*126 Q. Sri Bhattam Srirama Murthy (Paravada):—Will the Minister for Panchayati Raj be pleased to state:

(a) whether the Government contemplate to give more powers and funds to the panchayats and panchayati Raj bodies; and

(b) if so, the details thereof?
Mr. Speaker:—We are not passing any Bill. The proposals are under contemplation with the Government.

Mr. Speaker:—That will not help us. Suppose, he gives one or two proposals, then you will ask for the remaining. Whatever

Mr. Speaker:—Before the consideration of the proposals by the House, they say they will put the proposals before the House. Whatever
changes they want to bring, they will place on the table of the House. There is no objection to placing them on the Table of the House.

Mr. Deputy Speaker:— However, they will place them on the Table of the House.

Mr. Speaker:— Let him place them on the Table of the House during this Session.

Mr. Speaker:— There must be some discipline in the House. I request the Members to maintain discipline and dignity of the House. It is not good if all the Members simultaneously raise and speak. Sri Sreerama Murthy asked one question and the Minister is replying. If the Members want to seek any clarification they can ask one by one after seeking my permission. Simply raising from the seats and simultaneously speaking is not good. Let there be discipline and dignity of the House.
Mr. Speaker:—I have to pull up any Member whenever he goes out of order, whether he may be a Member or Minister.

But, here, I cannot compel a Minister to give a particular answer.
Mr. Speaker:—Answer given here is:—"The matter is still under consideration of the Government." Let us end it there.

"If so, the details thereof."

Exercise Note Books:—The Government of India have been allocating paper for the manufacture of exercise books from 1974 onwards and it is being distributed by a State Level Committee.

The requirements of paper (from July to June) are being furnished to Govt. of India, and paper is allocated by them keeping in view the production requirements of the mills and the requirements of several States.

The allocation of paper by Govt. of India for manufacture of exercise note books during the previous quarter (April, 1976-June, 1978) was 2200 tonnes against an indent of 5000 tonnes. 3200 tonnes was allocated in the corresponding quarter of last year. On a requisition of 3000 tonnes for the ensuing quarter ending 30-9-78, Govt. of India have allocated only 1560 tonnes.

In 1974, there was only one Association of exercise book manufacturers viz., A.P. Exercise Book Manufacturers' Association, Hyderabad but subsequently, several Associations have been formed. In August, 1977, Govt. of India have suggested that paper for exercise note books should be allotted from January, 1978 only to Exercise note book Manufacturers who are registered as Small Scale Industry Units with the Industries Department and instructions have been given to all applicants. The Directorate of Industries has been requested to assess the requirements of all the Small Scale Industrial Units, and the State Level Committee, at its meeting held on 17-6-1978 distributed the paper for the quarter ending 30-9-1978, (1550 tonnes) only to the permanent Small Scale Industrial Units assessed by Industries Department. They have assessed the monthly capacity of a unit by power as 9 tonnes and hand-operated unit as 4 1/2 tonnes. On this basis, each power-unit was allotted 4 1/2 tonnes and hand-operated 2 tonnes for the quarter ending 30-9-1978. Besides per

Sri B. Venkatram Reddy:— He said that Government should not give to private persons. The Government will not give to private individuals. The Government will supply only to the student Cooperatives, Super Bazars as suggested by the Hon. Member.

Sri S. Jaipal Reddy:— Admittedly there is shortage of exercise note books. Now it is a question of distribution of note books. Would the Govt. consider taking over distribution of note books at least to avoid blackmarketing. One way of it is to allot certain number of exercise books to various institutions in the State.

The A.P.S.R.T.C. Employees Union has given notice that their workers would go on strike on 29-6-78 for 24 hours if their demands relating to:

1) if additional D.A. instalment as given by the State Government from 1-4-78

2) payment of ex-gratia at 8.33% (as against 4% already paid).

3) grant of regular pay scales to work-charged employees

4) certain other issues raised by them during Wage Agreement dt. 31-3-1977 and their Memorandum of demands date 1-5-77 are not conceded. Conciliation proceedings held by the Joint Commissioner of Labour did not result in an agreement. Talks are being continued between the Management and the Union. I am holding a Joint meeting today at 11 A.M. and I am hopeful of a happy settlement. Industrial relations in A. P. S. R. T. re: Scarcity of drinking water in Nellare Dist.

July 5, 1978

The scarcity of drinking water in Nellare District has been a matter of concern for some time now. The region has experienced severe water shortages, particularly during the dry season. The authorities have been working on ways to address this issue, including the installation of new water sources and the improvement of existing ones.

Calling Attention to matters of urgent public importance:

(1) Scarcity of Drinking water in Nellare District

The situation has been exacerbated by the recent drought, which has affected the availability of water resources. The government has taken steps to ensure the distribution of water to those in need, including the implementation of water conservation measures.

With these measures in place, we hope to see an improvement in the water situation in Nellare District. We urge all concerned parties to continue their efforts to ensure that everyone has access to clean and safe drinking water.

- Scarcity of drinking water in Nellore Town.

Sri M. Venkaiah Naidu:—Sir, I call the attention of the Minister for Municipal Administration regarding the scarcity of drinking water in Nellore Town.

The Honorable Minister for Municipal Administration (Mr. A. Venkataramaiah):—

In Nellore, the drinking water supply has been reduced to 82 liters per capita per day, which is not sufficient. The daily water supply is 1,04,000 cubic meters, whereas the demand is 24 cubic meters. Therefore, it is necessary to increase the water supply to meet the demand.

A P.W. work of Rs. 38 Lakhs has been sanctioned for the purpose. The work is expected to be completed by January 1979. The estimated cost is Rs. 17.90 crores. It is expected that the work will be completed by March 1979.

re: Approval of the State Legislature to empower the A.P. State Electricity Board to have on loan upto Rs. 250 crores.

(1) Shri. M.R. Reddy (A.P.):—Sir, it is quite true that the people in the rural areas have not been getting the requisite amount of power due to the inadequacy of the generation. The total installed capacity of the board is 12,000 MW and the demand is about 20,000 MW. The difference is produced by the inter-state power pool and is not much. The A.P. state itself is producing about 10,000 MW. The problem is due to the transmission losses and inefficiency of the system. The only solution is to increase the capacity and improve the efficiency. The A.P. Electricity board has been authorized to have on loan up to Rs. 250 crores. This will enable the board to increase its capacity and improve the efficiency. The loan will be repaid from the funds generated by the board. The board has been directed to improve the efficiency and reduce the transmission losses. The board has been authorized to spend up to Rs. 250 crores on this purpose.

[...]

(2) Shri. V. K. Reddy (A.P.):—Sir, the problem of power supply is a serious one in the state. The demand is far more than the supply. The board has been authorized to have on loan up to Rs. 250 crores. This will enable the board to increase its capacity and improve the efficiency. The loan will be repaid from the funds generated by the board. The board has been directed to improve the efficiency and reduce the transmission losses. Mr. Deputy Speaker:—The question is:

"Whereas the Andhra Pradesh State Electricity Board constituted under Section 5 of the Electricity (supply) Act, 1948 (Central Act 54 of 1948), is empowered under Section 65 of the Act to borrow any sum required for the purposes of Act subject to a maximum for the purposes of the Act subject to a maximum of rupees ten crores, unless the State Government with the approval of the State Legislative Assembly fixes a higher maximum amount;

And whereas the State Government with the approval of the Andhra Pradesh Legislative Assembly have fixed under Section 65 aforesaid, on different occasions, commencing from December 1962, different amounts, as maxima upto which the Electricity Board could borrow;

And whereas the State Government with the approval of the 12-00 Noon Andhra Pradesh State Legislative Assembly have last fixed in August 1974 the said maximum amount at one hundred and seventy crores of rupees;

Sri Ch. Parasurama Naidu.—Sir, I would like to have an assurance from this Government as to whether they will really conduct the election in about November, or December this year. No doubt statutory power is sought to be obtained, so that the elections will be held before March. I think that asking for this power itself smells foul of the intentions of the Government. When in last March a decision was taken that the elections would not be held before June this year i.e. before the end of this month. I may my own apprehensions that the Panchayatiraj democracy would be murdered definitely, and that it will be laid prostrate on the bed and that it will be buried also. My apprehensions have come true. I opposed both inside and outside the House that this sort of evasion of responsibility will not be there. You asked for enfranchisement of persons who are also aged 18 years. What would have been lost if you have held elections in the 21st years of enfranchisement? What is the great thing achieved? When the Assembly elections have taken place throughout India and in Andhra Pradesh, you occupied power on that basis of 21st year of enfranchisement of Panchayatraj. I am really taken by surprise that these gentlemen have gone to Poona and took blessings from Vinoba Bhave for the great programmes and schemes that they are going to implement for the benefit of the society. Then the very gentlemen have murdered panchayatraj It is the greatest Principle that Mahatma Gandhi advocated, the sacred principle of ‘Vikendrikarana’, ‘Prajaswamy’ Vikendrikarana’. It is the Gandhian Principle which we have accepted. We can leave that very party politics i.e. Siddantam which we are professing. What is it that you are going to do 18 years franchise? There is already franchise upto 21 years Supplementary franchise can be got down in no time, within a month or 15 days. You finish that. Give your time to that. You have already laid down that certain Panchayats shall have reservations

for Harijans and for Backward classes. That can be done in a week. These sort of reservations can be formulated in no time and then you can say a certain percentage for panchayat presidentship shall be reserved for Harijans and Girijans. Does it take so much time. You are really confessing your inefficiency, utmost inefficiency of which I am thoroughly aware. I request that the Government may come forward with an assurance that the elections of panchayat raj and local bodies will be held before November after rains are over and after transplantation season is over.

The A. P. High Court in its judgment in Writ Petition No. 406 of 1966, dated 13th June, 1968 has held that the Settlement Officer having delegated the powers vested in him under section 67 of the 1948 Act to the Assistant Settlement Officer has no power to revise the orders passed by the Assistant Settlement Officer. It has also observed that a new forum of revision created in rules is not contemplated in the Act. number of orders were passed by the Settlement Officer exercising the revision powers and those orders have also become final in many cases. It is, therefore, proposed to validate all the orders passed by the Settlement Officers in their revisionary capacity by amending the Act suitably. By legislative process we want to overrule.

The A.P. (Andhra area) Estates (abolition and conversion into Ryotwan) amendment Bills 1978

The Government of India has introduced the following amendments to the A.P. (Andhra area) Estates Act, 1922, in view of the recommendations of the Agricultural Reforms Commission set up by the Government of India. The amendments are aimed at providing for the conversion of estates into Ryotwan, thereby improving the living conditions of the tenant farmers. The amendments also seek to provide for the compensation of the estate owners for the loss suffered due to the conversion of the estates.

The amendments provide for the establishment of a Ryotwan Board to oversee the conversion process and to ensure that the rights of the tenant farmers are adequately protected. The amendments also provide for the appointment of a Ryotwan Commissioner to monitor the implementation of the conversion process and to address any grievances that may arise.

The amendments also seek to provide for the compensation of the estate owners for the loss suffered due to the conversion of the estates. The compensation is to be provided in the form of a lump sum payment to the estate owners.

The amendments are expected to result in a significant improvement in the living conditions of the tenant farmers in the Andhra area, and to provide a fair and equitable compensation to the estate owners.
