Shifting of the burial ground of Hindus in Guntur to a distant place

(a) whether the Government are aware of the fact that the burial ground of Hindus called Bongarala Beedu, situated in the heart of Guntur Municipality is proving injurious to the health of the public and

(b) if so, whether the Government will consider to shift the same to a distant place from the town?

Shifting of the burial ground of Hindus in Guntur to a distant place

27—
Sri A. Madan Mohan:—If necessary, I will call for fresh reports. As far as this matter is concerned, the matter confines to Municipal authorities. There is no health hazard as far as this location is concerned.

Sri A. Madan Mohan:—I have stated that I will call for fresh reports for my satisfaction and for the satisfaction of the Hon’ble Members.

Sri A. Madan Mohan:—I will answer this question when I become the Minister for Municipal Administration, as it relates to municipalities. I don’t know what is there in Vijayawada. If a separate question is put I will answer.

Sri N.S.N, Reedy (Visakhapatnam-II).—I am asking about the Gunter burial ground.
Taking up the New Rural Health Scheme by the Centre

(a) whether the Centre has informed the State Government about the new rural health scheme taken up by the Centre for implementation; and

(b) if so, the details of the scheme in so far as it applies to the state?

Sri A. Madanmohan:—I have no such information.
Sri A. Madan Mohan.—This is a Government of India scheme. It is 100% subsidised by the Government of India. They have introduced this scheme in various States including our State. We have also adopted that. Some of the districts have been adopted. Some of the districts have to come under this scheme. The districts where this scheme has not been adopted some of the primary health centres are taken. We have taken about 18 primary health centres during 77-78 itself. The other primary health centres will also be covered. It is a fact that there is a delay in supplying all medicines as well as the contingency fund to be given to them as stipends. We have been writing to the Government of India. As and when they release we will give. I will agree with the hon Member that there has been a delay but it is not on account of any lapse on the part of the State Government.

With a view to improve health status of the rural population not merely by increasing the number of doctors or increasing the output of medicines but by making each individual realise and appreciate the need of simple steps in sanitation, preventive promotive and rehabilitative health activities, where such care is needed the Government of India in consultation with all concerned recommended to all State Governments to introduce the community health workers scheme as a part of the Plan for health care services in rural areas in 28 multi-
purpose workers districts and one P.H.C. in each of the remaining districts in the entire country with effect from 2-10-77 and also reviewed in June this year to consider whether it should be extended particularly to other districts which would have completed reorientation training under the multipurpose workers scheme. This State Government have accordingly issued orders in G O.Ms No 991 Health dated 1-10-77 on the lines recommended by the Government and implemented it with effect from 2-10-77. While Nalgonda, East Godavari, Nellore and Chittoor were selected as multipurpose workers district for implementation of the scheme. One P.H.C. each was selected from the remaining districts in the first phase. The scheme was centrally sponsored one with 100% central assistance and its implementation is as per the pattern prescribed by the Government of India.
Sri A. Madanmohan:—These people neither treat them nor give injection. We cannot take the risk at the hands of these people allowing inefficient doctors to treat the patients. Will the Government think again to start dispensaries in the rural areas?

They cannot receive proper treatment. Selection of the candidates is the most important thing in this factor. I request the Minister to give proper guidelines for the selection. If proper selection is not done it will be mis-utilised.

Sri A Madanmohan.—Unfortunately this is not a scheme prepared by the State Government. It is the Government of India scheme 100% subsidy is given for this scheme. We have only to be guided by the Government of India. That is a difficult situation. I entirely agree with the Member that apart from this Sarpanch the other community leaders of the village have to nominate. They cannot give proper treatment. Selection of the candidates is the most important thing in this factor. I request the Minister to give proper guidelines for the selection. If proper selection is not done it will be mis-utilised.
12th February, 1979.  Oral Answers to Question

Sri A Madanmohan — I can't assure the Member about that, because you know the difficult position of the State Government's resources.

(d) whether it is a fact that the Kamthi Co-operative Central Bank is making attachments as the ryots are not getting any further loans and payments have not so far been made though awards have been passed, and

(e) the steps to be taken by the Government thereon?

A.—(a) Number of ryots—4,785.

Amount of compensation paid—Rs 83,70,753.75

(b) (c) and (d) Statement placed on the Table of the House.

(e) Does not arise.

Statement Vide L. A. Q No 1888.

In connection with the acquisition of lands for Steel Plant at Visakhapatnam, an amount of Rs 3,15,406-23 relating to 382 ryots has been kept in the Revenue Deposits since the award did not turn up to receive payment. The compensation amount is being paid to them as and when the parties apply for payment.

An amount of Rs 76,525-61 relating to 104 ryots was kept in the Civil Court Deposits as there are disputes of ownership under Section 30 and 31 of the Land Acquisition Act relating to these cases and the amount has to be paid by the Civil Court on the disposal of the cases.

In the case of amounts kept under Revenue Deposits, payment will be made as and when the absentee awardees apply for payment. In the case of the amount deposited in the Civil Court Deposits, the Court has to make payment after deciding the disputes.

An enquiry into the matter held on 16-8-1978 reveals that no attachments were made for the recovery of the loans advanced to the ryots by the Kamthi Large Scale Cooperative Society. The Society has granted loans at Rs. 500/- per ryot to most of the ryots on the security of houses and lands. Houses in this village have not yet been
acquired. Hence, no compensation was paid to the owners. Nearly 300 acres of private land has so far been acquired in Kanithi village and compensation was paid, 2 years back, some attachments of the property of the defaulters were made and the land or houses of these defaulters were not acquired and no compensation was paid. The ryots of Chiaa-Kurada and Seekuvanipalem H/o. Kanithi whose lands have been acquired and compensation has been paid have completely repaid the loans due to the Society.

Allegations Against The Management of Kollur Parvathi Co-operative Bank

33—

1647 Q—Sri M. Venkaiah Naidu,—Will the Minister for Cooperation be pleased to state:

(a) whether the Government have received any representation against the Management and staff of Kollur Parvathi Co-operative Bank Limited Tenali taluk, Guntur district from ryots and depositors;

(b) the allegations made in the representations; and

(c) the action taken by the Government in this regard?

A.—

(a) Yes, Sir. Two representations, one from Sri Bh. Krishna Sastry and the other from Sri Ch Srinivasa Murthy and three others, dated 16th and 17th May, 1978 respectively have been received by the Government.

(b) In his petition, dated 16th May, 1978. Sri Bh Krishna Sastry of Tenali alleged that he deposited Rs 10,000 in fixed deposit in Kollur Parvathi Co-operative Bank, and even though the deposit matured two years ago, the bank is neither refunding the deposit nor paying interest to him in spite of repeated requests and requested to arrange for refund of the deposit and interest accrued thereon.

Sri Ch Srinivasa Murthy and three others of Kollur in their representation, dated 17th May 1978, mainly alleged that fraud and misappropriation to the tune of Rs. 7 lakhs was detected in July 1976, that the bank is not able to repay the matured deposits and even the interest on matured deposits is not being paid, that the staff are not making door to door collection and that the conditions of the bank are deteriorating day by day and requested.

(i) to appoint an action committee with all the influential depositors; and

(ii) to sanction an advance of Rs. 5 to 6 lakhs to meet the matured deposits and to put the bank in a running condition.

(c) In Government Memo. No. 2406/Co-op. III/78-3, Food
Written Answers to Questions. 12th February, 1979.

and Agriculture Department dated 12th July, 1978 orders were issued to the District Cooperative Officer, Guntur to arrange payment of interest and for refund of matured deposit to Sri Krishna Sastry on first priority basis from the first collection of overdue by the Bank. Sri Sastry was paid interest on fixed deposit up to 7th July, 1978.

In Memo No 2468/Co-op. III/78-2, dated 25th July, 1978, Sri Srinivasa Murthy was informed that since various measures have been taken to improve the financial condition of the bank and to pay matured deposits on priority basis, it was not necessary to constitute a committee as suggested by him and that it is also not possible to advance Rs 5 to 6 lakhs since already there are heavy overdues amounting to Rs 20 lakhs. Instructions were issued to Collector Guntur to fix a time bound programme to improve the affairs of the bank and for its revival making a senior officer responsible for its implementation.

The following civil and criminal action is also being pursued by Government in the case of misappropriation:

(i) Section 51 enquiry was ordered by Divisional Co-operative Officer, Tenali on 1st August, 1976, and Taluk Co-operative Officer, Tenali conducted enquiry.

(ii) Police registered case on 10th November, 1976 and the employees were arrested on 10th November, 1976 and were released on conditional bail.

(iii) District Co-operative Officer, sanctioned prosecution on 14th September, 1978 against four officers (the Secretary, Accountant Clerk and (Shroff). The properties of Ex Secretary and Ex Chief Accountant to the order of Rs. 60,865 were attached.

(iv) Collector (Co-operation) sanctioned prosecution on 7th July, 1978 against Ex-Assistant Secretary, Ex-President and Ex-Board of Directors. Notices under section 60 of the Act were issued for recovery of misappropriation amounts.

Thus necessary action has been taken on the representations and also against the persons found responsible for misappropriation.

The reasons for non-functioning of the society can be known after examination of the records which are still in the possession of the Ex-President, Sri Vajrala Venkata Reddy, even after the expiry of his term. Lack of interest on the part of the management has been attributed to be one of the main reasons for non-functioning of the society. The District Co-operative Officer, Guntur is taking action for filing a case before the 1st Class Magistrate's Court against the Ex-President of the society Sri V. Venkata Reddy for not handing over the records of the society to his successor viz., the person-in-charge appointed on the 7th June, 1978.

Mr Speaker:- It may not be necessary. However, we have to adjust the time also.

Sri M. Venkaiah Naidu —I gave a motion and I must be allowed to speak. This is an important and heated matter.

Mr Speaker.—Do not unnecessarily generate heat over this matter.

Sri S. Jaipal Reddy —If the other Members want to throw some more light, permit them Sir.

The matter is sub-judice Sir.

Sri S. Jaipal Reddy —The police are still investigating. The matter cannot be sub-judice. After the motion has been admitted by the Speaker the matter of the motion cannot be declared as sub-judice.

Sri B. T. L. N. Chowdari.—I am questioning the admission.

Sri M. Venkaiah Naidu.—I am questioning the questioning of admission. How can the matter become Sub-judice now?

Sri B. T. L. N. Chowdari.—Charge sheets have been filed in the Court and the matter is sub-judice. When every item of the matter is under enquiry, can we discuss that matter? How a matter, which is sub-judice, can be discussed here?
Sri M. Venkaiah Naidu — It is for the Speaker to decide whether the matter is sub-judice or not. How does it become sub-judice?

Sri P. Sundarayya — The motion is very clear “the matter regarding the opening of fire on students and arrest of students at Madanapalle on 20-12-1978”. There is no confusion and Mr Jaipal Reddy will speak.

Sri B. T. L. N. Chowdary:— When the matter is in the Court we cannot discuss the matter here. It is sub-judice.

Sri M. Venkaiah Naidu — We are not discussing here the matter which are sub-judice. Let the Member know the contents of our motion.

I will read out the motion which we have given in full, Sir “On December 20th, 1978, students of Madanapalli were attacked by some outsiders in their college premises.” When they refused to come out of their classes to protest against Mrs

re: Opening of fire on students and arrest of students at Madanapalle.

Gandhi’s arrest. the brother of Congress-I M. L. A opened fire on the students. One student Mr. Venkataramana Reddy was seriously injured. Subsequently, the police foisted many false cases against the students’. From then onwards, the students are on strike demanding withdrawal of cases On January, 4th, 1979, the students observed Bandh, again police opened fire and charged the students. Many students were injured. Condition of some of the students is stated to be serious. Mr. Noothi Radhakrishnaiah, veteran freedom fighter is on indefinite fast. Situation is serious. Prompt action is required.

This is our Motion.

Sri K. Venkatramaiah — When the matter is sub-judice, we cannot discuss the matter. The matter is before the judiciary. It is supreme, sovereign. It has got jurisdiction. It is not subordinate to any authority. Simply if a matter is pending before the Court, if we cannot discuss a matter, it is very well we can cease to function. This is sovereign Legislature. It can discharge its functions. It can go into every matter, whether it is civil or criminal. It has got jurisdiction.

Sri K. Venkatramaiah: — My point is can we discuss this matter which is sub-judice.

Sri E. Ayyapu Reddy: — We have discussed the Ramija Bee case. We have discussed the matter.

82-7
Matters under Rule 329: Re: Opening of fire on students and arrest of students at Madanapalle.

Sri K. Venkatramaiah — We are supreme body. We can discuss anything. That I will agree. But when the matter is pending before the Court, how can we discuss about this matter?

Sri E. Ayyapu Reddy: — It is not going to prejudice the case.

Sri P. Sundarayya: — There is a Ruling by the Speaker of Lok Sabha that when cases are actually pending before the Court, we should see that our debating does not prejudice the particular cases. Rulings are there like that and many debates have taken place. So, when there are some cases before the Courts or Tribunals, we cannot rule out a debate. It is for the Speaker to control whether we are trying to influence the Judge or the case, as the case may be, during our debate. He is questioning the admission of the motion through his point of order. The Speaker may give a ruling.

Mr. Speaker — There is no point of order and we can discuss the matter. Now, Sri S. Jaipal Reddy to speak.

Sri S. Jaipal Reddy: — As you know full well, the Lok Sabha has pronounced a historic verdict in regard to privilege case of Mrs. Indira Gandhi and sentenced her to imprisonment. The Government of Andhra Pradesh defied the verdict of the Lok Sabha and encouraged unruly demonstrations and Dharnas in Hyderabad and elsewhere in the State. The students all over the State resisted this Government-sponsored demonstrations. This happened in Madanapally, Nellore, Siddipet and many other places. A distinguishing incident of Madanapally is as follows: An outsider without any warning or provocation, just opened fire on the students of the college in their college premises.

Sri Ch. Shyamala Rao (Cheepurupalli) — Point of Order: Sir, [speech cut off by other speakers].

Sri S. Jaipal Reddy: — If a House Committee is appointed, I am prepared to prove it. The students were attacked by the hired goondas. In Madanapally, one student, Mr. Venkata Ramana Reddy became a victim to a bullet injury. The students have since been on an indefinite strike. The police, instead of taking action against the goondas, who forced the students to come out from the classes and observe hartal and against the person who ultimately opened fire on the innocent and disciplined students, have been foisting cases after cases against the students. The police are rounding them, bringing them and beating them in the police stations. From then onwards, the students are on strike demanding the withdrawal of cases. On January 4th, 1979.
the students observed Bandi against the attitude of the police. When
the students demonstrated against the attitude of the police, the
police opened fire and lathi charged the students and many students
injured. The veteran Freedom fighter Mr. Noothi Radhakrishnara
has been on an indefinite fast as a protest against the repressive
attitude of the Government and police in Madanapally. There is every
need for the Government to throw light on this problem.

Matters under Rule 329 12th February, 1979, 207

Opening of fire on students and arrest of students at Madanapalle.

Dr M Chenna Reddy:—On 20th December 1978 some Congress(I) workers numbering about 150 proceeded to B.T. College, Madanapally and persuaded the students to come out of the college as protest against the arrest of Smt. Indira Gandhi, former Prime Minister of India. As students refused to come out of the college the Principal declared closure of the college expecting trouble. At this stage when some Congress(I) workers entered the college premises, some students snatched away the Congress(I) flag from them. This resulted in a clash between the Congress(I) workers and the students in which both side pelted stones on each other resulting in simple injuries to five...

students and a few Congress (I) workers. The police intervened and sent away the Congress (I) workers and registered cases both against the students as well as the Congress (I) workers under section 147, 323 and 447 I.P.C. Charge sheets in this cases were also laid in the court on 24—1—1979. The classes were resumed in the afternoon but the students who have assembled in football ground proceeded in small batches and attacked the house of Sri R K Rajaratnam, Dr Vijaya Esudas and Dr Krishnaji Reddy. The damage caused to the house of Dr. Vijay Esudas is estimated to be about Rs. 10,000. The police registered cases against the students for this incident under sections 147, 447 and 448 I.P.C. Sri R. Rajaratnam who heard about the attack on his house proceeded to his house in his car along with Sri Madhusudan Reddy, brother of the local MLA. On the way a mob of students attacked his car whereupon Sri Madhusudan Reddy got down from his car and fired one shot in the air with his licensed S.B.B. L. gun to scare away the students. After that Sri Rajaratnam and Sri Madhusudan Reddy proceeded to the house of Sri Rajaratnam a little later. When Sri Rajaratnam and Sri Madhusudan Reddy were returning to the town from the former's house the students again pelted stones at the car. Sri Madhusudan Reddy got down from the car and fired one shot in the air and another shot towards the terrace of the building from where the students were hurling stones at the car but none were injured. Since the students were undaunted and proceeding to the car, Sri Madhusudan Reddy expecting danger fired one round into the mob injuring Sri P. Venkataramana Reddy, a student of Junior Intermediate. This short also injured another student by name Sri Narayanaswamy, studying B.Sc. final years. The injured were taken to the General Hospital while Sri Narayanaswamy treated as outpatient. Sri Venkataramana Reddy was taken to R.R. Medical College Hospital, Tirupati and later shifted to the Christian Medical College Hospital, Vellore at the instance of the District Collector. Sri Venkataramana Reddy was admitted in a special ward in Vellore Hospital and is being given free treatment. The Collector agreed to meet the medical expenses under the welfare fund. The police registered cases under 307 I.P.C. read with section 25(1) of the Indian Arms Act and on basis of dying declaration of Sri Venkataramana Reddy against Sri Madhusudan Reddy and five others these six accused persons could not be arrested as they secured anticipatory bail from the Sessions Court, Chittoor. This case was also charge-sheeted on 24—1—79. As a precautionary measure the Taluk Magistrate issued orders under section 144 Cr P. C. in the town from 15—1—79 to 25—1—79. The college was reopened on 16—1—79 but the students left the classes demanding judicial enquiry and transfer of police officers. On 17—1—79 a
Opening of fire on students and arrest of students at Madanapalle

A meeting was held under the chairmanship of Sri Nuti Radhakrishnaiah, Taluk Janata Party President and a decision was taken to continue the strike. Thereupon the Principal again ordered the closure of the college up to 23-1-1979. 10 persons including 12 students were arrested or defying prohibitory orders and later released on bail. On 24-1-1979, a bandh was observed in Madanapalle town by the striking students. BT college students embarked on a relay hunger-strike demanding withdrawal of cases against them. On the morning of 5th February 1979, Sri Nuti Radhakrishnaiah, President of the Taluk Janata Party and 20 other students embarked on a hunger-strike. Thereafter 300 to 400 students went to the Sub Collector under the pretext of submitting a memorandum and gheraoed the Sub Collector and his staff demanding the withdrawal of cases against the students. Thereafter the Thasildar promulgated prohibitory orders when the students refused to disperse and resorted to vandalism damaging the furniture of the office of the Sub Collector. The police after due warning burst 14 teargas shells. When it proved ineffective, the police resorted to mild cane charge in which two persons received simple injuries. While retreating from the Sub Collector's office, the students pelted stones damaging the R.T.C. buses and tried to set fire to them. The Police intervened and brought the situation under control. In the wake of these developments, Sri Nuti Radhakrishnaiah discontinued the hunger-strike. Sri Nuti Radhakrishnaiah was injured on his left hand in the melee which followed when the police intervened to clear off the students' mob who set fire to a post office. Though B.T. College was reopened on 28th January, the students have not been attending the classes. Commencing from 29th January, sympathetic strike of the students of schools and colleges was organised at some places in Chittoor, Cuddapah and Ananthapur. In Madanapalle proper, all colleges and schools except B.T College are now functioning normally.

At this stage some Congress workers entered the College premises. Students snatched away the congress flag from them. This resulted in a clash between the congress workers and the students in which both sides pelted stones on each other resulting in simple injuries to 5 students and few Congressmen.

What the hell Department was doing at that time? Were they sleeping in Madanapalle when the entire town was in fire?
We are prepared to prove that the Police have acted in a lopsided fashion.

"Since the students were undaunted and proceeded to the car of Mr. Madhusudhana Reddy expecting danger, fired one round injuring Sri T Venkataramana Reddy, a student of Junior College."

Police registered cases both against the students as well as Congress (I) workers under Sections 147, 323 and 447, expecting danger, fired one round injuring Sri T. Venkataramana Reddy against Sr. Madhusudhana Reddy and five others. This shot also injured. The injured were taken to General Hospital. The Police registered cases under Sec 307 read with Sub-Section 25 (1) of the Indian Arms Act. Dying declaration of Sri T Venkataramana Reddy against Sr. Madhusudhana Reddy and five others was also taken. 6 people could not be arrested as they secured antediluvian bail from the Court.

Chief Minister as one of the members of the Managing Committee of the College tore off the memorial urn, the students became agitated and raised some slogans. This I came to know Sir, but they calmed down as soon as the Chief Minister began his speech. No latiti charge was made against the students. No arrests were also made at Bheemavaram. About 500 students of Coimka College, Pentapadu formed into an unlawful assembly under the leadership of N Nageswara Rao, College Union President and destroyed some of the欢迎 arches erected by Congress-I workers. A case in Crime No. 143 and 427 was registered at Tadepalligudem Police Station. About 100 C P I, Janata and Students' Federation members formed into an unlawful assembly led by D. Somasundaram, member of the All India Students Federation and Correspondent of Vishalandhra, Tadepalligudem, Mendu Narasimha Rao, Janata, Local Advocate P. Achiraju, Sri D Veeraraju, M. Sreepathi, C P. L. and others wrongfully restrained Congress members, their supporters and sympathizers, when the latter attended the public meeting at Tadepalligudem. There was a scuffle between the two groups, resulting in simple injuries to seven persons. A case in Crime 49/79 was registered Twenty-two persons have been arrested in this case including Sri D Somasundaram so far.

At Achanta, Nekkanti Subbaram, Secretary, CPI Narasapur Taluk, Correspondent, Vishalandhra and 17 others were arrested under 151 CPC on the basis of information that these persons had a design to commit a cognizable offence by resorting to violence and to disturb the meeting and other functions organized in connection with the Chief Minister's visit at Achanta on 5-2-1979. A case in Crime 6/79 was registered at Achanta Police Station.

It is not correct that 200 persons were injured. No arrests were made at Bheemavaram and Eluru. Only persons concerned in specific cases mentioned above were arrested. Only arrested persons were immediately released on bail. The CPI Secretary, Narasapur and D Somasundaram, a member of All India Student Federation who are incidentally the Vishalandhra Correspondents were arrested at Achanta and Tadepalligudem respectively for their illegal activities mentioned above but they were released on bail later. All the accused were released immediately after the arrest and the question of giving food did not arise at all. Sri Patdi Seshiah is not at all arrested and never kept in the lock-up. Excepting in Tadepalligudem, where the situation was a bit tense on 5th, the situation in the entire district has been peaceful.

It is not correct that Government machinery was blatantly mis-used to crush the public agitation. The Police were restrained throughout and never used force. The allegation against the Police are not true.

Sir, I beg to lay on the Table a copy of the 35th Annual Report of the Hyderabad Chemicals and Fertilisers Limited for the year 1976-77, as required under sub-section (3) of section 619-A of the Companies Act, 1956.

"Before I close, I would like to only mention that law and order in the State was maintained satisfactorily during this Session, in addition to the Budget, you will be considering Bills or replacing of Ordinances and also other legislative measures. I wish you Godspeed in your deliberations.

"By laying a copy of the Governor's address on the Table, the object of the Members was substantially served and the Members could become aware of the contents of the address. But can laying on the Table be a substitute for delivery of the address by the Governor? The answer should ordinarily be in the negative. But the negative answer admits of an exception where the constitution cast a duty on the Governor and where the Governor attempts to perform his duty.

"That the Constitutional duty of the Governor was substantially performed although the performance was attended by a good deal of irregularity of procedure, the balance sheet is very clear."

February, 1979. Discussion on the Motion on Address by the Governor.

The Governor’s address reads like cock and bull stories. It does not present the real balance sheet or achievements of the Government.

The product achievement of the Government for the last one year is the celebration of “SHASTI POORTHI” on a royal Scale. This is a land-mark of the last year.

This Government is suffering from forgetfulness. The Chief Minister is under the cloud of tremendous suspicion by the public of Andhra Pradesh. It is in the interests of the honesty and reputation of the Chief Minister, he should call for a Judicial enquiry. We need not demand. He should invite for a judicial enquiry to clear off the cloud.
