of Markapur Taluk.

S.N.Q.No. 3—B:—Sri Poola Subbaiah (Markapur):—Will the Minister for Panchayati Raj be pleased to state:

(a) whether the salaries of the doctors of the rural dispensaries of Markapur taluk, Prakasam district paid for the last 12 months; and

(b) if not, the reasons therefor?

The Minister for Panchayati Raj (Sri M. Bagareddy):—(a) and (b) There are 5 rural dispensaries in Markapur taluk. The subsidy of the two rural dispensaries in Yerragondapalem, Panchayat Samithi Markapur Taluk has been paid; and the subsidy of the doctor of remaining three rural dispensaries in the Markapur Panchayat Samithi has been released on 27th March 1978 and the Block Development Officer concerned will be making payment shortly. The Special Officer Zilla Parishad has been instructed to take action against the Block Development Officer for not submitting proper proposals in time.

Enhancement of wage rates to Beedi Leaves Workers.

3—

S.N.Q. No. I—L: Sri M. Omkar (Narsampet):— Will the Minister for Forests be pleased to state:

(a) Whether the Government had promised in the previous Assembly sessions that it would reconsider the problem of enhancement of wage rates to the beedi leaves workers in accordance with the recommendations of the Estimates Committee;

(b) Whether it is also a fact that the Government had promised to take one representative from the Agricultural Labourers Association into the Advisory Committee for deciding the wage rates to the Beedi leaves workers; and

(c) if so, the steps taken by the Government in this regard.

The Minister for Forests (Shri Ahmed Sharif):— (a) The question of enhancement of wage rates to the Beedi leaves workers in accordance with the recommendations of Estimates Committee was already considered. It may be mentioned that as against the maximum rates of Rs. 56/- per standard bag in Maharashtra, Rs. 40/- per standard bag in Bihar and 33.33 in Orissa, the rates fixed in Andhra Pradesh are as follows:
In 68 units Rs. 70 per standard bag.
In 128 units Rs. 60 per standard bag.
In 161 units Rs. 50 per standard bag.

It will thus be seen that the rates paid in this State are much higher than the rates fixed for the neighbouring States of Maharashtra, Orissa, Madhya Pradesh and Bihar.

(b) Under Section 6 of the Andhra Pradesh Minor Forest Produce (Regulation of Trade) 1971, the Government has to constitute an Advisory Committee consisting of not less than 6 and not more than 9 Members for the purpose of advising the Government in the matter of fixation of rates. Four of these Members are growers of the respective Minor Forest Produce two are from the Traders and three are from Government. The Joint Commissioner of Labour is serving on the Committee to safeguard the interests of labour. Nevertheless the question of inclusion of two representatives of the labourers on the Committee was considered and it was found that the labourers employed in the collection of Beedi leaves are villagers in and around the Forest, that is in an unskilled work, which is a part time work of the villagers and that the labour engaged in the work vary from season to season and day to day and that there are no organised Trade Unions for this purpose and that it is not possible to choose representatives from several labour unions to represent the interests of the labour working in the Forest areas in the Telangana Districts.

(c) Does not arise.
Sri Ahmed Shareef:—With regard to the enhancement of wages 8-40 a.m. the Committee considered the matter and it has been decided that if we enhance one paisa the total cost would be Rs. 2.20 lakhs. The present revenue of the Government is Rs. 4 crores only. If we enhance by 3 paise the revenue will fall down. In this regard the recommendations of the Committee are that the present rate of 5, 6 and 7 paise for 100 leaves is quite sufficient and it is advisable. Therefore as per the recommendations it had been accepted.

Sri Ch. Rajeswar Rao (Siricilla) :-What is the suggestion given by the Estimates Committee with regard to this?

Sri Ahmed Shareef:—The beedi leaves industry was nationalised in 1971; hon. Members know it. There are varying rates of Rs. 20, 30 and 40 per standard bag in different categories.

Sri M. Omkar :-Hon. Member has asked about the recommendation of the Estimates Committee. We want details of rates fixed by the Government.

Sri Ahmed Shareef :—The Estimates Committee has said that 10 paise is not feasible and we could only give a maximum of 5 to 10 paise according to the standard of the leaves. That is the recommendation which we have accepted.

Sri Ch. Rajeswar Rao :—What is the relevant portion of the recommendation?

Sri Ahmed Shareef:—The revenue for the year 1977-78 is expected to be Rs. 2.3 crores.

Sri M. Omkar :—We are asking about the recommendation.

Sri Ahmed Shareef:—5, 6 and 7 paise are advisable and therefore we have accepted. If we enhance any further, the revenue will fall down.

Sri Ch. Rajeswar Rao:—Please read the portion where 5, 6 and 7 paise has been recommended.
Mr. Speaker :—The Hon'ble Minister may read clause (a) of the question; the last portion refers to "in accordance with the recommendations of the Estimates Committee". They want that part of the Estimate Committee's Report.

Sri Ahmed Shariff :—The report is not with me now.

Sri S. JaipalReddy (Kalvakurthi):—This is is very objectionable. The question is "whether the Government had promised in the previous Assembly Sessions that it would reconsider the problem of enhancement of wage rates to the beedi leaves workers in accordance with the recommendations of the Estimates Committee. What is the recommendation of the Estimates Committee? On what basis is the Hon'ble Minister answering the question if he is not having the report?

Sri Ahmed Shariff :—On the Estimates Committee Report, the result I am submitting.

Sri M. Omkar :—Mr. Speaker, Sir now don't you feel that the Estimate Committee's report is part of the question. Otherwise how can the Minister answer?

Sri Ahmed Shariff :—I will get it.

-Sri Bhattam Sriramamurthy (Paravada):—Obviously the Minister has not come prepared. So I request the question may be postponed.

Mr. Speaker:—The question is postponed.
Matters Under Rule 329:

re: Scarcity of drinking water in Warangal Town.

Sri Poolla Subbaiah:—And the rates also may be placed on the Table of the House.

Sri G. Latchanna:—Please fix a date on which the question will be taken up.

Mr. Speaker:—We will have it before the Session closes.

The Minister for Municipal Administration (Sri B. Ram Dev):—
At present the Warangal Town is getting about 20 lakhs gallons of water from Dharmasagar tank and another 9.5 lakh gallons of water from bores making a total of 22.5 lakh gallons of water per day. The present population of the town is about 2.5 lakhs and the per capita supply works out to 15 gallons per day. Due to failure of monsoon during the year 1977, the inflow into Dharmasagar was only 8 million cubic feet as against a normal inflow of 241 million cft.

To tide over the water scarcity, certain measures have been proposed at an estimated cost of Rs. 42 lakhs. The Collector has released a sum of Rs. 12 lakhs for this purpose during the tenure of

Matters Under Rule 329:
re: Scarcity of drinking water in Warangal Town.

1977. Government have released to Warangal Municipality a sum of Rs. 13.00 lakhs during March, 1978 to bring the programme already taken up to an appropriate stage during the current year 1977-78.

So far, 100 numbers of 4” Dia. bore wells have been sunk in various localities of the town and hand-pumps have been fixed on 95 borewells. 4 Nos. of 6” Dia. bores have also been drilled and electrical pumpsets have been installed for pumping water into the gravity main. Renovation of the existing bores is in progress Booster pumps have also been erected in the distribution system for improving the pressures. A cross bund has been provided in Dharmasagar to restrict the surface area of the tank thereby minimising the evaporation losses. Most of the quantity of water in the shallow region has been pumped to the deeper portion of the tank.

On account of rapid growth of the town due to location of various educational institutions including the Kakatiya University, the population of town is expected to reach 4,00,000 by the year 2001. To meet the water supply requirements for this population and the growing industries a scheme has been prepared for augmenting water supply to Warangal town from Pochampad Godavari South canal. The Government have also accorded administrative approval in December, 1977 for this scheme costing Rs. 4.00 crores approximately against which Rs. 2.50 crores is proposed to be met from the State funds and Rs. 1.50 crores from the funds of the Warangal Municipality.

During March, 1978 an amount of Rs. 17-00 lakhs has been sanctioned as loan to Warangal Municipality for meeting the expenditure on the above scheme. A programme has been chalked out for commencing the work and completing the preliminaries. An amount of Rs. 50.00 lakhs has been proposed for this scheme in the Budget Estimates for the year 1978-79. It may be mentioned in this connection that completion of this scheme will take about four years provided the requisite funds are forthcoming in a phased manner.

CALLING ATTENTION TO MATTERS OF URGENT PUBLIC IMPORTANCE

re: (i) Repayment of the amounts deposited under compulsory deposit scheme.

Minister for Finance (Sri G. Rajaram) — Speaker Sir, the Government of India has delegated powers to the Heads of Departments under the first proviso to Sec. 9 of Sub-section (1) of the Additional Emoluments, i.e., Compulsory Deposit Act of 1974 to sanction premature repayments of the amounts deposited on the grounds of extreme hardship subject to such purposes after examining each case on merits and personal satisfaction. This is about the premature payment. Subsequently the Government of India also decided in a case where employees lost their properties and belongings in cyclones and floods in Andhra Pradesh and other States. The Heads of Departments may sanction repayments to such employees on grounds of extreme hardship after satisfying themselves that the employees concerned had lost their properties and belongings and that extreme hardship would be caused unless such repayment was authorised. Heads of Departments continued to enjoy these delegated powers as such any request for any compulsory deposit can continue to be disposed of by them. This was clarified through Government Notice No. 98774/2/78. Acts/77-78 dated 10-1-1978. It is necessary that the attention of the Heads of Departments will be once again drawn to the existing instructions.

re: (3) The delay in starting the work of Godavari North Canal Project.

re: (4) The delay in starting the work of Godavari North Canal Project.
9-20 a.m.

Mr. Speaker:—I am not concerned with the past debates. I am telling about the Rule Position. I am quoting the Rule.

The foundation stone of Godavari North Canal Project has never been laid. Only the foundation stone of Pochampad Project was laid by Late Pandit Jawaharlal Nehru, the then Prime Minister of India on 26-7-1963.

It is not correct to say that loans to the tune of Rs. 20 crores have been advanced by the various Ranks and Government Institutions to the ryots of Adilabad District on the expectation of completion of

Godavari North Canal. Loans to the approximate tune of Rs. 65 lakhs only have been given by the Banks and that too only for the development of ayacut under the existing Kadam Project and not for the development of ayacut of under Godavari North Canal Project as mentioned in the Call Attention Notice. The Kadam Project relates to Laxettiper Taluk and a part of Khanapur Taluk and the question of the ryots of the entire district of Adilabad being very much agitated does not arise, and the preparation for direct action as mentioned in the notice, is unwarranted and uncalled for.

ELECTION OF THE DEPUTY SPEAKER

Mr. Speaker:— Under Rule 8 of the Rules of Procedure and Conduct of Business in the A. P. Legislative Assembly, I will read out to the House the names of the Members who were duly nominated for the election of the Dy. Speaker together with the names of the proposers.

I declare that Sri K. Prabhakara Reddy is duly elected as Deputy Speaker of this House.

(Cheers)

Sri S. Jaipal Reddy:— Sir, the convention has been that the election of the Deputy Speaker is followed by the felicitations led by the Chief Minister.
28th March, 1978. Election of the Deputy Speaker:

The President called the attention of the members to the fact that in the absence of the Speaker for the day, the Deputy Speaker was to conduct the sitting of the House. It was explained that the Council of Ministers under the Constitution was vested with the power of election of the Deputy Speaker. The Deputy Speaker, therefore, was to conduct the proceedings of the House in the absence of the Speaker.

Mr. A. B. C. moved a resolution for the election of Mr. D. E. F. as the Deputy Speaker. Mr. G. H. I. seconded the resolution. The Assembly proceeded to elect Mr. D. E. F. as the Deputy Speaker. The election was declared valid by the Deputy Speaker.

The Deputy Speaker was elected by a majority of 33 votes. The following members voted in favour of the Deputy Speaker:

1. Mr. V. R. K. Narasimha Reddy

BUSINESS OF THE HOUSE

Mr. Speaker:—When you have taken the motion under 63 of the Rules of Procedure and Conduct of Business in the A.P. Legislative Assembly, how can it be admitted under rule 329.

Mr. Speaker:—I will give ruling.

Mr. Speaker:—Under the procedure, any matter that can be raised by other procedural devices—by calling attention questions, Short Notice question, half an-hour discussion, etc. That is the procedure. I cannot go beyond the procedure laid down.

Sri S. Jaipal Reddy:—Under the adjournment motion, we sought discussion. This is an event of recent occurrence. Therefore, under this device

Mr. Speaker:—It can be raised.

Sri S. Jaipal Reddy:—Under 329, we can only hear the statement of the Government and put one or two questions. We cannot discuss it in detail.

Mr. Speaker:—You can discuss it in detail I am referring to the Parliamentary Procedure.
Sri S. Jaipalreddy;— The Question is whether the same matter can be raised through some other device. It is very clear. The matter can be raised through any other device for raising discussion of the issue. Under Rule 329, we cannot elicit the views of the Government in detail, but we can put one or two questions to elicit information. We have tabled this motion in view of its background, its future implication etc.

There is Provision for half-an-hour discussion.

Sri S. Jaipalreddy;— Under the Rules, the motion for half-an-hour discussion can be tabled only for an issue arising out of a Question.

We have not tabled a motion for eliciting information. Under Rule 329, we cannot elicit information and we cannot discuss the issue. There is no provision in the rules for converting a particular motion into some other motion. We have tabled the motion under rule 63.

They say it must be taken as per rules under adjournment motion. Whether it can be taken up as an adjournment motion or it can be taken under Rule 329-1 want to give ruling tomorrow.

Mr. Speaker:—We are not discussing about their demands; we are discussing about the lathi charge. I take the information from the hon. Member and I will look into it.

Sri Ch. Parasarum Naidu (Parvathipuram):—On this question, without entering into merits—whether this question can be converted into a motion under Rule 329 or whether it can come under Rule 63—I want to make a contribution, with the Speaker’s permission. There is no question or discretion vested in the Speaker to convert this motion under Rule 63 into a motion under Rule 329; that is my proposition. For that purpose I bring to your kind notice Rule 55. That rule makes it clear beyond all doubt—"The right to move the adjournment of the Assembly for the purpose of discussing a definite matter of urgent public importance shall be subject to the following restrictions." So it is a right conferred upon the member; it is not a question of any concession; it is not a question of any generosity, but it is our right where a question of urgent public importance is concerned. It is only subject to the "following" restrictions. If those restrictions are not there or if they are answered, then it shall come in the form of an adjournment motion only. Rule 329 deals with a motion which is only one of information but adjournment motion has also the quality of not only a debate but in a way telling the Government or warning the Government that such and such a thing has happened and that they do not deserve to be on the administrative side to allow this thing to be done. It goes to that extent. Therefore clause (viii) of Rule 65 does not come into operation. Clause (viii) is only very exclusive. Now what are the conditions? "Not more than one such motion shall be made at the same sitting." It is only one motion before you; "not more than one matter shall be discussed on the same motion"—this condition is also satisfied.
Mr. Speaker:—I will look into the whole matter.

Sri Ch. Parasuram Naidu:—Therefore my submission is that there is no discretion left; it cannot be converted. It is our unfortunate experience that there is some sort of misguidance from the office. It is not an aspersion. Therefore I request that the Speaker be pleased to exercise whole vigilance in the matter and exercise his own discretion and arrive at a correct decision.

Mr. Speaker:—People who have raised the adjournment motion have said something. I have heard the other members also. I will give a ruling:

Sri S. Jaipal Reddy:—You may hear the members before you give your ruling. It is the privilege of the members to express their viewpoints before the Chair gives its considered ruling. With a view to enabling the Chair to formulate its ruling, members express their views.

Sri S. Jaipal Reddy:—It is so kind of the Chair to have said that he would give a comprehensive ruling on discussion. Therefore the members are expressing their viewpoints before the Chair formulates its ruling. Therefore the Chair may allow the members.

Sri S. Jaipal Reddy:—Once a point of order is raised, any member in the House can express his view.

Mr. Speaker:—Cut motions moved.
I am necessarily having to present to the Budget formulated by the previous Government.

We have not had time to make the changes that we would like to. It is for this reason that we are proposing to take the Vote on Account for six months.

As we have mentioned earlier, we would also like to consider reorientation of plan priorities and schemes before presenting the final budget.

We believe that we have been returned not on a wave of frustration but on a tide of rising expectations.

Mr. Speaker:

Mr. Chairman and the House,

I beg to present the Budget for 1978-79.

In the course of the Budget Speech, the body of the Government is presented with a statement of the financial situation of the country, which sets out the financial targets and the steps to be taken to achieve them.

In the current year, the country has to face a number of problems, including inflation, unemployment, and poverty. The Government has taken steps to address these issues, and the Budget provides a framework for implementing these policies.

The following are the key points of the Budget:

1. A target of 6% growth in GDP is set for the current year, with a focus on agriculture and infrastructure.
2. The budget proposes to increase the public sector share to 30% of the GDP, with emphasis on social sectors such as education and health.
3. The tax rate is to be increased to 15% for the middle income group, while the tax rate for the high income group is to be reduced to 10%.

In conclusion, the Budget provides a roadmap for addressing the challenges faced by the country, and I urge the House to approve it in the interest of the nation.

Mr. Speaker, I request the House to adopt the Budget for 1978-79.

Thank you.

Sri G. Rajaram:— In 1961, the agricultural worker was defined as a person who was engaged in any gainful activity at least one day during 15 days period of a month. In 1971 most of the Small Cultivators have been regarded as agricultural labours instead of cultivators.
Sri S. Jaipal Reddy:—Administrative machinery is not understaffed but it is over corrupted it is because of the rampant corruption in the administrative apparatus which is responsible for the bungling in this rare sector. Therefore, the Minister's diagnosis is misplaced.

It is definitely understated.

Administrative machinery is not understaffed but it is over corrupted it is because of the rampant corruption in the administrative apparatus which is responsible for the bungling in this rare sector. Therefore, the Minister's diagnosis is misplaced.

It is definitely understated.
Sri S. Jaipal Reddy:—There is some confusion. We had a big cyclone during 1977-78. According to the Budget speech, our agricultural production was in short-fall between 1976-77. But in 1977-78 we did not witness any extraordinary drought or extraordinary cyclone. How does the Minister explain that there was a short fall in agricultural production during that year?
11–50 a.m.,

Sri S. Jaipal Reddy:- We did not say that you have no legal right to rule this country. We only tried to tell you that you had the electoral popular support because of the inherent deficiencies in massive system which may or may not be set right.

The budget for 1978-79 was presented on March 28, 1978. The presentation started with a discussion on the financial matters related to the vote on account. The speaker mentioned the importance of managing the budget effectively to ensure the smooth functioning of the state's financial affairs. The budget was aimed at addressing the economic challenges of the time and ensuring a balanced approach to expenditure and revenue. The speaker highlighted the need for a comprehensive approach to planning and execution of the budget to achieve the desired outcomes.

The budget for 1978-79 was a significant milestone in the state's financial planning, providing a roadmap for the fiscal year ahead. It aimed to balance the requirements of various sectors of the economy, ensuring that resources were allocated efficiently to support economic growth and development. The presentation concluded with an outline of the key components of the budget, including revenue and expenditure details, and the strategies for achieving the financial targets.

Overall, the presentation emphasized the importance of fiscal responsibility and the need for a strategic approach to budgeting. The speaker concluded by expressing confidence in the state's ability to manage the budget effectively, highlighting the commitment to ensuring a sustainable and prosperous future.

The tears that we are shedding for the welfare of the weaker sections are of those of crocodiles.

12-00 noon

We are in the Budget for 1978-79 (Vote on Account).
Sri B. Machinder Rao:—Secunderabad cantonment area the Hon'ble Finance Minister has just now said that for Industrial development in Andhra Pradesh, the Nationalised Banks or the Scheduled Banks are not coming forward. There is an Industrial Development Council and there is zonal Consultative Committee of which the Hon'ble Minister for Finance is a Member. He can ask funds for the industrial development funds because they have got some guidelines. He can raise that issue and get more funds for the industrial development.

In the Cantonment Area there is an agreement between the State Government and the Central Government Cantonment Board that they would take over all the Educational Institutions. They have taken over those institutions and are maintaining. They have not yet taken over the hospitals. I request the Hon'ble Minister for Finance as well as the Minister for Water Works to increase the quota of water supply.

Final Batch of Supplemenitary Estimates for 1977-78.

ప. సంచాలన కాంపైన్స్: — రాష్ట్రంలో భారీ కాంపైన్స్ 200 లక్షల ప్రతి సంవత్సరం ప్రామాణిక పరిస్థితులు ఉపయోగించబడతాయి. సాధారణంగా చేతి ఉపయోగించాలనుకుందాను. ఇది యొక్క ఫలితాన్ని సంచాలన కాంపైన్స్ కంటే అతివిశాలం. ఇది ప్రత్యేకంగా వాయిదితో నిర్ణయించబడింది. ఈ పంపణ యొక్క ఫలితాన్ని సంచాలన కాంపైన్స్ కంటే అతివిశాలం.

Mr. Speaker: — The question is:

"That the Government be granted a sum not exceeding Rs. 1,55,57,600 for further expenditure in the year 1977—78 as per the Heads of Demands shown below:—"
