MATTERS UNDER RULE 329

re: Payment of excessive compensation for the lands acquired at Devar-Emjal village Medchal Taluq by the Social Welfare Department

Sri S. Jaipal Reddy:— Sir, in Devaremjal village, Medchal Taluk of Hyderabad District, 10 acres of land was acquired for the purpose of house sites to Harijans, Zilla Parishad, recently acquired land, adjacent to this land, for Rs. 3,000 to Rs. 4,000/- per acre. Now the Social Welfare Department is proposing to acquire at a fabulous price of Rs. 20,000/- per acre. The matter has been referred to the office of the Assistant Commissioner, Rural Development. The matter is to be taken up with the Collector of Nellore for early disposal.
Matters under Rule 328: re: Seeking clarification on the Statement made by Excise Minister.

10-00 a.m.

Sri Gonthu Latchanna: -In Para 2 of the statement of the Minister, it is stated that “With a view to help the weaker sections of society whose means of livelihood is only by tapping the excise taxes, it has been decided that there would be no restriction on the allotment of additional shops under Tree For Tapper and Tappers' Co-operative Society, subject to the existing rules, in all the places where population is less than 25,000 and preference will be given to Tree For Tappers’ Co-operative Society.”

There would be no restriction on the allotment of additional shops under Tree For Tapper and Tappers Co-operative Society.
Matters under Rule 328: 21st August, 1978. 23?
re: Seeking clarification on the statement made by Excise Minister.

What is the significance of stipulating the population of less than 25,000 to extend the benefit of the scheme “Tree for Tapper”. It may be said that tappers do not have the necessary resources and particularly in places with a population of more than 25,000, the trees are situated at far off places and it will not be economically feasible for the tappers to avail of the benefits of the scheme. In this connection, it may be pointed out that the financial institutions of the State, just as they are coming to the rescue of various sections of society, credit facilities can be got extended to the tappers as well, to enable them to take advantage of the scheme “Tree for Tapper”.

The Minister will have to clarify as to why it is not possible to extend such benefits to the tappers and why this restriction in regard to the population should be placed. In the 3rd paragraph of the statement, it has been stated “only such of those rival shops in a belt area of 8 Kms. will be clubbed with the existing groups as are apt to lead daily quarrels and create law and order problem”. This particular sentence is highly ambiguous.

Matters Under Rule 328:

re: Seeking clarification on the statement made by Excise Minister.

The sentence means that to avoid unhealthy competition the Government desires to club the shops in the belt area of 8 kms. This clubbing will result in elimination of tappers, Societies and help contractors to come in to the picture. If this interpretation of this sentence is correct, one cannot help the conclusion that the Government in the name of avoiding unhealthy competition is trying to encourage monopoly of excise contractors. The Minister should clarify as to what exactly is the policy of Government, because there are inherent contradiction between the second paragraph of this statement and this particular idea expressed in the 3rd paragraph.

In para 2 of the second page of the statement, the Minister has categorically stated that he has decided not to enhance rentals for 1978-79 for the Tappers, Co-operative Societies. In para 3 of the same page, he has stated that Government has decided to double the tree owner rent. These two things do not go together. While the Government is trying to give an impression to the public that it is interested in protecting the interests of the tappers by not increasing the rentals, is at the same time trying to achieve this objective indirectly by enhancing the tree owner rent. It may be recalled that the Government has recently exempted small farmers owning 2 1/2 acres of wet land and 5 acres of dry land from payment of land revenue. This measure was intended to ameliorate the suffering of small farmers. Tappers are in no way better than the small farmers. Their conditions are much worse. When it is so, the Government which is wedded to the upliftment of weaker section of society should not think of doubling the tree-owner rent. On the other hand, there is an imperative need to exempt the tappers from the payment of tree-owner rent and also the tree tax. The losses, if any, accruing out of these facilities to the tappers should be met by the Government. The Minister should clarify the policy of the Government in regard to this issue.

re: Seeking clarification on the statement made by Excise Minister.

Several instances where the Excise Contractors, particularly participating in the auction have secured lease on both Arrack and Toddys. As a result of this dubious practice by the Contractors, the tappers are becoming jobless and they are getting denied their means of livelihood. The Minister should clarify, as to what steps the Government proposes to take to arrest malpractice and to ensure that the toddy shops are also being effectively run, so as to provide means of livelihood to tappers in the area.

The Minister in the last paragraph of his statement on page 3 has stated that the Constitution of Tappers Welfare Fund is under consideration of the Government: This is a vague statement.

The Minister should explain the stage of the matter and the time needed for the scheme...

Where however, unhealthy competition is not feared those shops in belt areas should not be clubbed.

Sri P. Ganga Reddy:- Where however, unhealthy competition is not feared those shops in belt area should not be clubbed.

I issued one clarification Sir, and I have clearly, stated in my statement here Sir, and I will read it. So, Instructions have been issued in this regard and it should be better in only those cases where there is no other way to avoid unhealthy competition. This has to be done very carefully and very sparingly and seeing that no Tappers Co-operative Societies or Tree for Tappers shop is unnecessarily clubbed because it existed in 8 Kms.belt. Not only this Sir, I had contacted all the D.C.s, on phone and I myself personally went to Warangal and saw Sir, when you see the final report, if you want. I will circulate it after four or five days. I think Sir, it will be so negligible and you will bear with me, no unjust case is considered Sir.

I will take all care and I can assure the House, that it will be used in favour of the Tappers and poor people and after this Sir, I request you that there should be no hesitation or no doubt about it.

I can assure the House that unnecessarily and mischievously, nothing will be done. If anything is done, I will correct it and if it is brought to my notice, I will take action against those officers who purposely do it.

I categorically assure you that.

Doctors are dying, without jobs: patients are dying without doctors: both are dying without hospitals.
That is why this is the anti-people budget; this is the anti-weaker sections budget: it is a budget only meant for certain vested interests who have organised this in the name of Indira Gandhi in the State.

There is not even temporary construction of a building. They are running in the streets, they are running under the trees.

There is a total failure of law and order situation in the State Sir. I want to bring to the notice of all the other Members of the House that, after this Government has taken the reins of the state, every day there is a rape, every day there is a murder, every day there is arson and every day there is a dacoity. The culprits are not booked. There was a rape case. Rameeza Bee was raped within the Police Station. Mukhtadar Commission has upheld the contention.

The culprits are not booked.

Sri P. Ganga Reddy:—That is not correct. There is a Committee for it. The Hon'ble Member is a member of that Committee.

Sri M. Venkaiah Naidu:—I am not talking about Legislators Amenities Committee. I want to bring to your notice.

Sri P. Ganga Reddy:—G.A.D. is under Chief Minister.

Better the Government withdraw the G.O. With immediate effect. Otherwise there will be state-wide agitation against the G.O. This G.O. is against the spirit of the Constitution, and even against the interest of the common man and the State also. This G.O. is against the letter of the Constitution.

Is it a crime to belong to a particular community. Is it not to be admitted that everywhere people are talking of corruption, saying this Minister has taken this much and that Minister has taken that much. It is better to check it. Corruption is the talk of the city, town and the talk of the State. Everywhere people are talking of corruption, saying this Minister has taken this much and that Minister has taken that much. It is better to check it. Corruption is the talk of the city, town and the talk of the State. Everywhere people are talking of corruption. It is better to check it.

"Women asked for death—gets lifer".
The Nation is bound to engulf in a cataclysm if the problems of the starving millions and the down-trodden are not solved with careful planning and faithful execution.

The Judge further observed: "Slave as I am to the laws enacted by the highest legislative body, I am not in a position even to help her by giving the death penalty to relieve her of the extreme agony through out her incarceration period". She has, with her anguished look posed a lacunous question: "Am I alone guilty". Neither the Indian Penal Code nor any of us representing the State claming to punish her has a reply and every one of us should blush in shame."
Amnesty International greatly concerned at your Government’s request. Amnesty International considers it most important that the facts regarding the allegations of such serious human rights violation as the torture and killing of political prisoners be established openly and publicly. If these facts of these serious allegations are to be established beyond any doubt, any official Enquiry Committee should function openly and subject to public security. It should have full access to all relevant evidence and its findings should be made public in their entirety.
