Sri M. Narayana Reddy (Nizamabad): I rise to support the Condolence motion proposed by the Leader of the House. How deeply the people of Telangana grieved loss of Sri Atchuta Reddy was evident from the turn out of so many people on the day of his funeral. As you know, Sir, Mr. Atchuta Reddy was known as “Bade Bhai of Telangana”. He earned esteemed affection of the people of Telangana by his particular approach and high qualities. It is a great personal loss to me and the people of Nizamabad in particular for whom he had shown concern when he toured my district before he went to Nalgonda on his fateful trip. Never in the past, any Minister had shown more concern with the improvement and development of Nizam-sagar of Nizamabad district than Mr. Atchuta Raddy. He assured his best during his term and said that he would continue to show the

ANNOUNCEMENT:

PROGRAMME OF DATES FOR ELECTIONS TO COMMITTEES

Mr. Speaker:—I have to make an announcement:

“In accordance with regulations made by me for conduct of elections according to the principle of proportional representation by means of single transferable vote, I fix the following programme of dates for elections to the Committee on Public Accounts, Committee on Estimates, Committee on Public Undertakings, Committee of Privileges and the Committee on Sub-ordinate Legislation:

1. The last date for making nominations: 1-8 p.m. on 25-3-72
2. The date for scrutiny of nominations: 11-00 a.m. on 27-3-72
3. The last date for withdrawal of candidature: 1-30 p.m. on 29-3-72
4. The date on which a poll shall, if necessary, be taken: 10-00 a.m. to 3 p.m. on 1-4-72 in the Room of the Assembly Buildings.

BUSINESS OF THE HOUSE:

...
Mr. Speaker:—I have already received some adjournment motions and call attention motions on that. I am taking up that tomorrow. I shall ask the Government to make an announcement. I would request the Hon'ble Members that in all such matters, to kindly meet me in my chamber before I come to my seat. I am always available. If you want any information on your adjournment motions, call attention motion; or anything on the agenda of the House, you can meet me in the chambers.

Sri C. V. K. Rao: A point of information, Sir. According to the Rules, a copy of the Governor's Address shall be laid on the Table of the House. As we go through the copy of the Address, we see that there are certain things which appeared in the Papers, but are not contained in the Address; such as what he spoke about Democracy and the role of Opposition, etc. I wonder, if there is any thing contained in the provisions of the Constitution that the Governor's Address should not contain things with which he has very gratuitously favoured this House. There are certain other things which he said. As I read in the Papers about the Opposition etc., I do not find this in the Address. He said something also, which I read in the Papers that keep up the dignity of the House, this is a Democracy, the Opposition has a responsibility, and things like that. We were here, and we wanted to draw the attention of the House. No doubt the opposition is smaller this time. He has certainly said something which has appeared in the Press. He should not say anything which is not contained in the printed matter. Governor must not have said that. I wish to draw the attention of the Chair, that if certain portions were delivered by the Governor which were not in the Address, they should not have been told by the Governor.

Mr. Speaker:—I shall go into the matter. If that has been said as part of the Address, I shall see that it is added to the Address.
Mr. Speaker:—I wish you might raise such matters in your speech on the Address of the Governor.

MOTION ON ADDRESS BY THE GOVERNOR

Sri Palavelli (Chodavaram):—I beg to move;

"That an Address be presented to the Governor as follows:

"That the Members of the Andhra Pradesh Legislative Assembly assembled in this Session, are deeply grateful to the Governor for the Address, which he has been pleased to deliver to both the Houses of the Legislature assembled together on the 21st March, 1972."

(Pause)

Mr. Speaker:—Motion moved.

Mr. Speaker:—Before Mr. Palavelli makes his speech, I would like to request the Members to send their names today itself: all those who want to participate in the discussions on the Motion of Thanks on the Governor's Address, because you know I do not have a list of various Parties with me. So as to make it possible for me to allow the Members to participate, if the Parties send the names of their Members, it will facilitate me to allot time and the number of days for discussion. I would request the Members to send their names to me.

I would also request the Members, particularly the new Members of the House, to kindly go through the booklet that has been circulated to you on "Parliamentary Etiquette".

The Deputy Chief Minister (Sri B. V. Subba Reddy):—The question is which Party is going to be recognised as Opposition Party. According to convention a recognised Political Party, which has at least secured the seats which are proportionate to the number of members which form quorum is recognised as Opposition party. The Communist Party has secured eight seats (I am not sure,) and recognized by the Election Commission. There are other Parties recognized by the Election Commission. Then there are large number of Independents, and they do not belong to any Party, recognized by Election Commission.

Since the Opposition Parties have certain powers under the Rules and conventions, I would like to know from the Chair, as to which Party is going to be recognized as Opposition Party because immediately after Sri Palavelli moves the Motion, the Leader of the
Opposition has got to be asked what he has got to say. He will be given first opportunity.

Mr. Speaker:—Apart from the Parties which were recognized earlier, a large number of Independents have also come to the House. I have already received one or two communications from the Independents. They have formed themselves into a sort of a group, and named themselves as a Party. Since I have received the communications this morning only, I had no time to go through them. As the Opposition is there, I will decide about the recognition of the main Opposition Group.

Sri Kudipudi Prabhakar Rao:—In the last Session also the same thing arose. Swatantra Party had 37 Members and was recognised as Opposition Party, because it is a party with 'national policies'. Independents even though grouped themselves as a Party, cannot be recognised as Opposition Party.

Mr. Speaker:—I will go into the precedents. I shall examine the position very carefully and announce to the House. But for today, the only Party that I know which has come with bigger number is C. P. I.; and I recognize that as main Opposition Group.

The people of the state are looking forward to a brighter and prosperous future under his leadership.
The Ruling Congress will now go ahead with redoubled vigour to implement the Aaribi Hatako Programme.
Motion on Address in the House:
22nd March, 1972

Mr. Speaker, I am glad to have the opportunity to address the House on this important matter. The present situation demands urgent action from the Government. The人民群众 are facing unprecedented hardships and the Government must take immediate steps to alleviate their sufferings.

According to the latest reports, the inflation rate has reached an alarming level. The cost of living has increased by 20% in the past six months. This is not only causing financial hardship to the common people but also damaging the economy. The Government must take immediate steps to control inflation.

The unemployment rate has also increased significantly. It is estimated that over 5 million people are currently unemployed. The Government must take steps to create new jobs and provide training to the unemployed.

The education system needs urgent attention. The teachers are underpaid and the quality of education is declining. The Government must increase the budget for education and ensure that every child has access to quality education.

The healthcare system is also in dire need of attention. The number of hospitals and medical facilities is inadequate and the quality of healthcare is poor. The Government must take steps to improve the healthcare system and ensure that every citizen has access to quality healthcare.

In conclusion, I urge the Government to take immediate steps to address these issues. The人民群众 are counting on us to lead them through these difficult times.

Motion on Address by the Governor.

Sri C. V. K. Rao:—Sir. Neither the Chief Minister, nor the Deputy Chief Minister is present in the House. There must be some sort of tradition. A Minister may be taking notes, that is a different matter. It is better, if there is either the Chief Minister or the Deputy Chief Minister in the House. If the Chief Minister is busy elsewhere....

Mr. Chairman:—The Finance Minister is here.

Sri C. V. K. Rao:—The Finance Minister has nothing to do. You are requested to give your Ruling that they must respect the dignity of the House.

Sri E. Ayyapu Reddy:—The Chief Minister is in the other House.

Sri C. V. K. Rao:—What happened to the Deputy Chief Minister; if the Chief Minister is in the other House. You ask the Deputy Chief Minister to be present. Yesterday only, we talked so much about the dignity of the House. The dignity of the House may well be maintained, if the Ministers, the Chief Minister and the Deputy Chief Minister keep up the dignity of the House. What is your Ruling? You send word to the Deputy Chief Minister. What is the good of having twenty-nine Ministers, and only one present in the House.

Mr. Chairman:—As far as possible, the Ministers will be present in the House.

Sri E. Ayyapu Reddy:—The Chief Minister has to give a reply in the other House.

(The Deputy Chief Minister enters the House.)

Sri B. V. Subbu Reddy:—There are one or two Ministers here. There is no convention that the Chief Minister or in his absence the Deputy Chief Minister should be present in the House.

Sri C. V. K. Rao:—Is not the Chief Minister responsible to this House?

Sri E. Ayyapu Reddy:—Let me make one point clear!

Mr. Chairman:—Let there be no discussion on this.

Sri C. V. K. Rao:—Are you elaborating on the dignity of the House?

Sri E. Ayyapu Reddy:—There is no question of replying. Is the Member going to say that by the presence or absence of the Chief Minister, the prestige of the House is either enhanced or lowered. No Sir, it is by the way in which the Members behave, and the House conducts its business, the dignity of the House is maintained and enhanced.

Sri C. V. K. Rao:—If that is so who is going to decide?
The Deputy Chief Minister (Sri B.V. Subba Reddy):—When the discussion is going on in another House, the Chief Minister or in his absence the Deputy Chief Minister has to be present in that House. Let me tell the House, of course through you, S.R., that there is no convention or ruling to the effect that the Chief Minister or in his absence the Deputy Chief Minister should be present in this House. There must be somebody on behalf of the Government present here. A Minister can be present here. In fact, the Finance Minister is already here.

Sri C. V. K. Rao:—With regard to that Mr. Chairman, he is giving a licence to Ministers who are responsible to this House that they can absent themselves from the House, when important business is going on. It is up to the Chair, if any Minister is absent, to ask him to be present. The contention of the Deputy Chief Minister, in fact, brings disrespect to the House.

I raise a point, that if the Chief Minister has no business outside, he should be asked to be present here and follow the debate. No Member however big he may be, can have a ‘Fresh Leave’.

Sri E. Ayyapu Reddy:—He may also raise a ‘point of order,’ and say.....

(Mr. Speaker in the Chair.)

By the way, the Constitution (Article 75) says, the Governor or the Adviser can absent himself as he pleases. 1909 is the date of the first session of the Constituent Assembly. 1969 is the date of the last session of the Constituent Assembly. 1962 is the date of the last session of the Constituent Assembly. The Constituent Assembly met for 39 sessions, but it is not clear how many sessions of the Constituent Assembly were held. The Constituent Assembly met for 69 sessions, but it is not clear how many sessions of the Constituent Assembly were held.

Sri C. V. K. Rao :- I have pointed out that the Chairman who was presiding before you, that the Chief Minister and the Deputy Chief Minister, and other Ministers must be present in the House. After all this is the first Session and then we are discussing a very important matter, namely, the Governor's Address. Should they not understand that they owe a duty to the House? They have to keep up the dignity of the House. Yesterday, they spoke so much about dignity etc. Should they not feel that the dignity of the House should not be affected in this way? It is not as if the Chief Minister has greater work or the other Ministers have work and we on this side have no work at all to justify absence in the House. We too, Sir, have got as much work as they. It is their bounden duty to be present in the House. Kindly give your order asking that they should be present in the House, unless they have got some urgent work and take your earlier permission.

Mr. Speaker :- I caught your point. I fully agree with the views you have expressed. I have also heard from my chamber the point which you have raised earlier. I will certainly take up the matter and see that the Chief Minister, or the Deputy Chief Minister, or, as a matter of fact, all the Ministers are present. I would like all the Ministers to be present in the House: that is my view. But let us also realise that when both the Houses are sitting at one and the same time when they have work in the other House, they have to go there. The view you have expressed is that as far as possible the Chief Minister, the Deputy Chief Minister and the other Ministers should be present in the House when they have no work in the other House. I fully agree with you. I will take up the matter and see that the maximum number of Ministers including the Chief Minister and the Deputy Chief Minister are present in the House.

Sri C. V. K. Rao :- If they have got work in the other House or elsewhere, they have got to intimate to you, Sir, and take your permission. Without your permission they cannot leave the House. That is the practice previously followed also.

Mr. Speaker :- Let us not insist rigidly on that. They will disturb me too often then.

Sri C. V. K. Rao :- Any disrespect to you, Sir, is disrespect to the entire House and to the entire country. As such, they are bound in duty to be present. They became ministers for this House and for the Country and not for others. Therefore, if they have got any work, let them take your permission. That is the practice previously also.

PRESENTATION OF THE ANNUAL FINANCIAL STATEMENT (BUDGET) FOR 1972-73 (VOTE ON ACCOUNT)

Mr. Speaker:—I now call upon the hon. Finance Minister to present the Budget (Vote on Account).

Sri C. V. K. Rao:—I raise a Point of Order. Sir Under the Rules, there should be a Motion. And, "A motion for a Vote on Account shall state the total sum required and shall contain a schedule containing the details of expenditure of which that sum is composed ." That he has to bring in the form a Motion and when alone he can speak. Now the hon. Minister has failed in his duty. Sir, under rule 173 of the Rules of Procedure and Conduct of Business and also under the Constitutional provision, viz., Article 203 under which there is a Procedure is laid down with respect to estimates . According to that procedure, we frame these rules and according to these rules, a Motion has to be made by the hon. Minister stating the total amount that is needed as expenditure and other figures. Then alone he has got to explain to the House in the form of a speech. But, on the other hand, he is putting the cart before the horse. Therefore, he is doing an irregular thing. I request you to direct the hon. Minister to follow the procedure duly and clearly.

Mr. Speaker:—What do you say, Mr. Finance Minister?

The Minister for Finance (Sri A. Bhagavantha Rao): This is only a Vote on Account, Sir, and there is no necessity to follow the prescribed procedure. If it is a regular Budget, then of course, that has to be done.
Sri C. V. K. Rao:—Whether it is Vote on Account or budget in full, the procedure is just the same. I will read for you the rules of procedure regarding the budget. Rule 73 says: “The rules of procedure regarding the Budget shall generally apply to the grants called votes on accounts, votes of credit and exceptional grants referred to in Article 106 of the Constitution”. So, it is immaterial whether it is vote on account or full budget. The same procedure applies. There must be a resolution by the hon. Minister and then he speaks. Without a motion, he has no right to introduce a particular subject. He is introducing the vote on account. There must be a motion. Then, the hon. Minister is at liberty to explain the position. So, there is his speech, Sir. So, he has to follow all these things.

Mr. Speaker:—So far as I know, the procedure that has been followed previously was the same that we are just today adopting. May be, there is some point. I will go into it in detail. But, as you know, in the previous years also— you were a Member of the House—the same procedure was adopted. Never was a Motion made in the House as you have explained, pointing to the Rule. So, let us proceed with the same procedure which the House had been following all these years: If there is really going to be a point that a Motion should be made, I shall fully examine the Rules and the procedure to be adopted in future. For the present, in a technical sense, you have pointed out that there is a Rule. If that is coming in the way, let me tell you that I am waiving that Rule for the present and let us adopt the same procedure which was being followed previously.

Sri C. V. K. Rao:—Let him make a Motion that: ‘I beg to move that such and such an amount is to be sanctioned for vote on account’. Then he can go ahead. After all it is a simple procedure. Once we know that an irregularity is committed and condone it, the dignity of the House will be affected.

Sri B. Sincerama Murthy:—He has read rule 173. May we refer to Rule 160? This is with reference to the presentation of the Budget, it lays down as follows:—

“The annual financial statement or the statement of the estimated receipt and expenditure of the State in respect of every financial year (hereinafter referred to as ‘the budget’) shall be presented to the Assembly on such day as the Governor may appoint.”.

In this Rule it is clearly said that it is ‘Presentation of Budget’ but it does not say that a Motion should be moved.

Mr. Speaker:—Let us not go into all those details now.

Sri C. V. K. Rao:—Mr. Speaker, Sir. Let me explain. The hon. Minister has not completely understood the provisions of the Rules. It is vote on account. 173, is the concerned Rule, Sir. I have read it clearly. It is unfortunate that the hon. Minister did not care to hear me. There must be a Motion—a Motion for vote on account and it shall state the total sum required, so on and so forth So he has got to move a motion. Unless he moves....
Mr. Speaker:— It is not necessary at this stage. He is going to just make a speech. Let us hear. Later on what he is going to do, you can raise a point, — when, perhaps, he asks some thing to be passed by the House. At the moment, I have called him to make the Budget Speech and let him proceed.

Sri C V. K. Rao:— Speech on what, Sir? After giving a Motion he can speak on it. He is speaking on vote on account. Therefore, he should move a Motion. Without that, it is not proper. You may condone it. If you condone it, all right. After all you are all powerful. I will keep quiet. Unless he moves the motion it is irregular. If he did that in the past, it is no reason that he should continue now. Therefore, I request you, Sir, to direct the hon. Minister to follow the rule squarely. Let him move the motion.

Sri Y. Venkata Rao:— That apart, it is a mandatory provision, Sir. The rule says: “shall”.

Mr. Speaker:— As I said earlier, this procedure was not followed previously. When vote on a Account (Budget) speech was made, in this House, this point was not made. Now you have drawn my attention. I will certainly go into the Rules and procedure to be adopted in future. For the present I have already said that instead of strictly following that rule, I will condone it.

Sri T. Purushothama Rao:— When it is specifically laid down in the Rule, can the Chair condone it?

Mr. Speaker:— I said that I have all the power to condone a Rule.

Sri T. Purushotham Rao:— No, Sir. You are the Speaker; but the procedure according to the rule.

Mr. Speaker:— That you need not draw my attention to. Please resume your seat.

Let hon. A. Bhagavantha Rao proceed with his speech.

Speech of Sri A. Bhagavanta Rao, Minister for Finance,
presenting the Budget for 1972-73 to the Andhra Pradesh Legislature on the 22nd March, 1972.

SIR,

I rise to present the Budget of Andhra Pradesh for the year 1972-73.

This being a brief Session of the Legislature, I am now leading only a 'Vote on Account' for a period of four months so that Government can carry on its business till such time as the Honourable Members are able to meet again for detailed consideration of the full budget later during the year.

Before I proceed to lay before the House the financial position of the State as reflected by the Accounts for the year 1970-71 and a review of the current situation on a reassessment of our resources and commitments and the estimates for the coming year 1972-73, I may inform the House of the recent developments in respect of allocation of figures between Telangana and the rest of the State. Towards the end of the last Session of the previous Assembly, the Andhra Pradesh Regional Committee adopted the Final Report of the Sub-Committee on Development and Finances on 22-11-1971. The Government have carefully considered this Report along with the First, Second and Fifth Reports of the Andhra Pradesh Regional Committee and have accepted its recommendations relating to the principles of allocation of receipts and expenditure under certain Major Heads. Some of the other recommendations require collection of factual information and further consultations with the Regional Committee. Government have initiated action in this regard. A significant feature of the present Budget publication is that for the first time separate figures for Telangana and the rest of the State have been given for all the items of the Annual Financial Statement from Opening Balance to Closing Balance. For this purpose, the Opening Balance for the Revised Estimate of 1971-72 has been notionally split in the ratio of 1:2. The Contingency Fund has also been similarly split to work out the Closing Balance.

ACCOUNTS 1970-71

Inspite of sizeable special accommodation from the Centre during 1969-70, the year 1970-71 opened with an overdraft of Rs. 16.68 crores. During the year, Revenue Receipts amounted to Rs. 296.26 crores, while Revenue Expenditure was Rs. 296.66 crores thus resulting in a marginal revenue deficit of Rs. 0.40 crores. Taking all the financial transactions together the year 1972-71 ended with an overall deficit of Rs. 30.66 crores bringing the total overdraft on the Reserve Bank of India as on 31-3-1971 to Rs. 47.34 crores.

REVISED ESTIMATES 1971-72

Revenue Account:—As against the Budget Estimate of Rs 319.85 crores, the Revenue Receipts including grants from the Government of India for State Plan and Centrally Sponsored Schemes are now expected to be Rs. 327.36 crores. The increase is mainly due to additional receipts anticipated from the Government of India towards State's share of Union Excise Duties and grants-in-aid.
Revenue Expenditure is now placed at Rs. 330.78 crores as against the Budget Estimate of Rs. 305.87 crores. The increase in Revenue Expenditure is mainly on account of massive relief programme undertaken by Government to mitigate the unprecedented drought conditions which gripped large parts of the State during the Kharif Season of 1971-72. The expenditure on this account is estimated to be Rs. 12.98 crores.

Capital Outlay:—The Budget for 1971-72 provides for a total Capital Outlay of 32.28 crores. The Revised Estimate has now been placed at Rs. 51.75 crores, out of which Capital expenditure on Plan Schemes itself is Rs. 51 crores.

Overall Position.—On the basis of the Revised Estimates indicated above, the financial transactions during the year are expected to result in an overall deficit of Rs. 32.42 crores leaving a closing cash balance of (—) Rs. 79.76 crores. This figure represents the magnitude of the anticipated over-drawal on the Reserve Bank of India at the close of the current financial year.

Budget Estimates 1972-73

Revenue Receipts:—The anticipated receipts at the existing level of taxation including Plan grants from the Government of India are estimated to be Rs. 314.70 crores. The increase is mainly in respect of Taxes on Income (Rs. 184 lakhs), Sales Tax (Rs. 352 lakhs), Other Taxes and Duties (Rs. 221 lakhs), Interest (Rs. 675 lakhs), and State's share of Union Excise Duties (Rs. 484 lakhs), partly offset by decrease in Central Grants-in-aid (Rs. 755 lakhs).

Revenue Expenditure:—The Budget provides for a total Revenue Expenditure of Rs. 381.76 crores consisting of Rs. 294.89 crores on the non-Plan side and Rs. 37.37 crores on State Plan and Centrally Sponsored Schemes. Revenue Expenditure on non-Plan account has more or less been pegged down at the level of the Revised Estimates for 1971-72. On Revenue Account, the net effect of the financial transactions would be a Revenue Surplus of Rs. 12.24 crores.

Capital Outlay.—A sum of Rs. 53.68 crores has been provided in the Budget which consists of Capital expenditure on Plan and non-Plan accounts. Out of this, expenditure on Plan Schemes alone is about Rs. 50.54 crores. The Annual Plan for 1972-73 has been tentatively fixed at Rs. 105 crores.

Public Debt.—The gross proceeds by way of Capital receipts from open market borrowings is estimated at Rs. 25 crores. The substantial increase in the volume of loan to be floated during the course of the next financial year has been necessitated by the need to reduce the outstanding over-draft on the Reserve Bank of India as on 31-8-72 by about Rs. 10 crores in 1972-73. The net effect of the financial transactions under Debt and Deposit heads including Loans and Advances would be Rs. (+)2.17 crores. The anticipated overall deficit will be of the order of Rs. 38 57.

Cash Balance.—Taking into account, the anticipated opening over-draft of Rs. 79.76 crores at the beginning of the year 1972-73, the year is expected to close with a minus cash balance of Rs. 118.33 crores.

Annual Plan 1972-73

The outlay on the State Annual Plan 1972-73 has been fixed at Rs. 10.5 crores which is the same as the outlay in the current year. An outlay of this order is essential if the existing tempo of development is to be maintained. Even for this minimum outlay considerable effort will be required both in raising of additional resources and in effecting economy in non-Plan expenditure.

Overdraft Position

Honourable Members may be aware that the Government of India are anxious to see that the State Governments avoid in future unauthorised overdrafts on the Reserve Bank of India. To enable the State Government to do so, it has been suggested that the ways and means advances of the States may be slightly enlarged, so as to make provision for any short-term imbalances between income and expenditure during the course of the year. The Planning Commission have observed during discussions that the resources of the State combined with Central assistance for 1972-73 would enable us to finance a Plan of only Rs. 82 crores. This could be increased to Rs. 92 crores, if the State Government take steps to raise additional resources to the tune of Rs. 10 crores in 1972-73. There is also a gap of about Rs. 8 crores in the non-Plan Sector. To enable this to be filled up and to make up a sizeable Plan of Rs. 92 crores. The Planning Commission advised us to effect economy of Rs. 10 crores in our non-Plan expenditure during 1972-73, which will give us a cushion of about Rs. 2 crores. The Planning Commission have also suggested that the State Government should undertake to close the year 1971-72 with an overdraft of not more than Rs. 70.8 crores. It was indicated to us that 15% of this should be cleared in 1972-73 to compensate which, the State Government would be permitted to have larger market borrowings and that the terms and conditions about the return of the balance of the overdraft would be discussed with the State Government and finalised later. Unfortunately, our overdraft at the end of 1971-72 is expected to be Rs. 79.6 crores, i.e., roughly Rs. 9 crores more than what was agreed to during the discussions with the Planning Commission.

Honourable Members are also aware of the recent decision of the State Government enhancing the Dearness Allowance of their employees. The revision is expected to cost us about Rs. 4.5 crores in a year. In addition, we have given retrospective effect to this revision with effect from 1st October, 1971 and this will cost us about Rs. 2.3 crores in 1972-73 as arrears are expected to be paid only from 1st of April onwards. This has also to be found.

Thus, the State Government have to find (i) Rs. 9 crores to clear the extra overdraft over the agreed figure as on 3-3-1972, (ii) Rs. 10 crores of savings to increase our Plan by Rs. 5 crores and to close our non-Plan gap in 1972-73; (iii) Rs. 7 crores as additional Dearness Allowance for State Government employees and (iv) Rs. 11.5 crores for other commitments under various heads. The total comes to about Rs. 37.5 crores to be found by economy in
non-Plan expenditure in 1972-73, and collection of tax arrears, loans, etc. This is in addition to the additional resources of Rs. 19 crores in 1972-73 which we are expected to raise in 1972-73.

Honourable Members are aware that the final overdraft position at the end of 1972-73 would amount to Rs. 11.5 crores. Of this, as mentioned earlier, Rs. 7.65 crores would be adjusted by Central loans to be repaid as per terms and conditions to be settled later. There is thus still an unbridged gap of Rs. 4.75 crores which is expected to be covered by raising additional resources collection of arrears and measures of economy as already stated.

Honourable Members will appreciate that the year 1972-73 therefore calls for extreme financial discipline on the part of the State Government in order to find the resources for running the administration on sound lines, and for having a sizeable Development Plan without resorting to unauthorised overdrafts on the Reserve Bank of India.

To ensure the above, it is proposed to release from 1st of April onwards funds to the various departments based upon a revised Plan of Rs. 82 crores only, for which alone resources are immediately in sight. As and when additional resource materialise, it is proposed to review the Plan some time in April or May to fix it up at a realistic figure.

The above mentioned outlay would be exclusive of Rs. 9.48 crores provided for Special Development Schemes of Telangana.

The Regional Outlays for the Annual Plan of 1972-73 have been fixed on the basis of the formula adopted for 1961-72, i.e., 90% on the basis of population according to 1971 census and the balance of 10% based on backwardness. As per this formula, the regionwise allocations for Coastal Andhra, Rayalaseema and Telangana will be Rs. 43.50 crores, Rs. 22.14 crores and Rs. 32.27 crores respectively in a tentative Rs. 103 crore Plan included in the Budget. The actual allocations will proportionately get reduced, when the total size of the Plan itself gets reduced.

CONCLUSION

In conclusion, I may assure the House, that it will be the earnest endeavour of this Government to step up the pace of growth consistent with the availability of resources. Not only do we have to provide large sums as in the past for development of Irrigation, Power and Communications to ensure quick agricultural and industrial growth but we have decided to undertake various schemes for the benefit of the weaker sections. The raising of resources for all such purposes is a challenging task but I am confident that we shall succeed with the popular support to our policies which the results of the General Elections have clearly shown.

Sir, with these few words, I commend the Interim Budget to the House for its approval.
