(d) whether there is any proposal with the Government to remove the Leprosy patients from pavements and other public places?
384 28th February, 1979. Oral Answers to Questions

(1) K. G. K. Reddy: With regard to the available stock of rice in this State, the position is as under: 492,000 quintals. The question was: May I know from the Government how much rice has been stockpiled in the State?

(2) K. G. K. Reddy: On March 400 million 18 months, 28 months.

(3) Sridhar.

8.40 a.m.

(5) Sridhar. (K. G. K. Reddy) — Mr. Speaker, Introducing a Bill in this House, the M. C. M. had said that the rice stock in 1978-79 was 100,000 quintals. In the year 1979-80, the rice stock in the 26 districts was only 27,000 quintals. The question is: Has the Government taken any measures to ensure rice stock in the State? — Our State has been declared as highly endemic. The Government has stockpiled 100,000 quintals of rice in the State, and also in the 26 districts.
Sri A. Madan Mohan — Sir, I gave the information as per the details available with me. I’ll pass this to the concerned department for necessary action.

Sri A. Madan Mohan.—Certainly
2293 (U) Q.—Sarvasri A. Venkateswarlu (Vinukonda) and V. Sobhanadreeswara Rao (Vuyyur) —Will the Minister for Health and Medical be pleased to state:

(a) whether it is a fact that nearly 250 Science graduates were selected and given training in the Leprosy eradication programme;

(b) if so, the period of training,

(c) whether the trained candidates have been absorbed; and

(d) if not, the reasons for not absorbing the trained candidates?

1. (i) Sarvasri Ina Venkateswarlu

(i) whether

(ii) 250 Science graduates were selected and given training in the Leprosy eradication programme;

(iii) the period of training,

(iv) whether the trained candidates have been absorbed; and

(v) if not, the reasons for not absorbing the trained candidates.

2. (a) native places

(b) whether

(c) trained candidates have been absorbed; and

(d) not, the reasons for not absorbing the trained candidates.
Sri A Madan Mohan:—I have no such information. At the same time let me submit through you, Sir, that in any situation I am going little deeper into the matter.

Mr. Deputy Speaker:—Six Point Formula is going to lapse by the end of March.

Sri A. Madan Mohan:—We are at it.

Allocation of Funds to Regional Hospitals

2885-(T) Q.—Sri G V Anjaneya Sarma (Guntur-2).—Will the Minister for Health and Medical be pleased to state:

(a) the criteria adopted in determining which General Hospital is to be considered as a Regional Hospital for purposes of allocation of funds?
(b) the criteria to be adopted by Government in determining the three Hospitals in the State for giving specialised favoured treatment;

(c) whether the Government have examined the qualifications of the General Hospital at Guntur for either of the above purposes; and

(d) the result of the examination if any, and on what grounds?

(b) the criteria to be adopted by Government in determining the three Hospitals in the State for giving specialised favoured treatment;

(c) whether the Government have examined the qualifications of the General Hospital at Guntur for either of the above purposes; and

(d) the result of the examination if any, and on what grounds?
Sri A Madan Mohan—My answer has never been vague. I have made abundantly clear that in view of the necessity and also keeping in view of the aspirations of the people belonging to three regions, these hospitals have to be strengthened. On that score, there is absolutely no dispute between me and the Hon Member. Coming to strengthening of hospitals, even the Government is of the same view that specialities have to be developed in these hospitals. There we have got general medicine, communicable diseases, general surgery, orthopaedics, paediatrics, anaesthetics, T.B. Radiology, Venereology, Dermatology, Psychiatry, Obstetrics and Gynaecology, Dental, Cardio Thoracic surgery, Cardiology, Urology. I only request the hon members to keep all the information with them. Let us know how the hospitals are

100—2
functioning Only thing is Government also is not satisfied that all the facilities that they have so far provided to these hospitals. That is why Government is anxious to strengthen these hospitals.

Sri A Madan Mohan: We have to detect the K. Os. in the K.G. Hospital. I hope the hon. member will help me in this.

Arranging of ‘Conducted Tours’ for Devotees of Lord Venkateswara

175—

*2570 Q—Sri A. Eswara Reddy :—Will the Minister for Tourism be pleased to state:

(a) whether the Andhra Pradesh Tourism Development Corporation is arranging ‘conducted tours’ for the convenience of devotees of Lord Venkateswara, and

(b) if so, the details of such ‘conducted tours’?

The Minister for Tourism (Smt. Roda Mistry) —(a) No, Sir.

(b) Does not arise

*Smt Roda Mistry :—Travel and Tourist Corporation is contemplating to run tours. They even started one in April last year. But we don’t have buses. We are hiring them from the Corporation and the rates charged by them are not economical. TTC will acquire 8 buses very soon. As soon as they come we will certainly undertake tours to the most deserving places of tourist interest including Tirupati.

Sri Bhattam Srimamurthy. Will the Minister reconsider the question of converting some of the tourists as d votedes with her charming personality

Smt Roda Mistry: Certainly I am a devotee of Lord Venkateswara and it will be much pleasure to do what the hon. Member says into d votees.

*Smt Roda Mistry :—The question is very clear. It says whether the Andhra Pradesh Tourism Development Corporation
arranging conducted tours for the convenience of devotees of Lord Venkateswara. My answer is ‘no’. Regarding running of tours we will certainly do when we acquire buses.

Allotments of Funds to the Institution by UGC

177—

*1789 Q Sri Paladugu Venkata Rao.—Will the Minister for Education be pleased to state:

(a) the criteria followed by the UGC in allotting funds to the State and to the Institutions, and

(b) whether it is a fact that UGC is not providing funds to our Institutions to the extent necessary ?
Colleges established after June, 1972 should be permanently affiliated to the University and should have a minimum enrolment of 40 students in Degree Classes and at least 20 suitable qualified permanent teachers in respect of Men's College located other than backward areas. Colleges located in backward areas should have a minimum enrolment of 200 students in Degree Colleges and at least 10 suitable qualified permanent teachers Colleges where 50% or more of the students population comes from Scheduled Castes and Scheduled Tribes also treated as Colleges in backward classes. All colleges for Women in respect of their location will be treated on par with located in backward areas in respect of students enrolment and faculty strength.

What steps have been taken in that direction? Will the Minister explain?

Sri B Venkatram Reddy:—I wish that it should be asked putting a separate question; because it relates to the norms to the grants given by the U.G.C. and the State U.G.C. which has not yet come into existence. It is a separate question.

Mr Deputy Speaker:—Is there any contemplation to have such a thing?

Sri S Jaipal Reddy:—At least you confirm your statement. Our Education Minister is not so ignorant as to reply that he do not know what is going on.

Sri B. Venkatram Reddy:—The question of being ignorant does not arise. Whatever I say here may be premature if I do not have sufficient information with me.
Sri B Venkatram Reddy :— I understood the spirit
Sri Aalwar Das — What is the percentage of grants we are getting in relation to the total grants i.e., when compared to other states?
Sri B Venkatram Reddy :— That information, I am not having at the moment.
Sri S Alwar Das — Thousands of colleges in North and South India are having Post Graduate Courses with the assistance of U G.C. What action is our Government taking to pursue the U G.C. in this respect?
Sri B Venkatram Reddy :— I have already submitted that we are pursuing the U G.C for grants for favour P G, Centres. We are discussing with them. I am convinced that they are not treating us equally with those (Universities) of the North. We are making all our efforts. We are pressing the UGC through Members of both the Houses of Parliament.

re: decision of the State Medical Employees Union to launch agitation.

Sri Amad Moohan — Sir. The State Medical Employees Union has decided to launch an agitation through the state commencing from February, 26th for the redressal of their demands which might dislocate the medical services. There is an urgent necessity to solve these problems, to avoid any inconvenience to the people at large.

A notice of agitation for settlement of pending grievances was sent by the Andhra Pradesh Medical Employees Union through their letter no. GOVa. 79 Dr. 17th February, 1979. In that, it was stated that the first phase of the agitation would be Hunger Strike and protest demonstrations before the Secretariat from 26th February, 1979 which will subsequently be extended to district headquarters.

A meeting was held in my chambers on 24.2.1979 to discuss about the demands of the Andhra Pradesh Medical Employees' Union. The President and the Secretary of the Union attended the meeting. The demands raised by the Union were discussed and decisions reached. After detailed discussions, the Union Leaders have stated that the Employees would not be proceeding on strike.

CALLING ATTENTION TO MATTERS OF URGENT PUBLIC IMPORTANCE

Re: Irregularities in the matter of selection of candidates to the Balawadi Training School at Eluru.

The Minister for Tourism, Women and Child Welfare (Smt Roda Mistry):—Sir.

The Balasevika Training School at Eluru is being run by the A.P. State Council for Child Welfare. There is no control of the Department of Women & Child Welfare either financially or otherwise on the institution. The institution was drawing the grants from the State Government but for the last three years, the Department of Social Welfare which was funding the institution has not released any grant-in-aid.

For the running of the Balasevika Training Course, 180 candidates were called for interview, out of which 50 were selected for training. This was done because it was found not possible to call all 3,050 applicants for interview.

Only the candidates who had passed matriculation or S.S.C. examination at a time were considered for selection. No compartmentally passed candidates are eligible under the Central Indian Council for Child Welfare Rules. Economically backward candidates who have been sponsored with job guarantee have been given preference in selection. Under the rules the permissible age is upto 35 years and general preference has been given for ladies between the age group of 0 to 33 as it was considered that they were mature enough to deal...

with young children between the ages of 2 years to 3 years and they have limited opportunities in the employment market

Suitable preference was also given to Scheduled Caste, Backward Classes, minority and weaker communities and destitute recommended by the State after Care Homes and cyclone victims whose husbands died and persons whose husbands were mental affected. A committee consisting of parliamentary representatives, Legislators and other interests as mentioned below met on 7-2-19 and interviewed the 180 candidates and selected 50 out of them for Training.

The members who were present for the interview were:

2. Sri M. Satyanarayana Rao, M.P.
6. Mrs. A. Swarnalatha Devi, Principal, Balasevika Training Institute, Tirupati.
7. Miss. N. Kalavatamma, Principal, Balasevika Training Institute, Eluru.

While selecting the candidates for training, the Selection Committee observed the following guidelines:

1. Maximum representation was given to Scheduled Castes, Backward Classes, Economically weaker sections and other eligible communities.
2. Special preference was given to the candidates who have been deserted by their husbands, who have many children to lookafter...

who have several dependents to look after, persons who lost their parents, widows, cyclone victims, candidates who are the daughters of retired Class IV employees and daughters of Elementary school teachers.

Some candidates have been given preference because of the dependant ailing parents suffering from acute diseases like Cancer, M.B. etc. Even in the case of candidates from forward communities, economic conditions of the family was taken as the main criteria.

The following is the percentage of selection of the candidates:

Calling attention to matters of urgent public importance:
re: Selection of candidates to Balayogi Training School, Eluru.

The committee recommend that the previous members of the Council who are found to be guilty of mismanagement and malpractices should be debarred from serving the council in any capacity in future.

The Committee observe that all such office-bearers and Members of the Executive Committee who are found guilty of misuse of their power or and misconduct in relation to the affairs of the council should be disqualified from continuing as Members of the Council. Similarly any existing Member of the Council under any category as found to have acted against the interest of the Council in such manner as to bring dispute to the Institution should also be disqualified from the membership.

After careful consideration of the evidence and material placed before the committee, the Committee have come to the conclusion that former Secretaries i.e. (1) Sri Thakur V Hari Prasad, (2) Dr. P. Tirumala Rao and (3) Sri K. R. Amos are found to be guilty of misuse of their office and also misconduct in relation to the affairs of the Council in varying degrees. And on this ground they should be debarred from continuing as Members of the Council.

The Committee recommend that the Government must appoint a responsible officer to conduct a detailed enquiry into the financial irregularities, etc., for the purpose of effecting recoveries as well as launching prosecution wherever necessary.

(Mr. Speaker in Chair)
Calling attention to matters of urgent public importance: re: Selection of candidates to Balwadi Training School, Eluru.

Has the Government of Andhra Pradesh recognised this Balsevika Training Programme itself?

You are requested to kindly consider giving formal recognition to the Balsevika Training Course by prescribing the training as essential or desirable qualification for posts an illustrative list of which has been given in the previous paragraph. You may also issue a directive to the organisations which receive grant from the State Government/Union Territory so that candidates who have passed the Balakshivaka Training Course are employed for such posts.

Calling attention to matters of urgent public importance

rec Selection of candidates to Balwadi Training School, Eluru

Smt Roda Mistry —The Hon Member has said almost everything. This notice pertains to the Eluru Balasevika Training School. Notice clearly says ‘selection of candidates for admission to Balasevika Training School at Eluru’. I will rest in myself, particularly with this notice subject itself. The Hon Member has brought it to notice that there were irregularities. We have done our best and enquired. As it is a voluntary institution, there is no control of the Government over it. Moreover, WWTC Welfare Care is not guiding. It is very difficult for us to do anything more than to get all the information by sending our officers to the institution. Regarding three candidates he mentioned, to the best of my knowledge, they have told us that compartmental candidates were not entertained as per rules of the Central ICCW. If these three are compartmental candidates, do not get within the rules and they were not selected it must be because of this reason.

Sri V Shobanadreswara Rao:— They have passed in single attempt for your information.

Smt Roda Mistry.— In that case, the recommendation must have reached late. We don’t know what was the missing link. The method laid down by them seems to be very elaborate and we were not partners or witnesses to it. We can’t say anything in the matter but I could only say that the application might have not received or received. 17% of harijans were taken. This is more than the quota. As I have mentioned already besides 17% to harijans 18% was given to backward classes which is more than the quota stipulated and other communities are 14 and one is a destitute. There are many reasons for allocation also.

*Sri Gouthu Latchanna —18% for backward classes cannot be more than the required quota.

*Smt Roda Mistry.— Stipulated quota, I said. They were selected for various reasons and not purely on marks alone. There were some destitutes, some widow, some people coming from State Home. I have answered this question to the hint. The selection was not purely on marks alone. This is a training for people service who have jobs opportunities earlier, were given preference. Widows were...
given preference. May be because they did not come into these categories they were eliminated. If the member had taken these recommendations earlier I am sure they would have been kept under consideration. I think there is nothing else that we could add. I have already made it clear.

Sri G. Latchanna — The Minister has assured that she will get all the information along with that information let us have also guidelines on which the selections were conducted and also the date on which the information can be given us.

Smt. Roda Mistry — Guidelines are here. I can read out.

(interruptions)

Sri G. Latchanna — The report of the institution is being questioned in the House. It is the Minister to get the thing tallied and give correct information to the House.
Calling attention to matters of urgent public importance re Selection of candidates to Balwadi Training School, Eluru.

Smt. Roda Mistiy — I have given the correct information to the House. Our officers went and enquired.

Mr. Speaker — You promised to give detailed information about Eluru centre.

Smt. Roda Mistiy — About the three specific cases as to why they were not selected, I will put a paper on the Table of the House.

Sri M Venkaiah Naidu — The Minister while replying said that the Member Shobhanadreeswara Rao made all the points except the points which were quoted in the Calling Attention. The Minister seems to have not read the points which were quoted. The Member Shobhanadreeswara Rao made all the points except the points which were quoted.

It is not a simple voluntary organisation. The State Government is the appointing authority. They are nominating the people to the Child Welfare Council. They have got every right to rectify the misuse if any. Here is a specific case of a man in the previous years he has swallowed so many lakhs of rupees. There were so many allegations against him. Even the House Committee report says that he cannot become even a Member. So, our request is let the Minister see that fresh interviews are called for and candidates are selected on merit basis and see that the Child Welfare Council also is reconstituted with people who are having integrity and honesty.

*Smt Roda Mistiy* — I have mentioned that we have no administration control to give such instructions. We cannot give such assurance to the Hon Members. As far as the three candidates who have not been selected, we will require through W.W.T.C Welfare departmental pressure to find out and lay a paper on the Table. It is
Calling attention to matters of urgent public importance re Selection of candidates to Balwadi Training School, Eluru

said that we have appointed the Committee and we are putting our people on the Committee. It is not true. There is no official representation as such. There is no recognition either.

Sri M Venkaiah Naidu — Then how this was appointed when there is no control of the State Government? How can the House Committee go into and enquire into the details.

Smt Roda Mistry — The House Committee was appointed on a different issue. I cannot give an answer to that.

Sri M Venkaiah Naidu.— No

*Smt Roda Mistry — House Committee was appointed if an institution was funded by other Departments of the Govt. So, Members asked for a House Committee and it was appointed. For there years we have given nothing. No funds have been released to them.

Sri M Venkaiah Naidu;— It is stated that Sri M Narayana Rao, IAS, District Collector and President for District Council for Child Welfare, Eluru. Smt Durga Bhaktavatsalam, Chairman of the
April 28th, 1979. Calling attention to matters of Urgent Public Importance re: Selection of candidates to Balawadi Training School, Eluru.

A P State Social Welfare Advisory Board and Smt Krishna Kumari N Rao, Joint Director, Women & Child Welfare could not attend the meeting due to other preoccupations.

Smt Roda Mistry —I will get the information

Sri M Venkaiah Naidu —How can she get the information? She cannot. She says she has no control. How can she get when it is not under control?

Smt. Roda Mistry :—We can get information if they are willing to give, otherwise they can refuse to give information but they have given us information.

Sri M Venkaiah Naidu —Then what is the fun of giving an assurance?

Mr. Speaker —She is pleading her helplessness

Mr. Speaker —The constitution of the Committee and whether proper people were appointed by the Committee or not is a matter for discussion. You will get an opportunity. It is only a question of selection. As far as possible she will get the information and place it on the Table.
Smt Roda Mistry —Scrutiny Committee was appointed. The applications were scrutinised by the Screening Committee consisting of the following:

2. V. Sarojini, B.A., B.Ed., Lecturer in Education.
5. Ambika, Special Teacher.

re (1) Statement regarding equation of D.A.M of Kerala University with that of L.I.M of Madras

Sri A. Vengal Reddy—Sir, on behalf of the Minister for Technical Education and Indian Medicine I beg to place on the Table a copy of the statement regarding equation of D.A.M of Kerala University with that of L.I.M of Madras, in pursuance of assurance given on 28-8-1978 while answering L.A.Q. No. 1503 (S)

Mr. Speaker—Papers placed

Statement placed in pursuance of promise made by M (TE & IM) on 28-8-1978 while answering L.A.Q. No. 1503 (S)

The Board of Examiners in Indigenous Medicine, Madras have awarded the qualifications of L.I.M. (Madras) and G.C.I.M. (Madras) whereas the D.A.M qualification is awarded by the Government of Kerala and the said course is being run by that Government. Thus the question of equating the D.A.M. Course with the L.I.M. (Madras) and G.C.I.M. (Madras) is outside the purview of Government of Andhra Pradesh as both these courses are extra-jurisdictional to this State. The question of equating D.A.M. of Kerala with that of L.I.M. and G.C.I.M. of Madras can be considered as and when the Government of Tamilnadu takes a decision to equate D.A.M. Qualification of Kerala with L.I.M. / G.C.I.M. (Madras). Thereafter the Osmania University can consider to equate or otherwise the courses of other States with its own degree courses if these agencies request the same to do so

re: (2) Targets Achieved in Controlling Leprosy under National Leprosy Control Programme

Minister for Transport on behalf of Minister for Health & Medical) Sri A. Vengal Reddy—Sir on behalf of the Minister for Health and Medical I beg to place on the Table a copy of statement containing targets achieved in controlling leprosy under National Leprosy Control Programme in pursuance of an assurance No. 2813 given while answering L.A.Q. No. 5040 on 31-3-1977.

Mr. Speaker—Paper placed

Paper placed on the Table

General Report on the National Leprosy Control Programme in Andhra Pradesh State by Dr. M. C. Appa Rao, Additional Director of Medical and Health Services (C.D.)
The total population of Andhra Pradesh State is 43.5 millions and the total population is declared as endemic population. The estimated number of leprosy cases in Andhra Pradesh is 6.2 lakhs.

Leprosy is endemic in all the districts of Andhra Pradesh. The average prevalence rate according to the surveys conducted in the control project, areas is 117 per 1000. However, the prevalence rate varies from district to district. Specially the districts of the Srikakulam, Chittoor and Warangal have the highest prevalence rate among other districts of Andhra Pradesh State.

To control the spread of Leprosy, a National Leprosy Control Programme was launched during the year 1955, the last year of the 1st Five-Year Plan by setting up three leprosy subsidiary centres. The programme expanded considerably plan after plan by establishing Leprosy Control Units, Survey Education Centres, Urban Leprosy Centre, Temporary Hospitalisation Wards, Reconstructive Surgery Units and Leprosy Training Centres. The expansion was undertaken by implementing the Targets given as Annual Plan.

**Leprosy Control Units:**

There are 57 Leprosy Control Units in Andhra Pradesh State. At least there are 3 Leprosy Control Units in each district. A Leprosy Control Unit covers a population of 4,00,000 (Four lakhs) and there will be 20 Non Medical Assistants in each Leprosy Control Unit. The Medical Officer will be the incharge of Leprosy Control Units. Under each Leprosy Control Units there will be 20 Sub-centres and for each Sub-centres, there will be one Non Medical Assistant who will do survey work. He will examine and detect the Leprosy cases and he will give treatment to the Leprosy Patients.

**Survey Education & Treatment Centres:**

There are 492 Survey Education and Treatment Centres in all the districts of Andhra Pradesh. Including Sub-Centres and Survey Education and Treatment Centres totally, there are 1560 Non-Medical Assistants who are covering the population of Andhra Pradesh for that Survey work is being carried out throughout the State for detection of Leprosy Cases. Health Education is also being imparted to the Leprosy patients and their contacts etc.

**Urban Leprosy Centres:**

There are 35 Urban Leprosy Centres in the State which are attached with the District Headquarters Hospitals and Non-Medical Supervisor will be the incharge of Urban Leprosy Clinic who will work under the Control of Dermatologist. He will give treatment to the leprosy cases comes under the Urban area.
Temporary Hospitalisation Wards:

Temporary Hospitalisation Ward are attached with the District Headquarters Hospitals. Each temporary Hospitalisation ward consists of 20 bedded for the treatment of acute and complicated cases of Leprosy. There are 27 Temporary Hospitalisation wards in Andhra Pradesh State.

Reconstructive Surgery Units

For the treatment of complicated deformed leprosy cases, reconstructive surgery units are also established. There are 10 Reconstructive Surgery Units in the State, which are attached with the big hospitals where the Orthopaedic Surgeon is available.

Government Leprosy Hospitals

There are 5 Government Leprosy Hospitals in Andhra Pradesh State, which are as follows:

1. Government Leprosy Hospital, Narayanpet, Mahabubnagar District - 60 bedded
2. Government Leprosy Hospital, Nellore - 24 bedded
3. Government Leprosy Hospital, Ramachandrapuram, East Godavari District - 10 bedded
4. Government Leprosy Hospital, Kesarapalli, Krishna District - 30 bedded
5. Government Leprosy Hospital, Pogiri, Srikakulam district - 50 bedded

Voluntary Organisations

In addition to the Government Institutions, there are 28 Voluntary Organisations in Andhra Pradesh State, which are engaged in Anti-Leprosy work. These organisations have to do control work by utilising the services of the trained Para Medical Workers. They should undertake survey of the population, to detect leprosy cases, educate the patients and public and treat all the detected cases.

These Voluntary Organisations are getting grants-in-aid from the Government of India as well as from the State Government.

Leprosy Training Centres

There are five Leprosy Training Centres in the State for the Para Medical Workers' training course. Apart from that, Medical Officers' and Physiotherapist Training course are also being conducted.
The Government of India encourages the voluntary organizations for rehabilitations of the handicapped and leprosy patients by giving them financial assistance on recommendations of the State Government. This assistance is given by the Department of Social Welfare, Government of India.

Upto the end of 1976 (492) SET Centres, 57 Leprosy Control Units, 35 Urban Leprosy Centres 27 Temporary Hospitalisation wards, 10 Reconstructive Surgery Units, 14 posts of Zonal Leprosy Officers, 5 Leprosy Training Centres have been established. In addition to that there are 28 voluntary organizations which are engaged in Anti-Leprosy work.

Field Achievements:

Upto the end of March, 1978 these are the following field achievements:

- Population examined: 2,38,07,033
- Total no. of cases registered: 2,97,030
- No. of Healthy contact under observation: 8,70,205

Demands for Grants. (Contd)
Sri S. Jaipal Reddy.—We will not agree. You are undermining the authority and dignity of the House

Mr. Speaker.—Let us not waste the time of the House

Sri M. Venkaiah Naidu.—Some ministers are not in the Council at this moment.

Sri S. Jaipal Reddy.—They know full well one week in advance that these demands will come up today. They can ask for postponement.

Sri M. Venkaiah Naidu.—This is too bad. What for are we sitting here? This is an insult to the House.

Sri S. Jaipal Reddy.—The House must be adjourned.

Autum financial Statement (Budget) for 1979-80

Mr. Speaker.—I will give a general instruction to the Ministers that the Ministers who are moving their demands must be present in the House.

for 1979-80.

Sri A Vengal Reddy:—It so happened that all the Ministers who moved their demands are in the Council answering the questions. We requested the Chairman to postpone the questions for which he refused. Actually the note is here. That is why we were held up there. We have asked to take up our questions in advance. I have answered my questions and Mr Manik Rao is answering there. He is coming. That is the reason why we were not here.

(Signed)

Sri S. Jaipal Reddy:—If the demands are postponed . . .

I cannot allow anybody to talk. Please resume your seats.

Sri S. Venkaiah Naidu:—Mr Venkaiah Naidu, Please resume your seat.
Mr. Speaker—That is not good to accept the request of the Ministers for postponement of their question was not conceded there. Then way should we allow the Ministers to be absent if that House is not giving that much obligation to us. Why should this House oblige? This House is not prepared to give that much obligation to them.

We are not going to accept the convention because that is misused. Any Legislator should take the demands which are more important than the questions. Questions can be postponed.

Sri S. Juppal Reddy — We shall now adjourn the House.

Mr Speaker — Let me give them a chance.

Sri G Rajaram.— Mr Speaker, Sir, This has to be very amicably settled This is not fair on the part of this House or that house to claim superiority over the other In the Parliamentary tradition, it is always better that both the houses cooperate with each other and respect each other. Sir, we do agree that when the Ministers move their demands, they should be present in the house This will be sorted out in the other house also when Ministers are engaged in moving their demands here, they should be allowed to be absent from that house for some time and then questions may be taken subsequently. We will sort out like that.

Sri G Rajaram:—He is in the Council I am coming straight away from the Council. Minister for Law and Ports is also in the Council.

Mr, Speaker —Why do you bring it again when the matter is settled.

Mr Speaker — The Minister for Law and Ports.
28th February, 1979. Annual Financial Statement (Budget)
for 1979-80.

For the present, let the House continue. We will take the notes.
But in future, we see that this is sorted out amicably.

Mr. Speaker:—Mr. H Satyanarayana will speak now.

Mr. H. Satyanarayana (Adoni):—Mr Speaker, Sir, My friends,
the Transport Minister and other Ministers have made a gallant effort
to do something good to the country. I wish to speak on the demand
on Transport. I have to congratulate the A P S R T C, because they
have increased the employment potential to about 53,000 people and
more so they have given a large chunk of employment to the Sched­
duled Caste and Scheduled Tribe people after training. All these are
really plus points in their favour. Without going into the usual re­
marks about the A P S R T C about their late coming, rashakleness
of their buses and other things, I would like to suggest a few things
which if they take into consideration may get them out of woods.

The note indicates, at the beginning of the year 1972, the num­
ber of buses were about 2,600 or so. Now it has come to about 6994
or roughly about 7,000 buses. There were two workshops and there
are 3. I may very respectfully urge, the number of workshops must
also increase in commensuration with the number of buses. Only
when you increase the workshops, you will be able to run the buses.
efficiently and if you run the buses efficiently, you will get more passengers and thereby get more money. I know the Government is spending large amounts of money in hauling their goods. For instance, the A P State Dairy Development Corporation and other corporations which have to haul up their goods have hired lorries. I am told that with the hiring charges of lorries, you can purchase a fleet of lorries. If that is true, I very respectfully urge that the A P S R T C may also take up this. By this, I am sure, their revenue will increase.

The second point is that there are a number of concessions given to journalists, students and others. With regard to journalists concessions, I would urge that these concessions may also be given to Editors and Journalists of periodicals. They must also be treated on par with other journalists.

Concessions are given only to College students. But unfortunately, high school students are not given these concessions. Especially in a country where there are a number of villages which have got some high schools, concessions should be given to high school students. As it is, high school students are not given any concession.

The note tells us that they are getting large amounts of losses due to running of buses in the city. The villagers give more money, the Corporation get a lot of profit from the mufassal service but they are using these funds to the city service. This is really discrimination against the poor villager. As a matter of fact, the service in the city should not get any loss because the roads are good, the bus depots are very near where you can get repair facility. Then why should they get loss? I request you to appoint a Committee to go into and find out the reasons why there is loss in the city service. Adding to this, you are also getting loss from the Hyderabad and Secunderabad city services. You have already decided to nationalise the city services in Visakhapatnam and Vijayawada. If you take these two services, I am afraid, your losses may be doubled in which case, you have to make good the losses from the profits of the village services. My friend will agree that these village services are gold mines for them.

The village service buses are neither on time nor very smooth. They are contradictory to all the three words what my friend, the Transport Minister has used in the preamble. So I would urge that they would take steps to see that village services are improved so that the village brethren will get more benefit out of the A P S R T C.

Here itself I would like to point out my friend that there is a 11-30 am brave statement—that all the villages will be linked with buses. It is really a brave statement. What is the amount you have allotted to
these link services? In the note, we will see that you have made only Rs. 50 lakhs. With that amount you may get about 50 buses. I am afraid even God cannot link all the villages with these 50 buses. You allot more money to link more villages with buses; then your statement becomes true. Always our friend, the Transport Minister says ‘we do not have funds’. For this I have got a suggestion. The Transport Department is getting Rs 50 crores every year by way of taxation. What you give to the A.P S.R.T.C is only Rs 6 crores or 7 crores. I would like to say here, that the A.P S.R.T.C. itself contributes by way of taxes about Rs 16 crores now, and in future, it may be estimated that it may go up to Rs 20 crores to the Transport Department.

When those people are given Rs 20 crores by way of taxes is it not unfair they will get 6 or 7 crores by way of help to have them to run buses. I respectfully urge to increase it double or triple so that they can get more chassis. As it is my friends are telling that they are purchasing 4 chassis per day and this has to be increased. If you give more money will purchase more buses. I will request Mr Vengal Reddy to see that more money is granted, about 15 or 20 crores out of the taxation money which he gets by way of taxation of the buses, lorries which are owned by private people. I see in the note that there is a very poor response of all India taxi cabs but there is great response for the omnibuses. If you are getting some more by way of taxation, why don't you increase omnibuses. No doubt some people clandestinely make use of it. Omnibuses give lot of money by way of taxation. You increase the omnibuses, because it will reduce the congestion of the traffic on the buses. If you increase it, not only you will be giving employment to a number of people but also increasing facilities for the commuters to go about. With regard to city buses I would like to urge one word. In the Subordinate Legislation Committee, I remember very well a suggestion was made to reduce the congestion of the buses in the city. We make a suggestion that there may be staggering of working hours in the offices and schools so that the R.T.C. people need not have the necessity of getting more buses. With the number of buses available they can give a very efficient service to the commuters. I hope my friend will take all these suggestions and I leave the other criticisms to my other friends both on the other side and this side. Thank You.

Sri Mohd. Ibrahim Khan (Kurnool) — Sir, as we all know R.T.C. is making all efforts to maintain the efficiency of transport yet it is not very satisfactory. There are some complaints about the time schedule. These buses do not maintain the time schedule, specially the local services, mofussil services. They are late by many hours, on account of which there is a lot of or-crowding in the
mofussil and local buses. So far as the mofussil services concerned I would request the Corporation to see that efficient time schedule is maintained there. There is a proposal of the Corporation that they intend to make new constructions of the bus stand at Kurnool town. The new stand is two miles away from the centre of the town. There has been a representation from the people of the town to the Hon'ble Minister for Transport to see that the old bus stand also is maintained in the interim period and an assurance as been given by the Minister to maintain the old bus stand also and to make improvements on the old bus stand. But I am sorry to observe that nothing has been done so far. In case the new bus stand is completed and put in workable order, in that case also I would suggest that a shuttle service is maintained from the new bus stand to the town so that during night time the passengers could travel without much difficulty. There are no houses there and they will have to pass through deserted area during night time and there will be women passengers also. It is difficult for ladies to reach their town. I request that a shuttle service is maintained from the new bus stand to the town. Another point is, those who are engaged in this field, especially the drivers and the conductors in the transport department, have no houses. Their's also is essential service. Many of them are without houses. If necessary that they must be given financial help by the Government to own their own houses. I understand that the Corporation is not able to increase the buses that are necessary. I understand that the Corporation requires 500 to 600 buses every year and they don't have sufficient funds for that. Many of the buses are rickety. The buses of mofussil area are rickety. They have to be replace number of buses every year and they have to be purchased every year. The Corporation is not having sufficient funds. As my learned friend Mr. H. Satyanarayana suggested that the Government should provided more money, more funds for the purchase of new buses. When the Government is taking Rs 20 crores by way of taxation it shall not be difficult for the Government to make available more funds for purchase of new buses and replace old buses. I hope the Government would give necessary consideration to this suggestion. Thank you.
