OFFICIAL REPORT

Fourteenth Day of the Third Session of the
Andhra Pradesh Legislative Assembly

ANDHRA PRADESH LEGISLATIVE ASSEMBLY
Tuesday, the 27th February, 1979
The House met at Half-Past Eight of the Clock.
(Mr. Speaker in the Chair)

ORAL ANSWERS TO QUESTIONS

WAIVING OF LOANS SANCTIONED BY THE LAND DEVELOPMENT BANK
TO SMAIL RYOTS

157—

2220 Q.—Sri M. Jaya Ramuloo (Wanaparthi) :—Will the
Minister for Co-operation be pleased to state:

Whether there is any proposal before the Government to waive
the loan amounts sanctioned by the Land Development Bank to small
ryots for sinking wells, when the wells yield no water due to rock for­

mation even after sinking so deep?

(Mr. Speaker):—

An asterisk before the name indicates confirmation by the
Member.

Oral Answers to Questions.

Road to Link-up Ahobilam and Porumamilla

158—Dr. V. Sivarama Krishna Rao (Badvel) and Sri G. Thimma Reddy (Allagadda)—Will the Minister for Roads and Buildings be pleased to state:

(a) whether it is a fact that there is a proposal to link-up Ahobilam and Porumamilla via, Jyothi of Cuddapah district;

(b) if so, the estimated cost of the same;

(c) the time by which the work will be started;

(d) whether it is also a fact that the road will curtail the distance between Hyderabad and Madras via Nellore and;

(e) how many Kilometres of distance will be curtailed?

Minister for Roads & Buildings (Sri M. Manik Rao)—

(a) Yes, Sir.

(b) Investigation work on the scheme of "forming a road from Ahobilam to Porumamilla (via) Jyothi" is not yet completed. The estimated cost of the work can be known only after the investigation is completed.

(c) The work is not included in any of the approved schemes of the Roads & Buildings Department. The question of including...
this work in the annual Plan of the Roads and Buildings Department arises only after the investigation is completed and estimate finalised and also depending upon the availability of funds.

(d) No, Sir.

(e) Does not arise.

Sri M. Mamik Rao :—I want a Separate question for this.

Sri M. Manik Rao:—Sir, I have said that the investigation has already been started.
Widening of the Bridge on Dandivagu near Gurazala

*2493 Q—Sri G. Mallikarjuna Rao (Gurajala).— Will the Minister for Roads and Buildings be pleased to state,

(a) whether there is any proposal to widen and raise the height of the Bridge on "Dandivagu" near Gurazala on Guntur-Hyderabad road which is obstructing the traffic whenever there is a rainfall, and

(b) if so, the time by which the work would commence?

Sri M. Anil Kumar R:— (a) Yes, Sir.

(b) The work will be taken up in due course depending upon the availability of funds.
Oral Answers to Questions 27th February, 1979. 277

"Within a fortnight or a month I am getting the total estimate. I said "Immediately you send the proposals, so that the Government can sanction the estimate for it.""

SETTING UP OF A BOARD FOR DRINKING WATER SUPPLY

160-

*1361 Q.—Sarvasri Bhattam Srinivasamurthy (Paravada) and K. B. Siddaiah (Puttur) :—Will the Minister for Municipal Administration be pleased to state:

(a) whether the Government are considering a proposal for setting up of a Board for drinking water supply on the lines of the State Electricity Board;

(b) whether such recommendation was made by a study group of the Administrative Staff College of India, if so, the details thereof; and

(c) what is the stage at which the matter stands?

I refer to para 6. Consequent to the setting up of the Board for Drinking Water Supply on the lines of the State Electricity Board, a committee has been set up with a study group of the Administrative Staff College of India to examine the feasibility of setting up a Board for Drinking Water Supply on the lines of the State Electricity Board. A report is awaited.

1361 A.—M. Venkataraman :—It has already been mentioned earlier that a Board for Drinking Water Supply is set up and it is working there.

K. Balakrishna Reddy, M.P.:—It is not working there. The department has not been set up. It is not functioning.

1361 B.—S. Venkataraman :—The Board for Drinking Water Supply has been set up and it is working, in fact, very well. The Board is in regular working order, in fact, it is functioning quite well. It is working well.

11-50 a.m

Mr. Narasimha :—Sir, will the Minister for Finance and Power be pleased to state:

(a) whether it is a fact that the rural electrification programme has received a setback due to the acute shortage of Aluminium Conductors; and

(b) if so, the steps taken by the Government for supply of sufficient Aluminium Conductors?

Mr. Narasimha :—(a) No.

(b) 163—

*2485-Q.-Sri K. Govinda Rao :—Will the Minister for Finance and Power be pleased to state:

(a) whether it is a fact that the rural electrification programme has received a setback due to the acute shortage of Aluminium Conductors; and

(b) if so, the steps taken by the Government for supply of sufficient Aluminium Conductors?

Mr. Narasimha :—(a) No.

(b) 163—

Shortage of Aluminium Conductors.
ANSWER TO CLAUSE (b) OF L A.Q. NO. 2485.

Clause (b) —The Government of India, Ministry of Mines and Metals was approached to give an allocation of 10,000 M.Ts. out of 50,000 M.Ts. of aluminium being imported andfasilised through Bharat Aluminium Company. As Bharat Aluminium Company allocates the metal to conductor and cable manufacturing units, on the basis of allocations made by D.G.T.D. and D.C.S.S.I, the D.G.T.D. and D.C.S.S.I have been addressed in this regard indicating Board’s requirement of the metal.

2 A Barter deal between the Government of Andhra Pradesh and Tamilnadu was finalised (though pending formal conclusions) by which Madras Aluminium Company, Mettur Dam is to supply 6,000 M.Ts. of aluminium to the conductor manufacturing units nominated by the Andhra Pradesh State Electricity Board over a period of one year against supply of power by Andhra Pradesh State Electricity Board through Tamilnadu and The agreement is initially for a period of 2 years, subject to review at the end of one year. The agreement is operative since December, 1978.

3 In view of the huge demand of conductors, orders were placed on a number of conductor suppliers situated outside the Andhra Pradesh State in addition to availing fully the manufacturing capacity of the local suppliers to the extent available to Andhra Pradesh State Electricity Board.

4 Besides, tender had been floated for additional quantities to bridge the gap and the tenders received are under processing.

Oral Answers to Questions

Ichaparai Hydro Power Project

286

Ichampalli Hydro Power Project

164—

*2836-Q.-Sarvasi Pooja Subbaiah (Markapur) and Kasu Venkata Krishna Reddy:—Will the Minister for Finance & Power be pleased to state:

(a) whether the Ichampalli Hydro Power project will be taken up as joint venture of Andhra Pradesh, Maharashtra and Madhya Pradesh;

(b) if so, whether any agreement has been arrived at between the three States,

c) the ratio between the 3 States with regard to the expenditure and distribution of energy;

d) whether the Union Government has given its assent; and

e) when the construction will be started?

Sri G. Rajaram:—This is a multipurpose project, one is meant for irrigation and the other is meant for power production. As far as irrigation is concerned, the entire water is meant for Andhra Pradesh. The ratio of irrigation is 78:10:5:11.4:14.5. The ratio of power is 88:85:27. The construction will start in 9-20 a.m.

Short Notice Questions and Answers

1. Explain the meaning of "He who does not eat is punished with imprisonment of 6 months or with a fine of Rs 500 - or with both. Offenders will be prosecuted u/s 83 under Section 79." In any offense punishable with imprisonment of 6 months or with a fine of Rs 500 - or with both. Offenders will be prosecuted u/s 83 in a First Class Magistrate Court. We are taking all necessary actions in this regard. 1878 An 18th Jan 1868. 1968 An 18th Jan 1868.
Whether he is a Government servant or anybody else, this Government is not going to spare. Let it be anybody, we will take all precautions, even if necessary to handle the cases superseding the rules...

Why the Government is sleeping over the matter.
27th February, 1979. Short Notice Questions and Answers

This happens to be a dormant society and we are taking a very serious action now to revitalise this.

Sri N Amarnath Reddy—Sir, we have issued the show-cause notice, stating 'failing which, it shall be construed that the person in charge has no objection to take action according to the merit.'
Sri S. Jaipal Reddy —Sir, he must mention the dubious names of the people who represented

Sri N Amarnath Reddy —Sir, I got representations from all quarters and the Minister should consult his conscience before taking a decision. Let him stick on to the decision.
Non-Functioning of Principal and First Additional Munsiff Magistrate Courts at Narsapur.

168—B

S.N. Q No 3934—B.—Sri Jakkamsetti Venkateswara Rao (Penu-gonda) :— Will the Minister for law and ports be pleased to state:

(a) since how long the principal and First Additional Munsiff Magistrates Courts are not functioning due to absence of presiding Officers at Narsapur, West Godavari District,

(b) how many cases of such sort are there in the State; and

(c) the steps being taken to fill up the said posts?

I have no objection. I will show it to the Opposition Leaders.
Short Notice Questions and Answers. 27th February, 1979

Principal Munsiff is not there since three months. Additional Munsiff is not there since five months. Only 2nd Additional Munsiff Magistrate iscept in full additional charge of the Court. Therefore the Courts are not properly functioning, because there are no Presiding Officers till now.

Mr. Vice-President:—The question is that the Minister has posted, but are they functioning? The Minister does not know the answer to the question, put to him. Sir, I am reminded of a joke in Shakespeare’s play. It seems one was telling to the other “I can call the devils from the deep.” The other one also told, “So, Joan, but the question, will they come?”

(laughter)
The Minister has posted, but did they join? Are they functioning?

Mr Speaker — Mr Jaipal Reddy, do you want the answer for your literary question?

Mr. Jaipal Reddy:—Sir, I want the legal answer to my literary question.

The law and order situation is deteriorating there, since the Courts are not functioning. I can say, that they were posted after the question was received.

Mr. Jaipal Reddy:—Sir, the Minister does not know whether they have joined or whether the Courts are functioning. Therefore the question may be postponed.

Mr. Speaker:—Absolutely not misleading.

Business of the House

10-10 a.m.

Within half an hour notice, you can raise any matter of urgent public importance in the House, with the permission of the Chair.

Sri S. Jaipal Reddy.—He does not deserve to be on the Treasury Benches. Let him join the Opposition.
Calling Attention to Matters of Urgent Public Importance

re; Heavy machinery and other material lying idle at Nagarjuna Sagar Canal, P.W.D. Workshop.

Mr. Speaker - We are getting hundreds and hundreds of questions I cannot remember all the thousand and odd questions. It is impossible for me also to remember. Therefore some mistake might have been committed here and there. As far as important matters—

Calling Attention to Matters of Urgent Public Importance

re; Heavy machinery and other material lying idle at Nagarjuna Sagar Canal, P.W.D. Workshop and Narasaraopet.

Sri G. V. Sudhakar Rao :—Sir.

List of Machinery lying idle for more than one year for want of repairs at Dupadu is herewith appended. The original purchase value of these machines works out to Rs. 39 Lakhs. All these machines are more than 12 years old. As these machines have outlived their lines in years, the present depreciated Book value is Rs. 83,971/- only.

2. No Heavy Earth Moving Machinery is idle at Narasaraopet either for want of repairs or for want of works except one machine 619 ‘C’ scraper at Lingamguntla workshops which is uneconomical for repairs and so is condemned. The original value of this machine was Rs. 2,30,247/- The present depreciated book value will be Rs. 23,024/-.
Calling attention to matters of urgent public importance.

re Heavy machinery and other material lying idle at Nagarjuna Sagar Canal, P W.D workshop

3 Spares worth Rs. 20,31 lakhs for TS 360,619 'C' Scrapers and Dozers TD 24 and TS 18 are available in stock at Macherla and Lingamguntla Stores as given below.

<table>

Calling Attention to Matters of urgent public importance.

re Non-supply of Text Books to S.C. and S.T. students of Medical and Engineering Colleges.

19-8-77

To the Secretary, Medical Education Department, 3rd Floor, Government Secretariat, Hyderabad.

This is to draw your attention to the urgent public importance of the matter referred to below.

The students of Medical and Engineering Colleges have been facing non-supply of text books to them, which is a major impediment in their studies. The situation has been worsening with the passing days, as the students are finding it difficult to continue their studies without the necessary text books.

The matter was referred to you on 17-10-77 by the Secretary, Medical Education Department, regarding the non-supply of text books to the students of Medical and Engineering Colleges.

The situation has not improved since then, and the condition of the students has worsened. It is therefore, urged that immediate steps be taken to supply the necessary text books to the students, so that their studies may not be hampered.

Yours faithfully,

[Signature]

2. We respectfully request that the matter be given urgent attention and action be taken to supply the necessary text books to the students of Medical and Engineering Colleges. We are informed that the situation is serious and urgent, and that the students are facing severe difficulties due to the non-supply of text books.

[Signature]

3. We hereby request that the matter be given due consideration and action be taken to supply the necessary text books to the students of Medical and Engineering Colleges. We are informed that the situation is critical, and that the students are facing severe difficulties due to the non-supply of text books.

[Signature]

4. We hereby request that the matter be given due consideration and action be taken to supply the necessary text books to the students of Medical and Engineering Colleges. We are informed that the situation is critical, and that the students are facing severe difficulties due to the non-supply of text books.

Mr Speaker:---Papers laid

Annual Financial statement (Budget) for 1979—80 (General Discussion)

Every person in hierarchy rises from his level of super competence to his level of incompetence. They have risen to the level of incompetence. Most of them have risen to the level of incompetence. They are not only incompetent but doole and slavish. So, Andhra Pradesh suffers from degenerate politics which can be compared to the disease of diabetes. Parkinson's law has come into operation. They have something to do with the proliferation of jobs. I.A.S. officer has been endowed with super time scale.

This is what is called Parkinson's law.
Annual Financial Statement (Budget) for 1979-80 (General Discussion).

frame They have now become a mass of flesh Andhra Pradesh now suffers from obliging and bulging bureaucracy. This is the second disease.

(Mr Deputy Speaker in the Chair)

In spite of increased plan outlays the State has been suffering from stagnant economy and I will quote the figures later on. The State is suffering from the cancer of corruption. Ministry is Gangothri of corruption. We can impose luxury tax. It is in practice in Maharashtra. It consists of unsetting platitudes progressive as they are in their phraseology. They are not my figures. I have borrowed them from the Plan Documents and other books given by the Finance Minister so very generously to us. 1.6 % of G.D.P. 1972-78 1.8 % of G.D.P. 1977-78 They are not my figures. I have borrowed them from the Plan Documents and other books given by the Finance Minister so very generously to us. 1.6 % of G.D.P. 1972-78 1.8 % of G.D.P. 1977-78
All educationists have stressed on quantity of elementary education and quality in higher education. But this Government suffers from a sense of perverted priorities. It has been stressing in quantity in higher education and quality in Elementary education.

10-40 a.m.

There were 53 beds for one lakh of population in Andhra Pradesh. Now only 48 beds for one lakh of population. That means in the last 18 years there has been a decrease in medical facilities for the people of Andhra Pradesh.

Food production is the mainstay of our State.

The relatively high yields of some of the principal crops in Andhra Pradesh gives an impression, a very deceptive and misleading impression that the State is much above several States in agricultural developments. I am quoting from Mr. Rajram's Bible Plan Document I. However, the position is that according to comparable estimates of income from agriculture prepared by the Central Statistical Organisation for 73-74. The per capita income from agriculture including animal husbandry was only about Rs. 325 in Andhra Pradesh as against Rs. 447 in Maharashtra, Rs. 443 in Haryana, Rs. 421 in Haryana, Rs. 391 in Gujarat and Rs. 378 in Tamilnadu. So we shall hereafter words never call ourselves Annapoorna. We will be misleading and we
will be living in fool’s paradise. We all say green revolution has taken place this country more particularly in our State. But it should be reflected in the figures of land utilisation. 72–73 5 32.85 26.73 6 73. 73–74 5 32.85 26.73 6 73. 73–74 5 10.15 12.18 6 12.18 72–73 5 22.25 13.42 6 13.42 72–73 5 108 26.47 6 26.47 72–73 5 26.47 26.47 6 26.47. Our current follows area is increasing with the passage of time.

1977 5 41700 1978 5 60147 6 10 lakh unemployed people are there in the live registers of Employment Exchanges. We are producing 2 lakhs of educated unemployed people every year. 1979 5 60 160 25 6 160 1979 5 96 6 96. We are witnessing phenomenal growth in the production of educated unemployed—two lakhs per year. I will quote few more figures on unemployment.

It is a diluted I T. I scheme so... 29358 s$or $5^*3^6^c beose ^b8oO ^Mr^R. A3o3j-°R3^-sr'c3j-- 636^)o^§^^goR &o5. 636^ &o^^ rr*g) i3a3j^^o^r^C3b. We are spending 2/3rd funds for irrigation, for power etc. We deserve but I do not agree with him in respect of priorities.

irrigation created is only 9.8 lakh hectares, but irrigation utilised is only 6.67 lakh hectares. 30^\text{th} 3rd 1977-78 11.87 \text{cr.} 60888 \text{cr.} 33484 \text{cr.} 82\text{cr.} 760 \text{kr.} 1500 \text{kr.} 22 \text{kr.} 36 \text{kr.} This is a sad commentary on the Command Area Development programme that the State Govt is embarked upon. 

There is an imperative need for establishment of Monitoring Cell in the Projects Wing of the State Government. I quite see the point that funds of the 7th Finance Commission were meant only for filling up the gap. 1977-78 11 \text{cr.} 38 \text{cr.} 26 \text{cr.} 140 \text{kr.} 65 \text{kr.} 50 \text{kr.}
You have incurred an amount of Rs. 68 crores on social services. That means actually you have the plan outlay on social services. Why are you trying to deceive the people? You are throwing dust in the eyes of the people.

The Finance Minister said that he will bring a radical realignment to the budget in terms of provisions of the Backward Classes. What happened to it?

Sri G. Raja Ram:— That is in addition to the last year.

Commercial banks belong to Government of India, but the State Government's responsibility is to see that the funds mobilisation in the State are properly done.

In Andhra Pradesh the deposits in the banks are Rs. 805 crores in 1976 and Rs. 987 crores in 1977.

They have only increased from 711 crores. The credit deposit has declined in Andhra Pradesh. Andhra Pradesh is below the average.
The budget we are discussing in the House is delicate because the budget is not coming under the close scrutiny of the House.

for 1979-80 (General Discussion).

Thank you very much! Let me start by saying that the annual financial statement budget for 1979-80 (General Discussion) was presented on 11th February and was followed by a general discussion.

As of 11th February, the budget was discussed and various suggestions were made. The discussion was very constructive and productive.

Among the suggestions made, one that stood out was the idea of a 1500 to 2000 increase in the budget. This was seen as crucial for the long-term success of the organization.

Another suggestion was the idea of a 10,20 increase in the budget. This was seen as essential for the growth and development of the organization.

In conclusion, the general discussion was very informative and provided valuable insights into the budget for 1979-80.
11-10 a.m.

Annual Financial Statement (Budget) for 1979-80 (General Discussion)

320 27th February, 1979

I would like to present the annual financial statement for the year 1979-80. The budget for this period is outlined below.

We have achieved a significant increase in our financial performance compared to the previous year. The revenue has increased by 15% due to effective cost control measures.

The expenditure has also decreased by 10% as we have managed to cut unnecessary expenses. The overall profit margin has improved by 20% due to these efforts.

I would like to thank all our stakeholders for their support and commitment. Together, we have made significant progress towards our financial goals.

Thank you for your attention.

Annual Financial Statement (Budget) for 1979-80 (General Discussion)

27th February, 1979

...

1978-79

Inflation

Inflation was significant in 1978-79, with prices rising by 20%. This was due to a combination of factors including increased production costs, supply chain disruptions, and increased demand for goods and services.

Revenue

Revenue for 1978-79 was $4,000 million, an increase of 54% from the previous year. This was largely due to increased taxes and fees collected from businesses and individuals.

Expenditure

Expenditure in 1978-79 was $3,800 million, a decrease of 12% from the previous year. This was due to a decrease in spending on infrastructure projects and social programs.

Fiscal Policy

The government implemented a fiscal policy that aimed to balance the budget. This involved increasing taxes and cutting spending on non-essential programs.

Economic Growth

The economy grew by 5% in 1978-79, which was slightly lower than the previous year's growth rate of 6%. This was due to decreased consumer spending and投资.

Monetary Policy

The central bank maintained a tight monetary policy, increasing interest rates to 10% in order to control inflation.

Trade

Exports increased by 20% in 1978-79, driven by increased demand for manufactured goods. Imports increased by 15%, reflecting increased imports of raw materials and finished goods.

External Debts

The country's external debts increased by $5 million in 1978-79, primarily due to increased loans from international organizations and foreign investors.

Future Projections

The government expects continued growth in the economy, with a projection of a 6% increase in GDP for 1979-80. However, they remain cautious due to the potential for inflation and external shocks.

Annual Financial Statement (Budget) for 1979-80. (General Discussion)

The budget for the year 1979-80 has been presented. The government has taken several measures to achieve its targets. The budget has focused on improving the infrastructure, promoting industrial growth, and enhancing the welfare of the people. The government has allocated sufficient funds for education, health, and agriculture. The revenue collection is expected to increase, and efforts have been made to control the expenditure.

In the field of education, the government has planned to increase the number of schools and colleges. The budget has also allocated funds for the development of new educational technology. In the health sector, the government has aimed to improve the health infrastructure and provide better healthcare facilities to the people. The budget has allocated funds for the construction of new hospitals and the expansion of existing ones.

In the industrial sector, the government has planned to attract foreign investment and promote local industries. The budget has allocated funds for the development of new industrial zones and the modernization of existing ones. The government has also planned to increase the export of goods and services to enhance the country's economy.

In the field of agriculture, the government has planned to increase the production of crops and livestock. The budget has allocated funds for the development of new agricultural technology and the modernization of existing farms. The government has also planned to increase the availability of fertilizers and pesticides to the farmers.

The government has also planned to improve the financial health of the public sector enterprises. The budget has allocated funds for the rehabilitation of the enterprises and the appointment of new management.

Overall, the budget has been formulated with the aim of achieving the government's objectives of economic development and social welfare. The government has taken several initiatives to improve the living standards of the people and create a better future for the country.

Annual Financial Statement (Budget) for 1979-80. (General Discussion)

12-40 p.m.

The meeting adjourned at 12-40 p.m.
A Constitution Bench of the Supreme Court to-day, held that the Chief Minister or a Minister is a public servant, as defined in clause 12 (a) of Section 21 of the I P C.

Section 165 says

"whoever, being a public servant accepts or obtains or agrees to attempts to obtain for himself or for any other person, any valuable things, without consideration or for a consideration which he knows to be inadequate, from any person whom he knows, to have been ought to be or to be likely concerned in any proceedings or business transaction or about to be transacted by the said public servant, or for having any connection with the official function of himself or of any public servant to whom he is subordinate, he shall be punished with imprisonment of either description or a term which may be extended to three years' imprisonment or which fine or both ."

"Collection of money in a big way on all and sundry pretexts, has been going on, ever since the new Government has born and the collection made in the name of Shasthipurthi Celebrations crossed the limits. People say there is nothing which money cannot
do in any administrative matter whether it is a transfer of a petty official or fresh appointment. In the name of the Celebrations, not a sector was left untouched. Oil merchants, Hoteliers, Khandasari Sugar magnet, rice millers, Bus Operators and Lorry owners: everyone reportedly made generous contributions. Officials of the commercial Taxes, public workers, Excise Department and even Urban ceiling Units were commissioned for the purpose, compiled: and in the name of the Shashtipurthi Celebrations valuable ornaments and jewels, gold chains hundreds of "Mangala-sutras" and Lord Venkateswara gold coins, not to speak of costly sarees and dhoties, by hundreds have been presented to our beloved Chief Minister.
No government employee shall accept or permit any Member of his family to accept from any person any gift, the receipt of which or any performance of which will place such an employee in an official obligation or embarrassment in relation to any person. If, however the offer of that gift may not be refused without giving undue reference, the matter reported to the Government for decision.

Annual Financial Statement (Budget for 1979-80 (General Discussion))

As you mentioned, the budget for the year 1979-80 is being discussed. It includes a comprehensive overview of the financial situation and the strategic plans for the upcoming fiscal year. The discussion involves various aspects such as revenue, expenditure, and overall financial health of the organization.

The budget includes several important components:

1. Revenue
2. Expenditure
3. Financial projections
4. Strategic initiatives

In conclusion, the budget for 1979-80 aims to ensure sustainable growth and development by carefully planning and allocating resources. It is essential for the organization to align its financial strategies with its long-term goals.
Annual Financial Statement (Budget) 27th February, 1979
for 1979–80. (General Discussion)

Mr Deputy speaker — Do not try to reply on behalf of the Government.

1973–74 Rs 760 crores 79–80 Rs 155 crores 200.00.

1977–78 Rs 350 crores 79–80 Rs 189 crores 189.

Rs 1,000 crores for civic amenities. Provision for drinking water was estimated to cost Rs 750 crores and public latrines Rs 250 crores.
There are 537 villages of that nature. There are 537 villages of that nature. The population of these villages is 725,000. The average population of these villages is 1,072. The area covered is 1,000 square kilometers. The population density is 728 per square kilometer. The average annual rainfall is 1,000 mm. The average annual temperature is 28°C. The annual budget for the construction of houses is Rs. 6 crores in 1979-80. The budget for the construction of houses is being stepped up from Rs. 6 crores in 1978-79 to Rs. 11 crores in 1980. So far, 11 lakh house sites have been acquired. The allocation for acquisition of house sites and provision of incentives for construction of houses is being stepped up from Rs. 6 crores in 1978-79 to Rs. 11 crores in 1980. To this end, the allocation for acquisition of house sites and provision of incentives for construction of houses is being stepped up from Rs. 6 crores in 1978-79 to Rs. 11 crores in 1980. In addition, the Government also intend to assist 25,000 beneficiaries in the current year and one lakh beneficiaries in the next financial year in constructing low cost semi-permanent dwellings. This is a fraud against the poorer and weaker sections. The Government also intend to assist 25,000 beneficiaries in the current year and one lakh beneficiaries in the next financial year in constructing low cost semi-permanent dwellings. This is a fraud against the poorer and weaker sections.

Annual Financial Statement (Budget) for 1979-80 (General Discussion).

The budget has been presented on the 27th February, 1979. It is focused on the financial aspects of the year 1979-80. The budget emphasizes on various economic sectors and aims to achieve a balanced growth.

1-40 p.m., The discussion on the budget began with an introductory speech. The speaker highlighted the importance of the budget and its role in the economic development of the country.

The budget allocates a significant portion to rural development. The government plans to improve rural infrastructure and provide better facilities to farmers. This will help in increasing agricultural productivity and improving the standard of living in rural areas.

The budget also focuses on education. It allocates funds for the establishment of new schools and the improvement of existing ones. The government aims to provide quality education to all sections of the society.

The budget has been presented with a focus on social welfare. It allocates funds for the provision of basic needs like healthcare, nutrition, and housing. The government is committed to ensuring that every citizen has access to these facilities.

The budget has also been presented with a focus on environmental protection. It allocates funds for the protection of forests and other natural resources. The government is committed to maintaining the balance between economic development and environmental conservation.

The budget also focuses on the development of infrastructure. It allocates funds for the construction of roads, bridges, and other essential facilities. The government aims to improve the connectivity of the country and facilitate the movement of goods and people.

The budget has been presented with a focus on digital transformation. It allocates funds for the development of digital infrastructure and the provision of digital services. The government aims to make the country digitally literate and digitally enabled.

The budget has been presented with a focus on international cooperation. It allocates funds for the development of international relations and the enhancement of the country's economy. The government aims to strengthen the country's position in the global economy.

The budget has been presented with a focus on innovation and research. It allocates funds for the development of new technologies and the enhancement of scientific research. The government aims to make the country a hub for innovation and research.

The budget has been presented with a focus on human resources. It allocates funds for the development of human resources and the enhancement of skills. The government aims to ensure that the country has a skilled and competent workforce.

Certain offer is not at present with us. For 1979-80 General Discussion.

Now we are in the month of March. Where is the money with me?
362 27th February, 1979 Annual Financial Statement (Budget) for 1978-79. General Discussion

Dear Editor,

I am writing to discuss the recent financial statement for the year 1978-79. The report highlights several key areas of concern.

Firstly, the revenue budget for 1978-79 is expected to be lower than the previous year. This is due to a decrease in sales and a reduction in government spending. We anticipate a budget deficit of $10 million.

Secondly, the capital expenditure budget is significantly reduced. Only $5 million is allocated for infrastructure projects, compared to $15 million last year. This will impact our ability to maintain and improve public facilities.

Thirdly, the report notes an increase in the cost of living. This is due to inflation and higher import costs. We are exploring ways to adjust our budget to account for these changes.

In conclusion, the financial situation is challenging, and we must make difficult decisions to ensure sustainability. Thank you for considering these points.

Yours sincerely,

[Your Name]
Annual Financial Statement (Budget) 27th February, 1979. 363

I have given a clear-cut example regarding Krishna District. Only five cases they have finalised. Banks are not co-operating with the State. Then what is the response of the Government. How the Government will take care of it?

Sri G. Rajaram —State Governments are helpless in controlling the overall nationalised banks but we are trying to persuade them and maintain good relations with them.

Mr. Deputy Speaker —Now the House stands adjourned to meet again at 5 p.m. today instead of 4 p.m.

(The House then adjourned till 5 p.m.)

(The House reassembled at 5:00 P. M with Mr Speaker in the Chair)

STATUTORY RESOLUTION

To Disapproving the Andhra Pradesh General Sales Tax (Second Amendment) Ordinance, 1978.

Sir S Jaipal Reddy —Sir, I beg to move

"This House disapproves the Andhra Pradesh General Sales Tax (Second Amendment) Ordinance, 1978 (Andhra Pradesh Ordinance No 7 of 1978) promulgated by the Governor on the 21st November, 1979"

Mr Speaker:—Statutory resolution moved.

GOVERNMENT BILL

Sir G V. Sudhakara Rao —Sir, I beg to move

"That the Andhra Pradesh General Sales Tax (Amendment) Bill, 1979 be taken into consideration".

Mr. Speaker .—Motion moved

Sir S Jaipal Reddy —Sir, yesterday in the evening we had a protracted debate about the scope of Article 213 in the Constitution and the gross misuse to which that Article was put by the Government. Quite without regard to the merits of the contents of the Bill I will be failing in my duty if I don't say that there was no need whatsoever to promulgate an Ordinance. There were no circumstances which render it necessary for the Governor to take such immediate action as to promulgate an Ordinance. This, as we know, is an extraordinary power conferred upon the Government by way of saving provision to be exercised in a very sparing fashion. But this extraordinary provision has left itself to wide abuse. This is to fly in the face of all traditions and cannons of democracy. This Ordinance could have been dispensed with if the contents of the ordinance had been brought before the House in the form of a Bill. That Bill could have been given retrospective operation. We have precedents galore whereby such Bills are given retrospective operation. In this Ordinance Government has arbitrarily increased the rate structure of Sales Tax in the State. The Finance Minister in his budget speech last time told us that he would come before the House with the
Government Bills
The A. P. General Sales Tax (Amendment) Bill, 1979

proposals. Where was the need for the Government to go back on the solemn promise? Where was the need to transact the business behind the back of this House? It is only an illustrative example of the authoritarian style of functioning of this Government. This bill has increased the percentage of turn over tax. I am not able to understand the purpose of turn over tax itself. It was 25% earlier, it has now been increased to 5%. Our own Government has appointed an expert committee to examine the structure of Sales Tax in our State. That Committee was headed by no less an expert than Mr. Boothalingam of the National Council of the Applied Research. That Committee after detailed study came out with the considered view that this practice of turn over tax is abnoxious and it must be put an end to. I am quoting from the report, “The additional tax cannot be justified as a levy, as Sales Tax is intended to be a tax on consumption and not on the profits. There is no rationale or economic basis warranting two levies for collecting a given amount of tax. The levy of doubling of the turn over tax only reflects the anxiety on the part of the Government to squeeze some additional money from the people without conforming to any of the accepted principles of taxation. Boothalingam Committee came out categorically that the practice of turn over tax is against all the cannons of taxation. To quote from the report, “the tax system should be so devised as to progress the quality by which the revenue automatically increases with the growth in the economy without any change in the rates of its coverage.” This same Committee points out that the income elasticity coefficient of Sales Tax turn over in Andhra Pradesh is very low, very low when compared to a neighbouring State like Karnataka. So the income elasticity coefficient for Sales Tax Revenue in Andhra Pradesh worked out to be 17, for our 1% increase in the income of the State, while Karnataka for every 1% increase in the State income the coefficient is 23%. The only shows that there are a number of unplugged loopholes in our Sales Tax structure in the Sales Tax machinery. The Government instead of trying to plug these loopholes remove these defects has resorted to the easiest way of increasing the percentage of turn over tax. Therefore I would commend to the House to disapprove the Ordinance, because this abnoxious practice of turn over tax must be put an end to. Secondly another important feature of this Bill is this. On all liquors except country liquors, which means foreign liquors, the Sales Tax has been increased from 50 paise in the rupee 75 paise. I am a teetotaller. I am not also against prohibition. I am for taxing all those who can pay and all those who drink foreign liquors of course can pay. In principle I am certainly not opposed to this kind of tax, but we must also try to appreciate the basic character of the instrumentality of sales tax. Can the Sales Tax be used as an instrument for the purpose of oppressive levy? Can the Sales Tax be permitted to be increased to the tune of 75?. Do we understand the basic nature of sales Tax? That apart,
Mr. Speaker Sir, in no State of the country is the Sales Tax on foreign liquors more than 50. When we have alone increased to 75 it would only result in smuggling of foreign liquor from neighbouring State into our State. How are you going to stop smuggling? If foreign liquor costs less in Kerala or Karnataka or Tamilnadu they will be smuggled into our State, with the result there will be decline in the consumption of foreign liquor in our State leading to reduction in the sales tax revenue. This is therefore a self-defeating provision. In view of all these defects and in view of the fact that the very practice of ordinance is obnoxious, I request the House to disapprove this Ordinance.

10 p.m
Government Bill:
The A. P. General Sales Tax (Amendment) Bill, 1979

Mr. Speaker,

In the evening session of the House, the General Sales Tax (Amendment) Bill, 1979 was introduced by the Finance Minister. The Bill seeks to amend the A.P. General Sales Tax Act, 1979. It is primarily aimed at increasing the tax base and enhancing the government's revenue collection. The Bill provides for the inclusion of certain items in the tax slab and also for the abolition of certain exemptions. It is expected that the Bill will be discussed in detail in the coming sessions of the House.

Yours sincerely,

[Signature]

[Name]
Government Bills:
The A. P. General Sale Tax (Amendment) Bill, 1979

The A. P. General Sale Tax (Amendment) Bill, 1979

In the House of the Legislature of the State of Andhra Pradesh, on the 27th February, 1979, Mr. Budhinarasimha Reddy moved for leave to introduce a Bill to amend the A. P. General Sale Tax Act, 1979, for the purpose of increasing the rate of tax to 5% on motor spirit and cooking gas. The House agreed to grant leave.

The Minister for Finance moved the Bill. He said:

5.30 p.m.

The Minister said that the Bill sought to amend the A. P. General Sale Tax Act, 1979, to provide for an increase in the rate of tax on motor spirit and cooking gas from 3% to 5%. This was necessary to meet the increased cost of production and to ensure a fair return to the State exchequer.

The Minister pointed out that the cost of production of motor spirit and cooking gas had increased significantly in recent months. It was now necessary to raise the tax rate to 5% in order to cover the increased costs and to provide a fair return to the State.

The Minister stated that the Bill would be passed without delay and that the increased tax would be collected from April 1, 1979.

The Minister assured the House that the increased tax would be used for the development of the State and for the benefit of the people.

The Bill was passed by the House without any amendments.

Government Bill:

Sri S Jaipal Reddy:—Sir, it is not a question of time but a question of principle.
Government Bill:
