Oral Answers to Questions.

New Railway Line between Kurnool and Srisailam

298—

216 Q.—Sri B. Seshashayana Reddy (Nandikotkur) :—Will the Minister for Roads and Buildings be pleased to state:

(a) whether the Government propose to advise the centre to lay a new railway line between Kurnool and Srisailam connecting Nandikotkur, Atmakur etc;

(b) if so, when; and

(c) if not, the reasons therefor?

Minister for Roads & Buildings Sri M. Manikrao :— (a) No Sir.

(b) Does not arise.

(c) If the necessity or justification for laying such a rail line is furnished the Ministry of Railways would be addressed.

1.40 a.m. Sri P. Subbaiah :—Sri B. Seshashayana Reddy tells the honourable Minister in a very bitter manner. With a heavy heart I am telling it. If it is in my hands I will take more railway lines in the State.

Sri P. Subbaiah :—It is not a question of taking more railway lines. It is a question of importance that is attached to industries that are coming up.

Sri M. Manik Rao:—This is also included in the more railway lines.

1. New Railway line from Wardha to Krishna via Adilabad, Bodhan, Beedar, Kosgi.

It is not possible for new lines because there is no such proposal to take up nation-wise.

Sri M. Manik Rao:—If the hon. Member writes to me, I will request the General Manager.
Linking up the Industrial areas with a Circular Railway

299-

*331 Q.- Sri B. Machendrarao (Secundabad Constituency):— Will the Minister for Roads and Buildings be pleased to state:

(a) whether there is any proposal to link up the industrial areas of the city with a Circular Railway;

(b) if so, the details thereof; and

(c) the progress made till now in the execution of the scheme?

Sri M. Manikrao : — (a), (b) & (c) : The answer is laid on the table of the House.

The Paper Laid in answer to LAQ No. 331.

(a) At present there are no proposals to link up the Hyderabad city with a Circular Railway but a survey is being conducted for providing rail transport facilities between work centres and industrial areas within the limits of Municipal Corporation of Hyderabad and limits of Metropolitan region.

(b) The Andhra Pradesh Industrial Infrastructure Corporation Limited had requested the Railway to undertake a preliminary Engineering-cum-Traffic survey in connection with providing rail transport facilities between work centres and industrial areas within the limits of Municipal Corporation of Hyderabad and limits of Metropolitan region. The brief ‘Terms of Reference’ for conducting the above survey are as follows :

(1) Railway connection facilities to Industrial Development Area Pattancheru with Lingampalli station on Secunderabad Vikarabad Broad Guage line,

(2) New bye-pass line between Sanatnagar- Jeedimetla- Ammu-
guda- Khusaiguda- Charlapalli Station.

(3) New Railway line connection Charlapalli with Hayatnagar.

(4) Doubling the line between Lingampalli-Hyderabad (Broad Gaug.) via Hussainsagar Junction.

(5) Doubling of the Metre Gauge line between Faluknuma and Umdanagar and also between Bolarum and Medchal.

(6) Electrification between Umdanagar-Medchal.

(7) A new line connecting Lingampalli with University of Hyderabad.

(c) So far as the Traffic survey is concerned, all the basic data have been collected and the traffic projections are being finalised. The survey report is expected to be submitted shortly.
Sri B. Machinder Rao:—The industrial labour at Sanathnagar, Malkajigiri have increased. Are there any proposals to have any fast moving trains between Stations from Cherlapalli via Malkajigiri to Sanathnagar.

Sri M. Manik Rao:—The member asked whether there is any proposal to link up the Industrial areas of Hyderabad city with a circular Railway? The Andhra Pradesh Industrial Infrastructure Corporation Limited had asked the Government of India for new lines in the Industrial Area. They asked for Railway connection facilities to Industrial Development area Pattancheru with Lingampalli station on Secunderabad-Vikarabad Broad gauge line. They also asked for new bye-pass line between Sanathnagar- Jeedimetla-Ammuguda-Kushaiguda Charlapalli Station.

Sri B. Machinder Rao:—Already representations have been given to the General Manager and they were negatived.

Sri M. Manik Rao:—I am prepared to write again. These are the proposals we have sent. They have not said either ‘yes’ or ‘no’ They said they would survey the whole thing. On 3rd March 1978 we had a meeting. They have to work out the economic survey and the cost of telex. They have made a preliminary survey

Construction of a Second Bridge Across the River Krishna

* 677 Q—Sri Bhattam Srirama Murthy (Paravad) :—Will the Minister for Roads and Buildings be pleased to state:

(a) whether it is a fact that the State Government approached the Centre for a grant of Rs. 5 crores for constructing a second bridge across the river Krishna; and

(b) if so, the stage at which the matter stand?

Srī M. Manik Rao:—(a) The State Government have sent proposals to Government of India on 16-6-1978 for construction of a second bridge and approaches at a cost of Rs. 8.5 Crores for inclusion in the 6th Five year plan.

(b) The reply from the Government of India is awaited.
10. Mr. Hanumantha Rao:— We ask you (the Government) to give a plan for two lines. We are asking Government of India, instead of two lines, you must give 4 lines.

They want to give a plan only for two lines. We are asking Government of India, instead of two lines, you must give 4 lines.

To-day the highest traffic on Krishna Barrage is 40,000 to 52,000 tonnes per day. It is not possible even to-day for the second line. We have come to the conclusion that we will have another line. We are still negotiating with Govt. of India for second barrage.
The State Government is not in a position to share that much of money. They have come to the conclusion, Yes we will do it now.

An Expert Committee to investigate whether the Load is excess or less.

We are regulating the traffic also. Vehicles above 50 to 70 tonnes of weight are not being allowed. There are some norms and restrictions because of our construction. For example, we have recently closed for some of the heavy traffic.

We have justified our cause to Government of India.

Sri M. Manik Rao:—I want separate question, because immediately, I cannot give information.

Sri M. Manik Rao:— Heavy load traffic should not be allowed. That is how, we are regulating the traffic.
Oral Answer to Questions.

Mr. Speaker:—Question 301 is proceeded with the request of the Member. Now Q. 302.

Pollution of water and air by Hindustan Polymers Company, Visakhapatnam

* 1851 Q.—Sarvasri N. S. N. Reddy (Visakhapatnam) and M. Venkaiah Naidu (Udayagiri):—Will the Minister for Municipal Administration be pleased to state:

(a) whether it is a fact that the Hindustan Polymers Company, Visakhapatnam is leaving the dirty water mixed with acids into the fields near Gopalapatnam causing pollution of water and air;
(b) if so, the action proposed to be taken by the Government to stop the same, and

e) whether public health is damaged on account of the bad smell and pollution?

(3) The Minister answered that:

"The action proposed to be taken by the Government to stop the same would involve a complex process and cannot be discussed in detail here. However, steps will be taken to minimize the damage to public health. The Minister has also assured that measures will be taken to rectify the situation as soon as possible."

"The problems cannot be effectively tackled by going to every factory and doing that. Effective solutions should be found to address the root cause of the issues."
Sri S. Jaipal Reddy:—You cancel their licences. Why only the electricity?

Sri S. Jaipal Reddy:—They were already convicted in the Court. You are therefore eligible to cancel the licences, when you disconnected the electricity. Why do you want to wait and why do you warn....

3. Will the Minister for Co-operative be pleased to state:

(a) whether it is a fact that the Divisional Co-operative Officer, Warangal appointed as an Enquiry Officer to go through the Co-operative Marketing Society, Warangal district in the year 1977; and

(b) if so, the particulars of report?

A.—

(a) Yes, Sir.

(b) The enquiry was conducted with reference to certain allegations against working of the society. The details of the enquiry report are as follows:

(1) The allegation that the distribution of levy sugar was handed over to the Super Bazar and some employees were promoted for consideration was false, as the sugar distribution was handed over to the Super Bazar in pursuance of a decision taken by all the concerned Co-operatives and the District Revenue Officer and the retrenched employees were absorbed in pursuance of a decision taken by Co-operative Marketing Society.

(2) The allegation that two lorries and one jeep were sold for a commission of Rs. 40,000 was false as the sale was by open auction after wide publicity in newspapers and with the permission of the Registrar.

(3) The allegation that Rs. 30,000 was earned illegally through sale of rice during 1975–76 was not borne out by the material available in the record.

(4) As regards the allegation that Rs. 20,000 were earned by sale of G.P. Sheets, it was found that 2,310 sheets purchased in 1974 at a cost of about Rs. 1,11,030.00 were sold to a private trader at a reduced rate for want of demand in the open market. This resulted in a loss of Rs. 30,157.

(5) The allegation that Rs. 10,000 was earned by the committee by taking lease of private godowns was not correct, as the society has to take private godowns on lease as its own godowns were handed over to the Markfed.

(6) The allegation that the Chairman earned Rs. 50,000 from the contractor for transport of sugar was not substantiated as the contract was renewed with enhanced rates approved by the Markfed.

(7) The allegation that the Chairman earned Rs. 50,000 in the purchase of an old Oil Expeller was false, as the machine was purchased from an approved supplier at a reduction cost of only Rs. 58,240.

(8) The allegation that Rs. 3,000 was spent on the opening of each of the rural depots was false, as only Rs. 500 was spent on each depot.

(9) The allegation that heavy amounts were spent by the society on the visit of the then Ministry for Co-operation and the then Governor of Uttar Pradesh was false as only Rs. 407 was spent for the visit of the Minister for Co-operation for laying the foundation of the societies godown and no amount was spent for the alleged visit of the Governor of Uttar Pradesh.

(10) The allegation that removed employees were continued in service was not correct, as they were entertained in service on merits of each case.

(11) As regards the allegation that heavy amounts under suspense account of the employees are not being received, it was found that while on the date of the petition, Rs. 60,800 was found due from 11 employees as on 15th January, 1978, the amount was reduced to Rs. 14,814 from 7 employees of which Rs. 18,323 was from a single employee and over Rs. 2,000 from two employees respectively.

**FILTER POINTS IN SWARNAMUKHI RIVER**

142 Y.—Sri Nallapareddy Sreenivasul Reddy (Venkatagiri) :—
Will the Minister for Panchayati Raj be pleased to state:

(a) whether a scheme to install filter points in Swarnamukhi river to irrigate the lands of Scheduled Castes and Scheduled Tribes at Thimmajikandriga in Venkatagiri Taluk has been sanctioned by the Collector, Nellore;

(b) whether filter points laid in Swarnamukhi proved to be successful;

(c) if so, the reasons for the delay in completing the scheme; and

(d) when will the work be completed ?

A.—

(a) Yes, Sir.

(b) Yes, Sir.

(c) and (d) Three coupled filter points of 4" diametre were sunk in the Swarnamukhi. The ground in which the filter points were sunk was at a fairly higher level and the river course was on the other side. It was also proposed to construct pump sheds there. But during the floods of 1976 the river changed its course and the high ground was eroded and washed away. As the site, where pump sheds were to be constructed, is now within the river course, the scheme has been dropped by the Collector.

DAMAGE TO SURPLUS WEIRS OF PEDDA TANK AND NAYUDU TANK

163—

341 Y.—Sri Nallapareddi Sreenivasul Reddy :—Will the Minister for Panchayati Raj be pleased to state :

(a) whether surplus weirs of Pedda Tank and Nayudu Tank at Kadagunta village in Venkatagiri taluk of Nellore district have been damaged due to floods in 1976 ;

(b) if so, the action taken thereon ;

(c) the reasons for the delay in taking up special repairs to the said tanks ; and

(d) when will the works be taken up and completed ?

A.—

(a) Yes, Sir. A portion of bed pitching to the by-wash was disturbed besides breaches at extreme ends of the flanks of the Pedda tank. In respect of Nayudu tank a portion of the body wall was disturbed.

(b), (c) and (d) Repairs could not be taken up due to insufficiency of funds. Action being taken to carry out repairs under Normal Maintenance Programme.

Restoration of Ayyavari Tank.

POINT OF ORDER

re: Publication of certain Matter in the Press, before Ruling is given by the Chair.

Mr. Speaker:— Now we will go to 329 matters.

Sri S. Jaipal Reddy:— I have to say something before you ....

Mr. Speaker:— No. No.

Sri S. Jaipal Reddy:— You kindly hear me first.

Mr. Speaker:— There is no zero hour.

Sri S. Jaipal Reddy:— After the questions are over and before other things are taken up, I have a right to say to you.

Mr. Speaker:— Under what rule?

Sri S. Jaipal Reddy:— Under the Assembly Rules.

Mr. Speaker:— You must bring it to the notice of the Speaker.

Sri S. Jaipal Reddy:— Under the Rule which you took advantage of yesterday in reserving the ruling.

Mr. Speaker:— I have got the inherent power.

Sri S. Jaipal Reddy:— That is the very rule I am also taking.

Mr. Speaker:— Then you must take the consent.

Sri S. Jaipal Reddy:— I am trying to take your consent, I can't help. I am sorry.

Mr. Speaker:— What is it?

Sri S. Jaipal Reddy:— I am seeking your consent.

Mr. Speaker:— I have not given you consent.

Sri S. Jaipal Reddy:— You had not given. Now I am seeking.

Mr. Speaker:— If you want to raise any matter before you come here you must get the consent.

Sri S. Jaipal Reddy:— That means, with the permission of the Chair shall I raise the matter? If you want us to speak in Queen's English, we will do so. Yesterday, I raised a point of order. You reserved the ruling. All that was said in the House had gone into the Press.
Mr. Speaker:—I gave instructions when the Press people came to me not only here but there also, not to publish it.

Sri Bhattam Srirama Murthy:—Point of order Sir. Whatever has happened in the Assembly the Press people have got the authority and every right to publish it. How is it that you behind the back in your Chamber you leave instructions to the Press not to publish it?

Mr. Speaker:—Behind the back!

Mr. Speaker:—I have got every right to say.

Mr. Speaker:—I will provide you with the rules.

Sri S. Jaipal Reddy—Sir My own view on the point of order raised by Mr Battam Sriram Murthy is this. If a point of order about the admissibility of a particular matter in the House has been raised...

Sri S Jaipal Reddy:—I will not speak. I am not yielding, I will only speak in English it is my right to speak in English.
Point of Order:

re: Publication of certain matter in the press, before Ruling is given by the Chair.

Sri S. Jaipal Reddy:—Under Rule 331 I am speaking only in English. I shall speak only in English. Nobody in this House, including the Chair, can direct me to speak in any language other than English.

Sri S. Jaipal Reddy:—No Sir, I am not prepared to hear under the language issue.....

Sri S. Jaipal Reddy:—The point is that nobody can deprive of my right to speak in any language, so long as rule 331 remains on the statute.

Sri S. Jaipal Reddy:—Did you follow any convention yesterday Sir? I am putting this question. Whenever a Point of Order about the admissibility of a particular matter in the House is tabled, if the Point of Order is not ruled out and if the ruling is reserved on the Point of Order a direction goes straightway in unequivocal terms that the Press shall not take account of the matter until a ruling is given. Therefore, this House shall not follow any convention. I for one will not be a party to any convention, because the Chair itself was a party to the values and conventions in this House.

(Sir not satisfied)

Sri S. Jaipal Reddy:—How can there be any convention against the ruling?

Sri S. Jaipal Reddy:—I want to violate the convention and speak in English. I will not allow any conventions to be honoured in this House.

Point of Order:
re: Publication of certain matter in the press, before Ruling is given by the Chair.

Sri Ch. Parasurama Naidu:—We have a right to speak in English.

Sri P. Janardhan Reddy (Kamalapur):—Kindly see Rule 305 which says: “No allegation of a defamatory or incriminatory nature shall be made by a member against any person unless the member has given intimation to the Speaker and also the Minister concerned.”

Sri S. Jaipal Reddy:—I am speaking on a Point of Order. It was I who raised the Point of Order. The Speaker is seriously and generously coming forward to give the ruling today, a day late in the affair. Therefore, my point is this. The convention that the Chair was generous enough to establish yesterday shall be continued unabated. A Member like me will have the privilege of levelling allegations against everybody in this House. I want that convention to be continued. Therefore I withdraw my Point of Order. I want the Speaker to sanction my withdrawal, so that no ruling is given, so that 304, 305 will remain permanent in this House and we shall see who will gain or lose in this battle.

(Interruptions)
Mr. Speaker:—What is the convention?

Sri S. Jaipal Reddy:—The convention is, if a Point of Order is raised about the admissibility of a particular matter the speaker shall reserve the ruling only and pending the reservation of ruling that matter shall go into the Press. This is the glorious convention that under your stewardship it has been established. Therefore, I am envious of this convention. I want to exploit this convention and I want this convention to remain in this statue.

Point of Order:

re: Publication of certain matter in the press, before Ruling is given by the Chair.

Sri S. Jaipal Reddy:—I have raised a Point of Order yesterday under Rule 304 sub section (v).

"No allegation of a defamatory or incriminatory nature shall be made by Member against any person unless the Member has given intimation to the Speaker and also to the Minister concerned" whether in the discharge of duties of executive or other person ...

re: Publication of certain matter in the press, before Ruling is given by the Chair.

Sri P. Janardhan Reddy:—I would like to clarify...
Point of Order:
re: Publication of certain matter in the press
before Ruling is given by the Chair.

Sri S. Jaipal Reddy:—Why not I be allowed to speak?

Mr Speaker:—If you go on like this I will have to adjourn the House.

re: Publication of certain matter in the press, before Ruling is given by the Chair.

You are converting the whole matter into a debate. The only alternative for me is to adjourn the House. The only alternative for me is to adjourn the House. You are converting the whole matter into a debate. The only alternative for me is to adjourn the House. Sri S. Jaipal Reddy:—Sri Srinivasul Reddy and Sri Prabhakara Rao raised on my Point of Order and you said you will allow me to speak.

Mr. Speaker.—There are a number of points on which you have raised... Only alternative is to adjourn the House. 10-10 a.m. I referred to the correspondence which transpired between the Prime Minister and the Chief Minister. Shall be made by a member against any person...
Point of Order:
re: Publication of certain matter in the press, before Ruling is given by the Chair.

Political decision, based on our own economic situation in the rural sector.

If you are permitted, you should not speak.

Unless you are permitted, you should not speak.

(M) 3. M. Kandappa:—Are you permitted to speak? Unless you are permitted, you should not speak.

(M) 4. P. L. Mysore:—What is your opinion? You are not permitted to speak.

(M) 5. M. Ramachandra:—What is your opinion? You are not permitted to speak.
Point of Order: Publication of certain matter in the press, before Ruling is given by the Chair.

(The House then adjourned to meet again after five minutes).

The House reassembled at 10-35 a.m.

(Mr. Speaker in the Chair)

Mr. Speaker:—Now we will take up matters under 329.

Mr. Speaker:—I am on my legs. You please resume your seat. We have closed the debate.

Matter under rule 329 : re: Non-availability of drinking water through P.R. drinking water scheme, in Narsapur, Medak Dist.

Dear Sir,

I am pleased to present the Annual Financial Statement for the year 1978-79. The statement aims to provide a comprehensive overview of the financial performance and highlights the key areas of the budget.

The statement includes details on revenue, expenses, and reserves for the year. It also outlines the projected financial targets for the upcoming fiscal year.

I would like to emphasize the importance of careful financial planning and the need for continuous monitoring to ensure that the budget objectives are met.

Thank you for your attention.

Yours sincerely,

The objection petitions are decided in favour of the petitioners. The additional assessment new levied and collected can be adjusted in future.
The mechanism of the budget presentation is such that necessarily I have to present a budget formulated by the preceding Government. We have not had time to make the changes that we would like to. It is for this reason that we are proposing to take a vote of account for 6 months.
these considerations there is scope for re-orientation of priorities and we hope we will be able to do it in time. In view of the above, there is a need for careful consideration of the proposals made in the budget for the year 1978-79. The Government has already indicated that it will endeavour to carry through the main proposals of the budget. In view of this, it is suggested that the following proposals be considered:

1. The proposal for the introduction of a new tax on income from immovable property should be given serious consideration.

2. The proposal for the enhancement of the existing tax on income from movable property should also be given serious consideration.

3. The proposal for the introduction of a new tax on income from capital gains should be given serious consideration.

4. The proposal for the enhancement of the existing tax on income from dividends should also be given serious consideration.

5. The proposal for the introduction of a new tax on income from business and professional profits should be given serious consideration.

6. The proposal for the enhancement of the existing tax on income from business and professional profits should also be given serious consideration.

These proposals, if carried through, will help to generate additional revenue and provide a source of funds for the development of the country. It is hoped that the proposals will be considered in the context of the overall economic situation and the need for long-term planning.

Development benefits to various sections of people:

While the weaker sections may still be not in a position to make a contribution towards such an effort, in view of the low level of their present economic standards, the more well-to-do sections who gain from the developmental process and who have in fact, hitherto been gaining more than a proportionate share will necessarily have to make their contribution towards our future developmental efforts.

11-55 a.m. 24th August, 1978.

Shri Anam Ashram (Chairman): Good morning. The Annual Financial Statement (Budget) for the year 1978–79 was presented to the General Discussion.

The President, Mr. Anam Ashram, opened the meeting with an introductory speech, outlining the importance of the Annual Financial Statement and the need for comprehensive budgetary planning for the upcoming fiscal year.

Mr. Anam Ashram stressed the significance of financial transparency and accountability in the management of public funds. He emphasized the role of the General Discussion in providing feedback and suggestions to improve the budgetary process.

The General Discussion proceeded with various members presenting their views and recommendations on the budgetary proposals. Discussions revolved around key financial issues, including revenue generation, expenditure allocations, and the impact of the budget on different sectors of the economy.

In conclusion, the Chairman highlighted the importance of collaborative efforts in ensuring the effective implementation of the budget. He encouraged all participants to contribute constructively to the General Discussion to ensure a well-informed decision-making process.

The meeting adjourned with a commitment to furthering the dialogue on budgetary matters to align public expenditures with the developmental goals of the country.
Annual Financial Statement (Budget) 24th August, 1978: General Discussion.

An anomaly persisting since the last Annual Report is the rapid increase in the costs of various departments during the year. This has resulted in a significant rise in the overall expenses of the organization.

The General Discussion section covers various aspects of the financial statement, including an overview of the performance of different departments and the implications of the reported figures.

A detailed analysis of the budget for the upcoming year is also presented, highlighting the areas where significant savings can be achieved.

The document concludes with a recommendation for the implementation of a series of measures aimed at improving efficiency and reducing costs.

Annual Financial Statement (Budget)
(discussion contd.)
for 1978-79—General Discussion

In the financial budget of 1978-79, the government has planned an expenditure of Rs. 80, 85 and Rs. 80 crores respectively. The general discussion on this budget was held on 30th June, 1978. The above-mentioned amounts are allocations based on the principal heads of the budget, which include expenditure on education, health, and welfare. The budget was presented in 16th January, 1978. The document contains the detailed budgetary provisions and allocations. The expenditure for education is Rs. 80 crores. The allocation for health is Rs. 20 crores. The budget for welfare is Rs. 80 crores. Each of these allocations is critical for the overall budgetary proposal.

I am afraid the Members of Congress (I) Party are in need of education. They are in need of education, in need of education, in need of education. They are in need of education, in need of education, in need of education. They are in need of education, in need of education, in need of education. They are in need of education, in need of education, in need of education. They are in need of education, in need of education, in need of education.

Annual Financial Statement (Budget) for 1978–79—General Discussion.

What is the quantitative achievement of this mind boggling financial figures? How much of this 20% increase in the financial figures is due to the inflationary trend? There are some selected economic indicators. For example, the average income in 1975-76 was Rs. 1,250, while in 1976-77 it was Rs. 1,260. This shows a slight increase in the income. The average income in 1977-78 was Rs. 1,270. There was some increase in the income. The average income in 1978-79 was Rs. 1,280. There was some increase in the income. The average income in 1979-80 was Rs. 1,290. There was some increase in the income.

Is this the achievement of which the Congress is legitimately proud?

The net area sown in 1946 was 112.92 lakh hectares and in 1972 which was a good agricultural year according to Mr. Raja Ram, Finance Minister was 111 lakh hectares net sown. The total cultivable and remaining unutilised during 1975–76 was 43.36 lakh hectares which accounts for nearly 45% of the geographical area. This is the achievement of which the Congress is legitimately proud.

This will not redound to the credit of planning of the Government. They have been subjected to the manmade vagaries of the market and Government remained passive and silent spectator to this distress phenomenon. They have been subjected to the manmade vagaries of the market and Government remained passive and silent spectator to this distress phenomenon.

I therefore ask the Government as to whether it can be proved of this achievement in the prospective of the country.
Some people think that it as incarnation but I for one think it is impart. But I do not want to go into the merits of his personality.

Under what provision of law the declaration have been made?

What is the locussiandi of this strange man Satya Sai Baba?

Our economy of the nation it at the cross-roads. We have to take the right one.

Their level of consumption is too low. Therefore, we found artificial surplus in the market.

It is a populist party. Congress is not Socialist in character.

It is a more betrayal on the budgeting process. It is a pilgrimage. There must be progressive movement in the direction of performance budget. We will be able to correlate financial targets with quantitative achievements.

It may be good in principle and how it can be worked? It is fantastic. I am of the considered view that this scheme should be dropped immediately. This Government using the budget
sanctions on administrative machinery for parslsan purposes. It is a glaring example of that. And it should be noted that the expenses cannot be borne by the state Exchequer. Therefore this Government must come forward to make a categorical statement as to the basic purposes behind this useless appearance. Therefore this Government must come forward to make a categorical statement as to the basic purposes behind this useless appearance. That was...this is the richest budget. This budget is rich in the resources but insolvent in its magnitude. This is a bankruptcy in imagination. There is no bankruptcy with regard to the money as such. The project adumbrated in this budget, will only spell stagnation economy and greater impoverishment of the people.

To-day, we are going to be a modern country .......

Sir, Madam:

This is a revised version of the statement made earlier. During the meeting, a few amendments have been made, which I will now present.

The revised statement includes amendments to the figures previously presented. The amendments were made to ensure accuracy and consistency with the financial reporting guidelines.

I would like to thank the committee for allowing me time to make these amendments.

Thank you.

Annual Financial Statement (Budget) for 1978-79—General Discussions.

June 30: Some important points to consider:

1. The budget for 1978-79 is based on certain assumptions and projections. The allocations for various departments have been made with due consideration to their requirements and priorities. The overall financial position is expected to be stable.

2. The revenue targets for the current fiscal year have been set at a higher level compared to the previous year. This is to meet the increased demand for public services and to fund the development projects.

3. The government has also allocated funds for the social welfare programs, including education, health, and housing. These initiatives are aimed at improving the quality of life for the people.

4. The budget has been prepared in line with the principles of fiscal responsibility and prudence. The government is committed to maintaining a balanced budget in the medium term.

5. The state has also set aside a contingency fund to address any unforeseen expenses that may arise during the year.

Overall, the budget for 1978-79 is designed to support the government's vision for socio-economic development while ensuring fiscal discipline.

Sri G. Rajaram:—It has nothing to do with any religion.

Sri S. Jaipal Reddy:—It is a truncated budget. Huge expenditure is incurred in the corporate sector and it is going uncovered by Legislative control. Will the Government bring forward a legislative enactment so that the Legislature gets its legitimate right of control over expenditure?

Sri G. Rajaram:—This House is competent to go into the question of any corporate body's accounts.

The cyclone tore our budget estimates into smithereens. It destroyed crops and livestock, leaving behind destruction and suffering. The cyclone forced us to re-examine our budget estimates. The cyclone also affected our income generation, which was already hit by the vagaries of the monsoon. The minimum demand for subsidised seed and fertilizers for every ryot who has been affected by these vagaries of the monsoon must be given. This is the minimum demand that must be met.

The situation is dire. The monsoon has been anomalously weak, leading to a serious drought situation in many parts of the State. The Department of Agriculture has reported that the rainfall was below normal in the State, leading to a shortfall in the production of crops. The Department of Revenue has reported that the agricultural sector has been affected significantly, with many farmers facing financial difficulties.

The Chief Minister has called for an emergency meeting of the State Cabinet to discuss the measures that need to be taken to mitigate the situation. The Cabinet has decided to allocate Rs. 200 crores for rehabilitation and relief measures. The Cabinet has also decided to provide Rs. 250 crores as an ex-gratia payment to the affected farmers.

The Chief Minister has also assured that the State government will take all necessary steps to ensure that the affected areas receive the necessary aid in a timely manner. The Chief Minister has appealed to the people to remain calm and cooperate with the government in implementing the relief measures.

Discussion on the flood situation in the State.

24th August, 1978

The flood situation in the State, as reported on the 24th of August, 1978, was grave. The floodwaters had affected a large area of the State, inundating farmlands, roads, and other infrastructural facilities. The severity of the flood was exacerbated by heavy rainfall preceding the flood event. The situation was critical, and immediate action was required to address the urgent need for relief and restoration efforts.

The government had launched an extensive relief and rescue operation to help the affected populations. Emergency supplies, including food and shelter, were distributed to the areas worst hit by the flood. The State administration had requested additional support from central and international agencies to mitigate the impact of the flood.

The affected areas required significant resources and time to recover from the disaster. The government was working closely with local communities to ensure a smooth recovery process. The situation was being closely monitored, and regular updates were being provided to the public and stakeholders.

The overall response to the flood crisis had been prompt and proactive, reflecting the strong commitment of the State government to address the humanitarian needs of the affected people. The challenges of rehabilitation and reconstruction were extensive, and continued support was anticipated to facilitate the recovery process.

In conclusion, the flood situation in the State was a severe challenge that required immediate and sustained efforts to mitigate the impact and support the affected communities. The government was fully engaged in the relief and recovery operations, and the situation was being closely monitored to ensure a successful outcome.
