Inclusion of Tirupati Cotton Mills Area Near Renigunta In Tiruchanur Limits

3463 Q—Sri A. Easwara Reddy (Tirupati) — Will the Minister for Home be pleased to state

(a) whether the Tirupati Cotton Mills area (Suryanarayanapuram, KCM Hospital area) near Renigunta, Chittoor district is included in Tiruchanur limits under the SL of Tiruchanur near Tirupati,

(b) the reasons for including this Labour infested area which is near Renigunta in the limits of Tiruchanur,

(c) whether the jurisdiction extends to the airport area within the limits of Tiruchanur, and

(d) if so, whether the Government will consider to delink it in the proposed reorganisation set-up?

Home Minister (Sri M M Hashim) —

(a) Yes, Sir

(b) For better control on the Law and Order problems, the Tirupati Cotton Mills area was attached to Tiruchanur Police Station and brought under the jurisdiction of an Additional Superintendent of Police at Tirupati, who had Armed Reserve Platoons exclusively under his control. Though the area is nearer to Renigunta, the Renigunta Police Station is under the jurisdiction of the Deputy Superintendent of Police, Srikalahasti, whose Headquartes is away from the area.

(c) Airport area is within the Tiruchanur Police Station limits.

(d) There is no proposal to transfer the Airport area from the limits of Tiruchanur Police Station.

Sri A. Eswara Reddy.—Sir, the Hon'ble Minister says that Tiruchanur Police Station is eight miles away from Renigunta. Renigunta is only half a mile from this labour infested area and not the Tirupati Cotton Mills area. Suppose anything happens in the labour infested area, to give a complaint a labour has to go eight miles away to Tiruchanur and lodge a complaint there. So, will the Hon'ble Minister reconsider this and re-transfer this area? I mean, retransfer this in its jurisdictional area.

Sri M M Hashim.—Sir, we have viewed the same thing. Because Tirupati Deputy Superintendent of Police will be nearer to us. We have not viewed the station but we have viewed the senior officer, who can review and look into the problems, as our Hon'ble Members have said and urged.
Sri A Eswara Reddy —Sir, there were recently some murders also in that area. So, if they want to lodge complaint, it is advantageous for the labourers and the people residing in that area to go to Renigunta Police Station immediately, but to go all the way 8 to 10 miles away to Tiruchanur, it is horrible for them. So, will the Hon'ble Minister consider to re-transfer this? We are not bothered about the Airport area.

Sri M M Hashim —Sir, We have viewed various things. It is not advantageous to transfer industrial area and also the Airport area to Renigunta Police Station. Though this area is nearer to Renigunta, it will not be possible for D S.P Srikalahasti to attend to protocol duties and to have proper control over this industrial areas, being at far off place.

Sri A Eswara Reddy. —How is it Sir? Earlier it was in the Renigunta Area only. Now they have delinked it and the Government is imposing all sorts of restrictions for the people to lodge even complaints.

Sri M M. Hashim — Sir, I have explained it to the Hon'ble members. The post of Additional Supt of Police with headquarters at Tirupati was abolished later.

Sri Poola Subbaiah:—Sir, The Revenue Minister is prompting the Home Minister.

Mr Speaker.—Just as you are prompted by Mr Jaipal Reddy.

(laughter)

Sri Poola Subbaiah.—Sir, the Minister replied for “better control” and do you mean by ‘better control’ here, when it is tagged on to the nearest police station, and the S I. will control the crimes there but not the Superintendent of Police? Therefore the Police station which is even half a mile controls better. That is one point and secondly, perhaps the Minister does not know that the Local M. L. A., has been agitated that for better control, Renigunta has to be selected. Therefore in view of what the local M L A., said, will the Minister for Home Affairs reconsider and see that better control is assured?

Sri M M Hashim — Sir, I will examine.

Oral Answers to Questions.

(1) The Minister for Housing, in reply to a question, stated that there were no provisions in the existing law to allow for the purchase of houses by tenants. The Law Commission had recently submitted a report to government which, it was hoped, might be considered at an early date. A committee had also been appointed to examine the Housing, Rent and Tenancy Act, 1947, and the new law on housing in various States for the purpose of framing a central law to meet the housing needs of all categories of persons.

(2) In reply to a question, the Minister stated that the Government was considering the financial assistance to be given to the Housing Board for the purchase of land for the construction of houses for slum-dwellers. The Board had already purchased land in certain areas and was in the process of finalising its plans for the construction of houses. The amount of financial assistance to be given to the Board would depend on the scale of the construction work and the requirements of the Board.

(3) In reply to a question, the Minister stated that the Government was considering the need for a comprehensive housing scheme to meet the requirements of all categories of persons. The scheme would be designed to provide adequate housing facilities for all segments of the population. The government was also considering the establishment of a Housing Development Board to coordinate and promote housing activities at the national level.

(4) In reply to a question, the Minister stated that the government was investigating the possibility of introducing a new housing scheme to meet the needs of the economically weaker sections of the population. The scheme would be designed to provide houses at affordable prices to the low-income groups. The government was also considering the possibility of providing financial assistance to private builders to encourage them to build houses for the lower income groups.

(5) In reply to a question, the Minister stated that the government was considering the need for a comprehensive policy on housing to meet the requirements of all categories of persons. The policy would be designed to provide adequate housing facilities for all segments of the population. The government was also considering the establishment of a Housing Development Board to coordinate and promote housing activities at the national level.

S. N. Q. No. 3937—P Sarvasri B. Machendra Rao, Ch. Lakshmaiah—Will the Minister for Home be pleased to state.

(a) Whether the Government have appointed any Committee with the City MLAs for obtaining suggestions to control the traffic problem near Shankaramath, Nallakunta junction as assured by the Minister;

(b) if so, the date of appointment of the committee and the suggestions offered by them;
(c) if not, the reasons therefor,

(d) whether it is also fact that in the small lane opposite to Shankaramath leading to Excise Colony, traffic is being jammed every day near the railway bridge, particularly during the peak hours and also in the nights upto 9.00 p.m.,

(e) the remedial measures proposed to be taken by the Government to avoid the traffic jam thereby causing delay of hours together of passengers to cross the 20 ft. length under bridge, and

(f) whether the Government proposed to the Railway authorities to widen the bridge as has been done near Malakpet and if so when?

Sri M.M. Hashim —(a) Advisory Committees have been formed in each of the 6 traffic circles of City in June 1978. The Advisory Committee of traffic circle, Nimboliada under which Shankaramath, Nallakunta Junction falls have offered suggestions that pushcarts near Tourist Hotel 'T' junction and at other places should not cause obstruction to the free flow of traffic and the auto drivers should be made to stand at the place allotted for autorickshaw in front of Tourist Hotel and that those autorickshaws that refuse to ply on meter charges at Kachiguda Railway Station should be booked and the auto stand at Fever hospital should be kept clear for auto parking.

(c) Does not rise.

(d) & (e) It is a fact that there is heavy volume of vehicular traffic during peak hours in the lane opposite to Shankermutt connecting the Excise Colony under the railway bridge. In order to relieve congestion on this bit of narrow road, one way is being introduced from 9 to 11 A.M. and 5 to 8 P.M. This will considerably help in clearing the congestion.

(f) The proposal will be taken up with the Railway authorities.

Sri B. Machendra Rao —Are you calling for the objections from the public before the imposition of the one way traffic?

Sri M.M. Hashim —I have been told by the Commissioner of Police that the meetings of the Committees were being called for and the attendance is very low. He also called for the objections and advice by the Committees at various places but the response is very low.

Sri B. Machendra Rao —What are the steps taken to avoid traffic congestion in the peak hours?

Sri M.M. Hashim —As I said they have adopted one way traffic at different timings.
Sri S. Jaipal Reddy — Is it not true that on account of underhand dealings in the office of the City Commissioner of Police, licences are being given to Theatres indiscriminately, leading to traffic congestion? Will the Government scrutinise this matter more closely?

Sri M. M. Hashim — It is not connected with the question, Sir. However, I will examine that.

Sri B. Machindra Rao — Is there any coordination between the Municipal Corporation, Urban Development Authority and Police Department in formulation of these one way traffics and issuance of licences to Theatres?

Sri M. M. Hashim — The question was about a particular place i.e. Shunkar mutt, Sir, and I have answered that If the member want to answer their questions, they can put a separate question. I will certainly answer their (Interuptions) questions.

Sri B. Machindra Rao — Is there any motivation from others in making these one way traffics?

Sri M. M. Hashim — There is no motivation, Sir. For the convenience of the public, these one way traffics were imposed. If there is any inconvenience, we can re-examine.

Yesterday, I clearly asked the Members to cooperate with me. When we are going on with a particular new thing, there will be objections. Some shop-keepers and some foot-path vendors, somebody would object and we cannot stop doing good things.

Sri B. Machindra Rao — There must be some coordination. There is no coordination now. Let him reconsider the whole issue, Sir.

Sri P. Subbaiah — In view of the inconvenience caused to the public, would the minister re-consider the one way traffic imposed? To go to a furlong in Chikkadpally, one has to go one and half mile round about the way. This is causing much inconvenience and would the Minister reconsider this?

Sri M. M. Hashim — Definitely I will re-consider. But one clarification I want to make, Sir. When I do some thing there is opposition, when I do not do some thing there is the opposition.

Sri S. Jaipal Reddy — The problem of traffic congestion in certain areas is making havoc and causing much inconvenience to the public. They are largely caused by the indiscriminate issue of licence to the theatres. Will the Government take suitable steps to see that these issue of licences are properly scrutinised?

Sri M. M. Hashim — I will examine all the suggestions.

Matters under Rule 329

re Fire accident in Visakhapatnam on 7-3-79.

9th March, 1979 539

Mr. Sriramulu Naik Regional Officer said that water scarcity is a major problem in fighting the fire. He said that there were 17 static water tanks in Visakhapatnam, but since all of them were in a dilapidated condition they were of very little use in the emergency. There were only 100, 150, 200 and 250 litres per minute. The Regional Officer said that the scarcity of water was a major problem. He said that in the past, the static water tanks were used to supply water to the emergency situations. However, due to the lack of maintenance, the water tanks were unable to supply water in the emergency situations. He also said that the Regional Officer had requested the government to increase the number of static water tanks and to maintain them properly. He said that the government had agreed to increase the number of static water tanks and to maintain them properly. He also said that the Regional Officer had requested the government to provide more water supply to the emergency situations. He said that the government had agreed to provide more water supply to the emergency situations.

7. The total estimated loss is Rs 7,57,450/-
re (2) The death of two persons and loss of Jaggery, due to fire accident at Ankapalli, Visakhapatnam Dt

Dr M Chenna Reddy — Fire accident occurred on 5—3—79 at about 10 p.m., in the godown of Sri Malla Sambasiva Rao situated in Neednamoddi area of Ankapalli town. The godown is under the lease of Sri Gouri Trading Company for storing jaggery on an annual rent of Rs 2,000/-. Sri Gaju Sunbabu is the Managing Partner of the Company. The godown consists of three compartments, each compartment consists of three tiers erected inside the godown on wooden structures with bamboos. The jaggery lumps are being stored on these wooden and bamboo tiers and on ground floor. On 5-3-1979 at about 10 p.m., while storing jaggery lumps after unloading from the lorry on the second and third tiers of the middle compartment of this godown the jaggery lumps already stored on the third tier rolled down on the second tier and the wooden frame collapsed. While storing jaggery lumps the labour used kerosene lamps for lighting purposes in the godown. Due to collapse of wooden bamboo frame and on account of rolling of jaggery lumps on the kerosene lamps the lamps were damaged and the kerosene spread over the godown and caught fire. The kalasis and mustries working in the godown jumped down from the tiers and tried to escape from the fire. One kalasi by name Vidarsi Brahmalu son of Sambasivarao aged 18 could not come out of the godown due to fall of one wooden rafter on him. The other kalasis tried to save him but could not due to flames and smoke. The deceased were charred to death. Fire services controlled the fire. Two compartments of the godown were completely damaged. On 6-3-1979 while clearing the debris another dead body was discovered. It was in a completely charred condition. It was identified as the dead body of Sadhu. The dead body of Brahmalu was taken by his
father and now claimed the body of Sadhu Sadhu was reported to be an orphan boy and has no relatives. Both the deceased are aged 15 years. In this incident three other children received burn injuries and they were admitted in the hospital for treatment. The Collector ordered monetary relief of Rs. 500/- to the legal heirs of the deceased. The estimated loss of jaggery is one laka, the estimated loss of goodness is Rs. 75,000. The cause of the fire is purely accidental.

The stand of the Opposition stands vindicated and the Government's stand is condemned. It is not merely the honour of the Member which has been vindicated but it is the honour of the House that has been vindicated. What the Government has to say on this?

10:30 p.m. The Rules Committee convened on 10th March, 1979. The meeting was held at 10:30 a.m. The rules were discussed and the matters under Rule 229 were considered. The resolution was approved and the students were allowed to hold a demonstration at 3:00 p.m. on 10th March, 1979.
**Letter to Students of I.T.I.**

Madam,

I refer to your letter dated the 15th of March and I am writing to you to inform you about the rules and regulations that have been set forth for the admission of students to the I.T.I.

According to the latest regulations, the following procedures are to be followed:

1. Eligibility:
   - Students must have completed their 10th standard with a minimum of 50% marks.
   - They must also complete their 12th standard with a minimum of 60% marks.

2. Application Process:
   - Students are required to submit their applications along with the necessary documents to the Principal's Office by the 30th of March.

3. Selection Process:
   - The selection process will be held on the 1st of April.
   - The list of selected students will be announced on the 2nd of April.

I hope that this information is helpful. Please feel free to contact me if you have any further questions or concerns.

Yours sincerely,

re Agitation by the I T I Students for their demands.

The meeting was opened by Mr. [Name], the Principal of the Institute, who welcomed the students and informed them about the purpose of the meeting. He stated that the objective of the meeting was to discuss the agitation by the I T I Students for their demands.

Mr. [Name], the Secretary of the Students' Union, presented a report on the ongoing agitation. He highlighted the issues raised by the students and the steps taken by the administration to address them. He also mentioned the students' concerns about the lack of participation in decision-making processes and the need for better communication channels between the students and the administration.

Mr. [Name], a representative of the students, expressed their demands and concerns. He emphasized the need for equal representation in the decision-making bodies and the allocation of funds for students' activities.

Mr. [Name], the Dean of Students, addressed the concerns raised by the students. He assured them that the administration would take necessary steps to address their demands and implement the required changes.

The meeting concluded with a vote of thanks to the Principal and the Secretary for their guidance and support. The students were encouraged to continue their efforts and remain united in pursuing their goals.

(2) Harassment of M/s Ratnalu Dayanidhi, Balaji, etc by Circle Inspector, Palasa and A S I Kasibugga

Sri M. M Hashim.— On 7-1-1979 at about 10 p m Inspector of Police, Kasibugga and additional Sub-Inspector Kasibugga during their night rounds on national highway stopped van PS 3955 as it was going with over load. The inmates Ratnalu Dayanidhi, Balaji, Ratnalu Krishna Rao, Kam u Krishna, and others threatened the driver not to stop the vehicle as they know Inspector and Additional Sub-Inspector. The Circle Inspector followed the van stopped it and demanded the driver for the records of the vehicle. The inmates who are in drunken state abused the Police and the Government. Hence the vehicle and inmates of the vehicle were brought to Police station and they were arrested under section 186, 187, 506 IPC read with 75 Madras City Police Act in petty cases numbers 7 to 18/79 of Kasibugga Police Station which are pending trial. They were immediately released on bail. Due to strong action taken by the Circle Inspector against Ratnalu Dayanidhi and others for the defiance of Law they bore grudge against the Inspector and Additional Sub-Inspector. A pamphlet was published alleging the Inspector and Additional Sub-Inspector forcibly took away Rs 8,000/- from them. The Additional Superintendent of Police, Srikakulam personally enquired into the matter and the allegations were found to be false and baseless.

The alleged harassment of Ratnalu Dayanidhi and others by Circle Inspector and Additional Sub-Inspector Kasibugga through unprovoked arrest and forcible extortion of Rs 8,000/- is false.

Sri M M Hashim —Sir, on the information given by the hon members, I will ask the S P. to enquire into the matter.

Sri Gouthu Latchanna —Here is no question of having a departmental enquiry. I want an open enquiry. Meanwhile why can't the Circle Inspector be transferred from that place? I had already given letter to the Hon'ble Minister on the 24th February. The Minister cannot say he has no information.

Sri M M Hashim —On the basis of that only this is given. I will ask the S P. to enquire into it.

Sri Gouthu Latchanna —What is the good of having that sort of enquiry?

Sri M. M. Hashim:—Look to the events, we can take further steps.

Sri Gouthu Latchanna —What further steps will you take?

Sri M M Hashim.—The S P. will enquire.

Sri Gouthu Latchanna —Through S.P only you got the report. Did not the S.P. sign the report?

re: Delay in setting up of Nagarjuna Co-op. Sugar Factory at Gurajala

Sri M M. Hashim:—I will ask the SP to enquire into the matter based on the information given by the hon Member and on the lines which the hon Member is demanding.

Sri Gowthu Latchanna:—Why is the Minister hesitating to have an open enquiry?

Sri M Venkaiah Naidu — The Speaker must come to our rescue. Sir, The hon Member has made serious allegations and he is ready to take up the responsibility. The paper which has been read by the hon'ble Minister is signed by the SP of Police, what is the use of asking the SP again to enquire into the matter. Do you think he will revise his version? Let the Hon'ble Minister have sympathy towards the victim and send the Home Secretary to conduct an open enquiry. Why should he feel shy of it?

Sri M M. Hashim.—I want further information in this connection to announce that type of enquiry. That is why I am requesting the hon Member to pass on information.

Sri Gowthu Latchanna,—I have already passed on the information. Did not the Minister receive my letter on this point giving all the particulars on the 24th February?

Mr. Speaker,—Suppose the DIG enquires?

Sri Gowthu Latchanna:—I have no objection.

Sri M M. Hashim:—I will send it to the DIG.

Sri G Latchanna:—What about my letter?

Mr Speaker:—Was it received by you?

Sri M M Hashim:—On that letter I asked them to take action.

Total: 600.00

In summary, the government has been asked to provide 150 acres of land for the construction of a sugar factory by Nagarjuna Cooperative Society at Gourajala. The estimated cost of the project is 600.00. The table above shows the allocation of funds for different percentages. The total amount requested is 600.00.

The importance of this project cannot be overstated, as it will provide employment opportunities for the local population and boost the economy of the area.

Note: The cost has been approved by the government.

Mr Speaker —Paper laid.

Sri K. B Narasappa —Sir, I beg to lay on the Table a copy of the Annual Report of the Andhra Pradesh State Trading Corporation Limited, for the year 1976-77 together with the Audit Report and the comments of the Comptroller and Auditor General of India thereon, in compliance with Section 619 A (3) of the Indian Companies Act, 1956.

Mr Speaker —Paper laid.

Sri E. Ayyapu Reddy —Point of order. Sir, Hon'ble Minister said that the Annual report of the A.P. State Trading Corporation Limited for the year 1976-77 was laid together with the Audit Report and the comments of the Comptroller and Auditor General of India thereon. His statement is not true. That means he has not even looked into it. The comments of the Comptroller and Auditor General of India are not placed on the Table.

Mr Speaker —Be careful in future.

Sri E. Ayyapu Reddy.—In the agenda, it is stated—

"A copy of the Annual Report of the Andhra Pradesh State Trading Corporation Limited, for the year 1976-77 together with the Audit Report...."
Mr. Speaker.—In page 16 of the Report, the comments of the Comptroller & Auditor General of India are there.

Sri M. Venkaiah Naidu.—As per the agenda, the Minister has to place the comments in compliance with Section 619 A (3) of the Indian Companies Act, 1956, and under Section 619 (4) of the Companies Act, 1966.

Mr Speaker.—That will be looked into.

Sri G. Venkataswamy.—Sir, I beg to lay on the Table a copy of the notification issued in G O Ms NO 905, Labour, Employment and Technical Education dated 22nd August, 1978, wherein Form K. 3 under the Andhra Pradesh Industrial Disputes Rules, 1958 has been amended, under sub-section (4) of section 38 of the Industrial Disputes Act, 1947.

2 re. Further information on in S N Q No. 3634-B regarding posting of Presiding Officers to the District Munsiff Courts at Narasapur in West Godavary District

Sri N Amanantha Reddy—Sir, with your permission, on behalf of the Minister for Law and Ports, I beg to place on the Table a copy of the further information in pursuance of an assurance given while answering S N Q No. 39234-B on 26-2-1978 regarding posting of Presiding Officers to the District Munsiff Courts at Narasapur in West Godavary District

Mr Speaker—Paper placed

(Further Information placed on the Table of the Legislative Assembly in pursuance of the promise made on the Floor of the House while answering S N Q No. 3934-B)

Till September, 1978 District Munsiff Courts at Narsapur are manned by three officers viz., Sri M Sreedhara Rao, principal District Munsiff, (2) Sri J Appalanarasimham, I Additional District Munsiff, and (3) Sri D Appa Kao, II Additional District Munsiff. All the three officers were working at Narsapur till 7-9-1978.

On 7-9-1978 F N Sri M Sreedhara Rao, Principal District Munsiff, was relieved on promotion as Sub-Judge. The I Additional Dist. Munsiff (Sri Appalanarasimham) was placed in full additional charge of the post of principal District Munsiff, Narsapur.

On 1-10-1978 F N Sri J Appalanarasimham assumed charge as principal District Munsiff, Narsapur while being in full additional charge of the post of I Additional District Munsiff Court, Narsapur. Hence the I Additional Dist. Munsiff Court is vacant from 1-10-1978.

Thus from 7-9-1978 to 2-1-1979 two officers were working at Narsapur for three courts. Though the I Additional District Munsiff Court was vacant from 1-10-1978 onwards the Principal District Munsiff Narsapur was attending to the work of both the courts.

On 2-1-1979 F N Sri J Appalanarasimham, Prl. Dist. Munsiff, Narsapur and in charge I Additional District Munsiff Narsapur was relieved on promotion as Sub-Judge. Sri D Appa Kao, II Additional Dist. Munsiff, was placed in full additional charge of both courts of Prl. Mnsiff and I Additional Dist. Munsiff besides his own Court of II Additional Dist. Munsiff.

Thus from 3-1-1979 two out of the three courts at Narsapur were kept vacant. However, Sri D Appa Rao, II Additional District Munsiff.
Narsapur, was kept in additional charge of these two courts. These courts had been left unstaffed due to non-availability of regular candidates to be selected by the Andhra Pradesh Public Service Commission and thereafter appointed. As regular selection was likely to take two to three years, the High Court prepared a panel of Dist. Musifs for appointment temporarily from the category of Judicial Magistrates of the 1st Class.

On 9-2-1979, by the High Court Notification No 63-B2, two officers were posted to Narsapur viz, Sri KVS Suryanarayananmurthy from Vijayawada and Sri D R Narsimha Rao by promotion from the category of Judicial Magistrate of the Second Class. Both the Officers did not join at Narsapur.

(1) Sri KVS Suryanarayana Murthy requested cancellation of his orders transfer as Principal District Musif, Narsapur and requested for retention at Vijayawada for two more months and the request was accepted by the High Court in Notification No 73-B2 dated 15-2-1979.

(2) Sri D R. Narsimha Rao after relief as judicial Magistrate of the Second Class, Repalle applied for short leave from 21-2-79 on the ground of his son's marriage. He is eligible for joining duty at Narsapur 9-3-79. He is expected to join duty at Narsapur 9-3-79.

Thus from 3-1-79 to date one officer viz, Sri D Appa Rao is working at Narsapur. He is in full additional charge of two courts of Principal and I Addl District Musifs, in addition to his own court of II Addl District Musif. He is attending to the urgent work of the two courts of which he is in full additional charge. From 9-3-76 onwards there will be two officers for the three courts at Narsapur.

Thus the District Musifs Courts which will be vacant after assumption of charge by Sri D R. Narsimha Rao are —

(1) Principal District Musif Court, Narsapur

(2) District Musif Court, Jagtial (fell vacant on 15-2-79. District Musif, Sruvalla is in full additional charge)

(3) I Addl District Musif Court, Machlipatnam (Fell vacant on 18-2-79. Principal District Musif, Machlipatnam is in full additional charge)

Steps are being taken by the High Court to fill up the above said courts.

Non-Officiation of Resolutions 9th March 1970

re: Fixing up reasonable prices of Paddy and allowing export of paddy to other States

This is what
we call price stability the key doctrine. At the heart of this doctrine is the belief that prices should be fixed at levels that are neither too high nor too low, so as to promote stability and prevent inflation. The resolution states that the government should aim to fix prices at levels that are neither too high nor too low, so as to promote stability and prevent inflation. The resolution also states that the government should aim to fix prices at levels that are neither too high nor too low, so as to promote stability and prevent inflation.

The resolution also states that the government should aim to fix prices at levels that are neither too high nor too low, so as to promote stability and prevent inflation. The resolution also states that the government should aim to fix prices at levels that are neither too high nor too low, so as to promote stability and prevent inflation. Non-Official Resolution

re. Fixing up reasonable prices of paddy and allowing export of paddy to other states.

This is unconscionable act. I think our legal pandits will give their view that what action is to be taken for unconscionable act committed by the Minister for Civil Supplies. Whenever an evil is to be removed, an argument will come forth that a greater evil is going to fall on you. I want to know what is that greater evil you are afraid of. You should be definite in your aim and principle. Why are you not able to remove that evil? Is it necessary to be implemented for something else? or whether there is any greater evil that is going to fall on the state by removing this. Let us have balance and equality. Without having that much of consideration, if this is to be continued, it is a sin on the part of the Government to insist upon implementation of restrictive measures.

Price fixation. Is there any measure in an industrial sector? You fix prices to have equitable profit for the man. For instance, cement. Every procedure has got his own productive cost. But you involved yourself in an activity to equate the selling cost during the same period.

You are committing a great damage to the one who is involved in the productive activity of food which may be very essential and which may be the first among the essentials. So it is very essential that you should come out from the very false principles of trade and misguided policies to have equitable justice for all the people who are engaged in the activity. I appeal to you to revise the restricted measures and come forth with a reasonable price fixed for the paddy. I think these are the basic duties of the Government. Many appeals came from so many Members explaining the difficulties which the farmers are facing now. These difficulties can be removed if the Government is aware and alive to the situation which is existing in the agricultural sector. If you still refuse to put forth the corrective measures, then no one will help the situation and it may be too late. Simply because the victims of this agricultural produce are mute and dumb, you cannot skip over it. It is high time that you alive to the situation and act upon it and if the resolution is passed unanimously, you are saving them from grave drifting. Thank you very much.

Non-Official Resolution
9th March, 1979

re: Fixing up reasonable Prices of Paddy
and allowing export of Paddy to
other States.

In the light of representatioms made by
the Rice Producers' Organization,
the Government has decided to:

1. Fix the cost of paddy in the
wholesale market at Rs. 369-12-0
per quintal, which will be
considered as the basic selling
price.

2. Fix the above-mentioned
wholesale price at Rs. 385-0
per quintal, which will be
considered as the basic selling
price for the open market.

3. Fix the above-mentioned
wholesale price at Rs. 391-0
per quintal, which will be
considered as the basic selling
price for the export market.

4. The above prices will
be applicable from the
beginning of the current
crop season.

5. The above prices will
be revised from time to
time, depending on the
market conditions.

6. The above prices will
be valid for a period of
three months.

7. The above prices will
be subject to change
based on the market
requirements.

8. The above prices will
be valid for the current
crop season.

9. The above prices will
be revised at the end of
each crop season.

10. The above prices will
be applicable to all
rural areas.

The Government believes that
these prices will help in
maintaining the balance
between supply and demand,
and will ensure a fair
income for the farmers.

The above decisions will
be effective from the
beginning of the current
crop season and will
remain in force for a
limited period of three
months, to be
reviewed at the end of
each crop season.

The Government hopes
that these decisions
will contribute to the
well-being of the farmers
and the overall economy.

Fixing up reasonable prices of paddy and allowing export of paddy to other States.

The House was adjourned at 1.20 p.m.

re: Fixing up reasonable prices of paddy and allowing export of paddy to other States

The Hon'ble Member, Government of India, Ministry of Agriculture represented the urgent need for fixing up reasonable prices of paddy and allowing export of paddy to other States. It was pointed out that the paddy market was in a state of flux and the prices were fluctuating. The Member urged that steps should be taken to stabilize the market and ensure a fair price for the farmers. It was also suggested that the Government should set up a mechanism to regulate the export of paddy and ensure that the exporting States were not disadvantaged. The Member further suggested that the Government should provide financial assistance to the States to help them cope with the current situation.
