Sixteenth day of the Third Session of the Andhra Pradesh Legislative Assembly

ANDhra Pradesh Legislative Assembly
Thursday, the 21st March, 1974
The House met at Half Past Eight of the Clock.
(Mr. Speaker in the Chair)

BUSINESS OF THE HOUSE

Sri C.V.K. Rao (Kakinada):—At the outset I have got one thing to bring to your notice Sir. I have to attend the Session without break-fast and most of my colleagues could not attend the session because they have been held up without break-fast. I think, this is a very serious matter. If Legislators are treated in this manner due to the arrogant attitude of the Canteen Proprietor, where are we? I think, you are quite aware of the situation. Now, the man is not only harassing the workers but even the legislators he is harassing. That is the position. It is better you just adjourn for some time, so much so we can have break-fast. We have to attend the Session because we are paid for that. You are the only authority to whom we can bring this matter. Yesterday I brought it to the notice of the Chief Minister and to your notice. Inspite of that here is a man who is defying the entire Legislature. Are we tools in the hands of the Canteen Proprietor? It is for you to give your wording.

Sri D. Venkatesam (Kuppam):—Speaker being the Chairman of the House Committee....... Mr. Speaker:—Speaker is not the Chairman of the House Committee.

Sri D. Venkatesam:—Speaker is the person who has to look after the welfare of the Legislators. The legislators are put to much hardship. We are not given kerosine.

Mr. Speaker:—If it is necessary I shall give sometime after the question hour. Mean while I will find out, the present state of affairs and see if something can be done. Now, we will take up questions.

An asterisk before the name indicates correction by the Member.

ORAL ANSWERS TO QUESTIONS

SELECTION OF DISTRICT MUNISIFHS

465—

*3230 Q.—Sri Ch. Parasuram Naidu (Parvathipuram):—Will hon. the Deputy Chief Minister be pleased to state:

(a) whether it is a fact that some candidates were selected for the posts of District Munisifhs recently; if so the number of candidates selected;

(b) whether it is a fact that the names of the selected candidates were published in three batches; if so, the reasons therefor; and

(c) whether it is also a fact that out of the selected candidates only some candidates were sent for training and different rates of remuneration were fixed for those sent for training and those who are to undergo training later; if so, the reasons for the same?

The Deputy Chief Minister (Sri B.V. Subba Reddy):—(a) Yes Sir. 125 candidates.

(b) No Sir. Does not arise.

The candidates selected for appointment by direct recruitment and by transfer are required to undergo training prescribed under the Andhra Pradesh States Judicial Service Rules, and during the period of their training the direct recruits will be paid a Salary of Rs. 250/-p.m. and those recruited by transfer the pay they would have drawn but for their deputation for the training. Govt. after careful consideration of the proposal of the High Court for exempting all the candidates selected for appointment by direct recruitment and by transfer from the requirement of undergoing training decided that the training was absolutely necessary but the prescribed period of 6 months training could be reduced to 4 months, and intended to approve the selection of the candidates whose character and antecedents were not such as to disqualify them for appointment to the public service and who were medically found fit, and to place all of them on training at one time. However, at the instance of the High Court, and, in the exigencies of service, Government finally agreed to appoint temporarily 50% of the candidates as referred to above and to depute the remaining 50% for training, the former to be deputed for training after the latter complete their training and the latter to be temporarily appointed on their completing the training. As the minimum of the time scale of pay of District Munisifhs is Rs. 500/- the 50% candidates appointed temporarily had to be allowed Rs. 500/- and the 50% candidates deputed for training had to be paid at the rates specified above.
Sri B. V. Subba Reddy;—It is not correct. 125 candidates were selected plus 5 candidates were selected from the Department by transfer, making the total 130. All the names of the candidates were allowed only at one time. It is not as though the list was announced on different occasions.

Sri B. V. Subba Reddy;—Sir, all the candidates recruited have to undergo training for a period of 4 months. 50% will be paid Rs. 250 per month, the other 50% have been directly appointed as District Munisiffe. Those people were directly recruited. After they completed their training they were appointed as District Munisiffs. They too will have to undergo four months training. Those first appointed have been paid Rs. 500 per month. Those who are deputed for training, are paid only Rs. 250. There seems to be some kind of discrimination. Anyhow, I will get it examined and see that some uniform scale of pay is paid to all of them.

Sri M. Narayana Reddy;—Sir, the appointment of District Munisiffs has raised controversy with respect to two or three things. One is, in Andhra area there is a system of IInd Class Judicial Magistrates while similar system is not in vogue in Telangana area. All these IInd Class Magistrates are having chance of promotion as
District Munsiffs and that is being done from year to year. The second is whatever the number that was appointed from one hundred and odd, persons from Telangana do not constitute even 14 or 15%. We have received representations and the representation was received by the Government also. The third, in order to fill up the posts on temporary basis many Police Prosecuting Officers, Bench Clerks of the High Court were appointed as Munsiffs who worked for two, three years and more than one year. All these persons were later retrenched or sent back to their posts with the result the number or proportion in Telangana region was reduced. These representations are pending before the Government since a long time. May I request the Hon. Deputy Chief Minister to look into this aspect because the candidates who applied in open competition were examined and included along with those who were working as District Munsiffs and almost all of them did not find their place in the selected list. There is a real hardship caused and the result is the proportion from Telangana region was reduced substantially. Therefore, I request the Hon. Deputy Chief Minister to look into those representations and see what can be done to maintain parity and do justice to the people affected.

Sri B. V. Subba Reddy: Whatever the practice in the past might have been, now we are trying to bring out a uniform policy so far as the District Munsiffs are concerned in both the regions. So far as the people who are working on temporary basis as District Munsiffs are concerned, either in Telangana or in Andhra those people were also asked to appear for the examination and those who were not selected since they did not come up to the standards were reverted. I do not have the figures regionwise. I have got the figures with regard to Scheduled Castes and the Backward Classes etc. If you want I am prepared to furnish the figures.

Sri A. Sreenamulu:—Sri, it has become a chronic practice with this Government to go on making temporary appointments which has created a serious problem. At least now can the Hon. Deputy Chief Minister assure us that this procedure of making temporary appointments would be dispensed with? He also stated that the antecedents and character would be verified. What is the procedure followed for verifying the antecedents and type of antecedents that constitute a disqualification for service?

Sri B. V. Subba Reddy:—Those are all in the rules—Andhra Pradesh Judicial Services Rules. We have got to verify the antecedents of those people. These rules are there and as per these rules we follow.

Sri A. Sreenamulu:—What type of antecedents constitute disqualification?

Sri B. V. Subba Reddy:—Supposing a candidate who has to be recruited has been convicted for an offence for moral turpitude, would he be appointed? Or there are cases where some of them have been Naxalites etc., etc., they are not considered. There are some cases like that and I am not in a position to say exactly which part operates in the matter of disqualification.
Sri A. Sreeramulu: The Hon. Deputy Chief Minister stated that character and antecedents would be verified. He must be aware what procedure is followed to verify the antecedents. He must also be aware of what type of character and what type of antecedents constitute disqualification. He says Naxalites. There is no definition for the word 'Naxalite'.

Sri B. V. Subba Reddy:—They must have good conduct and character. Out of the 125 selected, 124 have been found fit. Only in one case we have not yet received the report. Generally, unless there is something very serious charge against him, we do not disqualify. Practically almost all of them have been selected.

Sri A. Sreeramulu:—Other question has not been answered. Temporary appointment has become serious and chronic habit with this Government which is creating a very serious problem. Persons having service of two or three years are thrown out of their jobs. It is certainly a very serious problem. Will the Government consider the question giving up this unwholesome and undesirable practice of making temporary appointments?

Sri B. V. Subba Reddy:—There is no question of unwholesome or undesirable practice. The rules are there which have been framed some years ago and we are following them. Except in very extraordinary cases, generally nobody is disqualified.

Sri A. Sreeramulu:—So, the rules framed some years back must be followed indefinitely and eternally?

Sri B. V. Subba Reddy:—If they want the rules, I will certainly place them.

Sri Ch. Parasurama Naidu:—Is the Hon. Deputy Chief Minister aware of the fact that one of the candidates who had been selected from Srikakulam District has done nothing wrong except participating in separate Andhra agitation? Is he aware that such is not a disqualification and consider the case in the proper perspective?

Sri B. V. Subba Reddy:—Conviction for political offences does not operate as disqualification. In the case of those who participate in the separation movement, that has been removed as a disqualification. The Cabinet itself took a decision to that effect.

PRISON COMMISSION FOR IMPROVING JAIL ADMINISTRATION

466—

* 3907 Q.—Sri M. Narayana Reddy (Bhodhan):—Will hon. the Deputy Chief Minister be pleased to state:

(a) the reasons for the delay in appointing a 'Prison Commission' for the improvement of the Jails administration and as well as the living conditions in the prisons; and

(b) the nature of Plans formulated by Jails Department for the utilization of funds allocated to this Department in Fifth 5 Year Plan?
Sri B. V. Subba Reddy: (a) The Inspector General of Prisons has submitted in November, 1973 a proposal for appointment of a Prisons Commission, but the proposal was kept in abeyance pending examination of the recommendation of the working group set up by the Government of India for streamlining the Prisons Administration in the Country, which were received only in February, 1974;

(b) the following schemes are proposed to be taken up by the Jail Department during the 5th Five Year Plan:

1. Starting of a Borstal School, in addition to the one existing in Vizag.
2. Expansion of Welfare Services in Prisons
3. Starting of a Certified School for Juvenile offenders
4. Starting of a Reception Home
5. Introduction of Middle Schools and Case Work Services in the existing Certified Schools.
6. Strengthening of existing Reception Homes/Auxiliary Homes at Hyderabad and Vijaywada.
7. Appointment of Probation Officers.
9. Appointment of Case Workers.

In the 5th Five Year Plan, Rs. 18 lakh have been provided for improvement of Jails.

Sri M. Narayana Reddy:—The 6th Finance Commission has given Rs. 2,61,00,000 for improvement of Jails although we have provided a few lakhs. I would request the hon. Minister to take note of this. In the last Budget Session, the then hon. Minister gave an assurance that a Prisons Commission would be appointed to improve the administration of the jails along with the living conditions of the prisoners in view of the report of the Working Group of the Central Government. But in view of the special feature of jails in our State, though we spend more, the income from prisons would be less. Only the appointment of Prisons Commission would meet the needs of the State, conditions of prisoners in the prisons, etc. All these needs could only be examined and reported by the prisons Commission since all other States have done so. Taking into consideration all these facts, I stress the need for appointment of Prisons Commission at an early date and I request the hon. Minister to indicate the date of appointment of the Commission, etc.

Sri B. V. Subba Reddy:—The report of the Working Group was communicated during the last February. It is now being examined by the Government. In a few days, we are sending our needs to the Central Government. Then in the light of the report, after examining the report, if it becomes necessary, we will certainly appoint a Prisons Commission to go into the conditions of prisoners in the prisons.

Sri C. V. K. Rao: — Then this Minister is not fit to be the Minister for Prisons.

Mr. Speaker: — If you cannot go to jails, let Mr. C. V. K. Rao be sent to jails.

Sri C. V. K. Rao: — The hon'ble Minister did not meet me even once when I was in Jail.

Mr. Speaker: — But it is true that the Minister met the hon'ble Member when he was in jail.

Sri C. V. K. Rao: (The Speaker): — Then you must be happy.
Mr. Speaker: — If this is the position, how can I complete the Question Hour in an Hour. I have no objection to have 2 hours if you all agree. Let the Minister Answer.

Sri B. V. Subba Reddy: — Central Government is also considering making this a concurrent subject. And regarding the Report of the working Group, after we examine the report of it, we shall take action as to what should be done.

Sri B. V. Subba Reddy: — This matter is still pending in the High Court. The writ is before two Judges.
BANK LOANS TO PRISONERS

3450 (B) Q.—Sri Nallapariddi Srinivasulreddi:—Will hon. the Deputy Chief Minister be pleased to state:

whether there is any scheme under consideration of the Government to provide Bank Loans to prisoners under-going jail sentences to start small industries of their own so as to maintain their families?

Sri B. V. Subba Reddy — No scheme for providing Bank loans to Prisoners to start Small Industries of their own is under consideration of Government.

Sri B. V. Subba Reddy:—The question of granting individual loans for starting small scale industries is not under consideration of the Government.

Sri B. V. Subba Reddy:—I don’t have the full information as to the 6th Finance Commission giving Rs. 2 crores or so. I take the information from the member. He may however put a separate question.
POLUSU PURUGU DISEASE

3176 Q.—Sri P. V. Ramana (Anakapalli) :—Will hon. the Deputy Chief Minister be pleased to state:

(a) whether it is a fact that the disease of 'Polusu Purugu' is prevalent in the fields of Sugarcane in Andhra Pradesh;
(b) if so, to what extent; and
(c) the action taken to eradicate it?

Sri B. V. Subba Reddy :—(a) Yes Sir.
(b) About 8,318 acres in East Godavari district and in about 1704 acres in West Godavari district.
(c) As the infection was noticed more in ratoon crops, cultivation of third and subsequent ratoon crops in West Godavari District and cultivation of second and subsequent ratoon crops in East Godavari District was banned beginning from the current planting season for a period of three years under the provisions of the A. P Sugarcane (Regulation of Supply and Purchase) Act, 1951.

Farmers have been advised to burn the affected cane and not use the affected cane as seed material and to dip the seed setts in Malathion solution before planting cane and to detrash the plants and spray 'Rogar' to prevent infection.

With the cooperation of the Common Wealth Institute of Biological Control, Bangalore a laboratory has been established at Chelluru, East Godavari District where breeding and multiplication of exotic predators has been taken up which kill 'Polusu Purugu' insect on sugarcane. Steps are also being taken for the establishment of a similar laboratory at Chagaliu in West Godavari District by the sugar factory.

"It is a very costly affair. It won't be effective. Even if it is applied it won't be effective."
133

Sri B. V. Subba Reddy:—It is a very costly affair. It is not practicable.

Sri V. Krishna Murthy Naidu (The Minister for Medium Irrigation):—

(a) The detailed investigation of the Janjhavathi Anicut Project is in progress and proposed to be completed by the end of 4/74.

(b) The cost of the scheme is Rs. 57.71 lakhs including direct and indirect charges as per the estimate prepared based on the preliminary investigation. The area likely to be irrigated is 19,000 acres.

(c & d) Yes, Sir. The Superintending Engineer, Major and Medium Projects Investigation Circle has instructed the Executive Engineer, concerned to investigate the feasibility of including the Parvatipuram Municipal area in the ayacut and also to examine the proposal of...

Sri Ch. Parusurama Naidu:—When is it likely to come to a final stage, Sir?

The Minister for Municipal Administration (Sri Ch. Subbarayudu):—(a) The Municipal Councils of Medak, Tirupati and Karimnagar were reconstituted and they came into office on 27-2-1969, 30-4-1969 and 10-6-1969 respectively.

According to the provisions of the Andhra Pradesh Municipalities Act, 1963, the term of office of a Municipal-Council is for five years to be reckoned from the 1st day of July, immediately preceding the date on which the council comes into office. Accordingly, the term of these Municipal Councils had to be reckoned from 1-7-1968. But it was reckoned by oversight from the actual date on which the 3 municipal councils were reconstituted.

(b) Legislation to validate the acts done by the municipal councils and its Chairmen during the unauthorised period of their continuance has been undertaken. A bill for the purpose will be introduced in the House shortly.

(c) Orders have been issued in G. O. Ms. No. 1, M.A. dated 1-1-1974, appointing the Special Officers and fixing the date for bringing the councillors into the office on the 1st day of October, 1974. The question of holding elections is under the consideration of the Government.

STEEL PLANT AT VISAKHAPATNAM

479—

* 3376—Q.—Sri M. Nagi Reddy (Gurajala):—Will the hon. Minister for Industries be pleased to state:

(a) whether the Central Government has taken the final decision to set up the Steel Plant at Visakhapatnam; and

(b) if not, what are the reasons for the delay?

The Minister for Industries (Sri P. Basi Reddy):—(a) Yes, Sir.

(b) Does not arise.

* 3377—Q.—Sri M. Nagi Reddy:—May I be permitted to ask the hon. Minister for Industry for the reasons for the delay?

Sri P. Basi Reddy:—If I may be permitted to state that the decision to set up the Steel Plant at Visakhapatnam was taken by the Central Government in 1986.

* 3378—Q.—Sri M. Nagi Reddy:—Could the hon. Minister be so kind as to let us know what happened to the Steel Plant which was supposed to be set up in 1964, and has not been set up yet?

Sri P. Basi Reddy:—The Steel Plant was supposed to be set up in 1964, but due to various reasons, including the availability of funds, the plant was never set up.

* 3379—Q.—Sri M. Nagi Reddy:—Could the hon. Minister be so kind as to let us know what happened to the Steel Plant which was supposed to be set up in 1984, and has not been set up yet?

Sri P. Basi Reddy:—The Steel Plant was supposed to be set up in 1984, but due to various reasons, including the availability of funds, the plant was never set up.

* 3380—Q.—Sri M. Nagi Reddy:—Could the hon. Minister be so kind as to let us know what happened to the Steel Plant which was supposed to be set up in 1986, and has not been set up yet?

Sri P. Basi Reddy:—The Steel Plant was supposed to be set up in 1986, but due to various reasons, including the availability of funds, the plant was never set up.

* 3381—Q.—Sri M. Nagi Reddy:—Could the hon. Minister be so kind as to let us know what happened to the Steel Plant which was supposed to be set up in 1990, and has not been set up yet?

Sri P. Basi Reddy:—The Steel Plant was supposed to be set up in 1990, but due to various reasons, including the availability of funds, the plant was never set up.

Oral Answers to Questions.

Sri P. Basi Reddi:—I said roughly 1986. It may take ten years. It is a rough estimate. Without detailed project report we cannot give any exact date.

Sri Ch. Parasurama Naidu:—Will the hon. Minister for Transport be pleased to state:

(a) whether the Andhra Pradesh Lorry Owners’ Association submitted a memorandum to Government in December, 1973 about their demands;

(b) if so, the nature of their demands;

(c) whether the Government examined their demands; and

(d) if so the results of the same?

HOME (TRANSPORT III) DEPARTMENT.

The Minister for Transport (Sri J. Chokka Rao):—(a) Yes Sir.

(b) The demands of the Association are:

(1) Lack of proper distribution of tyres as per the vehicular strength in the State;

(2) though over 16 crores of rupees is being annually collected from the Transport Owners towards the motor vehicles tax, only an amount of Rs. 4 crores is being spent towards maintenance and improvement of the roads and that it is not satisfactory;

(3) unnecessary harassment by the Police Officers.

(c) Yes Sir.

(d) Demand No. (1) As the Andhra Pradesh Tyres and Tubes Dealers’ Licensing Order, 1978 has been struck down by the Andhra Pradesh High Court, the Government have no statutory power to licence and control the dealers. At the instance of Lorry
and Bus Operators, the following informal arrangements have been made in consultation with the representatives of Tyre Manufacturers and the bus and truck operators:

1. Tyres will be distributed proportionately in the districts with reference to the vehicular strength in each district.

2. The dealers shall adhere to the above pattern of distribution and ensure that no mal-practices are adopted.

3. When they despatch the tyres of various categories, the dealers shall furnish serial numbers of the tyres to the Collectors and Regional Transport Officers concerned and also copies of the invoices thereof.

4. The dealer shall not export any tyres outside the State.

5. Where, in any district, there is no dealer or the supply is inadequate, supplies can be had from the neighbouring dealer or the district.

6. A State Advisory Committee with the Transport Commissioner as Chairman and 21 non-officials representing lorry and bus operators and representatives of Tyre manufacturers has been formed to ensure proper distribution of tyres and tubes to the operators in the State. The Collectors have been instructed to form District Committees with the concerned Regional Transport Officer as the Secretary to look after the distribution work in each district.

7. The Collectors have been given strict instructions to ensure that the tyres once given should be noted in the records of the vehicles and checks should be made to satisfy that they are available on the vehicle and in case of any misuse tyres is noticed, the person who was given the tyre should be black-listed and action taken against him not to give tyres in future by the Committee.

DEMAND No. (2): Regarding improvement of roads, the matter is under consideration of Government.

DEMAND No. (3): Suitable instructions have been given by the Inspector General of Police to all his subordinate officers not to harass the lorry operators etc.
Sri Ch. Parasurama Naidu:—Sir, the lorry transport is a very important sector in the economy of the State. It has become very important as a transport artery move than railways goods traffic. Will the Government take steps to nationalise this industry for making necessary regulations and providing better facilities so that the lorry transport is best utilised for efficient transport of materials and goods in the State?

Oral Answers to Questions.

Q.1. S. Rama Sarma:—Sri B. Rama Sarma (Davyarkonda):— Will the hon. Minister for Transport be pleased to state:

(a) whether land has been acquired for the construction of a new Bus Depot in Nalgonda Town and if so, the extent of land acquired;

(b) when the construction of the Depot will be taken up; and

(c) whether it has been brought to the notice of the Government that there is shortage of buses and shortage of space in the Bus-stand as there is heavy rush since the town of Nalgonda is the district headquarters?

Sri J. Chotka Rao:— (a) Yes, Sir. Five acres of land has been taken possession of in Nalgonda town for the construction of a new bus depot and bus stand.

(b) The construction of the bus depot and bus stand is likely to commence early next year.
(c) The Corporation does not consider that the buses now provided at Nalgonda are inadequate for the requirements of the traffic at that town but is aware that the bus stand is not adequate for meeting the requirements and it is for this reason it has proceeded to acquire a fresh site.

**Funds Given by T.T.D. for Construction of Kalyanamandapam at Vellore**

472—

*3736 Q.— Sri D. Venkatesam:— Will the hon. Minister for Endowments be pleased to state:

(a) whether it is a fact that an amount of Rs. 5 lakhs has been provided from the T.T.D. funds to construct a Kalyanamandapam at Vellore in Tamil Nadu by the special authority during the President's rule of the State;

(b) if so the manner in which the said amount has been released?

The Minister for Endowments (Sri Sagi Suryanarayana Raju):—

(a) No, Sir.

(b) Does not arise.

(Detailed proposals for all the districts in the State have yet to be formulated.)

*3161 Q.—Sri M. Nagi Reddy :—Will the hon. Minister for Power be pleased to state; :

(a) the circumstances that led to the self immolation of S. A. S. Kameswara Rao, Secretary of A. P. S. E. Board Employees' Union; and

(b) the amount granted to the bereaved family?

The Minister for Power (Sri G. Rajaram) (a) & (b) :- A statement is laid on the table of the House.

PAPERS PLACED ON THE TABLE OF THE HOUSE

In 1969, keeping in view the scales recommended by the wage Board, the Andhra Pradesh State Electricity Board had given to the Operation Subordinate Staff and the workcharged and N. M. R. Employees of the Board, who were mainly field operation staff, revised scales of pay, with effect from April 1, 1969. The other staff of the Board, consisting of administrative, Clerical, accounts and technical staff, were mostly Government servants deemed to be serving the Board on the deputation, until 30-9-1973. They were paid in the scales of pay applicable to Government servants. The Board was, therefore, paying such staff the Government scales of pay and allowances, following also the revisions ordered by the Government from time to time. Various Unions and Associations of employees had been representing for the revision of the pay scales. As the personnel, on whose behalf representations had been made, belonged to the Government and the Government scales of pay only could be applicable to them, the Board could not take any action to revise their scales of pay.

After considering the matter carefully and after obtaining options of the Government servants working with the Board, the State Government issued orders on 7-11-1973 and 17-11-1973 transferring to the Andhra Pradesh State Electricity Board the services of such of those personnel, who had opted for service in the Board with effect from 1-10-1973. The Board, however, took anticipatory action and held meetings with the representatives, so that revised scales of pay could be brought about after the transfer of the service of the Government servants to the Board. The Board sent its officers to other Electricity Boards in the Southern States like Tamil Nadu, Kerala, Karnataka and collected information in regard to prevailing scales of pay and other benefits being given by the Boards to their employees. A Negotiating Committee was constituted by the Board on October 22, 1972 and a series of discussions were held with the representatives of the staff, including Sri S. A. S. Kameswara Rao.

Sri Kameswara Rao was reported to have gone on hunger strike on October 26, 1978, but, after discussions by the Union Deputy Labour Minister with the Chairman and Secretary of the A. P. State Electricity Board he broke his fast on October 30, 1978. It is reported that he was advised not to resort to such measures, but to hold discussions with the authorities of the Board, since the Board was seriously considering the question of the revision of the scales of pay of the staff after transfer of the Government staff to the Board. Sri Kameswara Rao met the Chairman, and other officials of the Board on November 24, 1973 and suggested that, as the period the recommendation of the Wage
Board would expire by March, 17th, 1974 and as the Government of India had set up a Committee to lay down guide lines to the Electricity Boards for wage revision for the staff of the State Electricity Boards in the country, the Board should give suitable pay scales, pending the report of the Wage Committee set up by the Government of India. The Board is reported to have informed him that the Board also was of the same view and that revised scales of pay were being worked out. The Board worked out the revised scales and held discussions with the joint Negotiating Council, consisting of the recognised Unions. Taking into account the suggestions of the Joint Negotiating Council and keeping in view the financial conditions of the Board, the Board came to final conclusions on November 29, 1973 regarding revised scales of pay for the staff. As the staff had been transferred from the Government to the Board with effect from October 1, 1973, the Board felt that it was possible to delink the pay scales of the Board employees from those of the Government employees and give effect to the revised scales only with effect from October 1, 1973, the date of transfer of the services of the Government servants to the Board.

2. Sri S. A. S. Kameswara Rao was an ex employee of the A. P. State Electricity Board. He was the General Secretary of the Vidyut Employees Union, Vijayawada, which was an unrecognised body. Recently when various Unions of the Electricity employees in Andhra and Telangana regions of the State Electricity Board formed a joint Action Council of the employees of the A. P. State Electricity Board to achieve the implementation of the recommendations of the Central Wage Board, he was chosen as the Convener. Since then, he was visiting the A. P. State Electricity Board frequently and representing the demands of the employees to the Chairman, Secretary and Director of Industrial Relations of the Board. He met them on October 30, November 17, November 18, November 24, and November 28, 1973 and urged them to implement the Wage Board scales to the administrative and clerical staff of the Board. The Chairman and the Director of Industrial Relations are reported to have assured him to decide the matter early. On November 28th he met the Chairman and demanded early implementation of the Wage Board Scales. The Chairman is learnt to have told him that the matter was receiving his attention. On November 29, 1973, at about 3-00 P. M. Sri S. A. S. Kameswara Rao met the Director of Industrial Relations at the A. P. State Electricity Board and then submitted a memorandum (addressed to the Chairman, A. P. S. E. Board) to the P. A. to the Chairman, who in turn passed it on to the Chairman at about 3-10 P. M. In the memorandum Sri Kameswara Rao stated that the Board was evading implementation of the Wage Board scales to the administrative and clerical employees permanently, which amounted to discrimination among the employees of the Board that the attitude of the Board was detrimental to the socialistic pattern of society and the Constitution of India and that, in order to make the Board realise its dictatorial attitude and to do justice, he would be risking his life by self-immolation that day (November 29) at the Committee Hall of the Board. As soon as the memorandum was received by the Chairman, the Deputy Commissioner of Police, was informed at about 3-80 P. M. by the Secretary of the Board about the threatened self-immolation. The Deputy Commi,
sioner of Police promised to send the concerned Assistant Commissioner of Police immediately to prevent self-immolation. In the meanwhile, Sri Kameswara Rao is reported to have taken out a bottle of petrol from his pocket, poured it all over his body and set fire to himself in the corridor opposite the Office room of the Chairman. The Chairman and other officers rushed to him, tried to put out the fire and rushed him to the Osmania General Hospital. The then Adviser to the Governor Sri H C. Sarin, the Chairman, Secretary and other officials of the Board visited him in the Hospital. Despite best efforts to save his life, he passed away in the Hospital on the morning of November 30, 1973. Immediately, the Board sanctioned an ex-gratia amount of Rs. 5,000/- to the family of the deceased and a further sum of Rs. 500/- for meeting the funeral expenses. It was also ordered by the Board that all the offices of the Board throughout the State would be closed on November 30, 1973 as a mark of respect to the deceased.

8. The A. P. State Electricity Board had constituted another Negotiating Committee on 19-12-1973 for purposes of arriving at a negotiated settlement of fixation of the pay scales of the employees based on the guidelines given in the Wage Board Recommendations. After detailed discussions, the Negotiating Committee arrived at a negotiated settlement with the representatives of various Unions and Associations of the employees. After examination of the agreed settlement the Board has revised the pay scales of the administrative ministerial and other employees of the A. P. S. E. Board with retrospective effect from 1-1-1972.

SCARCITY OF DRINKING WATER IN GUDDIGUDEM ETC., VILLAGES

1587-M. Q.—Sri S. Venkata Rao:—Will hon. the Chief Minister be pleased to state:

(a) whether it is a fact that there is scarcity of drinking water in villages of Guddigudem, Gollagudem, Errampeta and Tirgudumetta of Kovvur taluq, West Godavari District; and

(b) if so, the steps taken by the Government thereon in the matter?

A.—

(a) Yes. It is a fact that there is scarcity of drinking water in Guddigudem, Gollagudem, Errampeta and Tirgudumetta of Kovvur taluq, West Godavari District;

(b) The village-wise information regarding steps taken to provide drinking water facility is as follows:

(1) Gollagudem Village: an amount of Rs. 19,425 has been sanctioned under Drought Programme for providing single point distribution and providing power line to the work spot. Accordingly a bore has been provided in the existing well, a 5 H. P. Motor has been erected and cistern was constructed for single point distribution with 8 taps. As such there is no scarcity of water at Gollagudem now.

(2) Errampeta Village: A bore well has been provided in the existing well under Drought Programme. By providing this bore, water level has been raised in the well and now there is no scarcity of water.

(3) Guddigudem Village: There are certain wells and Minor Irrigation tanks for the supply of drinking water to Guddigudem village. At Harijanawada recently a bore with Andhra Pradesh Agro Industries power drill was provided and completed under Drought Programme.

(4) Tirgudumetta Village: A bore has been provided in an existing well under Drought Relief Programme and this well is serving well since water level has raised up to a considerable height in the well. Another bore has been provided with a hand pump in Harijanawada under Social Welfare grant and this is also catering to the needs of public. In addition, an amount of Rs. 5,000 has been sanctioned to provide a bore and a well under the pooled up grant of 15% general funds of the Panchayat Samithi and Zilla Parishad and this work is being undertaken by the Panchayat Samithi, Gopala-puram.

(a) whether the Government are contemplating to open Primary Health Centres for all the 38 places in Telangana where rural water supply schemes are being taken up; and

(b) if not, when this proposal will be examined?

A—

(a) and (b) No, Sir. The Planning Commission have stated that no New Primary Health Centres should be established during the Fifth Five Year Plan. In view of the above, the question of opening new Primary Health Centres in near future does not arise.

Special Pay to Local Body Employees Scheduled Areas

1982 Q.—Sri M. Omkar:—Will hon. the Chief Minister be pleased to State:

(a) whether it is a fact that the employees of local bodies working in the Scheduled areas were sanctioned special pay (bad climate allowance) with effect from 6-9-1971;

(b) Whether it is also a fact that the payment of the same has not been made due to unsound financial position of the general funds of the Panchayat Samithis and Zilla Parishads; and

(c) if so, the action taken by the Government for payment of the same?

A—

(a) Yes, Sir. Orders have been issued in G. O. Ms. No. 609, Panchayati Raj (Establishment IV) Department, Dated 6-9-1971.

(b) Yes, Sir.

(c) The expenditure involved on this account is estimated at Rs. 9,00,900 to the end of March, 1973. As the Panchayat Samithis and Zilla Parishads were not in a position to bear the additional expenditure involved, they had requested the Government for financial assistance. The matter is under consideration.

Availability of land after Ceiling

501—

853 Q.—Sri M. Nagi Reddy :—Will hon. the Chief Minister be pleased to state:

(a) whether it is a fact that the Union Minister for Agriculture Sri Fakruddin Ali Ahmed has written letters to the Chief Ministers to let the Centre know how much land would be available after lowering the ceiling and streamlining the exemptions;

(b) if so, whether the Government have sent any reply to the Union Government; and

(c) the extent of surplus land available in our State?

A—

(a) On 18th September, 1971, Sri Fakruddin Ali Ahmed, Union Minister for Agriculture, addressed a D. O. letter to the Chief Minister of Andhra Pradesh stating that the recommendations of the Central Land Reforms Committee for bringing about a measure of uniformity in the State laws on ceiling were accepted by the Government of India and suggesting to the State Government to examine the existing ceiling law in the light of the Committee’s recommendations and to initiate necessary action to bring the law in line with the National policy.

(b) A reply was sent to the Government of India stating among other things that action was being taken to revise the existing ceiling law in the light of the National guidelines.

(c) A revised ceiling law viz., The Andhra Pradesh Land Reforms (Ceiling on Agricultural Holdings) Act 1978 (Act 1 of 78)
has since been enacted and gazetted on 1st January 1973. It has yet to be enforced and it is therefore too early to say even approximately the extent of surplus land that would be available under the revised ceiling legislation.

REMOVAL FROM SERVICE OF AN OFFICE BEARER OF GOVERNMENT EMPLOYEES UNION

509—

1512 Y Q.—Sri A. Sreeramu:—Will hon. the Chief Minister be pleased to state:

(a) whether any office bearer of a Government Employees Union was removed from service under the provision of Article 311 (2) (c) of the Constitution of India in G. O. Ms. No. 797, dated 30-6-1972;

(b) if so, the circumstances that led to the extraordinary measure; and

(c) whether the Government will reconsider the matter in the larger interests of Cordial relations between the Government and staff Associations?

A.—

(a) An office bearer of the Union was dismissed from service in the G. O. indicated.

(b) the office bearer of the Employees Union while working as Assistant of the Industries and Commerce Department and as President of the Telangana N.G.Os. Association was indulging in inflammatory speeches calculated to create disaffection between Telangana and Andhra Employees. He was further inciting the Government employees to acts of violence and was acting in a manner prejudicial to the maintenance of public order. The Governor had therefore in exercise of his extraordinary powers under Article 311 (2) of the Constitution of India ordered his dismissal.

(c) No, Sir.

(b) The growth of population has increased.

(c) The reasons are as follows:

(i) Death rate has decreased from the level of over 25 per mille to about 16 per mille, of population, whereas the birth rate has decreased only slightly from 47 per mille to 37 per mille of population; and

(ii) The impact of Family Planning Programme efforts on the growth of population also may not be perceptible till sufficiently long period, because of the fact that population may be increasing for some decades even though several couples have adopted successfully.
the Small Family Norm of 2 or 3 children, has more younger persons born already during the past 15 to 20 years may, during the successive years enters the reproductive span of life, then those persons that would be going out of the reproductive ages.

ANANTHALAXMI AYURVEDIC COLLEGE, WARANGAL

(a) the number of students admitted to the Anantha Laxmi Ayurvedic College Warangal each year from 1957 to 1972;

(b) the number of beds provided at the Government Ayurvedic Hospital, Warangal for training the clinical students of the said college;

(c) the steps taken by the Government to upgrade the Government Ayurvedic Hospital, Warangal from 1968 to 1972;

(d) the reasons for upgrading only the Government Ayurvedic Hospital and the Unani Hospital at Hyderabad and raising its bed strength from 148 to 180;

(e) the date when the Anantha Laxmi Government Ayurvedic College was affiliated to the Osmania University and for what period;

(f) the long and short term measures the University Inspection Committee wanted to be fulfilled by the Government by 1972;

(g) the steps taken to fulfil the same; and

(h) whether the Government will consider to upgrade the Anantha Laxmi Government Ayurvedic College to bring on par with the Government Ayurvedic College, Hyderabad?

A.—

(a) Total admissions from 1957 to 1972 is 329

(b) 50.

(c) Due to paucity of funds, it was not possible to upgrade the Government Ayurvedic Hospital, Warangal till 1972. The Government have however, in G.O. Ms. No. 2 Health, dated 1-1-78, sanctioned thirty beds with necessary staff to Government Ayurvedic Hospital, Warangal and thereby increased the bed strength of the Hospital from 20 to 80.

(d) Consequent on the affiliation of Government Ayurvedic College, Nizamia Tibbi College with the Osmania University and on the basis the recommendations of the University Inspection Commission, the bed strength in each of the Government Ayurvedic Hospital and the Nizamia Tibbi College, Hyderabad was increased from 148 to 180 to cater to the needs of clinical facilities for the students at each of the said Hospitals.
(e) On 27-10-1970, the Osmania University Hyderabad granted provisional affiliation to Anantha Laxmi Government Ayurvedic College, Warangal for running the B.A.M.S. Degree Course for a period of 3 years with effect from the academic year 1969-70 and subsequently the same period has been extended for another 3 years from 1972-73 (i.e. up to 1974-75).

(f) The Inspection Commission recommended the following immediate, and long range measures for the Improvement of Anantha Laxmi College;

Immediate Measures:

(1) Provision of Laboratory space for three groups of subjects in the First Year viz.: Sareera Rachana and Kriya (Anatomy and Physiology), Jeeva Bhowtika and Jeeva Rasayana Sastras (Biophysics and Biochemistry) and Jantu and Vriksha Sastra (Zoolozy and Botony);

(2) Erection of temporary sheds in the college premises for accommodating these sections until such time some permanent buildings are erected.

Long range measures:

There is an open site of 5 acres earmarked for this college. The Commission has visited the site. It is on a level ground and there are good approach roads. The commission feels that this is an ideal place for constructing entire complex of this college consisting of college, in-door Hospital and Hostels in a planned way. The present college premises can be utilised as an out patient-cum-casualty wing and patients needing indoor services could be shifted to the main hospital by ambulance service.

(g) An amount of Rs. 1 lakh was sanctioned during 1972-73 for effecting improvement to Anantha Laxmi Government Ayurvedic College, Warangal for fulfilling certain immediate requirements suggested by the University Commission.

(h) Subject to availability of funds necessary steps will be taken to fulfill the recommendations of the Inspection Commission of the Osmania University: under a Phased Programme.

Statement by the Minister for Industries

re: Correction of answer to a supplementary question (No. 1519-G d/21-1-1974) regarding establishment of a paper factory at Kurnool.

Sri P. Basi Reddy:— As per the statement made by me on 21-1-1974, I had stated that the Andhra Pradesh Industrial Development Corporation is already holding a licence for the establishment of a paper plant in Kurnool district; it may be corrected as: "The Andhra Pradesh Industrial Development Corporation has applied for a letter of intent to establish a paper plant at Kurnool and the letter of intent has since been obtained by the Andhra Pradesh Industrial Development Corporation."

We are sorry; it has been put down there by mistake. Voluntarily I am making the statement of correction.

CALLING ATTENTION TO MATTERS OF URGENT PUBLIC IMPORTANCE

re: SHORTAGE OF ORDINARY PAPER IN THE STATE.

Sri M. Narayana Reddy (Bhodhan):—There is serious shortage of ordinary paper throughout the State. We have received several representations from the student community, the main sufferers, textbook presses, Telugu Book Academy and printing presses who print ordinary material for the common man. In this regard, we have two paper mills with majority shares of the Government. Normal production is nearly 50,000 tons per year. They also produce quality paper and the entire requirements of the State are much less than the production that is made in these two paper mills. It is alleged that these factories are exporting paper outside the State as well as to some foreign countries also leaving out the local requirements. In view of this, I request that the Government should fix a limit about the disposal outside the State.

Recently, the Central Government has decided that the paper to be supplied to the student community should be priced low. Whether that decision or policy is being implemented or not is also to be looked into by the hon. Minister. I request the hon. Minister to enlighten us on all the points.

*Sri P. Basa Reddy:—There is an overall shortage of paper in the country. However, there is no statutory control over the price and distribution of paper. It is understood that the Government of India has introduced a system of voluntary control according to which a
small percentage of the production of each mill is placed at the disposal of the Director General of Supplies and Disposals who allot this paper to the various Government Departments for their official use. It is true that there are two paper mills in the State but in the absence of any statutory powers, the Government account compel these mills to market any fixed percentage of its production within the State or at any fixed price. However, in order to avoid hardship to important consumers of paper, particularly the student community, the Government have discussed the matter with these 2 paper factories. As suggested by the Government, these factories made arrangements to sell paper to students and educational institutions at reasonable prices at Hyderabad, Rajahmundry and Vijayawada through their dealers. In additional to this, whenever any special difficulty in obtaining paper is brought to the notice of the Government by any public agency or small scale industrial unit, the Government have been taking up the matter with the paper mills and trying to arrange supplies. The Government will also take action through its directors on the Boards of management of these companies to impress on the companies the need to meet the demand for paper within the State to the maximum extent possible. The Government would welcome any other concrete suggestions the Hon’ble Members may have in the matter.

The Government are also separately pursuing action to have a new paper mill set up near Kurnool through the Andhra Pradesh Industrial Development Corporation which will help in increasing the availability of paper within the next two or three years.

The letter of intent has been obtained for the Paper Unit at Kurnool.

As regards fixation of quotas from these two Paper Mills, as I have already submitted there are no rules or statutory provision to control distribution of paper. Now, I have taken up this matter with the two Paper Mills and I have also called them for a meeting very shortly. We are trying to increase the quota from these two paper Mills.

Sri M. Narayana Reddy:—Apart from controlling this industry, at the Government level, in normal course these are our own factories and since we have majority representation, the Board of Directors of these factories without formal intervention from the Government side, can fix up the quota from disposal of paper within the State to meet the local needs.

The second thing is, Hon’ble Minister may kindly also consider the supply of paper at Rs. 2,700/- per ton to the student community, as fixed by the Government of India itself.

Sri P. Basi Reddy:—The Paper is being supplied to the student community at a reasonable price. What the price is I will ascertain.

re: Agreement with the Governments of Tamilnadu, Kerala and Karnataka for supply of power to Andhra Pradesh.

Sri M. Narayana Reddy:—Sir, about the shortage I need not mention. The power as assessed, the shortage during February and March is 5 to 6 lakh units everyday, and in order to make up that shortfall, the authorities have entered into an agreement with Kerala and Tamil Nadu Governments.

As a result of that we are getting two lakh units from Kerala everyday and 3 to 4 lakh units from Tamilnadu. The shortfall has already been made up. Even then, we are feeling shortage in the State, particularly in the agricultural Sector, Sir. The other thing is, we are supposed to give power-supply to Tamil Nadu during April and May. Whether it is feasible or possible for us to supply during the next two months when the pressure for power supply will be more, has also to be considered.
Calling attention to matters of urgent public Importance:

re: Agreement with the Governments of Tamilnadu, Kerala and Karnataka for supply of power to Andhra Pradesh.

Sri G. Rajaram:—The details of power supply received from Tamil Nadu, Kerala and Karnataka and Orissa Governments are as follows:

**Kerala:**

During discussions by the Advisers to the Government of Andhra Pradesh with Chief Minister of Kerala held on 08-6-1973, Andhra Pradesh had agreed to allow the movement of 5,000 tones Whole Rice and 3,000 tons of Broken Rice on private account through the Marketing Federation of Kerala. It was also agreed that Kerala would supply to Andhra Pradesh 3 lakhs units of electrical energy per day. This supply of power to Andhra Pradesh up to 2 lakhs units will be through Tamil Nadu and the balance 1 lakh units will be through Karnataka Grid. However, it was finally considered to avail 2 lakh units per day through Tamil Nadu Grid as Kerala Electricity Board agreed to give only 2 lakh units.

The Kerala State Electricity Board started supplying 2 lakh units per day to Andhra Pradesh via Tamil Nadu Grid with effect from 15-10-1973 and this supply is being continued as on to day. Out of this 2 lakh units, 0.15 lakh units per day is deducted towards line losses in Tamilnadu and 0.45 lakh units per day is to be distributed to Rubber & Tyre Industries in Tamil Nadu towards the supply of tyres to Andhra Pradesh for use of A.P.S.R.T.C. and by the A. P. State Electricity Board at Lower Sileru Project. About 1.4 lakh units per day remains to be delivered at Chittoor point, but actually only 1.2 lakh units is being delivered at Chittoor Point. The difference between 1.4 lakh units and actual energy being delivered at Chittoor point is to be set off against the energy that Andhra Pradesh Government owes to Tamil Nadu which was availed on returnable basis in the previous years.

The rate payable to Government of Kerala for the energy is not yet finalised and at present payments are being made at the adhoc rate of 0.6 Ps. per unit. The Andhra Pradesh State Electricity Board has decided to pay the Tamil Nadu Government at 10% of Kerala rate for approximately 1.2 lakh units delivered at Chittoor point towards the wheeling charges. The issue of wheeling charges has yet to be finalised with Tamil Nadu Electricity Board. The Tamil Nadu Electricity Board has to pay Andhra Pradesh for the 45,000 units per day supplied to Rubber & Tyre Industries in Tamil Nadu at the rates the Andhra Pradesh State Electricity Board is paying to Kerala.

**Karnataka:**

The Andhra Pradesh is sending its off-peak energy to Karnataka by generating maximum at its thermal stations which otherwise cannot be utilised by Andhra Pradesh. The Karnataka has agreed to absorb this off-peak energy and is giving relief during other period when required by Andhra Pradesh. This off-peak energy traded with Karnataka will be shared in the ratio of 70:30 between Andhra Pradesh and Karnataka and Karnataka will pay at the rate of 3.5 paisa per unit to Andhra Pradesh for this 80% of energy.
Calling attention to matters of urgent public importance:

re: Agreement with the Governments of Tamilnadu, Kerala and Karnataka for supply of power to Andhra Pradesh.

This arrangement came into force with effect from 15-9-1973 and is being continued now. On account of this transaction, the Andhra Pradesh is benefitted by utilising its off-peak energy to the extent of 70% by way of relief of power from Karnataka during the other periods.

TAMILNADU:

As Tamil Nadu itself is facing energy shortage at present no additional supply is available from Tamil Nadu Electricity Board except wheeling of energy being given by Kerala Electricity Board.

ORISSA:

Andhra Pradesh is drawing the energy generated at Balimela (from Orissa) since its commissioning in 8/73. As Orissa is drawing energy from Machkund in excess of its share, this excess is being set off against the energy supplied to Andhra Pradesh from Balimela. The first 60 M. W. unit at Balimela was commissioned in 8/73 and second unit in February 1974. Payment for this net energy drawn from Balimela is made at 6 paisa per unit on an ad hoc basis. Andhra Pradesh is at present drawing about 15 lakh units from Balimela every day.

On account of the above mentioned inter-State transmission the extent of improvement in power position in Andhra Pradesh is as follows:

1. Andhra Pradesh is getting 70% of banked energy from Karnataka which otherwise would have gone unutilised.

2. To the extent, the capacity in Karnataka is available, the Andhra Pradesh is availing load relief from Karnataka to a maximum of 50 M. W.

3. Energy to an extent of 1.2 lakh units per day is being availed from Kerala through Tamil Nadu at Chittoor point.

4. On account of Balimela energy, the Andhra Pradesh is benefitted by about 100 to 115 M. W. of power and 20 to 25 lakh units per day, after allowing the excess energy drawn by Orissa at Machkund.

I want to mention only one point, Sir. Our installation is of the order of 14 million units per day. As against that, our power generation is 8 million units. We are getting from Balimela and other places to the extent of 2 million units per day and still we are having a shortage of 6 million units.

Sri M. Narayana Reddy:—Sir, it was stated last month that our shortfall will be made up and we will have to supply to some of the neighbouring States in the next two months. While giving supply to the neighbouring States in the next two months we have to keep in view of our own supply position. The pressure for power will be more during those two months in our State. The second clarification I require is, we have had an agreement with the Tamil Nadu Electrici...
city Board long ago for the exchange of power supply at Kuppam. This agreement was discontinued in November, 1969 or so. That was a very favourable agreement to our State. Whether that agreement is being worked out or whether it is again going to be discontinued in the present circumstances of power shortage. We would like to know.

Sri G. Raja Ram:—I visited Tamil Nadu in this connection. The Andhra Pradesh Electricity Board wanted that Tamil Nadu should give us power on exchange basis because we were very bad in the months of February, March and April. We wanted that they should give us two lakh units so that we could return it when we would be in a better position. We expected that on commissioning Kota Unit by the end of this month, we would be in a position to give them on exchange basis in the month of April or May. But they said that it was not possible for them to give on exchange basis.

About Kota Project, the dispute is still pending. It is not the fault of Andhra Pradesh Electricity Board. It was the Tamil Nadu Electricity Board which suomoto discontinued it. We tried to revive it; and still the officials of Andhra Pradesh Electricity Board are negotiating with Tamil Nadu Electricity Board.

BUDGET FOR 1974-75 (VOTE ON ACCOUNT) 
GENERAL DISCUSSION (Contd.)

Mr. Speaker:—Before we proceed with discussion on the Budget I would like the Leaders of Parties and whips to send the names of Members who desire to speak, before 1.00 p.m. I will not be in a position to accept any names after 1 p.m. If the names are sent before 1.00 p.m. it will help me to see if more time is required; and if necessary, we may think of another half a day on the morning or evening of 25th March, 1974. When once the list is given,
the names must be before the Speaker, and I expect the Members to be in their seat because it may not be possible for me to follow strictly the order of the list. I will have to choose names from various Parties and from various sides. I expect that Members would be available in their seats, so that I may call them.

Now, Sri Srinivasul Reddy will speak.

General Discussion.

Smt. Fatimunisa Begum (Peddakurapadu) : Mr. Speaker, Sir, In the budget speech the Honourable Minister for Finance has given due importance to agriculture, Animal husbandry, irrigation, power, industries, education and welfare of weaker sections. My humble suggestion is that simultaneously medical care should also be given prime importance. Of course the Medical Department is not a revenue-earning one. The budget allotment for this particular department has been constant for the past few years and is much less when compared to other neighbouring States like Orissa and Tamilnadu. These States have made remarkable progress in various fields of medicine and improved their hospitals whereas our hospitals find no improvement at all due to lack of funds for the past 10 years.

I shall confine myself to the requirements of medical care in rural areas. The present system is to appoint one medical officer for each Primary Health Centre and he is supposed to serve one lakh population. I suggest to the Minister concerned to consider seriously of appointing at least one Medical officer for every 20,000 population that comes to about 4 to 5 junior Medical Officers for each P.H.C. I also suggest that one of the doctors working in the P.H.C. must compulsorily be a Woman Medical Officer to attend to deliveries, institutional or otherwise. Now the drug allotment for each P.H.C. per year comes to about Rs. 7000/-. This is a meagre amount and has to be considerably increased.

Regarding the Taluk hospitals in the State, I wish to state that they are in a bad condition and the 108 Taluk hospitals have to be compulsorily converted into 25-bedded hospitals. All equipment including B.C.G. apparatus must be provided and above all Medical Officer with Post-graduate qualification should be kept in charge of each Taluk hospital.

As recommended by the Sixth Finance Commission, additional budget of Rs. 2½ crores has been sanctioned for drugs, diet and hospital necessities. This may be best utilised to improve the drug availability in the Hospitals to overcome the shortage of X-rays and to enhance the stocks in blood banks. Practically speaking, with all my personal experience, I can tell you that the diet in all the Government Hospitals can be given freely for all poor and deserving patients but can be considerably cut down for chronic patients who are there for a number of years and these savings can be diverted for the purchase of drugs.

The drug allotment, viz., Rs. 2,000 per bed per year has to be definitely increased to at least double the amount in view of the serious non-availability of the drugs in all the Hospitals.
Though our Government is providing enough funds for the completion of Nagarjunasagar Project, the problem of tailend villages is not solved as a result of which most of the villages in S:thenapalli Taluq of Guntur District are chronically drought stricken and backward. Therefore, I suggest to the concerned authority that lift irrigation and minor irrigation schemes which are pending with the Government be completed as early as possible.

I am happy to know that our State is concentrating and making efforts to establish industries, to provide employment for the educated unemployed. In this connection I would like to point out that Vetapalem Block in Prakasam District has been recently excluded from the backward areas. The entire district of Srikakulam and only Giddalur Block have been included as backward areas to be identified for 15% Central Subsidy. Therefore, this particular block, I can tell you, has good scope for starting industries on a large-scale and leading businessmen and capitalists from Guntur are willing to invest as much as Rs. 4 crores for Cotton-Seed Complex, Breweries, Tobacco-Based Export Oriented Industry. Therefore, I would like to request the Honourable Chief Minister to try his good offices at the Centre and get this area, Vetapalem Block, included and identified as backward area. This will give direct employment to nearly 2,000 people and indirect employment to nearly 10,000 people. Thank you. Sir.
Sri M. R. Apparao (Nuzvidu): Mr. Speaker Sir, while supporting the budget, I want to make a few suggestions for the consideration of the Government.

About fertiliser distribution, Government has taken a good measure by taking all those available fertilisers in their hands because there was lot of black marketing and it is essential to control also.

The food prices now are increasing by leaps and bounds. Recently the Chief Minister has announced that 5,000 fair price shops will be opened in the rural areas. In addition to these, in bigger towns, Super Bazars may be opened. By this means some measure of control will be possible.

More than this, agricultural production should be increased by expansion of irrigation facilities. One of the main suggestions I am making is that the extension of the Left over of Nagarjunasagar to Krishna District, Tiruvur, Nuzvid and Nandigama taluks and by this means you can extend irrigation to 8 lakhs of acres in one or two years. The Chief Minister promised sympathetic consideration.
Another very important big project is Polavaram, Godavari Barrage. This project is essential for irrigating at least 2 million acres on the right and left canals. On the right canal Visakhapatnam and East Godavari Districts will be irrigated in addition to supplying water to the needs of the growing industries of the Visakhapatnam town.

This is also part of this Cauvery-Ganga grid which is under consideration of the Central Government.

About education, Sir, it has been pointed by many that two Universities at Warangal and Guntur are essential and our Government should consider starting of the two Universities. Because the Post Graduate Centres are also there, the development would not cost much money.

Some people are expressing doubts about the coming of the Central University next year. If this does not come into existence, there will be lot of disappointment. So, our Government must endeavour to see that the University starts in July at least with Humanities and social Sciences, if not Physical Science subjects. One campus should be started in Andhra area.

For the development of Engineering Colleges under the Jawaharlal Nehru Technological University for six colleges only Rs. 4 lakhs are provided in the Annual Plan. I must say that this is a pitifully small allotment. The allotment should be at least Rs. 25 lakhs.

With these few words, I resume my seat.
