(b) No staff is attached to this work exclusively.

There are 4 language sections attending to this work in addition to their other functions. The Publications Section will attend for the despatch of the Journals to the field in addition to their other duties.

(c) The Journal is being printed in the Government Central Press. As the Govt. Press is a service organisation they would not charge for printing and supply of copies. However, the particulars of expenditure incurred by the Department of Information and Public Relations towards packing and forwarding charges etc. and the particulars of expenditure incurred by the Government Press for printing and supply of the copies are furnished below:

(d) It may be pointed out in this connection that the Journal is purely a publicity organ of the Government devoted for publicising Govt. policies and developmental activities. The Journal is purchased by all the village panchayats in the State. Efforts are being made to enroll all the Libraries and High Schools and Colleges also as subscribers.
Mr. Speaker, Sir, there are no general subscribers to this magazine; there are only official subscribers. Therefore, if publicity is to be sought, will the Government consider as to why the same magazine cannot be published with cheaper paper so that it can reach the general strata of people.

Secondly, is that publication meant only for publishing Minister's photos, because we find nothing else.

Sri S. Janap Reddy.—It is only meant for that Our Minister was referring to the prestige of the magazine not the purpose of the magazine.

8-40 a.m. Sri A. Srimulu (Eluru) — The Public Accounts Committee has made a recommendation that this journal should be run on commercial lines and the Chief Secretary, appearing before the Committee also accept that it should be run on commercial lines. Is there a contradiction in regard to policy as far as the publication of this journal is concerned between the Chief Secretary and the Hon’ble Minister. Secondly, if at all this journal should serve its purpose to provide information, education and enlightenment in regard to the policies and programmes of the Government, it should also contain critical comments made by other sections of our society, more particularly from the Opposition. Is the Minister prepared to set up a small sub-committee.

Sri S. Janap Reddy.—Our Minister was referring to the prestige of the magazine not the purpose of the magazine.
Providing of Funds for more Medical facilities to the poorer Sections in twin cities

47—

*8869-Q—Smt. J. Eshwari Bai (Yellareddy) :—Will the Minister for Health and Medical be pleased to state:

(a) whether any steps have been taken by the Government to accelerate provision of funds to provide facilities for Medical and Health care for the people, particularly the poorer section in the twin cities and in rural parts; and

(b) if so, the details thereof?

The Minister for Health (Sri K. Rajamallu) :—(a) Yes Sir, There has been considerable increase in the allotment of funds during the last two years to provide facilities for medical and health care for the people.

In addition to the provisions made under plan programme, provision of supply of drugs and diet was also considerable increased by providing additional funds of Rs. 1-50 crores in 1976-77 under non-plan.

Oral Answers to Questions.

1. 19375. 19575. 19675. 19775. 19875. 19975.

8-5 a.m.

Sri K. Rajamallu : The Hon'ble Minister admitted the need to develop the rich rural hospitals in the Circle. He has also admitted so many lapses in regard to working of the Hospitals. For all these things, the Minister is saying that there is paucity of funds. During 1976-77, the House has voted Rs. 41 crores under Medical & Health. But only Rs. 39 crores were spent. There is a short fall Rs. 2 crores. How could it happen?

Sri K. Rajamallu : I need a separate question. If at all there is short fall, it may be on the building or some thing like that. However, I will examine that.
Irregularities in the Recruitment and Promotions of Physio-Therapists in the Office of Director of Medical Services

48—

9478 Q.—Sr. Peter Paul Chukka (Prathipadu)—Will the Minister for Health and Medical be pleased to state:

(a) whether the Government are aware of the fact that several irregularities in the matter of recruitment, promotions and transfers of Physio-Therapists and non-medical Supervisors under Leprosy Control Scheme are taking place in the office of the Director of Medical Services;

(b) whether Sr. Peter Paul Chukka, M.L.A., has brought to the notice of the Minister through a representation in the beginning of this year any instance of a Physio-Therapist securing a job without even possessing the minimum academic qualification;

(c) if so, the action taken in the matter; and

(d) whether any action is contemplated against the Officers responsible for the grave irregularities?

Sri K. Rajamallu:

(a) No, Sir.

(b) (c) and (d) Yes, Sir. The Hon'ble Member had represented that Sri A. Parthasarathy, a Physio-therapist has not passed S.S.L.C. This has been verified and it is found that Sri Parthasarathy completed his S.S.L.C. in 1954. However, there is some discrepancy in the name as entered in the Service Book and the school record. He has been asked to reconcile discrepancy and the matter is under examination.

LOCATION OF PRIMARY HEALTH CENTRE AT DORAVAKHATRAM IN SULLURPET TALUK

49—

*7640-Q.—Sri Nallapareddy Sreenivasul Reddy.—Will the Minister for Health and Medical be pleased to state:

(a) whether the Primary Health Centre has been located at Doravatisrtram in Sullurpet taluk of Nellore district as per the judgement of the Supreme Court;
(b) whether the Family Planning unit has been transferred to Doravarisatram;

(c) if not, the reasons for the delay in establishing Family Planning unit in that centre;

(d) the number of posts of Civil Assistant Surgeons vacant in Primary Health Centres (both regular and family planning) in the State;

(e) the reasons for the delay in filling up the posts and when will the posts be filled up; and

(f) whether there are proposals to construct quarters for the staff working in the P.H.Cs. in the State; and if so, when will the proposal materialise?

Sri K. Rajamallu: (a) Yes Sir.

(b) Yes Sir.

(c) Does not arise.

(d) 21 posts of Medical Officers including Civil Assistant Surgeons and Woman Assistant Surgeons were vacant as on 1-6-1977 in the State.

(e) Certain posts are kept vacant for want of Scheduled Tribe Candidates. Soon after they become available, these posts will be filled up. Against the remaining vacancies, temporary appointments have been made. The Director of Medical and Health Services is issuing posting orders.

(f) Construction of staff quarters will be taken up as and when funds are available.
Oral Answers to Questions.  

Sri S. Jaipal Reddy:—The Hon'ble Minister is trying to cover up the inefficiency and corruption in the Department by casting aspersions on M.L.As. Is it not true that the transfers are effected through mamools and bribes in the Department and whether the Doctors are approaching the M.L.As. with a view of cover up those bribes?

Sri K. Rajamallu:—If you give that information, I will sack that man whoever he may be.
PROSECUTIONS FILED BY EMPLOYMENT EXCHANGES FOR VIOLATIONS BY GOVT. OFFICERS

50—

*8878 Q.—Sri Nissankarao Venkataratnam:—Will the Minister for Labour be pleased to state:

(a) the number of prosecutions filed by Employment Exchanges of the State for violations by the Government Officers or non official bodies;

(b) whether the Employment Exchange Office, Guntur has written to the Government to sanction prosecution against the District Co-operative Central Bank, Tenali; and

(c) if so, the present stage of the matter?

The Minister for Labour (Sri T. Anjaiah):

(a) 124 Prosecutions have been filed in the Courts up to the end of May, 1977 by various Employment Exchanges for violation of the Employment Exchange (Compulsory Notification of Vacancies) Act, 1959 by Public and Private Sector Establishment.

(b) Yes, Sir,

(c) After considering the reply received from the Chairman, District Cooperative Central Bank, Tenali to the show-cause notice, and in order to implement the award of the Industrial Tribunal, further action in the matter has been dropped by the Director of Employment & Training.

51—

*9214 Q.—Sarvasri Vanka Satyanarayana and M. Nagi Reddy:—Will the Minister for Labour be pleased to state:

(a) whether the Government have issued show-cause notices to the Establishments concerned for violating the provisions under Employment Exchanges (Compulsory notification of Vacancies) Act; and

(b) if so, the number of show-cause notices issued till the end of November, 1976?

Sri T. Anjaiah:—(a) Yes Sir.

Oral Answers to Questions.

Sri A. Sriramulu: —Just as the Deputy Speaker regulates our questions, he will have to regulate the answers of the Ministers also. If they go on simply lecturing and giving irregular answers you will have to check up.

Sri T. Anjaiah: —10,000 industries are there. I cannot give a show cause notice and I cannot give all the details here.

Sri A. Sriramulu: —My question is specific. I have given a letter to the Minister bringing all the facts. There is a gross violation of the Employment Act. He deputed his Deputy Director to enquire into the matter. He has enquired. I want to know what action is taken, because I know this Government is not capable of taking any action.

Sri T. Anjaiah: —Yes I told you all these things.

Sri A. Sreeramulu: —At least can the Minister tell us in how many cases action is taken against the State Government officers.

Sri T. Anjaiah: —I will give all this information. I am prepared to give all this information.

Mr. Deputy Speaker:—Why don’t you place on the Table this information?

Sri T. Anjaiah:—Definitely sir.

Sri Ch. Parasurama Naidu:—(Parvathipuram) We may be Members of the Advisory Committee at the district level but does it mean that merely because that sort of avenue is available to us our privilege to ask questions and elicit information from the Minister is barred thereby? The Minister is telling us that we should ask the Collector and not here.

Sri Ch. Parasurama Naidu:—Are you giving a ruling?

Sri A. Sriramulu:—Point of order, Sir. According to Rules of Procedure, every member of this House has a right to put a question and get an answer from the Minister, because Ministers are answerable to this House. Just because a member of this House happened to be a member of some other Committee he should not be prevented from putting questions and eliciting information.

Mr. Deputy Speaker:—No one is going to stop anybody from putting questions.

Sri A. Sriramulu:—A member is entitled to put questions irrespective of the fact that he is a member of some other committee.

Mr. Deputy Speaker:—That is Correct.

Sri. M. V. Reddy:—This raises a question. Whether the collector has any right to receive returns of the incomes of the officials of the Collector's Office? It may be the Collector's Office, the District Magistrate's Office, etc., the Metropolitan board, etc. This is a question for the Collector. The seniority position of every member will be published and every member will know the seniority position.

Sri P. Sriramamurthy :—In Zilla Parishads also through paper advertisements they are recruiting.

We have no power in regard to private sector.

1. The question is - (Whatever the question is).

2. The answer is - (Whatever the answer is).

3. The question is - (Whatever the question is).

4. The answer is - (Whatever the answer is).
Sri N. Venkataratnam:—Firstly he said he does not know and later said about show cause notice. The Government is shielding the offenders.

Sri T. Anjaiah:—I am not hiding anything. I don’t want to hide anything.

Sri A. Sriramulu:—Point of order, Sir. For the last 10 or 15 minutes, the Minister for Labour has been answering several supplementary questions on a particular question. At one stage, he was not aware of the information in regard to the Marketing Federation (Markfed) and finally he said that the issue has been brought to his notice, show cause notice has also been issued and persons responsible have been warned. How these two things should have been taken place? Is he permitted to give contradictory statements in the course of giving answers?

Mr. Deputy Speaker:—Now we will take up Question No. 52.

Sri A. Sriramulu:—Sir, in view of this, it is better as a special case, the question hour be extended by half-an-hour.

Mr. Deputy Speaker:—If the House agrees, I have no objection.

*Sri P. Narasa Reddy:—If half an-hour time is extended for question hour, the other business would be affected. Moreover, there are no special reasons why this should be extended by half-an-hour. Normally the practice is whenever the question-hour was over, the answers to the remaining questions were laid on the Table of the House for the perusal of the Member. I request that that convention may be continued.

Sri A. Sriramulu:—The Minister said that other business of the House would be affected if half-an hour time is extended for the question hour and there is no special reason for such extension. Th
special reason for extension is the unpreparedness of his colleague for which we are not responsible. So on account of the unpreparedness and wantonly suppressing the information, 30 minutes extension of question hour is needed and how this affect the business of the House?

Sri C.V.K. Rao:— Without affecting the other business, let us sit up to 2 O'clock.

*Sri P. Narasa Reddy:— It is not the unpreparedness of our colleague. I respectfully submit to the Chair, if half-an-hour tension is given other business would be affected.

Sri C.V.K. Rao:—Has the Minister Sri P. Narasa Reddy vakalat for all the Ministers?

Sri A. Sriramulu: The Minister Sri P. Narasa Reddy is in-charge of the Legislature and if half-an-hour time is extended we will certainly cooperate in observing the timings: Because there are important questions, they can be finished earlier. For that we have no objection.

*Sri P. Narasa Reddy.—The Minister concerned has to attend the Council also.

Sri V. Srikrishna:—I request the Chair to take up Question No, 53 because it relates to misappropriation of Rs. 1,20,000/- Let us finish that question atleast,

Misappropriation of Funds of Gavinivanipalem Gram Panchayat

53 —

*7739-O-Q-SarvKsri M. Nagi Reddy, Vanka Satyanarayana and B. Rama Sarma:— Will the Minister for Panchayathraj be pleased to state:

(a) whether the Government are aware of the fact that Sri Ch. Veeriah, Sarpanch, Gavinivanipalem Gram Panchayat, Chirala taluk, Prakasam District has misappropriated an amount of Rs. 1,20,000 Panchayat funds;

(b) whether any allegations have been levelled against him in this regard by some villagers;

(c) if so, whether the Government has enquired into the matter; and

(d) if so, the action taken by the Government against the said Sarpanch and to recover the amount?
The Minister for Panchayat Raj (Sri L. Laxmandas):—

(a) Sri Ch. Veeriah, Sarpanch draw and amount of Rs.1,20,100/- during the period from 19-8-1974 to 15-9-1975 from Panchayat funds and debited expenditure to a tune of Rs. 1,07,917/- towards execution of works. The works were executed departmentally and valued at Rs: 95,167/- as against Rs. 1,07,917/-. The excess amount of Rs. 12,750/- is reported to have been misappropriated by the Sarpanch on the pretext of execution of works. Further an amount of Rs. 12,183/- was spent towards other items.

(b) Yes Sir.

(c) Yes Sir.

(d) The allegations levied by the Ex. Sarpanch have been referred to the Collector, Prakasam Dist. for enquiry and necessary action. Sri China Veeriah was removed from the office of Sarpanch by the Collector, Ongole for various irregularities committed by him in the administration of gram panchayat in Proceedings No. RO. 6002/75-2 dt. 30-5-77. The Collector is also seeking legal opinion to initiate action for prosecuting the Sarpanch.
Mr. Deputy Speaker:—Answers to the remaining questions will be placed on the table except question no. 59 and 60, which are postponed.

Introducing of R. T. C. Buses in Madakasira Taluk,
Anantapur District.

57—

*S603 Q.—Sri M. Yellappa (Madakasira) :—Will the Minister
for Transport be pleased to state:

(a) the reasons for not introducing the R. T. C Buses in the
entire taluk of Madakasira of Anantapur District so far;

(b) whether the Road Transport Corporation is aware that the
public are experiencing immense inconveniences and hardships when
they desire to reach Anantapur (District Head Quarters) from several
corners of the taluk of Madakasira;

(c) whether the Transport Corporation will introduce playing
direct Buses from Anantapur to Amarapuram via Madakasira and
from Anantapur to Agali via Madakasira - two Buses to run in
opposite directions in each route;

(d) if so, when the Buses will be introduced; and

(e) whether the Corporation is aware that there are no direct
Buses plying between Madakasira and Anantapur covering a distance
of about 85 miles via Hindupur?

A.—

(a) The Andhra Pradesh State Road Transport Corporation is
taking over bus routes in a phased programme. Accordingly, it has
recently published 184 draft schemes to take over bus routes in
Anantapur District including those in Madakasira Taluk.

(b) Yes Sir. When all the bus routes in Anantapur District
are nationalised, the Andhra Pradesh State Road Transport Corpo­
ration will endeavour to provide convenient services connecting
Madakasira with Anantapur.

(c) There is no proposal at present to ply direct service by the
Road Transport Corporation between Anantapur and Amarapuram via
Madakasira. But in respect of the route Anantapur to Agali via
Madakasira, a draft scheme has been published on 2-4-77 in the
Andhra Pradesh Gazette.

(d) The Andhra Pradesh State Road Transport Corporation
will be able to introduce its buses after the schemes are approved by
the Government.

(e) Yes Sir.

LEASE OF PATIMITTA TEMPLE LANDS TO THE SCHEDULED CASTE PEOPLE IN YAKASIRA GRAM PANCHAYAT.

8281 Q.—Sri Nallapareddi Sreenivatul Reddi;—Will the Minister for Agriculture be pleased to state:

(a) whether the temple lands of Patimitta temples in Yakasira Gram Panchayat of Sullurepeta taluk, Nellore district will be leased out to the Scheduled Caste people of the same Gram Panchayat; and

(b) if so, when will the lands be leased out to the Harijans?

A.—

(a) and (b) The lands are now under the occupation of the tenant. As he has kept the rent in arrears an Eviction Petition was filed in the Court for evicting sitting tenant. The question of leasing out the lands can be taken up only after the sitting tenant is evicted and the lands taken possession by the temple.

A—
(a) No, Sir.
(b) Does not arise.
(c) Does not arise.
(d) The old drain near Vakadu tank supply channel was not closed by this Department.
(e) Does not arise.

BREACHES TO THE FLOOD BANKS OF SWARNAMUKHI RIVER.

20—
9384 Q.—Sri Nallapareddi Sreenivasul Reddi:—Will the Minister for Medium Irrigation be pleased to state:
(a) whether the flood banks of Swarnamukhi river has breached in a number of places near Thimnelayudi and Kasipuram villages in Nellore district;
(b) the reasons for the delay in restoring the said flood banks;
(c) whether revitment will be done to the said flood bank; and
(d) whether the work of strengthening of the flood banks also will be taken up to avoid further damage in future?

A—
(a) Yes, Sir.
(b) The estimate for closing the breaches are under preparation and the works will be taken up and completed soon.
(c) Yes.

BREACHES TO THE IRRIGATION SOURCES IN GUDUR TALUK

21—
9576 Q.—Sri Nallapareddi Sreenivasul Reddi:—Will the Minister for Medium Irrigation be pleased to state:
(a) whether the following irrigation sources belonging to the irrigation Department have breached in Gudur taluk of Nellore district due to floods in 1976:
1. Kesavaram tank.
2. Subbarayadukalva of Kokkupadu.
(b) whether they have been restored;
(c) if not, the reasons for the delay in restoration; and
(d) when will they be restored?
A.—

(a) 1. Kesavaram tank is not breached. Major erosions and gullies have been formed on its tank bund.

2. Subbarayudukalva of Kokkupadu has not been breached. There are only mirror erosions along the banks.

(b) Estimates for repairing the damages are under preparation.

(c) Does not arise.

(d) They will be restored during the present working season.

Sanction of Pattas to the Members of Annambaka Co-operative Joint farming Society, Gudur.

23—

9511 Q.—Sri Nallapareddi Sreenivasul Reddi:—Will the Minister for Revenue be pleased to state:

(a) whether the members of the Annambaka Co-operative Joint Farming Society, Annambaka, Gudur taluk of Nellore district, have applied for grant of pattas for an extent of Ac. 293-84 in survey number 1 of Annambaka;

(b) if so, the reasons for the delay in granting pattas for the same for the purpose of cultivation; and

(c) when will the pattas be granted?

A.—

(a) Yes, Sir:

(b) & (c) S. No. 1 of Annambaka village measuring Ac. 293-84 is classified in the village accounts as Forest poramboke. Of this, an extent of Ac. 133-84 forms part of Udathavaripalem Reserve Forest area. The District Forest Officer Nellore who was consulted in the matter, stated that there is no objection for the assignment of land falling outside the Reserve Forest and that the area inside the Reserve Forest cannot be assigned without the sanction of Government. The disreservation of forest land for non-forestry purposes is not being agreed to by Government in view of the present National Forest policy. The area outside the Reserve Forest is Ac. 60-00 only. After eliminating the area proposed for assignment of house sites to the poor, the net area available for assignment is only Ac. 20-00 which is not sufficient to run a Co-operative Farming Society with a strength of 76 persons. No other Government land is available in the village which can be assigned to the applicants. Hence, pattas were not issued in-favour of the Society.

Matters under Rule 329:

Smt. J. Eshwari Bai: Mr. Deputy Speaker, Sir, Let the Minister for Labour make a statement regarding the implementation of the recommendations of the Wage Board for Working Journalists in respect of Urdu News Papers.

101—5

Matters under Rule 329:

re: Demands of the non-teaching staff of of the Educational institutions, regarding payment of D. A. merged scales and H. R. A. on par with Govt. employees (postponed)

Sri T. Anjaiah:—A joint meeting was convened by me on 10th June, 1977 with the representatives of employees and employers of News Paper Establisments. The Commissioner of Labour, Director of Information and Public Relations were also present. The discussions were about implementation of interim relief announced by the Wage Board for Working Journalists. None of the Urdu News Paper Employers or their Union Representative was present.

It is, however, brought to our notice that Siasat has implemented the interim relief. It is also understood that the employers of Rehnuma-e-Deccan have also agreed with their union that they would implement the interim relief from 1st June, 1977. As far as Milap is concerned, the management have stated that they are agreeable to implement the interim relief in principle. They would however indicate the date after the employer returns from U. K. It is brought to our notice that there are no Working Journalists in Angary and Urdu News Paper. However, we are checking the facts.

Mr. Deputy Speaker:—On the same subject (which Mr. C.V.K. Rao has given notice under 329) Sarvasri M. Nagi Reddy, Venka Satyanarayana, Omkar and N. Venkataram have given notices.

Sri C.V.K. Rao:—One of the Demands of the non-teaching staff was that they should also be given D. A. merged scales with retrospective effect i.e., 1st April 1977 and payment of H.R.A. on par with State Government employees. (2) Reinstatement of retrenched Government employees and forceably retired Government employees. I request the Chief Minister to make a statement on this.

Mr. Deputy Speaker:—The Chief Minister has gone to Delhi and he has informed me to that effect.

Sri C.V.K. Rao:—Are you suggesting me that this will be taken up immediately after the Chief Minister returns from Delhi?

re: Demands of the non-teaching staff of the Educational institutions, regarding pay, ent of D.A. merged scales and H.R.A. on par with govt. employees.

Mr. Deputy Speaker:—There is no suggestion from my side. I have informed that the Chief Minister is not in the House and he has gone to Delhi.

Sri C.V.K. Rao:—Sir, it appears that you are postponing this. This has to be answered by the Chief Minister himself.

Mr. Deputy Speaker:—There is no suggestion from my side. I have informed that the Chief Minister is not in the House and he has gone to Delhi.
Matter under rule 329:

I. Demands of the non-teaching staff of the educational institutions regarding payment on D.A. merge: d causal and H.R. A. on. par with Govt. employees.

Sri C.V.K. Rao:—I rise on a point of order. You have got to give a ruling on this. I and Mr. Vanka have given notice under Rule 329 and it is put on the agenda paper. It has to be answered. My information from the Minister is that it is the Chief Minister who has got to answer it. I took it that Chief Minister has got to answer it. Now Chief Minister is absent. When a particular matter is to be answered by a particular Minister in the House and he absents himself, the member should be informed and the matter has got to be adjourned automatically. I should be given information that it is being adjourned. Now when the question has come up I am told that particular Minister or Chief Minister has taken leave. It is in fact putting us into a very irksome position and is in violation of the rules. Whatever it may be, if the Chief Minister were to answer it he will have to know this thing and he ought to have sought adjournment of this matter of which I have given notice.

Mr. Deputy Speaker:—The Hon'ble Minister is prepared to give the answer.

Sri C.V.K. Rao:—The Minister himself has said that it is the Chief Minister who has to answer and when the Chief Minister is not present, he is showing scant respect for the discharge of his duties in this House. Now if the Minister for Education is going to answer it, is he deputed or authorised? There is so much confusion. On that you have to give a ruling. If you give time and say that the Chief Minister will come and answer, well and good. The Minister has said that the Chief Minister can answer. When it is on the agenda paper, I feel it should be accepted. But now the Minister says he is prepared to answer if he is permitted. But he should not give just some

re: Demands of the non teaching staff of the Educational institutions, regarding payment of D A. merged scales and H.R A. on par with Govt. employees.

reply. When the Chief Minister comes, he should also answer. Kindly give some ruling.

Sri A. Sriramulu—My point of order is this. When the Hon'ble Speaker wanted to go to Delhi, he was decent and courteous enough to seek leave of the House, eventhough strictly speaking he is not obliged to do so. Now there is a sitting of the Assembly and we are now taken by surprise to know that the Chief Minister has gone to Delhi. Who is to inform the House in regard to the absence of a Minister in whose name the matter is put on the order paper. Should we simply learn by looking at the benches. The Chief Minister is directly responsible to the House and if he absents himself, how are we to know?

Sri C.V.K. Rao;— He is also Leader of the house.

Mr. Deputy Speaker:—The Chief Minister has informed me that he is going to Delhi and this is the convention and there is nothing wrong on his part.

Sri A. Sriramulu:— When the Chief Minister has informed you at least we expect you to announce it to the House; otherwise the business on account of matters standing in his name would be upset. Now we put a question to the Chief Minister; the other Minister is not able to take responsibility because we know it is the Chief Minister who is running the administration; the other Ministers do not seem to count; that collective responsibility of the Cabinet has disappeared long time ago. That is why there is only one minister for the State and that is the Chief Minister.

Mr. Deputy Speaker:—In the absence of the Chief minister, the Hon'ble Minister for Finance will give reply and attend to all the business standing in the name of the Chief Minister.

Sri A. Sriramulu:— That has to be announced as soon as the sitting starts. The Hon'ble Speaker will have to announce to the House that he has granted permission to the Chief Minister and the Chief Minister would be represented by the Finance Minister and the latter is prepared to take full responsibility on behalf of the Chief Minister.

Sri C.V.K. Rao;—There is a lacuna here. You were good enough to tell us when a particular matter has been raised to be answered by the Chief Minister, he is not here. But the question

Matter under rule 329:
re: Entry of tractors used by agriculturists in the city limits.

arises - are you made to know this thing at this particular point of
time or was a communication sent to the Presiding Officer much
in advance; if that were so we should have been intimated in the
beginning itself; but if the information is conveyed to you at this
particular point of time through the office, I have got some objection
for that.

Mr. Deputy Speaker;—Yesterday only it has been communicated
to me in writing.

Sri N. Venkataratnam;—On the point raised by Mr. C.V.K Rao
I would suggest a solution without going into the merits of privilege
or collective responsibility, From the press we gather that the Chief
Minister is coming tomorrow and his presence will make all the
difference for this question. This matter was discussed in the Coun­
cil also. I would rather request the chair to postpone it for tomorrow
that will be a good solution because in his presence if we discuss the
matter it is easy to solve the problem, I request that it may be post­
poned for tomorrow.

Sri M. Omker:—I agree.

Mr. Deputy Speaker;—This is postponed for tomorrow.

re: Entry of the Tractors used by the Agriculturists, in the

Mr. Deputy Speaker;—Yesterday only it has been communicated
to me in writing.

Calling Attention to Matters of Urgent Public Importance:

re: Need to upgrade the Upper Primary schools run by private managements.

To: All concerned.

There is a need to upgrade the Upper Primary schools run by private managements. The current standards of these schools are not sufficient. The government has decided to take steps to improve the quality of education in these schools. A committee has been formed to review the standards and make necessary improvements.

Sincerely,

Annual Financial Statement (Budget) for 1977-78 (General Discussion)

402

The annual financial statement for the year 1977-78 is as follows:

- Revenue: Rs. 27,000
- Expenditure: Rs. 23,000

Profit for the year: Rs. 4,000

The main items of revenue include:

- Rent: Rs. 10,000
- Interest: Rs. 3,000
- Other income: Rs. 5,000

The main items of expenditure include:

- Staff: Rs. 8,000
- Supplies: Rs. 4,000
- Other expenses: Rs. 5,000

Net profit for the year: Rs. 5,000

The management is satisfied with the performance for the year and is optimistic about the future.
Sri Syed Hasan (Chairman):—Sir, I would like to invite your attention to the Finance Minister’s Budget speech of last year—1976-77. On the first page he had claimed that, timely action was taken to avert the crisis with the proclamation of emergency. Concurrently a positive programme of action in the form of 20 point Economic programme has been enunciated by the Prime Minister which gives a new impetus to meaningful economic growth with accent on the welfare of the common man.

I fail to understand, Sir, whether I should greet the Finance Minister for his claim of this credit for economic growth and planned schemes because as we see, one year had passed and but for the horrors of this 20 point programme which speak volumes for the late 19 months in the name of emergency which had cropped up we find nothing. I quote certain examples.

I would like to submit that the Urban and Rural land ceiling is most unimaginative. For example, the Urban Ceiling Act is so much ineffective that all the time directions had to be given by the Authorities to what should be done and Rules were framed and the amendments to rules were made.

This had very badly affected the growth of the cities and also badly hit the middle class and the lower middle class 10-30 a.m. people who wanted to construct their houses.

Similarly, the rural land ceiling programme; crores of rupees are being spent on Government machinery and establishment but we find no results. We on the contrary, find the Tahsildhars and Revenue Divisional Officers minting money. Even the Tahsildars and R. D. Os, connected with the Tribunals have become multi-millionaires during the period of the implementation of the Act. If the land owners were left to themselves, they would have surrendered the land and by now most of the landless persons would have received the lands. So, these failures are a proof for the failure of the 20 point programme which the Minister had claimed in his Budget Speech.
On page 2 of the same Budget Speech, the Minister said that the unprecedented increase in prices which was the cause of concern in otherwise satisfactory economic situation in the previous year was brought under control by the increase in the agricultural production on the one hand and on the other, by the vigorous enforcement of legislation and executive measures for curbing the speculative and profiteering elements. Further, he said: Besides continuing measures that will ensure supply of essential commodities at reasonable prices, we are taking steps to build up a strong public distribution system to deal with any unhealthy development that might upset the situation. Sir, what is the situation to-day? The prices are sky high and our State which is supposed to be a granary of rice, but the price rice also could not be controlled by the Government. We heard of open air theatres but we never heard of the open air storages. Supposing you go from here to Warangal or Aler you will find heaps of rice exposed to the sun and rain. Under these circumstances, the Minister has to explain as to how the claim for credit for his Government or to himself was justified.

The horrors of 20 Point Programme of the former Prime Minister and also the results of the emergency, I would like to put before you. Firstly, the compulsory retirement, 6,500 persons were retired. If you take the statistics of other States you would find that all put together it was not even 5,000. Out of these 6,500, most of them belong to the minority community. The rate of recruitment is not in proportion of the rate of removal. I would like to quote certain examples as to what type of persons were compulsarily removed from service, One Mr. Karra Mohan Rao, was the Superintending Engineer in Irrigation. He was weeded out. He was efficient and a very talented technical person; he went to the United States. United States Government has written to our Government of India that they were surprise to learn that such an excellent and intelligent person also is in India. In return Govt. of India referred it to our State. To their surprise his name was found in the list of weeded out persons. Similarly, Mr. S. K. Sinha, 1. A, S. He was Revenue Board Member. As you know that person were removed in the name of public interest and no resons were accorded. We find that the Commission is being installed to ascertain the charges against the Chief Minister and he is being given a chance to express himself but whereas no chance was accorded to those employees, who in the name of the public interest, were removed from service. What blunder, mistake or sin this S. K. Sinha, I.A.S. had committed. What he did was that the
Chief Minister, in the wake of this Urban Ceiling Act, called him and wanted him to give the link documents because the land belongs to the wife of the Chief Minister. So much pressure was put on him, but he said that he would do only when the link documents are given. Such efficient and capable officers had to suffer the consequences and he was weeded out.

Mr. Amjad Salam, Joint Director, Industries who was an excellent person, capable person and a dynamic person also was weeded out on a charge that he drinks too much. In the weeding out Committee, one of the Members of the Board of Revenue in its first meeting asked whether his work suffered due to excess of his drinking and whether he is in the habit of accepting liquor from other parties like Mr. Lakshma Reddy. The third reason asked was whether his efficiency of work effected due to drinking. All the three reasons were denied. The Director or the concerned authority said 'no'. The last question asked by that Member of the Review Committee was whether any chance or warning was given the the reply was no. But that time his name was dropped from the list of weeding out officers. Another time the review Committee who raised objections was not called for review and then this officer who was Joint Director Industries was weeded out. While new members were reviewing the case.

Near the Accountant General's Office, you must have seen, the same weeded out employees were fasting unto death but none of us is bothered about their survival. Especially, the Government servants have a planned life and a Government servant thinks that I am retiring in such and such an year, therefore I should make provision for my children, their education, marriage. All this planning was upset due to the sudden removal of these employees. What is being done? I was asked to go in deputation along with some other legislators to the Chief Minister. I told my colleagues that I may excuse as that fellow was arrogant and he was not bothered to listen to reasoning what is the use? I had several experiences in the House. So often, he used to tell giving assurances that we will look into this or that. For example, deriving muslims majors from getting land (land like others and not to deprive by applying) the Muslim personal law. All time he was saying that we will enquire about the practice in other States. And at times he wanted to call on informal meeting but he did nothing. Similarly, for these weeded out employees, he said the same thing, that we would enquire from other States as to what they

are doing. What is this? What they have done in their cases? They have done nothing. No action was envisaged and no mention made in the Budget Speech of the Finance Minister about these weeded out employees.

10-40 a.m.

Similarly about the Osmania University. The Osmania University had adopted a resolution of Finance Dept. by authorizing the Department to weed out persons. Time and again I have said it on the Floor of this House. How the teachers can be corrupt? One has to understand in what way the teachers can be corrupt. As the time passes, their maturity experience and closeness with the students also increases. It is a serious matter for consideration. But on the contrary no one is bothered to ascertain the possibility of the reviewing their cases. On the contrary these persons were removed from service. With a Stroke of V.C.S pen.

Again, I am repeating, how would they live for the remaining days of their lives when they are abruptly removed from the jobs. What face they have to show to the outside world? Time and again I was insisting that Review Committee, as in the Government Departments, should be formed to review the cases of these weeded out teachers, but nobody bothered about it. I am sure, this time the Finance Minister would reply specifically about the University—is it possible that you are not competent to interfere into the misdeeds of the University authorities. A large portion of University Budget comes from the state. How can you deprive these teachers, professors, lecturers of their livelihood and how can you disgrace them. What would future generation who would like to join teaching profession would think about it?

Employment problem has not been solved. Even 90% of the schemes for the educated unemployed and semi-educated unemployed have not been solved because of slackness on the part of the Government and on the part of the Officers. So, it is a matter to be seriously looked into.

Family Planning. This is another horror. The North and the South had faced excess equally. But the difference was they had taken it up as a movement. Our people being timid, submissive and also not capable of resisting repression by the dictator of not less than Mr. Vengal Rao's type and so they could not raise their voice to the extent to which the people of the North could raise. Actually, the young, the unmarried, the barren and the old were effected by this family planning, and its horrors, the details of which are hair-raising only one has to understand and get knowledge and its details.
After these drastic changes in our country, the Municipal Corporation authorities recently had weeded out their employees because they failed to achieve the target fixed for family planning. The Finance Minister should look into this factor also and ascertain how this has been done. When changes had come and when everybody is trying to forget about the horrors of family planning how this Municipal Corporation authorities had removed their employees on this account.

Corruption: About corruption, there can be no two opinions. A person like the present Chief Minister Mr. Vengal Rao who can hardly afford a rickshaw fare 10 years back could become rich and neo-rich. Now he is having two Bungalows in Hyderabad. He resides in the recently built posh bungalow near Panjagutta. Another big bungalow situated in the lane adjacent to Blue Moon Hotel is supposed to have been presented by the Rajah of Bobbili. Rajah bought it for Rs. 75,000 and spent another Rs. 75,000 for renovation and he has sold it to the Chief Minister and registered in the name of wife of the Chief Minister for Rs. 40,000. I have already mentioned about the land located in between T. B. Hospital and Mental Hospital, some acres of land, not a few hundreds of yards of land. These are the three properties of the C.M. in the City. How about one house at his village in Khammam District which has 67 fans and it is all air-conditioned. He is having cows each of which costs Rs. 20,000 and the shed of the Jersey Cows is fitted with air-coolers.

Mr. Deputy Speaker: — These points are before the Commission.

Sri Syed Hasan: — Because this is a part of the general discussion. I know that you are very close to the Chief Minister and you have to come to his rescue. You please bear it.

Sri Kudipadi Prabhakara Rao (Amalapuram): — Making insinuations against the Chair is not proper and it is below the dignity and decorum to the Chair. 'You are close to the Chief Minister'—this sort of thing is not reasonable on our part to mention. I hope, the Hon'ble Member would withdraw these things.

*Sri Syed Hasan: — Now about these two Guest Houses, you will be surprised to know that those two Guest Houses near his village have been built by the Department of Roads and Buildings. They are air-conditioned Guest Houses. For what purpose?

Is it for Junior Sanjay Gandhi or for his family Members of the Chief Minister. This is another point for the consideration of the House.
Then, about the Ministers' corruption and accumulation of wealth. If any Minister wants to challenge, then I have to give the names of the Ministers about their accumulation of wealth and misuse of power and policeisation. These are the three activities of the Ministers and this fact cannot be denied. During the year 1972, I have made similar specific charges against the Ministers it was an issue for two days on the floor of the House; but no Minister had dared to question this. We would have gladly agreed if pardon was asked from the Centre over the misdeeds. How innocent people are killed in the name of Naxalites? They were brutally murdered and still the Chief Minister exists like Pharaoh in his last days. Our Chief Minister is similar type of arrogant man. The Tarkhunde Commission's report has come and the Chief Minister is silent. Pharaoh was also just like this in the last moment like this. He was surrounded by the water and later he got drowned into it. If you refer the Bible or Quran, you will see the lot of such instances. They themselves would speak. In the name of encounters and in the name of the law and order, these killings were done and the main responsible person in this drama is the Chief Minister.

In view of the situation, he has put his dagger in his sleeves. The blood is oozing out from his sleeves. It is evident as to how much brutal he was, and how much cruel he was in the name of humanity. This is a matter of shame. I spoke about the corruption among the Ministers; and brutal dictatorship of the Chief Minister.

Now, about the planning and programme, the details given in the notes are nothing but jugglery of figures. There is no planning as such in the State. There was 6 Point Programme in the wake of Emergency. What is the result of it? It had developed so many narrow walls. Instead of 2 regions, it has developed so many narrow barriers. It is solving no problem for the regions or for the State as such. There is need to link the rural areas in the State. There was a proposal of construction of roads to link villages. But no funds were provided. This is the reason we are always cut off from the villages.

In rural areas, there is no water supplied. Wherever we go in rural areas, there are complaints about the scarcity of drinking water. For example, even in Visakhapatnam, the second City after Hyderabad, it was deprived of water for few days and in Hyderabad also existed the same position. People of middle classes and lower middle classes are charged 100% more towards water tax. Previously the charges were Rs. 6/- per month and now they have raised it to Rs. 12. Supply of the water is the main thing because it is the minimum human needs
and the Government should see into all the defects in the system of organisation including unhectic of water rates.

Then, in regard to Corporations we are having a number of Corporations in our State. There is no coordination between the Corporation and the Ministry. They consider they are autonomous for all purposes and no Corporations is free from corruption, nepotism and favouritism.

There are three Corporations where the Chairman and the Managing Director are the same. They are Allwyns, Singareni Collieries, Nizam Sugar Factory. They may be some more but details are not available with me. How is it possible to man both the posts by one and the same person. The Chairman of Allwyns after coming from R.T.C. made three or 4 foreign trips. We know the details as to how he was dealing in R.T.C.

Then about R.T.C., the Chairman of the R.T.C. Some 3 or 4 years back, he was hardly having the bus fare to go his village from Hyderabad. He was hardly paying the bus fare from Hyderabad to his native place. He is not a technical man. But as Chairman of the R.T.C. he went abroad to finalise a deal on technical matters. There is a place in Paris, i.e. Reveira. The millionaires would spend there. This Chairman of R.T.C. spent one week costing Rs. 6 lakhs within a week's time. How is it possible? How the Finance Minister could tolerate all these non-senses? It is really a matter to be checked. I would like to bring to the notice of the Finance Minister and his Cabinet colleagues another point. When this Chairman of R.T.C. and the General Manager were going on foreign tour. People had to come to Airport to see them off. There, the liquor was served and in the name of liquor the expenditure was charged to the R.T.C. exchequer. Earlier similar expenditure adjusted in the name of lunches and dinners but not of course in the liquor.

Then, about Small Scale Industries Development Corporation. The Minister admitted that there are 80 sick units. But no one bothered to entertain the reasons for those units being so or as to how they could be re-started, etc. Nobody bothered as to how they should deal in that matter. On the contrary, I wish to place before you one fact, that few Industrial entrepreneurs wanted to start URUGAL G.s Industry at Warangal. When those boys wanted to start that, the Minister was putting impediments through the Managing Director of Small-scale Industries Development Corporation. They are saying that unless they take the Minister's relation as partner or share-holder they would not allow it to start.
410 23rd June, 1977. Annual Financial Statement (Budget) for 1977-78 (General Discussion).

Mr. Deputy Speaker:—Now, Mr. Ramachandra Reddy to speak.

Sri Syed Hasan:—Some changes have come....

Mr. Deputy Speaker:—I would not allow you to speak. Mr. Ramachandra Reddy to speak.

Sri Syed Hasan:—I oppose it. The Muslim being in the Chair.......

Mr. Deputy Speaker:—Do you think that in the changed circumstances you have to consume the whole financial year for making speeches. I do not allow you.

Sri Syed Hasan:—You have allowed others. What is it? Why do you not allow me to speak. You want to please the Government and the Chief Minister?

(interruptions)

11-00 a.m. Sri P. Ramachandra Reddy (Sangareddy):—Mr. Deputy Speaker, Sir, while supporting the Budget for 1977-78 in total, I want to compliment the Government, the staff, the Finance Minister and the Chief Minister and their colleagues for the financial stability which they brought to the State from the last three to four years. You know, Sir, the overdrafting matter was causing concern to Andhra Pradesh for a considerable period of 10 years right from the formation of Andhra Pradesh till the last 3 years. Today, we are in a good position. No overdrafting. We are in a position to lend money to others and this compliment should go specially to the Finance Minister who is also in charge of the Commercial Taxes which has improved more and helped us in this regard. And rightly this credit will go to Mr. Vengal Rao, the Chief Minister because during his stewardship this financial stability has come to the State. These are not my wordings. I happened to see the then Planning Commission Vice Chairman, some of the Secretaries in Central Government, in the capacity of Chairman of Industrial Development Corporation, where they appreciated the financial stability of our State; the improvements in the financial field apart from other fields. When the Planning Commission called our officers, Planning and Finance Minister and the Chief Minister, they disposed of them within few seconds, they have not taken even minutes, accepting the total plan and adding something more showing an expression that instead of dumping the money elsewhere, since the State of Andhra Pradesh is doing good work, they wanted to add something more. The Planning Commission added Rs. 10 crores more and passed our plan for 1977-78. This is a good compliment to all
Still there is scope to improve our finances by taking some steps. I suggest some of them.

The present system of minor minerals lease is not proper. The lower level Revenue Officers will auction and take the approval of the Government. There is a scope to get more lease amount, if sufficient publicity is given in advance and officers of higher level must be entrusted with this work. Where industries are coming up based on mines, such mines should be given to the Industry. Through these mines, income can be improved.

Similarly, the Public Works taken up by the Government should not be given to contractors; there should not be any tenders. It must be done through the Corporations of the Government. What I mean to say is that, Public Works Department works should be taken up directly by the Corporations to save the money, to improve the quality and to avoid all the mal-practices.

I had an opportunity to serve the Consultative Committee along with other friends and Finance Minister. We must appreciate and compliment the Finance Department for the improvements made in collections, especially in the commercial taxes. There may be some leakages, which can be plugged. But, there is much improvement in the commercial tax collections. In regard to leakages, etc., I think, it is already under the consideration of the Hon'ble Finance Minister and the matter may be expedited so that we can get more money.

Then, in regard to other irrigation sources, I am not much aware of Andhra area; but I may tell something about Telangana area. By name of illegal wet cultivation, the revenue authorities are imposing penalties and collecting revenues under wet and dry. There is no regularisation. In view of non-regularisation of certain procedural matters, there is much scope for mal-practices. At village levels the lower cadres in revenue Department are imposing penalties under tank irrigation. In regard to dry assessment and wet assessment there are mal-practices. Instead of giving scope for mal-practices, the Government should see that these matters are rectified by taking proper steps. In that way, we can get some more money. These are all my suggestions to improve our resources and to get more money to our exchequer.

We are happy that there is political stability in our State, in spite of two turmoil of Telangana and Andhra agitatiions. Today, we feel that the Andhra Pradesh is a part of this country and no disintegration. No attributions against each other. The reason is there is political stability. The political stability is due to the cooperation of
all the parks. We have taken up developmental activity in all the sectors. There is improvement and people are seeing. Now, there is no feeling like people that certain area is neglected or certain area is not developed, etc. This compliment should go to every politician who is in public life. Similarly, the Government of Andhra Pradesh under the Minister, the Chief Minister must be commended for bringing this political stability.

"What are the developments made?" The development in agriculture is that we are surplus in foodgrains, especially in paddy. Wheat was not grown in our State before; now growing. The Green Revolution has come and we are also producing wheat and wheat is available with us now. Except in pulses and oil seeds, we have proved much in agricultural production. That is why we have decontrolled paddy, seeing the surplus position, there was no other reason to control paddy, My friend Mr. Syed Hasan was mentioning about the godowns in open sky covered by black plastic sheets. Instead of decontrolling, these stocks are lying by Food Corporation of India which is under Central Government. It is now under Janatha rule. Even if, these stocks are exhausted, the Andhra Pradesh Government is prepared to substitute. Since all the godowns are full, these stocks are kept outside in open godowns under the sky in a well protected manner. This is the reason why the Government decontrolled the paddy and extended the Food zone.

Sri Syed Hasan:—Your Food Corporation of India is selling at 10-10 a.m. higher rates. In open competition the rates are less.

Sri P Ramchandra Reddy:—After formation of Andhra Pradesh, though I was not in the Plan, Mr. N. Sanjeeva Reddy, the then Chief Minister was dare enough to take up two projects, Nagarjunasagar and Pochampad projects. The then Prime Minister of India was the Finance Minister then. He always prevented and did not encourage projects like this and did not include these projects in the plans. Unfortunately, when A.P. was in Madras, there was no proper representation. Therefore they could not be included. The schemes which are included in the non-plan today are completed. My friends now sitting on the other side were also share holders then. We have done much canal work. During the present Government, Congress Government, it was started and completed. Today, every drop of water we are trying to take to fields and to the peasants and simultaneously land development is going on. We want to send every drop of water of Nagarjunasagar to the fields. In respect of Pochampad we have a grouse since Nagarjunasagar was progressing rapidly. Mr. Sanjeevareddy told on the floor of this
House and then he pleaded guilty that he could not give much attention to the Pochampad Project, during his first term and promised to do justice when came as Chief Minister second time. Now it is done. There is good progress since three years. We are satisfied.

Under medium irrigation, many schemes were taken up and they are under progress and some of them are completed. If anything is left and if it is brought to the notice of the Chief Minister or the concerned Minister, proper attention would be given. If one looks at the allegation of funds, he would find that irrigation is given much importance. All the medium irrigation sources, including the long cherished desire of the Rayalaseema people to share the Krishna water, they are also started now. We have to improve it. Godavari barrage & Dhawaleswaram caused some anxiety when it is breached but it is completed in a record time so that there may not be any breach in the coming two hundred years. The water dispute with the neighbouring States was amicably, cordially and with brotherly relations was settled resulting clearance to so many projects including Singoor for much water required for this city. The Mysore Chief Minister, agreed, and laid the foundation stone. Settlement of water dispute is an important factor in irrigation.

Similarly other departments like, Education, Technical Education etc. The Universities have come during this period—Kakatiya and Nagarjuna. Two existing Universities are improved. Discipline is restored in the education field. Apart from that, several Junior Colleges have come up. I agree that results in the last 3 or 4 years are very bad. We have to improve the quality in education. There should be improvement in education and percentage of passes. When they started strict examination the results are poor. The reason being that parents are not taking it seriously. They should see that the students are studying well or not. We should not be lead away by the disgruntled elements working in those institutions bringing bad name. I was in the Senate of Osmania University. One day I was disheartened and lost hopes and came out. Now the Osmania University is working peacefully. Thanks to the management, Vice Chancellor and the teachers who are working there. Such wonderful things have happened.

Sri Syed Hasan —-Are you supporting the University Professors retrenchment ?

Sri P. Ramachandra Reddy :-The problem of unemployment is causing grave concern. Whichever party one may belong, we have to solve this problem. The cottage and small scale industries cannot solve this problem. Can you show me a more patriotic and sincere
man than Sri Vaikunta Lal Mehta, who was the first Chairman of the Khadi Commission. Today that much of honesty, in grity, men are not found. The Central Government is going to make an attempt with people of less devotion to develop Cottage Industries. They may solve the self-employment but that cannot solve the large scale mass unemployment in the Country. Only medium and major industries can solve the employment problem. Take BEFL, IDPL, take HMT and take our own big industries and compare with any Papad Industry, and Pencil industry, etc. In small scale industry how many are employed? 90% of the Small Scale Industries are sick. The Department is struggling to revive them. In this State much attention was given, sufficient allocation was given to improve the medium and large scale industries. Central subsidiary is made available. Coastal districts were also getting industries under the State subsidiary aid. Today sugar industry has developed and a large number of industries have come up, cement industry has developed. Electronic units, Steel Units, machinery units, chemical units and fertiliser units have also come up. There are hopes now in Andhra Pradesh in view of the raw material available that several Carbide units are coming up. Today the people are coming forward to start industries. Industrial atmosphere has come. Two industries are delayed now. No. 1 is Steel Factory at Vizag and the other is Tyres and Tubes Factory at Mangalagiri. These are delayed. Fortunately or unfortunately we are not in Centre. A party which is in the State is not in the Centre. Janata Party is in power. I request the opposition members (Janata) to use their good offices in getting the Steel Plant at Vizag and Tyres and Tubes Factory at Mangalagiri. Therefore your assistance is required to us. Recently, I had been to Delhi. I met all the officers and the Ministers concerned. They said everything is done to Andhra. Most of the industries have come to Andhra, is the comment of the Industries Minister. Steel Minister was sympathetic to solve our problems. I request the Janata Party, local leaders to use their good offices and get it done. The entire infrastructure for these industries is ready. For Tubes and Tyres Factory financial clearance is required. So this is about industries. Some industrial townships are coming up, in Telangana areas like Pattancheru and in Rayalaseema Kurnool, Tirupathi and in Coastal areas like Vizag and Rajahmundry. Those who are having little money, they can come forward and take assistance from the institutions which are existing. To day much more financial assistance is given than few years back. Andhra Pradesh earlier got only 4% of the total investment of the financial institutions in this country, today we are at the top of it. This is an improvement in the three years. There is now industrial atmosphere. There is scope and the people are coming forward to start industries,
As far as power generation is concerned, as you are aware, our power productivity capacity is 1,100 MWs. Due to want of water or non-mainenance of machines which are very sensitive normal mainenance was not done giving trouble resulting in shortage of power. We were disappointed in the last three months. Now it has improved. If 1,100 MWs. power is generated we will be surplus. Our requirement is only 900 MWs. including all the industries. We wish for improvement. The other thing done to the greater extent is rural electrification. This is done under various schemes including cluster schemes. By this power we can also exploit the underground water and the peasant would be benefitted. A number of villages are electrified from the last 2 to 5 years. MLAs were given the discretion to pick and choose some villages if they are remunerative. That is the democratic functioning of our party and Government. Large improvement is in this field.

Now, I will come to programmes undertaken in favour of weaker sections. It may not be exaggeration to say that this is the one State in which so many things were taken up for their development. The SCs and STs had developed and this is the State in which various measures were implemented. Take for example, educational facilities to the SCs and ST boys; Right from the lower class to the higher level he will get free books and education. When he joins the college, all the facilities are given. For those applying for IAS examination, to those boys, we are giving special coaching, sufficient books and dress. These two or three things are not there in other States.

Several more hostels are coming up in rural areas. Harijan boys are getting the benefit. Even for Tribal boys, today we have got various educational schemes. There is a Committee on the Welfare of Scheduled Tribes and Scheduled Castes. They are going from place to place and seeing with their eyes and appreciating the steps taken, and suggesting for further expansion of such activities. About land reforms, I invite you to my Constituency. Whatever surplus land is there, it is given to the revenue authorities and they are allotting to landless within a month. During Zemabandi their names are entered and possession is given. Wherever some officials and non officials work in a coordinated way these things are speedily going on and in some cases it is not. Various Tribunals also are created for this purpose to dispose of the appeals. Within a few months they will be completed and these lands would be assigned on the ratio fixed by this House. We are giving the community irrigation wells, whereby the Harijans are benefitted. It is a new conception. If some more funds are given we can take it up on a large scale. Regarding Panchayatara
Institutions, if elections were conducted public representatives would have been there. We could have taken their assistance in the weaker sections programe, and other development works. But many of us are having contradictory views on this. One side we said these Panchayat Samiti Presidents should be removed. We spoke also against these institutions. We said these are dominated by upper sections, these are dominated by landlords and they are antisocial. All these speeches we gave here have resulted the abolition of these institutions.

Conduct of elections is delayed. I am a firm believer in Panchayati-raj and local bodies. There is a comment and criticism on officials, but you may not agree with me that at Panchayat Samithi level, Zilla Parishad level, we are prepared to authorise powers to Collector but not to Z.P. Chairman, or to Samiti President, or to any non-official. If Collector comes all the member will rise and receive him. If Z.P. Chairman comes he will not rise and he will not respect him. Then why do you criticise officers? By habit we are accustomed to respect the officers than our own non-official.

Sri C. V. K. Rao:—Does the Hon'ble Member realise that he is casting a serious aspersion on conduct of the part of the Legislator. I hope he will withdraw. Unless and until he has quoted specific instance where that servility is, I for one will not condone.

Sri P. Ramachandra Reddy:—(contd.) I am observing on myself. I am not observing on anybody. I won't rise if a Zilla Parishad Chairman comes but I will rise when Collector comes. That is on myself. I have not said anything. If I have said anything I will take back that sentence. It is on me only.

Sri A. Sriramulu:—Mr. Deputy Speaker, my friend has got the freedom to do whatever he pleases. He may rise, he may bow, or he may run, we are not concerned. But nobody is suggesting that we should quarrel with bureaucracy. Everybody is suggesting that we should control the bureaucracy. Bureaucracy should be instrument in our hands. I think there is no dispute as far as this is concerned.

Sri P. Ramachandra Reddy: I entirely agree with what my learned friend Mr. A. Sriramulu has said.

11:30 a.m.

Sri C.V.K. Rao:—I will make an observation. My friend must remember that it is the Ruling Party that is responsible; the Minister bowed down to the Collector and Legislators are made fools in the hands of the Collector. Let that be remembered by him.

Sri P. Ramachandra Reddy:—Sir, I agree that some of the Officers specially the young I.A.S. Officers produced by Government of India and dumping on us; they do not know our local manners. Some authoritarian approach is there. I do agree that Hon'ble Chief Minister and his colleagues must rectify them properly.
Sri A. Sriramulu: The Chief Minister and other Ministers are praising the IAS Officers everywhere.

Sri P. Ramachandra Reddy:—If they praise that is a mistake. If an officer is good, praise him; if an officer is bad, let us condemn him. Let us respect others who respect us. When I see Panchayati Raj Institutions, I feel lot of humiliation. I came across places where we were not given proper respect. This is with all the public leaders. I know officers. If a representation is given by a non-official, they will damage the whole case even though it is justified case. This tendency is very bad. This must be rectified. The public worker should be given respect. Respect should also be given to the views of a public worker. When all these things were happening, we kept quiet. To-day we turn back our guns and say “the present Government is corrupt, all people in the authority are corrupt, dishonest, the present Chief Minister should be punished or finished or something like that”.

Sri C.V.K. Rao:—Nobody said that the Chief Minister should be finished.

Sri A. Sriramulu:—Nobody has any intention that the Chief Minister should be finished but he has finished 300 people.

Sri P. Ramachandra Reddy:—Yesterday I heard speeches made by my friends very carefully. I heard the speech of Sri A. Sreeramulu. Previously he used to give speeches with good information, myself and the Finance Minister complimented him several times. This time he was little harsh and uncharitable towards us. Secondly Mr. N. Venkataraman. He is an Advocate. He spoke harshly on the Chief Minister. But I can say that the Chief Minister has got 80% good features. He is not a God or Super-human being. Certain mistakes might have been there. You cannot overthrow 80% merits in view of remaining 20%. After all, all these developments have been done during his tenure. Forget him as the Chief Minister, take him as Zilla Parishad Chairman. There were 20 Zilla Parishad Chairmen then. Take the Second Plan Budget. 30% irrigation budget was spent in Khammam District only. Take Telangana Regional Committee Budget. 20% T. R. C. budget was spent in Khammam District. These are because of his devotion and sincere work. Then the system was, whoever spend money early, then went on giving further money to them. He has done well. There was no charge or complaint on him. A person who was honest all the while cannot be dishonest suddenly.

Sri A. Sriramulu:—We never made assessment of the Chief Minister. We only made evaluation work, policies and the results
that have flowed from those policies. If I have pointed out some cases of corruption, let those cases be investigated and let the Chief Minister allay our fears.

Sri P. Ramachandra Reddy:—If somebody is corrupt, we will not shield them. Our party will definitely take action against them. We have not posted them to bigger posts to become corrupt. We won't shield any corrupt man.

About Emergency:—If I put it Sir, the present Chief Minister and the present Government were not so harsh as other States were. We are having many restraints in using emergency powers. That is the reason why Janata Party has not won the elections in its colours, though the Congress Party retained almost all the Parliamentary seats. Secondly, during emergency period, tell me where the excesses were, except Mr. Omkar. He suffered because of political convictions. Who else have suffered by political convictions?

Sri C.V.K. Rao:—Are you not ashamed of saying so?

Sri P. Ramachandra Reddy:—First time, when I was the legislator in 1962. In 1964, there was a division in the Communist Party. Hon'ble Deputy Speaker might be aware in those days. C.P.I. was divided and another party called CPM formed. Government arrested CPM people. They were put in jail. We defended that action on this floor. In those days, many parties justified to keep them in jail. Several other people of CPM were also put in the jail. It is not a new thing, in politics that happens. I was also put in jail during Telangana agitation. My own party Chief Minister kept me in jail. Mr. K. Brahmanda Reddy also. Those are political situations. When we created law and order problem and they have done so. In those days, I never heard such criticism. I have got a point to say Sir. Several members never drawn the attention of the Government during emergency about excesses including my friend Mr. CVK Rao. My friend Mr. A. Sriramulu never wanted half-an-hour discussion on it. During the debates, none has mentioned about the killing of naxallites outside the encounters. If that has been brought to our notice, we should have taken serious note of it. We won't defend people who take law and order into their hands. You are all silent all these days. Unfortunately, Mr. Omkar was not in the House to give his version. There are two aspects of the naxallites. One aspect is their atrocities on the people and secondly their attack on the police. Killing of persons in encounters is not a matter for discussion because some judicial commission is enquiring into all these things. We will abide to its decision. Whether they were killed in encounters or in their houses, leave it to the Commission. We will abide by its

decision. These things have not come in emergency. This movement started in 1969 in the previous Chief Minister’s time. For a considerable period, there was another Home Minister. The present Chief Minister was the Home Minister latter. In the Assembly and also in the Council, then Swatantra Party Members were saying that the Government was very lenient with the Naxalites Communists and Mr. Indira Gandhi was also collided with the Naxalite Communists. This was the allegation made against the Government. If I remember correctly Mr. Gowthu Lachanna spoke on the floor of the House that right from Bihar to Srikakulam, the forest is controlled by naxalites, some action should be taken and some drastic steps should be taken to suppress them. Everytime, he was reminding the Government in this regard. He approached Central Leaders also to arrest the naxalite movement in Srikakulam district etc.

Sri A. Sriramulu:—Did he ask the Central leaders to kill them?

Sri P. Ramachandra Reddy:—This naxalite problem should be immediately solved. They killed people living in villages. Todays their atrocities on the people are horrible. How do you solve this naxalite problem. Mr. T. Nagi Reddy resigned from here declaring “I will take violent methods and take the power”.

Sri C.V.K. Rao:—Did he kill anybody?

Sri P. Ramachandra Reddy:—These are the atrocities that are committed by the naxalites. How do you prevent this violence? Take for instance, in Tapalapuram of Adilabad District, some boys studying in a college along with the colleagues went for a picnic to their village there they were killed by the naxalites. They killed Chotawallas son of a Sarpanch. When they are killed in encounters, you are condemning it. If you do not take stern action on this, how law and order situation will be restored in this country. Who killed whom in the encounters, will came out in the Commission’s report. My party, my Government, and my colleagues will abide by the decision of the Commission. We have not appointed our own choice man. Mr. Justice Bhargawa a retired Supreme Court Judge is appointed. We are always cooperating with the Central Government. If somebody is guilty, my party won’t hesitate to punish him. I promise on my behalf, on behalf of my party and on behalf of my party Government we are not here to shield people who are corrupt, we will certainly punish them, we condemn them. We cooperate with the Central Government.

In Bengal what happened? CMP (L) people have created havoc on streets. When some of us went to Bengal to attend a meeting, they could not take up from Airport to the meeting place. They said
“there are riotings. you cannot go.” It was not for one day or two days, but it was for several days. It was then CPM Government. It was not Congress Government it was not Janata Government, it was not BLD Government but it was during CPM Government. These nexalites have created havoc and ultimately then Chief Minister Sri Ajay Mukherji has resigned. You also condemn this sort of violence.

Sir, to my misfortune, to-day Mr. Venkatratnam spoke very harshly. In earlier circumstances, he would have cooperated with me saying that this violence should be curbed. Therefore, it is a national issue which should be curbed immediately. Let them contest in elections. You have taken Government (power) from us in centre. Was there any violence? Was there any blood-shed? Was there any mischief? That is the people who decide these things. You must also condemn the activities of the nexalites.

Sri E. Ayyapu Reddy :—We have always condemned violence whether it is by police or by nexalites.

Sri P. Ramachandra Reddy :—Today the CPM has divided into various groups, viz. CPM (L) and others. There are several names. There is a book with me, I have read it and I do not remember these names; whether they are Mozamdar group or Sanyal group, I do not know. But there is a book on it.

Compulsory Retirement:—It is really a grief to those families who have affected by it. I am more concerned with the method of retracement. No n.r. officer is involved. This is only officers committee which dealt all these cases. There is no case in which either a Minister or the Chief Minister or anybody in power has altered the order passed by the Committee of officers. Suppose the Committee of officers has done any excess or it was very rigid, that again was sent for review. In review also, they were not liberal, they were not generous. So from our party level also, we are trying to persuade the Government that they should be liberal. To avoid complications and criticism it was entrusted to the officers committee.

Sri N. Venkatratnam :—My friend is saying that it was referred to a Committee? What is that Committee?

Sri P. Ramachandra Reddy :—Whether any reconsideration is required or not is drawing the attention of my party. I have already represented this to the Chief Minister that why not the Review Committee be consisted of non-officials or leaders of the House or Leaders of the Opposition and Members of Parliament who are not connected with this day to day work. Something should be done in this regard. That is my approach. Let us wish that the problem is solved because here a hunger strike going on.
Another important thing is Public Leaders and their image. When we say that for the last one month prices are shooting up, no solution is shown by the Centre but some or other Commission is appointed liberally, on some application without prima facie case, a commission is appointed. Let us not degrade any public leader or public life. Today everybody is speaking that every public leader is a corrupt leader. There by the image of the public leader is reduced. Previously the public leader was respected by one and all. I may be pardon to say this. In my village, when I ask “Where is Mr. A?” They say, “

“நீர் பட்டி, நீர் காந்திக் கோன்றை.”

This way the respect is tarnished. Let us keep the image of the public leader and criticise if he is a corrupt man. But see that the image of the public leader is continued in the eyes of public while criticising about corruption etc. Let us all fight including the opposition to remove the poverty to eradicate the untouchability, to bring stability and unity in the country. The country has taken different diversion, after elections. Let us very carefully watch. Now some bad smell is coming. Let us unite and fight for the prosperity of our country and particularly for the prosperity of our State, and let us control the prices which are going up.

I once again request the opposition leaders and other friends to make use of my friend Mr. E. Ayyapu Reddy’s services. He is an Advocate. I treat him as my elder brother. I request the opposition leaders to take his services and be dignified in the performances in this House. Sri A. Sriramulu has sacrificed his job and came to public life. Mr. E. Ayyapu Reddy also has sacrificed his good practice. These are all sacrifices. Similarly from my side, many of us have sacrificed and came here for public work. Let me tell you, Mr. Vengal Rao was not a pauper before he came as Chief Minister. He was a good agriculturist having sufficient property and means. One friend recently left my party and he spoke very uncharitably towards us. There must be some restraints, on the language. One boy who was first time elected, he spoke in a very uncharitable way. We are here for the last 20 to 30 years without any promotion or demotion I request them to take lesson from Mr. E. Ayyapu Reddy and Sri Sriramulu and other senior colleagues like Sri Syed Hasan. I used to hear the speeches of Mr. Syed Hasan in younger days. His Urdu speeches are better than his English speeches. We have affection and respect towards the opposition leaders. Similarly it must be reciprocated. Take the case of Mr. C.V.K. Rao. I am always worried about his health. If you allow him, he will go on speaking all the 9 hours without water and food.
About the Chief Minister, I must say one thing. If you, opposition leaders, gave a chit, he will do it. If we send, he may not oblige in many times.

If corruption is there, we are not here to shield anybody nor have the intention to do so. To-day we may be here, tomorrow we may not. All these 30 years people from opposition were coming towards outside. It was one way traffic. Now it seems it is vice- versa. But not in a large numbers. I request Sri A. Sriramulu, and Sri E. Ayyapu Reddy to retain their battalion as constructive opposition to appreciate the good work done by our Government.

Sri A. Sriramulu :—Are you also taking responsibility to train your friends there?

Sri P. Ramachandra Reddy :—Let us be cordial to each other like family members of this August House with a Common goal of public service.

Thanking you, Sir.

Instrument of transformation to bring about social, economic and political transformation in the country.

1972 - 

How you feel, the Treasury benches, the Chief Minister and the Congress members that side?
This Government is not able to control the bureaucratic machi-
It survived all these 30 long years on the basis of caste. If you go back to those days, you will find that the same Congress Government thrived on the basis of this base system. Now you cannot play the same tricks.
Most undemocratic person, most undemocratic leader, most despotic leader and he was responsible for the killing of hundreds of people.

Mr. Deputy Speaker:—The House now stands adjourned to meet again tomorrow at 8-30 A.M.

(The House then adjourned till 8-30 A.M. on Friday, the 24th June, 1977.)
