Since there was no unanimity of the opinion among the Vice-Chancellors ...

Sirs,

It was thought that the best system of examining and bringing the candidates with equal merits, so that they can really become good officers.

I will ask them to examine the whole thing but as it is I do not know that such categorical assurance has been given by the then Chief Minister on the floor of the house.

Oral Answers to Questions.

(1) "শিক্ষাসভায় (সাক্ষাৎকার):"—৫২ বছর স্নাতক স্তর হলে এই সময়ের অবস্থায় একটি সুনাম তৈরি করেন। একই সাথে তিনি গত ঘড়া প্রতিদিন স্নাতক লড়াই করেন। বিশ্বব্যাপী মাস্টারস লড়াই এবং তার সাথে সাক্ষাৎ করা সহজের মধ্যে। তিনি তার মাস্টারস লড়াই পর্বের মাঝে অবস্থান করেন।

(5) "শিক্ষাসভায় (সাক্ষাৎকার):"—আমরা স্নাতক হওয়ার প্রাপ্তিতে সম্মতি প্রদান করেন।

I will see even before conducting the examinations. Sir, with your permission, I would like to take the House into confidence that I was new to the whole thing. By the time the examinations were fast approaching and there were rumors and there is possibility of leakage. When I discussed and re-discussed with all officers about the examination system I asked them about the method and as to how the method has been made foolproof. They all gave me an assurance that it was going to be a foolproof method, where nobody irrespective of those who would like to supervise the examination, will have any say, what so ever. So, I am giving to the Hon'ble member and the entire House, the assurance that if there is any specific allegation is brought to my notice, I will see that no officer however high, will be spared."

8-50 a.m. 

(6) "শিক্ষাসভায় (সাক্ষাৎকার):"—আমরা স্নাতক হওয়ার প্রাপ্তিতে সম্মতি প্রদান করেন।

ধন্যবাদ।

It is better that the entire examination should be removed as it is not the fool-proof system.

They took the full responsibility.
But it is entirely different from the system of examination they have passed in their Intermediate examination. So, the bright students who got very good marks are not getting selection and the people who got less marks are getting selection. There is something and it should be corrected immediately. View it in this light and take necessary action.

Sri A Madan Mohan:—Similar questions are being put by the Hon'ble Members. But it is entirely different from the system of examination they have passed in their Intermediate examination. So, the bright students who got very good marks are not getting selection and the people who got less marks are getting selection. There is something and it should be corrected immediately. View it in this light and take necessary action.

I would like to submit that those who got good marks have not proved successful in the later part of their life. I did my B.A. I was only a second-class student. They are not successful, I think, when compared to me. It is all a matter of opinion. We cannot just say. There are so many things. Sometimes by environment we pick up so many things. I think, I have got the medical knowledge because of the day-to-day touch with the medical people.

Neither I am holding brief for this examination, nor I am contradicting it.

Defalcation of three lakhs of Rupees in a Kothagudem Divisional Forest Office

15—

*168 Q.—Sri M. Yerraiah Reddy (Badhrachalam) :- Will the Minister for Forests be pleased to state:

(a) whether it is a fact that 3 lakhs of rupees has been defalcated in Kothagudem Divisional forest office through wrong entries;

(b) the person responsible for it;
(c) when the case has been detected; and
(c) the action taken thereon?

1. In the case of the D. P. O, the case was detected on 2nd April, 1978, and the action taken was immediate suspension of the D. P. O.

2. In the case of the D. F. O, the case was detected on 12th July, 1977, but the action taken was not immediate suspension.

3. The D. P. O was found to have defalcated a large amount of money, but the D. F. O could not have defalcated so much amount on his own without the collusion or cooperation of the D. F. O. Therefore, the D. F. O should be suspended immediately.
If he is found innocent he can be reinstated. What is the difficulty?

If he is found innocent he can be reinstated. What is the difficulty?

Can the Accountant draw the money without the knowledge or signature of the D.F.O. If the money had been drawn with the signature of the D.F.O., the D.F.O. has to be held responsible directly.

If there is a prima facie case for his immediate suspension, we demand suspension, otherwise we think the Government is shielding the officer, because he is highly placed, he is an I.F.S. officer.
Sri S. Jampal Reddy:—The Minister has not prepared. Whether he is an I.F.S. or I.A.S. officer he is not heaven born officer. Everybody is under the direct disciplinary control as a head of the department. He is a Class I officer and the Government can keep him under suspension. Oral Answers to Questions

Sri S. Jaipal Reddy:—We request the Speaker to come to the protection of the members. You are a lawyer, you understand the implications of our questions. There are no legal difficulties in placing an officer under suspension. The Minister says that since he is an I.F.S. officer, the Government has to first enquire. It is a fantastic position for the Minister to take. The Government has inherent right to place anyone of its servants under suspension. Therefore the Minister agreed on the floor of the House that the D.F.O is responsible. He concedes that there is a prima facie case and as such he must agree to suspend him immediately. That is the point. Let him give a specific answer to my specific question.

Sri S. Jaipal Reddy:—I challenge of the Minister. The Minister is ignorant of the procedure. It is a matter of commonplace knowledge that no enquiry is necessary for placing any officer suspension. The case of the Minister is that an I.F.S. officer cannot be suspended without an enquiry and other fellows can be suspended without enquiry. This is a fantastic position. This is untenable, morally, politically and legally. The Minister is trying to mislead the House deliberately.

Matter under Rule 329:
re: Shifting of Vocational Training Institute, Anantapur.

Smt. Roda Mistry.—Sir, while re-aligning the jurisdictions of Regional Assistant Directors, the post of the Regional Assistant Director, Ongole was created with headquarters at Ongole holding jurisdiction over Ongole, Guntur and Nellore districts. In the interest of providing equal facilities in all zones and because there are no vocational training centres in these three districts of zone the deserving candidates who are in need of admission into Vocational Training Centres were obliged to go either to Kurnool, Cuddapah or Anantapur in Kurnool region or to Eluru to Srikakulam in Kakmada region. For the information of hon. Members, Andhra Pradesh which comprises of seven zones. These have been divided into five, for the smooth functioning of Women Welfare Department.

Seven Vocational Training Centres in the State giving training from one to three years of duration to 30 girls in each Centre and they are distributed as follows:

CALLING ATTENTION TO MATTER OF URGENT PUBLIC IMPORTANCE

re: (i) Non-regularisation of Services of Asst. Lecturers appointed after 1-1-1971 in Govt. Colleges

There are however 125 temporary Assistant Lecturers in different places who were recruited directly after 1-1-1971 in Government colleges. However, recruitment to the category of Assistant Lecturers has been stopped from September 1976 with the introduction of Revised Pay Scales. The question of regularisation of their services is under consideration of the Government.

Calling attention to matters of Urgent Public Importance:
re: Non-regularisation of services of the Assistant Lecturers.

Sri M. Omkar:— This is a matter of public importance. Similarly this is a matter pertaining to a policy of the Government. The previous Government had categorically stated that all these posts would be regularised. The Presidential Order about which the Hon'ble Minister is referring to was also there in existence at that time. Now it is not a new thing. Again, this should not be intermingled with other things. This must be treated as a separate case and in accordance with the assurance given by the previous Government, this should be done. This is my simple request. Hence I request you Sir to postpone till the Hon'ble Minister comes.

Mr. Deputy Speaker:— The statement also is approved by the Minister.

Mr. Deputy Speaker:— He will certainly convey your feelings to the Minister.

Sri M. Omkar:—It is true. There are several objections.

Mr. Deputy Speaker:—He made a statement and got it approved by the Minister concerned.
Calling attention to matters of Urgent Public Importance:
re: Eviction of poor people cultivating lands in Venkatagiri Taluq, Nellore.

Mr. Deputy Speaker:—Let us not call it as postponed. Let us find out from the Minister. If it can come in some other shape— we shall see.

re: Eviction of poor people cultivating lands in several villages in Venkatagiri Taluk, Nellore District by declaring these Lands as “Reserved Forest”.

The member:—The losses, increase in prices, and the destruction of lands are as follows:

- Reduction in the area of 2,140 acres by 27 acres:
  - Area under 1972-73:
    - First 22 acres: 1867
    - Second 22 acres: 1867
    - Third 22 acres: 1867
  - Total: 66 acres

- Reduction in the area of 27 acres by 11 acres:
  - Area under 1972-73:
    - First 27 acres: 1867
    - Second 27 acres: 1867

Bill, 1978

Mr. Deputy Speaker: – “A sum of Rs. 600 per annum”. It is there.

If it involves any financial commitment then, in that case, they will have to show the financial memorandum also. Does it involve financial commitment?

Government Bills
re: The Land Acquisition Act, 130
Revised (Revival and Validation

Sri S. Jaipal Reddy:—Let me refer to the second para of the Statement of Objects and Reasons: “Commencement of acquisition proceedings de novo with a fresh notification under the Land Acquisition Act, 1894, will involve payment of compensation with reference to market value as on date of the notification. As this value would be far in excess of the market value prevailing at the time of the original acquisition in 1933, there will be very heavy financial commitment on the Government....” They are admitting that there is financial involvement.

Transport Department
Public Works
Road Development
Minor Port Development

Sri A. Vengal Reddy:—Sir, I beg to move:

Sri S. Jaipal Reddy:—Sir, point of order. Before a Demand is moved, 24 hours in advance the Note on working of the Department must be furnished to the Members. ‘24 hours’ here do not literally mean 24 hours, but the previous working day. On the previous working day we were not given the Note. Some of us do not stay in the M.L.A. Quarters. It appears some Note was furnished to M.L.As. staying in the Quarters. To-day we came to the House and Notes were furnished to us in the House. We are supposed to make use of the Notes, formulate our views and then given impressions on the particular Demand. For all practical purposes we were given Notes on all these three Demands only to-day. This, apart from amounting to contempt of the House, is also violative of the established convention. I do not know why the Ministers, who know fully well as to when the Demands have to be moved, could not furnish the Notes to us on the previous working day. Therefore, my point of order is that no discussion on the Demands can be initiated to-day.
If the Ministers are so pleased, they can move the Demands but the discussion cannot follow.

Mr. Deputy Speaker:—That is why he is moving the Demand.

10-50 a.m.

Sri S. Jaipal Reddy,— Would the discussion follow?

Mr. Deputy Speaker:—Discussion would continue but the voting of the Demands would be taken up later.

Sri S. Jaipal Reddy:— I.e. the voting be taken up at any time. How would the discussion continue. We cannot continue the discussion. The notes was not circulated to us before 24 hours. Let the office guide.

Mr. Deputy Speaker:—I am aware of it. It must be circulated 24 hours in advance.

Sri S. Jaipal Reddy:—It should be circulated on the previous day. On the previous day, the Members were not present. There was no sitting of the House. The notes might be circulated to a few Members and large number of Members were out of city due to holidays. It seems some copies of the notes were circulated to individual M.L.As in M.L.As. Quarters and so we cannot continue the discussion. Otherwise, we will be establishing an unhealthy and un-sound convention.

Mr. Deputy Speaker:—Atleast, in future, see that they are circulated 24 hours in advance.

Sri S. Jaipal Reddy:—It is not only with the Transport Ministers notes. All the three Ministers failed to furnish notes to us in advance. The Ministers fully know that they have to furnish the notes to the members one day in advance. They know fully well that their demands would come up for discussion on so and so date and the notes should be furnish to the Members on the previous day, i.e. on the previous working day and the time of the business schedule was also known to the Ministers. If this is so, how was the failure occurred and there is the statutory responsibility. So, I would like to know that under the circumstances, how can the discussion take place. Under the rules, they can move the Demands and there is no objection. I am not preventing them from moving the demands. But the discussion cannot take place today since the Members have not received the notes. We do not know what is contained in the notes.

Mr. Deputy Speaker: Let me explain...

Sri S. Jaipal Reddy:—My point of order is very clear. Under the present circumstances, the discussion cannot follow. That is the convention. It is also the statutory obligation on the part of the Ministers to furnish notes before one day.
Statement (Budget) 7th September, 1978, for 1978-79 (Voting of Demands for Grants)

Sri M. A. Aziz:—Such of the Members who have received the votes in time within 24 hours and who are prepared to speak may be allowed to speak and such of the other Members to whom the notes were not circulated in time, may be allowed to speak tomorrow, Sir.

Sri S. Jaipal Reddy:—According to the Schedule, the discussion has to be completed today. I am afraid with the tendency among our Ministers in furnishing the notes and continuing the discussions without fulfilling the statutory obligation. Members were not present in the City because it was a holiday.

Sri M. Manik Rao:—Rule 155 says—

"The Minister shall furnish to the House an explanatory note regarding the working of the department during the year at least one day before the day on which he moves the demand for the grant...". I agree with this. But, I also request the Honourable Members that this would not happen always. 4th September has been declared as holiday by the B.A.C. So, we could not supply the notes on that day and 5th and 6th are declared as general holidays. We are prepared even to furnish the notes on 4th itself. But because of the holiday, we could not supply. However, we have tried our level best to circulate the notes to all the Members even sending them to their Quarters during the holidays. Before one day, we have circulated the notes to each and every Member. Some Members have also received the notes and some might not have received. Even Mr. Jaipal Reddy as already sent his cut-motions. Some times, it happens so. But I will assure the Members that in future it would not be repeated. In future, if holidays come, we will see that they are sent well in advance, even before one day. We are prepared to discuss it on 8th also. So, I hope all the Members would agree with me.

Sri S. Jaipal Reddy:—So long as Rule 155 is there, there is no use and we cannot continue the discussion. Unless it is suspended, nothing can be done. If you want, this is the way out. You can suspend it. Then, we can proceed.

Sri M. Manik Rao:—I am very much understanding Mr. Jaipal Reddy. He is an educated and knowledgeable Member. Without even reading the notes, he can speak.

Sri S. Jaipal Reddy:—It is the privilege of the Minister to speak without reading the notes.

Sri M. Manik Rao:—We have already explained, Sir. We have taken special care to furnish the copies of the notes to each and every Member in the M.L.A.s Quarters.
Sri Ch. Parasurama Naidu: —Mr. Manik Rao and Mr. Jaipal Reddy may be friends. It is a different matter. But we are here and even if Mr. Jaipal Reddy keeps silence, we are here to assert. The point is whether there is violation of rules or not. The suspension of rule can take place only by a motion passed by the House. As it is the rule in force. When once one rule is there, no violation can be permitted. Therefore, let the rule be suspended through a motion.

Sri M. Manik Rao:—As I have already requested, I am again assuring that such thing would not happen in future, and we shall take care in future. Let the discussion be taken up.

Mr. Deputy Speaker:—In view of the assurance given by the Minister, let us proceed.

Sri S. Jaipal Reddy:—Please refer to Rule 343 about the suspension of Rules. Unless the Rule 155 is suspended, the proceedings of ours would become irregular.

Sri M. Manik Rao:—I have already explained, Sir. There were two days holidays and on 4th the B.A.C. declared holiday and hence certain members could not receive the notes. Actually, we have tried to furnish the notes much earlier.

Mr. Deputy Speaker:—At least in future, the Government should be very careful.

Sri S. Jaipal Reddy:—Let the Rule 155 be suspended. Otherwise, we cannot conduct the proceeding and it would become irregular.

Sri Ch. Parasurama Naidu:—Let there be temporary suspension of that Rule.

Sri P. Subbaiah:—Let the Chief Whip move the motion.

Sri M. A. Aziz:—As explained earlier, there is no breach of rule. One day before, we have circulated. Some of the Members have also received.

Sri S. Jaipal Reddy:—I am prepared to accept the regrets. But again if the Chief Whip says that the notes was circulated to every member, it is not good.

Sri M. A. Aziz:—One day earlier, the notes have to be furnished. Whether it is working day or holiday, it has to be furnished and the notes was circulated.

Sri Ch. Parasurama Naidu:—I was in my quarters yesterday and I received it at 6:00 p.m. That is not before 24 hours. At least they have not followed “24 hours advance information”, whether it is working day or holiday. Why this unnecessary controversy?
Sri M. Venkiah Naidu:—It seems some people have received 4 days back and some people have received yesterday. I do not know the reason. It should be enquired into.

Mr. Deputy Speaker:—There is something wrong in distribution, I suppose.

Sri A. Veerappa:—As per the rule, the notes were distributed on the previous day and even earlier. Let there be discussion on the demands.

Sri M. Venkiah Naidu:—The point is that some Members have not received the copies even yesterday. They should have distributed at least yesterday.

Sri S. Jaipal Reddy:—In respect of officers, earlier day means the earlier working day and the next day means the next working day. I would like to bestow thought on this, Sir.

Sri Ch. Parasurama Naidu:—The Rule 155 reads as follows: "155 (i) The Minister shall furnish to the House an explanatory note regarding the working of the department during the year at least one day before the day on which he moves the demand for that grant ..." The word "House" is significant here. The Minister shall furnish to the House... So, it has to be handed over to the House 24 hours earlier. That means on the previous working day, the notes has to be supplied to the House. When we are sitting in the House, it has to be placed on our Table. This is the correct interpretation. No other interpretation is allowed.

Sri M. Manik Rao:—I have already mentioned about it and I also assured and requested.

Sri S. Jaipal Reddy:—We are requesting you to suspend the rule. Follow the rules and we are generous to agree for suspension of the rule and conducting of the further proceedings. Otherwise, we will go out and you conduct the proceedings. Without any discussion you pass your demands.

Sri Ch. Parasurama Naidu:—You are a lawyer. You read the Rule.
While moving the demand for a grant, shall furnish to the House an explanatory note regarding the working of the department during the year and may make a statement explaining the policy underlying the demand. The Minister shall furnish to the House an explanatory note regarding the working of the department during the year at least one day before the day on which he moves the demand for that grant and he may make a statement explaining the policy underlying the demand while moving the demand for grant.
Annual Financial Statement (Budget) 7th September, 1978.  
Voting of Demands for Grants.

Sri Ch. Parasuram Naidu:—It cannot be given to the Members individually. At this rate all Ministers will have notes furnished to the M.L.A. Quarters and not to the House.

Sri M. Manik Rao.—I requested them already. I told the Hon. Member also we have supplied the copies and as some of the Hon. Members have said, they received it. Mr Venkuiah Naidu received yesterday. It happened like that, because there were two or three holidays. I told them that we will take care to see that such a mistake will not happen in future. It is not the intention of the Ministers to do like that.

Sri S. Jaipal Reddy:—The stand of the Government is ambivalent and self-contradictory. In one breath it says that this mistake shall not be repeated.

Sri M. Manik Rao.—I am not saying this mistake....

Sri S. Jaipal Reddy:—In that case we are not prepared to accept, because, his request can be considered only when it is followed by an admission of a mistake. But if the Minister confesses his mistake to be an achievement, then we cannot concede to the request. The rule is very clear. There is absolutely no equivocality about the working of the rule. The question is, since there had been some holidays, this could not have been done. Under these circumstances that particular rule can be suspended temporarily for the purpose but that does not mean to say that the rule is being observed. When the Government stands on considerations of prestige even with regard to suspension of rules, then why should we agree to anything?

Sri M. Omkar:—Sir, there is no use of prolonging this discussion. I have got one submission. You have got vast inherent and discretionary powers.

Mr. Deputy Speaker:—I cannot be arbitrary and at the same time the House is supreme for me. We are going for good conventions.

Sri M. Omkar:—The Minister is clear in his expressions. He has given a categorical answer. Of course, he has not admitted openly. He has committed some mistake and that should not be repeated in future. In view of his assurance, please suspend the rule and see that in future it will not occur.

Mr. Deputy Speaker:—I agree with you and also having heard the members and the Minister I have come to the conclusion that
efforts are made actually to see that one day before the notes is circulated to the Members. I am sorry to say that the office or the ministerial staff is responsible for not having really despatched in time and to see that the members receive them by one day before. That is the rule. Now I permit the Minister to move the Demand with an instruction to the members and to the Government particularly, that in future they must be careful to see that they must receive them in time. You are at liberty to change but till such time you must see that they reach in time, at least one day before. I agree with your sentiments.

Sri S. Jaipal Reddy:—The ruling has to be categorical. I have raised a point of order. Whether my point of order is valid or not? The Dy. Speaker did not give a ruling.

Mr. Deputy Speaker:—According to your argument they should give one day in advance. There is no dispute about it. I will not give any exemption. The rule is there, but they have made efforts to see that all the reports are circulated well in time. I am sorry to say that some members have not received. For that Ministers also regretted.

Sri S. Jaipal Reddy:—The point is, if your ruling has to be taken seriously.

Mr. Deputy Speaker:—I have not given a ruling. I can exempt that.

Sri S. Jaipal Reddy:—It would mean that henceforth the notes will be furnished to the MLAs in MLAs Quarters and not to the House.

Mr. Deputy Speaker:—They are also anxious to see...

Sri S. Alwar Dass:—One day need not be a working day.

Annua! Fmanaa! Statement (Budget) 7th September, 1978. 179

That is not the reason for our being complacent. I do not say that.
because we have to supply the vehicles. I promise you that we will definitely put all the routes with the buses. I promise you that we will definitely put all the routes with the buses. We are putting in 1137 villages would be connected with the existing fleet of the R.T.C. itself.

2-10 p.m.

I do agree that there are some lapses. We do try to rectify all these things. But at the same time we should not forget the advance made by the R.T.C. in different fields. Our income is more and expenditure is less. In view of all these things, I request all of you to kindly withdraw all your cut motions and approve the Demands.

Discussion on the report of Muktadar Inquiry Commission

Sri Ch, Parasuram Naidu:—Speaker Sir, that the police in charge of the Nallakunta Police Station have committed the most heinous crimes against society itself, is now beyond our reasonable doubt. They have not only committed a crime against the honour of humanity/womanhood, they have committed a crime against the law itself, that such a crime...

(interruptions to speak in Telugu)

Sri Ch. Parasuram Naidu:—I want the Hon’ble Members to bear with me... This happened in the city of Hyderabad in a Police Station by men who are supposed to be our guardians, who are supposed to be the guardians of Law and Order, our safety, our honour and the morality of society.

It is these men, that have committed most heinous crimes and apart from that... one of them assaulted the liberty of mankind the liberties of the citizens...

Sri Bolla Sambasiv:—I raise a point of order Sir,

Sri Ch. Parasuram Naidu:—Please Excuse me, and kindly bear with me... Sir, there is no point of order...

Mr. Speaker:—Not that I am not able to bear with you Mr. Naidu garu, I can very well bear with you or anybody in the House. But the House is not able to bear with you... How can you say that there is no point of order...
Discussion on the Report of

Mr. Peak:—Charity begins at home—such exceptions will become habits—and rules.
Discussion on the Report of Muktedar Inquiry Commission.

Sri Ch. Parasuram Naidu:—I request all the members to bear with me. Sir, anyway... I thought it was necessary to draw the attention to para 151... of the Report... and also page 86... of the Report...
Discussion on the Report of
Muktadar Inquiry Commission.

was incorrect not only with regard to the time but also with regard to the circumstances mentioned therein and the application of Section 68 of the City Police Act. When nothing whatsoever is mentioned in that entry to suggest even remotely that Rameeza Bee was exposing her body indecently in public or making indecent gestures for purposes of prostitution. In the light of the evidence discussed above... So, Sir,

Para 3 of page 102: "It is extremely regrettable to note that the officers of the Department of Forensic Medicine who are supposed to perform their duties with utmost dedication and service to humanity could stoop down to such depths to help and save the skin of some who have openly committed the heinous crimes by taking advantage of their authority and position and the helplessness of the victim. It is sad to note that a department which has been established to bring out truth is manned by officers of questionable integrity who could suppress or distort truth to accommodate criminals. The earlier
the department of Forensic Medicine gets rid of such officers the better it would be for Indian citizens, and even if a criminal, the better it would be for Indian citizens. The department of Forensic Medicine gets rid of such officers the better it would be for Indian citizens.

It is a case of suppression of material evidence in a criminal case of murder, and so, he should be hauled up as a criminal. He should be first sent to jail. He should be first dealt with dismissal immediately. You are just proceeding against him by depredation action, somewhere at a time which is yet to be known. Is this the responsible attitude the Government representing the people should adopt? I am very sorry Sir.

I will next go to another aspect Sir. This Forensic Expert, this man, a very high officer of the Medical Department has committed this crime of correcting the medical report, by making interpolations in the original reports by making distortions—all this to show that there is no rape committed and that the death had occurred out.
of natural cause. How could he have committed this crime? Sir, there is evidence in the report to show that the Assistant Commissioner of Police with the Dy Commissioner of Police who are in the chambers of this gentleman, this Doctor, discussed with him about this certification. Unfortunately after the certification this sort of crime of interpolation had taken place. So, Sir, the certificate had been manipulated at the instance of the Assistant Commissioner of Police and the Dy. Commissioner of Police,

(Bell)

Sir this is a very important subject and this is one of great public importance and this is the case which is taken note of by so many and therefore allow me to say for some more time Mr. Speaker Sir.

It is not a question of party, it is not a question of a section. It is the question of the society as well. So far as the police culpability is concerned, please allow to bring to your notice. Please look to page 93:

To a question put by the Commission, this witness stated;

After I left the chambers of Dr. Khandilkar, I noticed Mr.Veerabhadrara Rao, the Assistant Commissioner of Police and the R.D.O. going in the room of Dr. Khandilkar. I did not observe as to how long these two gentlemen were with Dr. Khandilkar.

In page 97: "It would thus be seen that if Ex. C-14 is read him conjunction with the evidence o; C. W. 3, it would become clear that the injuries mentioned in Ex. C-13 have undergone radical changes at the instance of the professor of Forensic Medicine Dr. Khandilkar. The presence of the police officers in his office leaves
no room for doubt that these changes were made to accommodate the police. So, absolutely there is no doubt that Assistant Commissioner of Police and the Deputy Commissioner of Police and the Revenue Divisional Officer had helped in the suppression of evidence. Therefore, my tonest question is who could have noticed these people to do it? Could they do it in the face of public opinion? Could be done only at the instance of still higher bosses of the Government. Their conscience shall state because there is no direct evidence in this report.

I now, Sir, come to the Memorandum. The memorandum is a hopeless piece of the gross failure of the Government and shows the utter irresponsibility on the part of the Government.

The Commission itself has stated that 'our conscience is shocked that persons who are placed to investigate into the offences having been omitted the offence. This Ramana Reddy, the Inspector of police—it is not that I am making the allegations, it is the report of the judiciary. If we have no respect for the judicial functioning, I do not think we are entitled to sit in the Treasury Benches. The State has a moral impact and the judicial authority has stated it. We have respected it I cannot see how you have proposed without any sense of respect that there would be an enquiry long after the disposal of the case. They have said in their memorandum in para 3: "to take departmental action against Dr. Khandlikar Professor of Forensic Medicine, Sri Ramana Reddy and Sri Ambaji, Inspectors of Police, and Sri Ranga Reddy, Sub-Inspector of Police, after the completion of the investigation of the cases against the above mentioned Police personnel and their disposal in court."

What a pity what a moral fall of the Government to rise to the occasion. They have failed in the discharge of their duty. I think, the Chief Minister at the time when he made the Statement to the House and when the debate has taken place, he himself had failed to comprehend and place before the House.
Discussion on the Report of Muktadai Inquiry Commission.

7th September, 1978.

In the statement filed by Narasimha Reddy, Secretary of the Janata Party it is stated that it would be the endeavour of the Janata Party to assist the Commission. It is then stated that on coming to know of the incident a group of legislators including the Janata Party leaders visited the Adikmet Police Station and examined the General Diary of the Police Station. The information collected by these legislators discloses that the police had tried to manipulate the records with a view to cover up the heinous incident of the police in committing an offence against Rameeza Bee and her deceased husband. The inquiries made by the Janata Party also further revealed that the said Rameeza Bee was raped in the Police Station and her deceased husband was subjected to severe beating resulting in his death. The Hon’ble Home Minister Sri M.M. Hashim took an active part in seeking to suppress the truth. He had gone out of the way in visiting the doctor at the dead of night along with top ranking police officials. The Chief Minister Dr. M. Channa Reddy in the statement made by him in the Assembly seems to have had discussions with the Home Minister and the Home Secretary and other Police Officers and continued the line of action initiated by the Home Minister. It is submitted that there are grounds to believe that the Home Minister and the Chief Minister were more interested in saving their own prestige and the prestige of their party instead of seeing to it that the mystery is unravelled.

Having regard to the aforesaid, it is prayed that the Commission may be pleased to unearth the truth and fix the identity of the persons guilty of indiscretion, impropriety and illegality, recommend measures to punish those who are found guilty and also to recommend remedial measures to prevent incidents of such nature.

“A perusal of the statement of the Janata Party would show that the police records were manipulated to cover up the heinous incident. The statement, if any, made by the Chief Minister in the Assembly would show that he had made it on the basis of information supplied to him by the police and if that data supplied by the police was in-correct, it would be the police officials who deserve the blame for furnishing wrong data, and the Chief Minister cannot be blamed in

67-17
that respect. The prayer of the Janata Party is beyond the scope of the Commission of Inquiry and, therefore, it would not be proper on part of this Commission to inquire into the prayer set out by the Janata Party in its statement." \\

In page 152, para (8) reads like this:

"There is not only enough evidence but it is an admitted fact that the body of the deceased was brought to the police station by Malan Bee and Rameeza Bee on the advice of the neighbours at 4-30 P.M. on 30th March 1978 and it was not at all politically motivated".

This sentence is most important "It was not at all politically motivated".

When this is so, we cannot tolerate the allegations against the Chief Minister. They could not prove.

The sooner we get rid of these officers the better it would be for the police department.

It is also extremely sad to observe that members of the noblest profession who are expected to dedicate themselves to the cause of humanity have knowingly committed acts tantamounting to criminal offence and professional misconduct simply with a view to accommodate the Police Officers, with the full knowledge that heinous crimes have been committed in this case. It is extremely regrettable to note that the officers of the Department of Forensic Medicine who are supposed to perform their duties with utmost dedication and service to humanity could stoop down to such depths to help and save the skin of some who have openly committed the heinous crimes by taking advantage of their authority and position and the helplessness of the victim. It is sad to note that a department which has been established to bring out truth is manned by officers of questionable integrity who could suppress or distort truth to accommodate criminals. The earlier, the department of Forensic Medicine gets rid of such officers the better it would be for Indian Citizens."

It is proved beyond doubt that the deceased died as a consequence of injury Nos. 6 and 7 in Ex. C-15 caused by Surender Singh Sub Inspector (II) and Syed Mahmood Ah, P. C No. 1248 and these injuries according to Dr. Nagaraj, CW-4, would cumulatively cause the death of the deceased in the ordinary course of nature. As such they would be considered to have committed any offence punishable under Section 302 read with Section 34 of the Indian Penal Code.

The Government accepted the findings of the Commission and decided to take further action as indicated above.

Before parting with this report, I would like to bring to the notice of Government that this Inquiry has brought to light the pitiable condition of suspect women particularly of poor class at the hands of the police in the police station. The discussions herein above would show the manner in which suspect women are treated by people in position and authority regardless of their physical torture and mental agony. I would, therefore, venture to suggest that some drastic action should be taken by Government to ensure that the personal safety of these poor ladies is safeguarded.

Therefore, to my mind, Syeed Ahmed, H.C, 5969, (C.W-13) and Surendra Singh, Sub-Inspector (II) are liable to be proceeded against under Section 342 of the I P.C. As such they could also be proceeded against under Section 342 read with Section 34 of the I P.C.

It would be very difficult for the judiciary to rely upon the testimony of police officers of such cadre when they are being produced as investigating officers in cases involving heinous crimes. Therefore, I have no hesitation in holding that these officers after taking oath have made false statement knowing them to be false. Hence, it is upto Government to take whatever appropriate action they consider proper and desirable against the police officers in question."

To my mind, this witness ought not to have taken.
this risk of coming to the Commission and make incorrect statements on oath which does not befit a police officer and is most degrading.

It is a matter of great regret that sufficient care was not exercised in performing the post-mortem examination of the deceased to prove the cause of death scientifically."

What were the complaints of the deceased before taking into the Hospital? Was he taken to the hospital to attend to the sustained injuries because of the beating of the Police-men or any other complaint(s)?

This has been precipitated by injury and mentally upsetness. What is the procedure adopted with the finding of the Forensic Medical Report? Was it challenged or whether the second information was sought from an expert? No, the opinion of the relatively inexperienced expert is accepted.

Whether slides prepared by the Forensic Medicine Department, Osmania Medical College from the various organs of the deceased person were submitted for an expert opinion for a continuity evidence on the post-mortem report? Even that was not done.

I would refer your kind attention to that: "If I had some more evidence, I would have definitely issued notice against this witness, Ambaji, S.W.-5 under section 8 (b) of the Commission of Enquiry Act."

You have to give him a chance by issuing a show-cause notice under Section (b) of the Commissions of Enquiry Act.

"...questioning his conduct and informing him that his action would tantamount to an offence punishable under section 218 I.P.C. I am constrained to make these observations as I am empowered to say so under the provisions of Section 8 (b) of the Commissions of Enquiry Act, which provides that if, at any stage of the enquiry, the Commission considers it necessary to enquire into the conduct of any person or is of the opinion that the reputation of any person is
likely to be prejudicially affected by the enquiry, the Commission should give that person reasonable opportunity of being heard in the enquiry and to produce evidence in his defence, provided that nothing contained in this Section shall apply where the credit of a witness is being impeached. Hence, with a view to impeach the credibility of this witness, I am constrained to make the above observations.”

I would also invite your kind attention to the last para of page 148:—“In these circumstances which have been related in detail and discussed hereinabove, would it still be reasonable and proper to consider that the Investigating Officer is a competent officer to investigate into cases of a serious nature. I leave it to Government to decide whether it would be still proper to retain such a person in the position which he is now occupying, in as much as the destinies of Indian citizens, if they are placed in the hands of such officers, would definitely be at stake. This much I would venture to suggest that any further investigation, in the instant case, should not be conducted by this officer as he has already an opinion against Rameeza Bee and in favour of his colleagues. In this inquiry, three police officers have been produced as witnesses two of whom are Circle Inspectors and one is a Sub-Inspector. The two Circle Inspectors are Ambaji (S.W.5) and Ramana Reddy (S.W.7) and the Sub-Inspector is Ranga Reddy (P.C.W.7). A reading of their testimony would show that they, with a view to accommodate their subordinates and mislead the Commission have garblingly made untrue statements after taking oath before the Commission.”

He should have given the opportunity to these people under Section 8 (b) of the Commissions of Enquiry Act or if it is left, who will do that type of investigation of the whole matter? For the witness No.2 under section 8 (b) an opportunity has been given. What we have done is he has been specifically directed that he should not conduct the enquiry. We have respected his wishes and we are immediately charging and we are now going to the Special Branch C.I.D. or enquiry and that is what is happening.

Similarly about the Doctor.
Discussion on the Report of Muktadar Inquiry Commission.

7th September, 1978.

He was scared and fled away. The Commissioner of Police who had come to know about this... this is dated 15-4-1978 "to give protection" "It is learnt extremist elements harassed, threatened and intimidated him".iac thought about it. He has deliberately done it that will be investigated and necessary drastic action will be taken. I am with the House, I can tell you. I want to talk from the top of my voice that a time has come that the basic conception should be changed.

Mr. Speaker :—The House now stands adjourned till 8-30 a. m. 3.20 p.m. tomorrow.

(The House then adjourned to meet again at half past eight of the clock on Friday, the 8th September, 1978).
