Oral Answers to Questions.

Sri S. Jaipal Reddy (Kalvakurthy) : —Since the question hour is only one hour time, it is incumbent to the Chair to regulate the timings. It is going on as if it is half-an-hour discussion.

Mr. Speaker : —We strictly follow the rules and see that most of the questions are finished.

Sri S. Jaipal Reddy : —Now that we are strictly following the timings, the question hour should be ended by 9-30 a.m. These lengthy discussions should not be allowed.

Mr. Speaker : —That applies to Sri Jaipal Reddy also. We shall see how far Sri Jaipal Reddy follows that.

Guidelines to T.T.D. Board in respect of its Budgetary Allocation

(a) whether it is a fact, that the Government have issued new guidelines to the Tirumala Tirupathi Devasthanams Board in respect of its budgetary allocation; and

(b) if so, what are the guidelines?
Sri S. Jaipal Reddy:—The Minister in the course of his answer has himself admitted that the Chief Minister has made a concrete, definite suggestion in a particular meeting. All those decisions were found in the press. The press was taken into confidence but this House has not been taken into confidence. We want the decisions, as made by the Chief Minister in the undiluted form, to be placed on the Table of the House.

Sri S. Jaipal Reddy:—Briefing was made by the Government Spokesman. The press did not speculate.

Sri S. Jaipal Reddy:—He is not merely the Minister for Endowments. The Chief Minister has himself told the Press that these are...
the guidelines issued. Therefore, he has got to tell us as to what are those guidelines. I have seen in the press and put the question.

Sri V. Venkatanarayana:—Unless they are decided, they cannot be said as guidelines. They are only of suggestive nature. They are being examined. Please satisfy with my reply.

Mr. Speaker:—There is nothing for me to answer.

I am taking this information for the first time.
Sri S. Jaipal Reddy:—Sir, the Minister said that as per guide-lines, certain amount would be spared for model schools and the model schools have been set up. The Education Minister also told us that the funds for these schools were raised from the T.T.D. Now the Minister for Endowments says he has nothing to do and that the Endowments department would only share. I would like the Minister to clarify and I would like the Speaker to guide us.
Oral Answers to Questions. 31st August, 1978. 581

Whatever it may be, it was mentioned in the Budget Speech which is a policy statement. How can he violate Sir...

Sri S. Jaipal Reddy:—There is no provision in the Budget for the model schools and the funds have to be provided.

Sri V. Venkat Narayana:—Sir, I will read out the portion from the Budget Speech—"The organisation called Abhyudaya Pradhama-kika Vidya Samstha with the necessary flexibility, to improve the
Primary Education would be set up. This organisation will provide the much needed inputs by tapping funds of various religious and charitable institutions and munificent public, in addition to the funds that flow from the State Government. It is only the earnest trial of the Government expressed here sir. What is the commitment in it?

If needed, we will tap the financial resources of religious institutions and if there are funds available, the organisation will also tap these funds. It is only the financial commitment that is possible here. If it is needed, we will tap the financial resources of religious institutions.

Subject: Increase in Price of Bread

Dear Sir/Madam,

I am writing to bring to your notice an important issue relating to the price of bread. The various bakeries in the City have been on lockout, which has resulted in an increase in the price of bread. The lockout started on 10th August 1978.

The situation has escalated due to the lockout of the bakeries. The price of bread has been increased to 180 rupees per loaf, which is a significant hike. The affected bakeries have informed us that this was necessary to cover their expenses and maintain their operations.

The lockout situation has been ongoing since 10th August, and it has caused considerable inflation. The increased price of bread is affecting the general public, especially those on low incomes.

I urge you to take immediate action to address this issue and ensure that the price of bread is reduced to a reasonable level. It is imperative that we maintain stable prices to prevent further inflation.

Yours sincerely,

4.14 For water supply.
Government Bills.

Sri M. Baga Reddy:—Sri I beg to move that the Andhra Pradesh Panchayat Samithis and Zilla Parishads (Amendments) Bill, 1978 be taken into consideration.

Mr Speaker:—Motion moved.
Government Bill:  

Government Bill:
The A. P. Panchayat Samithis and
Zilla Parishads (Amendment)

[Text in Kannada script]

I may describe this Bill as methodless madness. It is chaotic piece of legislation. I would not like to assess and to know about the contents of Ashok Mehta Committee, but the Government is rushing through the Bill. The Government would like to confront the State. I am not only asking as to why these principles have not been applied to Zilla Parishads.

10:40 a.m.

It is a methodless madness. It is an immoral piece of legislation. They are running like a bull in the China Shop of Panchayat.

(Mr. Deputy Speaker in the Chair)

The Chief Minister has at his disposal as 'office of powers'. But this great Chief Minister is indirectly elected, but Samithi President must be elected by the whole people. He was the Chairman of all the Standing Committees. To-day he is the Chairman of only one Standing Committee.

With drastically reduced powers to Electoral College of Samithi Presidents, it has been broad based to the logical level.

Chairman of the Zilla Parishad should be elected by all the people in the district....

The principle of Presidential pattern. If you are introducing new principles
Government Bill:

then stick to it and extend to the logical limitations. We call upon this Government to accept this challenge if they have faith in the people I am not in favour of either direct or indirect election. I am not also to oppose to the principle of delinking. All your funds flow from Panchayat Samithis. Funds as they are made available to Gram Panchayats are meagre and immeasurable. When all funds flow through Panchayat Samithis, if you delink the institution of Gram Panchayat from Panchayat Samithi, the office of the Gram Panchayat and Samithi: President is being degraded. The Government can make fund available to Gram Panchayat straigh away. The Panchayat Raj will be enervated in its function. Gram Panchayat at the basic level of village will be downgraded. Provision of no confidence motion is not needed when a person is being elected to a legislative party.

I need not emphasise, there is force in his argument. They are going up the ladder on which they have climbed. They are going up the ladder Association of these people is necessary. Let them be made ex-officio members but without voting power. On account of deficiencies in the electoral system. I am therefore venturing to use a strong phrase 'immoral legislation and it is a 'politically motivated legislation'. I am throwing a challenge; if you have the political courage or a sense of conviction, you will accept my challenge. We want to go on record in this matter.
Government Bill:

31st August 1978.

They can obtain a note on it. They can make it available to us. That is not a confidential report. It is in the nature of a Judicial report. It is in the nature of a Judicial report. It is in the nature of a Judicial report. They can obtain a note on it. They can make it available to us.

Constituencies are formed from demographical method while the taluks are formed from a geographical method.
Government Bill

Constituencies, Taluks and Samithis will be made co-terminus. We have not considered it. This is a monstrous bill. I am less deform than this bill.

We will be leaving the entire procedure to the trickish and complicating fancies of this partisan Government. Therefore, there is an imperative need to introduce a specific provision.

I hold that these village republics have been the ruination of India. I am therefore surprised that those who condemned provincialism and communalism have come forward as champions of the village. What is a village but a sink of localism, a den of ignorance, narrow-mindedness and communalism? I am glad that the Draft Constitution has discarded the village and adopted the individual as its unit.

Glorious tributes were paid to the system of Gram Panchayats. The village units are really republics, largely having nearly everything; they want within themselves and independent of any foreign relations. They seem to lose where nothing is lost.” This is a very glorious tribute.
In every Panchayat Samithi, out of the total number elected members determined under Section 3-A, fourteen percent thereof (excluding the number reserved for members belonging to the Scheduled Tribes) shall be reserved, by rotation, from term to term for the members belonging to Scheduled Castes in the manner prescribed, so, however, that the Ward in respect of which an elected member is so reserved shall, as far as practicable, be the Ward where the proportion of the population of the S.Cs. to the total population of the Ward is the largest.
