The Number of Police Stations in the State.

146 Q.---Sri Pydi Siramba Murthy:---Will the Minister for Home be pleased to state:

(a) whether it is a fact that many police stations in the state are not having sufficient police personnel in proportion to the population; and

(b) whether there is any prospect for increasing the strength as to provide adequate protection in maintaining law and order?
The Home Minister (Sri M. M. Hashim):— (a) Yes, Sir.

(b) There is no proposal for increasing the strength for maintenance of law and Order above. The case of each Police Station for additional staff is decided on its merits.

Sri M. M. Hashim:— Sir, the principle laid down in G.O.No. 255 of Government of Madras (quantum of work, number of cases) is being followed in our State also. The case of increasing the strength will be decided on its merits. We have also prepared a master plan. According to this plan, the minimum staff, in the rural police stations and town police stations, is fixed. The problem is finance. When we go by population basis, then it comes to crores of rupees - that is the difficulty. Slowly we are increasing to cope with the requirements.

8-40 a.m. Sri M. M. Hashim:— After careful assessment of the existing standards of the Police, a Master Plan was prepared. This Plan was placed before the VII Finance Commission for recommending Rs. 267 lakhs under Central financial assistance during the Plan period for additional staff. As the Hon’ble Member pointed out, the moment we get assistance, we will increase the strength.

ANSWER TO CLAUSE (B)

AGREEMENT AMONG THE GOVERNMENTS OF ANDHRA PRADESH, KARNATAKA AND MAHARASHTRA FOR SUPPLY OF 5 T.M.C. EACH OF KRISHNA WATERS TO TAMIL NADU

Considering the acute scarcity of drinking water for the Metropolitan city of Madras in Tamil Nadu and the limited water resources available to the State of Tamil Nadu to meet such requirement.

Chief Minister, Andhra Pradesh.

Dear Shri Jagjivan Ramji,

I am in receipt of your D. O. Letter No. 5/25/73-WD dated the 41th April, 1976 regarding the water supply to Madras City utilising Krishna Waters.

I am returning the Agreement after appending my signature subject however to the following reservation which I have found it necessary to make after a careful consideration of its provisions. The decision referred in clause (3) of the Agreement should relate only as to from which state the water has to be supplied to Tamil Nadu. When once the State from which the supply of water is to be made is decided upon, thereafter only that State from which the supply is to be made and the State of Tamil Nadu would be concerned with the details. The exact point within that State from which the water has to be supplied or the manner in which it has to be supplied, will
have to be decided only between that State and the State of Tamil Nadu, to the best advantage of both the States and no other States should be concerned with the matter. I have signed this Agreement subject to this reservation.

With kind regards

Yours sincerely,

Short Notice Questions and Answers. 29th June, 1978

Sr. No. 55. A man died 1 1/2 years ago. His property was divided as follows:

- 1 1/2 years ago, his wife received 1 1/2 years' income.
- 1 1/2 years ago, his father received 1 1/2 years' income.
- 1 1/2 years ago, his son received 1 1/2 years' income.

What is the total amount of property divided among the three parties?

The total amount of property divided among the three parties is the sum of the amounts received by each party. Since each party received 1 1/2 years' income, the total amount is 3 times 1 1/2 years' income, which is 4.5 years' income. Therefore, the total amount of property divided is 4.5 years' income.

Note: The amounts are given in terms of years' income, indicating the duration over which the income was received, rather than the dollar amount.

It is a very serious matter. This incident has rocked the whole State and the country. It is a clash between the police and people. When the police have tampered with the records, when the police have tried to tamper with the medical reports and when there are so many evidences, you are refusing permission to speak. This subject has to be discussed thoroughly and it may take the whole day.

Let us not go into merits of the case.

Smt. T. Lakshmikanthamma: The whole thing has come in the Press. When the people are so anxious to know about the report and when it should be taken a minimum time for giving the report, you have to direct the Government to submit the report earlier. Instead of that you are husting us.

CALLING ATTENTION TO MATTERS OF URGENT PUBLIC IMPORTANCE

re: Nuisance to public due to amusement parks and clubs in Jaggayyapet

29th June, 1978.

55
29th June, 1978

Calling attention to Matters of Urgent Public Importance:

re: Premature retirements of officers and staff in the Labour Department.

Mr. S. Jaipal Reddy: Point of Order, Sir. Honble Speaker gave a ruling only yesterday or so stating that no speeches should be made on the Calling Attentions. We have heard a lengthy speech to be followed by another verbose speech. He has sufficiently enlightened on the question.

Mr. M.M. Hashim:— According to information received from the Superintendent of Police, Krishna, there is an Amusement Park for which a licence has been granted by the Jaggayyapet Panchayat Officer. This park which is running for the last one month organises games of skill, arrow throwing, duck shooting, and record dances. The Police are keeping a watch to see that there is no Law & Order problem developing due to the Amusement Park being run there and to ensure that no games of chance are organised at the Amusement Park. Licences for running of Amusement Parks are granted by the local Panchayat Officers or Commissioners of Municipalities. However, in case of breach of peace or other nuisances arising out of such parks, the Police usually send reports recommending cancellation of the Licences issued by local authorities. Apart from this Amusement Park and two Officers' clubs, are at Jaggayyapet and another at Nandigama, there are no other Clubs in Nandigama Taluk of Krishna District. However, all precautions will be taken to see that these Amusement Park and Clubs do not become centres of gambling and do not give rise to Law and Order problems.
