placed in the Library. It is completely regular.

Sri C. V. K. Rao:—I have been attending this Assembly ever since this report is being presented. It has to be placed on the Table of the House. I borrowed a copy from the Secretary. There are two Chairmen. How could there be 2 Chairmen. Can there be three Chairman? One is Sri N. Ramachandra Reddy and another is Sri G. Latchanna. How can there be two Chairmen? Everything is irregular. You condone this thing and I will sit down.

Mr. Deputy Speaker:—There is nothing irregular. (At this stage, the Finance Minister came in to the House.)

Mr. Deputy Speaker:—Now we shall take up the Call attention Motions. Sri R. Mahananda will speak.
Calling Attention to Matters of Urgent Public Importance:

6. Need for starting drought relief works in Darsi Taluk, Ongole District.
1st December, 1971

Calling Attention to Matters of urgent Public Importance

(6) Need for starting drought relief works in Darsi Taluk, Ongole District.

Sri A. Bhagavantha Rao:—(Deputising the Minister for Revenue) Darsi taluk is an upland taluk and also a chronically drought affected taluk. This taluk faced adverse seasonal conditions during F 1476, 1377 and 1378. Out of the 133 villages of this taluk, 93 villages were affected by drought in F 1380 due to the continuous dry spell since October 1970. The kharif crops which did not come up for harvest before the end of September 1970 and almost all the important Rabi food crops withered away for want of rains. After the sowing of Rabi crops, there was no rain. Major Rabi food crop like Variga has been completely lost. The other rabi crops like Cholam and tobacco gave less yields. Though there was a little rain in the last week of Feb. 71 and first week of March 71, it did not retrieve the adverse seasonal conditions.

As both Khariff and rabi crops failed and as it was a widespread calamity, orders were issued postponing collection of Land Revenue, Loans etc., in the 93 drought affected villages subject to Government requesting sanction of liberalised remission to these 93 villages for F 1380 and orders of the Government are awaited. The total amount of assessment to be remitted in these 93 villages comes to Rs. 1,34,180 and the amount of L. R. and Loans postponed comes to Rs. 4,62,563.

The normal extent of both Khariff and rabi crops in the 93 drought affected villages is Ac. 1,19,522. Of this an extent of Ac. 97,152 was sown in F 1380. The normal extent under Khariff crops is Ac. 91,371. Of this an extent of Ac. 81,847 was sown. The normal extent under rabi crops is Ac. 28,151. Of this an extent of Ac. 15,305 was sown. The important khariff crops are early jowar, bajara, korra, anuka, castor and cotton. The important rabi crops
Calling attention to Matters
of urgent Public Importance:

(6) Need for starting drought relief
works in Darsi Taluk, Ongole
District.

are variga, ragi and horsegram. Except early jowar and ragi, all the
other crops gave less than 6 annas yield in F 1380.

In order to provide labour to the labourers and to enable them
to have purchasing capacity, 12 tank works, 5 road works and 4 well
works estimated to cost Rs. 1,35,648 were taken up in this taluk in
F 1880. Of these 5 tank works, 3 road works and 1 well work have
been completed.

There was scarcity for fodder also. In order to enable the
ryots to purchase fodder, an amount of Rs. 1.00 lakh was distributed
towards fodder loan from out of the allotment of Rs. 5.00 lakhs made
to this district during F 1380.

I inspected some of the villages of Darsi taluk, where drinking
water scarcity is acutely felt, along with the Chairman, Zilla Parishad
Executive Engineer, (Zilla Parishad) Officials and non officials and
assessed the requirements. Accordingly, a programme was drawn
up for the supply of drinking water, basing on the report made
available by the Geologist of Agro Industries Corporation for sinking
of new bores by means of revitalisation units. During 1970-71 and
1971-72 under R. W. S. programme, 9 boros were sunk at Donakonda,
Kuriche, Perambhotlavaripalem, West Gangavaram and West
Veerayapalem by utilising the rigs of Agro-Industries Corporation.

Of these 9 wells, 8 are productive and one well is un-productive.
As many as 70 wells were revitalised by using revitalisation units
and 21 wells were dug by manual labour. Out of the 70 wells
revitalised 43 were successful and 27 were failure. In July and
August 1971, water was carried through lorries by paying lorry
Charges at the rate of Rs. 200/- per day to the villages of Kuriche,
Perambhotlapalem, Donakonda and West Gangavaram and through
bullock carts West Veerayapalem.

Due to the recent rains in August and September 1971, the
drinking water problem has eased to a considerable extent in this
taluk and there is no acute scarcity for drinking water at present.

This year also the rains are quite insufficient in this taluk
The sowing of rainfed dry crops has been far below the normal for
want of adequate rains. Against a normal extent of Ac. 1,63,412,
only an extent of Ac. 84,891 was sown with khariff crops during this
year. On account of the dry spell in July and August first fortnight
of 1971, the khariff dry crops withered away. Out of the 133 villages
of the taluk, 130 villages are affected by drought. The extent sown
with rabi crops up to now is Ac. 21,755 against the normal extent.
1st December, 1971

Calling attention to Matters of urgent Public Importance.

(7) Levy of heavy penalties on the ayacutdars of Nagarjunasagar Canals in Sattenapalle Taluk Guntur District.

of Ac. 27,301. The condition of the standing crops is fair at present. But a good rain during the current fortnight is necessary for the standing crops to give normal yield. There was no rain during the first fortnight of Nov. 1971. Most of the tanks in the taluk received sufficient water supply and the water available in the tanks may last for a month. The condition of the paddy crop is fair under these tanks at present. In some villages where the paddy was transplanted late, is affected by pests.

In order to provide labour to the labourers, 33 tank works, 94 road works and 11 well works, estimated to cost Rs. 11,19,250 have been taken up by Panchayat Raj Department. Of these 6 tank works and 1 road work are completed. In addition of these works, repairs to P. W. D. tanks and High way roads estimated to cost about Rs. 3.40 lakhs are being taken up by the P. W. D. Department. The N. S. Canals Division, Kurichedu will also take up works on Main Canal in Darsi taluk to a tune of Rs. 1,63,900 from 1st January 1972.

For purchase of founder, an amount of Rs. 2.55 lakhs has been allotted to this taluk for F 1381, of which an amount of Rs. 2.05 lakhs was disbursed upto 15-11-71 and the remaining amount of Rs. .50 lakhs also will be disbursed during the current fortnight.

(Sri. G. Venkat Reddy in the Chair.)

Mr. Speaker:—Sri Vavila’a Gopalakrishnaiah to call the attention of the Revenue Minister,

7. Levy of heavy penalties on the ayacutdars of Nagarjunasagar Canals in Sattenapalle Taluk Guntur District.
Levy of heavy penalties on the ayacutdis of Nagarjunasagar Canals in Sattenapalle Taluk Guntur District.

Sri A. Bhagavantharao:— According to the report of the Collector, Guntur the Land Revenue Assessment and Water Rate in Sattenapalli Taluk for fasli 1380 amount to Rs. 16,05,449/- and Rs. 9,70,387/- respectively, while the amount of penalties levied for unauthorised irrigation is Rs. 30,33,877/-.

Under the exiting rules, although the District Revenue Officers are competent to remit the penalties in full in respect of first occasion of irregular irrigation, they should necessarily levy a minimum penalty of four times the normal water rate in respect of second and subsequent occasions of irregular irrigation under Class I Sources like Nagarjunasagar project. The above stringent measure in respect of second and subsequent occasions of irregular irrigation under Class I sources is solely aimed at curbing the unauthorised irrigation and with a view to ensuring orderly distribution of water supply to the authorised ayacut lands under irrigation sources.

It is evident from the penalties levied in Sattenapalli Taluk that the ryots have resorted to unauthorised irrigation on a large scale for more than one occasion and that therefore the penalties levied for such persistent indulgence of unauthorised irrigation will naturally be on the high side.

Orderly utilisation of water for irrigation would be rendered impossible unless the rules regulating the supply of water for irrigation purposes are duly observed by all the ryots concerned and that any
irregular irrigation and tampering with or damage to irrigation works would have to be seriously viewed and severe action taken against the offenders.

I request the hon. Member to write to me so that......

8. Need for rendering help to victims of heavy rains in Warangal.

Sri A. Bhagavantha Rao:—There was unprecedented heavy rain fall in Warangal Town in the early morning hours of 1-10-1971. As a result of this, the water entered into the low-lying, houses, mills and cinema theatre, situated in the Railway Gate, Kapu wada, and 'Shivanagar' localities of Warangal Town. The roofs of some of the houses, walls of some other houses collapsed and the belongings in the houses were washed away.
Calling Attention to Matters of urgent Public Importance

re: Agitation by the Supervisory staff of the State Bank.

As an immediate relief, the Collector of Warangal distributed rice at the rate of 12 kg. for each of the affected families on the very night of 21-10-1971 and cash relief of Rs. 50/- for each of the 32 eligible families on 22-10-1971.

For further financial assistance to the families of the affected persons for re-constructing their houses, the Collector of Warangal has addressed the Board of Revenue. The matter is under consideration of the Board. The additional relief to be provided will be finalised as soon as the recommendations of the Board of Revenue are received by the Government.

Sri A. Bhagavantha Rao:—I will see that the matter is expedited.

9. Agitation by the Supervisory staff of the State Bank.
1st December, 1971

Calling attention to Matters of urgent Public Importance:

re: Agitation by the Supervisory staff of the State Bank.

17 December 1971

In the House of the People,

Sir,

I draw your attention to the matter of urgent public importance regarding the agitation by the supervisory staff of the State Bank.

Yours sincerely,

Andhra Pradesh Appropriation
(No. 4) Bill, 1971

1st December, 1971

Sri Ch. Rajeswerarae:—Again, he is generalising. 

I want a specific answer. Why not?

Sri Vavilala Gopalakrishnayyo:—Have they dedicated to land reforms or just committed themselves?

Mr. Deputy Speaker:—After dedication, commitment comes.
The question is: “That the Andhra Pradesh Appropriation (No. 4) Bill, 1971 be passed.”

Mr. Deputy Speaker:—The question is: “That the Andhra Pradesh Appropriation (No. 4) Bill, 1971 be taken in to consideration.”

The motion was adopted. (Pause)

Mr. Deputy Speaker:—The question is: “Clause 2, Schedule, Clause 1, Enacting Formula and Long Title do stand part of the Bill.”

The motion was adopted.

Clause 2, Schedule, Clause 1, Enacting Formula and Long Title were added to the Bill.

Sri A. Bhagwantha Rao:—Sir, I beg to move:

“That the Andhra Pradesh Appropriation (No. 4) Bill, 1971 be passed.”

Mr. Deputy Speaker:—Motion moved (Pause)

Mr. Deputy Speaker:—The question is: “That the Andhra Pradesh Appropriation (No. 4) Bill, 1971 be passed.”

The motion was adopted.

Mr. Deputy Speaker—The House is now adjourned till 8.30 a.m. tomorrow.

The House then adjourned till Half past Eight of the Clock on Thursday, the 2nd December, 1971.
