Sri M. A. Madan Mohan — I do not agree with the Hon'ble Member. Government is really anxious to improve the hospital and it is trying to do so.

Sri A. Madan Mohan:—That is a separate question. I am alive to the situation.

Sri A. Madan Mohan:—I do not agree with the Hon'ble Member. Government is really anxious to improve the hospital and it is trying to do so.

No brick was added to the King George Hospital, Visakhapatnam after independence.
The hon'ble Member, without understanding the situation, trying to attribute motives and motivations.

Several representations were made to the Government. What is the action taken on those representations?

Sri A Madan Mohan: — That is a separate question.
Sri A Madan Mohan—This question is not confined to two cities but it is confined to King George Hospital, Visakhapatnam.

Mr Speaker—Why can’t you say that in the beginning itself? You are going on giving answers. They are asking number of other questions. You could have told ‘no’ it is not pertaining to the present question.

Tourist Centre at Karlasakona Water Falls

(a) whether there is any proposal to open a Tourist Centre at Karlasakona Water Falls in Puttoor Taluk, Chittoor District, and

(b) if not, will the Government consider to open the tourist centre?

Minister for Tourism (Smt. Roda Mistry): Sir, The proposal to develop Karlasanathakona as a Tourist spot is under consideration of the Department of Tourism.

9-10 a.m.

Sir, even in spite of that we have done our best. The then Chairman of the Rayalaseema Development Board proposed three things for us to take up. They are, construction of a rest house, construction of a meals-shed and transport facilities. Regarding construe of a rest house, we have asked for the land and the
Collector alienated the land and we even took the possession, but the former Managing Trustee of Kailasanathakona filed a suit against it and got Stay orders. As soon as it vacated, we will certainly take it up. About the transport, Sir, the road has been laid. As far as the meals-shed, we requested the Collector, for funds from SPC funds and he has already issued orders to the Zilla Parishad Secretary, Chittoor to allot Rs 25,000 to construct the meals-shed.

Sir, will the portion of the Judgement which they have struck-down be read out to the House?

Sri B Venkatram Reddy —Sir, "the last contention is that the petitioners herein having been entered in the service on the footing that they will be continued in service till they attain the age of 60 years, not only according to the terms of the contract but according to the Rules of the University to which the College is affiliated contend that their age of retirement should not be suddenly reduced to 55 years. They submitted that it is impossible for them at this age to get another job and they would be put to considerable misery and hardship. On the other hand the Learned Advocate General submitted that in order to compensate them for the sudden reduction at the time of retirement, they are being given benefits by way of pension. While we agree with the petitioners that the sudden reduction in the age of retirement by 5 years is highly inequitable and resulting in considerable hardship to the teachers who had entered into service with a definite understanding that they would be retained until they attain the age of 60 years, we do not see, how, any question of estoppel arises in this case. There was no representation made by the Government at the time when they entered into service. If there was any representation, it was by the College authorities or the University. Secondly, the regulation is passed in exercise of the power conferred under section 35-A of the Andhia University Act, as implemented. If the Legislature has the power to reduce the age of retirement no further question of estoppel will arise in the exercising of legislative power. We do not therefore consider it necessary to deal with the decision laid on the Petitioners, namely, Collector of Bombay VS Bombay Corporation, Union of India VS Anglo Agencies, A S Ram Reddy VS. Principal, Guntur Medical College; or the decision relied on by
the Advocate General in C. Shankaranarayana Vs State of Kerala, to the effect that conditions of services can be changed under Article 309 and there is no question of estoppel or to the decisions held, that when a post is abolished, there is no question of estoppel. In the final result, as we are of the view that G. O. No 591 has no retrospective effect in its operation, so as to affect the age of retirement of teachers in service before the date of the G O The Writ Petitions have to be allowed. They are accordingly allowed but in the circumstances without costs.”

1.20 a.m

Sri V. Sivaramakrishna Rao.—Sir, it is clearly mentioned the G. O has got no retrospective power to change the conditions of service. The conditions can be changed under Article 309 and there is no question of estoppel or to the decisions held, that when a post is abolished, there is no question of estoppel. In the final result, as we are of the view that G. O. No 591 has no retrospective effect in its operation, so as to affect the age of retirement of teachers in service before the date of the G O. The Writ Petitions have to be allowed. They are accordingly allowed but in the circumstances without costs.”

Sri B. Venkatarama Reddy.—Sir, the Govt has got the right to appeal to the highest authority of judiciary and we have made an appeal and we have been waiting for the decision.

1.30 a.m

Sri B. Venkatarama Reddy.—Sir, that depends upon the decision of the High Court.

(1) Sri S. Alwar Dass:—Sir, It is a principle of natural justice, that conditions of services cannot be changed without the consent of the employees. But in this case, the conditions of service have to be changed, even if the employees do not consent. The employees have been informed about such changes. They can withdraw the appeal at any time and it is their discretion. So, the Government withdraw the appeal and issue the general order.

Sr. B. Venkatram Reddy:—At the moment I don’t have the answer.

Oral Answers to Questions

Sri S. Jaipal Reddy.—What is the other method by which we can convince? We are all convinced that there is a need to restore the original age limit.

Sri S. Jaipal Reddy.—The criteria should be to provide opportunities to all those young people who could not avail of the opportunities, because the scheme was not obtaining at that time. In view of large degree of unemployment obtaining any number of boys under 25 are also available.

Conversion of Government U. P. School in Amberpet for Police Boys (Urdu Medium) into a Model Primary School

144-A: S. N. Q. No 3933:— Sarvasri Sultan Salahuddin Owaisi, Mohammad Amanullah Khan and Syed Baqer Agha:—Will the Minister for Education be pleased to state:

(a) whether it is a fact that the Government have issued orders to convert the present Government U. P. School for Police Boys (Urdu Medium) Amberpet, into a Model Primary School;

(b) whether it is also a fact that the orders passed in this connection by the Education Department are causing interference in Namaz and Deenyyath, Muslim personal law, violation of basic rights and secularism, financial complications and indirect force, to change the religion of Muslim students through Bhajan, Pooja and Kathas, and

(e) if so, the time by which Government are going to cancel the orders and restore the earlier position of the said school?

(Question No 144 postponed)
26 23rd February, 1979. Short Notice Questions and Answers

Sri B. Venkataram Reddy —I have already told the hon Member that this school is deleted from the list of Abhyudaya Patasala. At the same time I said that the Abhyudaya Patasala concept does not in any way affect the personal law of any religion. We have deleted from the list and it will be urdu primary school and the rights are protected.

Sri S. Jaipal Reddy.—He said somebody did not want the conversion of this school into model primary school. It is Government school Is it true that under the scheme of model primary school kathas, bhajans and poojas are being performed? This is the assertion or allegation made by the Member. The Minister is not giving any categorical answer. If kathas and bhajans and poojas are not performed there can be no objection in turning an urdu school also into a model school.

Sri B Venkataram Reddy —We received a representation from the legislators. Hon. Members who have questioned now have given a letter, that it is the feeling of the parents of the urdu school children that they don’t want this to be turned into a model school. We never gave instructions that kathas, bhajans and poojas to be conducted. May be with wrong understanding they have written to us. When they don’t want we do not want to compel them. If anybody wants to have their own Urdu Kuran reading and moral instruction we don’t have objection. There is no compulsion and we have not given any specific instruction to that effect.

Sri S. Jaipal Reddy:—Originally when the scheme of model school was formulated teachers were sent to Satya Saihaba public school. At that time raised objection saying that it is not a proper place for our teachers. The point is whether the present scheme of model schools include such items as bhajans, poojas and kathas or of that matter religious ceremonies of other religions. Our instruction which is given in public schools and in Government schools must be totally secular.

Sri B. Venkataram Reddy —Moral instruction does not necessarily imply religious instruction. We are differentiating it.
Instruction is in no way connected with any religion. There is no instruction to give impartation so far as harikathas, bhajans, poojas or other religious programmes are concerned. Religious programmes are not to be performed. Cultural programmes can be there. That does not pertain to religion at all. We intend to protect the interests of secularism in all its essence.

re. Acute Shortage of Calgas, Kerosene, Diesel Oil, Petrol and Cement in the State.

10-10 a.m.

Sri A Vengal Reddy — What I mean to say is that more points were raised in the Council and I answered them. This is because of shortage. All Hon’ble Members expressed that there might be scarcity in future, we have addressed Government of India to ensure adequate supplies. We have already addressed Government of India in this regard.

However, in view of the feelings expressed by the Hon’ble Members, that there might be scarcity in future, we have addressed Government of India to ensure adequate supplies. We have already addressed Government of India in this regard.

Sri A. Vengal Reddy • — That is because of some defects in the movement plan by railway wagons or by the trucks.

We will see that it is got over. Immediately I will contact the refinery people. I will check up at which point the defects are rectified.

re: Acute shortage of Calgas, Kerosene, Diesel Oil, Petrol and Cement in the State.

Sri A. Vengal Reddy — I will do it.

"We the students of Law College Madras started at Madras on 19th and reached Hyderabad on 20th night. As per our Programme, we have to leave for Bombay on 21st night. We approached each petrol bunk in Hyderabad for high speed diesel oil for our vehicle. We got response that these desel bunks are dried.

This answer was given to me on 21st. 26 Wagons of petrol each containing 27,000 lts are in transit. From the above figures, it will be seen that by and large sales are as per the supply plan."

10-50 a.m.

The discussion on paid patents and their diverting aspects formed the main agenda of the meeting held on 23rd February, 1979. The meeting was attended by a large number of representatives from various organizations.

The discussion was initiated by the Chairman, who emphasized the importance of paying due attention to patents and their utilization. He pointed out that the diversion of funds from the budgetary allocation for paid patents was a matter of concern.

Representatives from different organizations expressed their views on the matter. Some advocated for a more systematic approach to the allocation of funds, while others suggested that the present system was not effective enough.

The Chief Economist presented a detailed report on the financial implications of the current situation, highlighting the need for a comprehensive reform.

The meeting concluded with a call for action to address the issue, with a strong emphasis on the importance of paying due attention to paid patents in the future budgetary planning.

for 1979-80 (General Discussion)

The government has announced the following budget for the fiscal year 1979-80:

- **Income**: Rs. 60,000
- **Expenditure**: Rs. 50,000

The difference between income and expenditure is Rs. 10,000, which will be used for developmental purposes.

Discussion:

The government has emphasized the importance of infrastructure development, with a special focus on education and healthcare. The budget allocates a significant portion of the funds to these sectors. The government is also planning to introduce new initiatives to boost the economy, including tax reforms and incentives for businesses.

The budget is expected to pave the way for a strong economic growth in the coming fiscal year.

Non-Official Bill:

...
In Parliamentary democracy political parties have a specific function and purpose so as to serve the cause of the people. However, it is often observed that individual Legislators for personal considerations and convenience are prone to defect from the party on whose behalf they were elected and cross over to another political party throwing to winds all democratic norms and values, and which situation is eating into the vitals of healthy political and democratic Parliamentary life. It is therefore, expedient that such opportunist defectors should be prohibited by legislation and hence this Bill.

The A.P. Prevention of Legislators Detection Bill, 1978

The Bill provides for the prevention of legislators from engaging in criminal activities. It is applicable only when the political parties to which the Legislator belongs, takes a decision to merge with any other political party or dissolves itself. This Bill is effective except when the political parties to which the Legislator belongs, takes a decision to merge with any other political party or dissolves itself.

India will be an independent country. Will she maintain her independence or will she lose it again? This anxiety is deepened by the realisation of the fact, that in addition to our old enemies, in the form of Caste, creed, we are going to have many political parties with diverse and opposing political trends.

During 1967-70, in total 800 defections occurred and 85% of them are from All India recognised political parties. 800 defections in one year. This is a matter of great concern. Out of 800 defections, 90% take place in the form of poaching or switching over from one party to another. The rest 10% are defections due to political differences, dissatisfaction, or other reasons.

Defections are a major concern for political stability and a threat to democratic values. The Prevention of Defection Bill is a step towards curbing this practice and ensuring political stability. The bill aims to prevent legislators from defecting and thus maintaining the integrity of the democratic process.

The bill was introduced to address the issue of defections in Indian politics. The bill intends to prevent legislators from changing their allegiance, especially from one legitimate party to another. This is intended to discourage the practice of poaching and switching over, which can lead to political instability and undermine the democratic process. The bill also seeks to protect the democratic institutions and the principles of fair elections.

The A. P. Prevention of Legislators Defection Bill, 1978, is a legislative measure aimed at ensuring political stability and maintaining the integrity of the democratic process in the state of Andhra Pradesh. The bill is intended to prevent defections and poaching by legislators, which can lead to political instability and undermine the democratic institutions. The bill seeks to protect the democratic processes and the principles of fair elections in the state.

That can be done but there is nothing wrong in expressing our own opinion. In Parliamentary democracy political parties have a specific function and purpose so as to serve the cause of the people. The very concept is defeated by this exception 'except when the political party to which
the legislator belongs takes a decision to merge with another political party or dissolves itself in a separate political party or dissolves itself. Whatever may be the reason, right or wrong, whether it is for national purpose or personal purpose, they have no business to deceive the people to whom they have put forth a separate manifesto.

Let the Central Government know it and let us do our best.

Sir Ch Parasurama Naidu.—Sir, the provisions of this Bill do not stand close scrutiny or higher scrutiny. I know that it is very lightly conceived and very lightly framed. Whether the M.L.A. is the representative of the people or is only the representative of a party. Here is a complex question. It is sought to be made merely the concept of propaganda on partisan basis. A legislature is basically the representative of the people. I would ask one question to all those who have spoken so far. Why selection of a candidate is
resorted to by all parties? Why not they set up any man and every man? There is a personal value of that man's value appears to be the main thing on which the party wants to utilise for its success. I know how our friends have been quarrelling for setting up a candidate, particular man. It is not my friends alone, it is the process in every party. Therefore, the personal value, the voters selection is the basic consideration. A legislator is not merely an agent of the party but is the representative of the people. Basic factor shall not be forgotten. If we forget that we are in wilderness Is it not a fact that a person who is fed up with the functioning of the party divorces his party as a lady divorces her husband with whom she cannot live. She give divorce and remain instead of remaining with the same husband. After all it is a mutual repartee. Therefore certain 'kalmasham' has entered into it. When the leadership itself is functioning undemocratically and when the leadership is acting like dictator and if this Bill is passed a person is reduced to the position of a slave to the bosses of the party. We have to cater to their whims and fancies or be subject to disciplinary action and so you are suspended. Therefore the membership is gone. There are so many things. It is not so easy or it is not so cheap. Mr Madanmohan, the Secretary of the Janata Party, one of the constitutional experts and one of the great democrats of the country has opposed this Bill.

(Interruptions)

Shri S. Jaipal Reddy - Mr. Madhu Limaye did not oppose the Bill. He dis-agreed with certain rigorous provisions of the Bill.

Shri Ch. Parasurama Naidu - My good friend Mr. Bhattam Sriramamurthy belonging to Socialist Party joined the Congress Party in the name of merger to the party. How does it have moral sanction? Now friends are talking in terms of merger or breaking. Where is the moral sanctity? What I say is there are so many factors to be taken into consideration. Supposing, the leadership of the Party is there. Out of 90 Members, 40 Members have given motion of no confidence and it took 2 1/2 months....

(Interruptions)

Shri S. Jaipal Reddy - I am not going to allow Mr. Parasurama Naidu. He has no business to speak about the internal affairs of a party. Out of sheer difference of age, out of his gray hair, we are tolerating. A defector has no right to speak about this party....
The A.P. Prevention of Legislators Defection Bill, 1978

(Interuptions)

Sri Ch. Parasurama Naidu — The principles must be well considered, well thought and well explained.

(Interuptions)

Sri J. Jayalal Reddy — Since Mr Parasurama Naidu referred to the internal affairs of the Janatha party, I am referring Mr. Deputy Speaker, Sir, that he made a virtue out of necessity. He made an issue to defect. This is an example. Let him defect, we have no objection. His joining the ruling party had only helped to lift the boat of Janatha party and made it safe on its voyage.

Mr. Speaker:

I would like to draw your attention to the following matter: The A. P. Prevention of Legislators Defection Bill, 1978.

The Bill provides for the prevention of defection of Legislators from one party to another. It is an attempt to ensure the stability of Legislatures and to prevent the haphazard change of party affiliations by Legislators. The Bill seeks to achieve this objective by imposing certain conditions on Legislators who wish to change their party affiliation. It is hoped that this Bill will contribute to the smooth functioning of the Legislatures and the overall development of the State.

Mr. Speaker, I move that the Bill be taken up for discussion.

Thank you.

It is not the Janata Party. It is the Congress, it is the Congress Party, it is the Congress(I) Party that was there in the country right from Mrs Indira Gandhi. The name might be different. The Congress(I) Party was ruling the country and the Janata Party and the Janata Dal are not good examples.

Let us take a look. It is the Janata Party, It is the Congress, it is the Congress Party, it is the Congress(I) Party that was there in the country right from Mrs Indira Gandhi.
Mr Deputy Speaker: —I am sorry, you are not here to reply.

*Sri M. Venkaiah Naidu*: Sir, my submission to Sri P. VenkatRao is, that they all fought their election. They faced the people and got the results. Some elected and some were defeted. They had the courage of conviction.
Non Official Bill:

There may be honourable exceptions, but, as a general rule, an MP who defects should lose the seat. There have been instances in the past when an MP who defected has been allowed to contest elections from the same constituency. However, in most cases, an MP who defects has lost his seat.

There have been cases where an MP defected to another party and did not contest the elections, but in the case of Mrs. Indira Gandhi, she was the leader of the defection. Moreover, the biggest defector in this country of independence is Madam Indira Gandhi. If any body has to be accepted for defection, the first and foremost is Mrs. accused Indira Gandhi She has encouraged defection, not only for herself but she also forced many people to come out. She was the leader of the defection. Moreover

(Bell)

Sri S Jaipal Reddy —Sir, before you give a ruling, my submission about this point is that Sri M Venkiah Naidu has not levelled any allegation. He has made a political comment. A political comment is not an allegation. Secondly, Mr. Stephen defected from the Congress to Congress-I, after the Assembly Poll results in Karnataka and Andhra Pradesh. At the time of the split in the Congress,
he was a vociferous critic of Mrs Gandhi. Mr. Venkaiah Naidu has referred to a hard fact, made a cold political comment and did not level any allegation.

Richer people should sacrifice

More affluent people should sacrifice more. However, the amount they should sacrifice is not obvious. It is not clear how much more affluent people should sacrifice more than less affluent people. This is a question that requires careful consideration. In the past, richer people have been asked to sacrifice more, and this has led to a sense of injustice. However, more affluent people should be encouraged to sacrifice more, and this will help to reduce poverty. In fact, the sacrifice of more affluent people is essential for the reduction of poverty.
