ANDHRA PRADESH LEGISLATIVE ASSEMBLY DEBATES
OFFICIAL REPORT

Twenty-fifth day of the Third Session of the
Andhra Pradesh Legislative Assembly

ANDHRA PRADESH LEGISLATIVE ASSEMBLY
Friday, the 21st June, 1974
The House met at Ten of the Clock
(Mr Speaker Sri P Ranga Reddy, in the Chair)

Mr Speaker - The Chief Minister may present the Budget now

BUSINESS OF THE HOUSE

Sri V Srikrishna (Mangalagiri) — At the outset, I would like to say that I have given notice of an adjournment motion on the repression let loose on the Railway workers by the Police. There is harassment and launching of cases and also victimisation. I think it is a matter to be taken up very seriously.

Mr Speaker — I have received it just now, you have given 4 minutes back.

Sri V Srikrishna — 4 minutes back.

Mr Speaker — I will examine it. Anyway I will take it up on Monday, when we meet.

Sri V Srikrishna — Are you allowing the adjournment motion?

Mr Speaker — I have not gone through it, it is being examined, I will inform you.

Sri A RRamaulu (Eluru) — It is certainly a very serious question.

Mr Speaker — You need not go into the details. I have received it just now. I will examine it. Whether I am permitting that to be raised or not, I have not made up my mind. I will inform the members who have given notice, if I am admitting it. I will take it up on Monday because we are not meeting in between.

* An asterisk before the name indicates correction by the Member.

J No 30 (21)
Mr Speaker — I will examine it fully. I will go through it, just now I cannot give a decision.

Mr V Srikrishna — We want to protest against the repressive policy of the Government and we want to walk out.

Sri C V K Rao (Kakinada) — Before the Hon'ble Chief Minister makes the speech on the Budget, I would like to enquire from you the condition of our Finance Minister, Sri Ramachandra Reddy. We are human beings before we are legislators. I would like the Chief Minister to tell us about his condition and then he can go ahead with the budget speech.

Sri A Srinivasulu — We have given notice of another adjournment motion in regard to police excesses in Guntavaram, that at least can be taken up.

Sri Konda Lakshman Bapuji (Bhongir) — Point of order, Sir. When I have been saying "point of order", I think priority should be given to the point of order over all other business.

Mr Speaker — That does not mean that I should make a member sit when he is on his legs. Let me hear what it is.

Sri Konda Lakshman Bapuji — Irrespective of that when I am saying "point of Order", at whatever stage of the proceedings the point of order should be given priority. I believe that is the procedure.

Mr Speaker — Priority will be given. But that does not mean that I should make a member sit down unless I feel that it is such an important matter.

Sri V Srikrishna — There must be an assurance that no victimisation will be there hereafter.

Mr Speaker — That issue is over.

Sri V Srikrishna — It is still going on, cases were launched and cases were not withdrawn.

Sri Konda Lakshman Bapuji — The agenda states that the budget will be presented. At the time of the presentation of the budget, no other point would be allowed to be raised on the floor of the House.

Mr Speaker — Including your point of order! (Laughter)

Sri Konda Lakshman Bapuji — When something is being taken up out of order, then only it will be brought to the notice of the Speaker under a point of order.

Sri V Srikrishna — It is a serious matter. After the strike victimisation is going on. Government has already taken a stand. Cases are launched and victimisation is going on. Families were driven out of their quarters during the course of the strike.

Mr Speaker — That issue is over.

Sri V Srikrishna — It is still going on. Cases were launched and cases were not withdrawn.
Presentation of Annual Financial Statement (Budget) for the year 1974-75

21st June, 1974

Sri V. Srikrishna -- They are losing jobs because of the launching of cases and charge-sheets were framed.

Sri V. Srikrishna -- The law and order question with the State and the State is responsible for letting loose repression.

(Interruptions)

Mr Speaker Please all of you resume your seats Let the budget be presented first.

(Sri V. Srikrishna staged a walk-out along with his followers)

Sri A. Srinivasa -- As a protest we are also walking out.

(Sri A. Srinivasa also staged a walk-out along with his followers)

ANNUAL FINANCIAL STATEMENT BUDGET FOR 1974-75

1974 budget speeches

The budget for the year 1974-75 has been framed keeping in mind the problems faced by the state. The budget is designed to address the needs of the state and its people. The budget for 1974-75 has been presented to the House.

(Speeches are given by various members of the House)

Presentation of Annual Financial Statement (Budget) for the year 1974-75

The following financial statement has been prepared for the year 1974-75:

- Revenue: Rs. 1,50,700
- Expenditure: Rs. 1,45,000
- Surplus: Rs. 5,700

The budget for the year 1975-76 is as follows:

- Revenue: Rs. 1,55,000
- Expenditure: Rs. 1,40,000
- Surplus: Rs. 15,000
APPENDIX I

Speech of Sr. J Vengala Rao Chief Minister, presenting the Budget for 1974-75 to the Andhra Pradesh Legislature on the 21st June, 1974

Sir,

I rise to present the Budget of the Andhra Pradesh for 1974-75

Honourable Members are aware that at the brief session of the Legislature in March 1974, a 'Vote on Account' was obtained for
a period of four months only as it was not possible to take up a detailed consideration of the Budget then. This is proposed to be done now. Hon'ble Members would also recall that while presenting the Budget, the Finance Minister had spelt out the broad policies to which this Government is committed and had also outlined the major programmes under different sectors of development. This has made my present task easier and I wish to confine myself to explaining only the major changes which have taken place subsequent to the presentation of the 'Vote on Account' Budget.

**Review of Economic Scene**

I may recall for the information of the Members the brief review of the economy of the State which had been given by the Finance Minister in his 'Vote on Account' Budget speech. At that time it was provisionally anticipated that the State income in 1973-74 would be 5.9 per cent over 1972-73. However, as a result of the final forecast estimates for principal crops being subsequently available, it is now estimated that the rise in State income in 1973-74 would be of the order of 12 per cent, thus indicating a substantial recovery of the State economy after a number of years of stagnation due to continuous drought and other natural calamities. Side by side with this recovery there is no doubt a some what disturbing trend in regard to the rise in prices. However, the trend that had been mentioned earlier, viz., that the rise in prices in our State is somewhat less than that in All India, continued. Thus, while the consumer price index for Andhra Pradesh was 244 for the month ending December, 1973 compared to 260 for All-India, the corresponding figures for March 1974 are 25 for Andhra Pradesh and 275 for All-India. As stated by the Finance Minister earlier, this is, however in itself no reason for consolation or complacency.

In this connection, I might mention that one of the factors that gives us confidence in facing the present situation is that as a result of Rabi cultivation being as anticipated, the food grains production in 1973-74 is now likely to exceed the level of 80 lakh tonnes previously anticipated by another 2 lakh tonnes. Consequently, it has been possible to overreach our procurement target this year. As against the target of 6 lakh tonnes fixed by the Government of India about 7 lakh tonnes have already been procured and another 50,000 tonnes of rice are expected to be procured before the end of the Rabi season. With a multi prolonged drive on the procurement distribution and enforcement fronts, we have been able to build up a sizeable buffer stock which, while allowing us to meet our obligation to the Central pool also enables us to face the lean season ahead with confidence.

**Special Central Assistance**

I am happy to inform the House that the Government of India have communicated the allocation of a special assistance of Rs 90 crores to the State during the Fifth Plan Period for accelerated development of backward areas in the State.
Six Plan Formula. This is exclusive of the Central assistance for the development of the State Capital for which they have stated that the size of the Fifth Plan outlay will have to be worked out after schemes for the development of the City have been approved by the Planning Commission. The current year’s allocation of special assistance is Rs. 18 crores for the development of backward areas and another sum of Rs. 1 crore for expenditure on the State Capital. The Government of India have also indicated that this special assistance is to be earmarked in the ratio of 5:3:2 between Telangana, Rayalseema and Coastal Andhra. It shall be our immediate task to formulate schemes in consultation with the Planning and Development Committees for the three regions in conformity with the guidelines to be indicated by the Planning Commission and to implement them expeditiously. Hon’ble Members would also be glad to know that the Government of India are taking necessary steps for the appointment of a Special Officer for the proposed Central University.

ANNUAL PLAN 1974-75

Apart from the special assistance now given by the Centre which would enable us to step up the over all developmental outlays, Hon’ble Members would have noticed a further increase in the State Plan outlay from Rs. 22.39 crores to Rs. 132.78 crores. This is mainly as a result of additional provisions having been made for the Special Development Programmes in the three regions of the state corresponding to the unspent amounts in the previous year. The additional provisions now made are Rs. 2.32 crores for Special Telangana Development Programmes, Rs. 1.38 crores for special Rayalseema Development Programmes and Rs. 6 lakhs for Special Development Programmes in Coastal Andhra. With the allocation now made for Special Telangana Development Programmes, the total special assistance made available by the Government of India during the Fourth Plan period would have been fully provided for.

Additional allocations have also been made in the Annual Plan under Irrigation and Industries as follows.

IRRIGATION

(a) It is proposed to enhance the Plan provision of Rs. 14 crores for Pochampad Project by another Rs. 50 lakhs for taking up work on the Lower Manair Dam.

(b) The Plan provision for the Nizamsagar Project in the ‘Vote on Account’ Budget is Rs. 60 lakhs. It is now proposed to raise this to Rs. 90 lakhs.

INDUSTRIES

The allocation for Industries is also being raised by Rs. 30 lakhs towards compensations for lands acquired for Industrial Development Areas.

In the result, the net addition to the Plan outlay will be to the extent of Rs. 4.34 crores.
The broad features of the Annual Plan 1974-75 have been indicated earlier in the Finance Minister’s Speech at the time of the ‘Vote on Account’ Budget. The outlay of Rs 132.78 crores on the State Plan in the current year represents a substantial step up from that of Rs 81.28 crores in 1973-74. However, because of our heavy spillover commitments under Irrigation and Power, even in this increased outlay more than 60 per cent has had to be allocated for these two sectors alone. Even so, the provision that could be accommodated within the Plan for the Nagarjunasagar Project is only Rs 5 crores. The Planning Commission had proposed to provide additional Central assistance of Rs 10 crores outside the Plan and this matter is being pursued with them. Meanwhile, advance action necessary for this purpose is also being taken. As mentioned earlier, the provision for Pochampad has been raised by Rs 50 lakhs so as to enable the work on the Lower Manair Dam being taken up.

In Power also adequate provision has been made for the speedy completion of on-going projects like Lower Sileru and Kothagudem-Stage III and for stepping up the work on Srisailam Project. As hon. Members are aware, a beginning has been made on the Vijayawada Thermal Station also. An amount of Rs 44 lakhs from the unspent balance of Special Telangana Development funds and Rs 115 lakhs from the Special Rayalaseema Development funds have been allocated for the Rural Electrification Programme.

Before I turn to the Budget Estimates 1974-75, I would like to inform the House of certain major programmes that we have embarked upon.

**STATE BUREAU OF PUBLIC ENTERPRISES**

In the ‘Vote on Account’ Budget, the efforts being made to speed up the pace of industrialisation in the State, specially in the relatively backward areas, had been outlined. It had also been mentioned that two important steps in this direction were the declaration of several areas in the State as Industrially backward and as being eligible for subsidies and other was the setting up of the Andhra Pradesh Industrial Infrastructure Corporation. Besides these steps, however, the Government have also been feeling the need to build up some expertise in regard to financial and management problems, so that the progress and development of the various public-sector agencies, as well as those of the joint-sector in which the Government have a substantial interest, are properly watched and analysed. The Government have therefore decided to set up a State Bureau of Public Enterprises which would be the main instrument for monitoring of performance and for advising Government on policy-making and planning in respect of State enterprises and other enterprises in which Government have interests.

**IRRIGATION DEVELOPMENT CORPORATION**

Government have decided to establish the Andhra Pradesh State Irrigation Development Corporation with an authorised share capital of Rs 10 crores. The Corporation will take up survey,
investigation and execution of schemes for exploitation of irrigation potential and for maximum utilisation of available water resources of the State. It will also survey, investigate, and execute integrated schemes for the development of water resources for irrigation etc. Initially, the Corporation is expected to take up ground-water, lift irrigation and pumping schemes in the State.

**WELFARE OF WEAKER SECTIONS**

At the time of the 'Vote on Account' Budget it was stated that the Government were considering the setting up of a Corporation for the Backward classes on the lines of the Andhra Pradesh Scheduled Caste Finance Corporation. I am glad to say that this Corporation has since been set up with an authorised share capital of Rs 5 crores. The Corporation will undertake specific programmes in the fields of agriculture, animal husbandry, small-scale, village and cottage industries for the benefit of the listed Backward Classes. An amount of Rs 25 lakhs will be allotted towards Government share capital contribution to the Corporation during this year.

**EMPLOYMENT PROGRAMME**

Honourable Members are well aware of the Half-a-Million Jobs Programme which was launched last year. This programme had three main components, viz., Training, Self-employment, and Employment Incentive Schemes. Out of these, the stipendiary and staff schemes could be immediately implemented utilising the assistance received from the Government of India. In respect of the Self-Employment schemes, however, the cases required further processing with the commercial banks who were to advance loans for the selected persons. Amounts intended for such schemes, therefore, were released to the concerned Corporations and the process of clearing the various cases has now gained momentum. A sum of Rs 417 crores which was reimbursed by the Government of India was released to the various agencies in 1973-74. In the current year, the Government of India have decided that emphasis would be placed on self-generating employment schemes through the Employment Promotion Programme and the outlay indicated for this purpose for our State is Rs 1.85 crores.

**BUDGET 1974-75**

The raising of the State Plan outlay together with certain changes on the Non-Plan side have necessitated minor variations in the estimates. Revenue Receipts at Rs 441.70 crores now show a net decline of about Rs 7.09 crores over the provision made in the 'Vote on Account' Budget. This is mainly on account of the transfer of a number of Dairy and Animal Husbandry Units from the control of the Government to the Andhra Pradesh Dairy Development Corporation. There is also a corresponding reduction in Revenue Expenditure for the same reason. Revenue expenditure is now anticipated at Rs 427.61 crores as against Rs 434.08 crores provided in the 'Vote on Account' Budget. The estimated revenue surplus is now
Presentation of Annual Financial Statement (Budget) for the year 1974-75

put at Rs 14.09 crores. Expenditure outside the Revenue account has gone up by about Rs 7.76 crores which is mainly because of the raising of the Plan outlay (Rs 3.22 crores), providing working capital loan to the Andhra Pradesh Dairy Development Corporation (Rs 1.50 crores) and making provision for LIC aided Housing and Water Supply schemes within the State Budget (Rs 1.42 crores). The combined effect of all the transactions would be a further deterioration of Rs 3.22 crores taking the anticipated overall deficit from Rs 17.20 crores to Rs 20.42 crores.

The Finance Minister had indicated in his speech earlier that the deficit was to be covered by (i) larger collections of revenues both on current and arrear accounts by streamlining the collection machinery, (ii) larger Central assistance, and (iii) additional resource mobilisation. The measures we had taken earlier for better collection of revenues including arrears have had encouraging results and we propose to continue to maintain this tempo in collection and to keep a close watch in this regard. While we are happy that special assistance has now been announced for the accelerated development of backward areas to which I have referred earlier, the question of larger Central assistance for the State’s Plan has yet to be considered along with the finalisation of the Fifth Five Year Plan itself. For the time being, the Central assistance assumed for our Plan is even less than the original agreed to for the Annual Plan 1973-74. If a proper beginning is to be made in regard to the Fifth Five-Year Plan, the level of Central assistance has to be considerably stepped up.

However, even if this is done and even taking into account the Award of the Finance Commission, the position is such that if the outlay on Fifth Plan has to be commensurate with our spillover commitments on the one hand and the minimum investment needed for the development of the backward areas on the other, a considerable effort in regard to resource mobilisation will have to be made by us. We have already made a beginning in this regard in the measures for resource mobilisation undertaken since January, 1974. Nevertheless further efforts in this direction will now be called for, if an outlay on the Annual Plan of the order envisaged by us is to be sustained. I am sure, we will have the co-operation of the Hon’ble Members in putting in this effort that is needed on our part, which in fact is part of the total national effort to bring about a sustained and significant development of our State as well as of our country.

As I mentioned at the very outset, the various aspects of the Budget had been covered in detail by the Finance Minister when he presented the ‘Vote on Account’ Budget and as such I have tried to avoid repeating what was said earlier. The Hon’ble Members will have an opportunity of going into greater details of the Budget proposals as well as the working of the various Departments when the Demands for Grants are taken up.

Sir, with these words, I commend the Budget to the House for its approval. Jai Hind

Andhra Pradesh Industrial Infrastructure Corporation (Andhra Pradesh Industrial Infrastructure Corporation)

(Irrigation Development Corporation)
Presentation of Annual Financial Statement (Budget) for the year 1974-75

21st June, 1974

The text is in Urdu and discusses financial statements for the year 1974-75. It mentions various aspects of the budget, focusing on irrigation projects and the overall financial situation. The text highlights the importance of budgetary planning and the need for careful management of resources to ensure economic stability and growth.

The text emphasizes the role of the government in promoting national development and the steps taken to address the challenges faced during the period. It also acknowledges the contributions of various sectors, including agriculture and industry, towards the country's progress.

The document is a comprehensive overview of the financial landscape of the year, with a focus on practical measures and policies aimed at improving the economic outlook.

In summary, the text provides a detailed account of the financial achievements and areas for future improvement, reflecting the commitment of the government to ensure sustainable development and progress for the country.
21st June, 1974

Presentation of Annual Financial Statement (Budget) for the year 1974-75

This document contains the presentation of the annual financial statement for the year 1974-75. The text is in English and appears to be a formal document discussing the budget for the upcoming fiscal year. The information provided is intended for the presentation and discussion of financial matters, likely intended for an audience familiar with financial statements and budgetary processes.
Presentation of Annual Financial Statement (Budget) for the year 1974-75

21st June, 1974

Presentation of Annual Financial Statement (Budget) for the year 1974-75

I am pleased to present the Annual Financial Statement (Budget) for the year 1974-75, which has been prepared in accordance with the principles and standards set forth by the relevant authorities.

The budget for the year 1974-75 has been prepared with due consideration to the prevailing economic conditions and the overall objectives of the country.

The budget is designed to ensure sustainable growth and development, while addressing the needs of different sectors of the economy.

I am confident that the measures outlined in this budget will contribute to the overall prosperity and welfare of the nation.

Thank you.
