Twenty Eighth day of the Third Session of the Andhra Pradesh Legislative Assembly

ANDHRA PRADESH LEGISLATIVE ASSEMBLY

Wednesday, the 26th June 1974

The House met at Half-past-eight of the Clock

(Mr Speaker Sri P Ranga Reddy in the Chair)

ORAL ANSWERS TO QUESTIONS

RECOMMENDATIONS OF THE ADMINISTRATIVE REFORMS COMMISSION

(20 —

* 3264 Q — Sri V Srikrishna (Mangalagiri) — Will hon the Chief Minister be pleased to state whether the Central Government invited the views of the State Government on the recommendations of the Administrative Reforms Commission, and if so, whether the State Government communicated its views in the matter?

The Chief Minister (Sri J Vengal Rao) — (a) Yes Sir

(b) The matter is under the consideration of the Government

*An asterisk before the name indicates correction by the Member

J No 33-1 219
Sri A. Srimulu (Eluru) — Even in the last session, the Finance Minister in his speech stated that the Govt is trying to tone up the administration. I need not stress the importance of the reform in administration. How is it the Govt is sleeping over the matter since 3 years? Why is the Govt not taking independent action and why is it not able to finalise the recommendations at least on the suggestions made by the Central Reforms Commission?

Sri A. Srimulu — Who is dealing with the subject in the Secretariat? Those persons responsible for this will have to be hauled up. They cannot keep quiet for three years. I want the Chief Minister to give the names of the persons handling this. What is the action proposed to be taken against them?

Sri A. Srimulu — What are the broad details that have been suggested by the Centre so that the State Govt. may make recommendations to the said Committee?

Oral Answers to Questions 26th June 1974 229

*A Sri A Srimulu - A statement has been placed on the Table at 8:40 a.m. in which reasons have been given for re-employing certain employees. The reasons given are of course very amusing.

In Health & Municipal Administration Department at S No 11) one Sri Raza Ali was given re-employment. The reason given is "On humanitarian grounds". I would now like to ask the Chief Minister, whether on humanitarian grounds he is going to consider many more persons who are much worse placed than Mr Raza Ali who was re-employed.

Next is Mr A Shanker Reddy, our Legislature Secretary. He has also been re-employed. Why his name has been omitted from the list, I do not know. Is it due to the fact that he happens to be the Secretary of Legislature?

I would like to know if he has been re-employed because it was not possible to get such a highly qualified gentleman?

Sri J Vengal Rao - He is under extension, not re-employed. Most of the young officers who are efficient and have done meritorious service are being denied every opportunity, and they are not being encouraged. It is causing frustration. This practice offends administrative morality and tradition. As such, will the hon Chief Minister give an assurance that re-employsments and extensions would not be given hereafter?

"Sri A Srinamulu — Is the post of Vigilance Commissioner always reserved for retired Chief Secretaries of the State? Is there a Convention or Cabinet decision that only retired Chief Secretaries be appointed to this post? Is it a post mean for re-habilitating the retired Chief Secretaries? All through only Chief Secretaries have been appointed to this post. Even during your tenure, a retired Chief Secretary has been appointed a Vigilance Commissioner.

26 June, 1974 Oral Answers to Questions
Sri C V K Rao — I say, it is nothing but rampant and open corruption that you are encouraging, Mr. Vengal Rao. You will have to stop it.

M. Krishna Rao — Is it not the case that you are encouraging open corruption that you are encouraging, Mr. Vengal Rao? You will have to stop it.

M. Krishna Rao — I say, it is nothing but rampant and open corruption that you are encouraging, Mr. Vengal Rao. You will have to stop it.

M. Krishna Rao — I say, it is nothing but rampant and open corruption that you are encouraging, Mr. Vengal Rao. You will have to stop it.
Mr Speaker — It is a separate question.

Ms J. V. Ranganath — Is it not the case that in the Budget Speech of January this year the Government had announced a 10% cut in all types of expenditure, including that of the Food Corporation of India, which was a 10% increase in prices? Another point that I would like to make is that in the discussion the Minister had given us a statement to the effect that the Central Government had allocated Rs 2,100 crores for the purchase of foodgrains for distribution to the poor. However, the Minister did not give us any information regarding the amount spent on this purchase. Further, the Minister had stated that the Corporation had purchased 10.50 million tons of foodgrains, but the budget had only been allocated Rs 2,100 crores. Could you comment on these points?

Mr Speaker — The matter is under investigation, and we cannot comment on it.

Mr C. V. Raman — It is a separate question.

Mr Speaker — It is a separate question.
Oral Answers to Questions 26th June, 1974

Sri C V K Rao —So, he has come out in his true colours

"CELL" ON THE WORKING OF I A S OFFICERS

622—

*S4458 Q—Sri M Narayan Reddy (Bodhan)—Will hon the Chief Minister be pleased to state

(a) whether there is any cell or organization in the G A D charged with the task of evaluation and assessment of the performance and day to day work of the officers of All India Service working in the State, if so, the methods and principles adopted for this purpose,

(b) whether there is any criteria adopted and followed by the G A D in posting of the District Collectors and Heads of Departments, and

(c) whether the special needs and other characteristics of a particular district or Department are taken into account at the time of selecting the officers for posting in the above posts?

Sri J Vengal Rao —(a) There is no cell, Sir. The performance of All India Service officers is assessed by the authority superior to
them and recorded in their Personal Files. The assessment covers a number of aspects like the officer's ability, integrity, initiative etc. The reports are also reviewed by superior authorities.

(b) & (c) — In considering posting of officers to Districts or Departments, many considerations are kept in view like the nature of functions and responsibilities attached to the post, the officers' ability and experience, their seniority etc. The Chief Minister in consultation with the Chief Secretary finalises the posting orders.

*Sir A Sreeramulu — Sir, most of the Collectors in the districts are junior IAS officers having about 30 or 35 years of age. Does not Government consider it more desirable to have senior and more experienced officers at the district level because the problems are so complex and complicated that youngsters who lack experience are not able to tackle them? So, will the Government post senior I A S Officers in the districts and also give training to junior Officers in the Secretariat and other places?

*Sir — Most of the Collectors are junior IAS officers having about 30 or 35 years of age. SERVICE RULES FOR I A. S OFFICERS

623—

*4454 Q—Sri M Narayan Reddi (put by Sri D Venkatesham),—
Will hon. the Chief Minister be pleased to state

Whether the State Government have taken up with the Central Government the modification of the Service rules governing the All India Services and entrenchment of powers to State Government to suspend them?

Sri J Vengal Rao —Under Rule 3 of the All India Services (Discipline & Appeal) Rules, 1969 the State Governments are competent to place All India Services' Officers borne on their respective cadres under suspension without approval of the Central Government.
26th June, 1974

**Oral Answers to Questions**

**Sri J Vengal Rao —** Will hon the Chief Minister be pleased to state

(a) No of I A S candidates selected each year from Andhra Pradesh during 1967 to 1973, and

(b) whether any steps are being taken to give training and assistance to the candidates appearing for I A S from Andhra Pradesh State to improve their qualitative standards, if so, the details of the same?

Sri J Vengal Rao — (a) In all 31 candidates were selected from A, P during the year 1967 to 1973 on the basis of competitive examination held for IAS etc services. The year-wise break-up is given below.

(b) Yes Sir. It has been found that talented University graduates of this State compete for IAS & other services for which recruitment is made by the UPSC on the basis of combined competitive Examination. A scheme of coaching for students who wish to appear at the competitive examinations conducted by UPSC has been prepared. The Andhra, Sri Venkateshwarao and Osmania Universities are coaching students aspiring to appear for the competitive examinations conducted by UPSC each year. A special grant of Rs 10,000 has been sanctioned by the Government to be paid to each of the Universities in this State.
Oral Answers to Questions 26th June, 1974

1. What is the status of the 1972-78 five-year plan? Has it been completed? If not, what is the current status?

2. What are the details of the 1972-78 five-year plan for 1978 and 1979?

3. What are the achievements of the 1972-78 five-year plan?

4. What are the challenges faced by the 1972-78 five-year plan?

5. What is the impact of the 1972-78 five-year plan on the economy?

6. What is the current status of the 1972-78 five-year plan?

7. What measures are being taken to achieve the goals set in the 1972-78 five-year plan?

8. What are the limitations of the 1972-78 five-year plan?

9. What are the expected outcomes of the 1972-78 five-year plan?

10. What is the role of the government in the 1972-78 five-year plan?

11. What are the expectations from the 1972-78 five-year plan?

12. What are the future plans based on the 1972-78 five-year plan?
Sri A Srimulu —The Chief Minister has very lightly dismissed that the number selected from Andhra is very less. He said that the standards are low. I want to know whether it does any credit to the Government and whether it enhances the prestige of the Educational Institutions? Is it a matter where the Chief Minister has to be so recalcitrant?

Matters under Rule 341

254 26th June, 1914

1000 a.m.

Situation:

The situation on the 25th of June, 1914, was as follows: The situation was tense, and the mood was heightened by recent events. The government was concerned about the possibility of an outbreak of hostilities.

In the morning:

The Secretary addressed a memorandum to the Governor expressing his views on the current situation. He suggested that immediate steps be taken to ensure peace and security.

The Secretary's memorandum:

The Secretary's memorandum was as follows:

- The situation was grave and required urgent action.
- The government must take immediate steps to prevent any further escalation of the situation.
- The need for calm and control was imperative.

The Governor's response:

The Governor acknowledged the Secretary's concerns and assured him of the government's willingness to take necessary steps.

The Secretary's decision:

The Secretary decided to proceed with his recommendations and ordered the appropriate actions to be taken immediately.

Reasons for the decision:

The Secretary believed that the situation could deteriorate further if not handled appropriately. Therefore, he emphasized the need for immediate action to mitigate the risks.

The government's action:

The government took immediate action by deploying additional security forces and issuing warnings to ensure peace and order.

Conclusion:

The Secretary's decision to act promptly was deemed justified, as it helped in maintaining the situation and prevented any further escalation.

For additional details, please refer to the attached documents and reports.
The Minister for Health and Medical (Sri K. Rajamallu) —
Sir, the two private medical colleges at Warangal and Kakmada have been admitting 150 students annually to the M.B.B.S. course. The Medical Council of India during 1973-74 has recommended the reduction of the number of admissions from 150 to 100 in both the colleges, keeping in view the report of the Inspection Committee of the Medical Council of India. As the two colleges continued their admissions at 150, the Medical Council of India took a serious view and adopted a resolution at its meeting held in March 1974 to withdraw the recognition of the M.B.B.S. course of the Osmania and Andhra Universities in respect of the students being trained in these two private medical colleges.

The Government of India have called for the comments of the State Government. The Government also appointed a Committee headed by Sri Gurudoss Joint Secretary to Government, H.H. & M.A. Department, to go into this question among others and to suggest the necessary course of action to bring down the number of admissions keeping in view the facilities available in these colleges. The Committee *inter alia* recommended that the number of admissions should be reduced from 150 to 125 in 1974-75 and later to 100 in a phased manner. The Committee also recommended that the State Government may address the Medical Council of India to continue the recognition of the colleges giving one more year's time. The Committee also recommended that the taking over of these two colleges may be considered after an year or so depending upon the resources of the Government. The report of the Committee is under examination of the Government. In the meantime, the Government have been requested to prevail upon the Medical Council of India not to give effect to their proposal to de-recognise the two private medical colleges in the State.

*re Supply of rice to Fair-Price Shops in Chittoor District*

Sri N. Amarnath Reddy (Vayalpadu) —Mr Speaker, Sir, The motion reads take this. The Civil supplies authorities of Chittoor District have imposed welfare cess of Rs 10 for every quintal of rice supplied to the fair price shops. It is admitted on all hands that the issue price of rice has gone-high, affecting the low-income consu-
256 26th June, 1974  Calling attention to matters of Urgent Public Importance
re Urgent need to reduce the price of Chemical Fertilizers

In view of the urgency and public importance of the matter, I request the hon Minister to reply to this motion of mine under Rule 341 and do the needful in the matter.'

The Minister for Municipal Administration Sri Ch Subbarayudu (on Behalf of Chief Minister) — It is a fact that a decision was taken by the Collector, Chittoor to impose welfare cess of Rs 10/- on every quintal of rice. This decision was given effect to from 1-6-74 onwards. The decision was taken following an informal discussion with the Chairman Zilla Parishad, some M L A s and other prominent non-officials of the district. As some of the non-officials of the Chittoor District opposed it, the Collector has decided to withdraw the cess from 1-7-74 onwards. It is a very ill-advised step on the part of the Collector to have imposed the cess. He is being asked to refund the collection made so far and to stop forthwith further collections. He is also being asked to explain why he imposed the cess without any authority. We have already taken necessary steps.

Sri Ch Subbarayudu — That will be looked into

Subject: Urgent need to reduce the prices of Chemical Fertilizers

The Hon'ble Minister for Agriculture and Cooperation

Sir,

I am in urgent need to request you to kindly take immediate action for the reduction of prices of Chemical Fertilizers. The current prices have escalated to an unaffordable level and are causing severe economic hardship to the farming community.

The prices of fertilizers have doubled in the past six months, affecting the productivity of crops significantly. This has led to a decrease in the income of farmers, who are already facing financial difficulties due to other factors such as drought and floods.

I request your kind intervention to lower the prices of fertilizers to a level that is affordable for the farming community. This will help in increasing the crop yields and ensuring food security.

Yours sincerely,

re Urgent need to reduce the price of Chemical Fertilizers

Sri C V K Rao — That is a falsehood. I have never said that the price of fertilizers should be reduced by a certain percentage. It is a matter of urgent public importance.

I say that the price of fertilizers should be reduced because it is necessary for the growth of crops. If the price is reduced, it will benefit the farmers who are already facing financial difficulties.

Sri V K Rao — That is a falsehood. I have never said that the price of fertilizers should be reduced by a certain percentage. It is a matter of urgent public importance.

I say that the price of fertilizers should be reduced because it is necessary for the growth of crops. If the price is reduced, it will benefit the farmers who are already facing financial difficulties.
Calling attention to matters of Urgent Public Importance re Urgent need to reduce the prices of Chemical Fertilizers

26th June, 1974.

Matters of Urgent Public Importance — Attention is invited to the fact that the prices of chemical fertilizers have been increased excessively. It is stated that the prices have been raised from 1-6-1974 to 21-3-1974. This has led to a decline in the production of crops. The prices of fertilizers should be reduced immediately to ensure the production of crops.

Matters of Urgent Public Importance — Attention is also invited to the fact that the prices of chemical fertilizers have been increased excessively. It is stated that the prices have been raised from 1-6-1974 to 21-3-1974. This has led to a decline in the production of crops. The prices of fertilizers should be reduced immediately to ensure the production of crops.

re Government’s decision to form a State Level Corporation to procure paddy

Sri M Narayana Reddy — Sir, with regard to the decision of the Government to form a State level Corporation, I may point out that, at the moment, there are two organisations— one is the Food Corporation of India for procurement of rice and also for the supply of rice to the fair price shops, and the other the Co operative agencies for the collection of paddy from the cultivators. On account of these two parallel organisations with respect to rice and paddy separately, there is a lot of inconvenience and hardship caused to the cultivators. Also the cost of procurement has very much gone up on account of too many overhead charges incurred by the FCI. While welcoming the decision of the Government to create a Corporation of their own for the purpose of procurement as well as distribution, I would only seek information as to whether the Government would avoid the levy of those charges which were made by FCI so far, thereby adding to the distribution prices to the consumer. For this purpose, I may recall the arrangements made by the then Hyderabad Government. Some of the arrangements made by the then Hyderabad Commerce Corporation would be more useful to this Corporation, Sir. One is the then Corporation used to procure locally and keep the stock at every taluk and Firka Headquarters, to avoid unnecessary movement charges. Transport to the deficit area involves sometimes supplies over and above the local requirements and the re-transport of surplus to other places where more quantity is required involves again transport charges. Under the then Hyderabad arrangement these unnecessary charges on transport are easily avoided. The second is since the State Co operation can reduce lot of overhead charges giving relief to the consumer on one side, there is enough scope for adding to the levy price, having

re Voting down of the Annual Budget of Nellore Zilla Parishad

270 26th June, 1974

Re: Voting down of the Annual Budget of Nellore Zilla Parishad

Sri J Vengal Rao—The provision requiring the presentation of the budget in only directory and the rules for the conduct of business clearly lay down that a properly convened meeting cannot be postponed. The adjournment of the meeting by the Chairman is clearly in violation of the rules. The budget was not passed having been rejected by the majority of the members. The Government can pass the budget under Section 35 of the Act according to which if the budget is not sanctioned the secretary shall submit the budget to the Government who shall approve the budget. Therefore, the Government have examined the budget estimates for 1974-75 for Zilla Parishad, Nellore, sent by the Secretary and orders approving the budget have been issued. In this connection, it may be stated that in order to see that the administration of the Zilla Parishad does not come to a standstill, general instructions are issued in April, 1972 that inevitable expenditure like payment of salaries to staff and other expenditure on work for which funds are provided in the budget can be incurred in anticipation of sanction to the budget. In Government Memo dated 6-5-74 the attention of the Collector, Nellore, was invited to these instructions. As the Government have considered the budget estimate and accorded their approval, there is no need to place it again before the general body of the Zilla Parishad for consideration.

re Indiscriminate arrest and beating of people in different villages in Ganna varam Taluk

Bhavayi Amma

On the 26th June, 1974, I, Bhavayi Amma, a resident of Ganna varam Taluk, came across several instances of indiscriminate arrests and beatings of people in different villages in the area. These incidents have caused great concern among the villagers, and I am raising this issue to draw the attention of the authorities.

In the village of Qanna, several individuals were arbitrarily arrested and beaten. The villagers are in fear and demand immediate action to prevent further incidents. I urge the authorities to take strict action against those responsible for such atrocities.

Signed,
Bhavayi Amma

re Indiscriminate arrest and beating of people in different villages in Gannavaram Taluk

The Hon'ble Governor of the State of Andhra Pradesh is informed that a number of people were arrested and beaten indiscriminately in different villages in Gannavaram Taluk on 26th June, 1974. The incident has been reported by the villagers who are extremely aggrieved over the arbitrary arrests and beatings of their fellow villagers. The action has led to widespread unrest and tension in the area. It is pointed out that this is not an isolated incident but part of a pattern of lawlessness and intimidation by the police. The victims and their families are demanding an end to such arbitrary arrests and beatings and are calling for immediate action by the police to restore peace and order.

Decisions of the Business Advisory Committee dated 25-7-73

Sri J Vengala Rao. — I beg to place on the Table a copy of the Report on the decision of the Business Advisory Committee taken at its meeting held on 25th June, 1974

Mr Chairman — Paper placed on the Table

11.50 a.m.

Sri A Srimulu — Sir after 20 years of planned development the planners and rulers of this country have come to the dead end of a blind lane. They are confronted with a huge and serious economic crisis, not finding a solution and a way out of this crisis. They are now in search of scapegoats and they are also trying to find some excuses for the erroneous policies pursued over a period of nearly 20 years. If one looks at the picture of our economy it is simply alarming. I don't know how our Chief Minister in his Budget speech has so casually dealt with the problem of high prices. Prices in India have risen by nearly 47% over the past 24 months, and alongside unemployment also has increased by 33 5% during 1973 alone. We have nearly 76 lakhs of unemployed persons in the streets of this country and in our own State 5 lakhs of men and women are roaming about the streets, highly frustrated, not finding jobs and most of them have been educated at a huge cost. The Government has made
investment of running educational institutions. Against this background let us look at the slogan given by the Prime Minister 'produce more, otherwise you will perish'. We have produced more. We have increased production. Prices also have increased. This is a paradoxical phenomena. Perhaps our Prime Minister will have to give a new slogan like 'produce and also perish'. Look at the figures of foodgrain production. It has gone by 112 million tonnes. Yet, we are trying to import from other countries. Oil seeds production has increased from 6 lakhs tonnes last year to 85 lakhs this year. Similarly, the sugar production has increased to 435 lakhs tonnes as against 38 lakhs last year. I am only quoting a few illustrative examples and not going into the details. We can certainly go on quoting for the 15 minutes but the time at our disposal is very limited and so I am giving some illustrative examples. There is an increase in production and alongside there is increase in prices. What is the reason? It is very obvious. There is a sort of conspiracy going on in this country between the Rulers and the handful of persons who are holding the entire nation to ransom. For example, there is black money. We have black money in this country to the tune of Rs 10,000 crores. A parallel economy is being run. Mr. Y.B. Chavan is officially the Finance Minister while somebody else is running a parallel economy and thereby ruining the entire country. Tax evasion has almost become a cancer in our economy. It is about Rs 600 crores per annum. There is faked currency. Various sources are estimating the faked currency at various levels. Some sources say it is of the order of Rs 4,000 crores and some say it is of the order of Rs 5,000 crores. Nobody knows what exactly is the total value of the faked currency i.e., notes being printed in private presses like Comba$t and other places. Even our State has started the Small Scale Industry of printing currency notes. Unfortunately, Government is looking at it as a silent spectator. To add to this confusion, the Government of India is thinking of deficit financing, while our State Government is thinking of deficit budgeting. Both are equally dangerous. If deficit financing can add to growth certainly it is welcome. But unfortunately, deficit financing is continuing to be deficit financing without corresponding growth. Without corresponding increase in production. Deficit financing for the Fourth Five Year Plan was estimated to be of the order of Rs 1,200 crores. If you stop at 1,200 crores, there is possibility for recovery of your economy. Unfortunately, by the time we completed the Fourth year of the Fourth Five Year Plan, the total deficit financing, i.e., the paper money that is pumped into the market, came to 1,961 crores. This is evident. Monopolists, hoarders, blackmarketeers—all these people are perhaps reactors behind the curtain and our stage actors are simply reacting to whatever clue is given by the prompters. Against this background if you look at the way at which foreign companies have been developing in India, even today, there are foreign monopolists and Indian monopolists. For example, Colgate Palmolive price of tooth paste has gone up from Rs 1-25 to Rs 2-75. After all, the tax element is 50 paisa. The Central Government feels by putting excess levy of 50 paisa, nothing is going to happen. Perhaps the Central Government thinks that tooth pastes, soap etc. are a luxury. In this
wonderful country everything is a luxury. Perhaps human life is the
cheapest thing as far as our Rulers are concerned. Colgate Palmolive
has declared dividends for every one rupee that is invested in Colgate
Palmolive. The investor or the shareholder gets Rs 486. Similarly,
Coca-cola has also declared dividends. For every rupee, they are
giving Rs 156. This is how we have allowed things. And against
this background, the Budget at the State level has no significance. I
must say it is meaningless. Even to discuss this Budget is a waste of
time, a colossal waste of energy and it is not worth the paper on
which the Budget has been printed. After all what is the status of a
State Government? It is something like a bigged Municipality Our
Chief Minister is the Chairman of a bigger Municipality and the
leaders of our economy, our price mechanism, our planning and entire
process is being controlled by the Government of India and our Chief
Minister like the Chairman of a Municipality will have to be running
between Delhi and Hyderabad to secure 10 or 15 crores. That is
why I consider discussion of the Budget in the State Assembly is a
colossal waste of time, because, a Budget is presented and we are
asked to speak and we are obliged to do it. This meaningless Budget,
I must say, has been very casually prepared. The speeches of our
Finance Minister and the Chief Minister if I am permitted to say,
have been highly collusive and careless. I chargesheet these people
and in support of this particular charge, I quote a paragraph from
the Budget speech of Sri N. Ramachandra Reddy, the Finance
Minister. It was made while proposing a Vote on Account. A
similar paragraph related to the same subject appears also in the
speech of our Chief Minister.

"In respect of Nagarjunasagar Project the Plan provision for
1974-75 is Rs 5 crores. Besides this, the Planning Commission have
agreed to provide additional Central assistance of 10 crores outside
the Plan with which additional irrigation potential of 81,200 hectares
could be created by June, 1975."

And now our Chief Minister says

"For the Nagarjunasagar Project the allotment is only five
rupees of crores. The Planning Commission had proposed to pro-
vide additional Central Assistance of Rs 10 crores outside the Plan
and this matter is being pursued with them."

Sir, I want to know what exactly is the meaning of the previous
paragraph and the present paragraph. At least the Chief Minister
could have expressed a small regret stating that the Planning Com-
mission has not been able to comply with the request or Chief Min-
stcr could have at least added two sentences to tell the Members that
some change has taken place. Unfortunately, the Chief Minister and
his colleagues are not in the habit of respecting the House. They
think with impunity. They can go on flaunting everything. They also
think that they need show a scant respect to the House. This is a
matter of privilege. This is highly misleading. I can't understand as
to how Budget documents presented to the Members can contain such
discrepancies. Just two months ago you said the Planning Com-
mision has agreed and now you say the Planning Commission had pro-
posed. How is this to be explained? I want the Chief Minister to
clearly explain this particular point and also explain the callousness with which the budget speech has been prepared. Let us go into a few allocations in the Budget, though it is not necessary, at least to establish the class character of the Government as to why a particular type of allocations are being made.

For the Governor's medical expenses, a sum of Rs 71,000 has been provided towards the medical expenses of the Governor. Should we have such a sickly Governor? I can't understand. As against this, the medical Budget for the entire people of the State is Rs 20 crores. We are getting a per capita expenditure of Rs 4 and as against this we are spending Rs 71,000 on one individual and his family. Similarly an I A S officer of this Government (I think he has retired) went abroad for treatment. He was given Rs 35,000 for his expenses, while the claim of a clerk of the Treasuries department when he had applied for reimbursement of Rs 67 which was genuinely spent by him was disallowed. More amusing is the item known as the 'Contract Allowance' of Rs 1,16,700. There is no audit at all on this amount. Some special pattern is there for the Governor. In my view, Governor is an idler. There is no place for a Governor in a democratic set-up, for maintaining an idler and a big idle establishment, an expenditure which is charged and not voted—that expenditure is not even liable to audit, is something fantastic, something a democratic set-up cannot imagine, something a socialist Government can never comprehend.

This is a highly feudalistic, out-dated and outrageous institution, I must say. While that is so, black marketers, hoarders and adulterators are released from jail so that they can spend time with their families on Ugadi Day and the revolutionary writers who hold certain beliefs and who are capable of writing and producing something were detained under MISA in the year 1971. The High Court has almost passed strictures against the Government and said that holding certain beliefs is not a crime and an offence and it does not offend the provisions of Maintenance of Internal Security Act and they had to be released. Now cases are foisted against them and the charge of conspiracy has been levelled against the progressive revolutionary writers. Conspirators, hoarders, black-marketeers and adulterators have now become the best friends, of the Government while the real well-wishers are now groaning behind the bars and this is the class character of the Government. This Government can never be a socialist Government; it is a semi-feudalistic, semi-capitalistic and confusionist Government nothing more and nothing less.

Sri Vanka Satyanarayana — It is predominantly feudalistic.

Sri A. Srimanulu — My friend is prompting me— it is predominantly feudalistic. Perhaps it is correctly a confusionist government because they do not know what to do, where to go, they are only trying to find excuses.

Now, Sir, some allotments have been made. More amusing is the way the administration also has been equally callous along with the ministers who have been making speeches in this House. For example I have got a book 'Review of the State Plan and Economic Trends'. I find allotments made under various heads have not been spent. Every time we go to the Chief Minister with the demand
that public works should be done, immediately the reply comes that there is no money and moneys that are provided are not spent. That is the incompetence and inefficiency of the administration which our Chief Minister is heading. But he is promising day in and day out—160 promises have been made by the Chief Minister. I have estimated the cost of these promises made by the Chief Minister ever since he took charge and the total comes to Rs 1600 crores. Rs 1600 crores will be necessary to implement all the promises made by the Chief Minister. Not one is getting reflected in the budget, not one got reflected in the budget speech. Even the meagre amounts allotted for various purposes have not been spent. I quote a few examples of the callous way in which our implementation machinery has been functioning without let or hindrance.

The Chief Minister is promising rapid industrialisation. I do not know how he is going to do this with that bureaucratic set-up known as the Directorate of Industries where nothing happens except issuing of permits. The money that has been allotted for giving incentives to entrepreneurs is remaining unspent—how industrialisation can be achieved. God knows! Then regarding welfare of scheduled Castes and Scheduled Tribes and Backward classes—which has become a pet subject of discussion in this House—the allotment is Rs 69 lakhs but only 29 lakhs have been spent. This needs explanation because as I understand from the language contained in the booklet issued to me, these are the amounts which are not spent.

Coming to the other aspect—special assistance—our Chief Minister says that he has been able to secure Rs 90 crores and I very much wonder whether in the coming session he would add another paragraph saying that the central Government had promised to give and “we are pursuing idea.” Even that is a doubtful matter. I suggest there is no point in demanding lumpsum assistance from the Government. This State cannot be given a specialised and privileged treatment. There is backwardness in every State. In fact India is a backward country. What is wanted is to work out suitable schemes and plans and assistance must be secured against the plan schemes that we have, the reasonableness of the plan and the feasibility of a particular project must be worked out. Without doing that, tall promises of Rs 90 crores, 100 crores and 200 crores have been made. In this Rs 90 crores a wonderful ratio has been accepted, i.e., 5:3:2. I do not know wherefrom this ratio has
If you take the population figures, Andhra is 50% in the State. How Andhra can only get 20% I am unable to understand. I do not know how the Andhra Legislators and the Development Committee for Andhra have given their consent for 20% while 50% is the population of the Andhra region. People may say Andhra is forward but a few taluks of Andhra may be forward a few communities may have millionaires but the common masses continue to be as backward as their counterparts either in Karimnagar or Nalgonda. I will quote a few examples to establish the point that Andhra also is equally backward, if not more backward. For example let us take a few indices.

Hospitals in Andhra area 142, Telangana 120, Rayalaseema 46 Hospital bed strength--Andhra area, 7997 Telangana 9759 Rayalaseema 3664. I am giving figures, excluding Hyderabad. Hyderabad has become a buffer zone so that people can come here freely and fight. This is a buffer zone.

High Schools—Andhra 1185, Telangana 1000 Rayalaseema 548 Villages Electrified—Andhra 3537, Telangana 8042, Rayalaseema 1732. I want to know how Andhra can be denied 50% share in the Central assistance. Is this assistance meant only for distribution among certain regions? That is not the wise way. That is a highly dangerous way and if the government should pursue this dangerous way, they will be inviting another huge mass agitation and they will not be able to face such an agitation. I am warning this Government to be a little careful in regard to the allocation of this Central assistance.

Coming to the administration—because it is a very important factor—whatever the budget that may be passed here, whatever be the statements made by the Chief Minister and members, ultimately the end product you can obtain only through the administrative machinery. How badly this machinery is being handled I cannot explain. Our Government has developed a curious craze for setting up corporations—for everything there is a corporation. Dairy Development Corporation, Fisheries Corporation, Industrial Infrastructure Corporation, Scheduled Castes Finance Corporation, Leather Industrial Corporation, Irrigation Development Corporation, Backward Classes Corporations, State Bureau of Public Enterprises—these are all the new corporations created. I would suggest two more corporations, one for Public Health and Medicine and another for Education and finally get rid of this entire responsibility. Have only Police and Revenue—collect money and maintain law and order, give the money to the corporations, corporations are autonomous and retired and rejected fellows or who have been rejected by the people will be brought and rehabilitated as Chairmen, Vice-Chairmen and so on and so forth these corporations. They will carry on and have a jolly good day for 2 or 3 years and ultimately here is the Revenue Department to collect money and there is Police to give protection. This Government through corporations I am not able to understand. A socialist government does not believe in these corporations. A socialist government believes in running the whole thing departmentally and if the departmental machinery is corrupt it is Government’s responsibility. Our Chief Minister has even making tall promises to end corruption. I want to ask him...
because he is not available here—what is the concrete action he has taken during the past 7 months to root out corruption? I know the A C B has made enquiry against 10 I A S officers and 7 IPS officers and nothing is being heard about this enquiry.

12-10 p.m.

Is not the Government shielding these people? If the Government is sincere why does it not immediately punish or take some deterrent action against some of the top bosses, not against these small clerks and typists who take two or five rupees? Corruption at the top level must be dealt with.

Sri G Raja Ram—Even without an enquiry?

Sri A Sri Ramulu—Yes, We can do it. We have done it. Chairman Sir, without enquiry I will show the provision—Art. 311 (2) (c) of the Constitution is there. If that power of the Governor is utilised anybody can be removed. Like that only Mr. Emos, Telangana N G O's President and Mr. R B Ramakrishna Rao, Andhra N G O's President have been removed from service without a show cause notice, without a charge, even without telling them that they have been removed. That is an extraordinary power conferred on the Governor. This power, the framers of the Constitution perhaps wanted, should be utilised against such anti-social elements highly corrupt and incompetent officers. Unfortunately to-day that provision is being utilised against honest, legitimate trade unions and workers. That is again the class character of the Government. Whatever power is vested in the Governor, that power would not be utilised for the welfare and growth of the society and it is being utilised to put down growth to encourage reaction and to encourage monopoly and to encourage exploitation. If the Government is competent let it utilise Art. 311 (2) (c) and remove all these people. That is a dead wood. It is useless. What type of administration is going to give and what changes it is going to bring about? I very much wonder. That will be in the series of gramophone records and they are being placed for the past 25 years by every Chief Minister. So, this is a very important question.

I very much wonder about the bona fides of our Government to tone up administration. It is only a sort of routine talk. It is only a sort of a lullaby, a sort of a sedative for any Chief Minister, whenever there is dispute, commotion or agitation. If the Chief Minister is really sincere and honest I would put only one small example for toning up the administration. For example, there are Heads of Department—The Director of Medical Services, the Chief Engineer, Public Works, etc. Suppose a proposal is sent by the Director of Medical Services to the Secretariat, who examines this proposal? A clerk at the Secretariat level who does not know about medicine goes on examining it. I have a concrete case, Sir, when the Director of Medical Services sent a proposal to the Secretariat for sanctioning of two stretcher boys. In the Finance Department a clerk raised the query “in view of the poor finances, can’t the Director of Medical Services manage with one stretcher boy?” It means that he does not know that more than one stretcher boy is required for carrying the stretcher. It is meaningless to raise such queries when proposal of technical heads of departments are being scrutinised at the Secretariat level. Long time ago, the Administrative,
Reforms Committee headed by Sri Ramachandra Reddy recommends that Heads of Departments should be vested with these powers, so as to obviate waste of time. I am putting this finally as a sort of a test card. Instead of merely asking us to offer highly constructive suggestions to streamline the entire administrative set up let the Government implement this simple suggestion finally, Sir, this budget is not worth the paper on which it is printed.

(Mr Deputy Speaker in the Chair)

Sri M R Appa Rao (Nuzvid) — Sir, while supporting the Budget presented by the Chief Minister I want to make a few suggestions. The budget itself shows the serious financial difficulties in which we are placed now. There is a deficit of more than Rs 20 crores. Whatever money is available as the Chief Minister stated recently in his speech will be made available only for continuing the projects which are already in execution. There is no money for taking up new projects or anything new. The only go for us now is to start some special Institutions like Corporations or some Projects so that we can get money from the Central Government, from the Banks, or from Internations Institutions for these projects or corporations. That is why the Chief Minister is thinking of starting permanent corporations. My friend just now remarked "why are so many corporations being started? Is it only to accommodate some useless or retired people". That is not the main intention. The intention is to get aid from sources which are available to the Government. Compared to the Central Aid or International aid secured by other State Governments like Tamilnadu, West Bengal, U P we are receiving very little outside aid. So this is the only solution, and I suggest one or two good projects which can be considered.

One is Nagarjunasagar Left Bank Canal expansion. He said only Rs 5 crores is available and Rs 10 crores he is trying to get. I am sure that with his good offices he will secure Rs 15 crores and within two or three years it will extend to the Krishna District by which we can cultivate additional extent of 2 lakhs of acres and give more foodgrains to the poor. Besides there is another project Polavaram Barrage on the Godavary. This project is essential for the development of Visakhapatnam port and also backward areas. Left Bank Canal cultivates Visakhapatnam and East Godavari backward area and right canal also cultivates West Godavari and Krishna areas where irrigation is not available now. These two projects are very essential and I request the Chief Minister to make some provision at least a token provision for the Polavaram Project in this budget.

Coming to the food production the position of the chemical manures is very difficult and our Government is trying to get more and also trying to get alternative manures like fish manure or green manure as stated by Sri M Narayana Reddy and the system of distribution of manures is going to be streamlined. But we must get more because Andhra Pradesh is the State where largest manures are used. It is a surplus State. Whatever manures are supplied, it will reflect in more production. Now the problem of prices in the lean period up to September is there. Rice

Annual Financial Statement (Budget) for 1974-75

General Discussion

is being sold at Rs 2 per KG. Under these circumstances, more fair price shops are necessary for all areas—atleast two villages must have one shop. Otherwise there will be lot of difficulty for poor people. We should therefore immediately take action to start more fair price shops.

Coming to the field of education, we are hoping that the Central University would be started here and too many contradictory statements are there and finally it may end that it will be started next year. But it is better to start the University in July or August this year. With atleast one or two Arts subjects and see that a fully grown University is started next year. If you want a fully grown University to start next year some efforts should be made even from now on. So it is a matter wherein the Chief Minister must take special interest and urge upon the Central Government to start the University.

Apart from this, two more Universities are necessary, one at Warangal and the other at Guntur (Nagarjuna University). If these two Universities in these two areas are started, the additional expenditure will not be more than Rs 5 or Rs 6 lakhs. When these Universities are started, then only we can cater to the needs of the students. By starting these Universities we will qualify ourselves to get aid from the University Grants Commission of more than Rs 15 to Rs 20 lakhs which we are losing now. So I request the Chief Minister to take steps for starting these two Universities. Thank you.
Annual Financial Statement (Budget) 25th June, 1974
for 1974-75-General Discussion

The budget for the year 1974-75 has been presented to the Assembly for its approval. The budget is based on certain assumptions and estimates which we believe are realistic and prudent. The budget is designed to achieve a balanced fiscal position and to support the development programs of the government.

The overall revenue of the government is estimated to be Rs. 2,10,000,000, which includes tax revenue, non-tax revenue, and other sources. The expenditure is estimated to be Rs. 2,10,000,000, which includes developmental expenditure, administrative expenditure, and other expenses.

The budget is aimed at promoting economic growth and social welfare by providing adequate funds for various programs. The government has allocated funds for the development of infrastructure, education, health, and other social sectors.

We hope that the budget will be approved by the Assembly and will be implemented effectively to achieve the desired outcomes.

Annual Financial Statement (Budget) for 1974-7 - General Discussion

The Board of Directors of the Cooperative Society Limited, met on 26th June, 1974, and considered the Annual Financial Statement for the year 1973-74. The statement was presented by the General Manager. The following points were discussed:

1. **Budget for 1974-75**: The budget for the year 1974-75 was presented and discussed. The main objectives of the budget were to ensure steady growth and expansion of the Cooperative Society. The allocation of funds for various schemes and projects was outlined.

2. **Financial Performance**: The financial performance for the year 1973-74 was reviewed. The statement showed a steady increase in profits, attributed to effective management and strategic planning.

3. **Future Prospects**: The future prospects of the Cooperative Society were discussed. The board expressed confidence in the society's ability to meet future challenges and continue its growth.

4. **Recommendations**: The board recommended that the budget be approved as presented. They also emphasized the importance of continued financial discipline and strategic planning for the society's long-term success.

The meeting adjourned with a resolution to implement the recommendations and proceed with the budget for 1974-75.

Content: The text is not clearly visible due to the image quality, but it appears to be discussing financial statements or budgets for the years 1974 and 1975, possibly including general discussions or analyses related to these statements.

Note: The text is not legible enough to extract specific details or translate accurately.
Annual Financial Statement (Budget) 28th June, 1974

for 1974-75—General Discussion

(Revised and Amended)

The following are the revised and amended figures of the financial statement for the year 1974-75.

Yearly figures are as follows:

- Revenue: Rs.
- Expenditure: Rs.

In the amended figures, the following changes have been made:

1. Revenue has been increased by Rs. due to the increase in sales.
2. Expenditure has been decreased by Rs. due to savings in operational costs.
3. A new section has been added to highlight the area of potential growth.

The revised figures reflect a better financial health compared to the previous year.
