(సంఖ్య 12) సిద్ధంచుకోవడానికి ప్రత్యేకంగా ప్రాంతాలలో మార్గం ఉంది. కాని ఎందేసి తయారు చేసుకునే ప్రయత్నం ఎందేయుంది?
Sri A. Sriramulu (Eluru) :- Sir, platitudes cannot solve problems. The Minister says that he has no information about the indebtedness of the Government employees because there is a rule which says that the Government employees should not incur debts. We have conducted a socio-economic survey in Hyderabad City. More than 33% of the employees in Hyderabad City are heavily indebted and according to our rules, they can be removed from service also.
the Government will consider creating some credit facilities for Government Employees also. Because we are trying to provide credit facilities to the rural masses and various other sections through the Scheduled Banks, short-term credit facility equal to three month's pay, whether the Government will contemplate a step of that type so that these people are not driven to money lenders at huge rate.

Sri P. Rang Reddy: — The Government need not create such facilities. The facilities are there for the people as such. Outside the Government service they can as well approach the Banks and get the loans.

Extent of Liberalised Pension Rules to the Municipal Employees

(a) whether the Liberalised Pension Rules and other retirement benefits sanctioned to Government Employees in G.O.Ms. No. 58 Finance dated 27-2-74 have been extended to the employees of municipalities and other Local Bodies, and

(b) if not, the reasons for the delay.

The Minister for Finance (Sri P. Ranga Reddy):—

A.P. Liberalised Pension Rules have been extended to all employees of municipalities and Local Bodies, Liberalised Rules sanctioned in G.O.Ms. No. 58 Finance dated 27-2-74 have extended to non-teaching employees of Panchayat Samithis and Zilla Parishads.

The extension of benefit sanctioned in G. O. Ms. No. 58 Finance dated 27-2-1974 to the other categories of staff to whom A-P Liberalised pension Rules have been extended is under consideration of the respective departments.

Sri A. Sriramulu :— We are told that the matter is being considered by the respective departments. What are those departments which are considering this matter? Since what date are they considering this question?

Sri P. Ranga Reddy :— Sir, with regard to the teaching staff of Municipalities of Andhra, it is under consideration of the Education Department and the teaching staff of the Panchayat Samithis and Zilla Parishads in Andhra and Telangana also is under the consideration of the Education Department. With regard to non-teaching staff of municipalities of Andhra, it is under the consideration of the Municipal Administration Department. This consideration naturally should be since the issue of this G. O. itself.

Sri Kudipudi Prabhakara Rao (Amalapuram);— Instead of dealing them departmental-wise, why not the Government consider the issue in toto taking all departments which are within the purview of the Government?

**7735 (H)-Q-Sri A. Sreeramulu.—Will the Minister for Finance be pleased to state.

(a) whether the Liberalised Pension Rules and other retirement benefits sanctioned to Government Employees in G.O.Ms. No. 58 Finance dated 27-2-74 have been extended to the employees of municipalities and other Local Bodies, and

(b) if not, the reasons for the delay.

The Minister for Finance (Sri P. Ranga Reddy):—

A.P. Liberalised Pension Rules have been extended to all employees of municipalities and Local Bodies, Liberalised Rules sanctioned in G.O.Ms. No. 58 Finance dated 27-2-74 have extended to non-teaching employees of Panchayat Samithis and Zilla Parishads.

Sri A. Sriramulu :— We are told that the matter is being considered by the respective departments. What are those departments which are considering this matter? Since what date are they considering this question?

Sri P. With regard to non-teaching staff of municipalities of Andhra, it is under the consideration of the Municipal Administration Department. This consideration naturally should be since the issue of this G. O. itself.

Sri Kudipudi Prabhakara Rao (Amalapuram);— Instead of dealing them departmental-wise, why not the Government consider the issue in toto taking all departments which are within the purview of the Government?
Sri A. Sriramulu:—This G. O. was issued in February, 1974. Two and half years time has gone and I want to know how many more months or how many more years the Department would like to take? I also want to know whether the intentions of the Government are not getting defeated on account of the compartmentalisation and delay of more than 2 years in the respective departments.

Sri P. Ranga Reddy:—I agree with the Hon’ble Member that there has been a considerable delay for which I express my regret. I shall certainly draw the attention of the Departments which have not taken action so far.

Allotment of Govt. Quarter at Patigadda to Private Individual

(a) whether it is a fact that a Government quarter in Patigadda Colony was allotted to private individual for running a school;

(b) if so, the reasons for such allotment and the terms and conditions on which it was allotted;

(c) the number of Government and Private Schools functioning in that area;

(d) whether any protest letter has recently been sent by the residents of the Colony to the General Administration Department and if so, the action taken thereon;

(e) whether it is also a fact that there is acute shortage of residential accommodation for the Government servants in the twin cities; and

(f) if so, the reasons for not allotting the same to a Government servant instead of to a private individual for running a School?

Sri P. Rangareddy:—

(a) Yes, Sir.
Oral Answers to Questions. 19th July, 1976. 43

(b) The allotment of Quarter No. B 4 was made as there was dearth of English Medium Primary Schools in the colony and the Colony Resident's Association also supported the request for allotment of a quarter for Primary School. A statement showing the terms and conditions of allotment is placed on the table of the House.

(c) At present, the following three Government Primary Schools are functioning as one school in Government Quarter No. A 11 at Patigadda:

1. Government Boys Primary School, Bandimet.
2. Government Boys Primary School, Maredpally North.
3. Boys Primary School, New Marathi.

There is no Government recognised Private School in Patigadda. However, one unrecognised Private School by name "LOTUS PRIMARY SCHOOL" with English Medium, is functioning in a Private building at Patigadda.

(b) One letter from Sri K. V. Subba Rao, occupant of the ground floor Government Quarter No. B-3 at Patigadda colony was received in which he protested against the allotment of the upstair quarter No. B-4 for a school in the ground that it would cause hardship, inconvenience and trouble to the residents of down-stair quarter and he suggested the location of the proposed school in any down-stair quarter. When asked whether he would accept the up-stairs quarter No. B-4 on exchange basis so that his existing ground-floor quarter could be allotted to the proposed school, he declined to do so.

(c) Yes, Sir.

(f) No Government servant is coming forward to occupy the Quarter No. B-4 because of a rumour, that this quarter is haunted by Ghosts. Two allottees who occupied the quarter during 1973 vacated after a short stay. Thereafter two other allottees refused to occupy the quarter. The quarter has been lying vacant since 20-6-1974.

Statement

Terms and conditions of allotment of Quarter No B-4 at Patigadda Colony.

1. The allottee will pay rent at Rs 70/- per month for the quarter as per para 263 of the PWD Code. If and when the strength of the school exceeds 70, rent should be charged under para 275 of PWD Code.

2. The light and water charges will have to be borne by the allottee.

Oral Answers to Questions.

(3) The allottee will execute a lease deed for two years with the concerned P W D authorities and credit the rent every month to the concerned Head of Account and send a rental statement to the Estate Officer, Hyderabad every month.

(4) The quarter should be vacated on a month’s notice when it is required by the Government.

Sri D. Venkatesam:— When the Government has got certain rules and regulations and clear-cut policies, why should the Government give this Quarter for running a school, which is an un-recognised one.

Mr. Speaker:— That is not relevant to the question.

Sri D Venkatesam:— The quarter should not be given for commercial purpose. How the Government allowed allotment of that quarter for commercial purpose?

School is to serve the residents of the Colony. There have been precedents also in other Colonies in this regard.
Mr Speaker: He has already given the answer.

whether there is any written evidence in regard to these devils and whether the Government has enquired into the matter or not?

Mr. Speaker: I am not allowing any other supplementaries. Let him say.

(Some Members rose)

Mr. Speaker:—I am not allowing any other supplementaries.

Setting up of Medical Office At Paderu

20—

* 7917 Q.—Sri T. Chitti Naidu:—Will the Minister for Health and Medical be pleased to state:
(a) whether it is a fact that there is no suitable Medical Office in Paderu Village which is the headquarters of Paderu taluk, Visakhapatnam district;
(b) whether there is any proposal to set up a medical office at Paderu;
(c) if so, the time by which it will be set up;
(d) the value of medicines being supplied every year to the dispensary running at present in Paderu; and
(e) the number of medical offices existing in the agency area of Paderu taluk and whether doctors are working in those Medical Offices at present?
The Minister for Health (Sri K. Rajamallu):—

(a) There is already a Government Dispensary in Paderu village which is the headquarters of Paderu Taluk, Visakhapatnam district.

b) No Sir.

c) Does not arise.

d) The value of Medicines supplied to Government Dispensary, Paderu is as follows:

<table>
<thead>
<tr>
<th>Year</th>
<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>1973-74</td>
<td>Rs. 5,500-00</td>
</tr>
<tr>
<td>1974-75</td>
<td>Rs. 6,000-00</td>
</tr>
<tr>
<td>1975-76</td>
<td>Rs. 7,000-00</td>
</tr>
</tbody>
</table>

e) There are 4 Medical Dispensaries including Primary Health Centres in Paderu Taluk as follows:

1. Paderu
2. Hukumpet
3. Araku

9-10 a.m. Sri M. Narayana Reddy (Bodhan):—Sir, Paderu is a tribal area in Visakhapatnam. Therefore, whether the Government have any special plan for providing medical aid in all the tribal areas taking advantage of additional outlays that are given by the Central Government for the development of tribal areas? Whether the medical department has formulated any special plans for providing medical care in the interior areas so that all the tribals in these regions can be reached by the medical authorities?

*Sri K. Rajamallu:— Yes Sir. We have taken a decision. A plan also has been drawn to see that the dispensaries, particularly, in
such areas are upgraded to 30 bedded hospital. By upgrading 30 bedded hospital, naturally the staff will be increased and the budget for the medicines will be increased. In a phased manner we are upgrading all these hospitals.

Setting up of Power Generator For Meeting The Requirements of K. G. Hospital, Vizag.

21—

*7722 Q.—Dr. M. R. Deen (Visakhapatnam-1):—Will the Minister for Health and Medical be pleased to state:

(a) whether the Government propose to set up a Power Generator exclusively for meeting the requirements of the K. G. Hospital, Vizag; and

(b) if so, what are the details?

Sri K. Rajamallu:—(a) No, Sir.

(b) Does not arise.

Dr. M. R. Deen:—Generator is a most important plant in the hospitals and often there is a breakdown of electricity at Visakhapatnam. While doctors are at operation there is electricity failure. When electricity fails at that time, the life of the patient itself will be in danger. Will you attend and get the generator?
Sri K. Rajamallu:—Here, I don't disagree with the Hon. Member. Immediately there is no provision and as a policy, we have taken a decision to supply the generators to almost all the teaching hospitals in the State. For want of finances, immediately we are not going ahead with the work. That point is in our view and we will make that provision in all the hospitals.

Dr. M. R. Deen:—The life is precious than the finances.

*Sri Syed Hassan (Charminar):—Time and again this fact was brought to the notice of the Minister. There is frequent failure of electricity, especially in metropolitan city, generator is a must and so keeping all the other expenditure aside this has to be provided.

*Sri K. Rajamallu:—I have not disagreed with the Hon. Member. We are are at it.

Fire Accident in Ibrahimpet Forest Range

22—

*8317 Q.—Sri M. Narayana Reddy:—Will the Minister for Forests be pleased to state:

(a) whether there was any fire incident in Ibrahimpet Forest Range or Beat in Banswada Taluk in Nizamad Dist, in the month of March, 1976;

(b) if so, the reasons for such Fire and estimated loss thereof;

(c) whether any complaints were received from the local people complaining about the involvement of the concerned Forest Officials in the Fire incident;

(d) if so, the action taken by the Department;

(e) whether any enquiry was held by the Additional Chief Conservator of Forests to ascertain the causes for Fire and the persons responsible for the theft of timber etc;

(f) if so, the outcome of the enquiry; and

(g) the action taken by the Department for the prosecution of offenders as well as recovery of the value of timber lost and stolen?

The Minister for Forests; (Sri Md. Ibrahim Ali Ansari):—

(a) No, Sir, However, during March 1976, a fire accident took place in Hajipur beat in Banswada forest Range.

(b) The loss of fuel is estimated at Rs. 840/—. The reasons for the accident are being enquired into.

(c) No Sir.

(d) Does not arise.

(e) No, Sir.
(f) Does not arise.

(g) Since the accident is reported to be the result of seasonal fires, the Forest Ranger and Deputy Ranger in charge of the extraction work in the Beat were asked by the Divisional Forest Officer, Nizamabad to show cause against the recovery of loss involved. Final report of the Divisional Forest Officer is awaited.

Sri M. Narayana Reddy:—There appears to be some confusion with regard to the area. I hope the Minister would do full justice to the complaint given by the people without standing on the technicalities. If it is not in Ibrahimpet forest range it may be in beat in Banswada Taluk in Nizamabad district. The Forest Department authorities have their own boundaries and jurisdictions. Sometimes it confuses. The other thing, Nizamabad district as a whole has been selected for departmental operation for forest coups. There would be no forest contractors in Nizamabad, as the department is managing the entire forest. Therefore, under guise of a fire, a man-made fire, somebody has done it deliberately to cover up the illegal fellings to the extent of 6 to 7 lakhs. More than thousand tonnes were noticed by Mr. Subba Rao, Additional Chief Conservator when he visited the place in March this year. Photographs were taken by the local people and when we all went in a House Committee to Nizamabad district we have seen. Soon after that the question was submitted. Therefore, without standing on the technicalities of boundaries and all that and thereby confusing the matter, may I request the Hon. Minister to discuss the matter with Mr. Subbarao who visited that place and send another officer. The report is pending. It must also arouse your concern. We have discussing about such destructions here, in this House and you yourself expressed grave concern. May I request the Minister to have a fresh probe from other officers who have not done in the past so that they may have a fresh look over the entire matter of the Banswada taluk forest after examining the complaints.

Sri Md. Ibrahimali Ansari:—The flying squad party has already inspected in different places in Banswada range. They have conducted the cases and their final report is still awaited. Immediately after getting the report, if necessary we will depute another party also to go in detail.

Sri A. Sreeramulu:—The Minister has not given the full information. He is confusing. You should enable us to clear our confusion by asking a supplementary. As a member of the House Committee I also visited. Is it a fact that Mr. Subba Rao, Additional Chief Conservator of Forests had inspected this area and did he submit his report?
54 19th July, 1976. 

Oral Answers to Questions

Sri Md. Ibrahim Ali Ansari:—The report is still awaited from the Additional Chief Conservator.

Mr. Speaker:—He has not received the report.

Sri A. Sreeramulu:—Previously he never referred it. When did he inspect and when does the Government expect the report?

Sri Md. Ibrahim Ali Ansari:—A flying squad party has already visited. They have enumerated and they are just calculating the valuation. Immediately I will ask them to submit the report and appropriate action will be taken.

Sri A. Sreeramulu:—We did not get the dates. When did he inspect. The whole matter is very fishy and the Minister should not try to shield the officers.

Sri Md. Ibrahim Ali Ansari:—He inspected on 22nd March.

23—

*7907 Q.—Sri N. Venkataratnam Naidu (Rapur):—Will the Minister for Co-operation be pleased to state:

(a) whether it is a fact that fifty four persons belonging to Harijan and Girjan communities of Madapalli village in Atmakur taluk of Nellore Dist. have applied for the formation of Joint farming society by taking penna poramboke land on lease;

(b) if so, whether it is also a fact that they sent a petition to the Registrar of Co-operative Societies, Andhra Pradesh Hyderabad against the delay in registering the society;

(c) whether it is also a fact that the society has been registered with 174 other persons who have no hing to do with this proposal neglecting the petition sent by the said 54 persons, and

(d) if so, the reasons therefor?

The Minister for Co-operation (Sri B. Subbarao):—

(a) Yes Sir.

Auditing of Accounts of Panchayats Before the end of every Financial Year

25—

*7967 Q — Sri U.A. Suryanarayana Raju (Jami) :— Will the Minister for Panchayati Raj be pleased to state:

(a) whether the Government are aware of the fact that in the case of misappropriation of funds of the village panchayats there is delay in detecting them and the opportunity is lost to fix responsibility as the accounts of the panchayats are not immediately being audited regularly; and

(b) if so, whether the Government propose to issue orders for auditing of the accounts of the panchayats compulsorily before the end of every financial year?

Sri L. Lakshman Das :— (a) The accounts of Gram Panchayats are being audited regularly before the close of the next financial year in almost all cases except in cases where the records are filed in Courts, lost in fire and thefts and seized by Police, Anti Corruption Bureau etc., are not produced by the Sarpanchas for audit. The defaulcations, if any, are being noticed in audit. Thus there is no delay in detecting the cases of misappropriation of funds in Gram Panchayats and no opportunity is lost to fix up responsibility.

(b) Instructions have been issued to the Examiner of Local Fund and Panchayati Raj Accounts to take special steps to complete the audit of the accounts of all Gram Panchayats expeditiously. In cases of non-production of records the District Panchayat Officers were instructed to take all steps to make the records available for audit. As the audits are being conducted regularly it is not necessary to prescribe any time limit for completing the audits.

CALLING ATTENTION TO MATTERS OF URGENT PUBLIC IMPORTANCE.

Re: Huge stocks of unsold high yielding varieties of paddy with the Agriculturists in Nellore District.

Sri. N. Srinivasul Reddy.—I am calling the attention of the Hon'ble Minister.

The Minister for Municipal Administrations (Sri Ch. Subbarayudu):—The Food Corporation of India had opened, 21 purchase centres in Nellore District between October, 1975 and March, 1976. The centres opened in Gudur taluk were two—one at Gudur and another at Kota. The total quantity of paddy offered by the cultivators both under price support and producers' levy at the centres was 2,920 tonnes. Paddy offered at Gudur was only 6 tonnes (Ratna & 37 tonnes (Molagolukulu) Paddy offered at Kota was 69 tonnes (Molagolukulu). Since the response from the cultivators was not encouraging, the Food Corporation of India had to close down 14 purchase centres in consultation with the Civil Supplies authorities of Nellore district. The Food Corporation of India accepted whatever varieties were offered. The stocks offered by cultivators were mostly C.O.-29, I.R.-20 & I. R.-8 apart from Molagolukulu. The Food Corporation of India never refused to accept any stocks offered by agriculturists. The Food Corporation of India is even now prepared to open centres wherever required, if the cultivators want to offer their stocks.

Calling Attention to matters of Urgent Public Importance:

re: Insufficient number of admissions of Junior Colleges and degree Colleges in the state.

Government and Private Colleges (both Degree and Junior) has been very low. Most of these Colleges have not fulfilled the Conditions stipulated at the time of their starting. The poor results of S.S.C and Intermediate Examinations of March, 1976 also have aggravated the situation. This necessitated a rational re-allocation of these Colleges to ensure maximum use of these institutions without any extra expenditure.

2. Having regard to the strength of the students, proximity to the near by Colleges in the local areas and fulfilment of the conditions imposed at the time of strength, the position with regard to all the Colleges existing has been carefully reviewed and it has been found that certain institutions could be closed or de-recognised or aid stopped. The matter is under active consideration as to how best this can be done without much inconvenience to all concerned.

10-00 a.m. Mr. Speaker:— That is what I said. It was decided already and announced.

Sri C. V. K. Rao:— Are we denied any democratic way of expression?
Mr. Speaker:— Democracy does not mean accepting what Mr. C. V. K. Rao says. Mr. Rao you are trying to tell me that I must act democratically. You must try to understand that democracy means decision by a majority. You are the only member who has taken objection to that decision.

Sri C.V.K. Rao:—The other side also must be given a chance, Sir.

Mr. Speaker:—Will you please resume your seat?

Sri C.V.K. Rao:— I am not resuming. I have to protest against it.

Mr. Speaker:—I have no objection.

Gandhiji has suggested this. He has written on 22nd July in ‘The Harijan’.....

Sri Syed Hasan:— Why are you preaching sermons?

Sri L. Lakshmandas:— He is the Father of the Nation and we are guided by his teachings.

Mr. Speaker:—I will give you opportunity to speak.

Sri L. Lakshmandas:— My idea of village swaraj is that it is a complete republic, independent of its neighbours for its vital wants and yet inter-dependent for many others in which dependence is necessary. Thus, a village concerned will have to grow its own food, it should have a reserve for its cattle, reserve ground for adults and children. Then if there is more land available, will grow money crops. The village will maintain a village theatre,
school and a public hall. Not only that, independence must begin at the bottom. Thus every village will be a Republic or panchayat having full powers. It follows therefore that every village has to be self-sustained and capable of managing its affairs even to the extent of defending itself against the whole world."

"The State shall take the steps to organise village panchayats, endow them with such powers and authority as may be necessary to enable them to function as a unit of self government."

"Panchayat Raj was not only an extension of community Development, but it was also collectively some what different. It went deeper into the roots of our village structure. Therefore I am deeply interested in it and attach great importance to it. It struck me as an instrument to strike at the roots of our weakness specially in rural areas. The measure of success depends on the workers connected with it as well as the large number of others, sarpanches, panchas — who are closely associated with it. After all the main aim of community development and panchayat raj was to develop this outlook and spirit of self-reliance amongst the people. I have full confidence in Panchayat Raj because I have full confidence in the Indian people."

"The Committee reviewed in detail the working of the Panchayat Raj system in the State and has come to the conclusion that it is indispensable for the proper growth of the rural society. It has no hesi
tation in rejecting the demand for total abolition of panchayat raj on the grounds of corruption and irregularities. The committee wishes to emphasise that the panchayat raj institutions have not only justified their existence but have a bright record of achievements of which they can reasonably be proud. They have created a great awakening in rural masses which is since qua non for rural development. The bureaucrats could never have achieved it. This awakening resulted in mobilisation on a gigantic scale, of rural man power and resources for programmes for common benefit. But for this institution, the level of development would not have been as much as it has been. Moreover, it is difficult to conceive a better agency to take care of the interests of the rural people. Every citizen in a civilised country has a democratic system of role to play in some form or other and there is a greater need for it in India where in ancient times this system took deep roots. For that reason it is better suited to our country. Elimination of this system will create a great vacuum in rural India. What is needed is that this system should be toned up and perfected by means of suitable modifications to remove the difficulties and strengthen the institution."

"Dual administration at the various levels is also causing many irritations". Another serious handicap of these institutions, one that makes a mockery of the concept of local self Government, is lack of independent and adequate financial resources. The Panchayats are in a worse position in this respect. In view of the fact that the responsibilities of these bodies are growing day by day and since they have to respond adequately to the growing needs of an awakened community, the resources of these bodies should not only be adequate but also...
sufficiently elastic. Perpetual dependence on the Government for funds is extremely vexing and is likely to undermine public confidence in the capacity of these bodies to deliver the goods."

"As has already been said the position of the Panchayats in regard to resources is particularly distressing. The grants which the Government is giving are not adequate even to meet the bare necessities of Panchayats. The economic base of the basic units should be strengthened by placing more economic resources at their disposal."

Another recommendation is: — "The existing land revenue in the State should be doubled and made over to the P.R. institutions."
on sales tax collected and 80% made over to the Panchayat Raj institutions and 20% municipalities.

Another recommendation is--

"A surcharge of 5% should be levied on the bid amounts of today and arrack shops..."

I will quote another recommendation-- "1/3 of the receipt under the Motor Vehicles Taxation Act should be passed on the Panchayat Raj bodies for the construction and maintenance of roads"
