sign on our behalf. I shall give all details. Until then, we cannot reveal any facts.

It is commencing during the year 1973-74. The programme is for 4 years.

Sri A. Sreeramulu - It is indeed a very good thing that our Government has been told to conclude the agreement. I want to know from the Minister as to what are the items of the works that are proposed to be taken up. Is there any proposal of lining of the canal?

It is entirely different, and it means that the Government has been told to commence the agreement during the year 1973-74. The programme is for 4 years.

Sri C.V.K. Rao (Kakinada):- Will the Hon'ble Minister be prepared to take the Leaders of the Parties in the House into confidence and place before them all the particulars—i.e., time, Schedule of Programmes proposed to be taken up, etc?

Clause (c):—(a) The cost production is arrived at by Tariff Commission based on a certain average quantity of Cane Crushed, number of days crushed and average recovery for the whole zones. Naturally in individual factories, if these factors vary, the cost of production will also vary.
The cost of the Production fixed by Government of India and Tariff Commission was based on statutory minimum cane price whereas in practice the factories have paid more.

During 1973-74, the Government increased the purchase from Rs 5 to Rs 10 per MT, whereas the Tariff Commission has calculated the cost based on Rs. 5 per MT.

Steep increase in conversion costs including the cost of materials and wages.

The question is the cost of sugar production per bag prescribed by the Tariff Commission.

That Tariff Commission has fixed Rs. 36.46 paisa for Andhra Pradesh for a period of three years. In
relation to that what is the cost incurred by individual factory. That is the question.

Mr. Speaker — The question is not only inclusion of profit but according to what I understand, you want actual cost. What is it that has been fixed by the Tariff Commission

Sri M. Narayan Reddy: — Conversion cost only.

Sri V. Srikrishna: — Why is the profit included in the cost of production and now percentage of profit is calculated?

Mr. Speaker: — Give the information now required by the Hon’ble Member. The question is postponed.
18th March, 1975.

Oral Answers to Questions.

BENAMI LICENCE FOR A BLOOD BANK IN A PRIVATE
NURSING HOME IN HYDERABAD CITY

375—

*5414 Q - Sri M. Nagi Reddy (Put by Sri Vanka Satyanarayana):— Will the Minister for Health and Medical be pleased to state

(a) whether the Vigilence cell has detected a blood bank having benami licence in a private Nursing Home in Hyderabad city ;

(b) whether it is a fact that the high official of the Institute of Preventive Medicine is organising that private Nursing Home,

(c) whether the said official is supplying blood from Government blood bank to the said blood bank in the private Nursing Home by committing theft of blood in large quantities, and

(d) if so, the action taken by the Government there on ?

Health Minister (Sri K. Rajamallu) — (a) Yes Sir,

(b) & (c) The Vigilance and Enforcement Cell of Director of Public Health Family Planning & Drugs Control has reported about the existence of a blood bank in a private Nursing Home in Hyderabad and that certain officials of the Blood Bank, Institute of Preventive Medicine were having connections with this Blood Bank in Private Nursing Home

(d) Pending further enquiry, the Assistant Director (Blood Transfusion) Institute of preventive Medicine has been kept under suspension. The enquiry is in progress.
Oral Answers to Questions. 18th March, 1975.

Sri A. Sriramulu:—The Minister has stated that certain officials of the Institute of Preventive Medicine have a hand in the particular nefarious activity. He has given the name i.e., Mr. Siman Raju. Who are the other officials that are involved in this particular racket?

Sri A. Sriramulu:—What action is taken against those who are involved in this racket?

AGB RESTRICTIONS ON STUDENTS APPEARING FOR GOVT. MEDICAL COLLEGE ENTRANCE TEST

376—

*5680 Q.—Sarvasri M. Nagi Reddy (Gurajala) and Peter Paul Chukka:—Will the Minister for Health and Medical be pleased to state:

(a) whether the Government imposed any age restrictions on students appearing for Government Medical College Entrance Test;

(b) whether it is a fact that the restrictions are different for Government Colleges and private Medical Colleges; and
(c) if so, the steps taken by the Government to adopt uniformity?

The Health Minister (Sri K. Rajamallu) — (a) Yes Sir.

(b) and (c) —Prior to the Judgment of the High Court dated 9-12-1974 there was a difference. Now the Minimum age limit of 16 years is the same in the Government Medical College and Private Medical Colleges. The maximum age limit of 22 years is also the same for all the Colleges except Kakatiya Medical College, Warangal where it is 21 years. The admissions to Medical Colleges have to be made as per the regulations framed by the Universities concerned.

The Health Minister (Sri K. Rajamallu) — (b) and (c) —Yes Sir.
ral Answers to Questions. 18th March, 1975.

Q 18. 5813 Q — S I Nallapareddi Sreenivasulu Reddi. Will the Minister for Revenue be pleased to state

(a) whether any proposal is under consideration of the Government to introduce pass book system in Andhra Pradesh for the landless poor, on the lines of Punjab and Haryana,

(b) when decision will be taken by the State Government in this regard, and

(c) the particulars of this scheme?

The Minister for Revenue, (Sri P Narasa Reddy) —

(a) No Sir

(b) & (c) Do not arise

Introductory Remarks

In what manner it should be, i.e., we are also looking into it. In what manner it should be, etc., we are also looking into it.
Mr Speaker — Is it only for landless people?

Sri P. Narsa Reddy — For all the people

Sri A. Sreeramulu — At least this will provide an opportunity to have a census of landless persons and this method can be relied upon. Will the Government consider about this?

Sri A. Sreeramulu — In what manner land has been inherited, extent of land, survey, and other particulars are there. Whether it is under the tenant or not, etc.
Mr Speaker —It is not relevant.

*Sri M Narayana Reddy —Under Section 13 of the Records of Rights Act, there is about title documents. Whether the proposed pass books would also be equated as title documents? Secondly, whether the issue of pass books would be made to the landless poor who have been recently given lands on priority basis?

*Sri P Narasa Reddy —Record of Rights Act has not extended to Andhra area. It is only in Telangana area. I had submitted to this August House that the matter is under consideration. Whenever a ryot wants any loan from Co-operative Bank, he can put this Pass book and take loan. That is what we are working out. Regarding priorities, we will start from the lowest man.

Sri P Narasa Reddy —I want notice, Sir

INTRODUCTION OF CO-OP. FARMING SCHEME

378—

* 6117Q —Sri C V. K. Rao (Kakinada) —Will the Minister for Co-operation be pleased to state

(a) whether Co-operative farming scheme is introduced in the state, and

(b) if so, the number of farms established, the assistance rendered to landless poor and their progress?

The Minister for Co-Operation (Sri B Subba Rao):—(a) Yes Sir,

(b) 934 Co-operative Farming Societies are formed as on 31-12-1974. An amount of Rs. 309.86 lakhs has been provided as financial assistance. An area of 90,000 acres are under cultivation.

State of Adulterated Articles by the Hyderabad Super Bazar

Sri B. Subba Rao — (a) and (b) Yes, Sir

(c) No Official of the Super Bazar was responsible

(d) In two cases the accused sales staff of Super Bazar were fined Rs. 200/- each. In another case, the accused were acquitted. The other seven cases are pending disposal.
Sri Syed Hasan —What were the articles found adulterated.

Sri Syed Hasan :—The oil is sold in tins which are sealed. Was it found adulterated.

Sri Syed Hasan :—According to the Health Minister there is no adulteration in the city. So why not we take it that the adulteration is done at the Super Bazar level.

Sri Syed Hasan :—According to the Health Minister there is no adulteration in the city. So why not we take it that the adulteration is done at the Super Bazar level.
Oral Answers to Questions. 18th March, 1975.

Sri D. Venkatesam:—While replying to Mr, Hasan's question the Minister said he would examine, What is he going to examine is it adulteration or the assurance given by the Health Minister?

Mr. Speaker:—He will examine both

Electrification of Vijayawada Madras Railway Line

(b) if so, when will work be completed?

The Minister for Power (Sri G. Rajam) — (a) Yes, Sir

(b) Likely to be completed in 1978-79

The Minister for Power has cited:

(a) Sub-station, room control equipment and fabrication and galvanisation of steel structures are ready, the work for traction in Vijayawada-Ongole and Ongole-Chudur has also been started and the work is in progress; field works for the colour light and signalling are in progress.

(b) Likely to be completed in 1978-79.
9 a.m

Sn Syed Hasan—How much electricity is consumed for this railway line and what are the sources of generation? From which generation plant are you supplying and in view of the shortage and scarcity was it essential that you should give this to the railway line?

Sn G. Rajaram—We will be supplied by the Andhra Pradesh Grid—not one station—and how much load it will take cannot now be said and the entire scheme has to be worked out.

Sn Syed Hasan.—In view of the scarcity, what is the essentiality?

Sn G. Rajaram.—This is the cheapest fuel; it is necessary.

*Sri G. Rajaram.—Both the Andhra Pradesh Electricity Board and the Railways are pressing with the Planning Commission.

Murder of S. Madala Venkata Satyanayana in Bollapalli Village

380 A —

S N Q No 6211-U Sarvasi, M Naga Reddy, V. Satyanayana, P Sanyasi Rao, D Shankaran — Will the Chief Minister be pleased to state —

(a) whether it is a fact that on 20-1-75 Sri Madala Venkata Satyanayana was murdered in Bollapalli village, Vinukonda taluk, Guntur District;

(b) whether it is also a fact that the incident was reported by his wife immediately stating that Nandendl Venkateswara, Namandra Lingaiah and Nandendle Nagabushanam murdered her husband;

(c) whether it is also a fact that the incident took place near the police station (i.e., near by coffee hotel),

(d) whether the accused were let off; and

(e) if so, the reasons therefor?

Sri J Vengal Rao — (a) (b) & (c) Yes, Sir.

(d) & (e) The accused were granted conditional bail in the usual course to report daily before A J S C M, Guntur.
Mr. Speaker:— That is entirely different from this question.

Sri M. Omkar:— It is directly related to this question.

Mr. Speaker:— May be. That will be part of the evidence in the case. How can the Chief Minister know unless you bring it to his notice?

Sri M. Omkar:— The deceased himself submitted a petition in 1972.

Mr. Speaker:— That is what he is trying to state now.

Sri M Omkar:— No. He is having the portfolio of Home. He can conduct a departmental enquiry.
Outraging the modesty of a Woman Artist by the Assistant Public Prosecutor Tenali

380 B —

S N Q No 611-R — Sarvasi Vasantha Nageswara Rao and Chekuri Kasiah — Will the hon. Chief Minister be pleased to state

(a) whether it is a fact that Mr. G Hanumanth Rao Assistant Public Prosecutor, Tenali had outraged the modesty of a Woman artist and was arrested by police on 28-2-1975,

(b) if so, the charge levelled against him,

(c) whether he was produced before the Magistrate and if not, the reasons therefor, and

(d) the reasons for the delay in filing the charge sheet?

The Minister for Law (Sri Asif Pasha) — (a) and (b) The Collector, Guntur, has reported that Sri G Hanumanth Rao, Assistant Public Prosecutor, Grade II, Tenali, was arrested by police on 28-2-1975 on a charge of outraging the modesty of a woman artist of the Magician Agarwal and Party. A case was registered against him in Or. No 75/75 and he has been charged with the offences of house-trespass, impersonation and assault on a woman with the intention of outraging her modesty, under sections 448, 419 and 354 of Indian Penal Code.

(c) He was released on bail by the police themselves from the lock-up.

(d) The case is still under investigation.
Sri Asif Pasha — The Collector has recommended for his suspension and he has put the A.P.P Grade II incharge of criminal work.

Sri S Jaipal Reddy.— This is a serious case Naturally anybody coming under these things are booked under non-bailable section How could he be released from the Police station without producing before the Magistrate? If the Collector has recommended for the suspension why has the Government delayed his suspension?

Sri Asif Pasha — It was because he was released within ten hours Only cases where the custody is beyond 24 hours go to the Magistrate.

Sri A Srimulu — The Minister did not answer that point. The Collector has recommended that he should be kept under suspension. We would like to know as to why the Government has not taken action to suspend him. He is a prosecutor. A prosecutor indulging in crime. He is a government employ and when any criminal action is there why he was not kept under suspension. That was the point raised.

Sri Asif Pasha — The file for suspension came only yesterday and the Government is examining.

Mr Speaker:—The Police have got powers to release. Unless they have got powers, they won’t release.

Sri S Jaipal Reddy —How can rape come under.

Mr. Speaker.—Not rape. Rape is entirely different from outraging the modesty of a woman. There are different sections.
18th March, 1975.  

Mr. Speaker:—That question does not arise under this question.

Sri P. Ramachandra Reddy:—One important information may be elicited from the Minister, whether this alleged offence was committed while discharging his duties and whether the affected person came into contact in some case.

Mr. Speaker:—They are not necessary for us.

Sri P. Ramachandra Reddy:—If she had come as a witness.

Mr. Speaker:—It cannot be in discharge of his duties. The public prosecutor is not asked to go to a woman and outrage her modesty.

Sri P. Ramachandra Reddy:—If she has come as a witness to give evidence in any case and if he has done this, it is more serious.

Mr. Speaker:—According to the statement here, it is done on his own accord. It has come out in the question itself.
Sri Asif Pasha — There is no information whether he was wearing pants or dhotis.

Sri J. Vengal Rao — We will certainly take strong action.

*Sri Syed Hasan — Molestation and impersonations are the important charges and specially impersonation for a Government Officer is most important. In view of these charges, within 24 hours, they could have produced him before the Court instead of leaving him alone.

Diversion of material intended for energising pump sets in Pulinamidi village

S N Q. No 6211-X—Sri S Jaipal Reddy — Will the Minister for Power be pleased to state

(a) whether it is a fact that the entire material was drawn six years back for energising pump sets in Pulinamidi village, Vikarabad Taluk, Hyderabad District, bearing se vice numbers 17, 18, 19 and 20,
(b) whether it is also a fact that the said services were not released as the material was diverted,

(c) whether it is also true that the bills were sent to the farmers for the said un-connected services?

Sri G. Rajaram — (a) It is not a fact that the entire material was drawn for release of the 4 services six years back, but some materials were drawn and execution of works taken-up.

(b) Lines were laid for Service No 17 and 20 and services were released on 31-3-1970. Service Nos 18 and 19 could not be released as it involved railway crossing of the line and also the parties were not ready with pump sets to avail supply.

(c) Yes, Sir. The bills were sent to the consumers of Service Nos 18 and 19 by oversight whose services were not released. Subsequently the bills were withdrawn completely.

Sri S. Jaipal Reddy — These pump-sets bearing S No 18 and 19 were to be energised in the year 1968. I have the details with me and if he wants, I will supply them to the Minister. The material was also drawn and mis-used. I think the Minister has been misled by the Department. There are three aspects in this issue which the Minister has to answer (1) Would the Minister take steps to see that these pump-sets are energised immediately, (2) Whether those persons who are guilty of misuse of material would be punished immediately? and (3) What are the steps that the Minister proposed to take against such things which are recurring in nature?

*Sri G. Rajaram: As I have already stated here, No. 18 and 19 are involved railway crossing and unless the railway people permit we cannot do it. Now, we are pressing the railway people to permit us.

Sri S. Jaipal Reddy: Would the Government require 6 years for seeking permission from the Railway authorities? Entire money was sanctioned by the Telangana Regional Committee in the year 1968. The money meant for these pump-sets have also been spent. Therefore I cannot understand why the Minister is thinking on some other lines.

Sri G. Rajaram: As I stated earlier, now, funds are available but since it was involved in railway crossing, we are pressing the railway authorities to give permission to us.

Sri S. Jaipal Reddy: What is the position of records? Does the record show that the money intended for these pump-sets has been spent and the material intended for these pump-sets has been drawn? I am prepared to prove certain things. I have the Bills also with me. I request the Minister to verify the position.

*Sri G. Rajaram: The bills were issued by oversight.
Adjournment Motion - 18th March, 1975.

Sri S Jaipat Reddy — Bills cannot be sent by oversight, for 4 years. However, what is the reply that the Minister finally gives over this items Service No 18 and 19?

*Sri G Rajaram — “No objection Certificate” must be taken from the Railway authority in this connection. Previously there were no funds and since the funds are available as soon as the Railway gives us “No Objection Certificate”, we will undertake it.

re: Re-use of old non-judicial stamps

Sri A. Suramulu — The significance and importance of the Adjournment Motion need not be over-emphasised. For the past 2½ decades a calculated attempt has been going on in this country to scuttle every progressive measure and I say this is a part of mischievous strategy worked out by landlords, vested interests in collusion with men having lot of influence in the State and also in this country. Now we are put to the necessity of even doubting the bona fides and good intentions of the Government, because, the entire legislation has been watered down in the form of appointing these Tribunals. In giving so much time, it has already been watered down and if this racket of illicit sale of faked stamps is to be allowed, I am sure it would be reduced to nothing, it would become a mockery. That is why without going into the details of this racket, it is absolutely essential that the business of this House is adjourned and this matter taken up, so that it can be thoroughly discussed. It is a serious matter which needs discussion in public interest. That is why I request you to take consensus of this House and put this for leave of the House so that the matter can be thoroughly discussed.

re: Re-use of old non-judicial stamps.

re: Re-use of old non-judicial stamps

As many Hon'ble Members may be aware, the Hon'ble Government of this State has decided to re-use the old judicial stamps which have been in circulation. This decision is based on the fact that the old judicial stamps are still in use and are being utilized. The re-use of these stamps will not only save money but will also ensure their proper utilization.

The Hon'ble Government has taken this decision with the aim of reducing the financial burden on the State. The old judicial stamps, which were previously in circulation, will now be re-used. This decision is expected to bring about a significant reduction in the cost of judicial stamps.

Furthermore, the re-use of these stamps will also help in conserving the natural resources. The old judicial stamps are made of paper which can be recycled and reused. This will help in reducing the need for new paper and thus reducing the demand for natural resources.

In conclusion, the re-use of old non-judicial stamps is a commendable step taken by the Hon'ble Government. It will not only save money but will also help in conserving the natural resources. We hope that all Members will support this decision and contribute towards the betterment of the State.

re: Re-use of old non-judicial stamps.

Rule 64 of Rules of procedure and conduct of business in the Andhra Pradesh Legislative Assembly says:

The right to move the adjournment of the Assembly for the purpose of discussing a definite matter of urgent public importance shall be subject to the following restrictions, namely—

(i) not more than one such motion shall be made at the same motion.

(ii) not more than one matter motion shall be discussed on the same motion,

(iii) the motion shall be restricted to a specific matter of recent occurrence,

(iv) the motion shall not raise a question or privilege,

Sri M Narayana Reddy—My Point of Order is under Rule 64 only. Here the matter has been published in the newspapers and according to the statement of the Chief Minister investigation has been started once. Some persons connected in this alleged offence have been arrested by the C I.D City Branch. As you know, arrest can be made without registering an offence and without issuing the F. I. R. Therefore, if you kindly refer to Clause 7 of Rule 65

"The motion shall not deal with any matter which is under adjudication by a Court of Law having jurisdiction in any part of India,"

Here the matter is important but the matter has been taken cognizance of the Investigating Department and the Government must be forced to see that the motion is submitted to you. Some arrests have also been made and the police started investigation yesterday or day-before-yesterday. Here when an F.I.R., has been issued and a crime has been registered and FIR has sent to the Court, whether it is proper under Sub-Rule 7 of Rule 64 to discuss the matter in this House? (2) Whether it would not prejudice investigation for our premature discussions of this matter? Therefore you can, while disallowing the motion, direct the Government to make a statement at a later stage and give a factual position as revealed during the investigation to the extent that is possible, before 31st of this month. That statement can be made by the concerned Minister. Let us not prejudice the investigation or pre-jeudge the investigation that has been already started.
Adjournment Motion: 18th March, 1975.

re Re-use of old non-judicial stamps.

in earnest before the matter was brought to the notice of the House.

Sri A Srimulu—I am opposing this point of order because it is absolutely out of order, it is not a point of order Sub-Cause 7 of Rule 64 runs;

"The motion shall not deal with any matter which is under adjudication by a Court of Law having jurisdiction in any part of India."

This matter is under adjudication and so Sub-Clause 7 or Rule 64 does not apply. It is far fetched interpretation of my learned friend Mr M Narayana Reddy. If the present situation is attracted sub-clause 7 of Rule 64, there is a provision under the next rule 65:

"Provided that the Speaker may, in his discretion, allow such matter being raised is the Assembly as is concerned with the procedure or subject or stage of enquiry, if the Speaker is satisfied that it is not likely to prejudice the consideration of such matter by the Tribunal or Commission or Court of Enquiry or a competent authority."

This is a far fetched idea because the matter is still in the very early stage; some investigation is going on. Our object of bringing forward this adjournment motion is not merely to discuss the stamp racket, to discuss the entire process of implementation because this has also given clue that a calculated attempt is being made by certain individuals to sabotage this land Ceiling Act and that is why this House which was responsible for passing that enactment, has a right to ask for adjournment of business and discuss the entire course of implementation because there are so many points which we want to bring to the notice of the House— not exactly the stamp racket but several other departmental, bureaucratic and political rackets have been going on behind this particular measure. That is why according to this rule, if the Chief Minister is taking objection to this motion, the motion will have to be put for the opinion of the House.

Mr Speaker:—Before I give consent, I have given opportunity to the Members to express...

Sri A Srimulu—Presuming that we have secured the consent of the Hon’ble Speaker we are proceeding to the next stage.

Mr. Speaker:—Are you also on the same view?

Sri C.V.K. Rao:— You have already given permission that the Members who have given notice of the adjournment motion to have their say. Now that cannot be questioned.
Mr. Speaker,—That is over now

Mr. Speaker,—I think I have understood you when you spoke in the beginning. That is what you are repeating again

Mr Speaker,—I am very grateful to you

This is a continuous process and also culmination of things.

Sr M Narayana Reddy,—Sub-Rule 7 of Rule 64:
"The motion shall not deal with any matter which is under adjudication by a Court of Law having jurisdiction in any part of India;"

whereas Rule 65 deals with Motion for discussion on matters before Tribunals, Commission etc. In the main body of the Rule, no where the word ‘court of Law’ is used. Even with regard to Tribunals and Commissions, the discretion of the Speaker is again mentioned in the provison. You must hold that when it would not prejudice a matter pending before Tribunal or Commission; then only you can give consent to that.

Secondly the accused has filed a petition for bail which has been rejected. There is no scope or occasion for admission of adjournment motion but in view of the importance of the matter, you can treat this motion under Rule 341 and the Minister concerned may make a statement

Sri C V K Rao.—In the same Rule you have got discretionary power

Sri Konda Lakshman Bapuji.—Sir, ‘adjudication’ will not be applicable unless charge-sheet is filed. That is the interpretation of law. Adjudication stage will come only when the charge sheet is filed.
Adjournment Motion: 18th March, 1975

Re: Re-use of old non-judicial stamps.

Merely issue of F.I. will not give a status of adjudication to the situation. When that is case, sub-rule 7 is not applicable here. Therefore, the point of order itself not correct. As far as urgency is concerned, now there is no doubt there is urgency and importance also. But I personally feel, it is not the urgency of that standard or type where the House should be adjourned. Some other method may be found to discuss the matter.

Sri C. V. K. Rao —Is Bapuji a big landlord?

Sri Kudipudi Prabhakara Rao —Whether it is a point of order or not, it is up to the chair to decide. It is not for Mr. Bapuji to decide and he is not the competent person.

Mr. Speaker —Any body can say. You can also express your view.

Sri Kudipudi Prabhakara Rao —It is the prerogative of the chair to decide.

Mr. Speaker —I am not going to decide the question on the point raised by Mr. M. Narayana Reddy, if that is the only method that must determine the entire question, then of course it is a question which I have to decide. Apart from that you are aware that where an adjournment motion is concerned, unless I find the material that has been placed before me that there are lapses on behalf of the Government in this matter, I cannot allow any adjournment motion.

Mr. Speaker —I have heard you and I have followed you. I am refusing my consent. If you want, I will pass orders tomorrow. 10-40 a.m. Anyway, this is over now.

Sri C. V. K. Rao —We have got to protest against this way of things Sir.

Mr. Speaker —You want my permission for that also?
Adjournment Motion: re: Re-use of old non-judicial stamps

Sri C.V.K. Rao, — I would like to impress on you that this is a vital matter. As a protest we want to walk out,

(Sri N. Srinivasul Reddy staged a walk out.)

(Sri V. Srikrishna and the other C.P.I. Members present, staged a walk out)

Sri C.V.K. Rao, — At least time may be allotted for discussion on this matter, Sir,

Mr Speaker — That does not arise now. It is only if I give permission.

Sri C.V.K. Rao, — Under rule, you have got to put it to the House, Sir.

Mr Speaker — 341, Mr N Venkatratnam ...

Sri A. Srimulu — I am raising a point of order, Sir. The consent under rule 62— I am referring to rule 62— for moving the adjournment motion ...

Mr. Speaker: — That is over now.

Sri A. Srimulu — It is not correct, Sir.

Mr. Speaker — I am sorry, I am not allowing. I will not allow you. I have said, there is something if you had said something. Now I need not give you further opportunity. As a matter of fact, I would have ruled out without giving opportunity to you. Now 341 please.

Sri C.V.K. Rao — I raise a point of order. You are giving under rule 66. Very well. Kindly follow the rule in toto. ‘Provided further that where the Speaker has refused his consent’.

Mr Speaker — I will not allow you to speak on this now after having given my ruling. I am sorry.

Sri C.V.K. Rao — You are the speaker. You are the Presiding authority. Everything lies in you. If you treat me like this, how am I to function in this House?

re. Reinstatement of Sri I B Ramakrishna Rao and Sri K R Amos, Andhra and Telangana N G Os. Leaders.

Mr Speaker — What I am trying to tell you is I have already given an order. It may be, in your view, an order which does not consider several aspects of the matter or several rules have not been brought to my notice. You will certainly have an opportunity to bring it to my notice to correct me on a future occasion.

Sri A. Srimulu — The rule is disappointing.

Sri C V K Rao: —Point of order. When you do not give me permission, the only course open to me is to walk out and there is no other course. I am sorry to resort to this.

Mr Speaker — I would request you not to walk out. It is left to you.

(Sri C V K. Rao staged a walk out at this stage)

Smt J Iswari Bai — Only on this adjournment motion I want to speak.

Mr Speaker — Not on this adjournment motion. It is over.

MATTERS UNDER RULE 341
re. Reinstatement of Sri I B Ramakrishna Rao and Sri K R. Amos, Andhra and Telangana N G Os. Leaders.

*Sri N Venkataratnam — On 19th March, the Chief Minister of Andhra Pradesh, Mr Vengal Rao, announced that the State Government would reinstate before the month end Mr I B Ramakrishna Rao and Sri K. R. Amos, the Andhra and Telangana N G Os. leaders who were sacked at the height of the separatist agitation in the two regions by recourse to special provisions under the constitution and by declaring this important announcement in the Seventh Annual Conference of the N.G.Os. at Vijayawada and I am sorry to say that the Hon’ble Chief Minister has done a grave illegality and a grave impropriety. While everybody is happy that these two unfortunate people were taken into service again, the Chief Minister ought to have done this according to the provisions of the Constitution which has not been adhered to. I would like to submit that it is an admitted fact that these two unfortunate employees were dismissed from service while taking recourse to Ar 311 (2) (c) of the Constitution and the Hon’ble Chair well knows that under Art. 310(1) “except as expressly provided by the Constitution when person who is a member of the civil service shall hold the office during the pleasure of the Government. That is Art. 310(1). Art 311 is a provision, as you are well aware.
that "no person shall be dismissed from service unless an opportunity is given" and Art 311(2) is a provision to Art 311, i.e., "Where the President or the Governor, as the case may be, is satisfied that in the interest of the security of the State, it is not expedient to hold such enquiry".

Mr. Speaker:— We are not going into that question, nor am I competent to say anything about it.

Mr. Speaker:— We are not going into that question, nor am I competent to say anything about it.
Matters under Rule 311

18th March, 1975.

Re reinstatement of Sri B. Ramakrishna Rao and Sri K R Amos, Andhra and Telangana N G Os leaders.

Sri A. Srimulu:—I have been in this House for the past three years. But I have not got a single opportunity to congratulate the Chief Minister.

Mr. Speaker,—Why?

Sri A. Srimulu,—Occasion did not come. I am now happy. My friend Mr. Venkataratnam has given me an opportunity to openly congratulate the Chief Minister. With a view to maintain good relations with their staff, it is necessary not only in the interests of the Ministry but also in the interests of the people. This is a prerequisite for an efficient administration. An efficient administration is intended for the service of the people. And by this delay already there was a lot of apprehension. There was lot of unrest among the services and the Chief Minister did the right thing at the right time in restoring the confidence in the employees and restoring the confidence in the employees' Union. I am sure, this will be the beginning of a new chapter in regard to the relation between the Government and the Employees. That is why I take the opportunity of again congratulating the Chief Minister. I do not know whether I would get another opportunity before my term expires. But this is an opportunity given to me.

CALLING ATTENTION MATTERS

re: Stoppage of Water Supply from the K C canal to the tail-end Villages

Sri F Ayyapu Reddy.—Sir, I am very happy to state that by prompt action of the entire department right from the Chief Engineer to the Assistant Engineer, water was supplied just in time to save second crop at the tail-end of Tungabhadra channel system though here and there some ryots lost their crops because the water came too late to save their crop. At any rate, on behalf of those ryots who had despaired that they would lose their crop, I render my thanks to the Chief Engineer, Superintending Engineer, Executive Engineer and the Assistant Engineer whose prompt action saved the standing crop. This has been a recurring problem, a chronic problem and on this occasion it is necessary to impress on the Government the imperative necessity to find a permanent solution by adopting the three steps which we have been advocating for the last decade.

The first step is to go in for a balancing reservoir which is a must to stabilise the ayacut under the K C Canal. The second step is to have a better and more effective control of the Tungabhadra dam. The crisis this year arose purely on account of the fact that at the Tungabhadra dam the Karnataka Government was able to stop the flow of water in the Tungabhadra even though there was plenty of water in the reservoir. The third step is to go in for finalisation of the ayacut and to introduce a system of by-annual and triennial crop pattern of giving second crop water. Unless these three steps are taken, a permanent solution cannot be found. Because of the prompt action taken they were able to save the standing crop. This is bound to recur and I hope the Government would immediately devote itself towards the three steps I have mentioned.

We get 20,000 cusecs of water. It is a matter of next day. I thank the Member for making a statement congratulating the Engineer. We have to provide 9,000 cusecs of water in the balancing reservoir. We can see the left over commendable area. That problem can be solved by balancing reservoir.

re Non-payment of bonus to the 'Kotagars' of the Anakapalle Co-operative Marketing Society, Visakhapatnam district.

11-20 a.m.

re: Non-payment of Bonus to the 'Kolagars' of the Anakapalle Co-op. Marketing Society, Visakhapatnam District.

The bonus was not paid to the 'Kotagars' of the Anakapalle Co-operative Marketing Society, Visakhapatnam district, for the years 1969-70 to 1973-74. The authorities were requested to pay the arrears of bonus to the 'Kotagars'.
The Minister for Co-operation, (Sri B. Subba Rao) - An enquiry was conducted by the Divisional Co-operative Officer, Narsaraopet into certain allegations against Sri Venkateswara Co-operative Marketing Society, Piduguralla. The final audit of the Society has also been completed up to the year of 1973-74. No misappropriation of funds of the society has been revealed. The enquiry also revealed that there was no sale of fertilisers in blackmarket. The Assistant Agricultural Officer has issued 191 permits and the society has honoured all the permits. The Block Level Committee has not called for any lists from the Society. It is a fact that the godown of the society was leased out to Sri T. Prabhakara Reddy on an annual rent of Rs 600-for a period of 5 years with effect from 20-7-1973. The society received Rs. 800-

The Government are keenly aware of the importance of roads, not only as the lifeline of trade and commerce but also as an essential infrastructure for development, especially of backward areas. An apparent view could be taken that the road construction and maintenance are not directly productive activities. I have committed Himalayan blunders by not recognizing the importance of roads. I have committed errors by not recognizing their importance. The classification and categorisation of unproductive schemes unproductive projects is an outrageous extreme blunder.

are really life-lines for any progress or production. Therefore, the demands for these grants are crucial. Many of the departments have already indicated that they need these funds to continue their operations. Hence, it is essential that these grants are awarded without delay. The monsoon season is approaching, and the plantations need these funds to ensure a good harvest. It is crucial that the Executive Board approves these demands. The grants for the years 1974-75 and 1975-76 are requested to be considered for approval. The amount required for the current fiscal year is estimated to be Rs. 12.5 million. Additionally, some special projects require an allocation of Rs. 25.7 million. It is imperative that these demands are granted to ensure the smooth functioning of the organization.

Voting of Demands for Grants for 1975-76. 18th March, 1975. 87

NOTE ON PUBLIC WORKS DEMANDS

COMMUNICATIONS AND BUILDINGS IN ANDHRA PRADESH

Mr Speaker — Sir, I move that the House be pleased to grant a sum not exceeding Rs 5,13,41,000 under “Demands XVI — Public Works” and a sum not exceeding Rs 24,47,75,000 under “Demands XLVIII — Road Development” for the year 1975-76.

Out of these demands, a sum of Rs 8,32,85,000 is earmarked for the maintenance of Government roads and Rs 1,46,25,000 for the maintenance of buildings under Non-Plan, Rs 1,97,50,000 have been provided for original road works and Rs 1,39,36,000 for original building works under Plan.

Before outlining the highlights of the works programme, I should like to dwell briefly on some general issues relating to road development.

The Government are keenly alive to the importance of roads, not only as the life-line of trade and commerce, but also as an essential infrastructure for development, especially of backward areas. An apparent view could be taken that the road construction and maintenance are not direct productive activities. On a keener look, however, it will be evident that but for proper communication facilities the more obvious productive activities like agricultural development and industrial advance cannot sustain and endure. In particular, I should like to mention the case of mineral development. The potential mineral wealth of our State, which cries to be explored and exploited, is well known. One should pause to consider that but for the provision of adequate road facilities, we cannot enjoy the fruits of our mineral wealth. Also, in these days of growing unemployment the considerable employment potential of the construction sector cannot be overlooked.

Within the framework of the inevitable financial constraints, the Department is striving its utmost to ensure good road communication facilities. The financial inadequacy that this field of development has had to contend with can be gauged from the fact that whilst the total III Plan outlay on Roads was about Rs 7.5 crores, the IV Plan investment was but of the order of Rs 10.3 crores and the current Year's Annual Plan provision is a mere Rs 2 crores. To meet the situation of paucity of finances, at least partly, it has been decided to levy tolls on bridges each costing Rs 10 lakhs and above. Necessary legislation to implement this decision is being introduced during the current session of the Legislature. It is estimated that this measure would fetch an amount of Rs 1 crore annually, which could be used fruitfully for construction of new roads and bridges.

As the Honourable Members are aware, the State economy is being considerably helped by the special assistance under the Six Point...
18th March, 1975

Voting of Demands for Grants for 1975-76.

Formula—an aggregate of Rs 90 crores over the Five Year Plan period. Unfortunately, however, under the guidelines now in vogue road development is not eligible for assistance from this source. The Government of India are being moved to grant exemption with regard to economically important road works in backward areas.

I would now give outline progress achieved on road and building schemes and the provisions made and the projects planned during the ensuing fiscal year.

COMMUNICATIONS

As for road communications, the Department deals with construction and maintenance of State Highways, Districts Roads and other roads besides National Highways.

The total length of roads, including National Highways in Andhra Pradesh, as on 1st April, 1974 was 23,717 Kms.

STATE ROADS

As stated earlier, the amount provided for in the Annual Plan for 1975-76 for Government Roads is Rs.2 crores. This includes the provision of Rs.25 25 lakhs for the rail-cum-road bridge across river Godavari participation in the construction of which was one of the Department during the last year. Though the rail-cum-road bridge was opened, still a liability of Rs. 75 to 80 lakhs of expenditure will remain unpaid, which has to be cleared by the Government towards the proportionate charges to be borne by this Department and paid to Railways. As the Honourable Members know, the total share of the State Government in this venture is Rs 5 22 crores.

A list of completed bridge works and works that are likely to be completed during the ensuing financial year is given below:

Work completed | Estimated cost Rs in Lakhs
---|---
1. Constructing of Road-cum-rail bridge across river Godavari near Rajahmundry

roads leading to sugar factories

a total length of 5037 Kms lie within sugar factory zone areas. Out of this, 2474 Kms are Zilla Parishad roads and 2563 Kms are government roads.

During 1974-75, an original budget provision of Rs 10 00 lakhs was provided for the improvement of roads lying in sugar factory areas. This was further enhanced by another by Rs 15 00 lakhs.

Some of the important roads which bear a heavy intensity of traffic are sought to be improved to double lane B T surfaced road (22 ft) wide.

Besides, four new works are proposed during 1975-76 in which year a total amount of Rs 25 00 lakhs for this purpose has been earmarked.

There is pressing demand from Sugar Factories and Road users to improve the roads in Sugar cane areas. Hence it is decided to spend about Rs 47 00 lakhs from the Old Road Cess accumulations for improvements.

The Government also want to spend at least 50% of the purchase tax collected on sugar cane towards the improvements to roads in sugar cane areas.
Construction of Road Over/Under Bridge at the existing Level Crossings

The Government of India have constituted a Railway Safety works Fund for constructing road over/under bridges and manning of unmanned level crossing. The amount available under this source to the credit of this State Government at the end of 1973-74 was Rs 125.24 lakhs. The accruals for 1974-75 and 1975-76 are expected to be Rs 212.22 lakhs and Rs 22 lakhs respectively. A comprehensive programme for utilisation of this amount was drawn up in consultation with the Railway authorities. So far eleven schemes for the construction of road over/under bridges with an estimated cost of Rs 187.5 lakhs have been sanctioned. They are:

1. Construction of over bridge on Chittoor Puttoor road.
2. Construction of subway at Kuppam.
3. Construction of over bridge at Abom.
5. Construction of over bridge at Samalkota.
6. Construction of over bridge at Kaknada.
7. Construction of over bridge at Tadepalligudem.
8. Construction of over bridge at Kondap.lli.
9. Construction of over bridge at Kazipet.
10. Construction of over bridge at Jangaon.
11. Construction of over bridge at Hasanparthy.

Out of the above works, construction of over bridge at Chittoor on Chittoor-Puttoo road has been completed and opened to traffic during February, 1975. The over bridges at Tadepalligudem and Samalkota are likely to be completed by March, 1975.

In addition, three new works are proposed to be taken up in 1975-76. They are:

1. Construction of over bridge at Tirupathi in KM 32.2 of Buthalpet Naidupet road.
2. Construction of over bridge at Narsipatnam Railway Station.
3. Construction of over bridge at Amudalavalasa.

Proposal for transfer of Zilla Parishad Roads to the control of Roads and Buildings Department.

There has been a mounting pressure for the take over of roads under the control of Zilla Parishads by the Roads and Buildings Department for better maintenance and upkeep. A comprehensive programme to take over about 3200 Kms (2000 miles) of Zilla Parishad
roads to Roads and Buildings Department in stages is under considera-
tion during Vth Five, Year Plan. This take over will involve nearly
Rs. 1200 lakhs of non-recurring expenditure and about Rs 100 lakhs
of recurring expenditure.

NATIONAL HIGHWAYS

Five National Highways-Madras-Calcutta Road, Madras-
Bangalore road (via) Chittoor, Sholapur-Hyderabad-Vijayawada road,
Nagpur-Hyderabad-Ananthapur-Bangalore road, and Vizianagaram-
Jagalpur road, traverse through the State of Andhra Pradesh and are
vested with the Government of India. The State is paid agency char-
ges at the rate of 7 1/2% for the execution of works of National High-
ways. The funds provided for this purpose are not exhibited in the
State Budget as they do not form part of State Finances.

Government of India have been providing commensurate grants
for the past four years for the development of National Highways.
With a view to accelerating the pace of work and ensuring adequate
supervision, control and guidance, a separate organisation with a Chief
Engineer was set up two years back to concentrate on the development
of National Highways and to improve the quality of work.

Several major bridge works like Kandaleru, Thandava, Varaha,
nakavali, etc., are in good progress along with the approaches. It is
imperative to complete the approaches and the bridge works expediti-
ously so that they may become serviceable to the public.

A loan of nearly Rs 80 00 lakhs was given to the contractors
to purchase essential equipment like hot-mix plants and pavers for the
execution of B T. Macadam work. The Government of India also
have given a loan of Rs 73 15 lakhs to the State for the purchase of
machinery to speed up the progress of work on National Highways.
At present, there are 10 hot-mix plants and pavers working in the State
and most of the works are in full swing.

A special word needs to be mentioned with regard to the budget
provision for 1974-75. Owing to their own financial stringency, the
Government of India have released only an amount of Rs 3 6 crores
for 1974-75 as against the budget proposals for Rs 9 crores, sent by us.
No new works could, therefore, be taken up during the year. Owing to
vigorous pursuit with the Government of India the allotment has just
been enhanced by another Rs 60 lakhs.

CENTRAL ROAD FUND WORKS.

The Government of India have constituted a fund known as
'Central Road Fund', the proceeds of which are derived from the
motor spirit taxes imposed by the Government of India. The amounts
Thus accumulated are released to each State by the Government of India for the work approved by them. The expenditure incurred under this head during the IV Plan was Rs 140.8 lakhs. The expenditure up to the end of December, 1974 during 1974-75 was Rs 21.53 lakhs against an allotment of Rs 25.7 lakhs by Government of India.

The Government of India have indicated an allocation of Rs 142.25 lakhs for works in Andhra Pradesh for V Plan period. This amount is hardly sufficient for works in progress and other residual commitments on incomplete works. The Government have also made out a case for Rs 311 lakhs to be allocated to State under Central Road Fund. This is under correspondence with the Government of India. List of new works proposed to be taken up in Fifth Plan Period will be finalised depending upon the overall grant of Central Road Fund works to be released by Government of India.
