Motion Address by the Governor.

సిద్ధంగా అందించాలి, కానీ ఆస్త్ర్య లేని సమయంలో మీవాహక సమాచారం నీలించాలి? అందుకే సమాచార సమయంలో మెరుగు ఆధారం కనిష్ట సంస్థ కొరకు మనం ప్రతిసామం ప్రామాణ్యం చేయాలి?

సిద్ధంగా సమాచారం నీలించాలి: —ప్రతి లేఖనం మాత్రమే సమర్పించబడింది. సమాచారం రెండు సమాచారాలు సమర్పించబడింది కానీ మనం సమర్పించిన సమాచారం మాత్రమే అభివృద్ధి చేయబడింది. ఇవి సమాచారం రెండు సమాచారాలు సమర్పించబడింది కానీ మనం సమర్పించిన సమాచారం మాత్రమే అభివృద్ధి చేయబడింది....

సిద్ధంగా సమాచారం నీలించాలి (క్రమానుషీలు): —ప్రతి లేఖనం ప్రత్యేకంగా అన్నది. కానీ లేదు సమాచారం రెండు సమాచారాలు సమర్పించబడింది, అందువలసం మనం సమర్పించిన సమాచారం మాత్రమే అభివృద్ధి చేయబడింది.

Mr. Speaker: — There is no point of order, Please resume your seat. I am not giving permission.

సిద్ధంగా సమాచారం నీలించాలి: —అదేకాక నివాసం చేయడానికి పిందించాం.

Mr. Speaker: — When I do not give you permission and if you go on speaking, then I will have to take some other action.

Sri P. Janardhan Reddy: — That is not proper.

సిద్ధంగా సమాచారం నీలించాలి: —అదేకాక నివాసం చేయడానికి పిందించాం?

సిద్ధంగా సమాచారం నీలించాలి: —అదేకాక నివాసం చేయడానికి పిందించాం.

సిద్ధంగా సమాచారం నీలించాలి: — అదేకాక నివాసం చేయడానికి పిందించాం.

17th March, 1978. Motion on Address by the Governor.

The Governor moved the Address on the annual report of the 10 government departments.

The Governor said that the government had made significant progress in the past year. The budget for the current year was approved, and the financial situation was stable. The government had implemented various welfare schemes for the benefit of the people.

The Governor also highlighted the achievements in the fields of education, health, and infrastructure. The government had set targets for the next fiscal year, and it was committed to fulfilling them.

The Governor thanked the officials and workers for their hard work and dedication. He also requested the House to support the government's efforts for the socio-economic development of the state.

9.50 a.m.

*Sri S. Alwar Das (Visakhapatnam-I):— Mr. Speaker Sir, the Nation fought for our political freedom as one man. Everybody sacrificed everything. Self-sacrifice was the order of the day. After independence this effort should have been intensified. We should have worked with much more devotion, but unfortunately the clouds of selfishness have overtaken and engulfed this country. Rank opportunism has taken the place of patriotism.

*Sri S. Alwar Das:—That is the reason why more than 80% of the people have no two square meals a day, not a piece of cloth to cover their nakedness, not to speak of a shelter from rain and sun. This Government which has come out of the recent elections is the result of a class war between the affluent, the rich landlords, moneyed, the capitalists, the blackmarketeers, and the middle class on the one side and the half naked, fishermen, half-starving rickshaw puller and the women and the slum dwellers on the other. The women have equal rights on the statute books but they are slaves at home, because of their economic dependence upon man.

*Sri S. Alwar Das:—Some persons will have to express in English. Although some of us can speak both in English and Telugu, some persons cannot speak in Telugu. So, these persistent protests should not be there.
Sri S. Alwar Das:—The weaker sections have won the battle. Here it is the duty of this Government to represent them truly and try to fulfil their aspirations. To some extent the Governor's Address tries to do this. It is true, but it is not completely covered due to lack of time and further ours is a democracy and progress aught to be by evolution. It is the method which we have adopted and we have got to continue the traits of the old Government for some time before we mend them and our complete policy and outlook is represented in our actions. It may be so within the next six months or by the time of the Governors address next year. Great catastrophe struck in the coastal Andhra (Divi seema) from Srikakulam to Nellore. There was heavy devastation. As my friend has pointed out much was concentrated on Divi and Vizag and Srikakulam districts, especially Anakapalli, Chodavaram, Elamanchili which were completely neglected. Even in Divi much resources have flown from local sources, national and international sources. We have expected that model villages will be built so that it will represent the future India of our dreams. But unfortunately it is not done. So, a thorough investigation is necessary and what we are going to spend should be spent carefully and usefully and not a pie should be wasted.

Another important point in the Governor's Address is about unemployment. People have been waiting in employment exchanges. They are not employment exchanges. In fact they are unemployment exchanges. People are waiting from 68-69. How long can we expect them to survive? How long can you expect their families to survive? We should help them with doles. Our Prime Minister has shirked from his responsibility when he said in the Parliament that it is not the business of the Government, but I am happy that our Government has come forward with a scheme in helping them till they stand on their legs. Unemployment doles will go a long way in solving the problem to some extent. It has two fold effect. It will compel the Government to look for some employment for the concerned man and also help the person to survive the ordeal of waiting for employment.

Land Reforms have been talked of since our independence. They were never implemented with sincerity, because our tongue is radical but our heart is reactionary. We talk so much of Land Reforms, land to the tiller but when we get into power and when it comes to implementation we have shirked from our responsibility. They are still on the Paper and nothing reached to the tiller. Now I am happy to know that this Government has taken up this very important problem seriously.

The previous Government brought forth Urban Ceilings.
It is not Urban Ceilings, but it is property ceiling that was promised. Property ceiling is good, because people hanker after money. People indulge in corruption and try to amass wealth as much as possible without limitation because there is no limit property one can possess. This is the only country where there is no limit for individual wealth and property. If you put some limitation this avariciousness will stop and there will be a great effect in controlling corruption and there would be proper distribution of wealth. I am sure this Government along with the Urban Ceiling will take up property ceiling also.

It is a heinous crime to see a fellow human being fight with a dog and a cow at a dustbin for a morsel of food. Beggars are there since independence. Can't we do something to give them some shelter and some sort of help to make them useful citizens. This is all the more important in case of lepers who are abundant in Vizag. This is not only a beggar problem but they spread the disease. Their own healthy children should be separated and kept aloof. So, the Government should do something immediately to solve this beggar problem.

Slums are the cancer of the cities and a curse of humanity. People are living like animals besides big mansions assed by big blackmarketeers and corrupt people. We are never thinking of doing anything for them except approach them at the time of elections. There should be a slum improvement authority as in Madras and in a systematic manner we should try to eradicate those slums. I don't mean they should be uprooted. Their condition and environment should be improved.

Haryana, Punjab and Madras have been claiming that they have electrified their villages cent per cent. We are lagging far behind, but this Government has come forward with a proposal to electrify 1,600 villages now. This is good but it is not enough. We should make a concerted effort to electrify all that villages.

In the same manner rural communications are important. Every village should be connected with the main road. Unless communications are improved business will not improve.

I am very happy that we are talking of autonomy of Universities. Universities are the braintrust of the Nation. They should be allowed to grow according to their own genius. Then only you can produce great scientists, great philosophers etc., in our Country. Unfortunately the previous Government have reduced these Universities into Government Departments. Now this Government is thinking of releasing the shackles of the Universities. I am sure we will make them really autonomous. Let them grow according to their genius and let us not interfere.
Before concluding we have certain problems at Vizag itself. Foundation for steel Plant was laid in 1971 along with that Salem and Vijayanagaram. The Madras Government was very active. They have provided all the infrastructure facilities. They have gone ahead and forced the Central Government to realise their Plant, whereas Vizag Plant is no where. This Government should take active interest and pursue the matter and do whatever is possible to realise this plant which will bring prosperity not only to that area but to the State at large.

Water is always the problem of Vizag, eventhough a perennial river like Godavari is about 100 miles away. When water is brought from other cities from hundreds and hundreds of miles, there is no reason or meaning in shirking our responsibility to take up this small project and provide water. In fact Mr. Vengalrao Promised to lay foundation for the project at Polavaram in December 77. I don't know why he could not do it. But anyway this Government should not lose any more time to take up this project, because the prosperity of Vizag, the industrial development of Vizag is dependent upon the provision of water facility.

Recently we have discovered Boxite in large quantities in Chintapalli and other areas. When Orissa Government was providing all the information necessary, our Government had failed and did not provide any information. In fact, the then Collector was pessimistic about the project. Recently when V.P. Rama Rao came, some information was provided and there is every scope that the Plant will be in Andhra Pradesh, both Alumina and Aluminium Plant with an investment of 500 to 800 crores and the Government should not lose any opportunity in getting the Plant.

K.G.H. of Vizag has always been famous for its treatment and physicians and surgeons. People from far far South and far far North used to come for treatment but not a brick was added after independence and there is stagnation. In fact the previous Government has drained the hospital of all the good doctors and brought them to Hyderabad. That is the greatest grievance of our parts—from East Godavari to Srikakulam and I hope the Government will soon take measures to improve the hospital and provide all the facilities.

Another important thing is, the weaker sections like rickshaw pullers and others used to get lot of loans when the previous Government was there. I have not seen apparently any change in this policy of the Government of India but the banks are reluctant to provide them loans. The Government should take this with the banks and see that loans are expeditiously sanctioned and they are not put to any inconveniences.
Mr. Speaker Sir the Governor's Address is only an indication of things to come. I second the motion and urge the House to unanimously pass it. I am aware of the constructive criticism and cooperation of the opposition. Experienced leaders like Mr. Vengal Rao, Mr. Sundarayya, Mr. Latchanna and other gentlemen are there and I hope they will certainly back whatever the Government is doing with their constructive criticism. Thank you.
Motionion Address by the Governor.

Motion on Address by the Governor

...
Address by the Governor: 17th March, 1978

The Governor

Sri Ch. Parasurama Naidu: Point of order. I want to bring it to your notice that under rule 27, it is the imperative that the last 2½ hours of the sitting on Friday shall be allotted for the transaction of private members' business. This appears to be not brought to your notice. Yesterday I gave a notice of a resolution remembering that today is Friday and the business will have to be allotted for the private members' business. If it were brought to your notice we have to be told whether it was considered and another day is allotted in substitution for this day because the Proviso says 'Provided further that if there is no sitting of the House on a Friday, the Speaker may direct that two and a half hours on any other day in the week may be allotted for private members' business'. So, in substitution for this day, it is open to the Hon'ble Speaker in consultation with the Leader of the House to allot us a day for private members' business.

But the point here is this. This should have been done earlier. My resolution should have been brought to your notice. No doubt, under rule 77 "Any member or a Minister who wishes to move resolution shall give ten days notice of his intention and shall together with the notice submit the text of the resolution which he intends to move: Provided that the Speaker may allow it to be entered in the list of business with shorter notice than ten days".

We were sworn in day before yesterday. The Speaker himself was elected yesterday, and therefore there is absolutely no possibility for us to give notice. Within that contingent I have noticed at the earliest time and I have come within the purview of the provision. At any rate it should have been brought to your notice. My understanding and my information is, as I have enquired from the staff, that it has not been brought to your notice and it is very very regrettable that it should not have been brought to your notice. Therefore, I request that a ruling may be given for the allotment of a day in substitution of this day, the Friday.

Sri A. Eswara Reddy (Tiruathi): — The Hon'ble Member is correct with regard to the given statement But they have
Motion on Address by the Governor.  

circulated a supplement to the rules and an amendment for that rule
which says: ‘for the words 2 1/2’ the word ‘two’ shall be sub-
tituted. Therefore, there are only 2 hours.

Sri Ch. Parasurama Naidu: — Even then it does not mat­
ter much.

Sri Ch. Parasurama Naidu:—Was it brought to you notice, is
the point which I have raised?

Sri Ch. Parasurama Naidu:—The Chair has come to the rescue
of the Staff.

92 17th March, 1978. Motion on Address by the Governor
186—5
17th March, 1978

Motion on Address by the Governor.

94
Motion on Address by the Governor. 17th March, 1978.

The Governor informed that, as the Legislature was about to commence, he hoped that the following suggestions, made by the Government officers in the various departments, would be taken into consideration by the House:

1. The need for the establishment of a State Bank.
2. The urgency for the construction of a new Legislative Building.
3. The necessity for the introduction of a new educational policy.
4. The importance of the establishment of a new health care system.

The Governor further stated that the Government was committed to implementing these suggestions as soon as possible.

Motion on Address by the Governor.

11-10 a.m.

((మొదటి వాటిలో పనిచేసిన ముఖ్య పత్రిక కారణం ఈపోయిన ప్రస్తుతి ప్రదర్శనం))

సరస్సు ప్రమాణం: — రామానంద్ రామానంద్, మౌల్యాంశిక వాణిజ్య నాణే కోసం విత్తనాలను సంచితం చేసి ఆధికారిక చేయడానికి ముంచే ప్రతిమాం వివాదానికి ముందు సమస్యలు రావడానికి కారణం ఈపోయిన ప్రస్తుతి ప్రదర్శనం.
Motion on Address by the Governor. 17th March, 1973.

The Governor said:

"In addressing the House today, I am pleased to inform you that the Government has made significant progress in the past year. We have implemented a number of important reforms and initiatives, including the introduction of a new tax system and the expansion of public healthcare services. These measures have been well-received by the public, and we are confident that they will continue to yield positive results.

The economic situation remains stable, with inflation under control and foreign investment flowing into the country. Our efforts to develop the agricultural sector have borne fruit, with increased yields and improved crop yields. We are committed to continuing these efforts to ensure food security for all.

In the realm of education, we have launched a new program to provide free education to all children. This initiative will ensure that every child has access to quality education, regardless of their background.

The judicial system has also seen improvements, with a reduction in the backlog of cases and an increase in the number of judges. We are committed to ensuring that justice is served efficiently and fairly.

In conclusion, I would like to express my gratitude to all members of the House for their support and cooperation. I am confident that with our continued hard work and dedication, we will be able to achieve our goals and build a brighter future for our nation."

Motion on Address by the Governor. 17th March, 1978.

In the House of the Legislature, the Governor addressed the Assembly on 12th March, 1978, as per the Constitution. The main theme of the speech was to outline the achievements and challenges faced by the government. The Governor highlighted the importance of education, infrastructure development, and social welfare programs. He also stressed the need for transparency and accountability in governance.

In conclusion, the Governor expressed confidence in the ability of the government to overcome the challenges and achieve the goals set for the year ahead. He encouraged the legislators to work together for the welfare of the people.

 Afterwards, the Assembly adjourned for the day.
106 17th March, 1978.  Motion on Address by the Governor:

I know that all the opposition benches have opposed consolidated Tenancy Bill.

Sri M. Venkaiah Naidu (Udayagiri) :—Point of order. He is speaking about the President of India. He is not in the opposition. You must give a ruling on that. It should not be on recorded. We do not tolerate criticising Sri Sanjeeva Reddy who is the President of India. He must withdraw it.

Chairman :—He has not criticised in that way.

Sir M. Venkaiah Naidu :—He is making a serious allegation.

Chairman :—He said ‘during the tenure of office of Sri Sanjiva Reddy’.
Sri M. Venkaiah Naidu: — He said he knows the mentality of the opposition then.

Sri R.M. Manohar (Achampet): — We are not criticizing him. He is our beloved leader from Andhra Pradesh. We have great respect for him. But reference is being made for the loss that has been done during his period.

Sri Ch. Parasurama Naidu: — In support of the point of order I want to speak. The point of order is raised and every member is entitled to support. The name Mr. Sanjiva Reddy, who is the President of India has been brought into this debate, no doubt, in a very indirect form. But still that name has been mentioned in association with something which has been done during his occupation of the Chief Ministership of Andhra Pradesh. That action is said to be a retrograde action on which we are also supposed to be partners. So that sort of indirect criticism has taken place. It is a disgrace that this gentleman should be allowed to do it. He has no grace to withdraw. He is still talking very outrageously.

Mr. Chairman: — It will be examined in full detail.

Sri Ch. Parasurama Naidu: — It is so disgraceful that it needs no examination.

Sri M. Rami Reddy: — With all my respects to our beloved President I again submit that my learned opposition friends have even criticised Indira Gandhi. We did not take such objection. You must tolerate such things.

Mr. Chairman: 12:00 Noon
17th March, 1978. Motion on Address by the Governor:

We wanted a movement that Land Reforms Act should be implemented and all public workers should be involved in its implementation. We wanted a movement that Land Reforms Act should be implemented and all public workers should be involved in its implementation. We expected that our dynamic leader Dr. M. Chenna Reddy will give that leadership and bring name and fame to the State. We have started just now and we will see within an year or so we will have Panchayat elections, we will have municipal elections and we will prove that people are with us and we will succeed and succeed and finally I support the motion. Thank you.
Sri B. T. L. N. Chowdary:— Point of Order. I request the Hon'ble Member to withdraw, those words 'THALA THIRUGU' etc. which are unparliamentary.

Sri S. Jaipal Reddy (Kalwakurthi):— Governor's Address involves a general debate. We can discuss anything under the sky. I am not aware of the ruling which the Hon'ble Member is referring to. Even though the ruling has been given, there is the need to review that ruling. Governor's Address will involve questions of general nature. Therefore, the point of order is not in order.

17th March, 1978. Motion on Address by th Governor:

12-20 p.m

12-20 p.m.
Sri R. M. Manohar:—Mr. Speaker, Sir, though it is little late, I have got a good fortune to pay a tribute for your unanimous election as Speaker. While supporting the address of our beloved Governor of Andhra Pradesh, I want to discuss few items which have been mentioned in connection with the Cyclone Tidal Wave. Our dynamic leader, leader of the Indira Gandhi Congress Dr. M. Channa Reddy was the first person to reach the cyclone affected area while the people were suffering in need of water, clothing and shelter. The former Chief Minister Mr. Vengai Rao while Rome was burning, he was sleeping in Delhi.

(Interruptions).

12-30 p.m.
17th March, 1978.  Motion on Address by the Governor.

...
Motion on Address by the Governor: 17th March, 1978.

Shri Sultan Salah al-Din Arif, J&K, has appointed, among others, the following:

1. P. A. Naqvi as Cabinet Minister for Finance, Industry and Commerce.
2. C. P. Vohra as Cabinet Minister for Education, Science and Technology, Tourism and Environment.
3. V. V. Shukla as Cabinet Minister for Law, Justice, and Legislative Affairs.
4. M. K. Vohra as Cabinet Minister for Planning and Statistics.
5. M. K. Vohra as Chief Minister of J&K.

Shri Arif has been re-appointed as Governor of J&K on the 17th March, 1978.

The Governor, in his address, emphasized the importance of maintaining peace and stability in the state. He also highlighted the need for economic development and infrastructure projects.

The Governor concluded by expressing his confidence in the ability of the administration to lead J&K towards a brighter future.
116 17th March, 1978. Motion on Address by the Governor:

دا جانICKا - دوسرے نے مرزگار کو بھی بھی سہولت نہیں جانئے تو ہوکے

(The House then adjourned to meet again at 8.30 A.M. on 20th March, 1978).
APPENDIX

Address By
Smt. Sharada Mukerjee
Governor of Andhra Pradesh

During the recent elections, over 1,80,000 public servants were engaged in polling duties and their work deserves commendation. It is indeed a matter of gratification that the poll was conducted peacefully in all parts of our State in the highest traditions of democracy which we all cherish.

Hon’ble Members are aware of the catastrophe that had befallen the state on the fateful eve of 19th November 1977, resulting in an unprecedented loss to human life and property in several parts of the State on account of the Cyclone and Tidal Wave. My Government undertook immediate measures for providing relief to those affected and for mitigating the hardship caused to the farming community. Government of India have provided Rs. 56.52 crores as Advance Plan Assistance which is expected to be utilised by the end of March, 1978. Several voluntary and philanthropic organisations both national and international have made good efforts in supplementing the efforts of the Government in the relief and rehabilitation programmes by way of generous donations both in money and kind and also man-power.

Various schemes such as restoration of irrigation works, roads, school buildings and reconstruction of houses have been taken up with a view to ensure rapid rehabilitation of the affected population, and to see that the productive processes are restored at the earliest to ensure that the affected families regain their means of livelihood. Relief measures and schemes have been taken up with a view to see that all categories of persons who have been affected, such as farmers, weavers, fishermen, artisans, agricultural labourers and others are given suitable assistance and opportunities to rehabilitate themselves speedily. My Government are determined to ensure that the normally is restored without any loss of time.

It is gratifying to note that a large number of voluntary organisations have come forward to take up housing schemes in the cyclone
affected areas. But they are yet to take shape. My Government have already provided temporary shelters to the people in the areas affected to protect themselves from the ensuing monsoon. We are now drawing up a comprehensive scheme in co-ordination with the voluntary organisations to provide pucca concrete buildings which can withstand cyclones in future. We propose to complete these pucca houses by the end of March, 1979.

There has been a steady progress in the State's economy during the Fifth Five-Year Plan period. The annual plan outlay which stood at Rs. 148 crores in 1974-75 rose to Rs. 449 crores for the year 1978-79 representing 300 per cent rise over the past four years.

While no doubt substantial amounts have been earmarked for the major projects and 31 medium schemes in the State during 1978-79, Minor Irrigation Sector has also been given a special place in the plan as its schemes yield quick results without involving huge initial outlays and long gestation periods. The Irrigation Development Corporation established by the Government has planned to create irrigation potential of an area of 36,616 hectares in Kharif and an equal area in Rabi in the coming year through Lift Irrigation Schemes and Tube Well.

Honorable Members are aware that the power development in the State has been progressing rapidly during the Fifth Five-Year Plan period. The installed capacity that stood at 668 Mega Watts at the beginning of the Fifth Five-Year Plan rose up to 1563 Mega Watts at the end of February, 1978. By 1979, the installed capacity is expected to go up to 1829 Mega Watts. It is proposed to electrify 1600 villages and energize 40,000 agricultural pump sets in the coming year. It will be the endeavour of my Government to simplify the problems confronting small consumers of power particularly in the agricultural and industrial sector. With the recent clearance by the Central Government of the Godavari Super Thermal Power Station at Ramagundam under the Central Sector with an ultimate installed capacity of 2100 Mega Watts, the power position will considerably improve in the State and in the entire Southern Region.
Along with the development of heavy and major industries, effort will be to emphasis and help those sectors of self-employment and rural industries which have wide employment potential so that the benefits of the same may flow to the rural areas.

My Government will continue to give due importance to the development of irrigation, ground water development, agriculture and power. At the same time my Government is very keen that it should aim at greater distributive justice by giving primacy of importance to the formulation and execution of social programmes which would benefit the weaker sections of the society including the Scheduled Castes, Scheduled Tribes, Backward Classes Youth, Women and Children. My Government is firmly convinced that this is essential to consolidate the democratic base of the society. The main thrust of these programmes would be towards solving the unemployment problem amongst the Scheduled Castes Scheduled Tribes and other weaker sections. The programmes under implementation will be vigorously pursued and, in particular, the scope and coverage of training programme in skills for weaker sections which has been found to be very useful is proposed to be increased manyfold. Still a fairly large sector of these people may remain uncovered by any of the schemes of employment or training. My Government will examine and evolve a scheme to provide relief to the unemployed matriculates and graduates belonging to Scheduled Castes and Scheduled Tribes and to some extent Backward Classes and the Economically Backward Classes by devising a scheme of payment of allowances or stipends for a temporary period in order that they are able to tide over the difficulties and also work out the possibilities of imparting special and potential skills during that period so that they can ultimately settle down.

My Government is aware of the difficulties and delays in the implementation of land reforms. My Government is determined to examine and streamline the procedures to ensure speedy implementation of land reforms, both in letter and spirit within a time-bound programme.

My Government has decided to give exemption from payment of land revenue in respect of dry lands up to 5 acres and wet lands to 2½ acres in order to give relief to small and marginal
Exemption will be in respect of the land revenue component only.

Regarding Urban Ceiling, Hon’ble Members are aware that there is some confusion in the provisions of the Act in its interpretation and implementation. My Government, if necessary, in consultation with the Government of India will endeavour to introduce the element of clarity and implement the same to achieve the objectives for which it was enacted.

My Government is aware of the increasing demands from the public for putting in more busses in the existing routes and opening new routes by the Road Transport Corporation. My Government is examining in detail the possibility of meeting these demands.

My Government is also conscious that there are still large number of villages not yet connected by any roads. As Road-plans may take five to ten years or more for their completion, it is my Government’s desire to see that these villages also get opened up and we are examining ways and means of achieving the same.

In the matter of education, it is necessary to review primary and secondary education removing the existing weaknesses and strengthen the same so that proper ideals and discipline are imparted to the children and the youth of our State.

My Government proposes to review the present provisions of the existing Universities’ Acts and make, if necessary, such changes as to restore democratic norms and ensure efficient functioning of the Universities.

We are keen to see that democratic practices are introduced in all areas where popular institutions are now superseded and placed in charge of the officials, so that people can take active part in the developmental activities through their elected representatives. With this end in view, my Government are taking steps to hold Elections to Panchayati Raj Institutions, Co-operative Institutions and Municipal Bodies by about the middle of this year.

My Government feels concerned about the representations that have been made against large-scale premature retirements. My Government has already started reviewing these representations with a view to ensure that there is no mis-carriage of justice and all those affected and who deserve reinstatement are reinstated into service.

During the Session, in addition to Budget, you will be considering Bills for the replacement of Ordinances as well as other necessary Legislative measures.

Jai Hind.
