ANDHRA PRADESH LEGISLATIVE ASSEMBLY DEBATES
OFFICIAL REPORT

Thirtyfifth Day of the Fourth Session of the
Andhra Pradesh Legislative Assembly

ANDHRA PRADESH LEGISLATIVE ASSEMBLY

Thursday, the 13th March, 1975

The House met at Half Past Eight of the Clock

(Mr. Speaker in the Chair)

ORAL ANSWERS TO QUESTIONS

A. C. B. Enquiry against the former Special Officer,
Municipal Corporation of Hyderabad

*31—

6136 Q.—Smt. J. Eshwari Bai (Yellareddy) :— Will the Chief
Minister be pleased to state :

(a) whether the A. C. B. enquiry against Mr. C. N. Shastri,
former Special Officer, Municipal Corporation of Hyderabad has been
completed ;

(b) if not the reasons therefor; and

(c) if the enquiry is completed whether the Government will
place a copy of the enquiry report on the Table of the House?

The Chief Minister (Sri J. Vengala Rao) :—

(a) The enquiry involves scrutiny of several voluminous records
of the Municipal Corporation of Hyderabad, examination of several
witnesses and analysis of technical matters relating to engineering works.
Hence, the enquiry is likely to take considerable time.

(b) No, Sir.

An asterisk before the name indicates confirmation by the
Member.

J No 76

(107)

76—1
Sri A. Sreeramulu (Eluru) :—Enquiry has been ordered in 1973. It means, two long years have already passed, and according to Chief Minister's statements, seven charges have practically been proved, and he says there is a prima facie case. When that is so, why the Officer was not placed under suspension. Why do we depend on somebody else recommendation, when there is prima facie case and charges proved. If the A.C.B. has taken two years, either the A.C.B. has to be strengthened or given a new direction; because two years is very long time.

When will this Enquiry be completed; what steps the Government would take to ensure that the enquiry is completed atleast in another two months?

Sri C.V.K. Rao (Kakinada) :—What were those charges on which a prima facie case has been made out? Who was the Officer

Incharge at the time the A.C.B. Enquiry started. Whether the same Officer is there for the last four years?

Sri J. Vengal Rao:—There are seven charges:

1. Sri C.N. Sastry, I.A.S., Special Officer, Municipal Corporation of Hyderabad, in collusion with two others, in abuse of his

Oral Answers to Questions.

official position, showed favour to a group of Contractors by allotting them work worth lakhs of rupees, even though they were not the lowest tenders and had not remitted the earnest money in respect of the works.

2. Sri C.N. Sastry, I.A.S., Special Officer, Municipal Corporation of Hyderabad, in abuse of his official position, leased out the slaughter houses of Amberpeth and Jiaguda, to bidders other than the highest bidders and thereby caused loss to the Municipal Corporation of Hyderabad.

3. Sri C.N. Sastry, I.A.S., Special Officer, Municipal Corporation of Hyderabad, in abuse of his official position acquitted by a corrupt motive failed to carry out the directions of the Government against M/s Randha & Brothers.

4. Sri C.N. Sastry, I.A.S., Special Officer, Municipal Corporation of Hyderabad, showed favour to one Pratap Engineering Company Hyderabad, by directly purchasing three-wheelers Tempos without prior sanction of the Government.

5. Sri C.N. Sastry, I.A.S., Special Officer, Municipal Corporation of Hyderabad, in collusion with another showed favour to M/s Standard Construction Company, in letting out the work of forming flexible over C.C. Road, leading from Musheerabad to Narayanguda, over and above 7% of the estimated rate and also permitted use their own betterment contrary to the normal conditions.

6. Sri C.N. Sastry, I.A.S., Special Officer, Municipal Corporation of Hyderabad, in the year 1970, in collusion with another, called for tenders for constructing multi-storeyed buildings in Yadgar Hussaini Kunta, but later cancelled the tenders and refunded the earnest money deposited by the tenderers, and after a lapse of two years allotted this work to his favourite Contractors without re-calling Tenders and without earnest money being deposited by them.

7. Sri C.N. Sastry, I.A.S. Special Officer, Municipal Corporation of Hyderabad, promoted a U.D.C. to the post of Superintendent-cum-Reporter, ignoring to the seniority of others.

These are the seven charges. If you want I will place them on the Table of the House.

Dispute Between Local Hindus and Muslims of Kandukur Village

332

* 6198-A.—Sri M. Adinarayana Reddy:—Will the Chief Minister be pleased to state:

(a) whether it is a fact that there is a dispute between local Hindus and Muslims of Kandukur village, Kandukur taluk, Prakasam district in respect of 'Jandah chettu';

(b) whether the Government are in receipt of a petition from Dr. Sultan Mohiuddin of Kandukur along with the covering letter of Sri M. Adinarayana Reddy, MLA, in respect of the said matter during 1974 on behalf of local Muslims;

(c) whether any enquiry has been made in the matter;

(d) if so, whether the substance of enquiry will be furnished to the House;

(e) whether there are any complaints against local officials in this matter; and

(f) if so, the action taken by the Government thereon?

Sri J. Vengala Rao:—(a) Yes Sir.

(b) Yes Sir.

(c) Yes Sir.

(d) The substance of enquiry is placed on the table of the House.

(e) & (f) The complaint against the local Police officials was found to be not true on enquiry.

SUBSTANCE OF ENQUIRY

(Vide answer to clause (d) of L.A.Q.) *6198-A

There is a 'Jandah tree' in Kandukur town. It has been in existence from a very long time and around it a square pial was constructed long back with Cuddapah slabs. There is also a wall on
western edge of the pial with niches on the eastern (inner) side for placing lights. The local muslims have been placing 'Jandahs' over this tree and have been celebrating 'Gandhamahotsavam' every year with active participation of both Muslims and Non-Muslims. As the wall on the western edge of the pial came into disrepair and likely to collapse, the muslims took up the construction of a new wall on 19-8-74 conforming to the old pattern. Some of the barbers who were attending to their profession in the open space on the western side to this wall objected to the said construction with the instigation of Village Munsiff and Sarpanch, Kaudukur. Further they have also given a representation to the Sub-Inspector, who inspected the spot on 23-8-74 made enquiries in the matter and asked the muslims to carry on the construction subject to the condition that they should conform to the old pattern and specifications of the wall. on 25-8-74 when the construction of the wall rose upto a height of about 5', the village Munsiff and his men threatened the muslims with dire consequences if they proceed further with the construction of the wall. The attempt of the Sarpanch to change the name of the tree into that of 'Mahalakshmi tree' did not succeed as many members objected to it. In view of the above position the Village Munsiff and his supporters filed a suit in the Court of the District Munsiff, Kandukur on 4-11-74 for the grant of temporary injunction restraining the Muslims from undertaking any new construction and interfering with the tree. The defendants represented to the court that the Village Munsiff and his supporters has nothing to do with the tree in question. The District Munsiff passed order on 4-11-74 to maintain 'status quo' till court pass final orders. In the meanwhile a compromise has been reached between the two parties on 23-1-75 to the effect that the construction of the wall may be raised to its old height, that the Muslims may carry on their worship etc. as before, that the barbers may continue their profession at the place as before and that the civil suit be withdrawn. The matter is thus settled amicably and there is no communal tension at present.
Oral Answers to Questions. 13th March, 1975. 113

Q. 5. Whether any steps have been taken to implement the recommendations of the Surpanch and Village Munsiff of Kandukur surprisingly violated the peaceful settlement?

A. 5. I am sorry to represent that the present Surpanch and village munsiff of Kandukur surprisingly violated the peaceful settlement.

Q. 6. Whether any steps have been taken to implement the recommendations of the Surpanch and Village Munsiff of Kandukur surprisingly violated the peaceful settlement?

A. 6. Whether any steps have been taken to implement the recommendations of the Surpanch and Village Munsiff of Kandukur surprisingly violated the peaceful settlement?
Sri A. Sreeramulu:—The letter is dated 14-2-75 and answer is being given by the Chief Minister on 13-3-75; it means one month has gone. Why the Secretariat has not brought this to the notice of the Chief Minister. Why the Chief Minister should be in January when he is answering the question in March?

Sri M. Nagireddy (Gurajala):— Village Munsif also is a Government servant; he is involved in this communal tension; he is the man who is creating communal tension. Why not the Government take action against the village munsif?
Mr. Speaker:—The question is postponed.

Mr. Speaker:—That does not arise. We go to the next question.

POSTING OF SHARE CONTRIBUTION OF THE EMPLOYEES IN THE P. F. CARDS BY A. P. S. R. T. C.

333—

*5272 Q.—Sri M. Nagi Reddy:—Will the Minister for Agriculture be pleased to state:

(a) whether it is a fact that the Employees and Employers share of contribution have not been posted in the P. F. Cards from 1965-66 onwards by the A. P. S. R. T. C;

(b) whether it is also a fact that reconciliation of posting in the cards with control ledgers has not been effected;

(c) whether it is also a fact that amount of interest has not been credited to individual accounts;

(d) whether it is also a fact that no record is maintained to watch the unposted credits; and

(e) if so, the action taken by the Government and how long will it take to be brought up to date?

Sri J. Chokka Rao:—(a) The Provident Fund accounts upto 31-3-1968 have been closed and depositors' statements of accounts have been distributed to members. The remaining work is
being pulled up expeditiously by the Specially Cell created for this work.

b) The reconciliation of postings in the cards has been completed upto 31-3-1968 and for the remaining period the work is in progress.

c) The amount of interest has been credited to individual accounts upto 31-3-1968.

d) A record is maintained to watch the unposted credits.

e) The Corporation has created a Special Cell to clear the arrears and it expects to bring the work up-to-date in a couple of years.

8.50 a.m.
Oral Answers to Questions. 13th March, 1973; 117

Oral Answers to Questions. 13th March, 1973; 117

10. Q. Mr. V. Chandrasekhar:—30 acres of land has been purchased in this constituency. Out of the purchase, 3 acres were purchased during the present government. In the same way, 30 acres during the previous government. In the 1972 elections, there were 60 candidates who contested in this constituency. Of these, 40 were elected. 1988 elections there were 60 candidates who contested in this constituency. Of these, 40 were elected. 1970 elections there were 60 candidates who contested in this constituency. Of these, 40 were elected. So, in the same way, 30 were elected.

11. Q. Mr. V. Chandrasekhar:—30 acres of land has been purchased in this constituency. Out of the purchase, 3 acres were purchased during the present government. In the same way, 30 acres during the previous government. In the 1972 elections, there were 60 candidates who contested in this constituency. Of these, 40 were elected. 1988 elections there were 60 candidates who contested in this constituency. Of these, 40 were elected. 1970 elections there were 60 candidates who contested in this constituency. Of these, 40 were elected. So, in the same way, 30 were elected.
PERSONS PUNISHED BY MOBILE COURTS IN TWIN CITIES

334—

*4865 Q.—Sri G. Bhoopathi (Neralla S.C.):—Will the Minister for Agriculture be pleased to state:

(a) the number of persons punished by the Mobile Courts in twin cities from the date of their inception; and
Oral Answers to Questions. 13th March, 1973

(b) the income derived by the R. T. C. through mobile courts?

Sri J. Chokka Rao:—(a) 15,472 persons were punished till the end of December, 1974.

b) Rs. 25,695.05 till the end of December, 1974.

Men:—

Sri J. Chokka Rao:—(a) 15,472 persons were punished till the end of December, 1974.

b) Rs. 25,695.05 till the end of December, 1974.
13th March, 1975. Oral Answers to Question

1. Sri Varadaraju :—Advi Adhvare 300.

3. V. S. Sarma :—Advi. Sarma Reddy :—Advi. Will the Minister for Health and Medical be pleased to state?

4. V. S. Sarma :—Advi.

5. V. S. Sarma :—Advi. Will the Minister for Health and Medical be pleased to state?

VACANT POSTS OF CIVIL ASST. SURGONS IN THE STATE.

*5815 Q.—Sri Nallapa reddy Sreenivasulreddy :—Will the Minister for Health and Medical be pleased to state:

335—
(a) the number of vacant posts of Civil Assistant Surgeons existing in the State by the end of November, 1974; and

(b) why those posts have not so far been filled up?

The Minister for Health and Medical (Sri K. Rajamallu):

(a) 145 vacancies on regular side 101 vacancies under Family Planning Programme.

(b) 145 vacancies of Civil Assistant Surgeons on regular side have since been filled up by making temporary appointments of 145 Medical Graduates in G. O. M. S. No. 195 Health dated 4-3-1973. As regards the 101 vacancies under Family Planning Programme, these posts cannot be filled up as the Government of India who are meeting cent percent expenditure on these posts, have imposed cut in allocation of funds under Family Planning Programme.

Sri A. Sreeramulu:—What is the basis on which the Selection of the candidates has been made for the temporary appointments?

Sri K. Rajamallu:—The basis, I have already explained. Keeping in view the number of Medical Graduates, and the availability of vacancies, and their numbers in each district, the appointments are made.

Sri A. Sreeramulu:—It is a highly complicated method. I have not understood.

(No reply)

Is this not violative of Article 16 of the Constitution, because Government has absolutely no right to select people from a particular area and post them to a particular area. Secondly, is the merit the criteria or the year of passing the criteria?

Sri K. Rajamallu:—Year of passing is the criterion. I have already stated that the appointments were made on ad-hoc basis. Again these candidates have to go to Public Service Commission and complete all the other formalities.

Mr. Speaker:—They have not abandoned. The cut has been imposed on allocation of funds.

Sri K. Rajamallu:—How can we do that unless we get financial aid from Government of India. We are trying to get the aid restored. As soon as it is restored, we will take action.
Sri Pamchandra Reddy:—There are about 1800 non-employed Medical Gr. duates. Whether the Government will consider the suggestion of grouping a few villages and appointing them temporarily; or a group of villages, and give them compensatory allowance, till they get regular jobs.

Sri K. Rajamallu:—I have already mentioned in my Budget Speech, that we are going to utilise the services of all these unemployed Doctors.

Sri K. Rajamallu:—It is under the active consideration of the Government. Very soon we are going to take a decision.
Sri Syed Hasan (Charminar):—Sir, all over the globe, even in the advanced countries our Medical Graduates were welcomed. But even they are being refused just as the Engineers from India.

Yesterday, the Minister said that he was thinking of reducing the number of Medical Students. Since the time he has taken over, he had been promising he would fill up the vacancies. But when would that be done?

Sri K. Rajamallu:—We have filled up almost all the posts, excepting one or two which required Specialists. That may be here and there.

As far as the reduction in the intake of students is concerned, this problem is very seriously being looked into, and I would invite suggestions from all the Hon'ble Members when we are about to participate in the Budget Discussion. Then I will be able to give my mind as well as the Government's.

Sri D. Venkatesam:—The Hon. Minister said that he has told everything about the skilled people and how to employ them. So far the Demand has not come to the House. In this connection I request the Minister to say what are the proposals before the Government to utilise these skilled people and on what basis and on what lines?

Sri K. Rajamallu:—Is it about the Medical Graduates?

Sri D. Venkatesam:—You said that some 1800 people are still unemployed.
Sri K. Rajamallu:—You have not gone through my Budget Speech. It is to-day.

Sri D. Venkatesam:—Kindly enlighten us.

Sri K. Rajamallu:—Yes.

9-20 a.m. **NO. OF POSTS EXISTING IN THE INTERMEDIATE CADRE IN HEALTH AND MEDICAL DEPARTMENT**

336—

*5589 Q.—Sri Nallapareddi Sreenivasulreddi:—Will the Minister for Health and Medical be pleased to state:

(a) the number of posts existing in the intermediate cadre i.e. between Civil Assistant Surgeons and Civil Surgeons in the state; and

(b) whether there is any proposal to increase the number of posts in the Intermediate cadre?

The Minister for Health & Medical (Sri K. Rajamallu):—

(a) 100 Posts of Deputy Civil Surgeons between Civil Assistant Surgeons and Civil Surgeons in the scale of Rs. 600-1000 have been created recently in G.O.Ms. Fo. 67, Health, dated 28-1-1975.

(b) The cadre itself has been created only recently. Immediately there is no proposal as such. However it will be taken up for consideration as and when the finances permit.
Sri N. Amaranatha Reddy:—Whether ad-hoc rules were framed for the intermediary posts or not? Whether the intermediary cadre applies to Dental Faculty also?

Sri K. Rajamallu:—Ad hoc rules have been framed and they have been sent to the Government. They are under consideration. Within a couple of days they are coming out. According to the decision taken we that are going to take up the implementation of the 100 posts. It applies to Dental Faculty also.

Sri S. Jaipalreddi (Kalvakurthi):—When the Government admits that the financial implication to increase the number of 600 posts, is only Rs. 2 lakhs and odd in the financial year 1975-76, why not the Government make a commitment to this effort right now?

Sri A. Sriramulu:—The figure Rs. 2 lakhs need not be so very sacrosanct. After all it is an approximate figure. I am sure the Finance Department would exaggerate this figure and make it impossible either for the Health Minister or the Chief Minister to accept it. There is a way of calculating the expenditure. The Finance Department takes the average of the new scale. They don’t take what exactly is the additional money that is likely to go into the pands of the Doctors and that is not worked out. Most of the Doctors are already drawing more than Rs. 600/—That is why I want to ask the Minister, whether he will prepare a list of all the Doctors who are eligible for this post with the present pay drawn by them and then calculate the additional expenditure to be guided by the averages.

Sri J. Vengala Rao:—In principle we have agreed for this 15%
(a) whether it is a fact that the Board of Revenue has recommended to the Government to bring forth an amendment to Andhra Inams Abolition Act of Andhra Region so as to keep control over the communal Poramboke and Devadaya lands in Inam villages as in the case of zamindars;

(b) if so, the stage at which it stands now; and

(c) whether the Government will bring forth the amendments to save thousands of families who were thrown out of their lands due to the lacuna in the Act?

The Minister for Revenue (Sri P. Narasa Reddy):—(a) *Yes, Sir.

(b) (c):—The Government have decided to undertake legislation for amending the Act suitably. A Bill for the purpose is under preparation.

Sri D. Venkatesam:—May I know what are the recommendations made by the Board.

Sri P. Narasa Reddy:—It is a long list.

(1) The tenants have been customarily possessed of occupancy rights in ryotwari. The provisions of this Act relating to Inams and Inam villages will apply to them.

(2) The Revenue Divisional Officer if he is satisfied that the person has been in possession as a tenant for a number of years, then within six months of the Amendment Act he will grant occupancy rights to the person who has been in possession. Even if he is dispossessed he will be put in possession.

(3) Vesting of communal lands in the Government service was not there.

(4) confirmation of revision powers to the Board of Revenue;

(5) Confirmation of ryotwari pattas on alienees of unenfranchised inams in case where alienees have purchased for valuable consideration.

These are the five points.

The Asst. Settlement Officer is the enquiry officer. They can file an appeal before the Collector. Now we are providing revisionary powers to the Board of Revenue. All the defects shall be rectified.

Sri P. Narsareddy:—I am trying my best. Everything is ready.

Foreign Tour of the Managing Director of the Hyderabad Super Bazar

(a) whether it is a fact that the Managing Director to the Hyderabad Super Bazar went abroad during the year 1974;

(b) if so, the purpose of the visit and the duration of the visit and the expenditure incurred for the same;

(c) whether the said official was given charges of the Super Bazar after his return;

(d) if not the reasons therefor;

(e) whether any other officials of the Super Bazar also went abroad: and

(f) if so, who are they?

The Minister for Co-operation (Sri B. Subba Rao):—(a) Yes Sir;

(b) He was deputed for undergoing training in the development of Consumers Co-operatives in India for period of two months. The expenditure incurred by the Super Bazar, Hyderabad, was Rs. 1,500/ towards his passage to and for between Hyderabad and Delhi.

(c) Yes Sir.
(d) Does not arise.
(e) No Sir,
(f) Does not arise.

Sri Syed Hasan:—In the question (A) is stated as whether it is a fact that the Managing Director of the Hyderabad Super Bazar went abroad during the year 1974. He is telling that Rs. 1,500 was spent. He was on training for two months at Delhi. Is Delhi abroad? That answer has to be given. He was sent to abroad and I request that answer may be given about his visit to foreign countries.

33. Q. —M. N. Abhyuday — Will the Minister for Power be pleased to state: (a) whether the Central Government propose to supply electricity to the Tribal areas in our State sanctioned by the Rural Electrification Corporation under the recently launched minimum needs programme; (b) if so, in which district of our State when this scheme will be implemented; (c) the amount allotted for the scheme; (d) when it will be taken up; and (e) the total number of villages that will come under this scheme?

The Minister for Power (Sri G. Rajayam): —(a) (b) (c) (d) (e) Answer is placed on the table of the house.

ANSWER IN RESPECT OF CLAUSES (a) TO (e) OF STARRED L. A. QUESTION NO. 5857.

(a) The Central Government do not propose to supply electricity to the Tribal areas directly. Schemes prepared by the State Electricity Boards will have to be processed and sanctioned by the Rural Electrification Corporation Limited who will give the loans to the State Electricity Boards for extending supply in the Tribal areas under the Minimum Needs Programme.

(b) The scheme is applicable to all the 24 tribal development blocks of Srikakulam, Visakhapatnam, East Godavari, West Godavari, Khammam, Adilabad and Warangal districts. The following schemes are already sanctioned in our State under the Minimum Needs Programme:
(i) East Godavari district—Rampachodavaram taluk costing Rs. 31.23 lakhs and covering 28 villages of Rampachodavaram and Maredumilli tribal blocks.

(ii) Khammam district—Nellipaka Primary Health Centre Scheme—costing Rs. 5.509 lakhs and covering 8 villages in Bhadrachalam Block, Bhadrachalam taluk;

(iii) Khammam district—Aswaraopet Block in Sathupalli taluk—costing Rs. 49.92 lakhs and covering 32 villages and 22 hamlets;

Schemes in respect of the other districts are under formulation and will be sent up to Rural Electrification Corporation for loan assistance, if found, viable, as per the norms laid down by the Rural Electrification Corporation;

(c) Under the Fifth Five Year Plan, an amount of Rs. 5 Crores has been allotted to Andhra Pradesh.

(d) The schemes mentioned under clause (b) are being taken up for execution in 1974-75. The other schemes will be taken up after they are sanctioned by the Rural Electrification Corporation and on receipt of first instalment of loan from them;

(e) As per the original decision 481 villages in the 24 tribal blocks with a population of over 200 were considered. However, as per the Rural Electrification Corporation's instructions, since the block is to be taken into consideration, schemes are being prepared for as many villages in the tribal blocks as possible if the scheme is technically feasible, and financially viable. Since the schemes are still under formulation, it will be difficult to indicate the number of villages that could be included.

**Schemes in respect of the other districts are under formulation and will be sent up to Rural Electrification Corporation for loan assistance, if found, viable, as per the norms laid down by the Rural Electrification Corporation.**

**As per the Fifth Five Year Plan, an amount of Rs. 5 Crores has been allotted to Andhra Pradesh.**

**The schemes mentioned under clause (b) are being taken up for execution in 1974-75. The other schemes will be taken up after they are sanctioned by the Rural Electrification Corporation and on receipt of first instalment of loan from them.**

**As per the original decision 481 villages in the 24 tribal blocks with a population of over 200 were considered. However, as per the Rural Electrification Corporation’s instructions, since the block is to be taken into consideration, schemes are being prepared for as many villages in the tribal blocks as possible if the scheme is technically feasible, and financially viable. Since the schemes are still under formulation, it will be difficult to indicate the number of villages that could be included.**
Mr. Speaker:—Rs. 5 crores have been allotted under the Fifth Year Plan. The amount would be spent on all those villages.

If the scheme is technically feasible, and financially viable, it will be continued. The expenditure would be spent on those villages.

The amount would be spent on those villages.

Further supplementaries to Q. No. 977 (4728) postponed from 12-8-74.
MANUFACTURE OF BOAT ‘RANI OF HYDERABAD’ AT KAKINADA

Sri D. Munuswamy:—Sir, this question is only for supplementaries.

Mr. Speaker:—Yes. Supplementaries only. Last time it was answered.

Sri D. Munuswamy:—I have received an official report and the report contains number of things If the hon. Member wants any information, I can give.

Mr. Speaker:—But you must have a copy of the report, is it not?

Sri C.V.K. Rao:—It should be placed on the Table of the House.

Sri D. Munuswamy:—The Boat was handed over to Sri D. V. Tirupathi Rao of Coromandal Commerce, Madhavanagar, Kakinada and the boat is still alive. On information, the Officer came to know that there is a board before his House stating that ‘D. V. Tirupathi Rao, Coromandal Commerce’. On information, the Coromandal Commerce is not a registered company and the boat was allotted to D. V. Tirupathi Rao personally.
Sri S. Jaipal Reddy:—I remember when this Question was discussed during last Session, in the last Assembly, we had asked as to why the Government had to sell to a person suo moto. The Government had then agreed to have the matter enquired into, and to place the enquiry report on the Table of the House. The Minister did

not enables us to know the full contents of the report. The Minister is also not able to explain why Government had to sell suo moto; and why the Department did not call for applications.

Sri Munu Swamy:— There was under utilisation and very little inshore service. We gave it suo moto to one D. V. Thirupathi who was.

Sri S. Jaipal Reddy:— The Minister is not properly answering to my so many questions. I do not know how the Speaker be a silent Spectator, when this is the sort of answer. I have asked the Minister to explain as to why the Government had to sell it suo moto. Let us know the contents of the Report. The enquiry is conducted at the instance of the House; and what is the point in not letting this House know the contents of the Report.

Mr. Speaker:— If you want, the Report may be placed.

We have no objection.

Mr. Speaker:— one or two supplementaries may be allowed. But if the Members want further discussion, there is a procedure for it; you may apply.

Sri S. Jaipal Reddy:— Why did the Government not call for applicational, why the Government felt compelled to consider only one application. Why did the Government granted suo moto.

Mr. Speaker:— He has answered.

Sri Munu Swamy:— I request the Hon’ble Member to follow my answers. If he has followed, no supplementaries will be necessary.

Sri C. V. K. Rao:— I am surprised at the answers. The Minister has newly come in the field. We have no objection. We have no objection.
Sri C. V. K. Rao:—Had the Government any objection to 9-50 a.m. offer it to a bonafide fisherman who could use and pay instalments. These genuine people are being exploited and deprived of their due.

Sri C. V. K. Rao:—Let the Report be placed first. A House Committee may be constituted to go into all these things.

Mr. Speaker:—The Report has been called for. The Report is available. The Members may go through it, and then put supplementaries. That would be better. If you want a Discussion, you may apply for that.
Sri S. Jaipal Reddy:—As the Report was not placed we were not in a position to put useful and relevant supplementaries. Therefore, this Question may be postponed and in the meantime the Report may be circulated. Then we may be able to put supplementaries.

Mr. Speaker:—One of the two things you may agree.

Hire purchase is hire purchase. If you want the Report will be placed.

Mr. Tirupathi is a native of Kakinada East Godavari District and the Rani of Hyderabad is also now at Kakinada.

Sri A. Sriramulu:— Despite assertions of the Minister that his answers are clear, I am very badly confused with the clear answers. I want to know from the Minister only one point. He says that this boat has been built with a lot of labour and at a huge cost and since it was a very costly boat, the fishermen were not able to take it and so without advertising it and without calling for tenders it has been allotted to an individual on hire purchase system. What exactly are the objectives of the State Boat Building Yard. Is it one of the objectives to build boats and then sell them to individuals on hire purchase?

Sri D. Munnuswamy:— No.

Sri A. Sriramulu:— It is a flagrant violation.

Mr. Speaker:— Whatever it is, it cannot be helped.

Sri A. Sriramulu:— I am accusing the Government of misconduct.

Mr. Speaker:— I have no objection; you can do anything.

Sri A. Sriramulu:— Here is an admission on the part of the Minister that there is clear violation of the objects for which the yard has been started; it is misused.

Sri C.V.K. Rao:— One hour discussion may be permitted on this, after the report is placed on the Table.

Sri Konda Lakshman Bapuji:— The Minister has offered that the report would be placed on the Table of the House; we shall have an occasion to discuss and I think we will have a better opportunity to assess the conduct of the Government and so on and so forth. Therefore we can stop it now.
140 13th March 1975. Short Notice Questions and Answers.

Complaints against the Liquidator of H.A.C.A.

S. N.340-A.Q;— 6207-M Sri Syed Hasan:—Will the Minister for Co-operation be pleased to state:

(a) whether it is a fact that the City Police had received a complaint on or about February, 22, 1975 that the Liquidator of HACA (the Hyderabad Agricultural Cooperative Association) in connivance with the Registrar of Cooperative Societies had transferred 10 M/T of zinc sheets to a dealer at Secunderabad;

(b) if so, what are its details and the action taken thereon; and

(c) whether it is also a fact that in a similar case when the material supposed to have been allotted to Bansilalpet Labour Contract Cooperative Society was diverted to a private dealer and on immediate detection, when the matter was reported to the Collector, Hyderabad District he has agreed to hand over the case to the Police but due to subsequent tampering of the file no action was taken?

Sri B. Subba Rao:— (a) On 24-2-75 the godown of Nagarjuna Iron & Steel Traders in Jeera, Secunderabad was raided by the Police and 10 tons of zinc sheets were seized. Investigation revealed that the President and Accountant of the District Marketing Society, Medak purchased the material from HACA on 22-2-75 and on the same day there was a disposal to the Nagarjuna Iron & Steel Traders. The President and Accountant of D.C.M.S. Medak and a broker were arrested and later on released on bail by court. Whether the liquidator of HACA connived with the Registrar in this transaction is being enquired into. Investigation is in progress.

(b) and (c) A departmental enquiry was conducted. I have myself examined the matter. This transaction is similar to the one relating to D.C.M.S. Medak. This has also been referred to the Police for investigation and the Police report is awaited. On receipt of the Police report suitable action will be taken.

Sri M. Narayan Reddy(Bhodhan):— Sir, I rise on a point of orders. The subject of this item is also covered by call-attention motion No. 3. So the hon. Members who have tabled the call-attention may be given a chance to put up supplantaries so that we can dispense with the call-attention motion and save time.
Sri Syed Hassan (Charminar):—This is quite a different matter. Is this the first incident that has taken place or are such things happening repeatedly. In the name of co-operative organisations and labour societies, this scarce material is being allotted and it is being sold in the black market.

Sri Syed Hassan:—Is the Minister aware of the fact that these co-operative societies are defunct bodies and they had to pay the government, they had to pay to the bank and knowing all this without recommendation from the District Registrar these zinc sheets have been allotted. Is it correct?

Smt. Sarojini Pulla Reddy (Malakpet):—Sir, some thing most undignified has happened last night. I am sure you would give me an opportunity to explain in this House. A lady was never maligned and I never knew an hon. Member of the House would malign a lady, even in his temper, to that extent. That was horrible; it was almost a shock and I am surprised.

Smt. Sarojini Pulla Reddy (Malakpet):—Sir, some thing most undignified has happened last night. I am sure you would give me an opportunity to explain in this House. A lady was never maligned and I never knew an hon. Member of the House would malign a lady, even in his temper, to that extent. That was horrible; it was almost a shock and I am surprised.

(Sri A. Sriramulu:—On a point of order is it a supplementary or is it a statement.)
Smt. Sarojini Pulla Reddy :— This has never happened.

Mr. Speaker :— I have expunged the whole thing.

Smt. Sarojini Pulla Reddy :— That is true. I only wanted to say, Sir, the Minister has misguided. Kindly ask why he had not sent the file when the Chief Secretary has said that it should be sent to the Chief Minister. Why did he not send? Otherwise the Chief Minister would have got up and explained the whole position to the hon. Member, Mr. Hasan. The Minister is hiding information.

(Interruptions)

In other communities probably it is allowed. The present Registrar is my "sambandi".

Mr. Speaker :— Let us not reopen the whole thing. I have expunged.

(Interruptions)

Smt. Sarojini Pulla Reddy :— That is true.

Sri Syed Hasan :— She cannot accuse me.

Smt. Sarojini Pulla Reddy :— I am not accusing the hon. Member. I only wanted to say—probably he does not know the present Registrar is my "sambandi"—his daughter is married to my son. I have to ask the Minister why he was hiding the fact. Can't he transfer the Registrar if he has done anything; if not he, the Chief Minister could do it. These zinc sheets have been sold in 1970 and 1974 at the rail head. There is the audit report. (Interruptions). Previously, the present Registrar has rigged up all these things because the present liquidator Mr. Paparao has given information and said there should be some enquiry against the Sub-Registrar Mr. Mansoor Ahmed. Why does not the Minister tell the facts.

Sri A. Sriramulu :— She has made a very pertinent point; that is a matter which will have to be gone into because the hon. Lady Member says that there has been some insinuation; that cannot be left so lightly:

Mr. Speaker :— Yesterday it was raised; I have already expunged.

Smt. Sarojini Pulla Reddy :— That is true; I insist that Rs. 18 1/2 lakhs had been misappropriated and the Hon'ble Minister is hiding that fact. Kindly let him bring out the facts. Probably this means indiscipline in the party, but let me tell you, this is a thing which should have been taken to the notice of the Chief Minister. The Chief Minister would have brought the matter to the House.

Mr. Speaker :— Later, not now.
WRITTEN ANSWERS TO QUESTIONS
(Un-starred)

NO. OF NAXALITES SHOT DEAD

361—

4961 Q.—Sri S. Papi Reddy :—Will the Chief Minister be pleased to state:

(a) the district-wise number of Naxalites shot dead in Andhra Pradesh during Naxalite movement in Andhra Pradesh ;

(b) the number arrested ;

(c) the number of cases filed in the courts with total number of accused ;

(d) the number of cases tried so far ;

(e) the number of accused that were acquitted ;

(f) the number of imprisoned Naxalites ; and

(g) the number of them in prisons as under trials from 1969 onwards (year-wise particulars) ?

A.—(a) to (g) The required information is placed on the Table of the House.

2 sent to Karnataka State for cases in that State.
148 18th March, 1975. Written Answers to Questions

PROPERTIES OF SRI S. NAGESWAR RAO, CIRCLE INSPECTOR

302—

4982 Q.—Sarvasri Ch. Parasuram Naidu, S. Lokanandham Naidu and P. Sriramamurthy :-Will the Chief Minister be pleased to state:

(a) whether the Circle Inspector, Sri B. Nageswar Rao aquired at Mardasa the following properties which are proof of his corrupt acquisitions:

1) Acquisition of land in the name of his dauaghter belonging to Samarlakota Ac. 8-33 cents worth more than Rs. 40,000 through a sale deed for Rs. 10,000 only.

2) Taking a Demand Draft for Rs. 6,000 in favour of his son-in-law on 30-5-1974 from the State Bank of India at Mandasa.

3) Discharge of Credit Bills of K. Samba Murthy, Maddi Sreenivasa Rao and others of Mandasa to the tune of Rs. 2,500.

(b) whether the petition was sent in this regard to the Inspector General of Police by a responsible citizen; and

(c) the action taken thereon?

A.—The matter is under investigation Sir. Therefore it is not appropriate to divulge any information at this stage.

MURDERS IN ANANTAPUR DISTRICT

303—

5828 Q.—Sri B. Bassappa:—Will the Chief Minister be pleased to state:

(a) the number of murders committed in Ananthapur district from 1st January, 1973 till 10th December, 1974;

(b) the number of cases among them in which investigation was made and the culprits punished and the number of cases referred;

(c) whether it is a fact that 8 murders were committed in the Ananthapur town recently wherein a woman was also murdered and her ornaments were relieved;

(d) whether it is also a fact that the Police are involved in the said murder case;

(e) the present stage of investigation of the said case; and

(f) the stage of investigation of the case in which a person belonging to Palthuru was murdered while he was travelling in bus in Uravakonda area?

A.-(a) 114.

(b) All cases were investigated. 29 cases ended in conviction and seven cases were referred as Undetectable,
(c) No, Sir. Six murders were reported in Ananthapur I Town Police Station during 1974 (till 10-12-1974), including that of a Woman. It is a fact that the murdered woman was relieved of her ornaments.

(d) No, Sir.

(e) The 3 accused involved in this case have been apprehended stolen property recovered. One of them has been taken as an approver and his confessional statement was recorded by the Judicial First Class Magistrate, Dhamaravaram. The case was charged on 8-1-1975 and is pending trial in R.P.O. No. 3/75 on the file of Judicial Second Class Magistrate, Anantapur.

(f) The case has been committed to sessions and is pending till on the file of the Additional Sessions Judge, Anantapur in S.C. No. 94/74.

RESCUE OF THE WOMEN WHO WERE SOLD TO BROTHEL HOUSES IN BOMBAY

304—

5893 Q.—Sri Nallapareddi Sreenivasul Reddi :—Will the Chief Minister be pleased to state:

(a) the number of women who have been rescued and brought back to Andhra Pradesh by the Andhra Pradesh Police from out of those who were deceived, taken to Bombay and sold to brothel houses during the year 1974; and

(b) the action taken against the persons who deceived those women and took them to Bombay?

A.—(a) Six women of West Godavari District, who were deceived and taken to Bombay and sold to brothel houses were rescued.

(b) Cases were registered against the concerned and are being investigated. All the accused persons who were involved in the cases were arrested by the Police and remanded to judicial custody.

DISTRIBUTION OF ESSENTIAL COMMODITIES BY WOMEN

305—

6068 Q.—Sri M. Nagi Reddy :—Will the Chief Minister be pleased to state:

(a) whether the Government have taken a decision to entrust the women with the work of distribution of essential commodities;

(b) if so, the particulars of the commodities that will be so entrusted;

(c) the date from which the said scheme is proposed to be implemented?

A.— (a) No Sir,

(b) & (c) Do not arise.
BATTERIES FOR THE PANCHAYAT RADIOS

5000 Q.—Sri D. Rajgopala Reddy:—Will the Minister for Finance be pleased to state:

(a) whether it is a fact that the batteries for the Panchayat radios are not being supplied to the Panchayats in Prakasam District;
(b) if so, the reasons therefor?
(c) the amount being collected from Panchayats during the period when the batteries are not supplied; and
(d) whether the Government consider to supply small radio sets in the event of not supplying batteries?

A.—(a) There are two types of Community Radio Sets.

(1) Valve type; and

(2) Transistor type.

There are 313 valve type radio sets in Prakasam District, out of which 308 sets were supplied with batteries without delay. 5 sets were reported to be under dispute. Therefore, battery packs were not supplied. There are 278 Transistor sets in Prakasam District. 140 sets were supplied with batteries. The remaining sets could not be supplied with batteries till December, 1974.

(b) The Dry battery packs for working community Radio sets are being procured through the Director General of Supplies and Disposals, Government of India, New Delhi under the rate contract in force. The packs should conform to the specification laid down by the Indian Standards Institute and the Director General, All India Radio New Delhi to give the optimum performance and life. These packs are manufactured and supplied to the indentors against the supply order under the rate contract. They are not sold in free market. There was delay in receipt of the Dry Battery packs from the manufacturers viz. M/s. Union Carbide India Ltd., Calcutta, against the supply orders of Director-General of Supplies and Disposals due to production difficulties, power cut defence needs, labour trouble and Transport bottlenecks. Besides the delay in supplies, the firm declined to supply 3600 Nos. of Battery packs on the ground that their production capacity was fully utilised under the rate contract in force till 31-12-1974.

Against another supply order issued by Director-General of Supplies and Disposals for 5760 packs for transistor sets on Estrella Batteries Ltd., Bombay the firm has delivered 2070 packs at Bombay for inspection by the Director-General of supplies and Disposals. These packs are expected to be received by the Department by the end of January, 1975. The Director-General of Supplies and Disposals has been requested by the Department to issue supply orders for the quantities not complied with by M/s. Union Carbide India.
Written Answers to Questions. 13th March, 1973. 151

Ltd., and M/s. Estrella Batteries, Bombay under the new rate contract which comes into force from 1-1-75, and arrange for completion of the supply before the end of February, 75.

The Director-General of Supplies and Disposals has been informed of the requirements of Dry Battery packs for the Department and he has been requested that these maps be kept in view while finalising the new rate contract agreements with the firms to ensure smooth and regular supply to the State. The Union Ministry of Information and Broadcasting has been requested to take necessary steps to step up the production of the Dry Battery packs to meet the requirements of all the States.

(c) The following charges will be recovered towards maintenance of C.R. sets from Panchayats.

(d) Small Radio sets do not meet the electrical and mechanical performance requirements prescribed for Community Radio sets by the Indian Standards Institution. Hence they are not suitable for this purpose.

EXEMPTIONS OF INSTITUTIONS UNDER THE CONTROL OF KHADI AND VILLAGE INDUSTRIES BOARD FROM SALES TAX

6007 Q.—Sri M Nagi Reddi:—Will the Minister for Finance be pleased to state:

whether there are any proposals with the Government for exempting institutions under the control of the Khadi and Village Industries Board from the levy of general sales tax?

A.—A proposal of Khadi and Village Industries Board for grant of general exemption of all products manufactured by the Institutions engaged in Khadi and Village Industries approved and financed by Andhra Pradesh Khadi and Village Industries Board from the levy of tax under the Andhra Pradesh General Sales Tax Act, 1957 was examined and not accepted by the Government. However, a proposal to evolve a scheme for granting a subsidy to such Institutions is under examination of the Government in the Industries and Commerce Department.

MECHANISED BRICK MANUFACTURING CENTRE AT GUDUR

5573 Q.—Sri Nallapreddy Sreenivasul Reddy:—Will the Minister for Industries be pleased to state:
(a) whether the Coastal Development Board has provided funds to start one mechanised brick manufacturing centre at Gudur in Nellore District; and

(b) if so, when will the centre come into existence?

A.—(a) The Planning and Development Committee for Coastal Andhra at its V meeting held on 5-10-74 recommended an amount of Rs. 5.00 lakhs for starting a Mechanised Brick Making Unit at Gudur, but the Government could not accept the proposal.

(b) Does not arise.

SETTING UP OF INDUSTRIES IN THE BACKWARD AREAS

309—

5731 Q.—Sarvasri M. Nagi Reddy and Peter Paul Chukka;— Will the Minister for Industries be pleased to state:

(a) whether the Government have decided to set up some large and medium scale industries in the backward areas of the State; and

(b) if so, the nature of industries proposed to be set up and the places where they will be set up?

A.—(a) The Andhra Pradesh Industrial Development Corporation has proposals for setting up such industries in the Backward areas of the State:

(b) The following industries are proposed to be developed by promoting Joint Ventures during the first year of the Fifth Five Year Plan:

FIVE YEARS DEGREE COURSE IN AYURVEDA.

5897 Q.—Sri Nallapareddi Sreenivasul Reddi:—Will the Minister for Health and Medical be pleased to state:

(a) whether the State Government have taken a decision to introduce five years degree course in Ayurveda in Andhra Pradesh; and

(b) if so, when and where the said Ayurveda Degree course will be introduced?

A.—

(a) Yes, Sir.

(b) The degree course commenced from the academic year 1970-71 in Government Ayurvedic College, Hyderabad, Ananta Lakshimi Government Ayurvedic College, Warangal, and Dr. Nori Rama Sastry Government Ayurvedic College, Vijayawada. The intake of courses is 50, 20 and 30 respectively.

UPGRADING OF METPALLY SUB-TALUK INTO A FULFLEDGED TALUK

3388 Q.—Smt. J. Eswari Bai:—Will the Minister for Revenue be pleased to state:

(a) whether the Government have taken decision for upgrading Metpally Sub-Taluk in Karimnagar District into a full fledged Taluk; and

(b) if so, when the Government will implement its decision?

A.—

(a) Yes.

(b) Orders have already been issued in G. O. Ms. No. 240 Revenue, dated 7-3-1974 and they have been implemented with effect from 8-3-74 and the notification has been published in Andhra Pradesh Extraordinary Gazette, dated 7th March, 1974.
DRAWAL OF Rs 40,000 FROM THE TREASURY, NARASAPUR TALUK

319—

4797-Z Q.—Sarvasri B. Yella Reddy, Vanka Satyanarayana and M. Nagi Reddy:—Will the Minister for Revenue be pleased to state:

(a) whether it is a fact that the Tahsildar and the Deputy Tahsildar, Narsapur Taluk, Medak district have drawn Rs. 40,000 from the Treasury during February, March, 1974 towards T.A. to the V.Os. for 1973-74, though the amount has not been sanctioned; and

(b) the action taken by the Government against the Tahsildar, Deputy Tahsildar and the T.C.O. for the unauthorised drawal of Rs. 40,000 from the Treasury?

A.—

(a) Out of a total amount of Rs. 42,000 allotted to the Tahsildar, Narsapur towards T.A. and D.A. to the V.Os for 1973-74, an amount of Rs. 41,893.28 Ps. was drawn in three instalments on the dates mentioned below:

(i) Rs. 37,054.34 S.T.O., Narsapur T.No.88, dated 2-1-1974.
(iii) Rs. 4,065.14 S.T.O., Narsapur T.No. 615, dated 30-3-1974

Total Rs. 41,893.28

(b) Since the Tahsildhar has not exceeded the allotment, no action is contemplated.

PROTECTED WATER SUPPLY SCHEME FOR KANIGIRI

320—

1380 Q.—Sri S. Papireddy:—Will the Minister for Panchayati Raj be pleased to state:

(a) the amount sanctioned for Protected Water Supply scheme for Kanigiri Town, Ongole District;
(b) when was the work started;
(c) the amount spent so far;
(d) the reasons for the delay; and
(e) when will the remaining work be completed?

A.—

(a) The total amount made available for the scheme by way of Government grant and L.I.C. loan is Rs. 11.17 lakhs.
(b) In December, 1971.
(c) An amount of Rs. 8,01,442 was spent upto the end of December, 1974.
(d) The work is in progress and there is no delay. Electricity has to be brought to the source of supply and the Electricity Department is being consulted in the matter.

(e) The work is expected to be completed by March, 1975 if the power supply is made available immediately. A period of two months from the date of giving electrical connection would be required for completing the work.

SUSPENSION OF THE EMPLOYEES OF THE ENGINEERING DIVISION OF PANCHAYATI RAJ DEPARTMENT

321—

4802-S Q.—Sri U. A. Suvarnarayana Raju.—Will the Minister for Panchayati Raj be pleased to state:

(a) the number of employees of the Engineering Division of the Panchayati Raj who have been placed under suspension for indulging in corrupt practices in the District, Division and Samiti level respectively during 1972-73 and 1973-74;

(b) the number of the employees who secured stay orders from the High Court and are continuing in service among them; and

(c) whether the Government will take steps to root out corruption among the Engineering staff of the Panchayat Raj by providing flying squad for this purpose?

A.—

(a) the number of employees of Panchayati Raj Engineering Department placed under suspension during 1972-73 and 1974 is given below:

<table>
<thead>
<tr>
<th>Year</th>
<th>For committing irregularities</th>
<th>Trap</th>
<th>Total</th>

<td>11</td>
</tr>
<tr>
<td>1974</td>
<td>10</td>
<td></td>
<td>10</td>
</tr>
</tbody>
</table>

(b) Five (5).

(c) Corruption cases are referred to the Anti-Corruption Bureau for enquiry. There is no proposal to provide for flying squad for Panchayati Raj Engineering Department.

CONSTRUCTION OF GRAM PANCHAYAT OFFICE BUILDINGS IN NELLORE DISTRICT

322—

5593 Q.—Sri Nallaparaddi Srinivasul Reddi.—Will the Minister for Panchayati Raj be pleased to state:

(a) whether it is a fact that the Government have directly sanctioned the construction of fifteen Gram Panchayat office buildings
under matching grant in Nellore District in November or December 1973; and

(b) whether it is a fact that the buildings have not been completed due to the non-supply of cement?

A.—

(a) Yes, Sir. Sanction was accorded by the Commissioner of Panchayati Raj;

(b) Yes Sir, The non-availability of cement is one of the reasons for non-completion of some of these works.

OIL MILL AT DHoolPET

323—

5706 Q.—Sri M. Nagi Redey:—Will the Minister for Power be pleased to state:

(a) whether it is a fact that an oil mill at Dhoolpet and an Aluminium Utensils manufacturing unit at Chandulal Baradari have pilfered power;

(b) whether they have been detected by the Vigilance Cell of the A.P.S.E. Board on October, 1974; and

(c) if so, the action taken by the Government thereon?

A.—

(a) It is a fact that an Oil Mill of Sri Omkannal at Dhoolpet and an Aluminium Utensils manufacturing unit of M/s. K.R. Industries at Chandulal Baradari were pilfering energy by using counterfeit seals.

(b) They have been detected by Vigilance Cell of the Andhra Pradesh State Electricity Board on 26-9-1974 and 28-9-1974 respectively and provisional assessment notices were served during October, 1974.

(c) Provisional penal assessment of Rs. 2,30,310.80 Ps. on the Oil Mill and Rs. 36,432.80 Ps. on Aluminium Industries has been levied by the Andhra Pradesh State Electricity Board. The service connection of the Oil Mill at Dhoolpet has been disconnected on 15-10-1974 and that of M/s. K. R. Industries at Chandulal Baradari on 10-10-1974 and the same have been reconnected on 17-10-1974 and 15-10-1974 respectively under the direction of the Court.

Bore-Wells in Cities and Towns

324—

2562 Q.—Sri Vanka Satyanarayana:—Will the Minister for Municipal Administration be pleased to state:

the cities and towns in the State that received financial assistance from the State Government for sinking of bore-wells to relieve the scarcity of drinking water during this year?

A.—

A statement is placed on the Table of the House.

TOWN PLANNING AUTHORITY OR URBAN DEVELOPMENT CORPORATION FOR TIRUPATHI

5346 Q.—Sri M. Nagi Reddy:—Will the Minister for Municipal Administration be pleased to state:

(a) whether the Tirumala Tirupathi Devasthanam Board has decided to subscribe a loan of Rs. 1 crore if a Town Planning Authority or an Urban Development Corporation for Tirupathi was constituted; and

(b) if so, the action taken by the Government to constitute them

Written Answers to Questions.
(Unstarred)

A.—

(a) The Tirumala Tirupati Devasthanam Board in its Resolution No. 605 dated 28-8-74 has resolved to help the development of Tirupati by subscribing up to a crore of rupees of debentures, if any floated by the Tirupathi Town Planning Trust after its constitution by the Government.

(b) The question of constituting a Town planning Trust for Tirupati is under consideration of the Government.

**Urban Development Authority for Kurnool Town**

36—

5452 Q.—Sri Ch. Parusurama Naidu:—Will the Minister for Municipal Administration be pleased to state:

(a) whether it is a fact that Kurnool is the only city in Rayalasema region having a population of more than one lakh as per 1971 census; and

(b) if so, whether the Government will consider to set up Urban Development Authority for the fast developing Kurnool city.

A.—

(a) Yes, Sir.

(b) The General Town Planning Scheme (Master Plan) of Kurnool has not yet been sanctioned. The question of setting up of an Urban Development Authority for Kurnool town will be considered at the appropriate time.

**Schools and Colleges Where Home Science Taught**

327—

5265 Q.—Sri Vijayasikhamani:—Will the Minister for Education be pleased to state:

(a) the names of Schools and Colleges in the State where Home Science is compulsorily being taught to girls at present;

(b) whether the Government will take steps to introduce Home Science as a compulsory subject from primary education; and

(c) if not, the reasons therefore?

A.—

(a) In no School or College is Home Science at present taught compulsorily.

(b) No, Sir.

(c) In view of non-elective pattern of Education at the School level now followed and implemented under the National Policy on Education, it is not possible to introduce Home Science as a compulsory subject at the Primary and Secondary stages of Education. However, as of work-experience related to Home Science could be tried out in High Schools for Girls.

POST GRADUATE STUDIES IN P. R. GOVT. COLLEGE, KAKINADA

328—

6123 Q.—Sri C. V. K. Rao:—Will the Minister for Education be pleased to state:

(a) whether Government are aware of the demand of Post-graduate Studies to be introduced in P.R. Government College, Kakinada;

(b) if so, whether there is any proposal under consideration of Government, in this regard; and

(c) if not, the reasons therefor?

A.—

(a) Yes, Sir.

(b) & (c):—Government had considered the proposal to start Post-graduate courses in some select Government Colleges including the one at Kakinada. Since the University Grants Commission is not in favour of starting the Post-Graduate Courses in Colleges (either Government or Private), the proposal has been dropped.

REPAIRS TO THE TANKS BREACHED IN YELLAREDDY

329—

3078 Q.—Smt. L. B. Shwari Bai:—Will the Minister for Minor Irrigation be pleased to state:

(a) the number of tanks breached in Yellareddy in Nizamabad District and repairs not undertaken;

(b) whether there are any proposals to take up repairs to these tanks so that the ryots may be benefited and more foodgrains be produced; and

(c) the minor irrigation schemes taken up in Yellareddy Taluk under the Drought Relief funds and the amount spent and the number of labour engaged?

A.—

(a) & (b):—Eleven Minor Irrigation tanks under Public Works Department were damaged in Yellareddy Taluk, Nizamabad District during the floods in 1970. Out of these 11 tanks, repairs to nine tanks were completed. Regarding the other two, tanks as the damages were of minor nature, they were attended to by the villagers themselves and are functioning also.

(c) List of 11 Minor Irrigation schemes under Public Works Department which were taken up under drought relief programme at an estimated cost of Rs. 2,17,609 is placed on the 'Table of the House' and the upto date expenditure incurred is Rs. 1,85,753 and the labour engaged is 45,439.

A. VENKAT REDDY,  
Minister for Minor Irrigation.
Matters Under Rule 341:

re: Kidnapping and killing of Children in Khammam town

OUTER-HARBOUR OF VISAKHAPATNAM

330—

5716 Q.—Sri Nallapareddi Sreenuvusul Reddi.—Will the Minister for Fisheries be pleased to state:

(a) when will the outer-harbour of Visakhapatnam be commissioned;

(b) the reasons for the delay in commissioning the project;

(c) the number of persons that will get employment; and

(d) whether candidates belonging to Andhra Pradesh will be given preference regarding appointments?

A.—

(a) As per the present indications the Visakhapatnam Outer Harbour Project is expected to be commissioned by the middle of 1975.

(b) The delay is mainly due to separate Andhra agitation in 1972-73 power cut and shortage during 1973 on account of strike by the employees, dislocation in communications and transport system due to above agitation, abnormally severe sea conditions during 1973-74, delays in shipment of certain equipment owing to oil crisis, general slow down of the work owing to difficulty in obtaining spare parts, tyres etc., and short supply of special blast furnace slag cement for marine works;

(c) About 200 technical and non-technical persons may get employment opportunity.

(d) Yes.
Matters under Rule 341:

13th March, 1975

re: Kidnapping and killing of children in Khammam town.

Sri J. Vengala Rao:— Sir, on 25-2-75, a vagabond by name Ghouse Pasha of Cuddapah entered the tea bunk of L. Durgayya when Durgayya and his wife were selling tea in front of the cinema theatre Raghava Mahal in Khammam town; without any motive he cut the throat of a 5-month old daughter of Durgayya who was in a cloth-craddle and carried away the body and threw it in a canal near Niazhazar in Khammam town. The accused was arrested and remanded to judicial custody on 28-3-75; his antecedents are being verified; it is not correct to say that he had attempted to take away another child.

On 7-3-75 one Ch. Siva Prasadarao, a student lodged a complaint that his teenage brother was kidnapped by 3 unknown persons while crossing the railway track on 6-3-75 and put in a gunny bag and left in the latrine of a compartment of Vijayawada - Kazipet passenger train and that he was rescued by some passengers with the assistance of Assistant Station Master at Kshirasamudram railway station. He returned by Hyderabad-Madras Express. The Police registered a case under section 363 I.P.C. and started investigation. There was no motive for the alleged kidnapping and the Station Master Kshirasamudram denied any knowledge of the incident. However all efforts are being made to trace the culprits if any.

T. Apparao, an employee of the superintendent of post Offices, Khammam lodged a complaint that his daughter studying 8th class in the local school did not return home on 9-2-75. Enquiries revealed that she got low marks in her subjects in the half-yearly examination and absconded to Secunderabad and she was restored to her parents on 11-2-75.

Probably on account of the above incidents a wild rumour was set afoul that the children were being stolen. Except these cases no cases of childlifting are reported. However all precautions are being taken by putting men in muti and uniform at schools, railway stations and bus stands.

Calling Attention to matters of Urgent Public Importance:

re: Production of false and bogus certificates by non-scheduled caste persons for admission to Medical Colleges etc.

Sr. K. Rajmallu:— As already mentioned in the statement made by me on 16.8.1974 on the Subject, the Inspector General of Police was requested to investigate into all the cases referred to by the Honble Member in regard to production of false certificates by non-scheduled caste persons for admission to Medical Colleges etc.
Calling Attention to Matters of Urgent Public Importance:

re: Production of false and bogus caste certificates by non-scheduled caste persons for admission to Medical Colleges etc.

Caste Certificates for purposes of admission into Medical Colleges. Out of 12 candidates mentioned by the Hon'ble Member, Police have completed enquiries against three candidates viz., Sri. S. Muralidhar Rao, Sri G. Lakminarayane and Sri Akula Pundarikam. A case was filed against Sri. S. Muralidhar Rao in the Court of IV Metropolitan City Magistrate but he was acquitted. Police have also filed cases against another two candidates viz. Sri. B. Mohan Reddy and Sri P. Veerasena Reddy but they were also acquitted. In the light of these acquittals, the Police are examining cases more in detail and it will take 10.30 a.m. some more time to finalise them.

13th March, 1975. Calling attention to Matters of Urgent Public Importance: re: Production of false and bogus certificates by non-scheduled caste persons for admission to Medical Colleges etc.

Sri K. Rajamallu:—I cannot simply hang a man; because we have to follow a particular procedure and then do something. The case has been referred to C. I. D. and the decision will depend on the completion of that enquiry.

Mr. Speaker:—Immediately he has transferred the matter to the proper authority. Unless, it is completed, he will not be in a position to do anything.

Sri A. Sreeramulu:—It is a responsible statement.

Sri K. Rajamallu:—There need not be any particular M. L. A. or any type of person. The Law is equal.
Calling Attention to Matters of Urgent Public Importance:
re: Steps taken by Government to prevent cholera in the State

Sri A. Sriramulu:—I am objecting to the accusation.

Mr Speaker:—He merely meant, if he were given power, he would act swiftly, against anybody who was involved.

Sri A. Sreeramulu:—The Minister must give his intention of the expression "hang".

(No reply)

re: STEPS TAKEN BY GOVERNMENT TO PREVENT CHOLERA IN THE STATE

The Minister for Health and Medical, (Sri K. Rajamallu):—

The report of Cholera incidence for the week ending 18.1.1975 shows 110 attacks and 22 deaths in the entire State. The incidence was high in Nellore and East Godavari Districts. In Nellore District there were 27 attacks and 7 deaths for the period from 4.1.1975 to 15.2.1975. 3 out of 9 villages viz., Kodur, Chaganam and Tippavarapupadu were severely affected. The Medical Officer of Primary Health Centre and the staff visited all the three villages within 24 hours of the outbreak and preventive measures were promptly taken. 3866 Innoculations were made, 50 houses were disinfected and 38 wells were chlorinated in all the affected villages. There was some resistance on the part of the people in Tippavarapupadu and Chaganam villages to take treatment etc. No cholera cases were reported in these villages after 16.1.1975.

Calling Attention to Matters of Urgent Public Importance:

re: Irregularities in HACA Ltd., in the sale of zinc sheets.

In East Godavari District, three villages viz., Chebrolu Rajamangali and Kadim were affected and there were 20 attacks and 7 deaths for the period from 10.1.1975 to 18.1.1975. The Medical Officer visited all the 3 villages and preventive measures were promptly taken. 1923 inoculations were made, 21 houses were disinfected, and 25 wells chlorinated. No cholera case was reported 18.1.1975 in these villages.

It is proposed to establish one mobile medical unit in each of the 13 endemic districts to control the epidemic. So far we have established one mobile medical unit in Cuddapah District during the IVth Plan period. During 1974-75 two more units have been sanctioned for Nizamabad and another for East Godavari. The remaining districts are proposed to be covered with these units during the V-Five Year Plan subject to availability of funds.

re:—Irregularities in the Hyderabad Agricultural Co-operative Association Limited in the sale of zinc sheets etc.

Sri Syed Hasan:—Before speak, I would like to know that in my call attention, there are three names. But here five or six names are given. Another Call Attention is clubbed with this. I would like to know the gist of that call attention before I speak.

Mr Speaker:—That being identical almost, names have been added.
Calling Attention to Matters of Urgent Public Importance: re Irregularities in HACA Ltd. in the sale of zinc sheets.

Sri Syed Hasan:— I would like to say in brief about the firm of HMCA. Sri Mehdi Nawaz Jung, the earlier Minister and Governor started this to help the agricultural society, the peasants who work on the fields. It was unique of its kind. Much money was spent on this. Later with corrupt officials and with no check, it is now under liquidation. There can be no two opinions as Mr. Rangadas has stated. Let us take this way. We are not custodians of the people. How we can safeguard the interest of the people, that is my point. First of all on the subject, I had raised through Call Attention. To facilitate the petty Labour Co-operative Society, it was allotted 10 tons of scarce Commodity of zinc sheets. The Labour Co-operative Society is a defunct society. It has no funds. It is in default to a Bank and to the Government to the extent of thousands of rupees. The Minister has accepted that it has been referred to the Police. In 1973, the Controller of Steel and Iron has made it compulsory that scarce commodities are meant for the Cooperative societies and they should be allotted to the Coopertive societies only. The Liquidator managed cleverly by allotting these commodities to fictitious societies. All the material has come into the market. I wondered how two opinions could be there about the...
Liquidator. While he was in-charge of Wool Industry, he was involved in a corruption case and it is engaging the A, C, B. I don't want to repeat his corrupt practices; but I would only mention about the Vicarabad and Karimnagar cases. While he was in Karimnagar as Deputy Registrar, the Director of Co-operative Marketing Society, Cirella had written a complaint to the Collector, Karimnagar that this Deputy Registrar has taken Rs. 5,000/- from the Store-Keeper, Vemulawada and he never repaid it and he has misappropriated. He has also taken Rs. 5,000/- from the B-Secretary and Cashier in an Arbitration case. There are enumerable cases of corruption against this officer. He has connived with the Bansilalpet Labour Co-operative Society. The Registrar has come to his rescue and this matter was dropped but later on this matter was taken up by the concerned Minister at Government level. I request that this matter may be referred to the Police for enquiry since the Registrar of Co-operatives is also involved in it and now all the concerned officers should be suspended till the enquiry is over.

Mr. Speaker:— On a call attention, you can only call the attention of the Minister and later on each man take one question but everybody cannot make a statement.

Sri A. Sriramulu:— We are also equally interested in protecting the interests of the society and also ensuring service to the people. There are two points which the Minister has to clarify. The Accountant General has conducted an audit of the society and has come to a conclusion that there has been a loss of Rs. 18 lakhs, because all the stocks that received right from 1967 to end of 1974 were disposed of at the railhead with a margin of Rs. 100/-. What is the action taken by the Department against all the persons viz., the liquidator, the Executive Officer and various other people who have connived in this particular transaction?
Calling Attention to Matters of Urgent Public Importance:

13th March, 1975. Calling Attention to Matters of Urgent Public Importance
re: Constitution of the Committee on Public Accounts for 1975-76.

GOVERNMENT MOTIONS.
Re:— Constitution of the Committee on Public Accounts for 1975-76.

The Minister for P. W. D. (Sri Ch. Venkatarao):— Sir, with your permission, on behalf of the Chief Minister, I beg to move:

"That the members of this House do proceed to elect in the manner required by Rule 273 of the Rules of Procedure and Conduct of Business in the Andhra Pradesh Legislative Assembly 15 members from among their number to be members of the Committee of Public Accounts for the financial year 1975-76."

"That this House recommends to the Andhra Pradesh Legislative Council that they do agree to nominate five members from Legislative Council to be on the Committee on Public Accounts of this House for the financial year 1975-76."

Mr. Speaker:— Motion moved. The question is:

"That the members of this House do proceed to elect in the manner required by Rule 273 of the Rules of Procedure and Conduct of Business in the Andhra Pradesh Legislative Council to be on the Committee on Public Accounts for the financial year 1975-76."

"That this House recommends to the Andhra Pradesh Legislative Council that they do agree to nominate five members from Legislative Council to be on the Committee on Public Accounts of this House for the financial year 1975-76."

The motion was adopted.

Mr. Speaker:— In accordance with the regulations made by me for the conduct of elections and according to principle of proportional representation by means of single transferable vote, I fix the following programme of dates for the election to the Committee on Public Accounts for the year 1975-76.

1. Last date for making nominations........... 1.30 pm on 17-3-75
2. Date of scrutiny of nominations....... 11.30 am on 18-3-75
3. Last date for withdrawal of candidature 1.30 pm on 22-3-75
4. Date on which a poll shall, if necessary be taken........ 10.00 am to 3.00 pm on 25-3-75
CONSTITUTION OF THE COMMITTEE OF PRIVILEGES.

Sri Ch. Venkatarao:—Sir, on behalf of Chief Minister, I beg to move:

"That the members of this House do proceed to elect in the manner required by Rule 279 of the Rules of Procedure & Conduct of Business in the Andhra Pradesh Legislative Assembly, fifteen member of the Committee of Privileges for the financial year 1975-76."

Mr. Speaker:— Motion moved. The question is:

"That the members of this House do proceed to elect in the manner required by Rule 279 of the Rules of Procedure & Conduct of Business in the Andhra Pradesh Legislative Assembly, fifteen members from among their numbers to be members of the Committee of Privileges for the financial year 1975-76."

The motion was adopted.

Mr. Speaker:— In accordance with regulations made by me for conduct of elections according to the principles of proportional representation by means of single transferable vote, I fix the following programme of dates for election to the Committee of Privileges for 1975-76:

1. Last date for making nominations...... 3 00 p.m on 17-3-1975.
2. Date of scrutiny of nominations...... 11.00 a.m on 18-3-1975.
3. Last date for withdrawal of nominations...... 1.30 p.m. on 22-3-1775.
4. Date on which a poll shall, if necessary, be taken ...... On 24-3-1975, in the Committee Room of Assembly Buildings.

GOVERNMENT RESOLUTION

Re:—Election of members to serve on Post & Telegraph Advisory Committee, Andhra Circle, Hyderabad.

Sri Ch. Venkata Rao:— Sir, I beg to move:

"That as the Post Master General, Andhra Circle, Hyderabad has the requested the Government to communicate the name of one representative of the Andhra Pradesh Legislative Assembly for the reconstituted Regional Post & Telegraphs Advisory Committee with effect from 1-1-1975, the Assembly do recommend to the Government to communicate to the Post Master General, Andhra Circle, Hyderabad, the name of the Member elected by the Assembly, to serve on the said Committee."
Mr. Speaker:—The question is:

'That as the Post Master General, Andhra Circle, Hyderabad, has requested the Government to Communicate the name of one representative of the Andhra Pradesh Legislative Assembly for the reconstituted Regional Post & Telegraphs Advisory Committee with effect from 1-1-1975, the Assembly do recommend to the Government to communicate to the Post Master General, Andhra Circle, Hyderabad, the name of the Member elected by the Assembly, to serve on the said Committee.'

11-10 a.m. The motion was adopted.

Mr. Speaker:—I am to announce to the House that for conduct of election to the Regional Post and Telegraphs Advisory Committee, I fix the following programme of dates:

1. Last date for making nominations .. 3. p.m on 17-3-75
2. Date of scrutiny of nominations.. 11.00 a.m. on 18-3-75
3. Last date for withdrawal of nominations. .. 1.30 p.m. on 22-3-75
4. Date on which poll shall, if necessary, be taken. 24-3-75, in the Committee Room of the Assembly Buildings.

VOTING OF DEMANDS FOR GRANTS FOR 1975-76
[DEMAND: MEDICAL AND HEALTH SERVICES]

Sri Syed Hasan:—Before I actually start speaking on Budget Demands, I would like to raise a Point of Order:

In the Budget the figures given are incorrect. The number of persons and other figures do not synchronize for which Government approval is necessary. For certain other figures neither there is Finance Department's approval nor the Cabinet's. Whether the Budget would be accepted as it is, or any Corrections will be carried out?

Mr. Speaker:—You mention those things in your speech, instead of raising on a point of order.

Sri Syed Hasan:—My anxiety is that the mistakes will be carried over. There is a deliberate effort to mislead and deceive the Legislature. The action is not supported either by Rule of Law or decision of the Court. This is the Budget presented by the Health Ministry. The principles of presentation of Budget is to remove irregularities and to provide amenities.
There are 'volleys' of irregularities, which would lead to more frustration. Many of the Posts which have been shown in the Budget have the clearance of neither the Finance Department or General Administration Department.

A Committee had recommended in the year 1967, that there should not be two Departments namely, Medical Department and Health Department; and that there should be only one Office for both. In 1967, actually they were One. But subsequently, the Minister to benefit his 'favourable' bifurcated the Department. Now, it is again one 'but some of the bad legacies still continue. Several Institutions should come under the Head of Accounts of Medical Department but they are shown under some other Heads.

By a cunning device the Telangana employees of Health Department had been deprived of their due. There was an assurance that all the fifteen Posts for promotional purposes will be reserved for Health Officers and Medical Graduates will be promoted as Medical Officers.

I may quote the example of Police Department to elucidate my point. If ten D.I.Gs. actually work in Police Department, the ten others are sent to so many other organisations. Here, in this Department also there was an assurance by the A.G. in writing, but contrary to the assurance of the Advocate General given to the Court, and contrary to Rules, something else is being done to equate the . . . . .

Smt. Sarojini Pulla Reddy:—It is bad to make Institutions. He is accusing without knowing the Minister. If there is anything that could be referred to Party-Leader. With due respect to Members, I make a strong protest.

Sri Syed Hasan:—And do you stage walkout Madam, so that I may continue.

Civil Surgeons, and Leprosy workers belonging to Medical side were transferred to Health Institutes of Preventive Medicine, etc. and the Posts belonging to Medical Department and the personnel transferred to Health Department; and people from other Departments are also being posted.

As you know Sir this matter was brought before the Assembly and the Minister had agreed that the Social Preventive Medicine Professorship . . . .

Sri K. Rajamallu:—What is the objection that you have in making inter-transfers from Medical to Health and vice versa?
Sri Syed Hasan:—It is obvious that thus the persons belonging to Medical Department are being deprived of getting their due postings, promotions, etc. I have also giving a clear analogy, referring to the Police Department and the Posts of Deputy Inspectors of General. While ten posts of D. I. G. will be there, and they will be with the Police Department, the other ten D. I. Gs. will be posted elsewhere thus the seniority of other persons is deprived and they are denied their due. That person of the Social and Preventive Medicine had to go to the court. He won the case. Then to the Single Bench High Court where also he won. And then to the Full Bench. There also he is getting through the case. Leave was also not granted to go to Supreme Court. Government was thinking of going to the Supreme Court. A person with less qualifications and with no teaching experience has been there as Professor and the other person who won the case had been deprived of this and he had to work under a less qualified person.

As I told you, the Budget was prepared most irresponsibly. The Budget Estimates show Rs. 3 crores for the General Teaching Hospitals. There is no sanction of the Cabinet. There is no finance clearance and nothing of that sort. But it had been shown on page 77 and 86 that three posts have been upgraded as Rs. 1300 to Rs. 1700. The existing grade is Rs. 700 to 1100. If Telangana persons is appointed, the grade is Rs. 1200 to Rs. 1400. If Telangana persons are appointed to these posts of Superintendents of Osmania and Gandhi Medical Hospitals, their grade will be Rs. 1200 to Rs. 1400. If others are appointed, it will be Rs. 700 to Rs. 1100. Now it is shown as Rs. 1300 to Rs. 1700. Very recently, almost when the Budget was ready for presentation, it was done. Every time these proposals got clearance from the Finance Department that 14 Principals and Superintendents shall be promoted. If it relates to that upgradation of the cadres, then it should have been 14 and not 3.

The other point is about this T. B. and Chest Diseases Hospital. The Superintendent of that Hospital has also received this grade of Rs. 1300 to Rs. 1700. My objection is and I want you to take it as a point of order also that in the budget proposal which has been mentioned like this, at the time when the Budget was presented, there was no Finance clearance. Could it be possible for the Government to make three posts of this upgrade cadre? I want an answer from you also Sir. I want a directive from you. Is it fair on the part of the Government to do it?

Mr. Deputy Speaker:—The Minister will give you the reply.

Sri Sayed Hasan:—It has not been mentioned about the 14 Superintendents here. Probably, it has to come in the Revised Budget—as 14 Superintendents upgradation has not been shown here.

13th March, 1973

It is clear that there are three Superintendents. It is incorrect and it should be corrected right now.

Another favouritism that is shown by the Government is in the special pays. That has been mentioned on pages 82, 85 and 91. It has been shown that—this is the Appendix to Budget Estimates—for the Superintendent, Government Hospital, Kakinada Rs. 100 special pay; for Visakhapatnam Rs. 100; Principal, Government Medical College, Kurnool Rs. 250/-. Why this special pay? What are circumstances under which these special pays were given to those persons? When others also do the same and equal work, why should they be deprived of this special pay?

The Class I R.M.O.s. posts are five and Civil Assistant Surgeons are 4,500. So, the percentage of promotion to become a Civil Surgeon which is of Class I post of R.M.O. is 0.01%. Now the Government is considering that a person who got the Diploma in Administration should be given these posts. Firstly there are remote chances for the persons to get promotions. Secondly, a person having 25 years experience has remote chances of getting promotion and they are being deprived of it and a new person with no experience and with only a Diploma in Administration is considered for promotion. It is a point to be considered by the Government.

The posts of R.M.O.s. have been shown separately. R.M.O. post of Class I category of the Gandhi Medical Hospital has not been shown. What are the reasons? Why it was not been shown separately is the question that would naturally arise.

The scale of R.M.O. in the Infectious Diseases Hospital has been shown as Rs. 600. This Class II post has been shown as Rs. 400 to Rs. 800. Why it has been shown as Rs. 600? Is it a folly or a mistake that could not be rectified in the Budget?

Now about Assistant Surgeons. The correct grade of the Assistant Surgeon is Rs. 400 to Rs. 800. But the scale of pay of these Civil Assistant Surgeons has been shown on page 89 as Rs. 300 to Rs. 600. It has been shown in the Gazetted list as Rs. 300 to Rs. 600. How this could be in the Gazetted list and how this discrimination between Assistant Surgeon and Asst. Surgeon and from person to person. This is a point to be considered. Don’t you think it would positively add to more frustration of the Medical Graduates if this sort of discrimination is done between a person and another person?

About House Surgeons: On page 92 of Appendix of the Budget Estimates, it was shown that Gandhi Medical College—7 House Surgeons. They get at the rate of Rs. 200 plus H.R.A. of Rs. 10
for six months. First of all, the grade of the House Surgeons should be uniform and they should get Rs. 250. Here it has been shown like that. Why this 6 months and why this Rs. 200 instead of Rs. 250? Clarification should be given by the Minister in this regard.

On page 78 it was stated that Gandhi Hospital 200 House Surgeons in the grade of Rs. 250 plus H.R.A. of Rs. 10 for one year. They would be getting Rs. 350 plus H.R.A. of Rs. 10 throughout the year. In other case, they would be getting only Rs. 200. In Victoria General Hospital, for women, Visakhapatnam—on page 83—it has been shown as Rs. 200 plus H.R.A. of Rs. 10 and that too for six months. Where is the need for House Surgeons in the Colleges is the question that would arise. There is no need for the House Surgeon in the college. They should be in the Hospital and not in the college. Why these persons have been kept and why this, Rs. 200 and Rs. 250 discrimination has been shown. This should be looked into.

For Post-Graduate Students, stipend is fixed at Rs. 300. But on page 91 Osmania Medical College, Kurnool Medical College it has been shown as Rs. 250. What is it? would you like to correct or propose amendments to the Budget Proposals or is it unintentional?

With the increase in work, there should be an increase in the staff also. But we find that step motherly treatment is done to the Osmania Hospital. In Osmania Hospital 2 gazetted posts have been reduced and in Osmania Medical College, 1 gazetted post has been reduced. On the contrary in the Medical College, Visakhapatnam 124 N.G.Os. Posts have been increased; in Guntur Medical College, 82 N.G.Os. posts have been increased; in Tirupathi Medical College, 29 N.G.Os. posts have been increased and in Warangal Medical College 28 N.G.Os. Posts have been increased. In Telangana N.G.Os. Posts are 28. Compared to other regions where hundreds of Posts have been increased, why such a less number has been increased in Telangana region? Why should there be such a discrimination? It has to be looked into.

Intermediate cadre: It is Rs. 600 to Rs. 1000. 100 Posts have been sanctioned. Actually they do not exist anywhere. Selection Grade to Civil Surgeons also, after the Intermediate Grade of Rs. 600 to Rs. 1000 should be Rs. 1100 to Rs. 1500. When the proposals were submitted to the Cabinet, they had forgotten this. Therefore, it does not exist. The proposal does not exist anywhere. This is the efficiency of the Government. The Government has to take up.

11.30 a.m. Another point is that the Medical Officers in Panchayathi Raj have to work under the Block Development Officers. The B.D.O’s salary is very much less than the Medical Officers. there was always a tussle. Therefore, it is high time the Government should take action
and propose amendment to the legislation and see that this Budget of
M.G.M Hospital, Warangal Rs. 6.42 lakhs, other Dispensaries
Rs. 236.80 lakhs and Family Planning Rs. 2.98 lakhs, be transferred
to the Medical Department, so that effective work can be done and
this tussle between these B.D.Os. and the Medical Officers would come
to an end.

Looking into the Budget Proposals for the Family Planning, it
looks as though the Government had abandoned to the idea of Family
Planning. A meagre budget has been provided. It looks as though
all expenditure is on the establishment and their proposal for actual
Family Planning is nothing. So, the Government had to look into
this aspect also.

Similarly, the Budget for Osmania Hospital is very meagre. We
have to admit this fact, that the Osmania Hospital is an Hospital for
the Metropolitan City and for persons from all over our State and
also from other States who come and live here and it is a prestigious
Hospital and the Budget should be increased. The position now is
that the budget is passed and the amounts are released for last year’s
bills, immediately after making these payments, no amount is left and
nothing positively would be spent on the patients. On the contrary,
Sir, since the time the present Superintendent of Malakpet Police Hos-
pital has taken over charge, favouritism has been shown by the Director
of Medical Services and a huge budget is allotted to that Hospital. This
is a small hospital. There is no comparison to any other Hospital like
the Niloufer or any other Hospital. But it is due to favouritism a huge
amount has been allotted to that Hospital.

In this Note to the Budget, a proposal has been submitted sta-
ting that out-patients would be charged 25 paisa. After all, poor persons
go to the Hospstal for treatment. They have to pay 25 paise. As you
know Sir, under T.B. Seal they have to pay 10 paise. Due to this most
of the out-patients number had reduced. In this case also you are
taking retrograde steps and it is horrible for the peoples Government
do like this.

Similarly what you are spending on Medicines? For a lakh of
out-patients, you spend Rs. 500 which comes to 2 to 5 paise for a
person. But you are charging from these poor persons 25 paise.
That means, it is very clear that the poor persons have no place for
existence in the State.

Even for in-patients, they proposed to charge. I would like to
to say that mostly the Government Servants go there for free treatment.
For those who are not the Government Servants the question arises
as to how you should determine their income. The Doctor would say
"your income is Rs. 100, get out, I won’t treat you." That would be
the fate of the persons whose income treat is less than Rs. 100. If the Minister claims himself a public representative and if he has come from poverty—sticken area, he has to consider this point also.

The Minister has agreed to the demands of the Andhra pradesh Medical Hospital Employees Union; similarly the Hyderabad Services Association, Andhra Pradesh Assistant Civil Surgeons Association, Telengana Asst. Civil Surgeons Association. They have demanded certain thing which I would like to read:

1. Preparation of common seniority lists since 1960;
2. Sanction of Selection Grade of Rs. 500 to Rs. 800 to Rs. 600 to Rs. 1,000— this demand was made in 1964 and till now no action was taken.
3. Reviewing of promotions in the ratio of 1:1,
4. In accordance with the High Court's decision and Government's Order, reviewing non—practice allowance;
5. Reviewing of promotions and appointments to the posts of District Health and Medical Officers.

There could be no two opinions about it. Therefore, it is high time for the Minister to consider these demands.

11-40 a.m.

The pre-professional course in Medical colleges is a waste because it covers Intermediate standard and all that you teach in the pre-professional course is already taught. The staff of the Education department, they teach the students for six months and the remaining months they sit quiet. It is high time this is discontinued because the Intermediate course covers all that which you teach in the pre-professional course. It is better that the staff is sent back to the parent department. That would save the time of the students also.

Then about the M.B.B.S. entrance test. It is said that the Government is thinking of doing away with the present system of conducting tests for the tests. But for the two instances which was due to the Government and the D.M.S., it is the best system and fairness prevailed and deserving students who do not have god-fathers got the chance of getting through the examination. That is the reason why I insist on the system to continue. If this system is removed, then it would lead so many other complications.

Regarding the selections for M.S. and M.D., it is done by selection. A pethedrine addict, Dr. Vijaya Kumar, a person of this type was taken to this field. It is surprising how such persons are taken for Orthopaedic M.S. He is a person who is acknowledged to be pethedrine addict. When he was posted to Nizam Orthopaedics
Hospital, without obtaining the signature of the head of the unit, he managed to obtain the stipend. Similarly in the Osmania Hospital, he is being paid. It is because he is of some officer in the Medical Department?

The system of rate contract business is a farce which has to go. The rate contract is for making purchases of medicines etc. What is being done is the same person submits quotations with different letter heads and the lowest quotation is apparently given to the person who submits the quotations with different letter heads. Regarding the purchase of bread in the Osmania and hospitals in addition to modern bread, they were purchasing from Ex-Servicemen's Bakery. A word was sent to them that if they paid Rs.7,000 they would be able to pay at the enhanced rates. The party could not pay Rs.7,000 and the result was subsequently after three months enhanced rates were paid. This sort of thing should go. Another point I would like to mention about the rate contract is about the purchase of antibiotics. I am told that in case of Chlorostrep, this is a name given by WHO, if that name is used by a manufacturer the price is three times less. For the same drug manufactured with a different name, the cost is three times more. Why not we buy the antibiotics prepared with the original name given by the WHO instead of going in for other names and pay more.

Then under the six-point formula Rs. 9 lakhs were allotted to the Osmania Hospital, Osmania Medical College for the purchase of machinery and it was reduced to Rs. 5 lakhs because it was not spent. I do not know the present position. It is possible that the entire balance of Rs. 5 lakhs also would lapse for not utilising the same. On one side they say lack of funds and on the other side the funds that are allotted are not made use of.

Sir, you yourselves would have seen while to see some of the relatives in the Osmania Hospital there are no blankets, there are no bedsheets and there are no bed pans even the patients are lying there. It is high time the Minister goes into such details and try to minimise the difficulties of the patients.

When the present D.M. S. was the Superintendent of the Osmania Hospital half the quantity weighing 100 kgs. of a particular item is missing. And no action has been taken. It is strange that this sort of capable person are being posted as heads of the institutions. There is one John Lee Fund meant to help the poor employees and patients and Rs. 6 lakhs is there. I would like the Minister to say what is being done to this fund and now it is being utilised.
About the Institute of Preventive Medicine the Additional Director, Vigilance Cell had caught red-handed a male nurse and technician for selling the blood from the Institute of Preventive Medicine. The Minister also confirmed this through a statement dated 28-1-1974. Finally, the Director of the Institute who is supposed to be a favourite of the Government contradicted this saying that it is incorrect and no blood or medicine was sold. I do not know as to why the Government was silent after this statement. The Minister has to give his explanation as to what happened and whether the Director was correct in issuing the statement or not. Something is fishy there, and he has to clarify. Similarly, a bag of maida was seized near Osmania University from a big hoarder and it was sent to the Institute of Preventive Medicine and it was finally reported that no adulteration was there. When the additional Director of Vigilance wanted to go deeper and make further investigation, it was said not necessary. In that case what is the use of having an Additional Director. As said earlier we are spending Rs. 3 crores for it. One sample remains with the person against whom action is taken.

11.50 a.m. As I told you earlier, three samples have to be got. One remains with the person against whom the action is taken. The other sample goes to the Laboratory and the third one remains with the Inspector of Food. All these samples are seized by the Inspector of Food and finally they could be sealed. The proof of its being sealed is that analytic reports proved that there was adulteration. The sample that was sent through court also gave adverse report. It is obvious that this sort of thing exists. The most important persons in this are the Inspectors of Food and Technicians and not the Deputy Director. This Additional Director's post is a waste and the expenditure on him as well. As far as this is concerned, he cannot be the Drug Controller. They changed the designation and later called him the Deputy Controller of Drugs. I suppose the person in charge under the Prevention of Food Adulteration Act should be with the Post-Graduate qualification in Chemistry or in Analytical Chemistry or Food and drugs. But how can a non-medical man should be in that post?

The other day, the Minister had stated in the Assembly that the machines in Visakhapatnam Hospital had not gone wrong and those at Kakinada Hospital had gone wrong because the Medical Officer intentionally did for the private practice. He has red out the statement issued by the Secretary of the Telangana Civil Asst. Surgeons Association and he had said that insinuation and unfounded statement. The Health Minister on the Floor of the House said that the Doctors of Kakinada General Hospital deliberately shut up the X-Ray Plant to divert the patients to private practice. He also said that the sophisticated apparatus could not be repaired and put into work due to
inordinate delay and red tapeism at higher level to release the necessary sanction to effect the prompt repair and replacement. Time and again, whatever the statements made by the Minister, they were contradicted by the Association of the Medical Officers.

The Director of Medical Services have issued an order that transfers of all categories of posts including the peons and scavengers will be done only with the approval of the Director of Medical Services. Similarly the Minister had said that even the transfers of Nurses had been kept in his hand. There are inherent powers to certain officers. If the Secretary wants to do something he has to make a request to his subordinate, in whose hand the powers are there and he cannot issue orders like this interfering into the rights of other officers. This is a serious point to be taken note of.

Sir, thousands of files are lying with the D. M. S. It is clear that it is not being done or could not be done. Therefore it is high time that the Minister should look into the matter and see that the D. M. S. no more exists. There are other reasons besides the issue of such circulars why the D. M. S. should go. He is a patient of epilepsy. He is suffering mentally. He is incapable of looking into matters. I like to quote one or two instances. One instance is that he had written a letter Consul General of Iran. I have got a copy of that letter. How can he write a letter to the Foreign Government or the Representatives of the Foreign Government? A balanced person could not write unless he is so. It is a very deliberate action that he had done. A sound person could not do. It is a proof that he is mentally a balanced person. So, he should go.

About the treatment with Unani, I am sorry to know that people think that it is of Muslims. But it is a method of treatment in Indian Medicine. There is only one Nizamia Unani Hospital. In that most of the wards have been utilised by the Ayurveda Hospital. Those Ayurvedic hospitals are all over the districts. But here in this particular building this Nizamai Unani Hospital is reduced to nothing, which is a deliberate effort. They have also closed Unani Hospitals in Markapur, Kurnool, Proddatur and Guntur and in some other places also, deliberately. They should first of all say that they don't like Unani and they have shut down. If they shut down, they should open new hospital. They should have shifted this Ayurvedic Hospital to some other building. So this is a very clearly biased view of the Government. Unani is not of a Muslim one. It is a brief method of treatment. Thinking that it is a Muslim method of treatment, the Government is behaving like that. In the last speech, the Minister had referred to China and Occupationism. Does he know what is being done in China? So, we should adopt the same method and we should encourage the Indian medicine. Since the time he has taken over, may
I ask, did he at any time visit these Indian Medicine Hospitals or any such hospitals. So, finally I charge the Minister of being corrupt. I would give an instance how the Drug Manufacturers were held how they were let loose. One or two persons came out because of simple bugling and since then no big firm, no big oil mill or no big hotel, against whom action is taken, Only petty persons are being charged. Now he is also taking over the transfers of Nurses, transfers of Assistant Surgeons. It leads to corruption. I charge him that these are corrupt practices. I also charge him of nepotism and favouritism because he is trying to support this Director who is incapable of doing anything. Finally I also charge him of being communal, as you know. In these Unani Hospital, in the transfers and promotions he is very discriminate for the members of the minority community. In Arabic I say.

"سمم - بكم - عم الفهم لا يرون "

He is dumb, deaf and blind and could not understand anything. Similarly I will not be able to get any reply from this Minister. Finally he is going against one thing which the famous poet Anis has said.

"سیب اس کو کھچے تعلیف کے ساتھ کہو نگا -
واجملو دم کا نہیں نہیں نہیر جاوا
جراگ ایکی کہد هر سا متری ہوا کے جا یا "

12-00 noon  Dr. Mrs. Fatimunnisa Begum (Peddkurapadu):—Mr. Speaker, Sir, While supporting whole heartedly the Demand on Health and Medical Services presented by our Honourable Minister for Health, I would like to put forth some suggestions and also take this opportunity to remark on some points.

At the present, the paying patients are being charged by items- X-Rays, Laboratory tests, Operations, costly drugs etc. Each of it is quite high. If anybody pays it is a false income. Therefore a system of charging, on the basis of daily rate of treatment by charging nearly Rs. 10 or Rs. 15 per day, irrespective of the tests, operations and X-Rays, should be done. Many people pay and they will not shirk.

The disparity between Andhra and Telanga Hospital charges has been there for the past 19 years. I want to know when this will be rectified. It has been represented several times. The solution I suggest is that 50% of all beds in major hospitals can be converted in to paying beds with the provision of minimum facilities like providing bath rooms and remove all floor beds. A uniform daily rate may be charged viz., Rs. 5 to Rs. 10/- which will include all charges for X-Rays, Drugs, Operations etc. This will get a revenue of at least
Rs. 1 crore. Besides this, these paying patients need not be provided with diet. So much so, half the diet expenditure will be saved. That will also come to Rs. 2 to 3 crores. The remaining 50% of the beds may be made free beds in both the regions. What is the detailed breakup of expenditure to the Teaching hospitals? The Budget of the City Hospital is much higher than the budget of the peripheral hospitals. In a statement supplied to us by the Health Minister while answering a question, shows that seven hospitals i.e., Osmania General Hospital, Gandhi Hospital, Government Maternity Hospital, Radium Institute, Niloufer Hospital, Sarojini Devi Hospital and E.N.T. Hospital, get Higher budget than the single hospitals in the periphery, which will get a minimum budget requirements. Apart from this there is one more variation. The budget of most of the peripheral hospitals in many areas, had lapsed and this excess amount is added to the City Hospitals. The lapses are not on the part of the Superintendents of the Hospitals. But it is mostly due to administrative red tape. This amount is being reappropriated to City Hospitals. You must all know that the powers in the peripheral hospitals are much less when compared to the City Hospitals. The financial power of the superintendent also is about Rs. 3000/ whereas the Executive Engineer in the Engineering Department has powers upto Rs. 1 lakh. So, the Superintendents may be given the financial powers upto Rs. 50,000 at least.

Coming to the break up of expenditure of the special allotment allotted by the Government of India, are you going to spend it in the City itself or are you going to give a proportionate share to the peripheral hospitals also, I want the Health Minister to answer this in his reply.

Then coming to the number of seats in the Medical Colleges, I would like to point out that there is some anomaly in this. The population of Andhra area is 1.967 crores and there are 400 medical seats-150 in Guntur, 150 in Vizag and 100 in Kurnool, whereas in Telangana 1.58 crores is the population and there are 450 seats-200 in Osmania, 150 in Gandhi and 100 in Warangal. When comes to Rayalaseema the population is Rs. 79 lakhs and the seats are 310. In the Engineering Department the seats are allotted on the basis of population. I want to know why not medical seats? The coming to Guntur itself, Guntur is a centre of the thickly populated Andhra area. This particular General Hospital serves four districts viz., Guntur Krishna, Ongole and West Godavari Districts. Still, this particular General Hospital has not had any extra facilities so far. Apart from this, I would like to mention that when compared to K.G.H. Vizag. this particular hospital is getting the Budget allotment which is much less. I want to bring out to your notice that the daily attendance of
out-patients in Guntur General Hospital is 300 whereas in K. G. H. Vizag is 1100. Because Guntur Hospital serves four districts and because there is a rush in out-patients Department and also there is a very important and intensive coronery unit, I request the Health Minister to consider this problem with the Chief Minister also and see that Guntur General Hospital is developed as the first institution in Andra area. At present K G. H. is supposed to be the first institution.

Then coming to the intermediary cadre, now 100 posts have been sanctioned in the serial of 3170. Already more than that number, they actually reached the new scales of pay due to their age. So I would suggest that this cadre may be at least 20% of the total. The administration of the Directorate must be deconcentrated. Now every year nearly 4000 transfers of Doctors and about 10,000 to 12,000 para medical staff are being done. It is highly impossible and leads to tremendous corruption.

Referring to your Demand Item Nos. 26 to 29 relating to incentives to the unemployed medical Graduates, I would like to mention my personal opinion. This will provide Rs. 500 for the first year and Rs. 400 and so on. This will provide only under-paid employment for the Doctors. According to me, this is no incentive at all. Incentives are to be paid to the existing Doctor in the P. H. Cs to enable them to carry out services in rural areas.

Lastly I will thank the Health Minister for the sanction of Rs. 50,000 as recurring expenditure for the necessary staff for the intensive coronery care unit at Guntur General Hospital. Inspite of telling repeatedly the Director was a bit reluctant to sanction the post of a social worker. According to the Director, the social worker for the Family Planning Department is supposed to look after this district also. Again I am bringing it back to revise your ideas and post a social worker, specially for this coronery unit. The present circumstances of the General Hospital are such there is no x-ray plant functioning in Guntur General Hospital. The plant is as old as 1926. It was brought in 1956. Now it has gone out of order, beyond any repair. Therefore I would suggest the Health Minister to immediately sanction a 500 M.A. x-ray Plant for in-patients and 100 M. A. Plant for the out-patient department.

Coming to the power cut there is a serious power cut to the General Hospital giving rise to deaths, specially in the labour rooms and operation theatre and in the ICCU unit. Therefore I would suggest that a generator may be bought and placed in the Government General Hospital, Guntur to prevent deaths, due to power cut. Coming to Malaria itself, I have got the figures of Guntur district. In Guntur district at present the number of positive Malaria cases during attack
Voting of Demands for Grants for 1975-76.

period and maintenance period have increased immensely in 1974-75 when compared to 71-72. In 1971 the positive cases during attack period were 508. In 1974 they are 2,032, in maintenance phase during 1971 they were 773, positive cases 1974 were 1980. Therefore I suggest that the Basic Health Worker may be given some spray material and some funds may be given at least from the local bodies, if the State Government has not got or the Health Department has not got. Take the help of the local municipal authorities to do some prophylactic treatment for this like spray and other drugs. One more point I would say is regarding the nurses selection which is being done now, is not very correct.

They are given papers in English and asked to write a written paper in English for which they are given 30 marks. I suggest you to revise the system and give them a paper in Telugu, because most of the candidates are S.S.L.C. passed candidates. They are not able to write any single sentence in English. So, in the next selection, you please suggest that the paper for the nurses' selection must be in Telugu so that we can judge their capacity and give them fair chances for their selection. Thank you.

In the House 500 M. M. Madan, Chairman of the Estimates Committee, presided. 10 M. M. N R. S. Shenoy, Member in the House (Minister for Law), seconded the motion. The Committee has not been able to go into every item of the estimates, due to the limited time at its disposal. As usual, the meeting convened at 10 a.m. The honorarium of Rs. 100 was paid to the members. The meeting adjourned at 12:00 p.m.

(Proposed by Mr. A. C. B., seconded by Mr. B. C.)

Mr. A. C. B. moved the following resolution:

That a sum of Rs. 300 be granted for the purchase of necessary equipment for the library.

Seconded by Mr. B. C.

Mr. B. C. seconded the resolution.

The resolution was passed unanimously.

The meeting adjourned at 12:20 p.m.

Voting of Demands for Grants for 1975-76.
Mouth is the gateway of body. It is the only channel through which we can provide nourishment to body. Therefore, it is essential that Dental Surgeons should be immediately appointed wherever there are the General Surgeons and the Gynaecologists. When mouth is infected, i.e. when there is vocal infection it will affect the whole body. Therefore, it must be given special attention and the dental surgeons should be appointed. This profession of Dentistry should be given prominence.

78–19

* Mr. N. D. (Member):— We receive the information that the budget for the year 1975-76 has been framed with a view to providing adequate grants for various purposes. It is expected that the grants will be utilised in a manner that will benefit the people. The total amount of grants proposed for the year is Rs. 400-800 crores. It is hoped that the grants will be utilised in a manner that will benefit the people.

* Mr. J. D. (Member):— We are pleased to note that the grants are being utilised in a manner that will benefit the people. It is expected that the people will be benefited from the grants.

* Mr. K. D. (Member):— We are pleased to note that the grants are being utilised in a manner that will benefit the people. It is expected that the people will be benefited from the grants.

Voting of Demands for Grants

18th March, 1975.

for 1975-76.

The following demands for grants have been considered:

1. Education:
   a. Schools:
   i. Primary:
      - New Primary School
      - Teacher Training
   ii. Higher:
      - College Development
      - Scholarship Schemes
   b. Universities:
      - Research Grants
      - Faculty Development

2. Health:
   a. Hospitals:
      - Infrastructure
      - Medical Equipment
   b. Health Services:
      - Rural Health Centers
      - Immunization Programs

3. Agriculture:
   a. Farmers' Credit:
      - Loan Schemes
      - Agricultural Inputs
   b. Agriculture Research:
      - New Varieties
      - Pest Control

4. Infrastructure:
   a. Roads:
      - Construction
      - Maintenance
   b. Public Transport:
      - Buses
      - Trains

5. Social Welfare:
   a. Old Age Homes:
      - Infrastructure
      - Health Care
   b. Disabled Persons:
      - Rehabilitation
      - Employment Opportunities

The above demands have been considered for approval.

Total: Rs. 259,000,000

Recommendation:
- Approved
- Referred for further consideration

Date: 18th March, 1975

Voting of Demands for Grants for 1975-76.

Advisory Committee on Defence Estimates, 1973-74.

Chairman, Mr. A. K. Goyal.

Meeting held on 13th March, 1975.

The Chairman took the floor and addressed the members.

The members were informed that the agenda was to discuss the demands for grants for 1975-76.

The Chairman thanked the members for their promptness in submitting the demands.

The members were asked to propose the demands for grants.

The Chairman then proceeded to propose the demands for grants.

The members discussed the demands and came to a decision.

The Chairman then thanked the members for their contributions and adjourned the meeting.

The meeting was adjourned at 1.20 p.m.
Mr. Chairman:—Now the House stands adjourned to meet at 4-00 p.m. to-day, the 13th March, 1975.

(Then the House adjourned.)

The House reassembled at 4-00 p.m.

(Mr. Speaker in the Chair)

1-29 p.m.

Mr. Chairman:—Now the House stands adjourned to meet at 4-00 p.m. to-day, the 13th March, 1975.
Sri Ch. Parasaruma Naidu (Parvathipuram) :— Mr. Speaker, there are proposals which deserve both appreciation and in certain aspect depreciation. I have no hesitation in making one statement that this Minister is bringing forth on this department an assertive activity which I have been urging all the while. There are problems of long-standing nature and there are certain problems which do call for very energetic tackling. These problems have been there traditionally and we are faced with a set of officers who are not accustomed to the new order of society which we want to bring forth. Therefore have an attitude which should suit our society and requirements. In one respect this department is very fortunate in the sense that this department also is not headed by an I.A.S. officer. In that case wooden attitude would have been the rule. Therefore, while contributing my bit of appreciation for the dynamic activity that this Minister has brought forward to streamline this department, I first of all pick up one best proposal of his budget demand and that is the institution of honorary rural medical officer. It is really a sign of fresh thinking. I will read out this statement as a very significant statement. The State is producing about thousand doctors every year, but is able to absorb in the Medical Department only 10%. That is the sine-qua-non of the state of things in the entire departments, in the entire Governmental activity. If there are thousand doctors that are produced every year, there are 1,800 already in the unemployment list and in six years there will be 6,000. There are now in each taluk about 20 doctors. Most of them unfortunate of them have no work. Most of them are living below the standard of normal means of livelihood, no decent means of livelihood and now we are

for 1975-76.

adding 7,800. Even dividing between the 200 taluks, 1,800 are now unemployed and it will be adding 9 more. So, 30 for each taluk and this 6,000 means another 30. So, 60 for each taluk. That will be really something unthinkable, something which should be viewed with equanimity. Therefore, I do agree that either we shall find avocation, find avenues of employment or atleast help the parents not to contribute all those earnings to the ultimate frustration of the young boys after emerging out of the colleges. I was suggesting while speaking on the budget in general that some of these technical colleges are better closed rather than allowing the parents to spend all the money and the boys to spend their energies and talents and ultimately find themselves in frustration in the streets for over years and years. Post-graduates are unemployed even till today. After seven years of being vacant, 2,000 of them had been selected for the purpose of training under the Half a Million employment scheme. When 2,000 were selected not even 200 could be absorbed. That is the unfortunate position in which we are. This is a problem which has to be tackled by fresh thinking. The boldness of the hon. Chief Minister will have to be brought forward with its dynamic impact in order to solve this problem. After all we can distribute Rs. 25 crores between various requirements and that is not after all a great function. The real function is to spot these problems and tackle them energetically and dynamically.

In respect of this there is a proposal here which absorbed 800. 800 is not sufficient and the provision of 800 is not sufficiently attractive. It will not keep them in rural area. There is a degradation. There shall be at least a minimum of 500, provided for them by way of contribution to attract them to the rural areas and keep them up and then there is the other question. Not only these graduates, there will be thousand graduates every year. Then that about the Ayurvedic graduates and other graduates that you are producing. We have Homeopathic colleges, I think there are three and one is going to be established. There will be another 1000. So, every year we are contributing 2,000 graduates into the field of employment and unemployment. Employment is 10%. It is there already. So, what is the provision being made of them? You cannot be partial. You cannot forget them. You cannot simply ignore. After all we have so much solicitude for our own systems. We want to encourage those systems and graduates are coming out of it. 4 1/2 years of time is spent upon them and as much money as is spent upon these M.B.B.S. graduates is spent upon those people are to be naïve so, they also shall have to be included in this scheme.

Not 800. You are selecting only villages from each Panchayat Samithi; but select more. Invest more money, that will really relieve frustration in the society. You are spending more on allopathy. There is very good response from the people and they coming forward by paying Rs. 10,600 for a seat. Those two Colleges will better be abolished.
It is a very condemned system. We have condemned it for the last so many years and why they are allowed to be continued? There is a proposal of reduction of seats. Instead of reducing seats in the Government Colleges, those two colleges can be abolished. I say it is a malpractice. They are taking Rs. 10,000 from each candidate. It appears a Gentleman in Kakinada-in respect of Kakinada College had a premium of 25 seats for contributed certain money and establishment of that College and those 25 seats were sold in the market by auction; and therefore it will have to be put down. These two Colleges have to be abolished. There is a proposal to collect 25 Np. from each patient. For this, I have to differ with all strength of conviction. This will certainly lead to a sort of malpractice. After all you will be getting Rs. 35 lakhs but this amount will certainly be misused. We all know that there are so many cases of misuse of such money. Why private practice is allowed? There are coolies and there are persons who can not pay even this 25 Paise. You know the nation's average income is 50 Paise. What that is so, 25 Paise is not a small amount. Therefore, I request that this provision may be dropped.

There is a leprosy control programme. It is a very laudable programme. All lepers should be rounded up. They shall not be permitted to roam about. They shall be brought to a place and they should be provided suitable occupations and absorb them in the society.

Family Planning:—It is my pet subject. To affectively bring about family planning is the mother of our problem. On this front, we have miserably failed. The population of this country is growing by crores every year. Unless we utilise all our sources, it will be very difficult to check this. We must utilise the services of all the unemployed medical graduates. By this you will be solving the unemployment problem the national problem. I have read the Hindu editorial wherein I find that in Kerala to-day that the enrolment of children has fallen down. It has fallen down because, there is a good control of human production and they have succeeded. Why can't we succeed. Our Government cannot claim to be less efficient. It is communist manned Government. Mr. Rajamallu will have to allot more funds for this purpose and make it a successful one. For this purpose, I go to the extent of even appreciating the proposal of Haryana Government which is penalising criminally of the human production beyond certain level. So out of respect to the Hon'ble Chair, I resume my seat.

Voting of Demands for Grants

for 1975-76.

4.30 p.m. The House resumed. Mr. President addressed the House. We have already discussed a number of items that have been debated on the House. The BSRCA, the State Planning Board, the State Irrigation Board, the State Power Corporation, the State Road Board, and the State Horticulture Board have been discussed. We have also discussed the Grant-in-Aid to Ministry of Finance. The Government has so far received Rs. 12,000,000.00 from the proceeds of the sale of rice and sugar. We have also discussed the Grant-in-Aid to the Ministry of Education. The Government has so far received Rs. 6,000,000.00 from the proceeds of the sale of rice and sugar. We have also discussed the Grant-in-Aid to the Ministry of Health. The Government has so far received Rs. 4,000,000.00 from the proceeds of the sale of rice and sugar. We have also discussed the Grant-in-Aid to the Ministry of Agriculture. The Government has so far received Rs. 3,000,000.00 from the proceeds of the sale of rice and sugar. We have also discussed the Grant-in-Aid to the Ministry of Animal Husbandry. The Government has so far received Rs. 2,000,000.00 from the proceeds of the sale of rice and sugar. We have also discussed the Grant-in-Aid to the Ministry of Industries. The Government has so far received Rs. 1,000,000.00 from the proceeds of the sale of rice and sugar. We have also discussed the Grant-in-Aid to the Ministry of Tourism. The Government has so far received Rs. 1,000,000.00 from the proceeds of the sale of rice and sugar. We have also discussed the Grant-in-Aid to the Ministry of Transport. The Government has so far received Rs. 1,000,000.00 from the proceeds of the sale of rice and sugar.
Voting of Demands for Grants for 1975-76.

271

Mr. Speaker, Sir, Members. It gives me great pleasure to move that the following demands for grants for 1975-76 be voted on:

Demand No. 1: Education

Demand No. 2: Health

Demand No. 3: Housing

Demand No. 4: Public Works

I move that these demands be accepted as presented and the necessary grants be voted.

4.40 p.m.
Voting of Demands for Grants

...
13th March, 1975

Voting of Demands for Grants for 1975-76.

4-50 p.m. — The Chairman: — The demands of the various departments for the 1975-76 year are before the members. The 72 demands, which have been numbered from 1 to 72, have been placed on the agenda. The original demands have been numbered from 1 to 72, and the Departmental demands have been numbered from 73 to 145. The Departmental demands have been placed on the table for the members to vote on.

The members were given 30 minutes to deliberate on the demands and cast their votes. At the end of the debate, the members voted on the demands. The results of the vote were as follows:

- Demand No. 1: Approved by 440 votes, defeated by 0 votes.
- Demand No. 2: Approved by 438 votes, defeated by 2 votes.
- Demand No. 3: Approved by 437 votes, defeated by 3 votes.

The demand numbers are as follows: 1 to 72 for the original demands and 73 to 145 for the Departmental demands. The members had the opportunity to amend the demands before casting their votes. The demands were discussed in detail, and the members were able to express their views on each demand. The vote was taken by show of hands, and the results were announced immediately. The members were pleased with the outcome, and the demands were accepted by a large margin.

Voting for 1973-76.

...
Sri A. Sreeramulu:—There is a fascinating sentence in the Budget of the Hon'ble Minister: “It is intended to deliver an integrated package of health, nutrition and Family Planning Services to reach the remotest rural areas.” I am asking the Hon'ble Minister for how many more years this will find place in his Speech. When we look at the Budget we see that there has been an increase of only 35% in 1973-74, whereas in Police Department the increase is 37%. This shows the prominence that is given to Police thus neglecting the vital (Health) Service. This reflects the true character of our Government and the State. When that is so I am asking the Minister for how many more years it will be only so.

I now come to the present administration. The administration of a highly important and very essential service is, unfortunately, in the hands of wrong persons and if at all one wants to cite an example of a badly mis-management institution and Government Department, it will be the Medical Department. This department needs devotion to duty and dedication. Persons who come to this profession should have some sort of service spirit. They must alone fine place in this Department. Unfortunately, the main functions of both the Director of Medical Services and our Hon'ble Minister are transfers and appointments. This is the most miserable feature as far as I see and even in regard to transfers there seems to be a sadistic pleasure in this department. There seems to be a technique separating wife and husband. Very rarely women accepts service in our state. Just now some of the educated women are coming up and accepting Government service and if both wife and husband are working in the same Department, this Head of the Department takes a particular interest to see that the wife or husband is transferred to places which are at a distance of not less than 300 miles. This seems to be the yardstick in regard to transfers that are being ordered by the Directorate. I am asking the Minister what justification have you got to expect devoted service from persons who are put to mental agony ‘separation’. Is it your object to see that wife and husband do not live together. I can quote hundreds of examples; but I do not want to quote the names of the individuals, there is another peculiar feature ‘misplacement of persons’. A right person must be chosen for a right job. Persons who are specialised in certain fields, their talents are not being utilised. I shall quote only in a summary form. An B.N.T. Ms will be posted for Family Planning. An M.D. (Genl.) will be posted in B.N.T, An Orthopadic M. S. will be posted to chest Clinic. M. S. (plastic surgery) will be posted as a General physician. These are the four categories of misplacements that are taking place in the Department over the past two or three years. If the Minister is interested, I will give names. I am asking the Minister how are you making use the talents, experience and the specialised talents that these doctors have secured ? What is the work that you expect that an Orthopeadic M.S.

for 1973-76.

in a chest clinic? You want to break the chest bones? What exactly the intention of posting an Arthopaedic MS in a chest clinic? It is beyond my comprehension. This is another special feature in regard to transfers. Another feature is that almost all the doctors are thoroughly dissatisfied. There is a deep discontent among the doctors. The Minister may ask the reason for the discontent. The discontent is largely due to the treatment that has been given to the doctors. A doctor is a person who almost heals the human sufferings. But that man is treated as a masonry employee being transferred from one place to another place. His services are not regularised; his increments are not sanctioned and his probation is not declared. This is the confusion that has been created in the administration. 95% of the doctors are thoroughly dissatisfied with your administration. They are in desperate mood and what is good of providing health services, medical services etc. This is a very pertinent point which the Minister will have to bear in mind. The Minister agreed to appoint a Committee I feel the Committee will not do the job. An impartial Tribunal headed by a technically qualified person with an Administrative Office and a Non-official be appointed to go into the confusion that is there in the Department. Allow every doctor, every employee, every A.N.M. Compounder to file a grievance petition and let the Committee complete its work in 6 months so that you can locate where the lacuna lies and the defects can be remedied. This is the minimum that the Minister will have to immediately do. Otherwise, the conditions may deteriorate. A day will come that entire department and the staff may revolt against the Head of the Department and the Minister himself. Even the Minister promised that the present incumbent of the post of Director of Medical Services should be replaced. I demand that should be done immediately. A junior cannot be continued when a senior who has been exonerated of the charges. This is the promise made by the Minister. One month's time is not necessary for that. Restore confidence in the medical profession and restore a sort of self-respect in those who are working in this profession. Don't treat them as the employees but treat them as social workers. If that approach is there, I am sure, there will be a streamlining of the entire Department and most of the heals in the Department can be remedied only by a radical approach. I demand, immediately the present Director of Medical Services must be replaced. There is no alternative; otherwise the Minister will have to quit. The Minister cannot reconcile with this unhappy situation. This is the demand of this House and this is the demand of the people. It is absolutely necessary that the Minister should admit this demand. I appreciate the Minister's frank admission. I must give him his due. He is a man who is over anxious, over ambitious to do certain things. Unfortunately on account of his over anxiety, he admits certain factors and after admission, he is not able.
to vigorously pursue action against the persons responsible. This is inviting lot of comments, lot of criticism. That is why, I call upon the Minister while appreciating your frankness, your plainness, your anxiety to remedy the matters; dont be so forthright in making admissions. When you make an admission, you must have the capacity to punish those people immediately. Without that, there is no point in simply admitting “Yes, this is the fact that X-ray equipment went out of order. It is a fact that these doctors are responsible”. Such statements are not good. It only reflects your over anxiety and on the other hand, these statements are attracting our eliciting protests from so many quarters particularly from the Doctors' Association and Staff Association. That is why you will have to carefully deal with the entire situation because the situation is so bad and the situation is so deplorable. We entirely agree with your anxiety, but the method in which you want to deal with the situation must be changed. This method is not going to solve the problem but on the other hand, it will create problems.

Hospitals: our hospitals are supposed to ameliorate. They are centres of harassment; Something like death-pits for patients to go there. In this hospitals our Minister is proposing to collect Rs. 0-25 from each out-patient. I consider this is a tax on the disease; a tax on the poor. I cannot understand why the Minister is proposing to collect a sort of tax from out-patients. We are collecting lot of money on entertainments and there is another Minister who wants to spend Rs. 50/- lakhs for the promotion of film industry. Is the film industry more important for the State Government than the basic health and eradication of disease of the citizens of the State? I do not know whether that must be given priority. We are going to spend Rs. 60 lakhs on the wonderful so called ‘World Telugu Conference.’ Why don’t you divert that amount and not resort to this scandalous tax on disease, tax on poverty and tax on common man? You are starting with Rs.0-25 now. If we allow you, this will come to Rs. 4/- and every patient is obliged to pay the tax. These are your taxes. There are taxes being imposed by so many individuals and so many forces in the hospitals and with all those taxes put together, your hospital will be reduced to death-pits and no body will dare to enter your hospital. Hospital administration will have to undergo a radical change. Hospitals must become centres where a man gets a sort of new enthusiasm and confidence; but the moment the patient enters the hospital-portel, he losse the confidence and a man likely to live for 6 months will die in 3½ months. That is the way in which our hospitals are being managed.

Coming to the post of Deputy Civil Surgeon, the Minister has made a small comment in his speech. It is not Rs. 2 lakhs that counts; it is not even Rs. 10 lakhs. I am only asking the Minister not to be
Voting of Demands for Grants for 1975-76

18th March, 1975

283

guided by this financial jugglery. There is a special arithemetic for the Finance Department. When it is a question of expenditure, 2 and 2 do not make 4 for the Finance Department, but it makes 8 and when it is a question of income, 2 and 2 makes only 3. This is a special under-written arithemetic of the Finance Department. All the Ministers must be very careful about the ingenious and dubious way in which the financial calculations are being worked out by the finance Department. So it may be Rs. 5 lakhs or may be Rs. 6 lakhs. He should not be scarred with a few lakhs of rupees. After all in a Budget of Rs. 510 crores, what is Rs. 10 lakhs? When you can provide job-satisfaction to nearly 600 doctors that is much more useful investment. It is bound to provide a sort of psychological satisfaction and 600 men will secure job-satisfaction. They will also derive a sense of professional pride. These two things are totally lacking as for doctors are concerned. If you provide these two things, the working of Department will greatly improve.

Honorary Medical Officer: My friend appreciated that it is a good proposal. The proposal is very good but the payment is very poor. Rs.400 or Rs. 500/ per month is a pittance now a days. One Minister does not know the pay of a Chaprasy in the Reserve Bank of India is Rs.800/ p. m. and a man who has spent 6 long years and wasted nearly one lakh of rupees and Government having invested Rs 90,000 in manufacturing that medical graduate, you want to send him to a village, you want him to live a discomfortable place and you pay him Rs.400/ which is not even 50 % of the Chaprasy getting in the Reserve Bank of India or in a private Industrial Firm. That amount is very poor. That is why I have a suggestion in my mind, for the problem of our rural masses and also of the medical graduates. There is no point in sticking to M.B.B.S. Course. We will have to think of a condensed course of 2 or 2½ years in whatever form it may be. Basic and elementary things must be taught to educate men and those people must be recruited in thousands. According to your figures, there is a shortage of doctors to the tune of nearly 10,000 and so you must have a condensed course; recruit them in thounds and send them to rural areas to save the problem. I call the Health Minister to fight with the Finance Minister to stop wasteful expenditure. You are spending Rs. 92,000 on the Governor for his health; who does not do any work. He has been appointed to police the activities of our State Government. He is a police man appointed by the Government of India aud that man's health seems to be more important than the health of the 4½ crores of people. You are spending on the Governor's health Rs.92,000 and on 4½ crores of people you are spending nothing more than 8/- per head. That is way, try to think of condensed short term course- the basic elementary principles of medicine being
taught. The rural masses get immediate assistance at the hands of these medical people.

Coming to Ayurveda, I feel it is very badly neglected subject. No body has taken any care. A sort of step-motherly treatment is given to Anurveda. Just a few days ago, I read a report of W.H.O. Specialist. They are also very much attracted by the Ayurveda. I would request our Health Minister to look in to that report of Mr. Tevene, a French Tourist, who went round our State. He visited Cuddapah and if you read his experiences, they are really accelerated experiences-wounds were healed in 24 hours with indigeneous medicine. So Ayurveda is a very great system. It has been neglected. In this budget, a pittance of Rs. 1.27 crores was allocated. There is supposed to be a Board of Ayurveda. According to this Act, Practitioners are registered and Certificates are given. If you look at Section 1 of the Act known as Ayurvedic and Homeopathic Medical Practitioners Registration Act, 1956—it is revalidated in 1956—when the new state was formed—it is applicable to the Andhra Area. There is a Registrar. He is almost all a dictator. Perhaps the Minister has not seen the Register. He is all powerful. He is exercising powers which are not vested in him. He is exercising the powers of the Government also. Actually certificates are being sold—(literally speaking, they are being sold). The price of the Certificate depends upon the demand and supply. Charges were framed against him. To get of him, he was promoted as Lay Secretary; but he has refused to go as Lay Secretary. He is firmly entrenched the throne of Ayurveda Board because it is highly an attractive job with a lot of fascination. He is printing certificates and selling them in the open market. People not from our State but all over the country are coming to this great Register of Ayurveda Board to obtain the certificates. This is certainly a licence for murder. Licence for murder is being sold freely by the Register. Kindly do somthing with him.

I come next to the Food Adultration. So much is being made in this. Now a Police man has been appointed. There is a tendency as far as this Government is concerned that police man has got greater vigour, greater dynamism and greater imagination to enforce laws. Unfortunately police people were being brought into a technical department like Drugs Control. Here is an order which prescribes for this particular post. Qualifications: A Degree in Pharmacy or a Post Graduate Degree in Pharmacy with Chemistry as special subject and an intimate knowledge of drugs standards and adequate practical experience in the manufacture and testing of drugs. This is the basic qualification that a Drugs Controller should possess; but an IPS man who knows only to use latty in a heartless manner is being brought in to this Department. He is a bone-breaker but your Department is
bone-setter. A bone-breaker has been infiltrated into your Department. This is how the Food Adulteration Department has become a mockery. There is no point in harassing the small traders. We are saying that vigorous campaign has been launched to arrest food adulteration. What is the result? Samples are collected even at the District Headquarters. But we do not have Laboratories to test the samples. Unless we are able to distinguish between sub-standard food and adulterated consumer goods; and unless Government is in a position to establish Laboratories and technically trained people are appointed at various levels, there is absolutely no Point in saying that you are dealing with food adulteration. There is nothing left which is not adulterated. Even the water we drink is contaminated and the air polluted. Do not act with a police mentality, trying to perform the job of technically qualified persons, who do not understand the job.

I am asking the Hon'ble Minister to heed to the sentiments expressed by the Medical profession and advise him not to take blames upon himself in his over-enthusiasm in doing certain things. Do not say: I am looking to the transfers of all the people. Don't take upon yourself the job of an Additional Director, and thus waste your time and energy in such small and frivolous things.

Thank you,

The meeting of the school's council was held on 13th March 1975. The members present included the principal, the vice-principal, and several other members of the council. The meeting was convened to discuss and vote on the demands for grants for the academic year 1975-76.

The first item on the agenda was the allocation of funds for the purchase of new textbooks for the students. The members discussed the necessity of providing the students with updated textbooks and voted unanimously to allocate Rs. 15,000 for this purpose.

The second item was the allocation of funds for the maintenance of the school buildings. The council members agreed to allocate Rs. 20,000 for the maintenance of the school premises.

The third item was the allocation of funds for the purchase of additional furniture for the classrooms. The members agreed to allocate Rs. 10,000 for this purpose.

The fourth item was the allocation of funds for the annual sports day. The council members agreed to allocate Rs. 5,000 for the preparation and execution of the sports day.

The fifth item was the allocation of funds for the construction of a new playground. The council members agreed to allocate Rs. 25,000 for this purpose.

The sixth item was the allocation of funds for the purchase of new laboratory equipment. The members agreed to allocate Rs. 10,000 for this purpose.

The seventh item was the allocation of funds for the maintenance of the school library. The council members agreed to allocate Rs. 5,000 for this purpose.

The eighth item was the allocation of funds for the payment of salaries and allowances to the teaching staff. The members agreed to allocate Rs. 60,000 for this purpose.

The council members closed the meeting by expressing their gratitude to the members for their contributions and by emphasizing the importance of maintaining the quality of education in the school.

Sir, My attention was drawn to the resolution passed by the Assembly, that the total grant was estimated at Rs. 160 crores and the amount to be allocated to the State was Rs. 104 crores. The State Government estimated the amount to be Rs. 120 crores. The State Government had already allocated Rs. 100 crores. I think the resolution 

is not passed by the Assembly.

Yours faithfully,

[Signature]

[Name]

1975-76.

At the rate of 25 paise will be collected for each new patient who has to collect it? Who will maintain the accounts. We are not in a position to understand. Government is also considering the adoption of a uniform policy of hospital stoppages in the two regions of the state. Charges are levied on the patients whose income is over Rs. 100/- for the treatment in the hospital even in general wards, for liversies, medicines and operations etc., in the Andhra region. But in the Telangana region no charges are levied in the general wards irrespective of the income of the patients and even in the special rooms no charges are levied for operations and deliveries etc. A man who works three hours a day he would be getting Rs. 10/- per month. What is the intention.
of the Minister putting these things in his note.

Sri K. Rajamallu:—This is only to remove the disparities between the two regions. Separate systems exist in the two regions. We want to make it uniform. That is why it is mentioned there. I mentioned the two systems existing in the two regions. It is for the members to know about it.

Sri D. Venkatesham: What is the system adopted?

Sri K. Rajamallu:—This will be removed and a uniform system will be introduced.

Sri D. Venkatesham:—The system which you are going to introduce is not mentioned in the para. What is the system which you are going to introduce? What is the system which you are going to introduce? What is the system which you are going to introduce? What is the system which you are going to introduce? What is the system which you are going to introduce? Why should you not fight with the Government, fight with the World Health Organisation and see this is eradicated.

We are not evaluating the work done by each person who is under our control. What is the evaluation? Who is the evaluation authority to assess the work done by those people. For patients and staff there is no proper coordination. There will be some responsible person who will be kept in-charge to serve the food. My constituency Kuppam, is situated at the south end of Andhra Pradesh.

1973-76.

For the past 10 years, I have been requesting the Government to upgrade into taluk hospital dispensaries of 8 beds. The Government has not responded.

We, the people of this area are being given a step-motherly treatment by the other State. If you want to go to district headquarters hospital, it is about 80 miles.

The people of this area are being given a step-motherly treatment by the other State. If you want to go to district headquarters hospital, it is about 80 miles.

M.A. S. Patil, M.P., District Superintendent, Vizianagaram, addressed the gathering.

Sir, it is with great pleasure that I present to you today the demands for grants for the coming financial year. The demands reflect the needs and priorities of the district, and I am confident that they will receive the support of the House.

Among the demands presented, there are several that stand out. The demand for educational grants is particularly important, as it will enable us to provide quality education to our children. Moreover, the demand for health care grants is crucial, as it will help us to improve the health facilities in the district.

I would like to take this opportunity to address some of the concerns that have been raised by the members of the House. I understand that there are concerns about the allocation of funds, and I want to assure you that we have carefully considered all the demands and have made the best possible allocation.

In conclusion, I would like to express my gratitude to all those who have contributed to the preparation of these demands. I am confident that with your support, we can achieve our goals for the coming financial year.

Thank you.

1975-76.

Percentage of patients' attendance was very little.

The whole credit should go to the Assistant Civil Surgeon's Association and Civil Surgeon's Association. That is only in order to make each and every Doctor to get himself established there. It is not a salary at all.

We are not doing anything at all, They are keeping quiet.

Voting of Demands for Grants 1975-76

It is not a problem of our own State. It is a problem of all the States in the country. The big problem was brought to the notice of the Government of India also. The Minister, the Chief Minister, the Government is under the Government of India. The Minister is responsible to the Government of India. We will have to send that Engineer to their firm to get the training from them.

7-30 p.m.

Mr. A. Rama Rao: The equipment was stated to be a wrongly delivered one, and the Minister is aware of the fact. He has made representation to the Minister and we have brought it to the notice of the Minister. No action was taken.

Mr. G. Narayana Reddy: Referring to the HINDU dated 13th, this is what the resolution of the Doctors says about Kakinada. The fact is that this sophisticated apparatus could not be repaired and put into working condition due to delay and red tape of a higher level. It relates to matters-and functions necessary to efficient
Voting on Demands for Grants

for 1975-76.

13th March, 1975

The Committee felt that the Minister would have done well, if only he had taken prompt action on the various representations and suggestions made by the profession to ensure prompt functioning of this apparatus. The attempt to unionize doctors is in no-way helpful to the public cause.

This problem has been confined to one State. But there is need for the country. Several companies have supplied useless equipment and worthless equipment. That company has gone out of existence. Another company has supplied useless and worthless equipment. The then Director of Medical Services was responsible for this. The Committee was never convened and orders were placed with the blacklisted company and worthless equipment was purchased at the last end of the year. This was brought to the notice of the Minister.

Sri Syed Hasan:— In view of the statement read out by Hon. Mend just now and also by me in the morning, will the Minister like to change his statement made earlier in the Assembly? The Association made a statement contradicting the Minister's statement made in the Assembly that it was due to red-tapism.

Sri K, Rajamallu:—Let me conclude my speech, I said on that day also, It was misreported, I said that some of the technicians, not the Doctors. What have the Doctors to do with that? I do not know how it was published.

Sri Syed Hasan:— In view of the statement read out by Hon. friend just now and also by me in the morning, will the Minister like to change his statement made earlier in the Assembly? The Association made a statement contradicting the Minister's statement made in the Assembly that it was due to red-tapism.
Voting on Demands for Grants 13th March, 1973
for 1975-76.

Sri Syed Hasan:—What change have you brought! Only small merchants have been booked, leaving all the big ones who were involved in oil adulteration, etc. No action has been taken against the big Oil Mills.

Sri K. Rajamallu:—You do not know the people who were arrested. How many people we will arrest. They are also human beings. Big people are not in big number. They were arrested under MISA. Will this go on indefinitely. Do the others not take a lesson from what was happening in the society?

Sri Syed Hasan:—Do you mean to say that there is no adulteration?

Sri K. Rajamallu:—Yes. there is no adulteration.

Sri Syed Hasan:—It is a complete lie.

Sri V. Srikrishna:—A patient cannot have his own food, when he is in the Hospital.
Voting on Demands for Grants for 1975-76.

conditions. By what method it really reaches the patients, that we have to see. Why not we do something which is good for many of the patients.

"It is, of course, necessary that the money should reach the patient. But how is it going to be done? It is a source of corruption and corrupt practices in supplying diet."

"Yes, it is essential that the patient receives the money. It should not be a source of corruption."

"It is the responsibility of the management."

"And how are we going to check this?"

"We can have an outsider to keep an eye on it."

"But who is going to pay for this?"

"The hospital can pay for it."

"And how much will it cost?"

"We can estimate it."

"But it is still a burden on the hospital."

"We can take it into consideration."

"I think we should consider it."

"It is a matter of concern."

"I agree."

"It is important to ensure that the money reaches the patients."

"I see."

"It is important to have checks and balances."

"I agree.

"I think we should take it up."

Voting on Demands for Grants for 1975-76.

Sri A. Sreeramulu:—Officers are there. Let them give this information.

Sri K. Rajamallu:—I am sorry, it is not available here.

Sri A. Sreeramulu:—A very useful and vital information as to the money spent on drugs is not available.

Sri Syed Hasan:—You have to hear me. What is it?

Sri Syed Hasan:—He cannot run away with the facts.

Sri Syed Hasan:—My Point of Order is this.

76-27

Sri Syed Hasan:—What is it? This is not your office or house.

Sri K. Rajamallu:—You can put it afterwards.

Sri Syed Hasan:—No. I want to put it now. What is it? Is it your office. Are we your subordinates? You have to hear us.

Sri A. Veerappa:—The hon. member should not demand interrupting and......

Sri K. Rajamallu:—After my speech is over, they can ask me.

Sri Syed Hasan:—He said that in the reduction of medical students he would consult and discuss with us. Now he says a decision has been taken.

Sri K. Rajamallu:—I have not taken a decision. Who said that? Afterwards you can put supplementaries and ask me for information.

Sri A. Sriramulu:—I suggest that the members may reserve all their doubts and questions can be put to-morrow to the Minister and the Minister may be allowed to complete his reply. We will note down all our doubts. Tomorrow when the demand is taken up for voting, let the minister be ready to give us replies for our questions. He may be allowed to go with the reply.

Sri K. Rajamallu:—I suggest that the members may reserve all their doubts and questions can be put to-morrow to the Minister and the Minister may be allowed to complete his reply. We will note down all our doubts. Tomorrow when the demand is taken up for voting, let the minister be ready to give us replies for our questions. He may be allowed to go with the reply.

Mr. Speaker:—As soon as the reply is made, I shall close the proceedings.

Sri C.V.K. Rao:—Let it be very clear, Sir.

Sri A. Sriramulu:—Why not voting to-day itself be taken when the Minister completes the reply. Why voting should be postponed for tomorrow. We don't understand.
Sri Vanka Satyanarayana:—Clarifications and voting should be done today itself.

Sri C.V.K.Rao:—Now the entire thing should have been closed by 7 P.M. according to the time fixed by the B.A.C. It is now 8 PM. We would like to know upto what time the whole thing will go on and whether voting will also be taken.

Mr. Speaker:—Voting will take tomorrow morning.

Sri A. Sriramulu:—Our doubts have to be answered by the Minister. Fix up some time. Let it be 8-15 PM or 8-30 PM.

Dr. Fatimunnisa Begum:—Atleast can you make it 20 per cent.

Sri Syed Hasan:—One month start from to-day.

Sri K. Rajamallu:—Very soon. It is under completion.

This does not belong only to Muslim community at all. It has taken its birth at Greece. It was slowly allowed to go to Arab area, but I want to tell Mr. Hasan that where it has taken its birth officially was given up there, It is no more there. It is only alive in our own country. If at all is alive, it is only alive in our own country and mostly in Hyderabad. That is the state of affairs. Because it was done away with somewhere, we are not going to do that. Some people have got some faith in it. We are giving its due importance and it will be continued.

You have said that so and so is corrupt and you kept quiet. There is no punishment to you at all. Unless and until it is proved there is no justice on your part to throw such wild allegations against such individuals. That is why, so far as the department is concerned we are doing our utmost and we will continue in our efforts and see that the maximum aid is given to the people in rural areas. Thank you very much.

Sri A. Sriramulu:—The Minister and also the Chief Minister have agreed to set-up a Committee to go into the various allegations, malpractices and all that. Today I made a suggestion that in respect of a Committee a Tribunal may be setup so that numerous grievances of the staff can also be heard. The Minister will have to answer that point. Secondly, several times we have complained that huge number of files are there. Those files are pending with the Director. The Minister promised to verify that he did not give us any information and we are persistently demanding that the senior-most should be head of the department. Certainly he should have his place and the junior will have to get back to his original post. By what time is the Minister going to restore the senior man to his post. There is no point in allowing him to retire and perpetuating the injustice that has been inflicted. The third point is in regard to the tin pot dictator, this Registrar of the Ayurvedic Board. The Minister has not said anything. These are the three points on which I want a concrete reply.

Very soon I am going to implement the whole reorganisation of the work. He said about the appointment of the Committee. I have already issued instructions to the Secretary to constitute a Committee, again I will reconsider the whole thing in view of the new suggestion you have made.

Sri A. Sreeramulu:— About the Director, the senior man being restored to his place?

Sri K. Rajamallu:— I told you just now.

Sri A. Sriramulu:— How much time is required. Will it be done before the end of this week. After all justice delayed is justice denied.

Sri K. Rajamallu:— I believe in that. I don't want to do injustice to anybody else.

Mr. Speaker:—In the agenda it is put for tomorrow also. Therefore I will take up the voting tomorrow. It will not take much time.

Sri Syed Hasan:—I had raised a Point of Order.

Mr. Speaker:—What is the Point of Order now?

Sri Syed Hasan:—This morning I raised a Point of Order and you said that after hearing me you would be able to answer. That was, in the budget so many wrong figures have been quoted. For example in Osmania, Gandhi and T.B. Hospitals the grade is Rs. 700 to 1,100. Here it has been quoted as Rs. 1,300 to Rs. 1,700 (only for three hospitals). If the Government had decided to raise scales like this then it is 13th now. After printing and presentation of the budget, has the Government taken a decision. How these wrong figures would come? For example, there are house surgeons. It is decided to give Rs. 250 for House Surgeons for one year. Here, at some hospitals it is Rs. 200. I will quote the pages also. Similarly for P.G. course it is Rs. 300 but for Osmania General Hospital and others it is Rs. 250.

Mr. Speaker:—How does it come under Point of Order.

Sri Syed Hasan:—You have to decide whether it would be accepted. If the budget is passed....you have to take a decision as head of the House.

Mr. Speaker:—I can say nothing. The Minister will reply.

Sri K. Rajamallu:—There are no irregularities at all. As far salaries of three persons are concerned, they are the personal grades. It has been continued since a long time. Afterwards we have changed the whole thing and the people who have been appointed afterwards they are continued with different kinds of scales. There is no difference
at all. There is no irregularity at all. There are no mistakes at all in the budget.

Sri Syed Hasan:—What about the House Surgeons and all that?

Sri K. Rajamallu:—There are no irregularities at all. This Rs. 200 was raised long back. Recently we have increased their stipend also. But there is no difference of scales at all.

Sri D. Venkatesam:—There is no proper distribution of diet. In this connection, will the Hon’ble Minister send any Senior Officer to the C.M.C. Hospital, Vellore and find out the method and procedure that have been adopted in the Hospital, Vellore? Can we have assurance from the Hon’ble Minister regarding the upgrading of the Kuppam Dispensary in the Taluk Headquarters Hospital at least by the end of this year? taking into its backwardness and since it is in the border area?

Sri K. Rajamallu:—I have already said that all the Taluk Head Quarters Hospitals will be upgraded to 30 bedded hospitals. This will also be taken into consideration. About the diet system existing in Vellore Hospital, certainly we will study that system and if that system is really very good, we will copy it.

Mr. Speaker:— The House stands adjourned to meet again at 8-30 a.m. tomorrow the 14th March, 1975.

(The House then Adjourned to meet again at 8-30 a.m on 14th March 1975.)
