Closing

303 Q.—Sri B. Machinder Rao (Secunderabad Contonement):—

Will the Minister for Health and Medical be pleased to state:

(a) whether it is a fact that a special equipment for open heart surgery has been installed in the Gandhi Hospital, Secunderbad;

(b) if so, the cost of this equipment;

(c) whether this equipment is kept idle from 1st April subsequent to the retirement of the specialists incharge of this subject;

(d) whether such sophisticated equipment for open heart surgery has been installed in the General Hospital Guntur, T.B. Hospital, Mangalagiri and also the Institute of Super Specialities in Hyderabad; and

(e) if so, whether fully qualified doctors are available to handle these equipment?

Special Equipment for open Heart Surgery in Gandhi Hospital Secunderabad.

272—

*303 Q.—Sri B. Machinder Rao (Secunderabad Contonement):—

Will the Minister for Health and Medical be pleased to state:

(a) whether it is a fact that a special equipment for open heart surgery has been installed in the Gandhi Hospital, Secunderbad;

(b) if so, the cost of this equipment;

(c) whether this equipment is kept idle from 1st April subsequent to the retirement of the specialists incharge of this subject;

(d) whether such sophisticated equipment for open heart surgery has been installed in the General Hospital Guntur, T.B. Hospital, Mangalagiri and also the Institute of Super Specialities in Hyderabad; and

(e) if so, whether fully qualified doctors are available to handle these equipment?
Sri B. Machinder Rao:—The equipment is not being used not only in Hyderabad and Secunderabad but also in Guntur. In Mahboobnagar, the equipment is not being utilised from 1968, in Nellore from 1968, in Kurnool for the last two years and in Vikarabad from 1958 the equipment is not being made use of. Only two doctors are there. There is sufficient work load. Why not the work load be considered?

Sri A. Madan Mohan:—I do not know what the Hon'ble Member means by saying 'work load'. If there is any work load, that will be made use of.

Sri B. Machinder Rao:—A surgeon offered his services. But nothing has been considered and no reply has been sent to him.

Sri A. Madan Mohan:—I do not know whom he is mentioning. No name has been mentioned in the question. However, without fear of contradiction, I can say, there is no dearth of qualified persons and there are enough qualified persons to man these institutions with the existing equipment.

Sri B. Machinder Rao:—In Kurnool the equipment has not been utilised.

Sri A. Madan Mohan:—Here, nothing has been mentioned about Kurnool. If he puts a separate question, I will be able to answer.
Sri B. Machinder Rao:— In Kurnool every year they are spending Rs. 2 lakhs, So much amount is wasted.
Sri A. Madan Mohan:— I have no idea and I have no information.

Whether this equipment is kept idle from 1st April subsequent to the retirement of the specialist in charge of this subject. There is a categorical and unequivocal reference to the Doctor sir.

Oral Answers to Questions.

...
Sri S. Jaipal Reddy:—I am afraid the Hon. Health Minister has allowed himself to be provoked in making a statement which bordered on an insinuation on a known expert. Secondly, I would like the Hon. Minister to tell the House as to whether he considered the success of every operation to be the measuring rod of a medical expert. If that is so, the mortality rate of Osmania Hospital is so high that all our experts must be condemned and thrown out of service.

Sri A. Madan Mohan:—I only said as a casual observation. I quite agree. That could not be the yardstick. Since the Hon. Members insisted upon his expertise and were paying high compliments, I could not contain myself and said that what has come to my notice for the information of the House. Beyond that I never meant.

Sri S. Jaipal Reddy:—The reputation of a doctor is at stake in the matter. The point is, can the Hon. Minister mention the name of one doctor in the world at whose hands a single patient did not die?

Sri A. Madan Mohan:—I have no statistics.

Opening of Meat Centres in The Districts

*1592 Q.—Sri K. Govinda Rao (Anakapalle):—Will the Minister for Animal Husbandry be pleased to state:

(a) whether the Government propose to open meat centres in all the districts in the state to supply bone and meat food at cheaper rate to poultry units to increase egg production; and

(b) if so, when?

CENTRES OF TOURISTS ATTRACTION IN SRIKAKULAM DISTRICT

*145 Q.—Sri P. Srirama Murthy (Amadalavalasa):—Will the Minister for Tourism be pleased to state:

(a) whether it is a fact that there are centres of tourist attraction in Srikakulam district;
(b) if so, the steps taken by the Government to encourage tourism in the district:

(c) whether there is any proposal to construct proper hotels to accommodate tourists: and

(d) the steps being taken by the Government in this regard?

Minister for Tourism (Smt. Roda Mistry) — (a) Yes, Sir.

(b) The proposals to develop Baruva and Calingapatnam in Srikakulam District are under examination of the Tourism Department.

(c) No, Sir.

(d) Does not arise.

As far as tourist value is concerned, it has got beautiful stupas, it has got beaches and everything is there. We had a request in 1976 from the President, Kalingapatnam which was investigated as to the feasibility of putting up tourist facilities. The Collector, Srikakulam had reported that he had inspected the site proposed for construction of dress changing rooms, but the site belongs to the port authorities and we have asked for it to be alienated to the tourist department to take up the project. Again on Baruva beach, there is a beautiful guest-house of the Zilla Parishad. If the administrative control of the guest house is given to us, we will certainly take it up and renovate it. We are awaiting the report of the Collector.

9-20 a.m.

Smt. Roda Mistry:— I am sorry, I could not follow what the hon. Member said.

Sri Ch. Parasurama Naidu:— I will translate it into English. In Srikakulam district many other spots of attraction are there than mere Kalingapatnam and Baruva. There is Mukhalingam, there is Suryanarayanaswamy temple. There are Boudha discoveries and so
many things. There is on this side Sangam and several places of attraction. Why you are confining your attention only to Kalingapatnam and Barua? Why not others also have attention of the Government and be developed so as to make Srikakulam district a tourist attraction?

Smt. Roda Mistry:—I said in the initial stage that besides two beaches Srikakulam has got a high potential of tourist value. There is nothing to be done. There is a beautiful temple on which the Sun comes 10 days in a year. I was told like that. I have not seen it myself. Besides that there are beautiful spots. We don't have to do anything to them. They are beautiful by themselves. What we have to do is to attract people by arranging taxi service or bus service regularly and also to see that they get comfortable stay in clean rooms and on clean beds. This is essential to attract the tourists, otherwise we don't have to do much. It is naturally very beautiful.

Pilting up of the posts of Clerk-cum Typist in the offices of Deputy Educational Officers in Srikakulam district.

277—

*2-H Q.—Sarvasri M.B. Parankusam and V. Narasimba Rao;—Will the Minister for Education be pleased to state:

(a) whether it is a fact that three posts of clerk-cum-typist for the three Deputy Education Officers in Srikakulam district have not been filled up so far though they have been sanctioned in 1967.

(b) the reasons why a stenographer has not been posted to the District Educational Officer, Srikakulam district, though the post was sanctioned; and

(c) the reasons for showing partiality by the Government in the case of Srikakulam district for filling up of the posts of typists in the officers of Deputy Educational Officers and a stenographer to the District Educational Officer, Srikakulam?

It is a subtle distinction between cholera and gastro-enteritis. I have got those figures. I am not trying to conceal to the hon. member or the House. I will come out with the figures by way of abundant precautions drawn. There was no mention of this particular disease the question that was put by the following P.H.C.s have reported gastro-enteritis from Jan, 78 to 5-8-78 hon. Member Primary Health Centre, Warangal, Huzurabad Tq. Karimnagar Dist; 58 cases reported: 11 deaths. P.H.C, Velthy 43 cases reported 7 deaths. P.H.C. Kamalapuram: 18 cases reported 4 deaths. In all 100 cases reported 22 deaths. Except the 5 cases mentioned above, cholera was not reported from any village in the District but 336 gastro-enteritis cases were reported from the district from January, to 12-1-1971 and 65 of them died in the entire district. So far the Public Health Department has taken the following precautionary measures in the district. Inoculation performed to 72,107 persons. Houses disinfected: 476. Wells chlorinated 1,534. Preventive and containment measures were taken by the Public Health Department and the situation now is under control.

Sri A. Madanmohan:— The question probably was expected to come up before this House by that date i.e., on 5th August. According to the notice, it was to be taken up on 5th August. However, it was not taken up. Therefore, the question was posted for future discussion. 

Doctor is on leave since 4 or 5 days. Why should you give leave to the Doctor on duty? When the disease is virulent, why should you give leave to the Doctor on duty? You must direct them to act quickly.
Sri A. Madan Mohan:—I fully share the feelings of the Hon'ble Member as well as the Hon'ble Speaker. My Department has got 5,000 Doctors. It is very difficult for a single Minister to know what is happening in the Department. I am not trying to absolve my responsibility. If it is brought to my notice, I will certainly look into this.

Sri A. Madan Mohan:—I will find out.

CALLING ATTENTION TO A MATTER OF URGENT PUBLIC IMPORTANCE

re: Non-availability of seats in Junior Colleges in the Twin Cities.

A few years back, there were only 18 junior colleges in the Twin Cities. As of now, there are 26 junior colleges. The number of seats in these colleges has increased significantly from 188 to 1,484. This increase has been made possible by the introduction of new programs and the expansion of existing ones.

1. The number of seats has increased from 188 to 1,484.
2. New programs have been introduced to accommodate the increased demand.
3. The expansion of existing programs has also contributed to the increased number of seats.

It is important to note that despite the increase in the number of seats, the demand for junior college education in the Twin Cities remains high. This situation highlights the need for continued investment in education and infrastructure to meet the growing demand for higher education.

Year 200 Section 12 345th Page 10 Section 3 456

In connection with Section 3 of the Annual Financial Statement for 1978-79, I wish to bring to your notice certain matters which seem to me to be of importance. I am sure you will agree with me that these matters are of great importance.

The first matter is the need for more careful planning in the future. It is essential that we should not only plan for the immediate future, but also look ahead and make provisions for the long term.

The second matter is the need for better co-operation between different departments. It is evident that a lack of co-operation between different departments is causing a lot of unnecessary problems.

The third matter is the need for more efficient management. It is clear that we are not making the best use of our resources.

Finally, I would like to draw your attention to the need for more research and development. It is essential that we keep pace with the latest developments in our field.

In conclusion, I would like to say that I believe that we can improve our financial performance significantly if we take the steps that I have outlined above. I trust that you will agree with me.

Thank you.

Yours sincerely,

Annual Financial Statement Budget for 1978-79 (General Discussion).

22nd August, 1978. 359

The Hon. Member for the General Discussion.

Mr. Speaker, Members of the Legislative Assembly,

I am pleased to present the Annual Financial Statement Budget for the year 1978-79. The Budget is a comprehensive document that outlines the financial policies and priorities of the government for the coming fiscal year.

The Budget is presented to ensure transparency and accountability in the use of public funds. It is a tool for planning and decision-making, and it serves as a roadmap for the government's economic and social development initiatives.

The Budget is structured around key themes such as revenue generation, expenditure, and economic development. It includes projections for tax revenues, non-tax revenues, and other sources of income. It also sets targets for various expenditures, including capital and current expenses, and it outlines the government's plans for investment in infrastructure, education, health, and other sectors.

The Budget is an important document that is debated in Parliament and is subject to discussion and scrutiny by members of the opposition and other stakeholders. It is a public document that is available to the general public.

The Budget is a critical element of the government's economic strategy and is intended to support growth and development. It is a living document that is subject to revision and adjustment as circumstances require.

In conclusion, the Annual Financial Statement Budget for 1978-79 is a comprehensive document that outlines the government's financial policies and priorities for the coming fiscal year. It is a tool for planning and decision-making, and it serves as a roadmap for the government's economic and social development initiatives.

Mr. Speaker, Members of the Legislative Assembly, I request that the Budget be referred to the Committee on Finance for further consideration. Thank you.

Sri B. MacMander Rao.—Mr. Speaker, Sir The budget presented by the Finance Minister for the year 1978-79 is not up to the mark and not upto the satisfaction of the people of Andhra Pradesh. Inadequate funds have been provided for the welfare of the Scheduled Castes and Scheduled Tribes compared to the population. Nothing has been mentioned for the improvement of the socio-economic conditions of the weaker sections.

It is not a rural-oriented budget, as my friend Mr. Vasudeva rao has said.

Regarding the funds provided to the Scheduled Castes Finance Corporation, Scheduled Tribes Finance Corporation and the Women Welfare Finance Corporation, they are inadequate. The Corporation has to provide 20% of the margin money whereas the Bank has to provide 80% of the loan. It is not properly functioning. It is not properly financed. In the case of recoveries, nothing has been done. Even, they are not given any assistance to the Banks to collect or recover the amounts, nor are they given the liberty to collect their amounts.

Much has been said about the welfare of the Scheduled Castes and Scheduled Tribes, specially in the case of providing funds for their education, creation of employment and regarding house-site pattas the agricultural lands. Agricultural lands have been provided but those lands are useless lands, waste lands and rocky lands which are unfit for cultivation and which require more funds for investigation and levelling to make them fit for cultivation.

Lands fit for cultivation have not been allotted to the weaker sections. If at all there are such lands, they are very far off from the places where there are no irrigation facilities. Such lands are provided.

About the house-site pattas, they are saying that the patta is not the title deed and it is only to prove that the land is in his possession. Due to that, many disputes are arising. Permission for
Patta lands has to be given by the Collector. It is a legal document. The people who want to construct houses will have a legal document.

Much has been said about the National Highways and the State Highways. The condition of the State Highways when compared to the neighbouring States like Karnataka and Tamil Nadu in which much improvement has been done, is not good. Whereas the funds that are allotted have not been properly utilised. This is given on consideration of favouritism and this is given to the influential persons and not to the deserving persons.

Those Finance Corporations that are providing funds are not able to finance the poor persons who require finances for the small-scale industries, cottage industries and handi-crafts industries because the people who had already taken money had not paid back the amounts. So, some arrangement has to be made with regard to the State Finance Corporations. In regard to the Small-Scale Industries there should be a Co-ordination Committee with various Departments which can give the assistance to the entrepreneurs who can then concentrate on production. But the State Government should take up the issue of marketing the products.

Regarding the National Educational Policy, the decisions taken at the recently held Conference at Calcutta have to be completely implemented as, according to the State Government's policy much of the time has been misused and the results are also not good. The only thing is that there should be a review according to the national educational policy.

The State Government has not come forward with a constructive proposal before the Central Government in regard to the Crop Insurance Scheme. That scheme has been implemented by the Gujarat Government as well as Maharashtra Government. They are fully utilising the advantage and also benefited. Recently much damage has been caused to the lands and the ryots are unable to get themselves benefited. This scheme should be taken up because the State Government has to only invest 22% of the premium amount and also to bear 25% of the claims which would not be much. Especially Krishna District is affected by this thing.

Much has been said about Water Protected Scheme, but it has 1-10 p.m not been implemented in my Constituency, Malkajpur. The Municipal Administration Minister has only allotted 40 gallons of water when the population is about 40,000. It is not sufficient. I request the State Government to increase the quota of water for the area of my Constituency.
Under Six Point Formula funds have been allotted to the Stat. Government for the improvement of twin cities. The Urban Development Authority has been created but it was not given full funds. It was given only Rs. 44 lakhs. More funds are needed for the development. When compared to metropolitan cities like Delhi, Calcutta, Bombay and Madras we are not given sufficient funds. We are only getting funds from HUDCO, various Corporations and other financial institutions, but they are giving on interest basis. The State Government has to allot more funds. I thank the Speaker for giving me this time.

Is this a public issue, this is not an individual issue. Because it has already become public property. All files are pending with Chief Minister. Is he going to prove that? Our Chief Minister is certainly functioning extremely well. We are proud of him. Under his leadership our State will certainly go ahead and all files are not pending with him. Everything is clean. Therefore I am only requesting the members whenever they make any charges they should make specific charges and they should be in a position to accept the challenge to prove it. If it is not there they should not make any charges. I would kindly request the member that from now onwards let him behave properly and speak properly.

Mr. Speaker—Hon’ble member can continue his speech in the evening. The House now stands adjourned to meet again at 4-00 pm today.
