Silt Deposit at Pochampad Dam

*7426 Q.—Sri Nisankararaao Venkataratnam:—Will the Chief Minister be pleased to state,
the estimated silt deposit per year at Pochampad Dam and the steps taken to prevent "Silting"?

Sri J. Vengal Rao:—Since the Pochampad Dam is presently under construction it is early to predict the quantum of silting up in reservoir area. Advance action has, however, been taken by the Chief Engineer Pochampad Project to get the submerged area systematically surveyed by Pilot Map Production Plant of Survey of India, so that in future after the reservoir is formed and silting takes place, the rate and quantum of silting could be measured with sufficient accuracy. The Government of India have sanctioned a scheme for simultaneous investigation of soil conservation.
Sri A. Sreeramulu:— Silting is one of the problems affecting our irrigation system. There are several other problems also. I want to know whether the Government have studied the modern techniques of improving the irrigation system, and whether any plan has been prepared to modernise our irrigation system?

FORCIBLE COLLECTION OF ADDITIONAL WET ASSESSMENT FOR

shall be levied only for the lands under irrigation source in which
there will be flow of water for 8 months;

Sri P. Narasa Reddy :—(a) No Sir. The criterion of supply of water for 8 months and above applies only to the rainfed tanks.

(b) and (c) :—Sarada river in Visakhapatnam District has not been notified by the Board of Revenue as Government source of irrigation as required under Section 9(1) of the Act. On a representation from three M.L.As and another, the Collector has been requested to stay the collection of additional wet assessment under the source in question pending final orders.
It will fill up periodically. It depends upon the rain and the periodical showers that we get. That is why it is not possible for us to give a blanket definition for particular rivers as to whether they would fill up for 8 months or not. It would only depend upon the ayacut.

10. 20. (R.) L. M. S. 8 months ago a tank was constructed on a property of 8 months ago. It was provided with a water supply for 8 months. It was declared that it was giving sufficient supplies. Normally we can infer that it is supplying water for 8 months. Normally we can infer that it is not giving sufficient supplies. We cannot give a blanket assurance.

11. (R.) K. S. (Second Hands):—The source of irrigation which is owned or controlled or constructed or maintained by the Government but does not include the rain-fed tank, is the Government. It means any source of irrigation which is owned or controlled or constructed or maintained by the Government but does not include the rain-fed tank. Andhra Pradesh State Handlooms Weavers’ Cooperative & Society (Formation) Ordinance, 1976

Sri K. V. Keshavulu:—Sir, I lay on the Table a copy of the Andhra Pradesh State Handlooms Weavers’ Cooperative Society (Formation) Ordinance, 1976 (A.P. Ordinance No. 14 of 1976) as required under Article 213 (2) (a) of the Constitution of India.

Mr. Speaker:—Papers laid on the Table.

Motion For Extension of Time For Presentation of The Report of The Joint Select Committee on The A. P. Education Bill 1976

Sri M. V. Krishna Rao!—Sir, I beg to move:

"Under Rule 242 (1) of the Rules of Procedure and Conduct of Business in the Andhra Pradesh Legislative Assembly, I move that the time fixed for the presentation of the report of the Joint Select Committee on the Andhra Pradesh Education Bill, 1976 be extended till First Sitting of the next meeting.

Mr. Speaker !—Motion moved.

Sri C. V. K. Rao:—I have given an amendment to the motion I move

“For the words till 31-10-1976 substitute the words till 10 days from now on i.e., 24-7-1976”

Mr. Speaker:—Amendment moved.
Sri C.V.K. Rao:—Rules 265 of the Rules of Procedure and Conduct of Business in the Andhra Pradesh Assembly states:

"(1) As soon as may be, after a Bill has been referred to Select Committee, the Select Committee shall meet from time to time to consider the Bill and shall make a report thereon within the time fixed by the Assembly.

Provided that where the Assembly has not fixed any time for the presentation of the report, the report shall be presented before the expiry of three months from the date on which the Assembly adopted the motion for the reference of the Bill to the Select Committee."

Now I have given an amendment to the motion that is the report of the Joint Select Committee be placed on the Table of the House before the expiry of the Session. I feel they are not able to present the report before the House before the expiry of the session. Therefore, I want the Minister to be good enough by not taking so much time and place it before the House before the Session closes.

Sri A. Sriramulu:—Government has been promising to introduce this Comprehensive Education Bill. This is a very long awaited Bill.

Mr. Speaker:—They have introduced.

Sri A. Sriramulu:—I am trying to give a suggestion. The Minister should tell this House at what stage the Select Committee is, what are the difficulties in finalising the provisions of the Bill. That information may be provided to the House so that we can appreciate the difficulties of the Committee.

Sri V. Srikrishna:—We have appointed a Committee for a particular purpose and it is asking us for extension of time.
Motion for Extension of Time for Presentation of the Report
of the House Committee

Sri A. Sriramulu:—We are not convinced that the Committee needs some more time to examine the provisions of the Bill. In the meanwhile, since our Govt. is socialist Government, will the Government consider to send the Committee to Russia and other socialist countries to study the education system there?

Sri C.V.K. Rao:—When we are socialist what is the point in sending them to other countries?

Mr. Speaker:—The question is:

"For the words 'till 31-10-1976' substitute the words 'till 10 days from now i.e., 24-7-1976'."

The amendment was lost.

Mr. Speaker:—The question is:

"Under Rule 242 (1) of the Rules of Procedure and Conduct of Business in the Andhra Pradesh Legislative Assembly, I move that the time fixed for the presentation of the report of the Joint Select Committee on the Andhra Pradesh Education Bill, 1976 be extended till the first sitting of the next meeting."

The motion was adopted.

Motion for Extension of time for Presentation of the Report of the House committee to Enquire into the Activities of Handloom Cooperative Organisation Relating to the Misuse of Rebate.

Sri M. Narayana Reddy:—Sir, I beg to move:—

"Under Rule 220 of the Rules of Procedure and Conduct of Business in the Andhra Pradesh Legislative Assembly, I move that the time fixed for the presentation of the report of the Committee of the House to enquire into the activities of Handloom Cooperative organisations relating to the misuse of rebate, be extended till 27-7-1976."

Mr. Speaker:—Motion moved.

Sri C.V.K. Rao:—I have moved an amendment on this that a week's time is enough. The Chairman is asking for 10 days.

Mr. Speaker:—It has to be printed and presented to the House. Therefore, it is not possible to have it. That is why, he asking for time.
Sri C.V.K. Rao.—That is not the business of the House. It is his business. There was much discussion about the misuse of rebate on Handloom. We wanted immediately a House Committee to be formed and with the result, a House Committee was formed. The Committee wanted 4 months time. He seems that he wants to submit his report at the fag end of the Session. Then it will not be possible for much discussion. You may give necessary direction to the Committee and see that it is discussed in this Session.

Sri A. Sriramulu.—I will give a reply. I am also a Member of the Committee.

Sri C.V.K. Rao.—Is the Chairman to give a reply or the Member of the Committee? Where is the rule that a Member can give a reply? It is the Chairman that has to give a reply. Howmany Chairmen are there?

Sri M. Narayana Reddy:—The motion says that the report is being submitted in this session only. Secondly my friend referred about the duration of the Session. The Business Advisory Committee has not presented its report about the probable duration of the Session. As you are already aware this point was discussed in the B.A.C. and the printed report will be presented on 26th or so. I hope we may also find time to discuss on the matter.

Sri A. Sriramulu.—My friend Mr. C.V.K. Rao, I am sure, would appreciate the amount of labour the Members of the Committee have put when the report is presented on 27th. It is highly difficult, delicate and complicate task. It is a very difficult assignment that this House has given to this Committee. I am sure, Sir, this House will be getting an opportunity to have a full discussion on the report when it is presented to the House. When all the leaders have agreed, Mr. Rao need not have any apprehension that the House may not find time for discussion. In view of this, I request Mr. Rao to withdraw his amendment.

Sri C.V.K. Rao:—My contention was that this House should have an opportunity for discussion on its report. I do not know when the Assembly is closing. Now I feel that this Session is perhaps
for elections only. After 20th it has no business. You are a good judge; and I hope you will give us opportunity. When you all say like this, I am not going to insist about the time of presentation.

Mr. Speaker:—The question is:

"Under Rule 220 of the Rules of Procedure and Conduct of Business in the Andhra Pradesh Legislative Assembly, I move that the time fixed for the presentation of the report of the Committee of the House to enquire into the activities of Handloom co-operative Organisations relating to the misuse of rebate, be extended till 27-7-1976."

The motion was carried and the time for presentation of the report was extended upto 27-7-1976.
