ANDHRA PRADESH LEGISLATIVE ASSEMBLY
Monday, the 24th June, 1974

The House met at Half-Past Eight of the Clock
(Mr Speaker Sri P Ranga Reddy in the Chair)

ORAL ANSWERS TO QUESTIONS

Mr Speaker —Now the questions Mr. Krishna Reddy

Sri C. V K Rao (Kakinada) —Sir, at the outset

Mr Speaker —I have gone to the question You can raise, if there is any point, afterwards Meanwhile, the question will be answered

Sri C V K Rao —There are Ministers with portfolios. Certain subjects have been distributed this way and that way You have made the observation some time back that this kind of thing should not be done What is the Chief Minister going to do? Is he going to distribute this way and that way? This is a funny way of the functioning of democracy Therefore, I am asking whether the Chief Minister has got anything to say about this kind of allocating the subjects here and there and everywhere He owes a responsibility to the House

Mr Speaker —The Chief Minister is going to answer the question now

Sri C V K Rao —What is his answer, Sir?

An asterisk before the name indicates correction by the Member
SUPPLY OF POOR QUALITY COMMODITIES IN THE FAIR PRICE SHOPS
IN TWIN CITIES

(a) whether it is a fact that the commodities supplied in the Fair Price Shop in the Twin Cities are poorer in quality than the commodities supplied from the Super Bazaar Ration Shop Counters,

(b) whether it is also a fact that the Fair Price Shops situated in Twin Cities are not supplying ‘Rava Maida’ etc to people even though the Super Bazaar Ration Shop Counters are supplying the same, and

(c) if so, the reasons therefor?

The Minister for Municipal Administration deputised for the Chief Minister (Sri Challa Subbarayudu) — (a) No Sir. The scheduled commodities supplied through Fair Price Shops and Super Bazar branches are one and the same. They are being issued from the same Food Corporation of India Godowns and co-operative institutions, and the quality of the commodities is generally good.

(b) and (c) — Yes, Sir. The wheat products are not being supplied on supply cards from Fair Price Shops run by the private dealers as the quantity available for distribution is not adequate even to meet the requirements of bulk consumers in the twin cities.

Sri A. Sriramulu (Eluru) — Sir, the Minister says that the quantities are not sufficient to meet even the needs of bulk consumers. So, I want to know from the Minister how rava and maida have been supplied to the small consumers like the ordinary people?

Sri Ch. Subbarayudu — It is only to meet the needs of the individual consumers, whatever is available is being issued through Super Bazaars in addition to the allotment to the bulk consumers.

Sri A. Sriramulu — The Minister says that it is not available for other consumers. How is the distribution being made for other consumers and are the ordinary people getting rava and maida in the City?

Sri Ch. Subbarayudu — The general public are given maida, atta and rava through the Super Bazaar and its branches.
Oral Answers to Questions 24th June, 1974 45

Mr Speaker — It does not give that meaning. It says wheat products are not being supplied, etc as the quantity available for distribution is not adequate even to meet the requirements of bulk consumers.

Sr Ch Subbarayudu — So far as identity cards are concerned, there are 4 lakhs of identity cards in the twin cities. These identity cards are allotted to individual fair price shops. But it is not being issued on identity cards. These items are being given through the Super Bazaar and its branches.

Sr A Srinamulu — On what basis is it being issued, because there is a lot of difficulty in securing ravva and maida in Hyderabad City. Even we are not able to get them. Therefore, I want to know from the Minister, what exactly is the procedure adopted to distribute ravva and maida to the people and how they are being supplied?

Sr Ch Subbarayudu — Basing on the allotments, they are being supplied. It is not being distributed on the basis of identity cards.
Fair Price Shops As such, the quality is generally good. If they give specific instance, then we will certainly go through them.

Sri C V K Rao - The good quality is going to the black market and the rotten quality is being distributed. Has he seen that?

Sri Ch Subbarayudu - It is not so, Sir.

Sri A Sreeramulu - I did not get an answer to my question at all. I want to know what exactly is the total quantity that the Super Bazaar got last month, the quantity that was released to bulk consumers, the balance that was left over, and how that balance was disposed of. Is it for everybody that comes in the queue or is there any other method by which this is being distributed? Because this is a scarce commodity, I understand that merchants are sending men by paying ten paise each so that they go and stand in the queues. Whoever stands in the queue is getting it and the genuine consumers are not getting it. That is the point and I want an answer.
Oral Answers to Questions 24th June, 1974

The whole issue is most confused now. Previously he said 100 bags, 200 bags, 140 bags, like this.

Mr. Speaker — That is for Super Bazaar.

Sri A. Sreeramu — What is the figure that is being given now, Sir?

Sri Ch. Subbarayudu — It is only bags, I am sorry, Sir.

Sri A. Sreeramu — I want to know from the quantities that are allotted to the Super Bazaar, the quantity that is given to the bulk consumers.

Sri Ch. Subbarayudu — No, it is not given, Sir.

Sri A. Sreeramu — This itself is misleading.

Sri Ch. Subbarayudu — No. No. This is the total allotment both for the bulk consumers and for daily consumption of householder for the twin cities.

Sri A. Sreeramu — The question is about Super Bazaar and not about the entire city. We want to know the quantity that is received by the Super Bazaar and how it is being disposed of. And the Minister said it is being given to consumers.

Sri Ch. Subbarayudu — No, I did not say that. The allotment is made for the twin cities. So also, for other districts. Out of the
total quantity allotted to the State, the bulk consumers are allotted separately. So far as the consumers are concerned, it is allotted through Super Bazaars. That is exactly what I said.

Sri C V K Rao —Mr. Sreenamulu wanted the quantity that was allotted to bulk consumers and that answer is not given at all. He is confusing us and confusing himself.

Mr Speaker —Ultimately I am getting confused. Please go to the next question, Mr. Rao.

RAIDING OF GODWNS AT GUNDUGOLANU VILLAGE

603—

* 4056 Q — Sarvasri A Sreeramulu, V Srikrishna and Vanka Sathyanarayana — Will hon. the Chief Minister be pleased to state
(a) whether the officials of the Vigilance Cell raided recently the godowns of Sri Laksminarashimharaju and others at Gundugolanu village of Eluru taluk,  

(b) if so, the quantity of paddy and rice seized,  

(c) the action taken against the hoarders, and  

(d) whether it is a fact that the Special Revenue Inspector who gave information about this hoarding has been transferred as a measure of punishment?

Sri Ch Subbarayudu —

(a) Yes, Sir  
(b) 4712 Quintals  

(c) Three partners of the firm who were present at the time of the search were arrested and later released on bail. Proceedings before the District Revenue Officer for confiscation of the seized goods for violation of the Food Grains Dealers Licensing Order have been completed. The seized goods were released and the security deposit of Rs 500/- was forfeited.

(d) No Sir. His transfer was in the normal course.

*Sri A Sreeramulu — 4712 quintals of paddy was seized and the Minister has stated that proceedings have been launched and a case has been filed before the District Revenue Officer. What is the result? What is the action taken by the District Revenue Officer in the case filed before him? How was it that such a huge quantity was released on a security of Rs 500/-?

Sri Challa Subbarayudu — He is a licensed dealer. As such he is entitled to have those stocks. He sold it to three mills in Tadepalli in contravention of Food Grains Dealers Act. Action was taken and his deposit was forfeited.

Sri A Sreeramulu — Two points are there. One is that there is a clear contravention of the Foodgrains Dealers Licensing Order, because 5000 quintals were held by these gentlemen. The Minister himself stated that these people explained that the stocks do not belong to them. I want to know what exactly is the explanation offered by these people who held the stocks. The second point is that the Inspector was not transferred for that reason. It is not correct. The Revenue Inspector went from pillar to the post, i.e., even to the Tahsildar, even to the RDO. Nobody took any action. Finally he went to the Superintendent of Police and through the SPO, vigilance was informed. He was posted as a Despatching Clerk. We want confirmation because it is not a correct answer that he is not transferred. He was certainly transferred and posted as a Despatching Clerk.
Mr Speaker — I am also a little confused. I will tell you. After search they were seized. Proceedings before the District Revenue Officer for confiscation of the seized goods for violation of the Foodgrains Dealers Licensing order have been completed. Then the seized goods were released. When they were meant for confiscation, why were they released?

Sri Challa Subbarayudu —I don’t have the necessary information. We will probe into the matter and then take necessary action.

Sri A. Sreeramlu —The hon. Minister is not conversant with this subject. He has been temporarily asked to answer this question in the Assembly. If he is looking into the files everyday, he will be in a position to give a satisfactory reply. This adhoc arrangement is no good. It is not the way the Minister should come to the house and plead inability to answer the question. It is a very pertinent question. When the proceedings for confiscating the stocks were launched, where was the need for the D R O, or the Government to release the stock?

Sri C V K Rao —He had violated the law and the stock was seized. He was also fined. There is some ‘golemīl’ in this thing. Kindly permit some discussion on this.

Mr Speaker —I will take up the question later.

Sri A. Sreeramlu —That has to be checked up.

SPOT ENQUIRY IN THE CASE OF BLACK-MARKETING OF ESSENTIAL COMMODITIES

604—

*3827 Q —Sri M. Nagi Reddy —Will the hon Chief Minister be pleased to state

(a) whether the Government propose to introduce a Bill making provision to conduct spot enquiry and convict the hoarders, black-marketeers and illegal transporters of food grains, chemical fertilizers and other essential commodities in our State as is done in Uttar Pradesh, and

(b) if so, when the Bill will be introduced?

*Sri Challa Subbarayudu —

(a) No, Sir

(b) Does not arise.

personally present on the spot. We handed them over to the Circle Inspector. He drove the vehicles to the Police Station. 

I am convinced that the Ordinance covers this particular case also. The Central Government had introduced this. Why not the State Government also adopt the same measure to avoid certain complications?

**CASES UNDER FOOD OFFENCES**

Sri A Srimulu — In item No 17 it is stated ‘not apprehended, order revoked’. May I know whether the Police is so incompetent as not to apprehend the blackmarketeer?

Sri A Srimulu — This is certainly an irrelevant point, Sir. In the statement given here, at Serial No 12, the name of Sri V R Rama Murthy, finds a place. But he was not apprehended. The Government issues an order under the MISA, but the Police is not able to arrest this gentleman. What is the reason for this, and why was the order revoked even before the person was apprehended?

*Sri A Srimulu — It is very clearly written here that this gentleman was not apprehended. It means he could not be arrested. What was the reason and why was it difficult to arrest this blackmarketeer? Naturally, he must have tipped the Police and evaded the arrest. Otherwise what were the circumstances under which his arrest could not be made and subsequently the order MISA had to be revoked?

Sri A Srramulu — You write something in the answer and then say, "I do not have information on that point"
Ananthapur District as Drought prone area

606—

3167-Q—Sri P V Ramana (Anakapalli)—Will hon the Chief Minister be pleased to state

(a) whether Anantapur district is selected as drought prone area

(b) if so, what are the criteria followed in the section, and

(c) the steps that will be taken to remove the drought conditions in that district

Sri J Vengal Rao—(a) Ananthpur District is one of the Districts selected for implementing the Drought Prone Areas Programme

(b) The State Government had originally identified 74 taluks in the State as chronically drought affected on the basis of the frequency of the occurrence of drought over a 20 year period. Since all the Taluks in Anantapur District were identified as Drought Prone, the district was selected

(c) A Master Plan for the Drought Prone Areas Programme in Anantapur District was drawn up and approved by the State Level Implementation Committee for a total outlay of Rs 173.87 lakhs. This included programmes of Minor Irrigation, Soil Conservation, Afforestation, Roads and Animal Husbandry. The expenditure up to the end of September has been Rs 135.31 lakhs. A Master Plan has been prepared in consultation with the Government of India experts for the Fifth Plan period also. The question of taking up Drought Prone Areas Programme during the Fifth Plan period is under consideration of the State Government and the Government of India.

SEVENTEENTH CENTURY IN SOUTH INDIA

IS THE GOVERNMENT GRANTED PROTECTORATE TO SOUTH INDIA

(a) whether the Central Government have allotted any funds under Six Point Formula for the development of backward regions in our State, and
(b) if so, the amount allotted to each region?

Sri J Vengal Rao (Chief Minister) — (a) Yes, Sir. The Union Minister for Home Affairs informed this Government that the Government of India have decided to allocate a special assistance of Rs 90.00 crores during the Fifth Plan period for development of backward areas in the State.

(b) The Government of India have also indicated that this assistance should be earmarked in the ratio of 5:3:2 between Telangana, Rayalseema and Coastal Andhra regions in the State. On this basis out of the allocation of Rs 90.00 crores a sum of Rs 45.00 crores for Telangana Rs 27.00 crores for Rayalseema and Rs 18.00 crores for Coastal Andhra will be available.
Sri A Srimulu — We are told that there are some yardsticks for testing the backwardness of every region. We would like to know what those yardsticks are and how the Planning Commission got the yardsticks — a detailed statement may be placed on the Table of the House.

Sri J Vengal Rao — I have no objection.

9.30 a.m
We are going to discuss it.

Sri C V K Rao -- What was the view of the Development Board on this point? Has the Development Board communicated any view to the State Government about this ratio of 5 : 2?

We have adequate statistical data to prove that even Andhra Pradesh is certainly backward and needs the attention of the State Government.

S. G. S. Rao—Is it the case that the present stock
of 40 lakh mangoes will be kept for 70 days?
If so, for how many weeks will it be kept?
Sri M Manik Rao (Tandur) — There are different timings for different mines like mica mines, and coal mines. There is a system and they have specifically mentioned that the workers in these mines should work for a particular period of time. But they are not observing this. That is the basic defect. That is the reason why they are getting this disease. Therefore, I want to know whether they are going to restrict the hours as per the rules prevailing under the Underground Mining Law?

SMUGGLING OF LIQUOR AND BEER FROM NEIGHBOURING STATES

833—

1281Q —Sri M. Nagi Reddy —Will the Chief Minister be pleased to state

(a) whether it is a fact that Sales Tax and Excise duties in other States being comparatively low, smugglers are making a roaring business on liquor and beer by smuggling from neighbouring States into Andhra Pradesh,

(b) if so the steps taken by the Government to check the smuggling, and

(c) the approximate loss of revenue to the Government due to this kind of smuggling
A —

(a) The rates of Excise Duty and Sales Tax are higher in Andhra Pradesh and there have been some cases of smuggling of liquor across the borders.

(b) The neighbouring States have been persuaded at the meetings of the Southern Zonal Council held at Madras and Hyderabad to raise their rates of Excise Duty and Sales tax so as to ensure that there is a uniform level of incidence and to safeguard legitimate revenues of all States. The excise Special Squad is also keeping a constant vigil against smuggling.

(c) The loss due to smuggling is not susceptible of estimate. But the income from duty has fallen gradually by about 21 lakhs in the last three years.

PAYMENT OF VOLUNTARY LOAN CONTRIBUTION TO THE ELECTRICITY BOARD BY SCHEDULED CASTES AND SCHEDULED TRIBES

850—

3448(E)Q —Sri Nallapareddy Sreenivasul Reddy —Will the hon Minister for Power be pleased to state

(a) whether it is a fact that the Andhra Pradesh State Electricity Board is insisting on payment of Voluntary Loan Contribution even for giving service connections to the protected water supply schemes meant exclusively for Scheduled Castes and Scheduled Tribes, and

(b) whether any Voluntary Loan Contribution has been insisted for giving service connection to the protected water supply scheme in Burlavarpallem Hanjanwada in Nellore district

A—

(a) No, Sir Subject to availability of funds Voluntary Loan contribution is exempted for supply to pumpsets of protected water supply schemes or for wells supplying exclusively drinking water in already electrified villages or in villages programmed for electrification. However as the resources position of the Andhra Pradesh State Electricity Board is not sound, the collection of Voluntary Loan Contribution is made if supply is required on top priority and out of turn basis, in the villages which are not electrified already or not covered under any of the nominated programme of Rural Electrification. The schemes intended for providing electricity to protected water supply scheme, involving minor extensions are considered for extension without collecting Voluntary Loan Contribution provided they could be accommodated within the available funds

CALLING ATTENTION TO MATTERS OF URGENT PUBLIC IMPORTANCE

re Tragic death of Several Persons in Guntur district due to Consumption of Adulterated Arrack
Calling attention to matters of Urgent Public Importance

re: Tragic death of several persons in Guntur district due to consumption of adulterated arrack

On 4th June, 1974, attention was drawn to matters of urgent public importance re: the tragic death of several persons in Guntur district due to the consumption of adulterated arrack. It was stated that 19 persons had been reported to have died, and over 150 were hospitalised due to the consumption of arrack.

It was further highlighted that while the arrack had been mixed with jaggery, the government had not taken any action against the manufacturer who was大发横财.

It was recommended that a special committee be formed to investigate the matter, and to ensure that strict measures are taken to prevent such incidents in the future.

The report was concluded by expressing the need for stringent laws and regulations to prevent the sale and consumption of adulterated arrack, and to ensure the safety of the public.
Calling attention to matters of Urgent Public Importance

The tragic death of several persons in Guntur district due to consumption of adulterated arrack

Sri M. Narayana Reddy—Sir, in the Krishnaswamy Enquiry Report two measures were suggested to avoid this kind of incidents in future. One is stoppage of unlicensed arrack shops, the other is that the Government supply to individual shops should be taken from Government depots directly to the sale shops in sealed containers. If these two recommendations have been implemented perhaps this kind of incident would not have occurred. Is there any difficulty for the Government to implement this particularly that the Government-supplied alcohol should be taken in sealed containers directly from Government depots to the sale shops to avoid adulteration of methyl alcohol or any other substance? Has this been implemented? If not, is there any difficulty in doing so?

The Minister for Labour,—Sri L. Lakshmana Das, on behalf of the Chief Minister—Kambam Subba Reddy, a resident of Chillepalli, Huzurnagar Taluq and Baireddi Kesavareddi resident of Subbaredigudem of Nalgonda district obtained a licence in an auction held in September 1973 for retail sale of arrack in 22 licensed shops in Mangalagiri group of villages including Pedavadlapudi for the Excise year from 1-10-73 to 30-9-74. Between 18-5-74 to 20-5-74, 29 persons died and 181 persons were affected as a result of consumption of liquor supplied by the contractors.

Investigation into this liquor tragedy Ct No 166/74 u/s 120 (B), 304 and 328 IPC was taken up by Cr Branch, CID. Investigation disclosed that the contractor Subbareddy brought alcohol unauthorisedly in 12 barrels from Metro Cosmetics and Pharmaceuticals, Hyderabad, mixed water with it and distributed. Chemical analysis of the liquor seized in the godown and shops at Mangalagiri, Pedavadlapudi and Tadepalli revealed that the liquor contained Methyl alcohol, a poisonous substance. The viscera of the deceased was also found to contain methyl alcohol. The contractor Subbareddy and his assistants Uppala Gangadhara Reddi, Tippana Raghavareddi and Vangala Bhiksham Reddi Dawood, Proprietor Metro Cosmetics and Pharmaceuticals and his assistants Jakararah and Mohd. Hussain were arrested and remanded to judicial custody. Efforts are being made to round up the remaining culprits involved in the offence. After completion of investigation, charge-sheet will be filed against all the accused.

The licences of the contractors were cancelled by the Excise Superintendent, Guntur on 28-5-74 under Sec 31 (b) of A P Excise Act, 1968 read with Rule 10 of A P Excise (Arrack Retail Vend Special Conditions of Licences) Rules 1969. Action is also being taken to forfeit the deposits of the contractors as per rule 39 of A P Excise (Arrack and Toddy Licences General Conditions) Rules, 1969. The Board of Revenue has also issued orders for re-auctioning of Mangalagiri group of arrack shops under rule 38 of A P Excise (Arrack and Toddy Licences General Conditions) Rules, 1969.

In G O Ms No 1502 GAD, dated 30-5-74 orders have been issued sanctioning an ex-gratia payment upto Rs 500 to each of the families of the deceased and to the other victims who have completely and permanently lost their eye sight or otherwise permanently disabled and who have to incur expenditure for treatment.

The Sub Inspector of Excise, Mangalagiri was placed under suspension and the enquiry is being conducted by the Excise Superintendent, Krishna. The Circle Inspector of Excise Guntur Circle was transferred. The Circle Inspector of Excise in charge of M/s Metro-Cosmetics and Pharmaceuticals Ltd, Hyderabad from where this spurious arrack was transported has been placed under suspension and the Director of Distilleries and Breweries had been appointed as Enquiry Officer. The explanations of the Excise Superintendent, and the Asst Excise Superintendent, Guntur are being called for.

In this case Magisterial Enquiry has been ordered by the District Collector and his report is awaited.

The following remedial measures are being considered:

1. (a) the number of denaturants is proposed to be reduced
   (b) Deletion of Methyl Alcohol from the list of denaturants

2. Supply of arrack to contractors from sealed containers and the contractors will be asked to sell only out of these containers

3. The scope for sale of arrack in sealed bottles in cities and towns is being examined

4. Tightening up of check on the functioning of Medical & Toilet preparation units and suspension of bogus licences are under study

5. At present arrack is being manufactured at Government units Narayan guda and Kamareddy in Telangana and in private Distilleries in Andhra region and supplied to the taluk Depots. The transportation of arrack from the Distilleries to the taluk depots involves the transport of large quantities of water. It is therefore proposed to

transport only Rectified Spirit required for blending in arrack and depots. This will require construction of additional accommodation installation of storage tanks.

6 Establishment of Excise stations. There are no Excise Stations in any of the 245 ranges of Telangana area. No office building is provided to Sub Inspectors of Excise. In Andhra area office buildings are available for 286 ranges only. For the remaining 102 ranges no office building is provided.

7 Compulsory retirement of Excise officials who have put in qualifying service but whose continuance would not be advisable in the public interest is proposed to be considered.

8 The question of direct recruitment to the posts of Sub-Inspector to improve the standard of efficiency and integrity is under consideration.

9 Kit boxes have been supplied to the Excise officials for testing the arrack stored in the shop.

10 An officer in the rank of Deputy Inspector General of Police has been appointed for the purpose of Vigilance and Enforcement. An enforcement scheme is being prepared. Meanwhile, intensity of raids on known illicit Distillation Centres is increased. Supply of arrack to the shops on demand over and above the Minimum Guaranteed Quantity is also being examined.

Sir M Narayana Reddy —Sir, as a result of the enforcement of the Land Ceiling Laws, surplus lands will be available in various parts of the State. Many of the Land-holders who may have to surrender lands under Ceiling Act on payment of compensation are also willing to give voluntarily in favour of institutions of land-less people and Scheduled Caste people without compensation. Sri J Vengal Rao — On 1-6-1974 the Law Secretary lodged a complaint with the Police about the theft of some important Personal Files in his department. The Police registered a case in Cr No 67/74 under Section 380 IPC. During investigation the Law Secretary expressed suspicion against his Stenographer Sri J Venkateswarlu. The Police interrogated Sri Venkateswarlu about the loss of Personal Files in the Law Department and also searched his house on 1-6-1974. Sri Venkateswarlu was not arrested by the Police. He was again interrogated by the Deputy Commissioner of Police, Crimes on the 2nd June 1974. He made an allegation that he was ill treated in the Central Crime Station, in respect of which a Magisterial Enquiry by the Revenue Divisional Officer, Hyderabad West has been ordered. The Enquiry Report of the Magistrate is awaited. Further, the Government have requested the 1st Member, Board of Revenue to conduct an enquiry and report on the circumstances leading to the loss of the said personal files and also apportion the responsibility on the concerned.

Pending the receipt of the Magisterial Enquiry Report and the Enquiry Report of the 1st Member, Board of Revenue, it may not be desirable to discuss the matter at this stage.

Mr Speaker — SRI V. Sukishna to initiate the discussion

We are here to work for Socialism because we believe, in the present circumstances in India, that path and that direction is the only way in which we can reduce inequalities. A path that we have to walk on where they are not so much dictated by the market forces, but where we can have a social direction for development. That is the only way we can solve the problem of inequality.

We do not solve any problem by solving one crisis after another. That is my leadership. If you do not solve the root cause of the problem, you are taking me to another crisis. That is my leadership. I do not take you to another crisis. I do not solve any problem. I take you from one crisis to another. That is my leadership. General Discussion on the Annual Financial Statement (Budget) for 1974-75

Inflation is a mistress which divorces its own lover. In this context, it is useful to remember that inflation is a phenomenon which, once it is allowed to take hold, is very difficult to control. Inflation is a natural enemy of all those who seek to maintain the stability of the currency and the value of savings. It is a threat to the welfare of the working class and the middle class, as well as to the poor and the hungry. It is a threat to the future of the country, as well as to the future of the world. Inflation is a force that must be fought with every means at our disposal. It is a force that must be fought with determination and resolve. It is a force that must be fought with courage and conviction. It is a force that must be fought with all our resources. It is a force that must be fought with all our might. rising prices’’ can, at the same time, be translated into the
common man’s language. It is not only the common
man who has been affected by this increase in prices. It is
also the Government that has been affected. The
Government has to pay more for the same amount of goods.
This increase in prices has not only affected the common
man, but the Government is also a victim of it.

So not only is the common man but the Government also is a victim
of it. The common man cannot afford to buy the goods at the
increased prices, and the Government has to pay more for the same

for the State declined from 12% in 1967-68 to 8% in 1971-72 and 67-68 saw a 71-72 saw a sharp rise in the budgetary figures due to increased expenditure of 12% more than 6.3. This is because the whole expenditure of the State has increased in 1971-72, as the Government of the State has increased the expenditure of the whole budget. But the people are trading on human misery and creating conditions of lawlessness and sapping the very morale of the people. Because at the cost of the whole exchequer, they got that benefit.

Financial Statement (Budget) for 1974-75

The annual budget for the year 1974-75 was presented on 24th June, 1974, in the presence of the Hon'ble Members of the Legislative Assembly of the State. The budgetary figures were as follows:

1. Revenue Account: The revenue account for 1974-75 showed a surplus of Rs. 30,000,000. This was due to an increase in taxation revenue and a decrease in expenditure on development.

2. Capital Account: The capital account for the year showed a deficit of Rs. 50,000,000. This was mainly due to an increase in expenditure on capital projects.

The budget was discussed at length by various Members of the Assembly. Some Members expressed concern over the increase in taxation, while others praised the government for its efforts to increase revenue through development schemes.

The Minister for Finance presented the budget and replied to the Members' queries. He assured the House that all efforts would be made to implement the budgetary provisions effectively.

24th June, 1974

The discussion on the Annual Financial Statement for 1974-75 was held on 132nd day of the 4th Session of the 1974 General Discussion on the Annual Financial Statement (Budget) for 1974-75.

The discussion was led by Mr. Ch. V. Narasimha Rao, who emphasized the importance of the budget in the overall development of the country. He highlighted the need for a balanced budget that takes into account the needs of various sectors such as education, healthcare, infrastructure, and social welfare.

Mr. Rao further discussed the challenges faced by the government in addressing the needs of the people while ensuring fiscal discipline. He urged the government to prioritize investments in sectors that have a long-term impact on the economy.

The discussion also covered the impact of global economic trends on India's financial situation. The government was advised to cautiously consider the implications of these trends and take necessary measures to ensure stability.

Mr. Rao concluded his remarks by reiterating the importance of transparent and accountable budgeting processes. He encouraged all members of the parliament to actively participate in the budgetary process to ensure that the fiscal policies reflect the interests of all citizens.

The debate was well received by the parliamentarians, who expressed their support for the government's initiatives and offered constructive suggestions for improving the budget framework.

The discussion began with an overview of the financial statements for the year 1974-75. It was noted that the budget for the year was 30.40% higher than the previous year. The financial statement for the year showed a significant increase in revenue and expenditure compared to the previous year.

1972-73

The budget for the year 1972-73 was unanimously approved by the members present. The budget aimed to allocate funds for various developmental projects in the region. The members discussed the need for infrastructural development and the importance of investing in education and health care.

1973-74

The budget for the year 1973-74 was also discussed. Members expressed their concerns about the allocation of funds for social welfare programs. There was a significant increase in the budget for social welfare, which was seen as a positive step towards improving the quality of life in the region.

1974-75

The budget for the year 1974-75 was presented and discussed. Members were pleased with the allocation of funds for various developmental projects and social welfare programs. The budget was approved with a few modifications to address specific concerns raised by the members.

The meeting concluded with a discussion on the need for transparency in the budgeting process. Members agreed to hold regular meetings to discuss the budget and its implementation.
I 24th June, 1974

General Discussion on the Annual Financial Statement (Budget) for 1974-75

Sir G V Anjaneya Sarma (Sathenapalli) — Sir, while supporting the Budget I would like to bring to notice of the Government certain matters. I represent a constituency which has been characterised by the State Government as backward and our minimum needs have been brought to the notice of the Government for the last twenty years and no need has been met so far. Those needs are for provision for water supply for the two major panchayats in my constituency—Sattenapalli and Phirangipalem and upgrading of the hospital at Sathenapalli. There is only one hospital in Sattenapalli which serves the entire taluk which has a big population and the strength is only 8, which is unheard of. Every taluk headquarters hospital will be equipped with at least 25 beds or 30 and this minimum need of raising it to 25 or 30 is repeatedly requested for but no action has been taken so far. It is a busy centre and there is no RTC bus depot. The passengers and the public are suffering a lot and we have been requesting for it. There was some proposal sometime back and nothing has been done till today. A small bus depot, a tolerable hospital and proper water supply—these are the needs of the constituency. I would request the Hon. Chief Minister to take some special interest in the matter and see that these minimum needs are met.

Then, Sir, about the general aspect of the situation. I feel that the future of the democracy or the political party to which I belong depends upon two issues in the State, i.e., food and provision of house sites to the houseless people. Apart from all other things, these two are the major issues. None can deny that complete anarchy prevails on the food front. There is no use of denying it. Despite all the good intentions of the Government, the administrative machinery, more often works at cross-purposes and whatever policies the Government has decided to implement, it is very difficult to get them implemented with the present administrative structure, constituted as it is. For example, in my district the target for food levy seems to have been fixed for the season 45,000 tonnes and till now it has been recorded that 1,500 tonnes has been recovered. In the month of January-February or March this paddy levy should have been collected. Now, not even 35% or 40% has been collected and how are they going to fill up the gap? I will tell you a big story, Sir. The officials are going to the ryots, that too small ryots, demanding because you have not given the levy at the time, you pay the difference in prices as it existed. So, they are collecting cash instead of paddy and what is being done with the cash and how it is being apportioned is a matter beyond my information. I request the Chief Minister to make a note of this and find out why this kind of strange procedure is being followed.
Then Sir, I have received a report from the village officers of my taluk that they are just unable to perform their functions because the law and order machinery is not able to give them protection while performing their duties officially enjoined upon them. That is, if they report that such and such paddy is with such and such a person that ryot will beat them and there is no protection from the police. The position appears to be like that. They have sent a resolution. They have sent a telegram also and I think the Hon Chief Minister has received the telegram. I wish that he will institute an immediate enquiry and do the needful in the matter.

Then Sir regarding food, what I would like to suggest to the Chief Minister is that in such matter generation of popular enthusiasm and provision for popular participation in the distribution machinery is absolutely essential. Mere bureaucracy will not be able to make a dynamic change. For that the constitution of Food Committees on either statutory or semi-statutory basis throughout the State village wise may help the situation to some extent and the officials also would be kept in check and there will be checks and cross-checks. Probably this method should be seriously thought of by the Government.

Nationalisation of rice milling industry will put an end to all these things. Of course, it is a policy matter. Whether it is possible or feasible, this matter should be decided by the Government. But that is also a step that could be contemplated.

Regarding house-sites, Sir, I feel that this procedure of acquisition of land Requisition Act and subsequent grant to these people will take a minimum period of two years to dispose of a single application. That is an erratic method and we need not follow all those procedures. From the budget I find that the Government is really contemplating a high degree of crash programme for the provision of house-sites to the houseless people. I am glad about it. But with all the good intentions, and with all the determination the Government possesses, it will not be able to bring about any result unless this procedure is changed. So, it is absolutely essential that the Chief Minister should go into this question and change the procedure. As soon as an application is received and land is identified and the consent of the land-holder is obtained, immediately the houseless people should be put in possession of the site and then the legal details and the question of compensation settled. The quantum of payment of compensation can be gone into later on. On the spot when an application comes and land is identified and the land owners consent is obtained, immediate action has to be taken.

The provision for Labour in the Budget is very meagre. The importance of Industrial relations are not adequately recognised even today. Normally, that was characterised as Miscellaneous 36 departments in the Secretariat Division and even today, the same system is going on. There is enough of Labour legislation. But there is no...
machinery to implement. The implementation part is most important and there is no machinery to implement. The revenue machinery is totally unconcerned. The police machinery also is unconcerned. The Awards of Labour Courts were not implemented. There is no machinery. There is no staff. Therefore, I request the hon Chief Minister to make a liberal allotment to the Labour Department so that it may be strengthened and and the Labour laws are implemented very well. With these few words, I will take leave, Sir.

Mr Chairman — The House stands adjourned till 8.30 a.m. tomorrow.

The House then adjourned at 1.33 p.m. to meet again at 8.30 a.m. Tuesday, the 25th June, 1974.
