Statement Vide Short Notice Question No. 2283—I

Opinion given by the Law Department on the representation of M/s. Madan Lal, Guntur and five others alleging irregularity in accepting the tenders for dealership of 'Vijaya' Ghee and comparative statement of the rates obtained on 15-7-78 for Rajasthan Gujarat and Madhya Pradesh States, are given below;

"A tender notice is an invitation to offer, and the conditions specified therein are all the conditions that are to be taken into consideration while making an offer by a tenderer in pursuance of such invitation. The tenders submitted will form the offers by the tenderers and they will be subject to acceptance by the Corporation, and only after the acceptance of tender by the Corporation in accordance with the rules or regulations laid down therefor, a contract will come into existence."
In this case, the tenders were called on 4-6-78 upto 3.00 p.m. on 15-7-78 and they were opened at 4 p.m. on 15-7-78: But the Corporation found among others, that certain changes were necessary in the tender conditions in regard to the cash guarantee to be given for Rs. 1.00 lakh by the tenderers in lieu of the bank guarantee as originally laid down in the tender notice. Therefore, the Corporation had invited for making revised offers on the changed conditions on 17-7-1978 to be finalised by 2.00 p.m. on 19-7-78 when the revised offers were made and certain revised offers made have been accepted on that date.

The petitioners claim that they were not present on 17-7-78. But, they admitted that they received the telegram on 18-7-78 and complained that sufficient time was not available for them to make the revised offers by 2 p.m. on 19-7-78. As already stated above, as the tender notice is only an invitation to offer, it does not bind the corporation to accept one of the tenders on the date and at the time fixed for opening the tenders. It is open to the Corporation to call for revised offers, if after the opening of the tenders, the Corporation that none of the tenders, were acceptable by it or that it was necessary to change some of the conditions specified the first tender notice and to call for revised offers. There is, therefore, nothing illegal in the Corporation making a change in the conditions in the tender notice and accepting the revised offers made in pursuance of the changed conditions. In this view, there is no need to call for any fresh tenders in this regard as there is no change in the terms offered to all the tenderers with respect to the original tender notice and the change of condition relates mainly to the bank guarantee to be given. On the other hand, it is seen from the statement that the offers finalised in favour of revised tenderers were all of higher rate than those quoted by the Petitioners.

Hence, the pleas of the petitioners that they were not present on the 17th meeting, that sufficient time was not available for them to make revised offers before 2 p.m. on 19th and that the Corporation has no power to alter the conditions in the tender notice, cannot be sustained so long as the revised offers are of higher rate than those quoted by the petitioners and the revised offers have been accepted in pursuance of the changed condition with regard to the cash guarantee of Rs. one lakh or bank draft. The two issues are therefore answered accordingly. That is to say, it is immaterial whether the petitioners are present at the meeting on 17th or not, since they have been invited by telegram on 18th calling for revised offers.
The Corporation was at liberty to call for revised offers with changed conditions in the tender notice, so long as there was no binding contract by acceptance of the tender offered by any of the tenderers in pursuance of the conditions of the original tender notice, since it is open to the Corporation as well as the tenderers to withdraw the tenders even at any stage, before its acceptance, because the tender notice is only an invitation for making an offer.

Short Notice Questions and Answers. 28th September, 1978.

Sri Ch. Parasurama Naidu:—Sir, there is a change in some of the essential conditions of the contract and it is bound to be treated as a fresh contract. Should I teach it to the Legal Department of the Government? Any sort of another interpretation is absolutely incorrect. When there is a change, it shall be treated as a fresh tender. There may not be any doubt about it. When that trend, this tender contract shall be cancelled.
Sri S. Jaipal Reddy:—One view expressed in the matter earlier was that short notice of 2 days was given to favour certain parties. We wanted the Government to examine legally as to whether the contracts entered into may be cancelled or not. But we got the opinion of the Legal Department on a wrong count. We are not questioning the legal right of the Corporation. We are questioning the motives, desirability of giving particular time for processing, etc. It is always open, etc. We have got the legal opinion on a wrong issue. We do not ask the opinion of the Law Department on this issue.
Short Notice Questions and Answers. 28th September, 1978.

Mr. Deputy Speaker:—How long you will continue Mr. Jaipal Reddy? How many times we should postpone it?

Sri S. Jaipal Reddy:—When we do not get the right information we put the question to get the right information. Only two days was given. By all norms it was unreasonably short.

Mr. Deputy Speaker:—He said he will obtain that particular point you said.

Sri B. Ramdev:—We have entered into agreement.

Sri Ch. Parasurama Naidu:—Besides legality there is impropriety also.

Mr. Deputy Speaker:—They have entered into an agreement.
Mr. Deputy-Speaker:—According to them these two days are enough.

Sri Poola Subbaiah:—How could that be a reasonable one? According to the Corporation's notice, these two days are not sufficient to discuss the matter. Even the Corporation's members are not satisfied with these two days. How can that be a reasonable one?

Mr. Deputy Speaker:—That was the main question that was discussed.

Sri Poola Subbaiah:—There is a cloud of suspicion.

Sri B. Ramdev:—I have given all information. He said he will get it examined those two paints also.

Mr. Deputy Speaker:—He himself said in his reply that all were here. They came all the way from Calcutta so we could not postpone it. He said it.

Sri S. Jaipal Reddy:—What about those parties that did not come?
Mr. Deputy Speaker:—All of us have confidence in the Minister and let him further examine the matter. Some foul smell is there in the glove.

Non-Supply of Vaccine and Antibiotics to Primary Health-Centres in Rural Areas

599—

*2534 Q.—Sri K. V. Pathi:— Will the Minister for Health and Medical be pleased to state;
(a) the reasons for not supplying the vaccine and Anti-Rabis to all Primary Health Centres in Rural Areas at Government cost;

(b) whether it is a fact that only taluk Head-quarters Government Hospitals are asked to reimburse the cost of Anti-Rabis Vaccines and Primary Health Centres are not allowed to have this incentive; and if so, the reasons therefor: and

(c) whether the Government will extend this incentive to all the Primary Health Centres also?

Sri A. Madan Mohan:— This is quite unconcerned to the main question that was put. I don't know whether the Hon. Member is speaking about the B.S.I. Hospital, the dearth of medicines. I said it is being supplied on Payment wherever there is a demand.
Sri A. Madanmohan:—Very recently we have gone into production and it is not sufficient. The instruments that are employed in production are not fully equipped.

Sri A. Eswar Reddy:—You get it imported;

Sri A. Madanmohan:—I can understand the Hon. Member's suggestion and the Government will keep it in view.

Mr. Deputy Speaker:—You must be glad that they are producing something.

Sri A. Madanmohan:—The Member has been supplied with wrong information. We are producing Anti-Rabbies, we are not able to produce the quantity required. Recently the additional staff was sanctioned to see that the production is increased.

Mr. Deputy Speaker:—He said he will take it up.
Sri A. Madanmohan:—I understand that the Anti-Rabbis is only curative.

Mr. Deputy Speaker:—I think in Vizag you don't have this problem.

Sri A. Madanmohan:—It is not correct. Wherever it is being asked we are supplying.

re: (2) Transfer of Staff and Machinery for the Multipurpose Schools to Industrial Training Institutions.

Sri B. Venkatarama Reddy:—Sir, I will first read out the statement prepared by the department and afterwards I will explain. Consequent upon the change in the pattern of General Education and introduction of S.S.C. in the State with effect from the year 1969-70, bifurcated courses in High Schools and diversified courses in Higher Secondary and Multipurpose Schools in the State were discontinued with effect from 1973-74. In consequence, the staff of the above courses have been rendered surplus along with equipment. The surplus material in the defunct Higher Secondary and Multipurpose schools have already been ordered to be transferred to the institutions under the control of Director of Technical Education, Director of Employment and Training and the Secretary, Andhra Pradesh Residential School Society, Hyderabad on loan basis through G.O.Ms. No. 805, Education, dt. 3-7-1975 and G.O.Ms. No. 806, Education dt. 3-7-1975.

2. The Staff employed for the teaching of diversified and bifurcated courses in the defunct Higher Secondary, Multipurpose, and High Schools (numbering 75 institutions) found surplus consequent on the introduction of integrated S.S.C. is about 262. A statement showing the number of persons found surplus under various categories may be seen in the annexure.
3. The question of absorbing the staff rendered surplus was discussed at a meeting held on 11-7-1975, in the chambers of former Minister for Labour. In that meeting it was decided that the Director of Technical Education, Director of School Education, Director of Employment and Training, should discuss the matter and submit proposals with places and financial implications to establish Technical schools and new Industrial Training Institutes to absorb these personnel. The action on the above meeting has been pursued by Labour, Employment and Technical Education Department. In spite of the passage of time no headway, however, could be made in the matter for administrative reasons.

4. The matter was therefore again taken up by Education Department. A meeting was convened in the chamber of Secretary (Education) where the Director of Technical Education, Director of Employment and Training, Director of School Education and Joint Director of Higher Education attended the meeting on 28-3-1978. In this meeting, it was agreed by the Director of Technical Education, and Director of Employment and Training, to absorb the following Engineering posts along with personnel under their control subject to the condition that the budget allotment made for these posts be transferred to the respective departments:

- 1. Engineering Instructors .. 68
- 2. Engineer Attendants .. 14
- 3. Senior Mechanics .. 44
- 4. Junior Mechanics .. 16
- 5. Store Keeper .. 1

Likewise, the Joint Director of Higher Education agreed to absorb 27 Commercial Instructors in Government Junior Colleges where diversified courses are offered. It was also agreed that 26 Secretarial Assistants with B.Com., B.Ed. qualifications should be absorbed as School Assistants, in Secondary Schools.

10-00 a.m.

As regards Agricultural Instructors and Masters, it was agreed to address the Director of Agriculture to absorb them in suitable posts under his Department and that the Budget provision will also be transferred to his Department.

As regards Domestic Science Instructors and Fine Arts Teachers, it was agreed to address the Andhra Pradesh Agricultural University, Rajendranagar to absorb them in the College of Home Science subject to the condition that the Budget provision will be transferred to his Department. The following are the particulars of Domestic Science Instructors and Fine Arts Teachers,

re: Maladministration of the Veeresalingam Theistic College, Rajahmundry.

...
Sri B. Venkaram Reddy:—Sir, The Veereshalingam Theistic Degree College, Rajahmundry was started during 1972. It is an unaided college. Some of the teaching staff of V.T. College, went on strike during July, 1978 for 8 days for non-payment of salaries and also for redressal of certain other grievances. The strike has been called off on 14-7-1978 following an agreement reached between th.

staff and management in the presence of Smt. T. Satyavathi, Parliamentary Secretary to Government of Andhra Pradesh, Sri T. Bullaiah and Sri C. Sivaramaraju, M.L.Cs., on 14-7-1978. The Director of Higher Education has issued instructions to the correspondent, as per the agreement, to pay the arrears of salaries due to the staff immediately and report compliance. The management has paid 4 months salaries upto April, 1978 to the staff and stated that it is difficult to the management to pay the salaries upto date for want of funds and requested to sanction an ad-hoc grant of Rs. 1.00 lakh in addition to admitting the college to grant-in-aid from 1978-79, so as to enable them to pay salaries to the staff regularly. The college has completed 5 years of existence and is eligible for admission to grant-in-aid. The Director has reported that necessary proposals are being submitted to Government for its inclusion in the grant-in-aid scheme along with the other eligible colleges. While matter stand like this, the in-charge Principal of the V.T. college has reported in his letter dt. 20-9-1978 that the members of the teaching staff of V.T. college, Rajahmundry, are observing an indefinite strike from 20-9-1978 onwards on the pretext that there is a breach of good faith agreement reached between the staff and the management in the matter of payment of salaries with a demand that the college should be taken over by the Government. The students union has also given a notice to the effect that they are observing strike from 20-9-1978 onwards in sympathy with the cause of the lecturers. The Secretary, Teaching Staff Association, V.T. college has subsequently made certain allegations against the management of the college and requested the Government to take-over the College immediately. Many complaints since have been made against the management of the college. It is felt that a thorough enquiry on the affairs of the college is necessary and therefore, it is proposed to send Deputy Director of Higher Education to enquire into the matter and report urgently. Necessary action will be taken after receipt of the enquiry report.

Matter Under Rule 329:
re: Maladministration of the Veeresalingam Theistic CoHege, Rajahmundry.

Sri S. Jaipal Reddy:—Mr. Speaker, Sir, Late Sri Veeresalingam Panthulu was not only a great philonthropist but he has had prophetic insight. When he formed the Trust, he took care to see that a provision should be inserted by the Trust Board itself that as and when the funds are misused, the Government can takeover the Trust. Therefore, unlike in the case of other Trusts, there would not be any special legal difficulty in taking over this Trust. Secondly, in pursuance of this provision, the Government had earlier taken over the State Home from the Trust. They have left this particular college to the Trust because at that time, one particular individual Sri Meda Satyanarayana who was quite influential politically stood in the way. He is now functioning in a corrupt, despotic passion and he is a despot of this institution. It is because of him, so many misdeeds are taking place. We are told that he has not only harassed lecturers but he has misused the funds given to this College for the students by the Social Welfare Department. There cannot be a more heinous crime that can be committed by the so called institution. Therefore the Minister need not hesitate to takeover this institution. There are no legal difficulties. There are no difficulties what so ever. The Government can straight away takeover this institution. In the case of
other private institutions, I know there are difficulties—unless they consent to take over, Government cannot take over unless the comprehensive bill is passed and made into Act. In the case of this institution, in view of this specific provision inserted by Late Sri Veerasalingam Panthulu himself, there is no legal difficulty, the Government can takeover and should take over; otherwise it would continue to be a mess, Sir.

M. Under Rule 329.

re: Maladministration of Veerasingam Theistic College, Rajahmundry.

I am here to help you.

I only appeal to the students and the Staff of V.T. College, Rajahmundry not to go on strike and that they may be advised by the Honorable Members also to that effect.

Mr. Deputy Speaker:—As soon as the Chief Minister comes, we will take up 329. Now he is engaged in the Council. He will come here and make a statement. Please agree with me. Now we will take up 'Calling attention to matters of urgent public importance'.

Calling Attention to Matters of Urgent Public Importance.
re: (1) Payment of compensation to lands acquired by Roads & Buildings Department in Warangal District.

Sri M. Manik Ram—Sir, The lands of the following villages were acquired by Roads & Buildings Department for the work of repairing road from Ghanapur to Palakurthy (16 miles) in Warangal District sanctioned in November, 1965.

respect of this village were initiated in October, 1965 but could not be finalised all these years due to administrative delay. The Collector, Warangal has been asked to intimate the reasons for non-payment of compensation to the ryots of Bommera village and also intimate the action taken against the persons responsible.

The proposals for land acquisition are, however, initiated again, and they will be finalised and the compensation be paid to villagers as expeditiously as possible.

I have sent a reply through my Secretary. Before March next. I can finalise the whole thing.

I asked the Collector who is responsible and instructed him to take action against the responsible person.

re: Malpractices on the part of the Block Development Officer, Yelamanchili in enacting a Play for the Relief of Cyclone Victims.

In this matter, the Block Development Officer, Yelamanchili, has acted in a manner that is against public interest. Although the cyclone victims were in need of relief, the officer has enacted a play which was not aligned with the relief efforts. This action has caused unnecessary delays and has not helped the victims.

It is recommended that immediate action be taken to ensure that such malpractices do not occur in the future. The necessary steps should be taken to ensure that the relief efforts are carried out efficiently and effectively.

28th September, 1978

The damaged conditions of the Bridge over Vadlamannadu Drain in Bandar Taluk need urgent attention.

The Bridge is in a very poor state of repair, with several cracks and weakenings in its structure. This situation poses a threat to the safety of the commuters and pedestrians. The municipal authority has been notified about the urgency of the situation.

The damages have been caused due to the heavy rainfall and the flood that occurred in the area in the recent past. The Bridge has been under construction for a long time and the funds have been diverted to other projects.

The municipal authority has been requested to take immediate steps to repair the Bridge to ensure the safety of the commuters and pedestrians.

Matters of Urgent Public Importance:

re: Irregularities and Malpractices in the Management of N.S.N. Charities Degree College, Kakinada.

The situation described above shows that the management of the N.S.N. Charities Degree College is grossly malpracticing the rules, regulations, and policies of the Government. The Principal of the College has been in office for more than a year and has not taken any action to rectify the situation. The Principal has not been able to improve the performance of the College, and the academic standards have not improved.

The Government and the Department are not taking any action against the present Principal who has clearly cheated the management by taking that he goes to work whereas he gets only 40 weeks and he never worked at Bank of the Department for 5 years.

Therefore, it is necessary to remove the Principal and have a new Principal appointed to improve the performance of the College.

both the important points he has cheated the Management and got the appointment. So he comes clearly under the I.P.C. 420. I do not know why the Government is lagging behind and not taking any action against the Principal. There is some trouble also. The staff is divided into two. One is for Principal and the other is against the Principal. So the Principal is siding one group and students are also following that group. There are so many allegations also against the Principal stating that he is victimising and fining the students unnecessarily. Is it a credit to the Institute to keep such a person in the Institute and create such chaos in the Institute? I have to say that if such a person is the Head of the Department, it is indiscriminatory to the students also. Therefore, I would like to ask the Hon'ble Minister what criminal action they are going to take in spite of the Civil litigation pending?

Sri B. Venkatarama Reddy:—When a suit is pending, it is necessary that I should go through the file, the plaint and the written statement and in relation to what the Hon'ble Member has said and what action can we take in this matter so that we may not transgress into the matter which is sub judice. So, if the Hon'ble Member can pass on the information to me, I will certainly get this matter examined and take necessary action early within the purview of the department, so that we may not transgress into the legal jurisdiction.

Sri S. Jaipal Reddy:—The hon. Member has brought to the notice of the Minister about the matter. There is un-refutable documentary evidence. What is pending in the court is a civil suit. Therefore, in spite of the suit of the Court, the Department can proceed against him both departmentally and criminally. I would like the hon. Minister to look into it.

Sri B. Venkatarama Reddy:—I requested the hon. Member to pass on the information for that reason only.

BUSINESS OF THE HOUSE

Mr. Deputy Speaker:—Now the Minister for Women Welfare will make a statement.

Sri P. Janardhana Reddy:—Let the Hon'ble Minister withdraw the statement.

Sri S. Jaipal Reddy:—I request the Hon'ble Minister or the Chief Minister to clarify the statement as published in the Press. Before I get the clarification, I do not like to rush with any comments.
Mr. Deputy Speaker:—As Mr. Jaipal Reddy has rightly said let us hear whether the Minister has made that statement.

Smt. T. Lakshmikanthamma:—This is an opportunity to tell the world that you cannot take for granted the Muslim girls because of their poverty and exploit them; by certain vested interests or individuals or some pimps or agents. That is what has been happening. The Muslim Women have tried to throw off their shackles under the Great Kamal Pasha of Turkey who says: 'throw out of purdah, come out and see the world, face to face.' That is how thousands of purdas fell down.

Shri Sultana Salehuddin Awaisi:—We must eat as much as we can as the Hama Kow Muhadidhi

M. L. B. Ghulam:—I am coming to the subject. Why should one be sensitive?

(Suspension)

Smt. T. Lakshmikanthamma:—I am not involving anybody.

Mr. Deputy Speaker:—That is why I am requesting all of you not to further worsen the situation. I am sorry please sit down.

***Expunged as ordered by the Chair,
Dr. M. Channa Reddy:—Mr. Speaker Sir, I would like to just clarify one position. I entirely agree with the Hon'ble Deputy Leader of Opposition Mr. Jaipal Reddy that let the clarification be given by the Minister concerned, so that what exactly has happened and what she has to say etc. Then the question raised by the Hon'ble Mr. Jaipal Reddy about the feelings. In fact, I was coming from the Council. Here Mr. Mir Akbar Ali Khan, a very senior Janata Party leader came along with him with twenty religious persons.

Smt. T. Lakshimikanthamma:—Were there any Muslim women among them?

Dr. M. Channa Reddy:—They came and talked to me and regarding the women there are large number of Muslim women who have this kind of feeling. I agree with what Mr. Jaipal Reddy has stated and after the Minister makes the statement, I will leave it to your discretion if you also feel that it is proper to have a meeting with the leaders of opposition and thrash it out, in the light of what Mr. Mir Akbar Ali Khan has said. There is no question of affecting the dignity of womanhood in this State or in this country or anywhere else. Let us be clear about it.
Smt. T. Lakshmikanthamma:—Why do you want to expunge them? I won't allow it. It is not anybody's dominion. It is especially for the Muslim women.

Mr. Deputy Speaker:—I am sorry I cannot tolerate such thing. I will expunge it, I have said. I am here to protect the interests.

Sri S. Jaipal Reddy:—Since the Hon'ble Member Mr. Owaisi has referred to the personal law of a religion, I would like to make it clear that it is the declared policy of the Janata Party not to interfere with the personal law of any religion. It was declared in the Janatha Party's Manifesto itself.

Sri S. Jaipal Reddy:—As I just now said the Janatha Party is categorical about the position of personal law. This is a part of our Manifesto. It is an article of our faith. This question has nothing to do in any way with the personal law. We read the statement of the Minister in the Press about women in general, not women...
Statement by the Minister for Women Welfare and Tourism
re: Traffic to Gulf Countries of Hyderabad Girls.

Smt. Roda Mistry:—While replying to the discussions on the Women Welfare Department in the Andhra Pradesh Legislative Council, a clarification given by me to the query raised regarding the traffic to Gulf Countries of girls, it was stated by me that women from Hyderabad city are not going to Gulf Countries for immoral purposes. By and large they are honourably married and taken as wives. Most of the people from Gulf go to Kerala for business and some come to Hyderabad for marriage. If girls married to persons who come from the Gulf Countries accompanied their husbands, there is no trouble. All sorts of difficulties are faced by the girls if they are not able to get their passports in time. The Hon'ble Members impression that my statement sounded like encouraging the issue it can only be said how is it be possible for me to do such a thing. There is no question of encouragement involved at any stage. It can thus be seen that no enthusiasm or support was shown by me. However, on the issue of voluntary Bureaus what was meant was that when such things were happening, it might perhaps be necessary to organise some guidance to avoid exploitation and any other consequent misery. Further, it may be added that with all the service put in by me for the cause of women, and my association with several Womens' Associations, you can expect me to be the last person to express anything derogatory to the respect of women in general and of Andhra Pradesh in particular. It is unfortunate that a wrong impression seems to have been created during my absence from Headquarters to attend the Conference of Social Welfare Ministers at Delhi, soon after my reply in the Legislative Council of Andhra Pradesh it is very much regretted. Once again let me reiterate my faith in the great traditions of women of our country and it shall always be my humble endeavour to continue to serve their cause to the best of my ability.

Mr. Deputy Speaker:—Having heard the statement I personally feel that there is no necessity for further discussions. Let us not go into these things Mrs. Lakshmikanthamma garu. I am glad that the Leader of the House has already agreed to have a meeting and if necessary, with all the Leaders of Opposition as well as the leaders of the State also to discuss if anything of

further is there. Now the Chief Minister also is quite liberal to invite all of you and discuss about further apprehensions also if any.

Smt. T. Laksmikanthamma:—You must be liberal when question of women comes.

Mr. Deputy Speaker:—We are quite liberal. Now the Chief Minister is quite liberal to invite all of you and discuss about further apprehensions also there.

Dr. M. Channa Reddy:—I would also invite Mrs. Lakshmi-
kantamma.

Mr. Deputy Speaker:—We will go to the next item of the agenda.

This wooden, anti-deluvian attitude is incomprehensible. We are told that the government is holding a referendum, but there is something extremely lacking – the democratic process. There is no control over the administration which you are holding. There is something extremely lacking...

(Mr. Deputy Speaker in the Chair)

Sri S. Jaipal Reddy:—How is it that we are seeing something happening within the premises of the Assembly.

We know that Sec. 144 is in force, and there are disturbances Mr. Deputy Speaker Sir, in the premises of the Assembly. What are we to do? This only shows the law and order position inside and outside the Assembly. If the law and order cannot be maintained within the premises of the Assembly, how can Assembly go?

Dr. R. M. Manohar:—It is a very serious affair in this country and the State as well. Including the politicians we are encouraging the student indiscipline.

Mr. Deputy Speaker:—What is that?

I am sorry yesterday also something happened. I have already instructed the Police Officials to take all necessary precautions to see that we are not interrupted. I also instructed them 'not to use force also'.
Sri S. Jaipal Reddy:—Most of them are women and girls. If you take stringent physical steps against them, it will lead to tragic results. Secondly, there are two aspects of the situation. One, of course, is to see that police may be more effective and secondly it is up to the Government to see that the problems among the people are not allowed to spill over into Assembly. How has the Government failed to take note of the sentiments of the people?

Mr. Deputy Speaker:—As far as the premises is concerned, I am taking the responsibility. Even the Government, even the Chief Minister cannot interfere as far as Assembly premises concerned. Yesterday also I gave serious instructions to the Commissioner of Police. The Chief Minister himself has said yesterday that unless they take my permission, they cannot enter.

Law and Order situation.

90 to 100 cases which were cleared in the previous days are now pending for final disposal. The reason for this is that the court's functioning has been considerably affected due to the strike by the judges and the staff. The High Court has directed the lower courts to dispose of these cases as early as possible. The Assistant Commissioner of Police has also taken the necessary steps to ensure that these cases are disposed of as quickly as possible. The police have also been instructed to take strict action against those who indulge in unlawful activities.

The situation is critical and it is imperative that all efforts are made to restore normalcy. The Government has already taken steps to ensure the safety of the people and to prevent any further disturbances. The police have been given full authority to take necessary action to maintain law and order.

The situation is being closely monitored and appropriate action will be taken as soon as possible. The Government is committed to ensuring the safety and security of the people and to maintaining law and order in the state.

Sincerely,

Sri P. Govardhan Reddy—Sir, this entire episode of to-day is a conspiracy. I was a spectator. I went to Osmania Hospital, from there I came here. I was standing at the park. They were only agitating and shouting slogans. There were R. S. S. people. They were known for their goondasism in Hyderabad city.

Mr. Deputy Speaker:—Let us not involve........

(interruptions)

Sri P. Govardhan Reddy—Actually there were also some goondas. These people wanted to create some trouble and they have done.

Sri P. Govardhan Reddy:—I was a spectator. You should believe me. They were rushing. The police have not even used lathis also. Actually they have used teargas shells. They have also stopped police and did not allow them to take the person to the hospital. They have made them to enter into this. Therefore all those things have to be enquired into. I request the Deputy Speaker to take action about all these things. This is a very serious affair. They cannot make the police.

Sri P. Govardhana Reddy:—Always I am Congress.
Point of Information: Law and Order situation.

There is an urgent and imperative need for her to tender an unqualified and ample apologies for the remarks she made and for the impressions she created. So long as this is not done, I am afraid the situation will snowball into a bigger conflagration. By to-morrow students belonging to all institutions will get drawn into the main stream of the situation. Therefore, this Government should appreciate the explosive gravity of this developing situation. Unless the Minister concerned comes forward to offer apologies, I am afraid, the frayed tempers among the youth of the State will not stop. I am of the considered view that Smt. Roda Mistry who has aroused such a widespread indignation among all sections of the people should in fact tender resignation. We, in fact demand her resignation. She must here and now offer apologies to...
the people through this forum. She can certainly convey her sense of regret to this august House. Let us utilise this forum, That is what I am saying. I request the Chief Minister to see that all these hundreds of students, boys and girls, who have been indiscriminately arrested should be released forthwith, because they are all boys studying in colleges and if they are not released this fire will spread to all parts of the State. That is my submission.

Mr. Deputy Speaker :- She was prepared to go. There is no doubt about it. Keeping in view the atmosphere prevailing outside I advised her not to go and we were all waiting to receive the delegation.

It is unfortunate that a wrong impression seems to have been created during my absence from headquarters to attend a conference of Social Welfare Ministers at Delhi. Soon after may reply in the Legislative Council which is very much regretted.

Sri M. A. Aziz:—Mr. Speaker, Sir. What is the hon. Member reading? Is it the copy of the Gazette? Several such letters might have been distributed.
Dr. M. Chenna Reddy:—Sir, I do not want her to read and then give room to oppose by Members. I want to consult you separately.

Dr. M. Chenna Reddy:—After having made my statement and in view of the feelings expressed here, I want to offer my unqualified apologies.

(Interuption)

Dr. M. Chenna Reddy:—I have only made a suggestion and if it is approved by you...

Smt. Roda Mistry:—After having made my statement and in view of the feelings expressed by this August House I tender my unqualified apology.

Mr. Deputy Speaker:—Mr. SriRamamurthy, leave it to me, will take a serious view.

Dr. M. Chenna Reddy:—Even this lathi-charge and tear gas whatever they are saving to-day; nobody has come in this premises yesterday, it was. You also observed and made a statement in the House. To-day nobody came into this House. I would like to make it clear here. I believe some girls wanted to come and see me. The Police allowed them and in the meanwhile some more students have joined and dissuaded them from coming here. I always even welcome No. the whole thing is closed. But still if any of the students have a feeling, we will like to talk to them than satisfy them.

Mr. Deputy Speaker:—As far as lathi-charge and other things are concerned, what the Chief Minister has said is quite correct. I have verified from the Inspector-General of Police and the Commissioner of Police whether such thing have happened in my premises. I do not know whether such things have happened outside the premises. For that the Chief Minister will look into that and see that something is done.

In the Assembly premises itself, the girls were arrested by the police.
Mr. Deputy Speaker:—In fact, I have already instructed the Commissioner of Police to release them, and they can come and see the Chief Minister.

Mr. Deputy Speaker:—You leave it to me Mr. Srirama Murthy, I will go into that. With the help of the Leader of the House and the Leader of the Opposition, I will certainly go into that and see that in future such things will not happen at least in the Assembly premises.

Mr. Deputy Speaker:—She herself voluntarily tendered apology. Let us go to the next item on the Agenda.

Mr. Alwar Dass may continue.

Dr. M. Channa Reddy:—Mr. Salauddin Owaisi has made a statement. I thought it should go on record. Whatever Smt. Roda Maistry has said in her statement, the whole thing was clarified. In view of the feelings expressed here and also outside by some students, she has expressed apologies. It is nothing to hurt the feelings of the Muslims; because it is in the very beginning I said even the opposition Members would always respect and I am more than certain that nobody meant to hurt the feelings of the Muslims on this or any other question. There should be no misunderstanding here or outside among the Muslims: public opinion that we are interfering in their Personal Law or anything of that kind. We want to assure the Muslims that we are not interfering in their Personal Laws.

Government Bill:

The A. P. Appropriation (No. 2) Bill, 1978.

Violence must be curbed by the State because the State is there to protect the life, property and the honour of the peaceful citizens.

Sri P. Janardhana Reddy: —If State fails?

Sri G. Rajaram: —The State will not fail. I am telling you. We are only trying to give them proper understanding of our problems.

Sri C. R. Rama Rao: —The violence can be put down by violence, otherwise the Government will not stand, the State will not stand, the society will not stand. This can be put down only by social reform. If you fail in that, you will be put down by the society.

Sri G. Rajaram: —Even if the reforms are there, even if the problems are solved, there are people who basically feel that by violence they can overthrow a peaceful Government established law. I know; who are they? What are their functions? They cannot be granted. Therefore, this violence has to be met by two ways. We are trying for it. Therefore we are giving sufficient time to them to understand the basic principles.
