We are violating the Rule 24, Sir. I want your ruling on this.

Sri S. Jaipal Reddy;— This unpleasant experience on the day of swearing in of the Chief Minister was repeated on the day of swearing in of the Ministers. The Raj Bhavan Gates were closed and the M.L.As were shown the way out. The Chief Minister should take efforts to pin down the responsibility and take action against the concerned officials. There is not point in giving an Assurance unless the Chief Minister promises to make adequate arrangements while expanding his over-loaded cabinet.

Sri S. Jaipal Reddy;—The Chief Minister said that I should give him in writing. When I raised the Matter on the floor of the House, again, there is no need for giving anything in writing. It is much more sacred than in the form of writing.

Dr. M. Chenna Reddy;—In order to be clear, just I wanted to know, who were denied entrance at gates, whether they went in time, etc. That is all, Otherwise, what he says on the floor of the House is more than sacred.

Sri G. V. Sudhakar Rao:— Sir, I beg to move for leave to introduce the Andhra Pradesh General Sales Tax (Amendment) Bill 1978.

Sri S. Jaipal Reddy:— Sir, according to rules these papers must be signed by the Minister. They are here supposed to have been signed by the Deputy Secretary to Government.

Sri S. Jaipal Reddy:— Their names must be printed on the papers.

Sri S. Jaipal Reddy:— They must be named after him. They do not sign actually but the paper is supposed to be signed by him. His name at least must be printed. There are rulings to that effect.

Mr. Speaker:— If there is any lapse, I will look into it. Now the motion is moved.

Sri Ch. Parasuram Naidu:—I would like to know as a matter
of principle now Mr. Venkayya Naidu is on his legs—whether the
list of speakers as given by us in a particular order is followed in
that particular order. I am not objecting to Mr. Venkayya Naidu
being called now; he may begin his speeches yesterday also this
point came up. We have chosen our Speaker in an order which may
be respected.

General Discussion.

Sri S. Jaipal Reddy:— Their party itself is named after Mrs. Indira Gandhi.

Sri S. Jaipal Reddy:— Sir, we are not discussing a non-person. We are discussing a person who is leading a party and after whose name the party is named. How can we escape a reference to that person.

Mr. Speaker:— You can very well talk about the party.

Sri S. Jaipal Reddy:— There is no rule to say that we cannot refer to a person after whom the party is named.

Mr. Speaker:— There is a convention in this House that those persons who are not in the House shall not be discussed because they do not have an opportunity to defend themselves.

Sri S. Jaipal Reddy:— They are not criticising the personal conduct of the person but her political conduct. She is a political personality. When other members have the right to praise her of the skies we also have the right to criticise and decry her. We are not objecting to their praising her because they are habituated to that and if they are prevented from praising her, they will not be able to speak at all.

Mr. Speaker:— Neither side may drag in personalities.

Dr. M. Chenna Reddy:— If you ask them not to condemn her, they will have nothing to speak about.

You can refute his argument, I will give you ample opportunity.

Mr. Alwar Das you know, you will have an opportunity.
Mr. Speaker:— If all of you try to talk at the same time it is not good.

Sri S. Jaipal Reddy:— On a point of order. When an hon. Member is speaking, the other member cannot interrupt him without the permission of the Speaker. If he wants to interrupt, the member—Speaker must allow. He can be interrupted only on a point of order raised by the Member. None of the members are raising point of order. How were they allowed to speak?

Mr. Speaker:— Will it not equally apply to your people and to all section of the House.

Sri S. Jaipal Reddy:— Whenever we interrupt, we raise a point of order. They are not raising a point of order.

Mr. Speaker:— Does merely saying a point of order tantamount to a point of order? You made a device to interrupt or do something else.

Sri S. Jaipal Reddy:— That is a permissible Parliamentary device. Therefore, let the Members also adopt the Parliamentary device.
It is just like contamination spreading to other sections of the House also.

Sri S. Jaipal Reddy: — Whenever we interrupt we are raising a point of order. It is for the Chair to rule whether there is a point of order or not. But the member has a privilege to raise a point of order.

Mr. Speaker; — No. He is not threatening the House, He only said if all the people say like that, the House cannot proceed.

Sri P. Ashok Gajapathi Raju; — The hon'ble Member is threatening the House.

Mr. Speaker; — You are saying that so many people are raising points of order. But there would not be any point of order.

To...
Sri K. Venkataramaiah (Gooty) : — Point of Order. My friend is telling something which is pending in court. He is making defamatory allegations against the Home Minister and more over the matter is regarding elections. He is making a speech out of which we are not following anything. It is not relevant at all. He is making this House as a platform and it is delegatory.

Mr, Speaker : — Are you understanding the language ?

Sri K. Venkata Ramaiah :— He is making allegation which is pending in the court.

Sri K. Venkataramaiah:—This matter is pending in a court of law and moreover he is making this house as a platform for the purpose of evidence. This we don’t allow, because the interest of the Minister is involved.

Mr. Speaker:—I don’t understand that language unfortunately. I will take a translation of the speech and if there is anything pending before the court and if it is a reflection upon that we will certainly remove it from the records. There is no question of evidence then. When once it is off the records, then there is no question of evidence at all.

Mr. Speaker:—You are shifting the ground. He said something is pending in the court and he is speaking of it. He says it is subjudice. I will take a translation of the speech and if there is anything pertaining to that I will certainly remove it from the records. There is no question of evidence at all then.

Sri K. Venkataramaiah:—Why should he be allowed to speak at all.

Mr. Speaker:—Unfortunately I don’t understand that language.

Mr. Speaker:—You are making another speech in Urdu which I don’t understand.
Sri M. M. Hashim:—While the member was speaking he has quoted a particular thing. It is regarding the former Prime minister’s meeting at Goshamahal stadium and my speech in Goshamahal. Taking reference from that speech he goes to a police station and says they are doing so many things and I have to look after. As far as the other portion is concerned, I have nothing to say.

As members of the Legislative Assembly, we are called upon to perform a solemn duty. We are here to discuss the Budget for the year 1978-79, which has been presented by the Finance Minister. The Budget is a crucial document that outlines the Government's plans for the coming year. It is a comprehensive blueprint that sets the tone for economic growth and development.

The Budget for 1978-79 is designed to address the challenges faced by the State. It aims to create jobs, promote economic growth, and ensure social welfare. The Budget includes several measures to boost the economy, such as increased spending on infrastructure, education, and health care. It also provides for increased taxation to fund these initiatives.

We, as members of the Legislature, have a responsibility to ensure that the Budget is in line with the needs of the people. We must ensure that the Budget is transparent and that the funds are used efficiently. We must also ensure that the Budget is fiscally responsible and that the State's debts are kept under control.

In conclusion, the Budget for 1978-79 is a document of great importance. It is a testament to the Government's commitment to the development of the State. We, as members of the Legislature, must work together to ensure that the Budget is a success.

Sri H. Satyanarayana (Adoni):—Mr. Speaker Sir, while generally supporting the Budget that has been presented to the House by the Hon. Finance Minister I would like to point out one or two facts, and bring to the notice of the Government that necessary action may immediately be taken. The first and foremost that I had in my mind was about the distribution of pattas towards house sites for the backward classes. I am emphasising this fact because Mr. Raja Ram was also in charge of Backward Classes. No doubt we have distributed a number of house site pattas in the entire State, with particular reference to Adoni, my own knowledge goes to show that the Government had distributed 3,000 pattas in Adoni town itself. It is very good that pattas have been distributed but the snag there is that after the distribution of pattas they went and had their huts built on the outskirts of the city. It was about half a k.m. or one k.m. away from the city. Now they are having huts but the immediate necessities like light and water supply facilities are not given to them. For one full year they have been living there in Adoni in those huts. Every time I go there they just create a hue and cry. They say ‘we are very happy that pattas have been given in this great city. we are happy that we have constructed the huts but the most primary necessities like water and light are not available.’ In this regard I made several representations to the then Chief Minister and also to the Municipal Administration Minister. I was told that about 15 percent of the income in the Municipality can be spent towards laying roads and also giving water to those areas where those house pattas have been given, but unfortunately even thought I have been moving about from pillar to the post, from the Minister for Municipal Administration to the Chief Minister nothing has happened. Every time I come here that had become a problem to me. Although I made several representations nothing has been done in this regard. So, this is a very urgent matter which
my Hon. friend Mr. Raja Ram will bear in mind and immediately tell the Minister incharge of the Municipal Administration that in the municipal areas where pattas have been given for house sites and where in those house sites the huts have been constructed and if they are little outside or just near the municipality the municipal administration should make it a point to lay pipes there and provide drinking water and lights. I wanted to bring this to the notice of Hon. Minister. Fortunately Mr. Raja Ram is here and he would convey the same to him.

The next point is about Tungabhadra L.L.C. scheme. No doubt a number of schemes have been mentioned here. There are schemes like Pochampad and also the high level canal and Tungabhadra Project. Unfortunately the Tungabhadra low level project is an old one, perhaps the Minister thought the old system will take care of itself. In this connection I would like to bring to the notice of the Minister that when Tungabhadra low level canal system was introduced they found that water supply cannot be taken to the tail end and that is why they conceived even at that time that certain balancing reservoirs have to be constructed in stages so that in those balancing reservoirs they could store water and level water in times of drought to those places were water cannot be sent. I also know that a scheme has been finalised to have a balancing reservoir somewhere near Jimaldinne in my taluk at a cost of about Rs. 68 lakhs. I request that this may be expedited and the construction of the same balancing reservoirs may be taken up immediately.

The next point is, at that time a scheme known as Rajolibanda Scheme, was conceived of. The head work is just in our side. There was an understanding between the then Hyderabad Government and also the Madras Government. The agreement was that they should have an anicut called 'Rajolibanda and they could take water through left and right canal to the areas in our areas and areas in Nizam area' Fortunately, for the then Hyderabad people the Government took at the Rajolibanda scheme and they are now enjoying the fruits of that Rajolibanda scheme in the districts of Raichur, but unfortunately our Government did not take this scheme of Rajolibanda. I may mention in this connection that if that scheme is taken up we will be able to cultivate about 75,300 acres of land, in addition to giving water to the tail end areas of Tungabhadra L.L.C. This is a very very cheap project. Whenever I raise this point of Rajolibanda scheme the usual bogey that was given was that we have got the Bachawat award and this award and that award. I have got records to show that this Rajolibanda scheme has nothing to do with the Bachawat award or any other award. The only award that requires is that our Government should give an award to take up this Rajolibanda Scheme. So, I very earnestly request the
Government that this Rajolibanda scheme may be taken up so that people in the taluks of Adoni, Kodumur and Kurnool will be benefited and to the extent of 75,000 acres of land will be cultivated (wet crops, dry-cum wet crops).

The next point is about the conditions of hospitals, because most of us who come from mofussil, we know what is the condition of the hospitals. Sometimes when I ask my own kith and kin to go to the hospital, they say it is better to go to a private hospital then to the Government hospital because the conditions are very awful. I will give an example. Adoni which has got a population of about a lakh has got a hospital of about 50 bedded strength. Obviously that was started at that time when doni had a population of about 25,000. Now the population has risen to a lakh or more. The same 30 bedded hospital continues, so much that so we could see patients sleeping in the verandahs in the open sides to the great detriment of their health. I wish that the Government should formulate a scheme so that these hospitals which were built ages ago to serve the population then are improved. They should take up this in a phased programme so that the beds in these hospitals are raised and the people are given some relief. With regard to the amenities, I am afraid we cannot call them amenities at all. We are talking about specialisation, special wards in cities. Probably they want to convert every hospital in Hyderabad as Jeevak hospital forgetting the population of Hyderabad is only about 10 lakhs. More then 390 lakhs are living in the villages. They don't want to cater to the needs of poor villagers. I would beg with all humility at my command that at least bare necessities are given to the mofussil hospitals. see that more funds are allotted to the mofussil hospitals so that the doctors there prescribe medicines without any difficulty. Thank you very much.

The Hon'ble Minister for Finance, in his Budget speech, said that the Government had taken a decision to continue the surcharge on income tax at 10 per cent instead of the earlier 15 per cent. The surcharge would be applicable to all income tax payers. The surcharge was introduced to meet the increased expenditure on social welfare schemes. The Government had also decided to introduce a new surcharge on income tax payers with an income exceeding Rs. 1 lakh. The surcharge would be 10 per cent of the excess income. They are simply applying the forest rules to the shrub lands with the result people are highly affected and injured. I therefore request the Government to see that an amendment is immediately brought and relief be given to the affected people in that area. It is a most important thing to be noticed and implemented at once.
