Mr. Deputy Speaker: — The Chief Minister is not here. He will come a bit late. I am sorry the Minister for Sugar and Minister for Rural Development are not here. I think he is expecting that this question will come at about 8.30 a.m. He is supposed to be here by 8.30 a.m. and he is paid for it. We are not paid to be here when we are here by 8.30. We are taking the house for granted that they are taking as right. The point is really seek your intervention to protect our right. Why should not the Minister turn by at 8.30? Are we at his back and call?... and to be here to

put the questions when he is in the House. So, Speaker Sir, there is no point in proceeding further in this manner.

Mr. Deputy Speaker:—All right. Let us take up the other questions please.

Sri S. Jaipal Reddy:—Sir, it is true but this has happened last time also. This has been happening repeatedly. If it were to happen once in a blue moon like this, it will not matter.

Mr. Deputy Speaker:—I am sorry and I really appreciate your feelings fully and also the entire House with you. There is no doubt about that; but I am very sorry, the Chief Minister has taken the permission because just now he has arrived from Madras.

Sri S. Jaipal Reddy:—Sir, The Minister for Small Scale Industries has not intimated the Chair. Neither he, nor the Minister for labour. We are tabling a privilege motion Sir, please accept it.

Mr. Deputy Speaker:—What shall I do Mr. Jaipal Reddy. You tell me, as a Speaker, here what shall I do.

Sri S. Jaipal Reddy:—Sir, We are tabling a privilege motion. Kindly take it up.

Mr. Deputy Speaker:—See, I can only convey your feelings to the Ministers and other members of the House, the Government and then the Leader of the House.

Sri S. Jaipal Reddy:—Sir, then, we will not participate in the proceedings of the House.
Mr. Deputy Speaker:—We will convey this to the Assurance Committee and let us not mix up the things.

Sri S. Jaipai Reddy:—Sir, I can understand the human lapse but when it becomes a general practice of the Ministers and when Ministers become habitual defaulters, what are we to do as members of the House? Secondly, Sir, why should we put the questions? Why should the Speaker come half an hour in advance to the House and sit? Is it just to receive our motions?

Mr. Deputy Speaker:—It is all right. I will take a serious view of it. I have already conveyed it and there is no doubt about it as to what should be done to the absentees. There cannot be a second thought about it.

Sri S. Jaipai Reddy:—Sir, we are just now tabling a Privilege Motion and kindly accept it.

Mr. Deputy Speaker:—That is all right. You can go definitely for a motion but will it serve any purpose?

Mr. Deputy Speaker:—The Finance Minister, has come and he will convey these feelings of the members for which we are very sorry.

Sri S. Jaipai Reddy:—Sir, I really take mercy on M. Raja Ram. He has conveyed his feelings a number of times earlier. The poor man, he has apologised a number of times. Sir, how many times do you want him to apologise? I really take pity on him.

(laughter)

Mr. Deputy Speaker:—If you want me to do, I will also do that....

(laughter)

Sri G. Raja Ram:—Sir, I humbly submit that I cannot agree with Mr. S. Jaipai Reddy that this (late coming) has occurred very frequently. Of course, one or two times this has occurred, and last time also, when it happened for the first time, in this House, I regretted on behalf of the Government and I really asked all the Ministers and conveyed the feelings of all the Honble Members. But you know Sir,
on that day, the Education Minister could not come in time, because of failure of his car. So, I cannot say as to what happened in case of the Minister for Sugar and Minister for Labour. Unless I know to what the matter was I cannot say. Sir, if something is beyond their control, we have to for give them. If wantly they are trying to avoid, that is a different matter Sir, but generalising the issue, without knowing the reasons for their not coming in time will be too harsh on the part of the Hon’ble members.

Mr. Deputy Speaker :—Now let us go to the next question. We have amply demonstrated our feelings. Now why should we waste our precious time of the House....

578-5 (Q)

Sri S. Jaipal Reddy :—Sir, I would like to go on records, and enlighten the Minister the rule position.

Mr. Deputy Speaker :—The thing is he (the Minister) wants to know whether the member is present here.

Sri S. Jaipal Reddy :—Sir, the point is that the Ministers are notified as to the date when their questions are coming up for consideration. The members are not told in advance as to when their starred questions will come. Therefore even if the person who put the question is not here, the question is taken up for consideration. Therefore it is improper on the part of the Minister to find out whether the member is also a defaulter as the Ministers. Then members also are as defaulters as the Ministers....

Is there any theory between the wage you are fixing for the agriculture labourer and the agriculture income? Have you before fixed any rate with regard to agriculture income in the State? Have you arrived at any relationship between these two?

Sri G. Venkataswamy:—Sir, Government considered the question of revision of minimum rate of wages for the employees in agriculture and felt that in view of the consumer price index, there is no need to make any upward revision in agriculture wages. The Commissioner of Labour has been instructed to take into account, while sending further proposals in this regard, apart from the trend of the cost of living index, the cost of agriculture and the return. Farm produce both in terms of procurement prices of required commodities as fixed by Government of India and the relative market prices by gathering all the relevant data in consultation with the Director of agriculture, the Commissioner of Labour has since submitted proposals for further revision for the employees in agriculture and they are under the consideration of Government.

Sir, do you agree that the best way to improve the standards of living of the people is to increase the wages and salaries of the workers and employees? It is a well-known fact that the economic growth of a country is dependent upon the living standards of its people. If we want to achieve a higher rate of economic growth, we must ensure that the workers and employees have a decent standard of living. This can be achieved by increasing their wages and salaries.

I think the government should take steps to increase the wages and salaries of the workers and employees. This will not only improve the standard of living of the people but also create more employment opportunities. Furthermore, it will help to reduce the income disparity and promote social harmony.

Sir, we need to work together as a nation to improve the standard of living of our people. Only then can we achieve our goal of economic development.

re: Murder of Sri B. Laxma Reddy in Peddakorpoole Village of Narasampet Taluk, Warangal Dist.

The Hon'ble Member of Parliament representing Warangal Lok Sabha Constituency and Member of the Constituency Committee of the State of Andhra Pradesh, Sri B. Laxma Reddy, a well-known and respected politician, was murdered on the 10th of July, 1973, in the village of Peddakorpoole in the Taluk of Narasampet, Warangal District. The murder took place at around 11:00 AM on that day, and the investigation is still ongoing. The deceased was a member of the Indian National Congress and had been actively involved in politics for many years. He was also a prominent figure in the Warangal Lok Sabha Constituency.

The murder has sparked outrage and has led to widespread protests and demonstrations in the local community. The police are currently investigating the case, and several suspects have been arrested. The investigation is being conducted under the leadership of the State Home Minister and the District Collector.

The Hon'ble Member of Parliament is deeply concerned about the incident and has requested that the Central Government take immediate action to ensure justice is served. He has also appealed to the public to maintain peace and order during the investigation.

Signed,

</tbody>
</table>

Chittoor District is influenced by South West Monsoon and North-East Monsoon. September is the last month of South-West Monsoon and the receipt of rainfall is 105 M.Ms. as against Normal 127 M.Ms.

Failure of Monsoon in August, 1978 followed by hot spell has resulted in the withering of dry crops, but the receipt of rainfall during the last week had revived the crops. Water column in the wells is receding, but due to good rains in September normalcy can be expected. There is no scarcity for drinking water. Foodgrains are available in open market in abundance, and no rise in prices is noticed. There was a heavy rainfall of 210 M.Ms. at V. Kota from 7-9-78 to 15-9-78. The rainfall on 7-9-78 was 112.5 M.Ms.

There is no drought situation now in Chittoor District. The crop conditions are good. The position is being watched.

these people. I bring to his kind notice two points. (1) The factory

Will the Government take over this factory management since it is

running on loss. There cannot be any loss to the Government. (2) It has to be noticed that the price of cane per ton is Rs. 100. The ryots of that area and willing to give it at Rs. 80. The crushing capacity of the factory is 1 lakh tonnes. Moreover the workers are prepared to undergo a cut in their wages to make up many losses. Correspondingly there is another factory—Bobbili Factory—and it has not suffered any loss. They are prepared to meet the loss. Therefore, work-out the machinery; you have to start it now. Hence I do not see any difficulty in bringing the factory to a working condition.

Voting of Demands for Grants.

I. Date: 26th September, 1978.

II. Demand for Grants:

In the preliminary stage of the budget. I would like to make a few observations.

I. To ensure that the demands for grants are met, let us review the expenditure for the previous year. The expenditure was as follows:

1. Educational Department:
   - Teachers' salaries:
   - Textbooks:
   - Buildings and infrastructure:

2. Health Department:
   - Medical staff:
   - Equipment:
   - Supplies:

3. Municipal Department:
   - Roads and sanitation:
   - Parks and gardens:
   - Utilities:

These are just some examples. The actual figures will be provided in the budget document.

I. Demands for Grants:

1. Educational Department:
   - To increase the number of teachers and improve teacher training.
   - To purchase new textbooks and educational materials.

2. Health Department:
   - To hire additional medical staff.
   - To purchase new medical equipment.

3. Municipal Department:
   - To improve road conditions.
   - To enhance public services and amenities.

These demands will be discussed in the meeting. I urge all members to carefully consider the implications of each demand.

I. Conclusion:

In conclusion, I believe that by prioritizing the demands for grants, we can ensure a better educational system, improved health services, and quality municipal services for the community.

I. Any Questions?

I hope this discussion has been informative. I am open to any questions or suggestions you may have.
Voting of Demands for Grants.

This year also the Government has decided to take five new schemes. This I will take note of and I can see how best I will help as early as possible.

Air pollution is not a state subject. The Government of India has to pass an Act in the Parliament. We have also represented the Government of India. We will also again represent to the Government of India.

The Central Act has to be followed by the State.

Sri M. Manik Rao:—Sir, that matter is under consideration.
Voting of Demands for Grants.

Mr. Deputy Speaker,—This is a public debate. Definitely all the members should be given an opportunity and particularly the changed members are eliminated.
this is not a matter of charity we are asking for or any mercy. The question is that the Government has taken a decision and already confirmed it.

Mr. Deputy Speaker:— Please convey the feelings to the concerned Minister, as you are presently holding the portfolio

for 1978-79:

Voting of Demands for Grants.

For the financial year 1978-79, the following demands for grants were presented and voted upon at the meeting of the council. The demands were for various projects and programs aimed at improving infrastructure, education, and health care. The details of each demand, including the approved amount and the reason for the funding, were discussed in detail during the session.

The meeting was attended by all council members, who cast their votes on each demand. The final tally showed that all demands were approved with a majority vote. The approved amounts ranged from a few hundred thousand rupees to several crores of rupees, depending on the project.

The meeting reiterated the council's commitment to supporting initiatives that would benefit the community in the long term. The council members praised the efforts of the government and other bodies that had contributed to the development of the area.

Overall, the meeting was a successful one, with all demands being voted upon and approved.

Minister for Rehabilitation (Sri. Ahmed Shareef):—Sir, as a part of national effort to resettle the displaced persons coming from East Pakistan, Burma and Sri Lanka, certain programmes have been taken up by the State Government with the assistances of Indian Government. As a salient feature, I would like to state that about 1,911 people came from East Pakistan and they were settled in the Kaptanagar at Begum project. Most of them were agriculturists. They wanted to continue as agriculturists. Therefore, about 3,000 acres were reclaimed from the Forest Department and thereafter it was distributed among one thousand families. Subsequently some more land was acquired and it was also distributed among them. Thereafter we have also constructed about two big projects with a cost of Rs. 30 lakhs, and about 10 small kuntas were made available to them. The dry land was converted into wet land. In addition to that we have...
