THE ANDHRA PRADESH LEGISLATIVE ASSEMBLY
Construction of Tourist Hotel at Warangal

244—

*2943 Q.—Sri B. Samaiah (Parkal).—Will the Minister for Tourism be pleased to state:

(a) whether it is a fact that there are centres of tourist attraction in Warangal District:

(b) if so, the steps taken by the Government to encourage tourism in the District,

(c) whether there is any proposal to construct suitable hotels to accommodate tourists at Warangal, and

(d) if so, the steps being taken by the Government in this regard?

The Minister for Tourism (Smt. Roda Mistry):—

(a) Yes, Sir,

(b, c & d). The Answer is placed on the Table of the House.

Answer to Clauses (b), (c) and (d)

Having realised the importance of historical monuments and other tourist attractions in Warangal District, the following steps have been taken by the Government for encouraging tourism in Warangal District.

(1) The Regional Tourist Information Bureau has been located at Warangal.

* An asterisk before the name indicates confirmation by the Member.
(2) The Tourism Department is conducting sight-seeing tours by the Departmental Mini Bus in and around Warangal and to Ramappa and Pakhala.

(3) The State Tourism Department is maintaining Tourist Rest Houses at Pakhala and Ramapa.

(4) The Tourist Bangalow at Warangal sanctioned by the Department of Tourism, Government of India which is completed and handed over to Tourism Department in February 1979 will be furnished and commissioned shortly.

(5) The Tourism Department has brought out a separate brochure on Warangal.

(6) In the documentary film entitled "Mirror of India" produced by Andhra Pradesh Film Development Corporation, certain places of tourism importance in Warangal district have also been included.

(c) The state Government have no proposal to construct hotels. But two hotel projects i.e. Hotel Ekasila and Hotel Namrata by private entrepreneurs have been approved for construction by the Department of Tourism, Government of India at Warangal.

(d) If any private party comes forward to construct any star category hotels, the Tourism Department will help in getting the approval from the Department of Tourism, Government of India to enable them to secure loan assistance from the financing agencies.

Smt Roda Mistry:—No Sir. We don’t give any loans directly but before getting any loan either from the Financial Corporation of Andhra Pradesh or I.F.C.I. New Delhi i.e. the Government of India. The hotel project has to be approved by the local department of
tourism and the department of tourism, Government of India. Unless we approve they cannot get loans. Once we approve they get loans either from the Corporation or the banks to the tune of 75% 25% is the private investment.

Smt. Roda Mistry—The monuments are in the hands of the archeological department and they are being utmost to preserve the monuments and we also help them and we can’t do anything more than that.

Taking over of Private Degree Colleges

245—

*805 Q—Sri K. Govinda Rao (Anakapalli):—Will the Minister for Education be pleased to state:

(a) whether there are any proposals to take-over the Managements of the Private Degree Colleges which are not functioning properly,

(b) if so, the names of such colleges; and

(c) when they will be taken over?
8-40 a.m.

Sn B. Venkataram Reddy: —Unfortunately this can’t be a supplementary question.

Sri B. Venkataram Reddy : —A separate question may be given.

Sri S. Jaipal Reddy : —Our education minister was fortunate to have this Demand passed without reply.

Mr. Speaker : —You never put a question without a commentary before it.
Oral Answers to Questions  
8th March, 1979. 355

Sri S. Jaipal Reddy —There is a provision in the Comprehensive Education Bill enabling the Government to take over any private college which it deems fit. Right now the Government does not have the power. There are 2 questions. Will the Government think of taking over all the private colleges, if so, will the Government push through the Comprehensive Education Bill?

Sri B. Venkatram Reddy —I thank for the compliment given by the member but that Demand is that of the people and Mr Jaipal Reddy is part of it and he should congratulate himself for having got it passed. The second thing is, Comprehensive Education Bill is not yet submitted to this House. And as such I can't speak of the provisions of Comprehensive Education Bill as referred to by Mr Jaipal Reddy. The third thing is, we would like to take up the issue of all sickly run private colleges so that proper administration of the colleges are ensured and we are making provision for it.

Sri S. Jaipal Reddy —Will the Bill be introduced in this session?

Sri B. Venkatram Reddy —We are making all the best of effort to introduce in this session itself.

Sri Ch. Parasurama Naidu — Mr. Speaker, Sir, When cheques are issued on banks without bank balance, the cheques get dishonoured. It is an act of deliberate cheating and a cognisable offence which attracts penal provision. They should be straightway referred to Police for prosecution. If one merchant is prosecuted for such cheating, others will not do that anymore and everything will be set right. Since it comes under cheating, will the Hon’ble Minister see that they are prosecuted?

9-10 a.m.

Sri P. K. Venugopal Murthy — Sir, in response to the resolution passed in the Assembly, I have received a letter from a member of the public who has suffered a loss of Rs. 3 lakhs due to this. He has been physically threatened and is in terrible shock over this. I beg to ask the Hon’ble Minister to take immediate action against such people.

Member

The Rayalaseema Development Board, this Committee and the Department of Tourism must get together and do the work. It cannot be one sided.

Mr Speaker:- It cannot be reconstituted.

Smt. Roda Mistry:- We shall certainly do so if the hon. Member gives a suggestion.
Smt. Roda Mistry — This year we have already spent funds for Horsely Hills improvement, within the small budget. The problems of Horsely hills cannot solely be met by the Tourism Department. As already mentioned, in the first meeting, we will devise ways and means in getting the funds from various sources to develop this beautiful hill resort, as it is the only one holiday resort that the Andhra Pradesh State can claim.

It has been neglected badly even the roads are not in good condition. Even the roads are not in good condition. Will the Chief Minister be pleased to state:

(a) Whether a road was laid from Gajuvaka to the Steel Plant site in the year 1971 when the then Prime Minister laid foundation stone to the Steel Plant.

WRITTEN ANSWERS TO QUESTIONS (UNSTARRED)

DAMAGES TO THE ROAD FROM GAJUVAKA TO STEEL PLANT SITE

241—

1595 Q—Sri K Govinda Rao — Will the Chief Minister be pleased to state:

(a) Whether a road was laid from Gajuvaka to the Steel Plant site in the year 1971 when the then Prime Minister laid foundation stone to the Steel Plant,
(b) whether the road was badly damaged now and the buses stopped plying on it and thereby affecting the transport facility to 20 villages and the fishermen,

(c) whether it is a fact, that neither the Zilla Parishad nor the Roads and Buildings Department own the road nor making repairs to the Road, and

(d) if so, whether the Government atleast now fix up responsibility on one of the Departments and see that the road is repaired soon?

A.—

(a) No Sir

(b) The existing road has been damaged but buses are however plying on the road.

(c) and (d) The Balachehuvu Gajuvaka road which belonged to the Central Salt Department was transferred to the control of the Department of Steel, vide's lettr No 30(16) 68-Salt, dated 20-3-1975 of the Ministry of Industries and Civil Supplies of the Government of India.

In the meeting held by the Chief Minister with the Union Minister of Steel and Mines on 30-9-1978 and 1-10-1978 at Visakhapatnam and at Hyderabad respectively, it was decided that construction of two approach roads required for the Visakhapatnam Steel Plant would be undertaken by Steel Authority of India Limited. The State Government are pursuing the matter with Steel Authority of India Limited.

Hence the question of fixing responsibility for repairs of the road on the Roads and Buildings Department or the Zilla Parishad does not arise.

(c) whether steps are being taken to get the breaches repaired?

A —

(a) Yes Sir
(b) Fourteen Years.
(c) A ring bund was laid in 1964 and it is further strengthened in the year 1977. A breaching section is proposed to be taken up under maintenance grant during 1979-80.

Non-Construction of Right Canal to Gommudugedda Project

2287(G) Q.—Sarvasri M. B. Parankusam and S. Vyavarama Raju:— Will the Minister for Minor Irrigation be pleased to state:

(a) whether it is a fact that the riparian rights in respect of about 1,000 acres of land are affected in Kichada, Dalapet, Madalanigal villages due to non-construction of Right Canal to Gommudugedda Project in Srikakulam District;

(b) the reasons why the right canal has not so far been sanctioned even though the ryots of the above villages have been requesting for the same for 10 years with a fear that their riparian rights would be affected and their crops would be lost; and

(c) whether assured water supply will be provided for the said 1,000 acres of land in those villages to raise crops by sanctioning the right canal?

A.—

(a) No Sir,
(b) It is reported by the Superintending Engineer that some extent of the Right side lands are already catered to by the Kothigedda Anicut Scheme. The Scheme as sanctioned contemplates to irrigate an Ayacut of 3,100 acres on the left side under the canal. Provision for irrigating 1,000 acres on the left side by left Irrigation in future has also been made. The right side lands are not covered by the above scheme. Construction of Gummadigedda will not be detrimental to the existing lower riparian rights.

(c) No Sir,

(a) whether the Government are aware that there were breaches of the Kuppurpadu Tank in Atmakur, Nellore causing lot of hardship to the yots under the tank and causing recurring expenditure every year for the past 10 years; and

(b) if so, the steps taken by the Government to find out permanent solution to avoid breaches every year?

A.—

(a) Yes, Sir.

(b) It is reported by the Chief Engineer (Minor Irrigation) that the old bund which was constructed long back developed a number of rat holes and cracks were formed in the tank bund and the soils with which the bunds formed long back became porous, with the result the tank bund is subjected to breaches every year. An estimate has been prepared by the Executive Engineer, North Division, Nellore for carrying out improvements at a cost of Rs. 3.33 lakhs and same was returned to him by the Superintending Engineer with certain technical remarks. The work is programmed to be taken up during the next working season, subject to availability of funds.

Widening of National Highway.

257—

3331 Q.—Sri N. Raghava Reddy—Will the Minister for Road and Buildings be pleased to state:
(a) the time from which the programme of widening the National Highway No. 9, from 80 Kms to 130 Kms. was going on,
(b) the time by which it will be completed;
(c) When the construction work of a by pass road at Malayapuram on the said National Highway was started.
(d) When it will be Completed;

(e) the length of the said by-pass road and its estimated cost together with the particulars of expenditure incurred so far.

(f) the reasons for the delay in the execution of the above work, and

(g) Whether immediate steps will be taken to complete the said works at least now?

A—

(a) From 15th April, 1972

(b) It is expected to be completed by June, 1979.

(c) 6-7-1976

(d) The correct name of the village is Malkapur and not Malyapuram. The work will be completed by March 1979.

(e) The length is 3.4 Kms and the sanctioned estimated cost is Rs 6,18,000. In the meanwhile, an expenditure of Rs 8,17,018 was incurred up to 31-10-78. The revised estimate is under finalisation.

(f) The estimate for forming by-pass was sanctioned in the year 1971-72 and the work entrusted to Sri Shiva Raj Reddy. After taking possession of the lands needed for forming by-pass, the side was handed over to the contractor on 10-7-1973. Some of the land owners of Malkapur Village brought injunction orders from High Court of Andhra Pradesh and as a result the by-pass work could not be proceeded with through the said contractor and therefore the contract was cancelled on 4-7-1975. The High Court gave judgement in favour of the Government. Hence there was no work up to 1975.

Immediately on the decision of the High Court, the work was again posted to tenders. The Government of India accepted the tender of Sri S Venkata Rao, on 4-5-1976, and the agreement was concluded on 4-7-1976. He started the work on 6-7-1976. As per the agreement, the work ought to have been completed by 5-7-1977, but due to ill-health of the contractor, the work could not be put in progress as per the time schedule. Extension of time was granted up to 31-3-1979. The entire work was completed except black topping which would be taken up after allowing the bye-pass for traffic for some time. The entire work including black topping is expected to be completed by the end of March, 1979.
Every effort is being made to complete the work as per the programme indicated above.

The Canal alignment passes through the tanks of Kanekal, Puttur, Komatikunta and Nemallapalli. Hence the water is supplied for the ayacut of these tanks from HLC source.

The following tanks of Anantapur District are commandable for supply of water from HLC Stage-I. Even though no water supply need be made to these tanks from HLC the tanks are being fed from the HLC sources in the years of drought when the crops are badly affected on adhoc basis to the extent possible.

Water is not being supplied regularly to the tanks except in drought years and exigencies to save the standing crop and that too whenever such supply is possible. There is no additional water available to supply regularly to these tanks. In general, for every one acre of tank ayacut supplied with HLC waters 2 acres of I D land localised has to be reduced. These additional demand that has developed for drinking water supply to villages and towns and industrial requirements could not be met with satisfactorily and hence there is no possibility to supply water to these tanks on a regular basis.

(c) 112,510-00 acres.

(d) Water is not being supplied for non-localised ayacut in Tungabhadra Project High Level Canal Scheme except occasional supply to the thanks during drought years as stated above.

(e) As the quantum of water available in Tungabhadra Project High Level Canal System is just sufficient for the localised ayacut and since the ayacut under the existing irrigation sources is not to be interfered with there is no proposal to localise any of the non-localised ayacut.

re: Need to Sanction Additional Teachers’ posts for 8th Classes

The Minister for Education (Sri B. Venkatarama Reddy) —

Due to the high percentage of passes in the VII Class Common Examination during 1977-78, and on receipt of several representations, the Director of School Education in June, 1978 has issued instructions to the District Educational Officers to admit all eligible students seeking admission in Class VIII irrespective of teacher pupil ratio, during the academic year 1978-79. The Director of School Education’s action has been ratified by the Government. He has also requested the District Educational Officers to submit necessary proposals for sanction of additional classes/sections and for creation of additional posts, if necessary.

2 The Director of School Education has submitted proposals to Government, for creation of about 2,868 additional posts, at an estimated expenditure of Rs. 1,56,46,904/- (Rs. 1.56 lakhs) per annum. The proposal are under examination of Government.

We are now almost in the fag-end of the year. We are now almost in the flag-end of the year.
Calling Attention to Matters of Urgent Public Importance

re: Need to Sanction Additional Teachers' posts for 8th Classes

On the urgent matters of immediate public importance, it is necessary to sanction additional teacher posts for 8th classes.

The need arises from the situation where the number of students in 8th classes has increased significantly, leading to a shortage of teachers. The current strength of teachers is 1,564,6904, which is inadequate to meet the demand.

Therefore, it is essential to sanction additional teachers to ensure proper education and learning for the students. The number of students requiring additional teachers is estimated to be 2,838.

Sincerely,

Sir, Jai! Calling attention to matters of great public importance

re: Need to sanction additional teachers' posts for 8th Classes

8th March, 1979

Sir,

Attention is hereby drawn to the need to sanction additional teachers' posts for 8th classes. The required number of teachers is estimated to be 2,868. Currently, there are 1,000 teachers available for this purpose. If sanctioned, this will improve the teaching staff strength to 2,868. The estimated cost for sanctioning these posts is Rs. 1,66,48,904.

Best regards,

428 8th March, 1979or Grants. Annual Financial Statement for 1979-80 Demands for Grants (Budget)

11-10 a.m.

This is a morning meeting, discussing demands for grants for the upcoming fiscal year. The attendees will debate and vote on the budget allocations for various departments. The agenda includes discussions on the financial implications of the demands, the priorities of the department heads, and how the funds will be allocated to support the government's objectives.

The meeting will begin with an overview of the current financial situation and the expected revenue for the upcoming year. Following this, each department will present their demands, highlighting the projects they need funding for. The discussion will then move to the allocation of funds, with a focus on ensuring that the demands are in line with the government's priorities.

At the end of the meeting, a decision will be made on the final budget allocation, which will be presented to the relevant authorities for approval. The meeting is crucial in ensuring that the government's financial resources are allocated efficiently and effectively to support the country's development goals.

334 8th March, 1979 Annual Financial Statement (Budget) for 1979-80

Such Government servant shall for the period from the date of retirement to the date of reinstatement or as the case may be to the date of superannuation be paid fully pay and allowances which he would have received had he been retired from service. The Government servant on reinstatement shall be paid full pay and allowances which he would have received had he not been retired from service. Hence an employee reinstated would receive the pay and allowances which any ordinary Member of the cadre is entitled to from time to time. However, the Special pay, HRA, CA along with other allowances which the Government servant was receiving before premature retirement at a particular place would not be admissible.

“The period from the date of premature retirement to the date of reinstatement into the service as the case may be, shall be treated as period spent on duty and the pay and allowances, etc., for the said period shall be paid in terms of the orders issued in G.O Ms No. 98, Finance and Planning Department, dated 21-3-1977.”

(Elaboration of the text is not possible due to the nature of the content.)
Sri H Satyanarayana (Adoni) — Sir, I rise to support the demands moved by various Ministers. It is my duty at the first instance to thank the Home Minister. He was very kind to make a mention about the Legislators of Adoni and Nalgonda for their valuable assistance they seem to have made at the time of disturbances. My assistance would not have been possible but for the fact that the police on the spot showed commendable patience and sobriety inspite of terrific provocation at that time. I am very happy to say that the police men were very efficient. I would like to highlight certain facts with regard to police administration. It is not for me to criticize as to what they do and what they do not do. What I want to express is that the annexure shows that there is lot of increase in the crime but there is no commensurate increase in the staff. On the other hand, my friend the Hon'ble Home Minister knows that there are number of posts which are granted but unfortunately, they were not filled up. In Constabulary, about 500 people, in Circle Inspectors about 100, in Sub-Inspectors about 100 and so on and so forth were not filled in. So, I would very respectfully urge that the staff that has been granted atleast will be filled up so that they will be in a position to deal with the crime which is on the increase.

Next, I would like to urge that it is very good that you have made a provision to build houses for the constabulary and other staff. But it mentions only in regard to staff, all those people, who live in Cities. It seems the deplorable conditions of Housing for the police staff in the villages have not been taken into consideration. Some of the villages where the police stations are there, they do not have their own buildings. Similarly, the staff are also not having the houses. I hope the Home Minister will look into the matter and try to set right things in the villages too.

Then, I would like to urge the Minister in regard to Jails. Several times, from this forum, I have urged for improvement of Jails. No doubt some changes are there in the Central Jail and also in the District Jails. But unfortunately, the conditions of the Sub-Jails in the Mofussils are as bad as they are in the year 1942 when I had the mis-fortune of being there in one of the Cells there. The conditions are the same in the Sub-Jails. You do not provide any Toilet. During the whole—night, you will have to answer your calls of nature in a pot and it has to be thrown outside. Even in the year 1979 if you do not provide a small facility like toilet in Sub-Jails, what is that we can do? Last time also I urged over this matter. I hope the Minister concerned if he want to get in touch with this matter, instead of sitting there, he can atleast visit some of the Sub-Jails to know the conditions and set right the things. There are some Canteens in the Central Jail and why not you extend the
same facilities of Canteens to Sub-Jails? After all, all the items of food are smuggled into the Jails clandestinely paying lot of monies to these Jail Guards. No doubt you will give an application that the Superintendent of the Sub-Jail for getting the foods from outside. My experience is you will have to pay about Rs 200 to 300 per month for getting the food. Why all these things? You can make a de-facto thing into a de-jure thing. By that, they can get their own food. This would not only remove corruption in the Jails but also provide whole-sale requisite food for those people.

Then, in regard to Fire Services, Sir. The Director of Fire Services know that Adoni is very important commercial centre and there is big cotton market where we get lot of cotton and groundnut stocks and—they are subjected to lot of fire accidents in those cotton markets. I very respectfully urge that a Fire Station be established in the cotton market where the goods worth crores of rupees are there. I once again urge the Home Minister to make note of it and provide some sort of Fire Station in the Market Yard at Adoni.

With regard to Justice, Sir. We are talking of decentralisation. In Kurnool itself, as you all know, you have got three District Judges Courts. Instead of 3 District Judges Courts at one place, if you are able to transfer one to Adoni, which is a very big sub-divisional Centre, it will not only decentralise the dispensation of justice but also it will give lot of help to the litigant public. As it is, a man has to come from a far off place like Kosigi from 100 miles to Kurnool. If the Court is at—Adoni, the distance would be about 30 miles or so. Adoni is a centrally situated place and it would serve the people of Pattikonda, Adoni and Alur also. If it is established at Adoni, you can give speedy justice to the people. You all know that justice delayed is justice denied.

Another point is that in some places, the Judicial Officers do not have any quarters. In Mofussils, unfortunately, the Law Officials, Munsiff Magistrates, Sub-Judges do not have their own quarters. Since they are not provided with Quarters, they are living in private houses. After all, they are human beings and they are subjected to criticism. Somebody say that they are subjected to be influenced by the land-lords. If they are provided with Quarters, they may not be influenced by the Land-Lords. To avoid all these criticisms, you just provide Houses for Sub-Judges, Munsiff Magistrates in Mofussils where the Mofussil Courts are there, so that they can be above all these things.

Remuneration given to the Munsiff Magistrates and Sub-Judges I am told, is very low and they must be enhanced. Under the present circumstances of rising prices, I hope you will not only increase the remuneration but also provide Housing facilities so that they can do their work peacefully. The moment an officer is transferred he will have to run from pillar to post especially in mofussil for getting housing accommodation. It is very difficult to get a House in the Mofussil.
hope that the Minister would consider all my suggestions. With these words, I take leave, Sir.

Annual Financial Statement (Budget) 8th March 1979

for 1979-80.—Demands for Grants

(3) Indirect Contributions — The demand for contributions has been significantly increased. The reasons for this increase are to provide funds for various projects and activities. Moreover, the demand for contributions has been increased due to the increasing need for financial assistance in various sectors. The increase in the demand for contributions is expected to contribute to the development of the area and the well-being of the people.

One must ponder over it.
All of us have to work in the given system and try to improve in this present system. To what extent we can improve, better the system, that is the problem before us. A force to stress the movement, all kinds of movements, sometimes dacoity, sometimes robbery, sometimes theft and many a time all types of movements of the people-democratic, socialist, people's movement, a force, a machinery, an oppressive agency to put down everything. That sort of approach is still prevailing with the very Government, with the very Minister, with the very Cabinet. You want to make it a machinery, overhaul the machinery, keep it ready to order it and switch on and then it pounces upon the whole situation and suppresses it? That sort of approach on the part of the Ministry, on the part of the Government is absolutely an outdated, out-moded, historically, absolutely unnecessary. You must evolve a new approach towards the whole police. Its responsibility, its purposfulness, its role in the social order, its capacity to generate a sense of responsibility among the public opinion—how best to do that. Give respect to the police people. Make it a condition that at least the minimum qualification for becoming a police constable is matriculation. Make it a condition that the primary, elementary beginning wage for every police man is not less than Rs. 400. It must be Rs. 400 Rs. 600, or between Rs. 400 and Rs. 600. I think the All India Police Commission must also recommend that. They must be given a honourable position. They must be made to survive. That is the good beginning to respect the police. Don't ask me to respect the police who beats me every time. That is not the right way. You respect your own police man. Give him proper training. I agree that most of the allegations or statements made by my friends in general that the police department, the police officers, the police constables are not being respected by people. They are being looked
People have no faith in the police structure and system and their responsibilities. It is because of the very tradition and training they got. They have only trained them to suppress the people’s movement, to go against the people, stand against the people and crush the popular movement. That is the situation we are now placed and we have to change the whole system. Therefore, I would like the Minister and the Government to change the very approach towards the police and respect the police people by raising their standards in recruitment, in giving emoluments of service.

Many of Police Sub-Inspector, even Circle Inspectors and D.S Ps and S Ps they don’t know what is the minimum social legislations that have been adopted by this Legislature. They don’t know. When I questioned them and refer to them they say ‘we are independent.’ ‘We are supposed to be independent.’ Independent of what? Independent of commonsense, independent of social legislation, independent of the laws which are there to help the people and the day to-day development. If you don’t know these laws of social development, social progress, whatever limited they are, if you are ignorant of these laws and if you are not taking the responsibility to implement or help in the implementation of these laws, then how are you going to help the people? He knows only the law of suppression, the law of oppression, the law of the mercenary force at the back and call of the officer that be. Therefore, the landlord is the officer, if the high handed fellow is the officer, the bureaucrat is the officer he orders and implements irrespective of the facts of the situation, irrespective of the social, political, economic needs of the local conditions. Therefore, I want that the S.Is and the Police, Inspectors of Police, even the S Ps and highest officers must be in close liaison with the social legislations that are there in our society.

In spite of the weaknesses I say we have a good number of legislation, good number of weapons in the hands of the people through which you can bring about certain changes if only a desire to implement them, the attitude to implement them, a political will to implement them is there. Therefore, I positively demand that the S Is at all levels must be made to attend the panchayat samithi meetings without fail.

Yes. The S.P. and the Police at the district level must be made responsible to attend the meetings of the zilla parishad invariably. At the State level also I want that the I G.P and D.I Gs. must attend the meetings of the State level wherein the problems of the social.
development are the problems of the people are discussed. Only then you will be able to educate them, to inculcate the responsibilities, that are there for them. Otherwise they are independent. They don't know about the whole things at all. That is the one suggestion I would like to make to the Minister and for the implementation of which they don't require any additional amount. Only your political decision is required. The police should be involved in the day-to-day developments, activities and responsibilities. I don't want that police people also must come and work and implement all these laws. No. They have the responsibility. If people are the problems of the people are discussed. Only then you will be able to educate them, to inculcate the responsibilities, that are there for them. Otherwise they are independent. They don't know about the whole things at all. That is the one suggestion I would like to make to the Minister and for the implementation of which they don't require any additional amount. Only your political decision is required. The police should be involved in the day-to-day developments, activities and responsibilities. I don't want that police people also must come and work and implement all these laws. No. They have the responsibility.

These people are going and occupying the land which is surplus. These people are going to occupy house stead which have been decided but only certificates are not issued. When I go there to occupy the house stead, is there any necessity for you to latti-charge me? Is there any social political and moral necessity for you to fire upon me unless you are an agent of the bureaucratic landlords or an agent of the reactionaries of the society? You should bring a sense of responsibility among the police officers and constables. They must help the people to achieve their demands. If the people, in their emotions exceed the limits and over act, then you can interfere; I have no objection. But the landlords request you to come to their rescue, you go
to their house you have a party in his house, you rest in their house and then open fire on me, on the poor people, on the working people, on the Harijans. You are playing the role of a police officer which has been there for the last three centuries. Nothing new. No change has been brought about. Therefore, I request that there should be closest relationship between the police officer, (from top to bottom) and the leaders of the public, at all levels. There must also be a prohibition on the Sub-Inspectors, Head Constables and other officers to go, to take help to take food, and to take rest in the house of a party in the village. Naturally there are parties in every village. Why should the police take rest in his house, take help from him who is antagonist to the other party? They are the creators of trouble. Because the Sub-Inspector is also, in the sense, a Judicial Officer, may not be empowered to act as a Judicial Officer, but he has to discharge judicial responsibility. So he must act as an independent man only amicable to the people, connected with the people and solving the people's problems. He should not side or section or faction of the village. He is discharging the duties of a judicial officer. So a ban must be imposed. Whenever and wherever, it is brought to the notice of the higher authorities that certain Sub-Inspector has gone to a particular party's house or has taken food or attended a party, he must be subjected to severe punishment. Otherwise, this old system will not be changed. There must be some close relationship between police officers and the people's representative so that there may be an opportunity to discuss with them about the social laws, its implementation and responsibilities arising out of them.

The Disturbed Areas Act does not give you any additional power at all. In the Sections of this Act, as far as punishment of the crime is concerned, it is heavier and severe. No peculiar additional responsibility can accrue to you out of this Act. The normal Act and normal Rules can help to restore law and order in a place where there is disturbance. There is no meaning to continue that Disturbed Areas Act. On the other hand, this Act is helping people for advertisement throughout the country. I have seen in Economic Times, Times of India etc., in front page, articles saying that in Telangana again there is a great disturbance going on the State Government is not able to crush; therefore special police is invited. That is the speciality. By withdrawing the Disturbed Area Act from that area, you will be only helping for normalisation. You will not be loosing anything. The
sonner you withdraw it, the better in the interests of the local people and the whole country.

The Jails should be Reform Centres There are incorrigible criminals, hereditary criminals etc. You cannot reform them even if you put them in the Jails but you have to try to polish them. You must try to infuse a sense of social responsibility in them towards their families, and towards the whole people.

This is the modern thinking about the punishment not to the punitive but reformative. Reformative punishment is the modern philosophy which every modern philosopher accepted and you can not go back.

This is not the total solution. You will have to solve this problem totally. For that you must be ready to face the whole problem from a different angle and from a different approach and invest necessary amounts to reform them in the Jails.

I am sure, with my varied expressions in Telugu, Urdu and English, the Minister concerned must have understood what I have said.

Thank you.

Shri Irfan - Aamir Hameed - Du Kamsar, Minister for Education, and

Secretary, Ministry of Education.

Sir,

Salutations!

In the statement of the Ministry of Finance for 1979-80, demands for grants are presented to the House. They are based on a comprehensive review of the department's requirements.

The Ministry of Education requests an increased allocation to support educational institutions and programs. The funds will be utilized to enhance educational opportunities for the people of the country.

We hope that the House will consider these demands in the interest of national development.

Yours faithfully,

Shri Irfan - Aamir Hameed

Secretary, Ministry of Education.

Sir, I think if I speak in English as regards the Courts’ matters our hon’ble Minister for Law will be able to catch my point.

As far as the Courts are concerned, every year Additional Courts are being sanctioned at various places but particularly in Nizamabad District Sub-ordinate and Additional Courts are required, i.e., one is at Nizamabad and other in Bhodan and particularly in Bhodan, previously the Additional Court was working but now there is no permanent Additional Court permanently.
So I hope that the Law Minister will take into consideration, to have an additional Court not only at Nizamabad but also at Bodan. I may submit that in most of the Courts, they are not having any space for the Bar Association. They do not have separate building for Bar Association. Regarding this also representations have been made to the Chief Justice and also to the Government regarding construction of buildings for Bar Association, especially in Bodan and Nizamabad.

Minister—Hereafter I will allow only a restricted number of speakers from each party. If every member wants to take his own time, I cannot pull on like this. On every Demand, every member is not expected to participate. Each party should adhere to the time given. I cannot go on allowing the members to speak like this.

Sri K. Bapiraju—Sir, I would like to speak in English, with whatever little knowledge I have in that language, because the Hon'ble Minister can follow what I say. Regarding the police Department, so many members have expressed a view that the constables are poorly paid and their salaries are very low. I quite agree with this and I feel it is very necessary for the department to take immediate action to raise the salaries of these low-paid people. Next, there is a funny way of functioning of the Police Department, i.e., writing the cases at the end of the month. This is a legacy from the British Government. Go to any police station, you find the cases written up only at the end of the month. That shows that the offences occur only at the end of the month. This is obviously absurd because offences take place throughout the year. Therefore, we are forced to conclude there is no honest maintenance of records. If they do not write down cases, they are considered not competent to work there—that is the idea that goes round. So even an honest Sub-Inspector who is posted to a particular station and who does his duty with integrity is forced to adopt these undesirable practices; he has to write up these cases for the sake of a superior officer who comes for inspection. Secondly, if there were more cases written up during the time of the former Sub-Inspector, and if the successor shows less number of cases, it would be concluded that the Sub-Inspector was over-worked. I feel that if there are less number of cases in a particular police station, the Sub-Inspector in charge of that police station is doing better work. But I don't say that a Sub-Inspector is doing well if there are no cases at all. At the same time, a man who is honest can be given certain liberty because if we recognise his honesty he can do better service.

Next, I would like to mention that unfortunately the legislators or politicians or non-officials, we generally feel that when the question of patriotism comes, we are patriotic people but not the workers, officers or others. An officer or worker whoever it is working for the country without them we do not get improvement in the country. Many members talked about the way the department is functioning and also about the services.

Annual Financial Statement (Budget) for 1979-80 Demand for Grants.

whether it IAS or IPS etc Members also have referred to the dangerous situation in which we are living and what is going to happen tomorrow and we are also running down the officers. If we talk like this, the officers who are sincere in their work are offended by the criticisms we are making, because after all they need the sympathy of the people. We all say there is no law and order in the State. But I can say, here, in this House, there is no law and order maintained by us because we are breaking the furniture, the mikes and so on. This would prove that we have no law and order here. How can we expect it elsewhere? Mr. Omkar has said that just because he is defeating all the parties and just because he is strong, some miscreants are throwing bombs at him. Tomorrow somebody may throw a bomb at me or a lorry may run over my head. I wish to say that this country needs more statesmen than politicians. We have sufficient politicians in the country.

Regarding my constituency, they mentioned in this "Note on the Demand"—it is only mentioning with no functioning. I requested one of the D.I Gs for a Fire Station and he asked me to pay Rs 50,000/- How can we pay? We are poor and where is the question of paying Rs 50,000/- and I asked him "if we do not pay are you not going to provide a Fire Station?" Then he said the rules are like that. I request the Hon'ble Minister to kindly consider the establishment of a Fire Station in my constituency.

Regarding the police stations I request that every police station should be provided with a vehicle, that is, a jeep or a motor cycle. If a phone message is received in the police station regarding the occurrence of a crime or offence and if there is no vehicle available in the police station how can the officer reach the place of offence? If he uses somebody’s vehicle he will be called dishonest. How can he be honest if he asks for the vehicle of somebody else? So every police station should be provided with a jeep or a motor cycle. Otherwise the officer in charge cannot arrive at the desired place in time.

Sri S. Jaipal Reddy:—I suggest that the Home Minister may set up a factory for manufacturing statesmen!

Sri M.M. Hashim—Sir, I have moved demands for Police, Jails and Fire services. Deliberations have taken place from the Opposition side, from Treasury Benches and Hon’ble members have also spoken,
which we have been hearing all the time. No doubt, there are some constructive suggestions which are most welcome but there are some wild allegations too. By that what feel, instead of getting the results which Hon'ble members are expecting, if we have watched and if we are alert, we can get better results. If we go on harping in the same old style, when we want them to change from the old style and our old methods of dealing with them should also be changed. Previously officers and authorities used to exploit them, according to their needs according to their own wants and ultimately getting all the work expected by them in way of protection for their families; protection for their palaces and for each and every thing and ultimately when time comes, they used to be sent to gallows and jails. Now in the changed conditions, if we have the same behaviour for getting all the protection from morning till evening, he (the Police man) works day and night and ultimately what is the result he gets in different form, from that of British Rj days. Our Hon'ble Member Sri Ch. Rajeswar Rao made some good suggestions, definitely we will consider them. We will see that those suggestions are enforced, because they are in the interest of the people.

Mr Naidu has also suggested certain things and definitely we will examine those suggestions and we will work for that. But, Sri M. Omkar has said so many things. I am afraid if he calls a policeman, a criminal, and a decoit, it will become a very horrible thing for me to move in a village in the condition, as he has described a police station. If I am of that type of man which Sri M Omkar has described, I don't think anybody could move, leave alone Sri M Omkar, in the area, from where he comes. I accept that here and there, there are some defects. As a human being we must have some sympathy. Suppose we find the Police man guilty, enquiry will take place and he will be punished. From morning till evening they go on saying something or the other about the police man and at the same time you have to realise very well, if that policeman, whatever he may be, whether he is of Sri Omkar type, or of Sri Ch. Rajeswar Rao type of of the type of what Sri M Venkataiah Naidu has said, to change that type, it becomes ultimately very difficult, and for us to move. No body will be safe. Don't think we can move about in this manner. Our children cannot move about, and for the information of Sri M. Omkar and other Hon'ble members, let me state, that in our city of Hyderabad, there was a case, where a baby had been taken away with a conspiracy and the parents were in dying condition. They were nervous. All round the clock we had to see to the safety of the baby and get over the situation.
We got those culprits arrested and handed over the baby safe to the parents. It might have been seen in other states that they have every facility like equipment, reinforcement and everything at their command, even then they have failed. You might be knowing that there were so many occasions like that and I need not refer to those cases. My only plea to my Hon'ble members is, to give one of two pats I can stand guarantee to see that the corruption and the inefficiency is stopped from the Department. But you just try to pat them sincerely. You are telling in so many ways and types one or two touching points I don't know whether they are crocodile tears or really affectionate ones. The common man understands, because he works from morning till evening. He understands my language also and he understands the language of Mr Omkar. So, my point again and again is that we are making our best efforts to get the better results. As Mr. Naidu said competition and comparison on healthy grounds is always good. Mr. Naidu also told that it seems that the Chief Minister once said that there were worst conditions in other States and that our State was better. That is not the point here. When I mention this repeatedly before my Hon'ble friends and members, when it comes in the Press, where a man who is loosing his heart and where everybody is condemning, he gets a hearty-pat and encouragement and there comes a new life in the police, man and he will understand that really what Mr. Naidu said that this is not British Raj, and what policeman used to do them. Now after all our people are there. They are really serious. So we must also act seriously in that manner. That is their feeling.

To make their lot better, as far as their Housing and pay-scales are concerned, the recommendations of the Pay Revision Commission are awaited. For Housing we got some sanction and we are expecting some more. I think all of you must have gone through my statement which was laid on the Table of the House with all the details, I need not repeat it here, as my Hon'ble members are feeling hungry.

Sri S. Jaipal Reddy:—Sir, in this respect what the Home Minister told, is correct and right one

(... laughter)

Sri M.M. Hashim:— Sir, Later, Mr. Jaipal Reddy will agree that more or less on all points I am correct and right.

Because, what all I am talking, I am doing it is from their points and because of their co-operation. I have to congratulate them for their co-operation. We have avoided many difficulties and trouble in the city and in our state with their co-operation. In Adoni they hav...
co-operated with us, and in city they have co-operated with us. In students' problems, they have co-operated with us. Police is definitely doing all better because of their co-operation. If the co-operation not there, and if there is instigation, you know where they may land, which I need not say. Definitely, their co-operation is there and we are thankful for that and we are always looking forward for their good suggestions. We always want that they should come forward in advising us and rectifying and correcting the defects. This attitude will create a kind of fear of the Opposition and the Members, and that is why the Police department will always work with more alertness. They are also trying to give better results and whatever they have given now, they have given very good results. Last years' situation was entirely different, but since we have taken over, we are seeing that Police is working very sincerely. They are understanding and they will understand more and more. The Police must be given proper education. Some of the Hon'ble members say, and I also say that we should make them realise that "it is your own Police", and it is not British Raj Police or some other Police. It is our own people. Our own people are there. Our own sons and brothers are there. In that spirit it has to be taken up and then the Police department will be able to do better service.

The Army man who fights the battles, takes rest in the barracks 2-40 p.m. but see the unfortunate Police man. From morning till night he has to go round and round the places and sometimes, when Bombs are found in a House, like our Member (the present incident) then, the whole night the police man has to watch there, investigate there and there are so many other incidents, for which he has to go and work day and day out, in different situations. Keeping all these aspects in view, I accept when some members have spoken about corruption. Definitely it is the society's defect. You are also human beings. They are also human beings. You forgive them as divine. I do accept that here and there such things might be there. But whenever such things are brought to our notice, we are taking serious notice and we are punishing them and the result is before us. They have been punished, they have been suspended and even transferred and especially we always look forward to such information from the Hon'ble members. If they have specific cases, not just allegations or any chase type of things; we will definitely go through that and ultimately we will get the things rectified. So, whenever there is corruption charges, if any specific case is brought to our notice, we can do a lot. I accept that the Police department is getting modernised crimes. The criminals are also learning new matters.

(laughter).
Recently there was radar system to check the speed. The moment the vehicles come in the area, they are getting a signal (like pip pip pip) which warning that "Policemen are staying there to catch them". The criminals have got that kind of instrument investigated and attached to their cars. The moment they get the sound, they get the information, and getting themselves free. Now the Police have evolved another system to jam (the system of criminals). So, these kinds of things are going on. Something we are learning from them and something they learn from us.

The present menace in the city is about traffic, because of slow moving traffic, i.e., lorries etc. The present traffic system and the arrangements were meant for 10 to 12 lakhs of population. Now-a-days we are having nearly 25 to 30 lakhs of population and it is a well known fact that still more and more is increasing. That is why we are having this problem. Last year, I had also discussed about the aspect with the Government and on the basis of the discussions with the department, the Commissioner has formed an Advisory Committee. We are consulting with this Committee in this city and they are drawing a line as to how to face the traffic menace, and there are other forms also, where we have been discussing. We had a meeting of the Consultative Committee also where their suggestions would also be taken into consideration.

So, the police department is well planning and I need the co-operation of the Members in that affair, because now and then, footpath man may suffer. Your own brother who is having a shop may suffer. If we look to that suffering we will be able to solve the traffic problem? So, I need the co-operation of Members. If all of you and every public representative feel that is good, it is going to give the good results. But there is a time factor and various other factors have been considered and new methods have been evolved and now it is giving very good results.

If more co-operation is there, we will definitely get success. Now and then, if you bring more things either to my notice or of the notice of the Government, they will be rectified. About the slow moving traffic some of the members have elsewhere suggested in their talks. The problem of the traffic in one side and in another side, it is the human problem. So we have to look for both the things and work out a plan. All are aware I hope, that long back, Rikshas have got fixed some scooter type of motor but unfortunately that type did not work well. So, some more new plans are being worked out. If the plans are
worked out successfully, then only the question of slow moving traffic will be solved. Otherwise it is unimaginative and nobody can remove that slow moving traffic.

Modernisation of police force is seen by all the Members. We have brought two new ranges at Karimnagar and Anantapur, development of Computer system, two posts of Deputy Commissioners and Armed Reserve Platoons, new circles at Managalagiri, Ponnur and Korella, and new Police Station each one at Chilakaluripeta and Ratula of Khammam District. The Intelligence wing at the State headquarters has been reorganised. The District city special branch was also strengthened. On the basis of these recommendations, the modernisation of police force have been taken at this level. In the scientific computer system, in the Phase-II, the cost amounted to Rs 450 lakhs; while the cost of wire-less equipment, training and purchase of vehicles, altogether the expenditure has come upto Rs 40.5 lakhs. Apart from this, we are developing our Forensic Laboratory and it is giving very very good results in detecting crimes.

In the statement, placed on the Table of the House, various reformatory measures to improve the living conditions of the inmates have been dealt with. Jail training school has been started recently to train the staff of the jail in modern concept of correctional services as well as physical training, as my friend suggested. On an experimental basis, a wage system was introduced in the Central Jail at Hyderabad in July. This has benefitted 371 prisoners who earned a total amount of Rs 13,000 approximately. This scheme will be revived and this system will also be extended to other jails, depending upon the availability of funds.

During this year, two Fire Stations were opened one at Chandulal Baradari and the other at Moula and an amount of Rs. 33.38 lakhs is proposed to be provided for replacing the old vehicles. New fire stations are being sanctioned to extend feasibility to signal units. The cost involved for fire stations is Rs. 5.2 lakhs. Out of 209 talukas in the State, fire stations are only at 66 taluk headquarters. To provide fire stations at the remaining talukas, we have been trying to get assistance from the Government of India. We will do our best to meet the demands of the Members, as they wanted fire stations at every taluka.

Sir, once again I thank the Hon. Members for their cooperation. I promise them this—that the Government will do its best to curb all the irregularities which they have pointed out and we seek their co-operation.

Annual Financial Statement (Budget)
for 1979-80:
Demands for Grants.

I would now request them to withdraw all the cut motions and vote for the Demand

Sri M Omkar — I would like to put a straight question to the Hon'ble Minister regarding law and order situation in our State. Now in the prevailing condition, neither the politicians nor the women nor the children nor the Harijans, Girijans and weaker sections have protection. When the law and order situation is deteriorating day by day how can our Minister be content with the present situation. Similarly when the Police is resorting to killings in the police lock-ups, rapes, torture, encouraging gambling dens, developing contacts with those thieves who are encouraging thefts when all these sorts of things are being committed by the Police Department, how can you be satisfied that everything is all right and it is only a question of setting right simple matters here and there. Unless you face the situation you cannot improve these things. I tell you, compared to last year, the law and order situation has become worse this year and it is still going worse.

Mr Deputy Speaker — The Minister has made a statement now on the general issue.

Sri M Omkar — I have raised a specific issue of law and order situation which is deteriorating day by day.

Sti M Venkaiah Naidu — I mentioned about the Cabaret dances in the city hotels. Is there any proposal with the Government to cancel permission for such hotels as Nagarjuna and Maharaja, etc. Secondly is there any plan with the Government to curb the Cotton Market 'matka' and Amusement Parks in the State?

3-00 p. m.

Mr. T. G. Venkatesh — Addressing, the Finance Minister has given the revised demands for the current year. It is stated that the demands are related to the budget of 1978-79 and the matters are related to the budget. I would like to request that the Finance Minister kindly address the demands in detail.

Mr. M. M. Hashim:—I have taken note of all the valuable suggestions which the hon Members have given and I will work on them.

Mr. N. S. N. Reddy — In his reply the hon'ble Minister has not said anything about the burning of the National Flag. I want to know whether it is an offence or not and what action is taken against the culprits?

Mr. M. M. Hashim:—First, regarding the suggestion about auto rickshaws I will ask the Department and see that an arrangement is made within the Control Room itself in such a manner that complaints could be looked into. As it is, we have made arrangements in Secunderabad station and Gowlidanda Chaman. Regarding the National Flag incident the Government deputed the D.I.G. Crime Branch to look into the matter and necessary action will be taken after his report.

Mr. T. V. Narayana — Addressing, it is stated that the demands are related to the budget of 1978-79 and the matters are related to the budget. I would like to request that the Finance Minister kindly address the demands in detail.

To reduce the allotment of Rs 2,16,38,000 for Fire Services by Rs 100.

For not providing a Fire Station for each taluk.

The motion was adopted and cut motions were withdrawn.

Mr Deputy Speaker — The question is:

To reduce the allotment of Rs. 40,11,62,000 for police administration by Rs 100 since the Government have failed in maintaining Law and Order giving protection to ladies, giving protection to S.C, S.T and other weaker sections, and the police is siding the landlords, corrupt officials, and declared Sircilla and Jagityal taluks in Karimnagar District as disturbed areas; and the police as such is resorting to killings, tortures, molestations, encouraging thefts and several corrupt malpractices.

The cut motion was lost.

Mr. Deputy Speaker :— Now I will put the Demands to vote:

The question is:

" That the Government be granted a sum not exceeding Rupees 5,31,31,000 under Demand No XV - Stationery and Printing Department "

" That the Government be granted a sum not exceeding Rupees 40,11,62,000 under Demand No. XIII - Police Administration "

" That the Government be granted a sum not exceeding Rupees 3,57,26,000 under Demand No. XIV - Jails Administration."

" That the Government be granted a sum not exceeding Rupees 2,16,38,000 under Demand No. XVIII - Fire Services."

" That the Government be granted a sum not exceeding Rupees 6,50,01,200 under Demand No. III - Administration of Justice."
