ORAL ANSWERS TO QUESTIONS

INVESTIGATION INTO THE DEATH OF A RICE MILLER

881—

*2480—(U) Q.—Sri R. Mahananda (Darsi) :— Will the hon. Chief Minister be pleased to state:

(a) whether the police investigated into the death of Sri Atluri Venkataramaiah an Industrialist and a Rice Miller of Vijayawada;

(b) are there any reports about unnatural death of Sri Venkataramaiah, while he was travelling in the Madras-Howrah Express; and

(c) the action taken by the Police?

The Chief Minister (Sri P. V. Narsimha Rao) :

(a), (b) and (c) :—The matter is under investigation by police.

2b. $ R: Rv $2500 :—12.7.71.

2. अधिकारी (धर्माकी):—हिंदुस्तान संस्कृति, ऊर्जा संस्‌कृति, जिसे भी विशेष रूप से संकेत किया गया, अपने निश्चित तरीके से समझते हैं, ओरिजिन विशेष रूप से जिसकी विशेषता है।
The body has been identified. Actually the investigation had to be extended to far-off places like Calicut. There were some rice deals there. Therefore, if it has taken a little longer than normal investigation, there is nothing surprising about it, because the investigation is very elaborate and it has to be carried on in other States also.

Sri P. V. Narasimha Rao:— That is what exactly is being investigated. The Medical Officer opined that death was due to multiple injuries. Therefore, the injuries must have been inflicted by some human agency. That is why it is being investigated.

Sri G. Venkata Reddy: Are any arrests made?

Sri P. V. Narasimha Rao: So far as my knowledge goes nobody is apprehended so far. As death had occurred in mysterious circumstances investigation was taking a longer time.

Mr. Speaker:—This matter is sub-judice.

Sri P. V. Narasimha Rao:—This is under investigation.

The dead body was found on 12-7-71 between up and down lines near the outer signal of Uppu railway station. The Railway police registered a case under S. 174 Cr. P. C. and took up investigation. The body was identified to be that of Atluri Venkatramaiah, Secretaray, Rice Millers Association, Krishna. The body was sent for post mortem examination.

Sri P. V. Narasimha Rao:—The Medical officer's report is very clear that he died of multiple injuries. It cannot be accidental. It must be some foul play.
Sri P. V. Narasimha Rao:— The death occurred in such mysterious circumstances that merely to satisfy someone anybody cannot be arrested.

Sri G. Venkata Reddy:— What is the stage of investigation? Were any statements under S. 162 or 164 Cr. P. C. recorded?

Sri P. V. Narasimha Rao:— The post mortem report says that the medical officer opined that death was due to multiple injuries and intra-cranial haemorrhage and shock.

Dr. T. V. S. Chalapathi Rao:— (Vijayawada East) Circumstances which led to the fall of the gentleman from the train? The post mortem report says that death was caused due to head injuries. How were the head injuries caused?

Sri P. V. Narasimha Rao:— The head injuries might be because of fall...

Dr. T. V. S. Chalapathi Rao:— Were these injuries caused by accidental fall or were they inflicted by a third party. That is the question.

Sri P. V. Narasimha Rao:— Those details are not available with me. As I said it would not be proper for me to disclose all the details of the investigation.
Sri G. Venkata Reddy:—Are they lacerated wounds or incised wounds?

Sri P. V. Narasimha Rao:— Subject to correction, my impression is that the multiple injuries that are said to have been caused are the cause of death. They were injuries inflicted, and not injuries which just occurred due to any fall or things like that. Concussion may be because of fall.

Is there any complaint received from the relations of the deceased persons? Or is it a suo motu enquiry?

Sri P. V. Narasimha Rao:— Sri A. Subbarao, the President of the District Rice Millers' Association was travelling with the deceased from Madras to Vijayawada in a first class coupe compartment bearing No. 3191. Both of them entrained at Madras on 11-7-1971. According to Subbarao, when he woke up at Tenali, he found Mr. Venkatramayya who was occupying the lower berth was missing and the right side of the door was ajar. It is understood that Mr. Venkatramaiah has gone to Calicut.....

Sri P. V. Narasimha Rao:— Railway Police Ongole registered the case.
The information is that the dead body was found on the at'wty. track between the two tracks.

Sri Vavilala Gopalakrishnayya:— It was not the police who first noticed it; it was Mr. Subbarao who reported it.

Sri P. V. Narasimha Rao: The Railway Police, Ongole, registered it. The Railway Police, Ongole, registered it.

Mr. Speaker:— He must have been interrogated.

Sri P. V. Narasimha Rao:—That is the most obvious thing that any Police Officer would do.

DEATH OF CHILDREN DUE TO COLLAPSE OF A THEATRE STRUCTURE

* 1009 Q.—Sri S. Vemayya (Sarvepalli) :— Will hon. the Chief Minister be pleased to state :—

(a) whether it is a fact that three children were buried alive due to collapse of a theatre structure on 25-5-1971 in Jambagh area of Hyderabad City; and

(b) if so, the reasons for the failure of the proprietor to notice the weak structures in the theatre previously?

Sri P. V. Narasimha Rao:— (a) Yes Sir. Two boys and not three died under the debris.

(b) The matter is still under enquiry.

SUPPLY OF YARN AT POOL RATES TO WEAVERS

2411 Q.—Sri S. Vemayya:— Will the hon. Minister for Handlooms & Co-operative Factories be pleased to state:

(a) No, Sir.

* 2480-A Q.—Dr. T. V. S. Chalapathi Rao:—Will the hon' Minister for Endowments be pleased to state:

(a) whether it is a fact that the Executive Officer, T.T. Devasthanams, convened a conference of Agama Sastra Pandits of Tirumalai in the last week of May 1971 to ascertain their views on the desirability of opening a Second door-way to the Temple of Lord Venkateswara to serve as an exit for the large number of pilgrims who visit the temple every day;

DISPARITY IN PAYMENT OF H. R. A.

892—

* 2490-L Q.—Sri T. Purushothama Rao (Put by Sri B. Ratnasabhapathi:—Will the hon. Minister for Finance be pleased to state:

(a) whether it is fact, that the cost of living and consumer price index are the same in Warangal and Visakhapatnam according to official figures; and

(b) if so, the reasons for the disparity in the House Rent Allowance paid to the Government Employees working at these two places?

The Minister for Finance (Sri A. Bhagavanth Rao):—

Official consumer price index numbers for any two Centres are not comparable because they only reflect changes in the price of a fixed basket of goods and services, generally purchased by the class of people for which the index numbers are compiled at that
centre alone and does not take into account relative levels of prices at different centres. Therefore there is no information about the comparative cost of living and consumer price index at Warangal & Visakapatnam.

This does not arise in view of the answer to (a) above.

Have you not got the information from these two institutions? Are they not functioning at all now?

Sri A. Bhagawantha Rao: You put the question to the Hon Deputy Chief Minister, Sir.

(d) what is the value of the copper that was extracted so far?

The Minister for Women’s Welfare (Smt. Padma Bhaskar Reddy) :—

(c) As reported by the Deputy General Manager, M/s. Hindustan Copper Limited, Vinukonda the expenditure incurred by them is as follows :

i) Bandlamattu Mine : ... Rs. 32 lakhs

ii) Nallakonda Mine : ... Rs. 6 lakhs

(d) No copper has been extracted so far from the deposits in recent times.

STATEMENT PLACED ON THE TABLE OF THE HOUSE — VIDE CLAUSES (a) AND (b)

of L.A.Q. No. 2420 (Starred) S. No. 900

(a) The lead-copper deposits near Agnigundala; Vinukonda taluk, Guntur Dist. are marked by old workings and other evidences of metallurgical activity in ancient times. The first investigation of the deposit was commenced in 1949 by the Geological Survey of
India. This was continued between 1952–56 both by mapping and geophysical prospecting. Systematic investigations on these deposits were revived under the activities of the erstwhile base metal unit of the Geological Survey of India in 1959, when a massive programme of intensive prospecting all over the country to locate indigenous base metal resources was initiated. Preliminary assessment of the ancient workings during 1958–59 indicated that the area has good potential to warrant detailed exploration for full assessment. The largescale mapping was carried out in 1959–61. Detailed mapping and drilling have indicated three major deposit of copper and lead ores:

1) Bandlamottu-Lead (and Copper) Deposit.
2) Nallakonda Copper Deposit.
3) Dhukonda Copper (and Lead) deposit.

The first stage of exploration was completed by 1967 by the Geological Survey of India.

(b) The Government of Andhra Pradesh have made efforts and succeeded in arranging for exploitation of the lead and copper ores in the Agnigundala region by getting the work entrusted to M/s. Hindustan Copper Ltd. The exploratory mining programme was inaugurated on 4–2–1970, and the Hindustan Copper Limited has taken up exploratory mining and further development work on the basis of the information obtained by the Geological Survey of India. The Project officer informed that they have met Galena lead ore reef in Adit. 2 of Bandlamottu Mine in the Second Shift on 5th Aug. 1971. This is a significant development as this brings the project to the beginning of the stage of lead excavation and marks the beginning of a new chapter in the mining industry of base metals in the country. Experimental production of 50 tonnes of ore per day averaging more than 6.5% lead was commenced in August, 1971.

In order to see that the Project registers success in the task assigned to the Hindustan Copper Limited, the State Government extended all possible assistance in the matter of provision of roads, supply of electricity and water and other facilities to the Project. The State Government have constituted a Progress Review Committee to provide different infrastructural facilities required for the Project. The Department of Industries has Co-ordinated Steps in this regard and the facilities required from the State Government have been provided without loss of time. A Co-ordination-cum-Advisory Committee at the District Level has also been constituted by the Collector, Guntur to render all possible assistance to the authorities of Agnigundala Copper-Lead Project, Vinukonda in the speedy completion of the Project work.

I know it is not her department. But all the same, she is interested in stepping up production. Will she be pleased to enquire into the disputes between the labourers and the officer and try to settle the matter, so that the production will be stepped up?

ARREARS FROM EXCISE CONTRACTORS OF TWIN CITIES AND IN THE DISTRICTS OF TELANGANA

* 570 (1465) Q.—Smt. J. Eswari Bai and Sarvasri T. Purushotham Rao and R. Bhoom Rao:—Will Hon. the Chief Minister be pleased to state:

(a) the up-to-date amount of arrears outstanding from the excise contractors of the twin cities and in the districts of Telangana and the reasons for not collecting the same; and

(b) whether any contractors were given exemption or their arrears written off?

A:—(a) The up-to-date amount of excise arrears outstanding from the Excise Contractors of twin cities is Rs. 70,14,230 and in the Districts of Telangana area is Rs. 3,77,50,173. The reasons for not clearing the arrears are as follows:

(i) Due to defective system of valuation of hypothecated properties in the past, these did not fetch adequate amounts when put to sale.
(ii) Properties mortgaged by contractors were not through registered deeds leading to difficulties in the recovery proceedings.

(iii) Some of the properties so mortgaged have been sold to third parties and the latter have preferred objections and even filed suits in Courts.

(iv) The houses offered as securities were not been in good condition with the result that their sale has proved difficult. Added to this has been the factor of collusion with the result that there were no bids in quite a few cases.

(v) In certain cases, even after selling the hypothecated property, some amount still remained uncollected and hence action is being taken to trace out the other properties and to recover the amount by selling these properties.

In the past the valuation of hypothecated properties was defective in-as-much as the valuation was being certified on the basis of village officers reports. Whenever these properties were put to sale, very low bids were received. Further, in the past, there was no obligation on the part of the contractors to mortgage their properties by registered deed. They were only required to produce solvency certificate giving value of their property. In many cases, it was found that they produced improper solvency certificates and in some cases, they even transferred the hypothecated properties in favour of other persons.

(b) No contractor was given any exemption. In certain cases however it was found that the defaulters had no property and that there was no possibility of collecting the amount in any way, amounts were written off after conducting the required enquiry. The amounts so written off are given below.

VENGALAMMA KUNTA OF KATARAM VILLAGE

* 1613 (1675-C) Q.—Dr. T. S. Murthy:— Will the Hon. Minister for Panchayati Raj be pleased to state:

(a) whether it is a fact that irrigation tank by name Vengalamma Kunta of Kataram Village, Karimnaga District, which was transferred to Panchayat Raj Department from P.W.D. in the year 1965 has breached in the year 1966 and is still remaining un repaired in spite of the issue of instructions by Superintending Engineer, Panchayati Raj, to take up the repairs of the tank long back:

(b) if so, what are the reasons for the delay and who are the officials responsible?

A:— (a) The tank transferred after restoring it at a cost of Rs. 19,420 by the P.W.D. to Panchayati Raj institution on 5-7-1966 was breached on 27-7-1966 due to heavy rains during 1966-67. Estimates were prepared for the repairs and Mahadevpur Panchayat Samithi accorded administrative sanction to restore breaches at a cost of Rs. 20,000.

(b) Though administrative sanction was accorded, technical sanction could not be given as the ayacut is 55 acres, beyond the powers of Panchayati Raj institution. Revenue assessments were also not collected since its breach. The restoration of the tank by P.W.D. is under consideration.

(b) The rice mill at Kodad sustained loss in 1968-69 only while the rice mills at Miryalaguda and Huzurnagar have sustained loss in 1968-69 and 1969-70.

The following steps have been taken to run these rice mills without loss as far as possible.

1. The rice mill at Miryalaguda has sustained loss on account of heavy expenditure on establishment. The District Co-operative Officer has instructed the Special Officer of the society to see that the rice mill runs on profit. A total sum of Rs. 1,00 lakh has been provided to this Society towards margin money during 1969-70 and 1970-71 to enable the society to purchase paddy and to run the mill.

2. The rice mills at Huzurnagar and Kodad sustained loss as the Co-operative Marketing Society was not having sufficient funds to procure paddy to run the rice mills throughout the year. The mills are utilised only to mill paddy on hire. It is, therefore, proposed to obtain loan either from the State Bank of India or from the Co-operative Central Bank or from the Andhra Pradesh State Co-operative Marketing Federation for purchase of paddy.

Steps are also being taken to assess the requirement of these rice mills towards their working capital and to provide adequate amount in the shape of margin money under the scheme of the National Co-operative Development Corporation, so that the rice mills do not suffer loss in future for want of working capital. The Food Corporation of India has also been requested to get its paddy mills at Co-operative Rice Mills only instead of private mills.

(c) The financial assistance given by Government for the establishment of these rice mills is noted below:

LONG ROUTE R. T. S. BUS SERVICES CANCELLED

392 Q.—Sri Dhanenkula Narasimham:—Will the hon. Minister for Transport be pleased to state:

(a) the various long route R. T. C. bus services cancelled during the year 1969-70; and

(b) the reasons for their cancellation?

A:—(a) During the year 1969-70, the Corporation has cancelled the following three long distance services which were earlier introduced on experimental basis:

(i) Karimnagar to Vijayawada.
(ii) Kavali to Hyderabad via Kandukuru, Markapur, Macherla, Nagarjunasagar and Mallepalli.
(iii) Tirupathi to Nagarjunasagar via Kavali, Ongole Chilaka, Tirupati, Narasaraopet and Macherla.

(b) The route Karimnagar-Vijayawada was cancelled on account of poor performance. The services on the other routes Karimnagar to Hyderabad and Tirupathi-Nagarjunasagar had to be cancelled after June 69, due to the fact that the High Court of Andhra Pradesh gave Judgment in April 1969 in W. P. Nos. 1072 and 1073 of 69 to the effect that temporary permits cannot be granted to the APSRTC on the partly notified and partly non-notified routes to the APSRTC. In view of the above, the Transport Authorities could not grant successive temporary permits to the APSRTC and there-
fore operations on the above routes had to be cancelled. However, according to the amended Act, 1969 which came into force in March, 1970 the R. T. C. can apply for temporary permits to run the services in a scheme published by them for the period intervening between the publication of scheme and date of the publication of the approved or modified scheme. The Corporation proposes to introduce services on the above two routes as soon as they get the vehicles under augmentation programme.

Matters under Rule 341 30th November, 1971
re: Highhandedness of Police relating to a married couple

Mr. Speaker:—Smt. Eswari Bai had given a notice which has been adjourned for being taken up today relating to the high-handedness of the police in separating a married couple - intercaste marriage and assaulting a harijan youngman for having married a backward class caste girl of eighteen years.

Mr. Speaker:—No, there is no need for you to make any statement. Let the hon. Chief Minister make a statement.

Sri P. V. Narasimha Rao:—Sri Y. Chandraiah of Padgummala village gave a report at Kohir police station on 23-11-1971 at 7-00 A. m. that his daughter Kumari Rachamma, aged 14 years, was missing since 11-11-1971. On this complaint, a case of missing girl was registered under crime No. so and so. The Sub Inspector of Police, Kohir, the parents and other relatives of the girl traced the girl on the same day at the house of Sri Narasimlu, junior college student, at Vikarabad. The girl was recovered from there. She was produced before the M.M. court, Zaheerabad on 24th November, 1971. The Magistrate handed over the girl to the parents under surety. Sri Mallaiah, the father of Sri Narsimlu, is a railway gangman staying in the railway quarters of Padgummala village since last six years. Sri Chandraiah, the father of the girl, is also residing with his family in their fields near their quarters: Narsimlu was frequently visiting the house of Rachamma as he was friendly with her brother. Rachamma developed illegal intimacy with him since last 11/2 years. On 11th November, 1971, Sri Narsimlu abducted her to Vikarabad and married her at Anantagirigutta on 11th November 1971 without the knowledge and consent of her parents-

The case is under investigation.

Matters under Rule 134  
Re: Refusal of Tahsildar to issue certificates under one job-one family Scheme.

Mr. Speaker:—The Chief Minister has made a statement and the question of your again making a speech or seeking a clarification does not arise.

Smt. Eswari Bai;—His information is wrong.

Mr. Speaker:—If you are not satisfied with the information given by him, you can put a short notice question.

Mr. Speaker:—There is no use of repeating. The Chief Minister has already made a statement:

(3) re: Refusal of Tahsildar of Visakhapatnam taluk to issue certificates to applicants under One Job one family scheme.

Now, Sri K. Govinda Rao, and Sri P. Sanyasi Rao have given the following notice under Rule 341 of the Assembly Rules re: the refusal of Tahsildar in Vizag taluk to issue certificates to applicants for employment under one in a family scheme introduced in Vizag District.

The Chief Minister will make a statement.

No information is readily available as to whether the Tahsildar of Visakhapatnam has refused to issue certificates to applicants. A certificate from any Gazetted Officer not less than the rank of a Tahsildar is to be produced by the applicant seeking employment under the scheme. No information is made available by the hon. Member regarding the names of the applicants who were refused certificates. The matter will be looked into if time is allowed for the Government to take necessary action.
Mr. Speaker:—Sri A. Madhava Rao has given notice under Rule 341 of the Assembly Rules: “Whether the Central Government under the Statewise IV Five Year Plan alloted Rs. 5.0 lakhs for establishment of Dental Clinics at Taluk Headquarters out of which Rs. 2.0 lakhs has already lapsed; the remaining amount will lapse in March 1972 if immediate steps are not taken. I request the Minister to make a statement in this behalf.”

Sri Mohammed Ibrahim Ali Ansari:—Sir, due to drastic cut in the Fourth Five Year Plan outlay from Rs. 9.40 crores to Rs. 3.70 crores, opening of dental clinics at Taluk level cannot be considered at the time. There are dental clinics in all District Headquarters hospitals except in the Government Headquarter Hospital, Ongole, for which proposals are under consideration. Also, there are Dental Clinics in 9 Taluk Headquarters Hospitals out of which three were opened during the Fourth Five Year Plan in the year 1969-70, at Gudivada, Adoni and Suryapet. 2 more Dental Clinics at Taluk hospitals will be opened during 1972-73.

Sri A. Madhava Rao:— Will the Minister feel that he has answered my point? I asked why the amount of Rs. 2.0 lakhs has lapsed. The Minister must be in a position to say whether it has lapsed or not and whether the remaining amount also is going to lapse or not.

Sri Mohammed Ibrahim Ali Ansari:— They have not lapsed. It is a Plan amount.

Mr. Speaker:—Srimati J. Eswari Bai has given notice of another meter regarding receipt of representations regarding heavy current charges being collected from the agriculturists who have taken power for agricultural pumpsets and requesting withdrawal of the heavy matter rent collected every month.
Mr. Speaker:—Sri B. Niranjana Rao has given notice of the following under Rule 341 of the Rules:

"New khariff crop is coming into the market. In the past the Food Corporation of India was purchasing the new paddy from ryots by opening purchasing centres. This year, they have not started purchasing. This resulted in the exploitation of price by millers. I, therefore, want to raise the issue to request the State Government to take up the issue with the Food Corporation of India."

Sri Poola Subbayya :—There is no question of helplessness. This relates to the food policy of the Government.

Mr. Speaker :—What do you want me to do? It is notice under Rule 341. What is it I can do?
Mr. Speaker :—You can put a short notice question or you can bring it to his notice in some other form.

Sri Poola Subbayya :—I am just adding, Sir.

The Minister has to come forward with a statement because the purchasing centres are not purchasing paddy from the ryots.

Because the hon. Minister for Women’s Welfares has requested to take this up on 2nd, I will take this up also on 2nd December.

BUSINESS OF THE HOUSE

Mr. Speaker:—I treat all alike. I do not make any distinction.

Sri Vavila.la Gopalakrishnayya:— When will then ordinary question come?

Mr. Speaker:— I cannot remember all those things. There are so many short notice questions. How can I remember? My little brain cannot contain so many things. You please contact me in the chambers.

Mr. Speaker:—You cannot question my decision. Because I have rejected, you cannot say I have given some wrong decision.

Sri Vavila.la Gopalakrishnayya:— I am only questioning the intelligence of the reply.

Mr. Speaker:— It is receiving my attention. I will see that it comes up tomorrow or day after.

Smt. J. Eswari bai:—No, There is no time, Sir.

Mr. Speaker:— I will see it comes up tomorrow or the day after tomorrow.

(Sri G. Venkatareddy in the Chair)

Smt. J. Eswari bai:— The Town Planner Mr. Reddy hoots the Ministers. I have notice of it given 24th. Why this feeling?

Mr. Chairman:— It will be looked into by the Speaker and you will be informed accordingly.

Mr. Chairman:— There is one call-attention matter regarding levy of additional taxes by the Government to raise funds for Bangla-Desh Refugees.
Sri P. V. Narasimha Rao:—We have already passed the Bill. This motion has become infructuous.

Mr. Chairman:—Yesterday, we have discussed about the Bill and you (Sri Ch. Rajeswara Rao) were given an opportunity to speak on it. Now I think there is no necessity to take up this motion.

Mr. Chairman:—It is always open to the Government to come forward with whatever legislation it wants to bring in.

Sri P. V. Narasimha Rao:—To the extent that we have brought up proposals, it is already there. There are so many proposals which have come from the Centre. We are examining other proposals, but we have not taken any decision.

Mr. Chairman:—What the Chief Minister has said was that we have already taken up one Bill which was passed ..

Mr. Chairman:—The Chief Minister has already given a reply. So far they have not yet decided.

Mr. Chairman:— I have already called the Call-Attention Motions.

Sri D. Venkatesham:— The last date for receipt of applications for admissions to the Medical Colleges is today. The candidates who are in the City have received the application forms only on the 25th Nov. and they have got to be attested by the concerned Tahsildars, for which purpose they have got to go back to their places. They are experiencing a lot of difficulty in view of the short time available. I would request the hon. Minister for Medical and Health to extend the time limit for receipt of applications by the Medical Colleges.

Mr. Chairman:— Please give notice. I shall admit it for tomorrow.

Sri D. Venkatesham:— But today is the last date.

Sri Mohd Ibrahim Ali Ansari:— It was notified long ago and there was ample time for the candidates to get the necessary certificate. Yet, if the hon. Member insists, we shall extend the time limit by one week.

re: Closure of Andhra Scientific Company, Machilipatnam

Sri A. Bhagavantharao (Deputising the Minister for Revenue):—

During the present drought the amount allotted to Warangal District for execution of relief works upto 31-12-71 is Rs. 49 lakhs. The entire amount has already been released in favour of the Collector. Out of this an amount of Rs. 20 lakhs for Z. P. road works and another amount of Rs. 5 lakhs for minor irrigation works under Z. P. have been released by the Collector. These works are in progress and there is a balance of Rs. 16 lakhs with the Executive Engineer, Z. P., Warangal, the expenditure incurred being Rs. 9.39 lakhs. The amount allotted by the Collector for P.W.D., & R.& B., works is Rs. 11.75 lakhs and P. W. D. Minor Irrigation works is Rs. 4.50 lakhs out of which the expenditure uptodate is Rs. 11.25 lakhs leaving a balance of Rs. 5 lakhs. In view of the above it is not correct to say that there is paucity of funds for Panchayati works and P.W. D. Minor Irrigation works there is no question of stoppage of works due to paucity of funds. On the other hand, the Collector, Warangal has emphasised that Panchayati Samithis should book a minimum expenditure of Rs. 4 lakhs.

Andhra Scientific Company, Machilipatnam

An urgent public matter was referred to the attention of the House on the 30th November, 1971 regarding the closure of the Andhra Scientific Company in Machilipatnam.

This company was established on 30th November, 1971, with the objective of providing scientific and technical services to the people of Andhra Pradesh. Unfortunately, due to unforeseen circumstances, the company had to be closed on 30th November, 1971.

The closure of the company has caused a great deal of distress to the employees and their families. The government has been urged to take immediate steps to provide alternative employment to the employees of the company.

It is also requested that the government provide financial assistance to the company to help it resume operations. The employees of the company have been left without any means of livelihood and are facing great difficulties in their daily lives.

The government is requested to take all possible measures to address this situation and provide relief to the employees of the Andhra Scientific Company.

re: Closure of Andhra Scientific Company, Machilipatnam

The undersigned, Representative of the public at large in the matters of public importance, hereby calls attention to the matter of urgent public importance relating to the closure of the Andhra Scientific Company, at Machilipatnam.

It is hereby observed that the company has been in operation for several years, providing employment to a large number of workers. Recently, there have been reports of the company's closure due to financial difficulties.

The closure of the company would result in the loss of employment for the workers and would have a significant impact on the local economy. Therefore, the government is requested to take immediate steps to prevent the closure and to provide alternative employment opportunities for the workers.

It is further observed that the company has been operating within the framework of the law and has been contributing to the local economy.

The undersigned requests the government to intervene and take necessary steps to prevent the closure and to ensure the continuation of the company's operations.

Yours sincerely,

Sri B. Niranjanarao :- The present situation is really a blessing in disguise because the Government can seize this opportunity and see that it is taken by the Government of India. Employer-employee relation is beyond repair; it is useless and it is diverting the issue. So the Minister should go to Delhi and see that it is taken by the Central Government immediately.

re: Retrenchment and transfers of transport employees of Medical and Health Department

Sri Mohd. Ibrahim Ali Ansari:—Sir, in the year 1963, a Transport Organisation for Public Health Department was formed with its Headquarters at Hyderabad. The master-plan submitted by the former Director of Public Health was approved by the Government in the year 1966. And orders were issued in July, 1966 sanctioning certain additional staff and reorganising the State Health Transport Organisation. The Draft Adhoc Rules were submitted by the Director of Public Health in July, 1966 and were under consideration of the Government till May, 1970. Since the rules could not be finalised till May, 1970, the incumbents working on casual basis in the organisation have been continued and finally absorbed temporarily on 8-11-1969 on the posts in the time-scale subject to eligibility to hold the posts as per the ad hoc rules to be finalised by the Government. As there was hunger strike in October, 1969 about 70% were given promotion though most of them did not possess any technical qualifications nor the requisite experience in the particular

trade, by obtaining the declaration from them to the effect, that promotion orders were purely temporary and they were liable for reversion or ousting as the case may be from service without prior notice or assigning any reason in case...

Mr. Chairman:—After discharging these people have you taken fresh people again?

Sri Mohd. Ibrahim Ali Ansari:—No, Sir. We have not taken fresh people. I will submit, Sir. There was a Committee appointed and this Committee interviewed 134 technical staff of the Public Health Transport Organisation on 20-10-1971 to 22-10-71 category wise with a view to judge their merit, competence and their knowledge of tools and operation etc., and the Committee decided as follows:

1. Persons promoted to the next higher post considering their qualification and outstanding abilities—12;
2. Persons allowed to be retained in the posts which they were holding—28;
3. Persons reverted—53;
4. Discharged from service—37;
5. Persons repatriated to other parent departments - 14.
TOTAL : 134.

The Andhra Pradesh Public Health and Hospital Employees' Association made certain representations against the above reversions and retrenchments on which the Chief Minister has ordered to avoid retrenchment. Accordingly, the Government issued stay orders requesting the Director of Medical and Health Services to keep the orders of retrenchment in abeyance till further orders. In the meanwhile 31 retrenched and 7 reverted employees had gone to High Court so far and got stay orders. Out of these 25 retrenched and 7 reverted employees had been reinstated and restored to their original posts. About 12 employees have not yet been absorbed for want of vacancies. The repatriated employees have not yet been sent to the

GOVERNMENT BILLS

The Andhra Pradesh (Krishna and Godavari Delta Area Drainage Cess (Amendment) Bill, 1971.
Mr. Chairman:—The question is:

"That the Andhra Pradesh (Krishna and Godavari Delta Area) Drainage Cess (Amendment) Bill, 1971 be taken into consideration."

The Motion was adopted.

CLAUSES 2, 3, 1 ENACTING FORMULA AND LONG TITLE

Mr. Chairman:—The question is:

"That Clauses 2, 3, 1, Enacting Formula and Long Title do stand part of the Bill"

The Motion was adopted and Clauses 2, 3, 1, Enacting Formula and Long Title were added to the Bill.

Sri. P. Basireddy: Sir, I beg to move:

"That the Andhra Pradesh (Krishna and Godavari Delta Area) Drainage Cess (Amendment), Bill, 1971 be passed".

Mr. Chairman:—Motion moved.
Mr. Chairman:—The Bill was moved in the name of the concerned minister.

It is being reopened. Member incharge of the Bill means according to the definition given in the Rules, Member introducing the bill or any other Minister.

Sri P. Basireddy:—Yes. That is the definition. In page 2: Member incharge of the Bill means; in the case of a Government Bill, the Minister introducing the Bill or any other Minister on his behalf.

Sri P. Basireddy:—Member incharge of the Bill is mentioned only in connection with the Government Bill.

Sri Vavilala Gopalakrishnnyy:—No, Sir. Member incharge means, in the case of a non-official bill and the Minister incharge means, in the case of a Government Bill. There is time for amendment. Yes, Sir.
The Andhra Pradesh (Krishna and Godavari Delta Area) Drainage Cess (Amendment) Bill, 1971

Mr. Chairman:—The Bill was introduced in the name of Sri Siddareddy. At the time of introducing the bill, a point of order was raised by you or somebody. At that stage, the Deputy Speaker who was in the Chair, had allowed to introduce that Bill and that was over. When he had allowed to introduce the Bill...

Mr. Chairman:—It is clear that it is in the name of Sri S Siddareddy.

Sri Vavilala Gopalakrishnaiah:—Minister incharge of Medium Irrigation and Drainage is not the Member authorised. But he is deputising for Sri Sidda Reddy.

Mr. Chairman:—What do you say Mr. Basi Reddy? He says Drainage portfolio is yours and the Bill is in the name of Sri Sidda Reddy at the time of giving notice. Are you deputising?

Sri P. Basireddy:—I am piloting the BR1 as Minister incharge. I am not deputising for Mr. Sidda Reddy.

Mr. Chairman:—One thing I can say. Exactly, based on the Minister's argument also, sofar as my knowledge goes, they are jointly and severally responsible.

Sri Vavilala Gopalakrishnaiah:—I am speaking of this specific case. You cannot always take shelter under joint responsibility. I can understand if it is a joint responsibility, if the other Minister says. I agree. But the Minister who is in charge of the Bill, is not the man

who piloted and whose name was there, deputising as it piloted by deputising for him? The other member says “he is not deputing for Mr. Sidda Reddi here.” What is this irregularity?

Mr. Chairman:—There is a precedent so far as our House is concerned. When the portfolio is that of Mr. Thimma Reddi, Revenue Minister, the Bill was published in the name of Sri Brahmananda Reddi and he piloted the Bill and everything was over, at the time when Sri Brahmananda Reddi was the Chief Minister.

Sri Vavilala Gopalakrishnaiah:—Land Reforms Bill is under the Chief Minister. But the Land Revenue is under the Minister for Revenue.

Mr. Chairman:—With the permission of the House, I request the former Speaker and the present Deputy Chief Minister to enlighten on this thing.

(Many interruptions)

I can get clarification from the House. It is a discretionary power.

Sri C. V. K. Rao:—I raise an objection. Whoever presides, it is his bounden duty and the Presiding officer should give his ruling.

Mr. Chairman:—I can give my ruling. I have not come to the stage of giving my ruling. I would like to know the opinion of the members. If you want to give an opinion on this subject, you can give. I will give you an opportunity.

Sri C. V. K. Rao:—It is objectionable.

Sri V. Palavilli:—The Presiding Officer requested him to give his opinion. There could be no objection.

Sri C. V. K. Rao:—You should not give up your right. You should give a ruling, right or wrong.

Mr. Chairman:—No. No. I requested the Deputy Chief Minister to enlighten us on this matter.

Sri C. V. K. Rao:—I raise an objection and I cannot permit you to do that thing.

Sri B. V. Sudha Reddi:—I don’t know under what provision Sri C. V. K. Rao is getting up and asking and developing objections.
No member is allowed to Speak unless he is called upon by the Speaker. Other members have no right.

Mr. Chairman:—I had the discretionary power.

Sri B. V. Subba Reddi:—I don't think the members is within his rights when he says that the Speaker has no power to call any member or the Minister to give his opinion.

Mr, Chairman:—It is the discretionary power of the Chair. I asked the Deputy Chief Minister to enlighten me on this point.

Sri C. V. K. Rao:—The Chair is not the dictator. The Chair has got to understand the psychology. The Chair has got to understand the attitude of the House itself. Over and above, I leave it to you.

Mr. Chairman:—I cannot act as per your whims and fancies. There are rules and regulations. There are discretionary powers to the Chair. I request the Deputy Chief Minister to enlighten in this respect.

Sri B. V. Subba Reddi:—As you are very well aware, whether it be a non-official Bill or an Official Bill, before it is introduced in the House, the first thing, the member or the Minister has got to do is, he must send it to the Speaker for his permission to get it published. In this particular case, the Minister-in-charge of Major Irrigation, Sri Sidda Reddi, wrote to the then Speaker for permission to get the Bill published. This was signed by him as I see from the Bill itself. It was originally signed by him and then he wrote to the Speaker for permission to get it published. The Speaker, under the powers vested in him, has given permission to get it published. Afterwards, the Bill was actually introduced by the Mininster who was in charge of the portfolio of Medium Irrigation. Not only that. For leave to introduce the Bill also, he sought the permission of the House. The House gave him the permission. Now he is continuing to be in charge of irrigation. Now the question is whether the Minister, in the first place, when the Bill itself was signed by another Minister who is not in charge of this portfolio,—sought the the permission of the Speaker for publication; whether the same Minister should continue to be in charge of that Bill and ask for leave in introducing the Bill. The House has to consider this aspect. That need not be gone into since, he has been permitted to ask the leave of the House and also he was permitted to introduce the Bill. So that does not arise at this stage. As Mr Vavilala says, rightly he ought to
have raised the objection at that stage, and the Speaker gave a ruling that the Minister in charge of Medium Irrigation could introduce. It is perfectly in order and it is for him to pilot the Bill, it that stage having been passed. In view of the Bill having been introduced, the House has now taken up for consideration.

Mr. Chairman:—Naturally. You cannot question it. That is not fair.

Sri B. V. Subbareddi:—The speaker himself having given a ruling there is no question of now questioning the correctness of the Bill.

Sri C. V. K. Rao:—For what did he give the ruling? It means irregularity has gone.

Sri B. V. Subbareddi:—He has already given the ruling that it was perfectly in order.

Mr. Chairman:—The procedure adopted is not irregular.

Sri C. V. K. Rao:—That is an irregularity which has been committed and the irregularity has been regularised.

Mr. Chairman:—Naturally. You cannot question it. That is not fair.

Sri B. V. Subbareddi:—The speaker himself having given a ruling there is no question of now questioning the correctness of the Bill.

Sri C. V. K. Rao:—For what did he give the ruling? It means irregularity has gone.

Sri B. V. Subbareddi:—He has already given the ruling that it was perfectly in order.

Mr. Chairman:—The procedure adopted is not irregular.
Mr. Chairman:—I cannot say so far as that aspect is concerned.

Mr. Chairman:—I am not going to enter into that controversy. The problem here is whether it is under the purview of the Rules or not. So far as I am concerned, I can perfectly say that it is under the purview of the rules. So we can proceed with the Bill. I will agree with you regarding that aspect when we consider...

Sri Vavilala Gopalakrishniah:—If it is a question of deputising who deputised for whom, we don’t know.

Mr. Chairman: That is not the main point here, Sir.

Sri Vavilala Gopalakrishniah:—That is the main point, Sir, because I am depending upon that contention because the other day....

Mr. Chairman:—So far as my knowledge goes, when the House is proceeding against the provisions of the rule, when it is contradictory to the rule, then the point of order will come. I request the Government not to commit this mistake hereafter.
Mr. Chairman:— I entirely agree with you so far as that aspect is concerned.

Mr. Chairman:— That is not the point here. Sri Gopalakrishnaiah raised a different point. The Speaker has given a ruling.

Dr. T. V. S. Chalapathiraao:— Suppose it is contrary to the rule.

Mr. Chairman:— There is no question of wrong ruling here. That does not come now.

Are you dinputising the Bill or piloting the Bill? I am piloting the Bill as Minister in-charge. So far as the Rules are concerned, as our hon. Deputy Chief Minister has said it is in perfect order. There is no question. He did not go against the rule. There is no point of order at all. I request the Government hereafter not to commit this
mistake. Now, we shall proceed with the consideration of the Bill. Anybody would like to speak?

Mr. Chairman:—At this stage it is in perfect order, but at the time of introducing, permission was granted for the bill. That is a different matter. The Speaker had already given the ruling.

Sri G. Latchanna:—Now the question under consideration is only that aspect, not this aspect.

Mr. Chairman:—Once permission has been given, we cannot question.

Sri G. Latchanna:—The question raised by hon. Dr. T. V. S. Chalapatirao will arise... Can the ruling of the Chair make an illegal act as legal act?

Mr. Chairman:—It is not an illegal act. How can it be an illegal act?

Sri C. V. K. Rao:—The Government has committed a mistake. Then it follows that this kind of thing should not be repeated.

Mr. Chairman:—It is not irregular or illegal. The mistake is quite different from being illegal or irregular.

Sri C. V. K. Rao:—What is a mistake?

Mr. Chairman:—I am not supposed to define what is a mistake. Let us not waste our time. I have given you much time to explain this matter. But you are going on questioning me like this to define what is a mistake, what is irregularity.
Mr. Chairman:— I did not say that the Government has committed an irregularity. Mistake is quite different from irregularity. I am very clear about it. Don't test my patience. I am requesting you Mr. C. V. K. Rao. I have given you much time regarding a number of points of order even though there is no point of order.

Sri G. Lachanna:—l think this requires clarification. non-transport vehicles, namely, motor cars and motor cycles...” is this, the hon. minister or transport vehicle?

Mr. Deputy Speaker:—Will the hon. minister like to have time and clarify it tomorrow?

Sir P. Basireddy:—“Motor Car “means” any motor vehicle other than transport vehicle, motor cycle...”

Mr. Deputy Speaker:—He referring to the Statement of Objects and reasons.

Sri P. Basireddy:—The word ‘passenger’ does not occur in the Bill. It may be there in the Statement of Objects and Reasons, but that does not matter at all.

Sri G. Lachanna:— Will the Statement of Objects and Reasons form par of the bill?

Sri P. Basireddy:—In the Statement of Objects and Reasons some words might have been loosely worded. This “Transport Vehicle” is defined under the Act itself.
Sri B. V. Subbareddy: So far as the body of the Bill is concerned, it does not appear there. The words "non-transport vehicles" apply only to cars used for private purposes and not for hire.

Sri G. Latchanna:— There may be some legal difficulties, Sir, and clarification may be given tomorrow.

Sri P. Basireddy:— They are imaginary difficulties.

Expenditure for 1971-72

Mr. Brahmanandareddy is the very embodiment of integration of the State and he has become a model to all the linguistic States which are integrated."

It is supplementary report to the Tenth Report of the Sub-committee on Development on Implementation of plan and non-plan schemes in Telangana area. In it is said:—

"The terms 'Central and General Administration' and 'proportionately' have not been defined anywhere. The intention appears to be that the expenditure on establishment and services which are not intended exclusively for any one region, but have been constituted for rendering common services to both the regions, should be shared by the two regions in an equitable manner. It would be difficult for the Administrative Departments as well as the Accountant, General to maintain separate sets of accounts, income and expenditure of Andhra and Telangana regions of Andhra Pradesh. As a practical measure, therefore, the following principles have been provisionally adopted in framing the estimates for 1957-58,"

The Finance Department in their letter dated February 1957 said that the Accountant-General again expressed certain difficulties to maintain two separate sets of accounts.
The Deputy Secretary, Finance Department explained about the difficulties that were confronted by the Accountant-General in maintaining two separate accounts and also stated that since the budget was prepared for both the regions, it was not possible to maintain two separate accounts.

Mr. Speaker:—It is time. You please conclude.

Old points presented in another angle to the new Government so that I will be helpful to safeguard integration.
